NORTHVILLE, MICH., FRIDAY, SEPTEMBER 9, 1910.

\$1.00 Per Year in Advance.

"ABOUT TIME FOR YOU FELLOWS TO COME OUT OF THERE."

## LABOR DAY DOIN'S AT THE PARK

THERE WAS BIG CROWD AND LOTS OF EXCITEMENT.

Northville Ball Team Captured Two Games.

Horse Races Handicapped by Soft Tracks.

One of the biggest crowds ever seen in Northville was at Athletic Park on Labor Day. They came from all sections of the country and the gate receipts were enough to pay the expenses. The track was wet but still the horse races proved very interesting and some fast time was made, considering the circumstances.

The ball game in the forenoon with Wyandotte was won by the "Circle N" boys by a score of 1 to 0 in a ten inning game, it being one of the best games ever played in Northville. In the afternoon the "Circle N" boys trimmed the Holly crowd in a score of 3 to 1. It was another banner game. Bell and Stimpson were the batteries in the morning game and Brillmeyer and Stimpson in the afternoon. Manager Turner showed his shrewdness in putting in "pinch hitters" just at the right time, which proved a valuable feature in the result of the game.

The horse races were won as follows:  
240 Trot or Pace—Sld Ross, 1st  
Alex S. 2nd; Hazel H. 3rd; Moxie H. 4th.  
225 Pace—Nellie Eckwood, 1st  
Ty Cobb 2nd; Uncle Dudley 3rd.

Free-for-all—Queen of Clubs 1st; Dan K. 2nd; Ada Hill 3rd; Miss Snyder 4th.  
Owing to the lateness of the hour and bad condition of the track the exhibition races were called off.

## HARRY WEAVER SELLS OUT.

Leaves Soon for the West in Search of Health

Harry L. Weaver, who has conducted the undertaking business for the past seven years in Farmington, has sold the good will and business, real estate, etc., to Frank T. Zessau of Cleveland, Ohio, who will take possession September 15.

Mr. Weaver will soon leave for Denver, Colo., where he expects to regain his health—Farmington Enterprise.

## New Sibley "20."

The Sibley Motor Car Company of Detroit, is one of the young progressive concerns organized but a few months ago coming to the front with rapid strides. Their 1911 model made its first appearance very recently in Detroit, creating quite an impression in automobile circles, being a car of race line comprising all the latest improvements. The 1911 output is already sold. The management is in the hands of well known automobile men of long experience and no doubt the company is destined to take its place in the front rank of the automobile industry.

## TOWNSEND NOMINATED FOR U. S. SENATOR

CARRIED NEARLY EVERY COUNTY IN STATE.

Wedemeyer Nominated for Congressman in This District.

Primary day Tuesday was certainly a warm event in Northville and looked much like a regular old fashioned spring election. There were 340 votes polled and only fourteen were democratic.

The fight was on Kelley and the Osborn workers certainly were busy. However the Kelley people were a little bit busier and landed 177 votes for their man while Osborn only pulled in 101. Consequently there was much disappointment in some circles. For the effort and money spent the 101 votes fell far short of their expectations.

Townsend received 216 to Burrows 61 and Wedemeyer pulled in 147 to 133 for Smith.  
Dickinson, the local option candidate for lieutenant-governor, received 152 votes or sixty more than both his opponents combined. This vote, certainly showed a lot of temperance sentiment in Northville.

The result of Tuesday's primary shows that Chase Osborn was nominated by a goodly sized majority, he receiving about as many votes as both Kelley and Musselman combined.

Kelley carried practically every precinct in the country part of Wayne county but lost out in the city. In two townships where County Auditor Oakman had appointees working for Osborn, Kelley received nearly the whole vote. For instance in Romulus Kelley got 118 to 21 for Osborn.

Congressman Townsend swept the state in the nomination for U. S. Senator, carrying nearly every county; a splendid man for that great and honored position.

