

THE NORTHVILLE RECORD.

Vol. XLI. No. 41.

NORTHVILLE, MICH., FRIDAY, MAY 12, 1911.

\$1.00 Per Year in Advance

**DR. W. H. YARNALL
DIED SATURDAY**

**PHYSICIAN, FAMED FOR ABILITY
TO CURE ALCOHOLISM.**

Established Institute in Northville in 1892; Treated 3,573 Persons in Ten Years.

Dr. W. H. Yarnall, a prominent Northville-Detroit citizen and well known throughout Michigan and surrounding states as the founder of the Northville Gold Cure Institute for Alcoholism, died at 4:10 o'clock Saturday afternoon at his home on Medbury avenue, Detroit, after an illness of several months of grip, which later developed into pneumonia. His wife, son, mother and brother were with him at the time of his death.

Dr. Yarnall established an enviable reputation for himself among medical circles because of his great success in the cure of alcoholism. He was one of the first men in the country to adopt the theory that alcoholism was a disease, often hereditary, rather than a simple offense against the moral code, and much of his success he attributed to his treatment of the cases with this end in view.

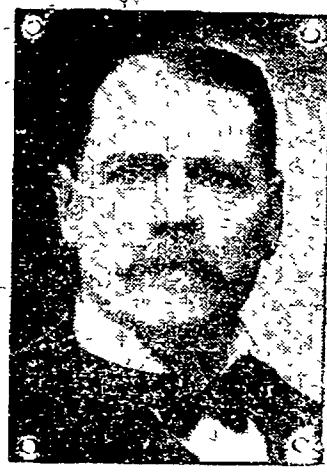

Dr. Yarnall was born in Richmond, Ind., Jan. 17, 1843, and received his public school education in Indiana, Ohio and Iowa. His medical education was obtained in Cincinnati. He came to Michigan about thirty years ago, settling in Saginaw.

All during his medical career Dr. Yarnall had paid particular attention to the study of alcoholism and was recognized as an expert to its treatment. April 12, 1892, he moved to Northville from Saginaw and established the Yarnall Gold Cure Institute. When the institute was founded there were forty-two smaller like institutions in the state, but in ten years Dr. Yarnall's was regarded as one of the leaders in the half dozen remaining. During that decade Dr. Yarnall successfully treated 3,573 cases. Not a patient ever died while under his treatment.

Several years ago Dr. Yarnall established the Gold Cure Institute of Willoughby, Ohio, and until the

time of his death was identified with the management of both places.

Besides the widow and one son, four years old, Dr. Yarnall is survived by his mother, Mrs. J. W. Yarnall, eighty-three years of age, who lives in Detroit, a brother, Frank L.

Interest Increasing In Voting Contest

Inquiries About Working and Voting—Who Will Get the \$10.00 Gold Piece—Beautiful Piano and Other Valuable Prizes Will Gladden Hearts of Workers—Contestants Are Hustling.

Judging from the interest that has been manifested in the great prize voting contest so far, there is going to be a great scramble for the \$10 in gold which will be given to the contestant having the largest number of votes on May 30. The special prize is worth winning and the contestants realize the fact.

That the contest is a success is an assured fact. There has never been a contest in this locality where more or better prizes have been offered or where there was more strict adherence, justice and equity to all the participants. The Record desires to emphasize the point that every contestant will be accorded an absolutely fair deal.

The names of the judges of the contest will be announced soon. Bear in mind merchants are giving coupons with every dollar's purchase. When you trade at these stores be sure and ask for coupons. Every one little piece of paper bearing twenty five votes may win for some friend of yours the beautiful \$400 Oakland piano.

Get your friends to subscribe for The Record. For each one year new subscription you will receive 600 votes, for each one year renewal 500, for each back subscription 400 votes.

