## VILLAGE ELECTION LIVELY MONDAY

### COLDREN AND LAFHAM "CITIZENS" MEN ELECTED.

306 Votes Were Cast; Machine Counted Quick.

The voting machine made quick work of the village election count Monday and within three minutes after the closing of the polls the result was all known.

The following was the result:  
President—Charles Coldren  
Clerk—T. E. Murdoch  
Treasurer—E. H. Lapham  
Assessor—C. A. Sessions  
Trustees—S. Montgomery, D. F. Griswold, Will Lincoln.

Coldren and Lapham were the only candidates elected on the Citizens ticket, though the latter had no opposition. The ticket looks like a good one and there is no reason why the village's affairs should not be managed in a wholesome law-abiding and economical manner.

### Another Answer to "Card Parties."

One can readily see that the "Thinker" is either too old to have fun—else he or she never had any to begin with. In a small town in the winter, where the advantages of lectures, music, gymnasium, etc., of the city are denied him, isn't it better that the boy should know how to play a game of cards (which teaches him to think quickly and figure well) in a parlor where there are either his or his mother's friends, than to linger on the steps of the school house or elsewhere on the way home from Christian Endeavor? Isn't it better to play cards at home with his mother than to learn in some forbidden place? Where there is no mystery there is no temptation. God help me when I am too old to enjoy a game of baseball or a game of cards with my boy.

ONE OF THE MOTHERS

### Auction Sale.

Wm B. Byer, living south and west of Novi, will sell his stock and farm tools at auction on Monday, March 20, beginning at 1 p. m. A. H. Phelps & Son auctioneers.

### Haddock—Holsington.

The home of Mr. and Mrs. E. A. Holsington of Detroit was the scene of a very quiet wedding last Friday evening when their daughter, Beate, was united in marriage to Mr. Ray D. Haddock of Northville by Rev. Mr. Hopkins of the Nide Methodist church, Detroit, in the presence of only the immediate relatives.

The young couple are well known here as the bride is a sister of Mrs. T. B. Henry of this place and had been head milliner for Mrs. Linham the past few seasons, while the groom is the son of Mr. and Mrs. J. S. Haddock of this place. The best wishes of their many Northville friends are extended to them.

Mr. and Mrs. Haddock will make their home in Detroit, where he is employed in Peter Smith's grocery house.

### Card of Thanks.

The tokens of friendship and sympathy so freely given to Mrs. Beal by both societies and individuals during her final illness were greatly appreciated by her and the generous expressions of our friends by words and deeds are a great source of comfort to the family that she leaves.

F. R. BEAL AND FAMILY.

### Card of Thanks.

Mrs. J. M. Simmons and family wish to thank their many neighbors and friends, the R. A. C. and K. T. for their many words of sympathy and beautiful floral offerings tendered them in their late bereavement.

### Auction Sale.

A. H. Kohler will have an auction sale on what is known as the Tubbs farm, one mile south and one-half mile east of Northville, on Friday, March 24, consisting of stock and farm tools. Sale begins at 1 p. m. F. J. Boyle auctioneer.

### Auction Sale.

On the premises two miles east and one-half mile south of Northville on Wednesday, Mar. 22, Samuel Smith will have an auction sale of stock and farm tools, beginning at 12:30 o'clock. Frank J. Boyle auctioneer.

### Combination Sale.

Rattenbury & Starkweather will have a Combination sale of Michigan horses every Thursday at the Exchange hotel barns at 12:30.

## E. M. PRESS CLUB'S ANNUAL OUTING

Had Great Time in Detroit March 2-3.

The annual meeting of the Eastern Michigan Press Club held at Detroit March 2-3 proved to be one of the best of the club's meets, there being assembled about one hundred and twenty people, mostly composed of the editors and their wives.

Thursday night they were given seats in the boxes at the Detroit Lyceum, Garrick and Temple theatres—quite an innovation, by the way, for the up-country editors, whose previous acquaintance with "box seats" had been confined to improvised ones made from shipping boxes and used in the composing room or sanctum. But, as usual, the editors adapted themselves to the good things provided and the crowd down in the house could not tell whether they were city aldermen or U. S. senators.

Friday morning the Detroit United railway placed a special car at the visitors' disposal, with Secretary Elsworth of the club. Then, to cap the climax, he landed his party at the big Michigan Telephone Co.'s main exchange building and turned the crowd over to the courteous officials of the great "hello" concern, who proceeded to show the guests how sixty thousand Detroit subscribers are taken care of by the big Bell system, and wound up with a big dinner in two of the big halls after which the whole bunch were photographed by Dalnes & Withee, former Northville boys. The picture was 12x16 and is a dandy.

In the evening the club was banqueted by the paper, type and publishing houses of Detroit. The success of the meeting was largely due to the efforts of Secretary Elsworth of the Western Newspaper Union.

### Presbyterian Church Notes.

(By the pastor.)  
The sermon next Sunday evening will answer the question "Is Man immortal?"

### Methodist Church Notes.

Services as usual Sunday morning and evening. Epworth League at 6 p. m.

The Home Missionary society will meet with Mrs. Elliott Tuesday afternoon at 2 o'clock. It is hoped that all members and friends will be present.

### Baptist Church Notes.

## WALLED LAKE NEWS.

Rev. G. V. Pixley has been holding special meetings at Richmond.

Mrs. Jean Bentley is ill; Mrs. Ben Bentley is improving; Mrs. Pixley has been ill.

N. E. Howard has moved his household goods to his new home at Farmington.

The Epworth League entertainment Friday evening was well attended and enjoyed by all.

The funeral services of Mrs. Frank Verrier were held in the Baptist church Saturday. Rev. H. E. Saxena officiating. Maude Coe, daughter of Mr. and Mrs. Wm. Coe, was born Apr. 11, 1880 on their farm east of this village where she lived until November, 1895, when she was married to Frank Verrier of Detroit, where she made her home. A little girl, Thelma, was born to them five years ago. Last fall Mrs. Verrier had a very severe attack of pneumonia from the effects of which she never recovered. She had been with her mother and sister, Mrs. Eva Lape, for several months and seemed to be recuperating, but a week before her death she went to bed and failed rapidly until Thursday, Mar. 9, the spirit gently took its flight and those who had so dearly loved her were left to mourn her loss. From a family of twelve she is the first to be taken.

#### WOULD LIE AWAKE ALL NIGHT WITH ITCHING ECZEMA

"Ever since I can remember I was a terrible sufferer of eczema and other irritating skin diseases. I would lie awake all night, and my suffering was intolerable. A scaly humor settled on my back, and being but a child, I naturally scratched it. It was a burning, itching sensation, and utterly intolerable, in fact, it was so that I could not possibly forget about it. It did not take long before it spread to my shoulders and arms, and I was almost covered with a mass of raw flesh on account of my scratching it. I was in such a condition that my hands were tied."

