

THE NORTHVILLE RECORD.

Vol. XLI, No. 50

NORTHVILLE, MICH., FRIDAY, JULY 14, 1911.

\$1.00 Per Year in Advance

PROBABLY CONTINUED DUSTY NORTHVILLE

EVIDENTLY COUNCIL WILL NOT ACT FURTHER.

Members Do Not Seem to be Pro- gressive.

The road oil and Fourth of July mixed meeting Monday night was not very well attended.

The \$14 balance on hand was voted to be turned over to the band boys and the "Circle N" ball team, half and half.

On the road oil question, F. S. Harmon gave what information he had as to the use of the calcium chloride preparation manufactured by the Solvay Process company, which is said to be as effective as road oil and creates no dirt or odor. The horror of road oil as illustrated by its use at Milan was told, but another ex-Milan resident stated that the trouble there was caused by the improper method in preparing the Milan streets and the sloppy manner of putting on the oil.

One man living at Power's station had also complained he did not like the oil on Farmington streets and two men from Ann Arbor didn't like it over in that city.

With perhaps two or three exceptions, the speakers were enthusiastic for dust. They just loved to breathe it, and to eat it was just like wine to them at Thanksgiving time. And at night, ye gods! To linger and sleep within its spell is likened only unto the delights of paradise itself. In the words of the late Patrick Henry: "Give us dust or give us death."

There seemed to be a sentiment that the streets in the business section of the town should be either sprinkled or oiled. Instead of being mixed, but a motion for the water question exclusive, was killed.

It was brought out at the meeting that the water now being used for sprinkling purposes was not being paid for, and the sentiment expressed was that this was all wrong.

The attention of the council was also called to the fact that on Sunday when no sprinkling was done the street cars kicked up an awful lot of dust along the street to east

up, and the members of the council thought they could work in another half hour for sprinkling purposes every day. It was also stated that inasmuch as Mr. Montgomery had paid out considerable money to equip his sprinkling wagon that he ought to be allowed to finish out his sprinkling business and agreement with the business men.

Thus ended the meeting and the dust annoyances, together with its disease-breeding germs, will continue to afflict the residents of the village. The council, instead of experimenting with either the chloride or road oil on some street in town to save the water, to save the roads, to save property and to save lives, it gives evidence of sitting back in the traces and even preventing any feat of enterprise on the part of any other citizens.

MRS. EDWARD GAY DIED SATURDAY

Had Been Ill for Some Time at Her Home in Milan.

Northville people were very sorry to learn the sad news of the death of Mrs. Edward Gay, which occurred at Milan early Saturday morning. She had been in ill health for a number of years, but her death at this time was hardly expected. Mr. Gay is the manager of the Stimpson Scale Co., and they had lived in Northville for some time, having only recently moved to Milan.

Etta Mead was born, Oct. 2nd, 1876, at Milan. March 7, 1894, she was married to Edward Gay, who, with one son, father, mother, sister and brother, survive her.

The funeral was held in Milan Monday afternoon. Rev. Wm. S. Jerome, of this place, officiating. Those who attended from here were: Mr. and Mrs. L. A. Babbitt, C. C. Yerkes, Mr. and Mrs. C. W. Wagon, Mr. Coll. Mr. Pepper and Miss Mabel Stark.

Card of Thanks.

We desire to thank our friends and neighbors for flowers and many kind acts during our late bereavement. MRS. O. R. SLOAN,
MR. AND MRS. M. H. SLOAN,
CORA AND GRACE SLOAN.

"CIRCLE N" SUFFERS TWO DEFEATS

The Ypsilanti-Normals defeated the "Circle N" boys here Saturday by a score of 7 to 4. Northville simply could not play ball that day. Some of the "Circle N" outsiders failed to reach the ball several times during the game. According to previous "Circle N" playing, this should easily have been a Northville victory with a score of 8 to 1.

The Northville team journeyed to Holly on Wednesday of this week and were defeated there with a score of 7 to 1. Our boys never played a better game, Razz pitching his best, well supported by the entire team. Jones, who pitched for the Fourth, was batted all over the field by the "Circle N."

The Holly grounds were simply rotten, as Red Stimpson can prove, being hit in the eye by a bounded ball.