There are already a large list of contestants, but there is an opportunity to nominate others. Fill out the nominating blank and send it to this office. Also cut out the free vote coupon and cast it for your favorite. In order that every contestant may fully understand the rules of this contest The Record wishes to state that the contestant buying the largest number of votes during the contest will be awarded the piano as first prize, the one having the next largest number of votes will have first choice of the other prizes. The third largest will have her choice of the remaining prizes and so on until all the prizes have been distributed.

Use the free coupon in this issue you know of any lady who has not been nominated whom you think would make a good race, use the nominating blank in this issue and send her name to this office or bring it in person and it will be entered. It matters not if she is married or single. This is a popular voting contest—not necessarily a "young lady" voting contest. Read the rules and regulations on another page and govern yourself accordingly. Some one is going to receive these prizes and you can help decide who it will be.

First count in contest will be May 30 at which time \$10 in gold will be awarded to the contestant receiving the largest number of votes. Get busy and vote for your choice.

25=VOTE COUPON

Send this Coupon to The Record office within 15 days from date and it will count for TWENTY-FIVE VOTES. No money is required with this Coupon.

SEN. SMITH OPPOSES RECIPROCITY PACT

Thinks It Is Unfair to the United States Farmers.

Replying to a letter from N. P. Hull, master of the Michigan State Grange, asking him to oppose the Canadian reciprocity agreement, Senator William Alden Smith said:

"The reciprocity agreement with Canada, as originally drawn and passed by the house of representatives, recently, is, in my opinion, most inequitable and unfair toward American farmers. Under its provisions, aliens have the same right to our markets as the farmers of our own country with none of the responsibilities imposed on our own people. By its provisions, a premium is placed on residence in an English possession and the beneficiaries exempted from taxation under our laws and military service in time of stress, and unless this measure can be defeated so that it will not burden American agriculture unfairly, I cannot give it my support."

Can't be Separated

Some Northville People Have Learned How to Get Rid of Both.

Backache and kidney ache are twin brothers. You can't separate them. And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

Mrs. William Cole, Horton Ave., Northville, Mich., says: "I have used Doan's Kidney Pills and found them to be a splendid remedy for kidney trouble. About a year ago I suffered from backache and pain in my kidneys and I was greatly annoyed by a difficulty with the kidney secretions. Doan's Kidney Pills were finally procured from Murdock Bros' Drug Store and after I had used two boxes, the backache ceased and my kidneys gave me no further trouble. Doan's Kidney Pills have also been very beneficial to another member of the family."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States.

There will be a special meeting of Northville Lodge F. & A. M. No. 186 Monday evening, May 15. Work in the Master Mason degree.

Mrs. J. B. Thibaud and Mrs. Jennie Johnson entertained the Fleur de Lis Club at "Shadow Lawn" the home of the former, at a supper party Monday evening.

Presbyterian Church Notes.

"By the Pastor." "John the Unafrid" will be the topic of the sermon next Sunday morning.

The topic of next Sunday evening's sermon will be "Eventually. Why Not Now?"

The High school baccalaureate sermon will be preached this year on June 1 by Rev. Wm. S. Jerome.

During the pastor's absence at the General Assembly the pulpit will be supplied by Rev. G. D. Sherman of South Lyon and Rev. J. B. Snack of Detroit.

Rev. and Mrs. Jerome will leave Monday for Atlantic City, N.J., where they will attend the meetings of the General Assembly, beginning May 18. They will be absent until June 3.

Our missionary ladies had a delightful time Wednesday afternoon when they were the guests of the Plymouth ladies' society. The regular monthly meeting was held in part Thursday afternoon with Mrs. Alice Yerkes.

The Dorcas committee of the Missionary society would like the ladies to bear in mind the missionary barrel which will be shipped early next full. The winter clothing laid aside now is just what is needed for the barrel. All contributions will be gladly received by Mrs. James A. Dubear or Mrs. Ross.

Methodist Church Notes.

"By the Pastor." Special Sunday evening service.

