

# THE NORTHVILLE RECORD.

Vol. XLII. No. 51.

NORTHVILLE, MICH., FRIDAY, JULY 21, 1911.

\$1.00 Per Year in Advance

## EASY PICKING FOR "CIRCLE N'S"

JUST LIKE TAKING CANDY FROM  
A BABY.

The Game Finally Ends With a  
Score of 15 to 1.

The "Circle N" team simply ate up the "Builders' Exchange" team of Detroit here Saturday. There is nothing much to say about the Detroit players, with the exception of one man who made a homerun, thus preventing a shut out game. However, there are several good reports for our boys. Jones, pitched one of his best games, and of course this helped. "Relly" Stimpson lammed out three two baggers, and "Ky" knocked a home run when the bases were full, bringing in four scores. Boyden and R. Stimpson made three double plays, from second to first, putting out six runners. It was not until the first of the fifth that the Builders were able to gain a score, and one was all they could get. However, they were a good natured bunch and did not cry over split milk. At the close of the game the score stood 15 to 1 in favor of the "Circle N's". The boys will play the "Columbias" here Saturday.

## FROM OUT OF THE LONG AGO

The following news item from "The Song Journal" under date of Northville, May 18, 1872, will be of interest to many of our citizens as a memory letter out of the long ago. "A grand concert was given here last evening under the direction of Dr. Swift, which for acolling in all its appointments, has seldom or never been equaled by any in our somewhat musical village. The programme comprised instrumental and vocal performances. The instrumental part consisted of cornet and piano solos and duets. Prof. J. Savage, cornetist, has few or no superiors upon his instrument, and, with Lizzie Swift, at the piano, engaged the most marked attention and applause that the audience could bestow. To our unsophisticated ears, it was almost matchless. The vocal part consisted of solos and quartettes. Miss Belle Rando, ph.

who is a great favorite, surprised everybody by her singing. A brilliant future awaits her. Mr. Randolph and Mrs. Swift, as usual, pleased the listeners as bass and alto. Miss Sophie Howard (Mrs. Knight) of Lansing, who was not a stranger here, added much to her already high reputation, by several very fine solos. Her sweet, round and powerful soprano gives evidence of great cultivation and severe painstaking.

## WILL GO AFTER HOLLY SLUGGERS

"CIRCLE N" MANAGER ARRANGING RUBBER.

Will Play at Milford with Mutual UMPIRE.

The "Circle N" team proposes to show the Holly team up as a lot of said sluggers, instead of Major Leaguers, as they are trying to pawn themselves off on the unsuspecting public. The Northville boys generally manage to get away with most any 9 man team in the majority of cases. However, when it comes to 10 men, they are not equal to the occasion.

Manager McKahan proposes a game at Milford with the Milford umpire. The "Circle N" boys think they can win Holly to a frazzle. If the game is arranged, the net gate receipts will probably go to the winning team.

## Oiling Streets.

Mrs. Kate Allen has had, at her own expense, the street opposite her home and for a distance on each side thereof, sprinkled with oil, for the purpose of laying the dust. The work needs to be done over again to make it thoroughly effective, but it has given the people an understanding of the effect oil has as a dust eliminator. It has also demonstrated that the small is not as bad as had been supposed, at least what there is of it is preferable to the clouds of dust, and it's a healthy smell, too.

As the people on the street see what it is doing for that particular locality, a petition was circulated Monday and secured the name of nearly every property owner on Penniman avenue from Main street to the village limits, and also upper Church street, who are willing to pay their pro rata share of having the street sprinkled with oil, and have a good job made of it—Plymouth Mall.

## CONTEST CLOSES WEDNESDAY, JULY 26

ONLY A FEW MORE DAYS TO  
WORK FOR THE PRIZE

Last Struggle for the Capital Prize  
Now at Its Height.

There are now but a few more days in which the candidates engaged in the Record's popular voting contest have to work for the several prizes offered. The voting closes on an end on July 26 at 4 o'clock and soon thereafter the counting will be commenced to see who shall be declared the winner of the splendid Oakland piano and the other beautiful and useful articles offered to those who are making an endeavor to land the premiums. It is not believed by those who have given the matter careful thought that any particular person has the grand prize clinched at the present, but there are several in the race who have a good chance to land it if they only hustle.

If you have not seen the fine piano offered in this contest go to Schrader Bros' furniture store and take a look. Many of our citizens have examined the instrument as to its quality and appearance and there is yet the first one to say that it is not a fine one. It is of plain rich mahogany and a prettier piano was never unloaded in Northville.