The game was won by hits made by the Holly umpire and team.

A third game will be played soon at Milford to break the tie, each team having won one game, and the "Circle N" team will take their own umpire!

PIANO CONTEST GETTING WARM

AS CONTESTANTS SWING INTO LAST LAP OF THE RACE.

They're Coming Down the Home Stretch in Splendid Style.

No use to shout now about the virtue of the piano or the other prizes. All have become familiar with them. Now is the time for steady, determined effort, the kind that wears and tears and makes character in the doing. Every one of these contestants who have been working for the prize will be better for the effort even though there is only one piano and only one who can win it.

Who is to be the one? That is the momentous question. Do they at times see a vision of the dais stopping at their door, the men unloading and tramping into their home with the beautiful instrument, the reward of their prowess and endeavor?

Persons wishing coupons on subscriptions must secure them at the time of paying for same.

Let none be discouraged with the result of the second count as it will take but little effort to still make up for lost time and win the beautiful \$100 Oakland piano offered. Get busy, and keep busy and you will surely be a winner in the great race. Get your friends to subscribe for The Record.

Get out and hustle as that piano will adorn some household after July 26.

For every seven new subscriptions handed in at one time, 8,000 extra votes, making a total of 12,200 votes.

For every seven renewals at one time, 5,000 extra votes, making a total of 8,300 votes.

For every seven back subscriptions at one time, 4,000 extra votes, making a total of 5,800 votes.

For every bunch of forty merchants' coupons brought to this office and counted by the publisher or his assistant he will give 1,000 extra votes. This will make a total of 2,000 votes in all.

These coupons may be collected from any and all merchants who are in the contest.

These coupons may be collected from any and all merchants who are in the contest.

Here are the firms giving coupons: James A. Huff, Hardware; Will L. Tinsam, Boots and Shoes; Charles A. Ponsford, Dry Goods; Fred Oldenburg, Groceries; Wm. H. Cattermole, Harness; and Farm Implements; Otto Loomis, Jeweler; C. E. Ryder, Groceries; William Gorton, Clothier; Schrader Bros., Furniture; A. E. Stanley, Druggist; Mrs. G. A. Tinsam, Milliner.

The Record has printed postcards for the use of contestants in soliciting subscriptions. Any one wishing them may secure the same by calling at this office, or writing for them.

We will gladly mail sample copies to any list of names which any of

the candidates in the contest will forward to us. Every young lady should avail herself of this opportunity.

Watch every issue of The Record for important announcements, and ask for coupons.
Get busy. Keep busy.

The piano is here and is on exhibit at the furniture store of Schrader Bros.

NORTHVILLE WATER BEING WASTED

MILLIONS GALLONS SAID TO BE USED AND WASTED.

Reservoir Too Low for Good Fire Protection.

Editor Record:—

As a taxpayer, citizen and water taker in Northville for many years and being one of the dust eaters and also sufferers from the annual and regular summer shortage of water, I want to say just a word as to the cause of all this. From an investigation and information I find that a large—a very large—amount of water is being allowed to run to waste throughout the village, and the majority of it is not paid for either. For instance, one Northville factory uses over six million gallons of the water a year and doesn't pay a cent for it; another factory uses 1,600,000 gallons, and the street sprinkler about a million more without pay, and to be added to this is six or more business places where the water is allowed to run all day long and probably all night as well. Thus it may easily be seen that twelve or fifteen million gallons or more of water from the Northville reservoir is used and wasted every year that is not paid for at all, while those who do pay are restricted to its use at certain hours, lest there be a shortage in case of fire. The reservoir is low at the present time. In fact so low that a good sized fire would wipe out the town in short order and yet the water is being recklessly wasted and, I understand, with the knowledge of members of the village authorities. Isn't it time to wake up?

Plymouth Binder Twine

SAVES TIME AND GRAIN

Twine is a small item, but good twine saves a lot of expense in harvest time. Every time your machine is stopped the delay costs you money. Time in harvest season is always valuable, and sometimes extremely precious on account of the condition of weather or grain. Be sure you use the best twine—PLYMOUTH TWINE. Then you will be safe from the annoyances, delays, expenses, which ordinary twine causes. Plymouth Twine works perfectly in every machine. More of it is made and used every year than any other kind, because it is known to be the best and has been for years. Binds more sheaves with less expense, no knots, no breaks, and is guaranteed full length and extra strength. Get Plymouth Twine from the local dealer. Look for the wheat-sheaf tag.