The Epworth League will observe Anti-Sunday Day. Songs and addresses by the young people; installation of officers with appropriate ceremony, spiced mousse by club and refreshment.

A man without either natural or cultivated ability is the most disagreeable thing in society outside of a burro or a bedbug, but a woman without the gift of a gracious and pleasant manner is like the sight of a blossoming stalk in a garden intent to grow roots.

Buying on installments is the poorest business policy imaginable. Selling on that plan is highly profitable, but buying that way is ignorant extravagance. As a rule, you must pay more than the article is worth, be molested and at times harassed by the collector for months hind even years, and never legally be the owner of the address will be "The Church's Seal of Authority."

Reception of members will be held Sunday morning, May 21. Any one desiring to enroll in the church is requested to speak to the pastor.

The Woman's Home Missionary Society will meet at the home of Mrs. W. H. Ambler on Dunlap street next Tuesday afternoon, May 16. The ladies are requested to bring their little boys.

Sunday, May 21, will be observed as decision day in our Sunday school. The teachers are making an effort to interest every scholar in making a decision for Christ.

The Detroit District League convention meets in Detroit this week Thursday and Friday. Two delegates have been appointed.

The Northville Athletic and Disc-

mating association pulled on the first matinee last Saturday. The races were of more than usual interest,

some of the colts showing speed that promises to be all the owner could expect. The half game between the "All Stars" and "Plymouth Freshmen" was won by the latter. This should have been a victory for the home team, but owing to a bad decision in the seventh, with two down, in favor of Plymouth—who afterwards sent three men across the slab.

The nine slot machines are still doing a land office business in the village and enough money is being gambled away through them each week to support about ten ordinary families. About \$100 a week is a fair average for the machine robbers.

This would almost pay the village taxes for a year. The majority of the people of the village protest against the running of these machines in defiance of the law. The

Woman's club have verbally petitioned the council and yet no action has been taken, and the gentle dropping of the nickels of school children and boys, and men who are not school children, still continues.

Now the school board has requested the council to act.

We want you to get a bottle of Rexall "93" Hair Tonic and use it as directed. If it does not relieve scalp irritation, remove dandruff, prevent the hair from falling out and promote an increased growth of hair, and in every way give entire satisfaction, simply come back and tell us, and without question or formality we will hand back to you every penny you paid us for it. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store. A. E. Stanley & Co., Northville.

Rexall "93" Hair Tonic acts scientifically, destroying the germs which are usually responsible for baldness. It penetrates to the roots of the hair, stimulating and nourishing them. It is a most pleasant toilet necessity, if delicately perfumed, and will not gum nor permanently stain the hair.

Baby won't suffer five minutes with group if you apply Dr. Thomas' Electric Oil at once. It acts like magic.

**SCHOOL BOARD NOW
AFTER SLOT MACHINES****ASKS VILLAGE AUTHORITIES TO
PUT 'EM OUT OF BUSINESS**

Menace to Morals of Pupils of Public Schools.

The school Board has now taken action on the slot machine question, and has sent a resolution to the council to suppress this sort of gambling in Northville which the board believes is a menace to the welfare of the public schools. The resolution is couched in no uncertain terms and it is thought that inside of a year some one will take action.

Members of the council say it is doubtful if they will take official action as they believe it is simply a matter of the enforcement of a village ordinance that already exists, and that it is up to the village president and marshal—the same as any other violation of the law.

As one cornelman puts it: "If there was a drunk or a fight on the streets or a man caught breaking in a store, would everybody wait for the trustees to pass a resolution to have it stopped or would those in authority get busy?"

(By Press Correspondent)

Sunday, May 14, is "Mothers' Day," a day observed by many organizations and which has even been recognized by Gov. Ostborg in a proclamation, which says in part: "Motherhood is the sacred tide from which flows the stream of humanity. The very word 'Mother' is synonymous for reverence. I beseech for this day the profound consideration and thought of all that this beautiful name suggests."