There are seven young ladies who appear to have the best of the contest, but none of them have a sure clinch on being the ultimate owner of the prize. If one of these contestants who is away down the list should take it into her head that she was going to win the big premium she could easily do so. She would have to work to do it, but that was what was expected when the contest opened. Several bunches of seven new subscribers or of

renewals in groups of seven would put the lowest candidate in the race up among the leaders.

Wednesday, July 26, the voting will cease and the final count will be made that evening. This is but a short time ahead and it is worth the while of the candidates to get among the people and work like Trojans from now until the ballot box is closed at 4 o'clock in the afternoon of the day mentioned. No ballots will be received after 4 o'clock under any circumstances, no matter who may have them or what excuse they may present for not getting them in at the proper time. The contest is on the square and there is to be a fair field and no favorites.

Get out and hustle as that piano will adorn some household after July 26.

For every seven new subscriptions handed in at one time, 8,000 extra votes, making a total of 12,000 votes. For every seven renewals at one time, 5,000 extra votes, making a total of 8,500 votes.

For every seven back subscriptions at one time, 4,000 extra votes, making a total of 6,500 votes.

For every 3-five year new or renewal subscriptions 25,000 extra votes, making a total of 40,000 votes.

For every bunch of forty merchants' coupons brought to this office and counted by the publisher or his assistant he will give 1,000 extra votes. This will make a total of 2,000 votes in all.

These coupons may be collected from any and all merchants who are in the contest.

Here are the firms giving coupons. James A. Huff, Hardware; Will L. Tinsam, Boots and Shoes, Charles A. Ponsford, Dry Goods; Fred Oldenburg, Groceries; Wm. H. Catermole, Harness and Farm Implements; Otto Loomis, Jeweler; C. E. Ryder, Groceries; William Horton, Clothier; Schrader Bros., Furniture; A. C. Stanley, Drugist; Mrs. G. A. Tinsam, Milliner.

Get busy. Keep busy. Any and all contestants can be present, or be represented, at the final count.

## HOLLY DID IT.

Trimmed Northville 7 to 1 Here  
on Wednesday.

Holly got the revenge they were after in the game with the "Circle N" of Northville at this place on Wednesday, and they got it in a measure heaped up and overhauled. The score was 7 to 1, which wipes out the disgrace of that 5 to 6 defeat and leaves margin enough to gloat over. Northville has got a good team but they are not in our class. Class C will about do for them while we are in the Majors—Holly Advertiser.

The only reason that Northville does not wish to get in the "Major Class" is that it takes ten men to a side, nine players and an umpire, while in "Class C" there are only nine men needed and one good impartial man to make the decisions.

At the Chilean Forge.  
For the most part the methods of horseshoeing in Chile are primitive and the tools used are simple and few, consisting usually of a hammer, a rasp, a pair of pliers, a crude knife and an anvil, all of which are made in the country. There is no need of fire, as the workman beats the shoe into shape cold.

Aided by Advertising  
Certain well known American products, like garters and hooks and eyes, have become household articles in France, largely because of persistent and systematic advertising.

## "Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.  
How often you require to paint is largely dependent upon the paint you use.

THE  
SHERWIN-WILLIAMS  
PAINTS

outlast others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—The Sherwin-Williams Paints.

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.

## RAINS STAMP OUT AND CHECK FOREST FIRES

NORTHERN MICHIGAN BREATHES EASY AGAIN  
AFTER SEVERAL DAYS OF FIGHTING  
FLAMES.

WORK OF RELIEVING AU SABLE AND OSCODA  
SUFFERERS GOES ON.

Investigation Shows That Earlier Reports of the Forest  
Fires in the Northern Part of the State  
Were Exaggerated.

Heavy showers ranged over all the northern and eastern section of the fire zone in northern Michigan, falling where the greatest danger lay, Millersburg, Onaway and Tower, experiencing drenching rains, while at Metz and Lachine hail accompanied the rain.

The people of the devastated region received the rain with joy. Hymns were sung and prayers said. Men, women and children stood out in the open and let the drops soak them.

Investigation by correspondents who have been over the ground show that earlier reports of the forest fires in the northern part of the state were greatly exaggerated.

In Cheboygan and Presque Isle counties they were the worst, but even there they were not as bad as was feared at first.

About half the buildings in Millersburg were burned before a lucky change of wind saved the town. Tower also suffered, but the fire jumped past Onaway.

Millions of feet of sawed lumber at Waters were burned, but the town was not touched by fire. This fire was not the result of forest fires, but was caused by a spark from a locomotive. Nowhere else along the line of the Michigan Central from Bay City to Cheboygan are there fires to amount to anything.