Use Plymouth Twine. It has the same high quality as our twine.

A Busy Place.

"There is that spot you call the 'lovers' lane,'" dimly asks the young man while the young lady waits on the hotel piazza.

Burglar Befriended Him.

A burglar was arrested for robbing a house up the state some time since, and the next morning the victim rushed wildly into the magistrate's office. As soon as he could get his breath to working again he told the official that he had come to see about the prisoner.

"Glad you came down," was the affable response of the magistrate. "I suppose you want to appear against him."

"Well, I guess not," exclaimed the victim with a glad smile. "I want to kiss him on the brow and give him \$10. Among other things that he stole from the house was a package of love letters that I wrote or my wife before we were married!"

WRONG SORT

Perhaps Plain Old Meat, Potatoes and Bread May Be Against You for a Time.

A change to the right kind of food can lift one from a sick bed. A lady in Weiden, Ill., says:

"Last spring I became bed-fast with severe stomach troubles accompanied by sick headache. I got worse and worse until I became so low I could scarcely retain any food at all, although I tried almost every kind. I had become completely discouraged, and given up all hope, and thought I was doomed to starve to death, until one day my husband, trying to find something I could retain, brought home some Grape-Nuts."

"To my surprise, the food agreed with me, digested perfectly and without distress. I began to gain strength at once. My flesh (which had been flabby), grew firmer, my health improved in every way and every day, and in a very few weeks I gained 20 pounds in weight."

"I liked Grape-Nuts so well that for four months I ate no other food, and always felt as well-satisfied after eating as if I had sat down to a fine banquet."

"I had no return of the miserable sick stomach or of the headaches, that I used to have when I ate other food. I am now a well woman, doing all my own work again, and feel that life is worth living."

"Grape-Nuts food has been a God-send to my family; it surely saved my life, and my two little boys have thriven on it wonderfully." Name given by Postum Co., Battle Creek, Mich.

FOREST FIRES SWEEP NORTHERN MICHIGAN

OSCODA AND AU SABLE WIPED OUT; LOSS \$2,000,000. MANY IOSCO FATALITIES.

ENTIRE UPPER SECTION OF THE LOWER PENINSULA MENACED.

Bay City, Saginaw, Detroit and Other Cities Rush Provisions and Temporary Aid to People of the Stricken Towns.

Cities of Oscoda and Au Sable, lying across from each other at the mouth of the Au Sable river, completely wiped out by fire. Not a building left standing, and many lives may have been lost, so rapidly did the flames sweep through the towns.

City of Alpena, swept by fire which causes half a million dollars loss, with danger not yet over.

Both these fires started by forest and brush fires in the vicinity, being swept by high winds into lumber or stub piles, whence flames spread with tremendous rapidity and fierceness.

All over the northern half of the state forests and fields are so dry from the recent long hot spell that fires are springing up everywhere.

High winds are prevalent, and are fanning these fires into conflagrations that are likely to cause the loss of thousands upon thousands of dollars, and may result in great loss of life, as was the case in the forest fire in Presque Isle county in September, 1908.

Fires have cut off all wire communication on the Detroit & Mackinac railroad north of Oscoda.

All along the line of the Michigan Central in the northern part of the lower peninsula towns are threatened by the forest fires which surround them. Bridges have been burned, as well as many freight cars on sidings.

SUMMARY OF THE FIRE SITUATION IN MICHIGAN.

With three people known dead, scores missing who may have perished, two towns wiped off the map and nearly a dozen others reported either destroyed or greatly damaged, Michigan is facing the worst forest fire situation the state has ever seen.

Northwest winds, said to be the worst possible for a situation of this kind, are blowing down over the burned and burning districts of the northern portion of the lower peninsula, spreading fires in almost every direction.

There is no rain in sight. Weather men say that a long and hot spell is all the state can expect for several days.

Without rain there is certain to be a much larger loss of property than at present, and the figures, were reported in from all districts now, would undoubtedly reach well toward \$2,000,000.