The W. R. C. calls upon its members to observe Mother's Day. If you are blessed with a mother, devote the entire day to doing her honor and giving her pleasure. You have none? Then honor her memory and make the mother of some other person happy. The emblem of mothers' Day is a white carnation.

Let us all wear one, and be very sure that every mother wears one over the heart that always beats loving and true for her children.

HAPPY MOTHER'S DAY.

Mrs. Smith Jones, taking a villa at Palm Beach, engaged for a butler a steadily old colored woman.

FOOD IN SERMONS
Feed the Dominic Right and the Sermons Are Brilliant.

A conscientious, hard-working and successful clergyman writes: "I am glad to bear testimony to the pleasure and increased measure of efficiency and health that have come to me from adopting Grape-Nuts food as one of my articles of diet."

"For several years I was much distressed during the early part of each day by indigestion. My breakfast seemed to turn sour and failed to digest. After dinner the headache and other symptoms following the breakfast would wear away, only to return, however, next morning."

"Having heard of Grape-Nuts food, I finally concluded to give it a trial. I made my breakfast of Grape-Nuts with cream toast and Postum. The result was surprising in improved health and total absence of the distress that had so long plagued me. I bowed the morning meal."

"This digestion became once more satisfactory, the headaches ceased, and the old feeling of energy returned. Since that time I have always had Grape-Nuts food on my breakfast table."

"I was delighted to find also, that whereas before I began to use Grape-Nuts food I was quite nervous and became easily wearied in the work of preparing sermons and in study, a marked improvement in this respect resulted from the change in my diet."

"I am convinced that Grape-Nuts food produced this result and helped me to a sturdy condition of mental and physical strength."

"I have known of several persons who were formerly troubled as I was, and who have been helped as I have been, by the use of Grape-Nuts food, on my recommendation." Name given by Postum Company, Battle Creek, Mich.

SEEN AND HEARD IN MICHIGAN

Grand Rapids.—The first strike benefits were paid to the striking furniture workers, when about \$12,000 was distributed, \$4 to each man. It is probable that if the strike continues for any great length of time this sum will be increased. President William Huber and Treasurer Thomas Neale of the United Brotherhood of Carpenters and Joiners, brought the money here from the national body and looked after the distribution.

Coldwater—Orrin F. Thornton, ex-county drain commissioner, who was arrested last summer and held for trial on the charge of forgery, was arrested in Janesville, Wis. Thornton had forfeited his bonds. Sheriff Tyler went there to bring him back but wired here for money to pay the reward. A Chicago paper said that Sheriff Tyler had been sued in Janesville for the amount of the reward offered, \$300. Thornton had been missing since last August.

Petoskey.—After remaining for several years an eyesore on account of the fact that the debris had never been cleared away, the site of the Imperial hotel, which burned to the ground, is about to be made into a park if efforts of the Petoskey Federation of Women's clubs are successful.

The federation began work to secure half of the \$3,500 necessary to purchase the lot and the council will probably appropriate the remainder of the sum.

Bay City—Frank Walker, the eighteen-year-old Flint lad, charged with stealing \$179 from a postal substation in Flint, was found not guilty by the jury in the United States court. The parents testified that the boy had sufficient money of his own, which with the \$25 given him by his father, would pay for a motor cycle he bought for \$200 a short time after the theft.

Kalamazoo—Albert Reed, a seventeen-year-old boy, was arrested charged with stealing several hundred dollars' worth of brass fittings from the Kalamazoo paper mill. Valuable brass fittings have for some time been disappearing from machines and the boy was caught with a sack filled with various pieces. He is the son of a well-known resident of the city.

Chelsea—Before departing for Lakewood, N. Y., to spend his last days in the Christian Ministers' Home, Rev. Tobias Holmes, ninety-four years old, presented his extensive library to the Union Christian College at Akron, Ind. He was president of the institution before coming to Chelsea. The old man has lived here continuously since 1877.