"A number of physicians were called, but it seemed beyond their medical power and knowledge to cure me. Having tried numerous treatments without deriving any benefit from them, I had given myself up to the mercy of my dreadful malady, but I thought I would take the Cuticura treatment as a last resort. Words cannot express my gratitude to the one who created 'The Cuticura Miracles,' as I have named them, for now I feel as if I never suffered from even a pimple. My disease was routed by Cuticura Soap and Ointment, and I shall never cease praising the wonderful merits they contain. I will never be without them, in fact, I can almost dare any skin diseases to attack me so long as I have Cuticura Remedies in the house. I hope that this letter will give other sufferers an idea of how I suffered, and also hope that they will not pass the Cuticura Life Saving Station." (Signed) C. Louis Green, 923 Chestnut St., Philadelphia, Pa., Aug. 23, 1910.

## THE LEGISLATURE AND ITS WORK

AN EARLY ADJOURNMENT AND A SPECIAL SESSION ARE DISCUSSED.

FEATURES OF THE WORK UNDER CONSIDERATION BY THE LAW MAKERS.

The Primary School Fund Subject of Constitutional Amendment If Bill Passes the Senate.

By L. C. Ward.

#### Special Session Likely.

The number of bills introduced in the two houses of the legislature number 665 and the number which have reached the governor for signature is just two. All of which shows how fast the legislature is moving. Gov. Osborn is still crying for a special tax commission to investigate, and report at once and he has frankly told members that if they will pass the bill he will call a special session to receive the report. This would cost the state the neat additional sum of \$13,500. There is also a necessity for a special session if congress passes a reapportionment bill.

Primary Fund Question to Be Submitted.

The constitutional amendment for doing away with school districts piling up money which they cannot use will undoubtedly be submitted to the people at the April election. The McNaughton bill has already passed the House and is on its way through the Senate with every prospect of its going through with a hurrah. It provides that no school district shall have on hand more than enough to pay teachers' salaries for two years in advance. Under the present law some of the districts have money on hand to pay the teachers' salaries for 25 years ahead. Under the new provision when a district has enough ahead to pay for two years, it is automatically cut off and the money distributed among the districts which need it.

#### Will Investigate Fair.

The resolution of Senator Scott for an investigation of the state fair was passed by the house. It provides for a joint committee of eight, five from the house and three from the senate to make the investigation. While the committee has not been announced it will probably consist of Senators Scott, Watkins and Taylor and Representatives Wainwright, Odell and Copley, with the other members yet to be selected. The committee will have to investigate the fair which has been conducted in the past and report whether the state should take over the management.

#### To Support Convict Families.

The house has passed the Jerome bill which provides for the support of convict families during the time the head of the family is confined in prison. It provides that \$10.00 shall be appropriated annually for this purpose.

#### Early Adjournment.

Unofficial polls of the house indicate that Senator Carl E. Mac's resolution for adjournment May 2 and discontinuance of business April 19, will be adopted. Speaker Baker is in favor of early adjournment. His friends are with him, and it is the general opinion apparently that if final adjournment is fixed, the house will conduct its business in a manner calculated to clear the decks of necessary legislation before adjournment day arrives. This means, as Speaker Baker points out, that there will be a special session to arrange the congressional reapportionment. The speaker estimated this will be called in November or December, or perhaps even a little later in order to fix the districts in time to permit the congressional candidates plenty of time to get acquainted in their changed districts.

#### Military Bill is Ready.

The bill reorganizing the state military department which has been having a stormy time in the various committees, is about ready for being reported out. It provides for the reorganization of the department to put it on a regular war footing all of the time, does away with the present general staff and reduces generally the red tape and the expense of the militia.

#### Bar the Insects.

Representative Sam O'Dell has introduced a bill to make it a crime for any person to bring into the state any insect or tree disease which will hurt fruit trees. The bill has the backing of the fruit growers of the state.

David FitzGibbons, elected in the Second district of St. Clair to fill the vacancy caused by the death of C. M. Green has taken the oath of office and his seat in the House.

It is just possible the University of Michigan may after all get a special appropriation for its new heating plant to the amount of \$250,000. The university asked a total of \$375,000 but the governor has declared special appropriations must be cut to the minimum. An intimation has come about that he will stand for \$250,000 and no more.

#### Fighting Demurrage.

Representative Noble Ashley's reciprocal demurrage bill is the latest piece of proposed railroad legislation which has been dissected and vigorously lambasted by railroad officials. The officers of the roads foregathered again in the senate chamber Tuesday night, and entertained the house and senate railroad committees for a few hours, with explanations of the absolute worthlessness of the railroad bills introduced.

The railroad men contended that the problems which Ashley's bill deal with are covered by the interstate commerce commission, and would legally affect only about 10 per cent of Michigan's roads. They explained that the railroads now have hundreds of box cars on hand which are used only during certain rush seasons, but even with this number of extra cars, they declared, they would be unable to comply with the provisions of Ashley's bill.

#### A Surgery Law.

Representative Odell's bill providing for the operations known as vasectomy or castration in order to prevent procreation on the part of criminal insane persons and persons of feeble mind, was passed by the house and given immediate effect. The discussion involved technical discourses and it was necessary to excuse the floor messengers and women spectators on the floor and in the galleries. Some of the feminine audience hesitated to leave even when the suggestion was made from the floor. Representative Rankin launched into this discussion, quoting authorities and talking very plainly and the women left. Similar laws have been enacted in other states and have been found to be of vast benefit in improving the moral tone of the mentally deficient who were made subjects of the operation.

#### VARIOUS MATTERS

Efforts are being made to amend the law by which now veterans of the Civil war are exempted from taxation when their property is not valued in excess of \$1,200. The state supervisors' association urges that all exemption be left to the discretion of the assessing officer. Work of the legislative committee of the association has so far failed to bring about the desired results and a compromise is proposed by which all veterans shall be exempted to the amount of \$500 valuation regardless of the total value of the property.

The bill of Senator Carlier providing for a commission to locate a permanent military ground in Michigan for the National Guard is being held up by Rep. C. W. Gurnee, chairman of the House committee on military affairs for the sole purpose of trading this bill off against the military reorganization bill which originated in the House. He declares freely he will not report the bill out until he has seen what the senate will do with the reorganization bill.

The Public Bill by which children who have killed their parents and are not able to take care of themselves are committed to the state reformatory for the insane, is being held up by Rep. C. W. Gurnee, chairman of the House committee on military affairs for the sole purpose of trading this bill off against the military reorganization bill which originated in the House. He declares freely he will not report the bill out until he has seen what the senate will do with the reorganization bill.

Rep. Clark of Ottawa proposes to reorganize the whole system of caring for the poor. He will make the county the unit and abolish alms houses and village poor departments. The county superintendents will care for all charging back against the cities and townships the cost of the care of charges coming from them. His bill also provides that charges having any property shall turn it over to the keeper of the county farm as trustee who shall use the income therefrom to aid in the support of the dependent.

Senator John Leidlein, of Saginaw proposes to introduce a bill to provide for free text books to be paid for from the primary school fund. In anticipation of this move he has withdrawn his opposition to the McNaughton bill which has passed both houses providing that any county paying on hand enough money to pay teachers' salaries for the next two years shall not receive additional money from the fund until it is reduced to that measure.

Rep. McNaughton's bill providing that the primary school fund shall not be distributed to counties having on hand more than enough money to pay teachers' salaries for two years is likely to be amended to permit the payment from the fund for text books. Senator John Leidlein of Saginaw stands sponsor for this amendment and the bill has been made a special order for consideration.