Id nearly every portion of the area affected, families and men from lumber camps are reported up and out of the outside world. Trains are held by walls of flame and ruined bridges.

Mayor Cowley, of the devastated city of Oscoda, has wired asking that state troops be dispatched to assist in patrolling the fire zone and bringing order out of the chaos which now exists.

Gov. Osborn stands ready to order out every man of the Michigan national guard if the situation warrants the move.

WHERE THE FIRES ARE RAGING.

The entire northeastern section of the state, a great part of which was burned over three years ago, is now being swept with flames which already aggregate millions.

People are fleeing from all the towns along the Michigan Central and Detroit & Mackinac railways.

Bay City is the center of the relief work and trains have been dispatched to the stricken districts with food for 2,000 people.

At Au Sable and Oscoda, at the mouth of the Au Sable river, both towns practically wiped out by the flames.

Body of Samuel Josenph, tailor, with two other bodies burned beyond identification, found in ruins at Au Sable.

Alpena—damage to property \$300,000; fire inside of city result from bathing boys smoking on bank of swimming pool.

Traverse City—loss to city property of \$25,000, while fire rages in country outside.

Boyer City—lumber camps in danger.

Trowbridge in Cheboygan—surrounded by flames and in danger of extinction.

Potter—summer cottages along the inland route destroyed by fire from the surrounding forests.

Cadillac—fire raging in the forests around the town.

At Richmond, on the Michigan Central, two bridges and 40 cars have been burned and the town is in danger.

Beaver township in Crawford county several farm houses have been burned.

Requests for militia shelter tents and blankets are pouring into Lansing from the devastated districts.

At Hankow, in Cheboygan county, on the M. C., two logging trains have been cut off by the fire and it is believed that their crews have perished. A bridge was burned.

An operator at Tower wired that the town was burning and that he was forced to desert his key. About 20 houses at Tower were burned before the operator left.

The condition at Millersburg is not as bad as at first reported. A mill and 31 houses were burned.

Frenchtown, part of Onaway, is completely destroyed. Metz, center of the fire of 1908, is in the center of the fire district.

Col. W. G. Rogers has ordered tents dispatched to Oscoda and Capt. Beckwith and the military company at Bay City will take charge. If more troops are needed they will be sent.

The threatening fire in an immense sawdust pile at Cheboygan was reported under control.

At Alger the forests are burning and several freight cars were burned up, but the town is not now in danger.

Forty freight cars on the Pigeon branch of the Michigan Central were burned.

Wheat fields and lumber camps near Grayling burn. One man dead.

A work of 591 pages, containing the public acts of the session of 1917, has been issued from the office of the secretary of state.

Though the Hastings Chautauqua association ran financially behind, the enthusiasm which the public displayed during the latter part of the session just closed is considered good enough guarantee to hold another next year.

The attendance at the summer school of the U. of M. is creeping up despite the warm weather. It is considered, however, by the university authorities that the torrid temperature is responsible in some degree for the comparatively small attendance as compared with former years.

Mrs. Adam Maid, of Niles, daughter of City Physician J. D. Greenmeyer, paid a fine of \$5 and costs on her plea of violating the scarlet fever quarantine.

A year's leave of absence, which may result in his resignation from the presidency, has been granted A. Gaylord Slocum, for more than 25 years head of Kalamazoo college. Though President Slocum refuses to say whether he will retire from active work his age and recent failing health make such a course seem probable. Dean Stetson will be in charge during his absence.

The Rex Packing Co., of Pittsburg, Pa., was practically destroyed by fire, causing a loss of \$200,000.

A westbound Detroit limited struck a traction engine near Galesburg and as a result of the collision George Proctor, engine driver, Motorman George Stoddard, of Albion, and W. J. Buhar, a passenger on the car, were injured. The engine was wrecked.

Thirty-three horses were burned to death in a fire at Piqua, O., which destroyed the livery barn of Robbins & Miles. Zie's theater, the municipal building, the Knights of Pythias hall and the Union Underwear company's plant were damaged before the fire was controlled. The loss is estimated at \$10,000.