Work of relief of refugees from stricken towns of Oscoda and Au Sable goes on, principally at East Tawas, where most of them are quartered.

The discovery of the charred remains of one man at Oscoda raised the death list in the twin towns to four.

There have been no forest fires in Alcona county.

Hillman, the chief city of Montmorency county, reported endangered, is found safe. The total forest fire damage in Montmorency county is probably \$50,000. There is no further danger there.

### GOVERNOR APPOINTS MEN TO HANDLE RELIEF.

Gov. Osborn has appointed the following to compose a state commission to handle the fire relief work:

George G. Booth, Milton McRae, Capt. Fred Alger, Henry Ford, Detroit; Clarence Cotton, Grand Rapids; Homer Bush, Bay City; George W. Morley, Saginaw; Frank Fletcher, Alpena; A. E. Packard, Charlotte; J. W. Wells, Menominee; J. D. Dorr, Flint; J. E. Fee, Ann Arbor; R. E. Olds, Lansing; Col. P. L. Irish, Kalamazoo; Dr. W. H. Sawyer, Hillsdale; William Hovey, Eastern Harbor; John Carter, Flint; John Grant, Mamsee; Otto Fowle, Soo; A. T. Woodruff, Bay City; Mayor James Laberg, East Tawas; C. W. Luce, East Tawas; and Albert S. Sleeper, Lansing.

### CITIZENS DECIDE TO REBUILD.

A grand spirit of generosity was shown by the citizens of Au Sable and Oscoda at a mass meeting and it was decided to rebuild and have each one city.

Several merchants announced that they would develop temporary structures and be doing business within 20 days.

Chas. H. Sawyer stated that Detroit was ready to do what it could and stated that his read would do everything for the sufferers.

The meeting was held in the little frame school house still standing, the people being comforted by the ringing of the school bell.

Relief supplies abounded plenty of food and shelter and only clothing is needed.

Twenty-four in Oscoda, a school house, a bank and a railway station only buildings left.

Four lives are known to have been lost and several more names may be added to the list of fatalities when the ruins are cleared away.

The large lumber mills of the H. S. Lund's sons company and every business enterprise in the two towns were completely wiped out, the loss totaling over \$1,000,000.

Military department of the state sent all the available tents to stickpin city with department of hospital camp to care for the sick.

At a meeting of the public domain commission, called by Secretary of State Marshall, it was decided to use whatever money was necessary for the protection of life and property in the state, as a result of the forest fires.

The report of some of the commissioners as to whether the auditors have the right to take the money, but all red tape was cast to the winds, and the auditors are willing to take a chance at this critical period.

### Osceola Loss \$250,000

The lumber camps were wiped out by fire in Osceola county. The M. C. railway lost 100 cars. Thirty farm houses and 1100 feet of logs burned. The total loss in the vicinity is reported at \$250,000. The danger is past. The Stephens Co. loss in lumber at Waters was \$100,000, fire making a mile of ash heaps. Crews suffered considerably.

At Berryville a store building, several residences and a school house were burned.

A Glazer, farmer, was burned out, and two farmers lost their barns and crops. "Frowbridge, a place of a few settlers, located two miles south of Waverine, which was reported burned, was saved by hard effort. No settlement or town in this vicinity is now in danger. In the east end a fire patrol is being maintained.

Among the timber losses is a million feet of shelled logs between Wolverine and LeGrand, and a half million loss east of Gaylord, both belonging to Kneeland & Bigelow, of Bay City.

Sunday's Rain Effectually Kills Fires. Rains continued Sunday throughout northeastern Michigan effectually dissipating all fire danger in the forest districts for some time to come.

Relief work at Oscoda and Au Sable, however, will be a big task. Free transportation has been suspended by the railroads and there are still nearly 1000 men, women and children at the site of their former homes. The H. M. Lund's Sons company is urging the men to leave and seek work elsewhere as it cannot re-build of a scale anywhere as large as its original plant.

\$200,000 Loss in Presque Isle County.

The fire losses in Presque Isle county were along the railroad only. Rogers City and Metz were never touched, but the people were ready to move out, thinking of the 1908 horror. The total loss in Presque Isle county is about \$200,000. A danger is over now.

### Tower's Loss \$50,000.

The loss at Tower was probably \$50,000, including 20 D. & M. railway cars and a shingle mill. The loss is slight throughout the rest of Cheboygan county.

### No Peril in Isosco.

There has been no danger in Isosco county, the chief cities of which are Tawas City and East Tawas.