Rep. Dunn of Samiac, has introduced a bill providing for the establishment of agricultural, industrial and trade courses of study in all high schools.

The Jerome bill providing an annual appropriation of \$10,000 for the support of the families of convicts has passed the House without dissent and without argument.

The bill appropriating \$15,000 for the erection of a statue of Zach Chandler in statutory hall at Washington has been reported favorably by the senate committee on finance and appropriations and bids fair to pass the senate.

The senate committee on federal relations has reported favorably on the Mares bill appropriating \$15,000 for a statue of Zach Chandler for the hall of fame at Washington. It has gone to the committee on finance and appropriations, and is likely to receive a favorable report from there.

## MICHIGAN BREVITIES

Calumet.—An explosion of unknown origin occurred in the home of John Cartich, wrecking the kitchen and probably fatally burning an infant, besides inflicting serious injuries on Mrs. Cartich and three other children. It is thought that some dynamite was placed in the coal bin by enemies. Mrs. Cartich lost one hand and was badly bruised. Physicians reported the baby's chances for life slim. Daniel Cartich, a brother, was roused stone dead by the explosion. Ann Arbor.—Little four-year-old Lutra Kohlen, daughter of Mr. and Mrs. Frank Kohlen, was drowned in a cistern. When discovered the body was upright in the water with the top of her head above the water, but the mouth and nose below it. She had been dead about half an hour when found. The family had just moved into their new home and the mother was busy about the house, while the little girl was playing in the yard. The frantic barking and whining of a dog caused the mother to look after her child, only to find her missing. The dog stood near the cistern, the board covering of which she discovered was rotted and broken.

Traverse City.—Judge Mayne sentenced Andrew Moore, aged forty-five, to from one to five years in prison. Moore pleaded guilty to the charge of bigamy. On July 4, 1909, he married Rosie Hawkins, aged sixteen, who was in the custody of the juvenile court. They lived together until about three weeks ago, when it was discovered that he had a wife and three children living in Charlevoix. On the day of the marriage the girl requested the juvenile court officer to allow her to visit her sister, who was ill. Instead of visiting her sister she met Moore, and they were married and immediately went to housekeeping.

Coldwater.—The dairying fever has a strange hold on Branch county farmers at present. Since January 14 nearly 800 Holstein cows have been shipped into the county and sold at \$65 to \$85 apiece. The strange feature about it all is that until last year the county creameries had a rocky road to travel for lack of patronage, the farmers principally engaging in grain growing and stock raising.

Adrian.—Mrs. Ora Farwell of 17 Pearl street, was discovered in an upstairs room of her residence in an unconscious condition beside an open gas jet. She was carried from the room by an attendant who made the discovery. The attendant went to call a physician, and while she was gone Mrs. Farwell went back to the room and made a second attempt to end her life. She was again rescued and was revived.

Saginaw.—The Valley Home Telephone company, which has been allowed a \$50,000 bond issue by the state railroad commission, will start work on improving its system within the next few days. The farm districts are making stronger demands for service than ever before. In some instances they have paid for service in advance, so that they could get the connections.

Port Huron.—By the terms of the will of the late Mrs. Jennie Jenkinson Wilson, which was filed in probate court, the bulk of her \$200,000 fortune is left to her son, William Jenkinson Wilson, who is not yet twenty-one years old. The sum of \$25,000 in cash together with a brick block in Port Huron, was left to her husband, Dr. Mortimer Wilson.

Monroe.—Mrs. William Brann, forty-six years old, disappeared from her home on Third street. Her body was found near Winchester street, just south of the city limits, lying half submerged in Plum creek. When and how she met her death is entirely unknown, as no one can be found in the vicinity who saw her.

Kalamazoo.—Orders have been received from the state railroad commission which makes it necessary for every railroad running into this city to at once protect grade crossings, for both day and night service. Alarms are to be placed at all other crossings.

Ludington.—Oscar Widmark of the planing mill company of H. H. Widmark & Son, was seriously injured by the sudden recoil of a piece of hard maple as it was passing through a rip saw. The sharpened end of the wood entered the abdomen for a distance of six inches. His condition is critical.

Detroit.—Edward Schurtzner, forty years old was instantly killed while working at the Alden Sampson Manufacturing company's plant at Oakland and Massachusetts avenues, when a piece of wood flew from a sawing machine at which he was working and imbedded itself in his skull. Dr. E. P. Mills, 2732 Woodward avenue, was called, but the man was dead before he reached him.

Saginaw.—William Kay, fifty-six years old, and an inmate of the Michigan employment institution for the blind, has made application for citizenship. Mr. Kay is deaf, dumb and blind. He was born deaf and dumb, and for a number of years taught school in Canada, where he was born. He followed the occupation of a crayon artist for a number of years, and while doing this lost his sight.

Bozyc.—John Pike, employed at the local farm house, was seriously injured by a cave-in of a pile of iron ore which he was digging.

#### WARDEN SIMPSON'S PLAN.

Work So Many Hours Each Day for Inmates of Jackson Prison.

To establish a definite number of hours as a day's work for the inmates of Jackson prison is the latest reform proposed by Warden Simpson, and it is expected he will inaugurate the change in the near future. The warden believes the inmates have too much time on their hands to hatch up insurrection and plan insubordination.

Under the present system each convict in the various shops is given a certain amount of work to accomplish, and when it is finished he is at liberty to work or not, just as he pleases. If he chooses to work he receives overtime pay, but if he doesn't work he may loaf about the shop. The warden will now make every effort to ascertain the average length of time it takes an inmate to finish his usual stint, and when this is determined, he will make a reasonable addition of time in which an inmate may work on his own overtime.

The warden is doing his best to make the justice of the change apparent to the inmates, so they will have no cause for complaint. The plan at present is to have the convicts work between bells rung at intervals of perhaps seven hours, although the same number of hours will not prevail in all shops, as it is believed that in some cases old men should not be made to work as long as young men.

#### The Famine in China.

More gruesome stories of the horrors of the Chinese famine reached the state department from the consular general at Shanghai.

One traveler reported passing 13 dead bodies in 15 miles on the road. The missionaries told of the natives eating cat's heads of leaves and stems mixed with millet chaff which they dug with the allowance from the government of three cents apiece. The traces had been stripped of bark, which had been eaten. Dr. Cochran, an American Presbyterian missionary, declared that in the whole afflicted region there were 2,000,000 starving people.

Twenty-five persons, trapped in a burning hotel at Sussex, N. B., escaped from an early morning fire by jumping into blankets held by people outside, or made their way to the ground on ladders that were raised to the windows.

## Patronize Your Home Merchants.

To patronize your home merchants and industries is not only patriotic and a duty of good citizenship, but it is to your personal advantage. The truth is that every dollar spent in your home town will find its way back to your purse, but the dollar spent away from home is in all probability gone forever. The profit on each dollar of business transacted at home enriches the community to that extent and increases the value of property.