Flint—Arrangements have been completed by the local letter carriers for the entertainment of 150 state citizens and their wives during the one-day convention to be held here May 19. Morning and afternoon sessions will be held in the courthouse and a banquet and dancing party will be given at the Masonic temple in the evening.

Dowagiac—The city council of Dowagiac is in a deadlock over the new mayor's appointments. The trouble seems to be with the mayor's choice of marshal and city attorney. The mayor is a Democrat, while the council is solidly Republican. In the meantime the old officers are holding down the job.

Petoskey—At the instigation of President H. B. Hutchins of the University of Michigan, the Emmet County U. of M. Alumni association was formed here with the following officers: President, Paul Buckley; vice-president, Dr. Ralph Engle; secretary, Mrs. E. E. Gilbert, treasurer, W. G. McCune.

Dalton—Daniel Stiles, who attempted suicide April 20, died here of his injuries. He was fifty-three years old and leaves a widow.

Petoskey—The body of Frank Fogelson, aged fifty-four, was brought here for interment. He dropped dead while driving near Watson.

Charlotte—Charles Magnum, brought here from Battle Creek and convicted in circuit court on the charge of wife desertion, secured his release by giving bonds in the sum of \$200 to support his family for ten years.

Charlote—Secretary Shumway of the state board of health, called here the local board to investigate several alleged cases of smallpox pronounced the disease as that of chicken pox. Some of the cases were in Lee and Calburn county.

Jackson—The seventh annual convention of the state Nurses' association opened here with about thirty delegates in attendance. Officers will be elected.

Saginaw—The Eastern Michigan Fair association, which was launched by the board of trade, may purchase the old Harry Bates farm near the east city limits for permanent grounds. The promoters expect to draw from most of the northeastern Michigan counties for patronage.

Owosso—Conrad Mehlhaufer, an Owosso soft drink dealer, failed to show at the opening of the May term of court for arraignment on a charge of selling intoxicants. He has forfeited his \$500 bail bond, but his bondsman are secured by a mortgage on Owosso property.

Saginaw—Claude Gregory, wanted in Toledo on the charge of selling mortgaged goods, made a dash for liberty after talking with Chief Kain. For several blocks he led in the race, but was overhauled after a hard run. Three officers corralled him on the river front.

POTATO PROFITS IN IDAHO

The modest potato is not sufficiently taken into account as a producer of profit for the man who tills the soil. We hear about the romance of wheat, the kingly rule of Corn, the commercial dignity of Oats and Alfalfa, of Barley and Rye, and we count them as sources of great wealth for those who make the earth their servant.

But, granting to the grains and forages the credit that is due, there are wide stretches of land in Idaho producing cash yields from potatoes that make the average grain production of states farther east appear exceedingly small.

And there are so many more acres, of the same kind, that have not yet been given a chance to show what they can do, that the money-making possibilities of Idaho, so far as potatoes alone are concerned, cannot be estimated.

Idaho won national publicity in 1910 as the result of the awarding of prizes of \$500 and \$250, given by Mr. D. E. Burley of Salt Lake City, Utah, for the best and second best yields of potatoes produced on a single acre of land in territory tributary to the Oregon Short Line, Pacific & Idaho Northern, Idaho Northern, Idaho Southern and Payette Valley railroads.

The Oregon Short Line, together with its affiliated lines mentioned above, traverses the states of Idaho, Utah, Oregon, Washington, Montana and Wyoming, so it will be readily seen that the winning of prizes for which there were competitors from so wide a territory was an accomplishment of great importance to the victorious states and of lasting credit to the successful growers.

The results of this contest, participated in by so many of the most progressive farmers in the prescribed district, were amazing, and the following account of those results, with figures showing what the returns signify in the matter of profits from the land, should prove interesting to everyone concerned in agricultural affairs.