W. W. Wedemeyer is nominated for Congress and this second district is to be congratulated upon securing such a splendid man for that great and honored position.

## Card of Thanks.

MR. AND MRS. O. H. BROWN.

## School Notes.

(By a Pupil)

Henry Holmes of the Fourth grade was ill Tuesday.

About 350 pupils are enrolled in the Northville schools.

Marquerite Laffity of the Fifth grade is ill this week.

Harold Wood of the Seventh grade is suffering with an abscess on his face.

The Second grade has a very appropriate grape calendar for this month.

Wendell Miller favored his history class with the story of "Thor" last Wednesday.

Harold Parmeter of the Third grade, was absent Tuesday on account of sickness.

The Mrs. Stark, Pepper, Stowe, Coff and Phillips were Kindergarten visitors this week.

Angelne Sowles, of the Kindergarten, was absent Tuesday on account of a severe cold.

The High school has thirty-four non resident pupils and the grades three, enrolled this year.

The Athletic association are planning to build dressing room and lockers in basement of new building.

The school board voted at its last regular meeting to install fire alarms in both buildings, which will be soon installed.

Prof. W. H. French of the M. A. C. was in the High school Wednesday and was very well pleased with the start made in Agriculture.

Total amount deposited in school bank last year was \$1,094.93; total number of depositors 197; average deposit per week for each pupil \$1.94.

The following were High School visitors this week. Supt. C. L. White of Monroe, Ralph Neelands of Ann Arbor and Carrie Merritt of South Lyon.

Harvey Robertson of the Kindergarten told the story of "The Two Squirrels" in both the Kindergarten and First grade rooms one day this week.

The High school has an enrollment of eighty eight pupils, the Senior class numbering twenty three. It might be proper to call this class the "Skidoo" class.

Every pupil in this school, who deposits at least a certain sum of money every week this year, will be given a ticket for the entire Commencement Week program as well as honorable mention in the Detroit papers.

There will be an experimental class in Latin and German of boys and girls from the higher grades, so that if you wish your boy or girl to pursue these studies let the superintendent know and he will be glad to accommodate you.

Mr. Miller will have charge of the boys' basketball team this year and Mr. Douglas of the baseball team and High school drill team. The girls have lost three heavy players but hope to still keep up their reputation acquired last year.

## LEONARD CARTER.

Well known Northville citizen celebrated his eighty-fourth birthday Sunday, August 28, and also his fifty-first wedding anniversary.

## Announcement.

## Card of Thanks.

To the W. R. C., the R. N. A. and all other friends and neighbors who cheered my sick room with beautiful flowers, pleasant words and kindly deeds during my severe illness, I remain profoundly grateful.

NORTHVILLE, MR. H., SEP. 9, '10

Tuesday's Primaries.

To the people of Northville township who stood so loyally by the writer in his interest in the campaign of Lieutenant Governor Kelley to Tuesday's primary, I feel a sense of great and lasting obligation.

The result was more than gratifying, considering the nature and strength of the opposition. No matter what the general result, the splendid loyalty of one's friends at home is the bright star that outshines all else and leaves a very healing balm to any disappointment that might have been felt.

For Mr. Kelley himself surely no one will have any words but those of cordial sympathy. He deserves them amply. A faithful servant of the people he has been refused approval at the time when approval meant to him the fulfillment of the proper ambitions of a lifetime.

But he may find compensation in the realization that his defeat carries with it no reflection upon his personal character. In a campaign which brought out every imaginable misrepresentation of fact to be used against him not a whisper has been heard that called in question his absolute integrity.

Patrick Kelley may well feel aggrieved that he has been so poorly repaid for his long and unselfish service to his state, but his consciousness that he departs from his difficult position with an unstained record and through no fault of his own should support him.

The Free Press says it was Warburton that defeated Kelley. Now will the F. P. tell its readers what it defeated Mr. Burrows for the U. S. Senate, who lost out by a great many thousands more than did Mr. Kelley.