Yet many persons in our community, as well as elsewhere, are to reality "wasting money," time and energy to get to some larger town or city, steadily every year for the simple purpose of spending their money among strangers. The money was earned at home, and the strangers among whom it is spent are not likely to do anything for the upbuilding of our town. Of course, our good neighbors are ready to give reasons why they are doing so, but their reasons are curious and evasive creatures like the wind of the whips, which we saw with fear and trembling in our childhood days behind grandfather's barn. Without entering into any lengthy arguments, we believe that according to common horse sense, it is the duty of every loyal citizen to support financially and morally your home merchants and to subscribe for your home paper. It is like fertilizing your own fields.

But while we are pleading for the home merchant we want to emphasize the fact that merchants and manufacturers should not a good example by in turn patronizing each other. We know it to be a fact that some Northville business men who are depending upon the patronage of the public for a livelihood quite often themselves buy goods in the city that can be readily be procured of a brother home merchant. We are also aware that sometimes Northville business men even buy printing in Detroit, Cleveland or Chicago that can be duplicated in Northville at a less price. Let's think this over good people.

## Doesn't Like "Kissing" Bees Either.

Well Mr. Husband of a Gumbler, perhaps the man who plays cards for money would rather have a card that plays cards for money than a wife who takes his money and he can use it to better advantage than he could the "old card links" or hand played game that the lady player pays for. The suggestion is made not by a man of brains who is quick to think and must play with science and skill, but I do not think there is any more cheating among the class that gamble for a prize. I am with you in regard to "playing" pennance at home with your boy or any other game as to that. But I am not with you when that same mother neglects that boy by going away from home to play cards and let that boy or girl go out on the street where they will, and with whom they will. "The Old Boys" played at the swimming hole because we were forbidden to play cards at home. If you think we are in favor of those "pasty" kissing games you speak of you are mistaken for we are not. I advocate cards or any game as a past time or pleasure, but deliver me from the ones who spend five nights in the week at card parties and the children of those homes neglected. You advise "A Thinner" to join one of the card parties. Thank you I have had all knowledge of card parties I care for. I have been an observer and thinker for a good many years and have seen more airtight than good grow out of the so-called "card" (gambling) parties. A THINKER.

## Purely Personal.

(Contributions to this column are earnestly solicited. If you have visitors, or are visiting visitors, drop a line to that effect in the Record from Box in the postoffice.)

Mark Seeley is spending a couple of weeks at Armada.

Roy Clark visited relatives in Milford Saturday and Sunday.

Arthur Sly of Detroit was the guest of Miss Ina Vanaken Sunday.

Miss Faye Palmer of Plymouth spent Sunday with Mrs. Tremper and family.

Mr. and Mrs. John Asplin visited at the home of Mr. and Mrs. James Clark last Friday.

Miss Grace Wilson of Ypsilanti visited Northville friends from Friday until Monday.

Miss Lottie White has been visiting her brother and family the past three weeks in Detroit.

Mrs. Howard Arnot and daughter, Rachel, expect to visit her parents at Lexington next week.

Charles Hubbard left Monday for a few days' visit with his mother and sisters at Battle Creek.

Mrs. E. J. Ball was called to Monroe Wednesday by the death of her sister's husband, William Shaw.

Mr. and Mrs. Frank Harlow of Ypsilanti were guests of Northville relatives Friday and Saturday.

Mr. and Mrs. Geo. Williams visited their daughter, Mrs. Harvey White, in Detroit Saturday and Sunday.

Mrs. Wm. B. Carpenter of Pontiac spent from Sunday until Tuesday with her parents, Mr. and Mrs. E. A. Noble.

Mr. and Mrs. J. H. Steers and daughter, Mrs. Jessie Power, visited friends in Ypsilanti Saturday and Sunday.

Mrs. C. E. Rogers and son, Russell, and Mrs. E. L. Crosby of Detroit visited at the home of W. M. Thornton Saturday and Sunday.

Thomas Johns and cousin, T. O. Severance, of Northville on their cousins, Mr. and Mrs. James Chase, on Saturday. Mr. Severance expects to start the first of April for Sterling, Manitoba, Canada, to spend the summer with his son, George, who is executor of a large tract of farming land at a salary of \$3,000 per year.

## The Doctor's Question

Much Sickness Is Due to Bowel Disorders.

A doctor's first question, when called by a patient, is, "Are you a bowler?" He knows that ninety-eight per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Reckless Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Reckless Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes, 25c and 50c. Sold only at our store—The Revell Store, A. E. Stanley & Co., Northville.

## To Clean the Chimney.

Instead of throwing away potato peelings dry them and burn them in the stove. Those who burn soft coal will find this a great help. The potato peelings burn with such a fury that they carry the soot out of the chimney—From "Little Helps," in the National Magazine.

"I had been troubled with constipation for two years and tried all of the best physicians in Bristol, Tenn., and they could do nothing for me," writes Thos. E. Williams, Middleboro, Ky. "Two packages of Chamberlain's Stomach and Liver Tablets cured me." For sale by all dealers.

## School Notes.

(By a Pupil.)

Calvert Willis is a new pupil in the Kindergarten.

William Bartram entered the First grade this week.

Eleanor Willis is a new pupil in the Fourth grade.

No absences or tardiness in the Sixth grade this week.

Eva Wood spelled down the Seventh grade Friday.

Mary Shiel from St. Helens, is visiting the Kindergarten.

The Sixth grade purchased four new books for their library.

Robert Willis, formerly of Detroit has entered the Third grade.

The pupils in the First grade have started to use their copy books.

The Seventh grade are now studying "Raphael," the Italian artist.

The First grade are memorizing the poem, "Somebody's Knocking."

Mr. Gage gave us a very pleasant call last Friday afternoon in the High school.

The Third grade pupils are much interested in the reading of "Little Lord Fauntleroy."

Hazel Sowles of the Kindergarten is in school again after a long absence, caused by sickness.

The First graders are interested in Nature study, especially in watching the return of the birds from the south.

The Eighth A pupils are studying Oleg's life and in connection with this are reading "The Ancient Mariner."

Pupils in the Kindergarten are listening to the short stories from Little Story Reader, for opening exercises.

Work has begun upon the Commencement Week program by the Seniors and the grades are forming plans for their parts.

Many pupils of the Eighth grade are earning, by good deportment, an excused recitation period with a perfect mark for the same.

Miss Alexander and Miss Ferguson are captives in a spelling contest covering all work done this month in the Eighth grade. The losing side is to entertain the winners.

An extremely sensitive pair of balances have just been received from a German firm, having been imported directly for us. This gives us three very good working laboratories.

Several members of the High school enjoyed Judge Hulbert's lecture Tuesday evening. Mr. Hulbert was able to make some observations upon the Polish parochial schools which created some discussion.

The School Savings bank deposit last week was \$919. The deposit of grades was as follows: Kindergarten \$50, First \$144, Second \$172, Third \$132, Fourth \$113, Fifth \$73, Sixth \$68, Seventh \$145, Eighth \$126, High School \$273.

It is safe to say that the School Savings Bank fund will amount to over \$2,000 by the spring vacation. This makes the amount contributed this year thus far, over \$1,600. The bank has 150 depositors in the various grades and High school.

The spelling contest for Northville township will be held in our High school, Tuesday, April 7. This is a part of the county contest, for which schools in which the various successful contestants will be selected to contest for the County Examination.