Though Mr. L. A. Snyder, the first prize of \$500 was won by Tain Falls county, Idaho, with the "Dalsmen Challenge" variety of potatoes. The second prize of \$250 went to Canyon county, Idaho through Mr. W. B. Gilmore, with the "Peachblow" variety.

On his winning acre of Idaho land Mr. Snyder raised 647 bushels of potatoes weighing 38,635 pounds. The crop weighed 4,150 pounds, leaving 31,525 pounds of the finest marketable potatoes, or about 57 bushels.

At 79 cents per 100 pounds, or 12 cents per bushel, the price Mr. Snyder received, the one prize acre produced in money. Therefore the sum of \$21,747.40, he left the 410 pounds of almost 70 bushels in culms, which were available for hog use.

Mr. Snyder has given to the Commercial Club of Twin Falls some further facts showing the possibilities of potato raising in his section of the country. He reports that from three acres of land he harvested 895 sacks of potatoes, averaging 110 pounds to the sack. He sold 1,000 bushels at 12 cents per bushel, receiving \$360, and he had 75 sacks left for seed.

An average gross profit of \$210 per acre, when we consider how much smaller is the average gross profit from an acre of grain, gives the reader a fair idea of what the intensive potato farming opportunities of Idaho really are.

Going a little more extensively into figures, we may safely presume that the average family of, say, five persons consumes about five pounds of potatoes per day. That ought to be a liberal estimate—a pound of potatoes per day for each member of the family, large or small.

The 38,635 pounds of potatoes raised by Mr. Snyder on his prize acre of Idaho land would, therefore, supply the potato needs of more than 22 such families for a year, allowing each family 1,725 pounds, or 283 bushels.

It is fair to say that a \$30 gross yield from an acre of wheat is a good return. So we see that Mr. Snyder's prize acre of potato land brought forth as much money as would eight acres of wheat land.

If Mr. Snyder were to realize from ten acres or his potato land as well as he did from the three acres which gave him \$360 he would have \$4,100 at the end of the season, besides more than enough spuds for his own use and for the next season's planting.

There's real money in Idaho potatoes.

The combination that won the Burley prize, says Mr. Snyder, is the most productive soil in the West, climate unexcelled, plenty of water for irrigation at all times, one of the best varieties of spuds, and a man with some experience and not afraid of work.

His words make clear the advantages and possibilities of the Oregon Short Line country. All of the farmers who entered the contest in which Mr. Snyder carried off first honor came out wonderfully well. Mr. Gilmore harvested 37,476 pounds of "Peachblow" potatoes from the acre he grew.

Added encouragement for those who have never tried potato growing as a profit-making business is found in the fact that Mr. Snyder's potato experience began only five years ago.

Up to 1905 when he moved to Idaho he had lived upon cattle, and hay ranches, had engaged in dairy, liver and mining work, but had not had experience as a farmer. He took up potato growing in Idaho because he thought it offered an agreeable and profitable occupation, and he has made

the results of each year better than those of the year before.

Speaking a short time ago, Mr. Snyder said: "I have always said that we have the best irrigated country in the United States. Mr. Burley gave us a chance to prove it, and it was as much the opportunity of showing that we could make good, as the money, which induced me to go into this competition."

Notwithstanding his achievement, Mr. Snyder does not believe that his record will stand. He has too great a faith in the potato industry and in Idaho to permit such an opinion. "I do not think we have reached the limit by a long way," he remarks, confidently, and there are thousands who are familiar with that country who are ready to echo the assertion.

The fact is that large profits from potato raising in Idaho are the rule, not the exception. H. P. Frodsham, a farmer in the American Falls district, commonly takes 500 bushels from an acre, 42 bushels per acre thus being, at 42 cents per bushel, \$210.