Northville has to bow to the inevitable—Scores of Citizens Prove it.

After reading the public statement of this representative citizen of Northville given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this.

J. W. Kator, Northville, Mich., says: "A year ago I began to have trouble from my kidneys and it was caused much misery by pains across the small of my back. The kidney secretions were irregular and painful in passage and led me to believe that my kidneys were out of order. Hearing about Doan's Kidney Pills, I began their use and in a few weeks I was completely cured. I consider Doan's Kidney Pills to be an effective medicine for kidney complaint and I do not hesitate to recommend them."

The above statement was given in November 1906 and on March 31, 1909, Mr. Kator said: "I can still recommend Doan's Kidney Pills and I have no objection to the continued publication of my testimonial. The cure this remedy made in my case has been permanent."

Capt. Noble has certainly improved the looks of his new home—the Cady residence—on Center street. Contractor, Jud Laning and a force of men have been busy for some weeks and the work is not yet done. Two beautiful new broad verandas add to the appearance and comfort while a new underfeed furnace will furnish heat and hot water for the entire home for less than \$40 per year. When finished Mr. and Mrs. Noble will have one of the most "comfy" homes in the village.

The man who wrestles with the cow and learns the calves to suck, who casts the corn before the swine, is now in the greatest luck, for butter's on the upper grade, veal's higher than a kite, pork is climbing up the scale and beef is out of sight; eggs he gathers every day from his Poland chickens coop are almost worth their weight in gold and we are in the soup. His corn blips him a fancy price, it's rising every day, and he rakes in all kinds of mon for a half load of hay. The farmer is in the saddle and when he comes to town, the rest of us by right should go way back and sit down.

September 8, 9, 10. The Reliance "Abdo-Support" Corset is different from all others in the one important detail that the supporting belt lifts the abdomen by a gentle pressure which is applied at the sides. This Corset is for every woman because it removes the dangerous downward pressure over the abdominal region. Slender women can permanently prevent enlarged abdomens and retain their figure. Stout women obtain instant relief and in every instance reduce the abdomen by from five to seven inches with perfect safety and increased comfort. The regular use of this Corset will reduce the abdomen permanently, as the muscles will return to their normal length when relieved from the pressure of an ordinary corset. All women will find that the use of the "Abdo-Support" does away with that "fired feeling" and that they can stand increased exertion. The displacement of the internal organs in the abdominal region is one of the most powerful reasons why so many women have to submit to dangerous and expensive surgical operations. We are the Sole Agents for this Corset in Northville and have made arrangements with the factory for a Special Demonstration on Sept. 8, 9, 10. When Miss Mewhort will be with us to give fittings and to explain the merits of this Corset. Chas. Ponsford. DRY GOODS AND NOTIONS. NORTHVILLE, MICH.

Wanted to Exchange. I want to get a good farm on the Electric Car Line and will exchange any of the properties listed below. These properties belong to me and there will be no commission to pay. I will take other property. The "Winona" Apartments 32 rooms and 5 bath rooms. All oak floors and finish, steam heat, hand decorations, combination lights, gas ranges, mantels and sideboards built in—strictly modern—and large porches beautifully finished throughout, solid brick construction. Price, \$35,000. This building is rented to the Thomas Normal Training School, and the lease has six years and ten months to run from the first of September, (expires on the first of July, 1917.) They pay a rental of \$3,000 per year, payable monthly in advance, at the rate of \$250 per month. The Thomas School also pays every expense for that period, including taxes of every kind, so that there will be not one cent to pay out while you draw the \$20,500 for that period. Will take a farm worth \$10,000 on this property. I also own the "Itosca" Apartments, also an S family flat, an exact duplicate of the "Winona." This building is rented to eight families, at a gross rental of \$4,050 per year. The expense which includes taxes, coal, janitor service, hall lights, insurance and water tax is \$725 per year, leaving over 9 per cent net. Price \$35,000. I am now building the "Arlington" Apartments, a 20 family flat, a part of this is rented already. Gross rentals will be \$10,200 per year; expense will be about \$1,500 per year; price, \$20,000, will pay over 10 per cent net. All of the above buildings are located on the Grand Boulevard between Woodward and Cass Avenues. The most beautiful avenue and this location is the best in the city of Detroit. I also own the northwest corner of Columbia and St. Antoine Street, lot 60x75, (four blocks from the business section on Woodward Avenue.) large steam heated house, two bath rooms, hardwood floors, hand decorated, rented for \$7 per month; also a smaller house of seven rooms and bath, rented for \$4 per month. Price, \$10,000. Also large brick house, hot water heat, 2 bath rooms, hardwood floors, oak and enamel finish, large barn, lot 50x120, at 501 Trumbull Avenue, my own residence. Will sell this place for \$9,000. Would take farm for half the value of the last two pieces of property. Address J. R. BLACKWOOD. 501 Trumbull Ave. DETROIT, MICH.