Applications have already been received for places in the High school for the coming year. We will graduate twenty-three this year and will receive twenty-six during the year from the Eighth grade. As we are now crowded to the limit, it will be readily seen that the names of those wishing to attend the High school the coming year must be sent in at once in order to insure them a place. Get busy.

The Junior play given last Friday night was a first-class rendition of that popular rural play, "Uncle Rube." Mr. Ball and Miss Stark were especially clever in taking their parts but all were well sustained and deserved much praise for their work. Miss Bull's directed the play and was assisted by Messrs. Tunham and Miller. The play will be given Saturday evening, Mar. 18, in the Town Hall, Salem.

The Horticultural meeting last Wednesday evening was very successful. About forty were present to listen to an interesting and instructive address by Prof. White of the V. A. C. After the discussion the members took up the question of the formation of a Farmers' club. Dues were paid, members enrolled and committee appointed by Chairman Cochran to prepare by laws. Here's Long Life and Health to a Good Cause.

Every family has need of a good, reliable liniment. For sprains, bruises, soreness of the muscles and rheumatic pains there is none better than Chamberlain's. Sold by all dealers.

Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Northville given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since can be relied upon to perform the same work in other cases. Read this: J. W. Kator, of Northville, Mich., says: "A year ago I began to have trouble from my kidneys and I was caused much misery, by pains across the small of my back. The kidney secretions were irregular and painful in passage and led me to believe that my kidneys were out of order. Hearing 'about Doan's Kidney Pills, I began their use and, in a few weeks I was completely cured. I consider Doan's Kidney Pills to be an effective medicine for kidney complaint and I do not hesitate to recommend them."

The above statement was given in November 1906 and on March 31, 1909, Mr. Kator said: "I can still recommend Doan's Kidney Pills and I have no objection to the continued publication of my testimonial. The cure this remedy made in my case has been permanent."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### The City in Brief.

Born—to Mr. and Mrs. W. H. Cattermole, March 13, a girl.

Miss Lida Richardson entertained the "R S" club on Monday evening.

Mrs. Millard and two daughters, Ethel and Leona, have moved near Willis.

Walter Evans and family expect to move to Adrian next week, where he is employed.

Mr. and Mrs. Milt Burrows entertained the "West End" club at their home Wednesday evening.

Mrs. Wm. S. Jerome attended a luncheon given by Mrs. S. E. Beach at Pontiac on Wednesday afternoon.

Mrs. Paulina Vradenburg was called to Ovid Saturday by the very serious illness of her sister, Mrs. Van-Dyke.

Rev. Wm. S. Jerome acted as one of the judges in a high school oratorical contest at Pontiac last week Thursday evening.

The "N. L. C. R." club was delightfully entertained Tuesday evening by Mrs. M. E. Edsworth and Miss Aldred Ryel at the home of the former.

Arch Worden and Miss Lester Barber of Salem were married by the Rev. Knoles at that place on Feb. 18. The bride was a former Northville girl.

Churches two and three of the Baptist church will hold a bake sale of cakes, breads, etc., in J. A. Huff's store (tomorrow) Saturday afternoon.

A dozen friends of Mr. and Mrs. George Farwell came over from Plymouth Friday evening, and gave them a pleasant surprise. The evening was most pleasantly spent playing "500."

Let us work and stimulate every legitimate enterprise by giving it all the friendly encouragement we can, and unite our industry, intelligence and capital in a common cause for the good of our town.

Miss Viola McCully and Edward Bugart entertained the senior class of the High school, of which they are members at the home of the latter, last Thursday evening. A most delightful time was had.

Geo. H. Baker is engaged with the imperishable Silo company of Harrington, Ind., in the sale of silos made from vitrified blocks. T. J. Cochran is the best purchaser in this vicinity. These silos, it is claimed, will last for ever and will neither crack or rot and cost less than cement.

At the T. O. T. M. M. meeting Tuesday evening, a surprise was perpetrated on two of the members, Mrs. Emma Dolph and Mrs. Jennie McCallough, in honor of their birth days. A delightful lunch was served and each lady was presented with a cut glass dish as a token of remembrance.

Two bits "A Thruker" and a "Hus band of a Gambler" will tell us what policy to pursue when we win a first prize at a 400 party and then have the losers who the whole village and substitute a chicken bone and a lettuce leaf inside the box and then entirely wrap it all up in a paper in which the paper then with cuttings, however, control grow (thunder) for the "swimming hole" and the good and fresh and last games hereafter.

Did you ever think of it? Suppose every business man in town took as much interest in the upbuilding of the town and forwarding of public enterprises as the newspaper man. He works for railroads, manufactories, schools and churches, good streets and roads, organs, pleads, scrolls and badgers and cavorts around generally. Imagine his feelings when some lame, string-baited kind of a fellow reproaches him because he doesn't boom things enough.

The editor was busy when he was asked: "How are the markets?" The man was referred to the office devil, who looked wise and said: "Young men unsteady, girls lively and in demand; papas firm, but declining; mammas, unsettled, waiting for higher bids; coffee, considerably mixed fresh fish, active and slippery; eggs quiet, but expect to open soon; whiskey, still going down; onions, strong; yeast, rising; breadstuffs, heavy boots and shoes, those on the market are sold and constantly going up and down; hats and caps not so high as last year, excepting tolecap, which is stationary; tobacco, very low and has a downward tendency; silver, close, not too close enough to get gold of."

"Had dyspepsia or indigestion for years. No appetite and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio.

When the 6:30 D. T. K. car came in Wednesday morning the Plymouth car was almost closely followed by the Detroit car. Either through some carelessness or the brakes not working the latter car bumped into the Plymouth car with considerable force, damaging each car quite badly. When they started up the wheel came off the Detroit car and it was nearly two hours before they left town. Fortunately no one was hurt.

The advent of spring flowers and bright days warms us of the woe of fact that the rain of terror to many kind is at hand, when the thrifty housewife will arm herself with all necessary equipments and proceed to throw open the doors and windows, order the stoves to be cleaned out, and turn your bluffs peaceful shade into a sunbaked place. Why should we resist this change of climate by this prophesy only to warn the lord of the household to gather up an extra supply of patience at table the time with becoming fortitude. For as sure as the rain and mud are harbingers of the bright merry, joyful spring, with its birds, buds and blossoms, so surely will this disordered house be transformed under skillful hands into a fresh, clean and pleasant home. Peace and order will once more take up their abode and the strains of "Home, Sweet Home," will sound all the sweeter for the temporary disquiet.

## JUDGE MURPHY'S CANDIDACY

The Townships Give Him Generous Support from Jurors.

One of the offices that the people of Wayne County are most vitally interested in is that of Circuit Judge. It concerns their liberty, their property, their safety and welfare. Judge Alfred J. Murphy has been renominated by his party for that office after his first term upon the Circuit bench.

He came to the Circuit Court from one term on the bench of the Recorder's Court of Detroit, where his rec-

JUDGE ALFRED J. MURPHY

ord was a brilliant one. The expectations of his friends and of the public, which gave him the largest vote of any candidate for circuit judge on either ticket at the last judicial election, have been fully met. His decisions have had almost uniform approval in the Supreme Court. He has been diligent in his work and courteous and kind in his treatment of jurors, litigants, and the general public. A number of his decisions, affirmed by the Supreme Court, have become notable as precedents.