### Bay Scouts Thanked for Offer of Aid.

Gov. Osborn has sent thanks to Prot. W. H. Sawyer, president Ypsilanti Boy Scouts, for the offer of the Scouts' service for patrolling, distributing supplies and aiding injured in the forest fires and saying that should it prove necessary he will gladly avail himself of their services. Should the call come, Dr. Sawyer would go with the scouts.

### Alpena Loss \$155,000.

The Moench Sons' lumber loss at Alpena is estimated at \$125,000. The other fire damages were \$30,000. This fire was not caused by the forest fire but by careless boys.

### Posse Shoots Down Burglar.

In a battle between veggers and a posse of officers at Benton Harbor Sunday night one vegger was shot, wounded and captured, a second got away, although it is believed officers winged him, and a woman, supposed to be a confederate, was arrested.

### Crawford Loss is \$100,000.

Fires in Crawford county and vicinity are extinguished. Revision places the lumber loss in this county at \$100,000.

Vanderbilt has not at any time been in any serious danger from forest fires, reports sent to the contrary notwithstanding. There has been no rain in this section to quench the smoldering fires.

### Rep. Loud Depressed by Fire Losses.

Congressman George A. Loud passed through Bay City on his way from Washington to Au Sable. He was very much depressed by the great fire in that place and Oscoda. In addition to his losses in the lumber business, the souvenirs gathered in three trips across the Atlantic, three across the Pacific, and one around the world as well as his films of Panama and the Philippines, were all destroyed.

### Scattered Lumber Loss.

The Richardson Lumber Co. of Bay City lost a total of \$10,000 in lumber fires at Alpena, Onaway and on the Hurst branch of the Michigan Central. The White Lumber Co. of Boyne City lost \$45,000 in cut lumber at their No. 6 camp near Wolverine. The Kneeland Bigelow Co. of Bay City lost one camp and \$15,000 in logs in Montmorency county.

## 50,000 NEEDED TO HARVEST WESTERN CANADA'S CROP

Will Take 160,000 Altogether to Take Care of Yield of Prairie Provinces.

One hundred and sixty-two thousand farm hands will be required this year to harvest the grain crops of Manitoba, Saskatchewan and Alberta. Of this number the local help will provide about 112,000, which will leave about 50,000 extra farm hands. There is, therefore, a great demand for this class of laborers in all parts of Western Canada. In order to meet the requirements it has been arranged to grant very low railway rates from all boundary points reached by Canadian railways. In order to secure these rates it will be necessary for you to call on one of the following authorized agents of the Canadian government: M. V. McInnes, 176 Jefferson Avenue, Detroit, Michigan; C. A. Laurier, Marquette, Michigan; J. S. Crawford, Syracuse, N. Y.; Thos. Hetherington, Room 202, 73 Tremont Street, Boston, Mass.; H. M. Williams, 413 Gardner Bldg., Toledo, Ohio; Geo. Aird, 216 Tracton-Terminal Bldg., Indianapolis, Indiana; C. J. Broughton, Room 412 Merchants' Loan & Trust Bldg., Chicago, Ill.; Geo. A. Hall, 2nd Floor, 125 Second Street, Milwaukee, Wis.; E. T. Holmes, 315 Jackson Street, St. Paul, Minn.; Chas. Pilling, Clifford Block, Grand Forks, N. D.; J. M. MacLachlan, Box 197, Watertown, S. D.; W. Y. Bennett, Room 4, Bee Bldg., Omaha, Neb.; W. H. Rogers, 125 West 9th Street, Kansas City, Mo.; Ben Davies, Room 6, Dunn Block, Great Falls, Montana; J. B. Carboneau, Jr., 217 Main Street, Biddford, Me.; J. N. Grieve, Auditorium Building, Spokane, Wash.

This will give to intending harvest laborers a splendid opportunity to look over the magnificent wheat fields of Western Canada and will give them the best evidence that can be secured of the splendid character of that country from the farmer's standpoint. There will be at least 200,000,000 bushels of wheat harvested within the area of the three provinces above named this year and it is expected that the yield will run from 15 to 25 bushels per acre. Many farmers, this year, will net, as a result of their labors, as much as \$3 to \$10 per acre and many of them will deposit as profits as much as \$8,000 to \$10,000.

The wide publicity that has been given to the excellent crop that is being raised in central Alberta and southern Alberta, central Saskatchewan and southern Saskatchewan, and also in Manitoba, will increase the price of lands in these three provinces from \$7 to \$5 per acre and the man who was fortunate enough to secure lands at from \$12 to \$20 per acre will have reason for gratification that he exercised sufficient forethought to invest, while the man who was fortunate enough to secure a homestead of 160 acres free will also have a greater reason to feel pleased.