Someone who knows the conditions in and the possibilities of Idaho has said that "it is a marvel in southern Idaho that the new settler, with little or no capital or implements, but with a willingness to work, can plant potatoes on his irrigated farm the first year and make a good living for his family, besides laying aside money to make all necessary payments on his land."

William B. Kelley, who owns a ranch near Gooding, says: "We get so many potatoes to the acre that we don't stop to count the sacks."

Samuel Lewis, also living near Gooding, reports as follows: "Potatoes grow large and thick. Six potatoes from my field weighed 21 pounds. The crop runs 500 to 600 bushels to the acre, and can always be depended upon."

The price received by Mr. Snyder for his prize-winning potatoes does not by any means represent the "top" of the Idaho market. Much higher prices have been commanded at various times, yet at the 42-cent rate received by Mr. Snyder his profits were very large.

Scores of instances may be cited to show what the lands of Idaho hold in store for those who will put forth the effort that must precede success.

Those who have succeeded in this one task of potato raising, trace their accomplishments to industry, of course, and to a study of conditions and needs. But they could not have reaped such harvests if industry and determination had not been fortified by ideal conditions of climate and soil.

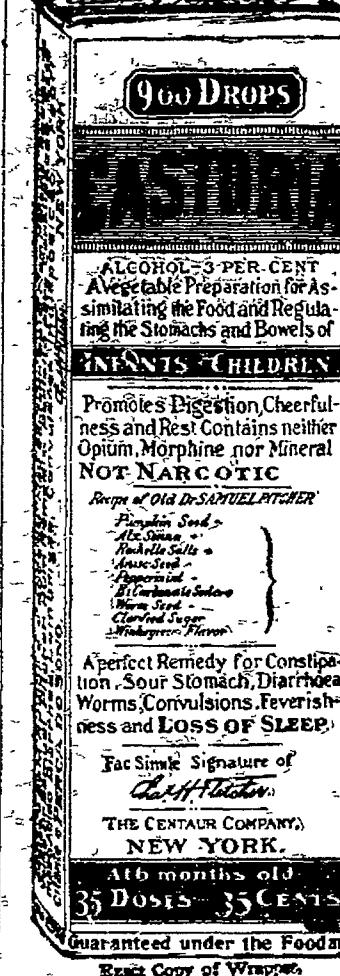

Such conditions prevail in the agricultural districts of Idaho. There the ground is rich and easy. There the climate is explosive to the outdoor task. There the scheme of irrigation has been so well prepared and is so unfailing in its supply, that growing crops have water when they need it.

With water, sun, heat and cultivation to bless the crop of proper ingredients, the growth of potatoes, or any other agricultural or horticultural product in Idaho, is as sure as any of man's tasks can be.

THAT WAS THE LAST STRAW

Many Women There Are Who Will Understand Just Why Long Suffering "Worm" Turned.

Several years ago an Aitchison couple were living happily together. The community was shocked one day when the wife applied for a divorce and got it. The story of the divorce has come out. It seems that the wife went into the kitchen and "slaved" all day. She made bread, pies, cakes, cookies and pork and beans. She boiled a tongue, made a potato salad, stuffed eggs, made a custard and brown bread.

When her husband came home at 6 o'clock in the evening he found her dressed up. And on the table was cold tongue, pork and beans, fresh bread, cake, cookies, pie, potato salad, stuffed eggs, brown bread and custard. The wife thought her husband would say: "You poor darling, how you have worked today!" Instead, he said in a surprised way: "COLD supper! Lord! but you have an easy time!" His wife did not answer him. She was speechless with rage, and he does not know to this day why she asked the court to be divorced from a BRUTE—Aitchison Globe.

There were a couple of dandy fish lars in the Colonial lobby. We didn't have time to get their names, addresses and photographs, but we lingered long enough to hear the conversation. The prominent part thereof was as follows:

"I didn't have no scales with me, you nut. But when I pulled him out I lowered the lake four inches."

"Some fish," commented the other, without the quiver of an eyelash.