Believing in the non-partisanship of the judiciary, he has kept aloof from politics, and yet he has taken active part in many movements for civic and social betterment. His acquaintance in the townships of Wayne County has been greatly extended by his contact as Circuit Judge with the many jurors who come each term of court from outside the city of Detroit. They have left the court at the close of their service his friends, because of the non-partisanship and considerate manner in which he has administered justice. Politics should play no part in the selection of judges, and men of all parties are giving Judge Murphy most cordial support.

## NO TROOPS WILL BE SENT INTO MEXICO

U. S. ARMY IS PREPARED TO LEAVE FORT SAM-HOUSTON, HOWEVER, ON AN HOUR'S NOTICE.

SECRETARY OF WAR DICKINSON HAS ABANDONED HIS TRIP TO PANAMA CANAL FOR THE PRESENT.

Americans Witness Battle and Help to Carry Wounded From the Field of Battle in Automobiles.

It is evident that the movement of troops towards the Mexican border will be started in the next two or three days. The officers of the ninth and eleventh regiments of cavalry have received orders to be ready to move their regiments at an hour's notice.

The troops of these two regiments will be distributed along more than 800 miles of the frontier and will materially augment the third cavalry patrolling force now doing field service.

Officers of the maneuver division express the opinion that the proposed wide distribution of the troops shows that no concentration of movement for an invasion of Mexico is contemplated at this time.

All the railroads leading from San Antonio to the border points are accumulating and holding in readiness equipment to transport the troops and accoutrements immediately on receipt of such orders. The preparation is being made by the railroads on instruction direct from the war department. According to the report it is planned to mobilize not less than 15,000 troops on the bank of the Rio Grande in the next few days.

The quartermaster's department has ordered large quantities of supplies to be delivered on the cars at Fort Sam Houston, the specific date of delivery to be ascertained later. Major General W. H. Wood and his divisional staff are rapidly mapping out the program of the war game.

With Gen. Carter at headquarters are Col. Steven Mills, chief of staff; Capt. Henry G. Leonard, aide-de-camp to Gen. Carter; Capt. Main Craig of the divisional staff, Lieut. Col. Eugene F. Ladd, adjutant general; Lieut. Col. Harry P. Birmingham, chief surgeon; Lieut. Col. Daniel E. McCarthy, chief quartermaster; Maj. George Bell, Jr., inspector general; Maj. Blanton Winslow, judge advocate general; Maj. Harry E. Williams, chief commissary; Maj. Paul Struhs, sanitary inspector; Lieut. E. B. Carr, fifteenth infantry who is in charge of transportation, guard and mess for headquarters, will provide for mess of 20.

Most of the division staff will draw units from the mountain divisions scattered throughout the country. The chief quartermaster has word that several hundred high class mounts for officers are on route to San Antonio.

Gen. Carter's famous mount, Tom Barr, it is understood, was left in Washington. A veterinary advised against shipping it from the post.

Americans Care for Wounded Soldiers

America is in automobiles rushed to the aid of the Mexican soldiers wounded in the battle fought near Agua Prieta between a force of 500 rebels under General Blanco and a federal force of 300 men.

Some of the most daring of the Americans arrived on the battle field while the engagement was still in progress. When they reached the scene, wounded soldiers and officers were lying about and the federals could not remove them because they had no stretchers. One soldier lay dead and with the permission of the Mexican officers the body was taken to Agua Prieta in one of the automobiles.

Other Americans also in automobiles who arrived later had difficulty in securing permission from the Mexican officers to act in similar capacity, but permission was finally granted. The wounded were taken to Agua Prieta. One soldier, who was shot through the breast, died on the way.

When the Americans attempted to relieve the wounded of their guns and heavy cartridge belts to lessen the burden, the soldiers refused to give them up. They held their guns to their breasts as they lay on the cushioned seats of the automobiles.

Eleven federals were wounded, but the number of rebels wounded is not known, as they took their injured with them on their retreat to the mountains.

Except for a few prisoners taken by the federals, the rebels retreated in good order.

It is understood that Blanco's entire force did not participate in the engagement.

Blanco's first move was to throw out a skirmish line to draw the federals into action to ascertain their strength.

The battle lasted an hour and it is believed that the retreat that followed was to draw the federals into the canyon, where the main body of Blanco's force was stationed. The federals, however, after a spirited pursuit, rallied and returned to Agua Prieta, refusing to be entrapped.

Because the would-be bridegroom is a cripple, no Battle Creek minister or justice of the peace will marry Arthur Thorpe and Miss Julia Saterlee. Miss Saterlee is 18 years old and attractive.

John Griffin started mandamus proceedings against the election board of Lake Odessa to compel its members to place on the election ballot the names of the candidates on the labor ticket. Members of the board declare that the party neglected to give the required five days' notice and that they were within their legal rights in leaving the ticket off.

## 25,000 Face Famine in Chihuahua.

Stories of suffering throughout northern Mexico continued to reach El Paso.

A courier who walked from a point north of the city of Chihuahua reported that famine faced the 25,000 inhabitants there.

Fearing siege of the city, hundreds of women have deserted their homes. Accompanied by their children, they are roaming around the country.

Diaz is a Busy Man.

The health of President Diaz, which appears to have been made a factor in the situation in some quarters, seemingly has not been impaired in the slightest degree by the business of the last few months. Instead of being the sick man that he has been painted, he is said not to have been in better health in a long time.

As evidence of the fact that the executive is in ordinarily good health, to say the least, he is at his office in the national palace at 9 o'clock every morning, giving personal attention to the affairs of the nation. Frequently his duties keep him engaged until after 10 o'clock at night at his winter residence in the city.

It has been but a few days since he traveled out to the field where an aviation meet was in progress and sat for hours watching the flights with evident interest.

Troops to Cover 1,000 Miles.

Maj. Gen. William H. Carter, commanding the division, Sunday morning will take charge of the big war game. The scene of field operations will be chiefly in the territory to the south and west adjacent to Mexico. The preliminary plans call for maneuvers ranging over a border territory for more than 1,000 miles.

There will be a series of mimic engagements between the combined sea and land forces at Galveston; and several thousand men from the maneuver camp at Fort Sam Houston. It is claimed by the federal authorities of this district that mobilizing of these 20,000 soldiers in Texas and distributing them along the border will serve as an effective barrier against the sending into Mexico of stores of contraband goods for use of the revolutionists.

It is well known that a well organized plan of sending arms and ammunition across the border from isolated Texas points has been in effect for several weeks. It is expected that this practice will now be quickly broken up.

Madero Promises Protection.

Francisco Madero, provisional president of the Mexican revolutionists, has addressed a note to each of the foreign powers guaranteeing the person and property of foreigners in Mexico. This information was received by the confidential agency of the revolutionists with instruction to deliver the notes, when they arrive to the diplomatic representatives of foreign countries accredited to the United States at Washington. Juan S. Aguirre, secretary of the confidential agency, gave out the following explanation:

"Agents of the revolutionary party in El Paso, Texas, telegraph that they have received from Madero, provisional president, communication addressed to all foreign governments, in which are explained the reasons of the insurrection giving guarantees for the persons and property of foreigners. These communications will be delivered to the diplomatic representatives of all the countries accredited to the United States through the confidential agency in Washington."