The program for reducing the maneuver division, at San Antonio, Texas, contemplates the gradual withdrawal of the Eleventh, Fifteenth and Eighteenth regiments of infantry. The Thirtieth Infantry, Ninth cavalry and Fourth field artillery already have been ordered away.

When Theodore Bilbo, Verdaman candidate for governor, refused to apologize to John Henry, a railroad general agent at Jackson, Miss., for remarks about him in his speeches, Henry pounded him over the head with a pistol. Bilbo's skull is thought to be fractured and his recovery is doubtful.

PITIFUL SIGHT WITH ECZEMA

A few days after birth we noticed an inflamed spot on our baby's hip which soon began spreading until baby was completely covered even in his eyes, ears and scalp. For eight weeks he was bandaged from head to foot. He could not have a stitch of clothing on. Our regular physician pronounced it chronic eczema. He is a very able physician and ranks with the best in this locality. Nevertheless, the disease began spreading until baby was completely covered. He was losing flesh so rapidly that we became alarmed and decided to try Cuticura Soap and Ointment.

"Not until I commenced using Cuticura Soap and Ointment could we tell what he looked like, as we dared not wash him, and I had been putting one application after another on him. On removing the scale from his head the hair came off, and left him entirely bald, but since we have been using Cuticura Soap and Ointment he has as much hair as ever. Four weeks after we began to use the Cuticura Soap and Ointment he was entirely cured. I don't believe anyone could have eczema worse than our baby."

"Before we used the Cuticura Remedies we could hardly look at him, he was such a pitiful sight. He would fuss until I would treat him, they seemed to relieve him so much. Cuticura Soap and Ointment stand by themselves and the result they quickly and surely bring is their own recommendation." (Signed) Mrs. T. B. Resner, Mill Hall, Pa., Feb. 29, 1911.

Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a sample of each, with 32 page book, will be mailed free on application to "Cuticura," Dept. 23 K, Boston.

"You don't like educated Indians?"

"Oh, yes, I like them well enough, but I always feel a sense of shame when I meet one. He knows that my ancestors cheated his ancestors out of their land, and he knows that I know that he knows it."

The Modern Trend.

"How is the water in the bath, Fido?"

"Please, my lady, it turned the baby fairly blue."

"Then don't put Fido in for an hour or so."

Beauty is seldom completely satisfying. The birds that sing are not the ones that are good to eat."

Louis Jennings, Elsie Hathaway and Florence Grinnall are three schoolmates whose indulgent parents provided a picnic for each of them, giving carte blanche as to the number of their guests and the manner of entertainment on the beach. Three parties in ten days means a lot to young ladies of the tender age of eight. But they recovered quickly enough from the fatigue. Followed comparison.

"I think," said Lou, "ours was a very nice party. And we had ice cream twice, if you remember."

"Oh, I don't know," quoth Elsie, "she insists upon being called by her full name and will answer to no other."

"I notice all my guests rode round on the carousel as often as they wanted."

"I'm sure my party was the best of all," spoke up Flo. "Father says every d-d kid in town was there."

The Girl's Handicap.

In her pretty new frock sister Mabel felt quite proud as she sat on the front seat and watched some boys playing on the sidewalk.

"After a time one little boy came up to talk to her and to admire, in his rough little way, her bright shiny shoes and pink sash."

"See my nice square-cut waist," exclaimed the girl, "and my nice coral beads! Don't you wish you wuz a girl?"

"No sire-ee," replied the boy, "I wouldn't want to be any girl at all, because lookie how much more neck you had to wash."

Would Try Another.

There was going to be a picnic that morning, says the Cleveland Plain Dealer. The little boy prayed before he retired at night that it might be a fine day. And when he looked out of the window at the peep of dawn, it was raining.

In the evening, the little boy wouldn't say his prayers. "Mamma," he asked, as he was going to bed, "where do they sell idols? I want to get one to worship."

NORTHVILLE, MICH., JULY 14, 1911

The Water Works System.

The residents of Northville naturally want to use water most when it is the scarcest. They do not sprinkle streets and lawns in the winter time, nor in the early spring, and when it is needed most it is not to be had. A prominent citizen suggests that a pump be installed at the spring opposite S. J. Lawrence's place and that the splendid water from that place be pumped by electric motor into the mains so that the reservoir will be full at all times. There is seemingly no sense in a continued shortage of water year after year. The taxpayers have a water works investment of \$60,000 or so and it ought to be sufficient for all needs or else it should be made so. Here's a problem for the council to wrestle with and it can be solved with much credit to that body if they will take hold of it.