STANDS STRONGLY FOR CONSERVATION

President Taft's Address Before Congress at St. Paul.

DANGER IN CONTINUED WASTE

Chief Executive Outlines Plans Which He Believes Should Be Adopted—Statistics Make Comprehensive Hearings

St. Paul, Minn., Sept. 5.—President Taft delivered his long-expected speech before the National Conservation congress here today. Substantially it was as follows:

Conservation is an economic and political term. It means the preservation of our natural resources for economic use, so as to secure the greatest good to the greatest number.

The danger to the state and to the people at large from the waste and dissipation of our natural resources is not one which quickly impresses itself on the people of the older communities, because its most obvious instances do not occur in their neighborhood, but in the never ceasing expansion and development of the country.

As president of the United States I have, as it were, inherited the policy of conservation which I believe to be the only one which can lead to a great and permanent national development.

cost or profit of this water to private owners by the government is held by the federal court of appeals not to be a usurpation of power. But certainly this ought not to be done except from surplus funds not needed for government land reclamation.

Successors have been made that the United States ought to sell in the future of swamp lands belonging to the states or private owners. In case, if drained, they would be extremely valuable for agriculture and commerce to the general welfare.

HOW A DOCTOR CURED SCALP DISEASE

"When I was ten or twelve years old I had a scalp disease, something like scald head, though it wasn't that. I suffered for several months, and most of my hair came out. Finally they had a doctor to see me and he recommended the Cuticura Remedies. They cured me in a few weeks. I have used the Cuticura Remedies, also, for a breaking out on my hands and was benefited a great deal. I haven't had any more trouble with the scalp disease."—Miss Jessie F. Buchanan, R. F. D. 3, Hamilton, Ga., Jan. 7, 1903.

Kept with Bargain's Circus.

P. T. Barnum, the famous circus man, once wrote: "I have had the Cuticura Remedies among the contents of my medicine chest with my shows for the last three seasons, and I can cheerfully certify that they were very effective in every case which called for their use."

Opportunity of Suffragist.

Baroness Aletta Korff tells in one of the magazines how the women of Finland came to vote. The fact is that women had to show that they could meet an emergency before the vote came to them. They have not had many opportunities to take the initiative in the world's history, and they have not always responded when the opportunity came, but when a crisis, such as that in 1904, when the strike and the revolutionary outbreak in Russia took place at the same time, occurred they proved they could make good by doing so. Not until England and the United States had the women help them to form a part of the world's history did they get their vote.

Scandal.

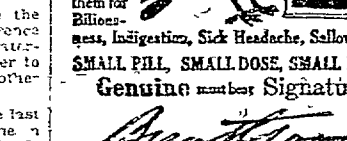

Mrs. Stummage, I heard of the scandal in the "Puck" magazine. I had heard of it, but I had not read it. Now, looking at that "Puck" article, I am struck by the headline about "There's a big, big bank broke into by burglars, and they stole forty all off 'fish' somewhere." What a scandal!