"Agents of the revolutionary party in San Antonio, Texas, also telegraph that they have just received letters dated March 5, in which sympathizers in Mexico City with the revolutionary movement attribute the mobilization of the American troops to the secret intrigues of the government of Diaz. It is said in Mexico City that the threat of intervention by the United States was influenced by Wall Street and that Diaz had hopes that he would be able, by the threat of the possibility of a foreign war, to unify national sentiment in favor of his government. The contrary has been the result and the people now are accusing Diaz of treason and an uprising in the capital seems imminent."

No Tinkering With Tariff.

That he expects the special session of the sixty-second congress, called for April 4, to restrict itself to consideration of the proposed Canadian reciprocity agreement, was intimated by President Taft in an address before 5,000 persons at the Southern Commercial Congress at Atlantic City, Ga.

Mr. Taft believes a majority of the new congress will favor reciprocity, and he thinks it will be passed regardless of party lines.

If the special session attempts to undertake a general revision of the tariff, or if it tries to revise schedules of the Payne-Aldrich law without sufficient scientific data, the president will exercise his power of veto.

The saw mill and plant of the Red Deer Lumber Company at Barrows, Sask., was destroyed by fire. The loss is \$100,000.

Mrs. Cora Wood, of Branford, Conn., who it is alleged shot and killed her husband, Christopher G. Wood, her 11-year-old son, Vardemond, and who then fired a bullet into her own breast near the heart, has died from the effects of the wound.

Watts Parker, one of the best known jurists in the south, is dead. He was for 20 years judge of the twenty-second judicial district of Kentucky and was probably the oldest circuit jurist in point of service in the country.

The United States government is the first claimant for damages outside of Kenosha county as a result of the explosion at the plant of the D. L. Dupont de Nemours Powder Co. at Pleasant Prairie, Wis., and a claim for \$2,000 damages was filed by the naval training station at Lake Bluff. Lake Bluff is 25 miles from the scene of the explosion.

## 2,500 LOSE HOMES IN POWDER EXPLOSION

HARDLY A HOUSE, HABITABLE WITHIN FIVE MILES OF PLEASANT PRAIRIE, WISCONSIN.

SPARKS POSSIBLY CAUSED IGNITION. IS ONE OF THE THEORIES ADVANCED.

Two Persons Are Dead and 350 Injured; Property Loss in Neighborhood \$1,500,000.

Pleasant Prairie, Wis., was wiped out and every house within a five-mile radius wrecked by the explosion of an enormous quantity of powder and dynamite at the plant of the Dupont de Nemours Co.

Two men were killed, one seriously injured, and several hundred painfully hurt.

At least 2,500 persons are homeless, for the greater part of the inhabitants of this town, Bristol, and the farmers of the adjacent territory have packed the remnants of their household goods saved from the debris and are moving away until their homes can be rebuilt.

Damage amounting to \$1,500,000 has been done within a radius of 100 miles, and Michigan cities across the lake suffered severe property losses and nerve-shaking panics.

The five magazines which exploded contained 150 tons of finished dynamite, 130 tons of unfired dynamite, 50,000 kegs of finished giant powder.

Supt. Bamstead of the Chicago division of the powder company said the exact cause of the explosion could not be learned, but that it might have resulted from a spark from a hammer blow or from a broken piece of machinery flying against the wall or floor of the glazing or finishing room.

TAX IS CONSTITUTIONAL.

U. S. Supreme Court Says Corporation Tax Is Constitutional.

The corporation tax provisions of the Payne-Aldrich tariff act were sustained as constitutional by the unanimous opinion of the judges of the supreme court of the United States, which upheld President Taft.

By the decision a source of income of approximately \$25,000,000 annually is assured to the government. Of all the objections to the tax raised by citizens of all parts of the country, none of them was found sufficient to nullify the law.

The court did hold the tax was not applicable to the real estate owned by the corporation, which was organized under state law, and not under the common law.

The law was held not applicable to the Maryland corporation, a real estate concern, on the ground that it was not doing business within the meaning of the law.

Justice Day, who read the decision, first announced that it was within the power of the court to limit the corporation tax provisions in the tariff law, which originated in the house, and of which the tax provisions are a part.

He said the court considered the tax to be an exercise tax on the doing of business, which is exactly the basis on which the government has levied the law.

Justice Day next held that the tax provisions were not the arbitrary exercise of a power. This was urged in argument as one reason why the law should be held unconstitutional.

Backs Taft Peace Plan

Causing a sensation in the house of commons Sir Edward Grey, foreign secretary, and one of Britain's most able statesmen, boldly gave approval on behalf of the government to President Taft's proposal of a hard and fast arbitration treaty between the United States and some other nation as a big step toward international peace.

In an epoch-making speech Sir Edward paved the way for the opening of negotiations between the United States and Britain for a treaty which would banish all possibility of war and refer all disputes, however vital, to arbitration. After the secretary had spoken, the house, by a vote of 276 to 58, adopted a resolution favoring international arbitration.

No Plan to Sell the Pere Marquette.

Vice-President Arthur P. Patriche, of the Pere Marquette railroad, denied that the road is to be absorbed by the Canadian Pacific system.

"There is no deal on with the Canadian Pacific or any other road for the purchase of the Pere Marquette," said Mr. Patriche. "The story is merely the revival of an old rumor which gets into the papers every once in a while."

There are no negotiations with any other system for the sale of the Pere Marquette.

The Chinese government has not yet been informed regarding Russia's intention of putting police boats on the Amur. It is stated at the Russian legation that the project evidently is only for quarantine purposes.

Michael Onofolo was convicted in Kalamazoo of stabbing to death Joseph Marelo, a wealthy Italian grocer, two months ago. Tony Ross is awaiting trial on the same charge.

A new submarine cable through the narrowest part of the South Atlantic ocean, connecting Monrovia, Liberia, with Pernambuco, Brazil, is being laid. The new cable is to be operated by a German company and is believed to be the forerunner of other cable lines from Liberia to practically all the important points along the eastern coast of South America, as far south as Montevideo and Buenos Aires.

## Rheumatism Advice

Gives Prominent Doctor's Best Prescription—Is Easily Mixed.

"Get one ounce of syrup of Sarsaparilla compound and one ounce of Tonic compound. Then get half a pint of good whiskey and put the other two ingredients into it. Take a tablespoonful of this mixture before each meal and at bed time. Shake the bottle before using. This is not new in this city as many of the worse cases of rheumatism and back-ache have been cured by it. Good results come the first day. Any druggist has these ingredients on hand or will quickly get them from his wholesale house. Any one can mix them."

PROOF POSITIVE.

He—Oh, yes; I write verse occasionally—but I tear it all up as soon as I write it.

She—Ah! I knew you were clever.

Her Wedding March.

A young girl who had never heard of Mendelssohn's "Wedding March," but was familiar with the more popular parody on it, was witness to a wedding ceremony in an uptown church recently. As the betrothed pair walked with dignified tread toward the altar to be wed and the organ pealed forth Mendelssohn's inspiring march, the young girl was plainly shocked. When she arrived at her home she told her mother of the ceremony and innocently exclaimed: "What do you think, mother, they played 'Gee Whizz! I'm glad I'm free.'"