Just Cause for Anger.

"Mrs. Thumra is so angry with her dentist she won't ever will pay his bill," says the neighbor.

"Why in the world?" asked the caller.

"Well, she got him to put in a bridge for her and she complained to him that it did not feel right, but he said it was all right and would not be noticed when she got used to it; and so she kept it, of course, although it seemed to make it hard for her to talk—kind of made her voice thick, you know. And yesterday she called up Mr. Timmore and asked him to bring home some shoes and shirts for their little boys, and Mr. Timmore kept her repeating it over and over to him the longest time, until he thought he knew what she wanted. And what do you suppose he brought home? A bottle of soothing syrup."—Judge.

Not From Dublin.

A squad of raw recruits was being drilled by an irritable drill sergeant. The command "Double!" was given, and all the men obeyed with the exception of one, who remained standing still and gazing vacantly around.

"My man, you don't seem to know anything about 'doubling,'" roared the drill sergeant.

A gleam of comprehension passed over the face of the recruit, as he replied:

"No, sir; I'm a Cork man."—Tit-Bits.

As to Absent Friends.

There is an unfortunate tendency with some people to talk in a disparaging way about absent acquaintances.

"Oh, she's very nice, but—" and this "but" often leads up to a quite unnecessary and unkind comment. The golden rule to observe in talking about people is to speak exactly as though they were present, says Home Notes.

Everything gains by repetition, and not always favorably. Bishop Beveridge once said: "Resolve never to speak of a man's virtues before his face, nor of his faults behind his back," and faultfinders and flatterers would do well to bear this in mind.

Danger in Delay

Kidney Diseases are too Dangerous for Northville People to Neglect.

The danger of kidney troubles is that they get hold of you before you recognize them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, and Bright's disease, follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in Northville.

G. B. Sinclair, High St., Northville, Mich., says: "I recommend Doan's Kidney Pills highly in return for the benefit they brought me. For several months my kidneys gave me a great deal of trouble and the kidney secretions contained sediment and scalded during passage. I tried doctors' medicines, but found no relief, and finally I was led to get a supply of Doan's Kidney Pills. They helped me wonderfully and restored my kidneys to a normal condition. I willingly tell of my experience with Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Mr. and Mrs. Ben Cohen of Detroit announce the engagement of their daughter, Sarah, to Mr. Milton Wolfe. The Cohens were former residents of this place.

Ward Pettibone of the garage has shown commendable enterprise by installing an automobile air pressure tank in his place of business, and is filling free of charge.

One of our town girls recently sent twenty five cents for a receipt to promote and preserve beauty. She received the following reply: "Mind your mother and stay home nights."

The K. of P.'s have rented the rooms over the two drug stores, and an archway will be built to connect the two. This will make a fine lodge and club room for this society for the next ten years.

Mrs. J. N. Elliott was given a surprise last Thursday afternoon by about a dozen of her neighbors. It being the occasion of her birthday. She was presented with a pretty salad dish. A lunch was served.

What would you think of a man who would buy a cheap straw hat at a certain store and then after trying on a very expensive hat, walk out of the store with the last mentioned hat, leaving the cheap one?

Cattermole's new lodge hall is practically completed and the various societies are holding their meetings in their new home. The Woodman, Royal Neighbors, L. O. T. M. M. K. O. T. M. M. G. A. R., Foresters, and the Catholic society claim this for their home.

Does the council know that water is being allowed to run to waste all day long in various places in Northville? And yet residents of the village complain that they are suffering because they cannot lay the dust in front of their homes, unless they employ the public sprinkler, because of the shortage of water.

Miss Josephine Tisark and brother John, aged 14, of Plymouth, were seriously injured by a D. U. R. car while returning home from picking berries Monday morning. They saw the car coming and jumped from the buggy in which they were riding, directly in front of the car. Other occupants of the buggy who remained in their seats, were uninjured. Miss Tisark died the same night.