Dare to Be Happy.

Let us never be afraid of innocent joy. God is good and what he does is well done; resign yourself to everything even to happiness, ask for the spirit of sacrifice of detachment, of renunciation, and above all, for the spirit of joy and gratitude, that genuine and religious optimism which has in God a Father, and is no pardon for his benefits. We must dare to be happy and dare to confess it, regarding our selves always as the debtors, and as the authors of our own joy—Amiel.

SPRINKS DISTEMPER CURB will cure any possible case of DISTEMPER, PINK EYE, and the like among horses of all ages, and prevents all others in the case of stable from having the disease. Loud apparel naturally proclaims the man.

MILD, GENTLE LAXATIVE

FOR WOMEN GIVEN FREE

So many of the ills of women are due to habitual constipation, probably because of their false modesty on the subject, that their attention cannot be too strongly called to the importance of keeping the bowels open. It is always important to do that, regardless of the sex, but it is especially important in women.

From the time the girl begins to menstruate until menopause ceases she has always under the prospect of coming through healthy if she watches her bowel movements. If you find yourself constipated, with bad breath, pimples, complexion, headaches, belching gas and other symptoms of indigestion and constipation, take a small dose of Dr. Caldwell's Syrup Pepsin.

It is a woman's favorite laxative. You will find that you can do away with salts, strong cathartics, etc., which are entirely unsuited to woman's requirements.

Mrs. Katherine Haberstroh of McKees Rocks, Pa., and Mrs. A. E. Herrick of Wheeler, Mich., who was almost paralyzed in her stomach and bowels, are now cured by the use of this remedy. A free sample bottle can be obtained by addressing Dr. Caldwell, and after you are convinced of its merits buy it of your druggist at fifty cents and one dollar a bottle.

For the free sample address Dr. W. B. Caldwell, 201 Caldwell building, Monticello, Ill.

## Kind but Careful.

John P. Irish, the San Francisco orator and orator, was entertaining Joaquin Miller, the poet, one night. Upon hearing a particularly funny story by the host the poet fell off his chair in a paroxysm of mirth.

Irish thought the poet had a seizure of some kind and he rushed to the sideboard, took a bottle of whiskey and stuck the top of it into Miller's mouth, hoping to revive him.

Presently Miller waved his hands feebly and Irish removed the bottle. "What is it?" asked Irish solicitously.

"Remove the cork!" whispered the poet, hoarsely. "Remove the cork!"—Saturday Evening Post.

# A Helpless Invalid

Restored to Health by Lydia E. Pinkham's Vegetable Compound

A woman who is sick and suffering, and won't at least try a medicine which has the record of Lydia E. Pinkham's Vegetable Compound, is, it would almost seem, to blame for her own wretchedness. Read what this woman says:

Richmond, Mo.—"When my second daughter was eighteen months old I was pronounced a hopeless invalid by specialists. I had a consultation of doctors and they said I had a severe case of ulceration. I was in bed for ten weeks; had sinking spells, and was pronounced to be in a dangerous condition. My father insisted that we try Lydia E. Pinkham's Vegetable Compound, and brought me six bottles. I soon began to improve, and before it had all been taken I was as well and strong as ever—my friends hardly recognized me so great was the change."—Mrs. Woodson Branstetter, Richmond, Mo.

There are literally hundreds of thousands of women in the United States who have been benefited by this famous old remedy, which was produced from roots and herbs over thirty years ago by a woman to relieve woman's suffering.

Read what another woman says:—

Jonesboro, Texas.—"I have used Lydia E. Pinkham's Vegetable Compound for myself and daughter, and consider it unequalled for all female diseases. I would not be without it for anything. I wish every mother in America could be persuaded to use it as there would be less suffering among our sex then. I am always glad to speak a word of praise for Lydia E. Pinkham's Vegetable Compound, and you are at liberty to use this testimonial."—Mrs. James T. Lawrence, Jonesboro, Texas.

Since we guarantee that all testimonials which we publish are genuine, is it not fair to suppose that if Lydia E. Pinkham's Vegetable Compound had the virtue to help these women it will help any other woman who is suffering from the same trouble?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

There is more Castoria in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Castoria to be a constitutional disease and therefore requires constitutional treatment. Hall's Castoria Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Chester Crain (quite badly bruised from injuries received Saturday morning from a very large woodpile falling over on him) where he was at work for Samuel Locke.

There was a good deal of excitement last Friday morning when John Voorhels' house was discovered to be on fire. Mr. and Mrs. Voorhels were with a daughter at Orchard Lake and F. H. Nichols, a son in law who was attending to the furnace during their absence, went to see to it and found the house full of smoke. He telephoned for the fire department and by prompt action the house was saved but a large hole was burned in the floor of the sitting room and other slight damages done. It is thought the fire was caused from an overheated pipe. The house was insured. Mr. and Mrs. Voorhels returned home later.

Elmer E. Freadway, aged 28, met death in a peculiar manner here Monday afternoon. Freadway was assisting his grandfather in getting a load of hay ready for the Detroit

market and was on the load holding the binder pole down for the other men to fasten. The pole broke and one piece fell to the barn floor. Treadway became unbalanced and plunged headlong from the top of the load, striking his head on the piece of the pole. His skull was crushed and his jaw bone and neck were broken. He never regained consciousness but lived for two hours. Treadway was born in Livonia but had spent nearly his entire life in Farmington. The funeral was held from the home Wednesday morning with interment in Oakwood cemetery.

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation of the market for colds. I have recommended it to my friends and they all agree with me." For sale by all dealers.

## THE DETROIT NEWSPAPERS UPON

# JUDGE ALFRED J. MURPHY

Editorial From THE DETROIT JOURNAL (REPUBLICAN) March 10, 1911.

"Another Democratic member of the circuit bench, seeing re-election, Hon. Alfred J. Murphy, who in the last election demonstrated his astonishing personal popularity by leading all the other candidates of both parties in his service on the bench Judge Murphy has justified this mark of popular appreciation and confidence."

Editorial From THE DETROIT TIMES (INDEPENDENT) March 3, 1911.

"Judge Murphy will undoubtedly be returned by the biggest majority of any of the present members of the bench—his fellow citizens have never withheld this testimonial whenever presented with the opportunity to pay tribute to his sterling qualities as a man and his fairness soundness and brilliancy as a jurist."

Editorial From THE DETROIT FREE PRESS (REPUBLICAN)

"In the discharge of his duties Judge Murphy has been called upon to conduct cases whose satisfactory outcome offered remarkable tests of ability to every emergency he has risen and in every trial, involving large interests, his display of fairness, technical knowledge, appropriate dignity and temperate consideration have won for him new applause. The discovery of a man possessing in such fulness the many requirements necessary to the position is not a matter of every day occurrence. When one is delivered to the people out of the exigencies of politics, they can do nothing less than express their satisfaction by continuing the discovery of fitness in the place where it belongs."

Please Place a Cross Before His Name. Thus:

[X] ALFRED J. MURPHY

Of President Taft's Four Appointments to the Supreme Court of the United States, Two have been Democrats—Justices Lurton and Lamar. He Also Advanced Justice White, a Democrat, to be Chief Justice.