The "All Stars" defeated the "Young McGraws" of Detroit on the local grounds Wednesday. It was a close game from beginning to end, the score being 15 to 13. The Northville batteries were Jordan and Lewis, Detroit, Bendish and Roberts.

Why not ask the D. U. R. to either oil or chloride Main street and allay the influence of the dust, they kick up. The D. U. R. is permitted to monopolize the leading business street of the town and it would undoubtedly take such measures as would be necessary to do this if requested to by the council. Will the council just ask it? This can be done at least outside the fire limits and not interfere with the sprinkling contract at all.

A reunion of the Holmes family was held at the home of Mrs. Tom Verkes last Thursday. Guests to the number of forty eight were present from Novi, Dexter, Ionia, Ann Arbor, Howell, Detroit, Grand Rapids, Aurora, Ill., and Toledo, Ohio. The gathering proved so delightful that it was decided to make the reunion an annual affair, the next one to be held at Ann Arbor.

If you have nice beautiful yards, allow your boys to play in them, never scolding them for their merry laughter for it is better far to be annoyed at home than to have them raised up in an ugly affair on the street of which you know nothing until it has grown cold on every one's tongue. If you value their education as you should, you will keep your boys off the street, where no self association will corrupt their morals.

Traditions of Mother Shipton.
Of all British prophets, Mother Shipton is beyond doubt the most celebrated. She was, in fact, all that a prophet and witch should be, in strange contrast to the serious and scientific nostradamus. The day she was born the sky became dark and gloomy and, according to her biographer, "beheld not nothing for half an hour but but flames, thundering after a most hideous manner." Her personal appearance, described by her admiring biographer in 1662, is scarcely flattering: "Her physiognomy was so misshapen that it is altogether impossible to express fully in words, or for the most ingenious to line her in colors, though many persons of eminent qualifications in that line have often attempted it, but without success."—Metropolitan Magazine.

4 Reasons Why one Practical Housewife Uses only Columbus Flour

1. It gives me splendid results for all kinds of baking.
2. I have been complimented time and time again upon the bread and pastry which I bake with Columbus.
3. I go at my baking without worry, with confidence that I shall meet with good results.
4. Columbus Flour makes more loaves to the sack, than some flour I have used, whose price is practically the same.

Are these not good reasons for you to think over?
Your grocer will supply you with Columbus Flour.

SICK FOLKS

The percentage of those between the ages of 20 and 70 who are in the enjoyment of perfect health and nerve force is small. If you will talk confidentially with those afflicted you will find in the vast majority of cases their trouble is due to a lack of early training. To all who have not started right, or have fallen by the wayside in later years, we offer a simple, safe, and effective remedy. It is a secret, and we have no intention of revealing it to the public. It is a secret, and we have no intention of revealing it to the public. It is a secret, and we have no intention of revealing it to the public.

If You Suffer
Let Us Cure You
Backache, chronic or acute, comes to us. Those of you who are afflicted with this trouble, in the early stages, respond to our treatment, without exception, and with the most rapid results.

YOU CAN AGAIN HAVE PERFECT HEALTH.

Family doctors do the best they can, but they are not specialists devoting a lifetime to curing these few diseases. Sufferers have been coming hundreds of miles to the Dr. Hunt Institute for many years, and the results have been so successful that the Dr. Hunt Institute has become a place of resort for the afflicted. Our mail is full of testimonials every day from sufferers who claim that we have cured them after other doctors had failed. They have been cured of their chronic backache, and they are now enjoying perfect health. Our motto is: "We will cure you, or we will refund your money." Call or write TODAY in sacred confidence.

WINCHESTER

Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.

THE RELIABLE REPEATERS

Bargains in Detroit Real Estate.

The tract in Detroit just opened by capitalists of that city, is called the Medbury Tract and is situated on North Woodward Avenue. The location is a favorite one, as the situation is elevated and free from the smoke and dust of the central portion of the city. It has all improvements—gas, water and sewers. Any of our readers can secure a lot by forwarding \$10.00 to Hanna's Realty Exchange, McGraw Building, Detroit. If dissatisfied on personal inspection, another lot may be reserved or money will be returned. As this is the last tract on North Woodward within reasonable distance available for subdivision purposes, it behooves all who desire to profit by the investment to act at once. Further particulars will be mailed promptly on request. The proposition is well worth investigating.

RASPING AMERICAN VOICE

Medical Writer Says It Is Worse Than All Other City Noises in Its Effect on Nerves.

The American voice is not what it ought to be, according to the Interstate Medical Journal. Here is what the writer says on the subject.

"We are now speaking of the American voice, which has a chromatic scale no other voice possesses, and so many irritating qualities that, were a nerve removed from the healthiest body and subjected to the pricking of its many stridencies, we are sure it would wriggle at once with an activity that could not be interpreted as anything except a mild protest."

"Surely, the American voice as it falls upon our ears must make so tight a clutch on our nerves that the combined effect of all other noises dwindles into comparative insignificance."

"Just why in our few moments of relaxation it has never occurred to us that our nervousness might be traced to its undoubtedly disturbing elements is a problem whose solution would require deeper cogitation than the present writer is capable of. But the glaring fact remains that we have made light of a matter fraught with importance, and in marshaling our full strength against the defects in our civicism have missed out just where our severest condemnation was necessary."

PUTS HIS QUEUE IN CASKET

Ling Sung of Omaha Obeys Imperial Decree but Carefully Preserves His Precious Pigtail.

After forty years of the closest companionship Ling Sung has parted with his queue in obedience to the imperial decree of the Emperor of China.

The queue, which is tied at one end with yellow ribbon, reposes in a silk lined casket under his cot and will be his companion to the grave when he is called to join his ancestors. Mr. Sung is one of the few Chinamen of Omaha who have clung to the Chinese custom of centuries and continued to keep the adornment carefully protected from the dismantling customs of the modern west.

Immediately after the formality of slipping off his queue Mr. Sung was barbered by one of his countrymen, and on Monday he gave an ante-queue chop chop any dinner to a few of his friends. There will be another chop chop any dinner to celebrate the event. When asked if the emperor's decree caused him to cut off his queue Mr. Sung said:

"No, my friend. Him barber, use just shears, same's anybody. No save him in box to look at when not feel velly good."—Omaha World-Herald.

American Influence in Canada.

During the last 10 years over one and a half million immigrants have entered Canada. Of these 500,000 have come from Great Britain and as many from the United States. During this period 300,000 immigrants will enter the Dominion. Of these 100,000 will come from the neighboring country and 100,000 will enter by ocean ports.

The western settlers in Manitoba, Saskatchewan and Alberta are of the classes which interest themselves in local, state and national government. When they get their patents and become naturalized they will have almost a decisive influence in many constituencies. They have no natural affection for Great Britain. Probably they have been educated in contempt of kings and monarchical institutions. There are places in Saskatchewan where there is a hearty celebration of Independence Day by the American settlers and a dull, routine and uninteresting observance of Dominion Day by Canadians.

Ancient Suffragettes.

The suffragette is not new in England. As far back as 1541 "several gentlemen and tradesmen's wives from the city" wanted to present a "no popery" petition. The commander of the guard, in obedience to the commons' command, "spoke them fair" and advised them to go home. They replied that they would return next day, and that "where there was one there would be 500." They proved as good as their word. Pym, the leader of the house in those days, did not prove so unyielding as Mr. Asquith, for it is related that he came to the door, thanked the women for the petition, and promised that it would have attention.

Seek Their Old Land.

A deputation of the principal Maori chiefs of New Zealand has interviewed the premier and asked for the return of certain reserves near Patea, or for compensation. The natives are particularly anxious to get the reserves back, as they are closely connected with ancient tradition and myth, and are almost sacred ground, as at Patea was made the first permanent home of the immigrants who came to the Dominion from Hawaii in the canoe Aotea, under the chief Turia.

Hoops for Children.

The opinion is expressed by men who have made a study of exercises for health, that it is a pity the skipping-rope and hoop have gone out of fashion for children. It is suggested they are more excellent mediums for the physical development than bicycles and roller skates. The fact that small children are allowed to have bicycles, and consequently make no use of nature's means of progression, is offered as an objection to them. The skipping rope and hoop require them to sit and walk. Young children should be encouraged to do this as much as possible, and always with a springy step. They need to use their feet and legs and exercise that brings these into play is beneficial.