Notwithstanding the great addition to the acreage this year over last and the large crop that will be ready for harvest there is no reason to become alarmed that the harvest will not be reaped successfully. There will be a great demand for these low rates during the next couple of months; be sure to make your application to any of the agents above mentioned that may be in your territory at as early a date as possible. Harvesting will commence about the 25th of July and continue for five or six weeks, when threshing will begin and there will be plenty of work until November.

### Father Loses an Excuse.

"Don't you regret seeing your children growing up to face the responsibilities of the world?"

"Yes," Mr. Blignis said, "it's a little disappointing to find my boy so big that he is no longer an excuse for my going to the circus."

## Danger in Delay

Kidney Diseases are too Dangerous for Northville People to Neglect.

The danger of kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lagiveness, soreness, lumbago, urinary troubles, dropsy, and Bright's disease, follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in Northville.

G. B. Sinclair, High St., Northville, Mich., says: "I recommend Doan's Kidney Pills highly in return for the benefit they brought me. For several months my kidneys gave me a great deal of trouble and the kidney secretions contained sediment and scalded during passage. I tried doctors' medicines, but found no relief and finally I was led to get a supply of Doan's Kidney Pills. They helped me wonderfully and restored my kidneys to a normal condition. I willingly tell of my experience with Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## NORTHVILLE

### The City in Brief.

Mr. and Mrs. Best Stark are camping at Walled Lake.

The little son of Mr. and Mrs. Floyd Northrop is ill with measles.

The piano contest ends at 4.00 o'clock next week Wednesday, June 26.

Mrs. Will White attended the funeral of her nephew at Flint Wednesday.

Catholic services will be held in Cattermole's hall Sunday morning at 8.00 o'clock.

Mr. and Mrs. Ed. Vanderhoof are now comfortably located in Everett, Wash., and like their new home very much.

Robert Yerkes, Sr., and D. P. Yerkes and family are spending the week at the Yerkes cottage at Walled Lake.

A special meeting of the council was held Monday night and a contract let for the purchase of two hundred feet of low hose.

Born to Mr. and Mrs. Alex Daly of Dearborn, a daughter, Monday, July 19. Mr. and Mrs. Daly were formerly residents of Northville.

O. S. Harger fell Friday, breaking one rib and fracturing two. Although unable to lie down, he is fairly comfortable. Dr. Henry was called.

The ladies of the Ureeda Rest club of Milford and their husbands spent last Friday with Mr. and Mrs. D. P. Yerkes. Twenty-two guests were present.

Owing to the shortage of water, Trenton had a \$5,000 fire Tuesday. Had it occurred, previous to Sunday's rain the whole village might have been lost.

One of our Northville citizens recently went buckeberries. He turning home he figured out that his berries had cost him just 20 cents per quart. Cheap berries.

Charles Danjel has been re-appointed as county game warden. Red Grandt, of South Gaston's force was Danjel's opponent. Mr. Grandt was given a state deputyship.

Members of Alban M. Harmon Post, G. A. R., will hold their next regular meeting, Friday afternoon, July 25, in their new hall, known as Cattermole's hall. A good attendance is desired.

Dr. Burgess has shown commendable enterprise in closing the street in front of his residence. This will not only keep down the dust at this point but it will also preserve the street paving.

Miss Rachel Chadwick entertained six girls at the home of her grandfather, F. R. Best, Monday afternoon. Fishing in the lake was the chief of amusements, a dray being called to convey the thousands of fish caught by the girls to their various homes.

Chris Henry, who works for Fred Ward, returned home from town Saturday night with something else besides the Northville water works. On board Drilling into the yard, his buggy came in contact with the hitching post throwing him out. One limb, hip, arm and collar bone were broken. Dr. Henry, who was called, gathered up the pieces and took them to a Detroit hospital where the patient bids fair to recover.

A prominent Fowlerville man was asked by the Record as to the oiling of the streets of that village which took place about six weeks ago. "The merchants bought the oil and the village council put it on the streets," he said. "At first some people objected on the ground of the smell, and others to the prospective tracking of the oil into the houses. However, there has been no complaining since the oil was sprinkled on the streets and those who first objected are now among the most enthusiastic supporters."

A number of Farmington citizens, including several of the leading business men have said to the Record within the past week that the oiling of the streets in that village has proved a great success and that the whole population is practically unanimous in its favor. "Not for a thousand dollars would we go back to the old dust system," said one man and he practically voiced the expression of the whole town. "To say nothing about its great value in eliminating the dust, it is worth more than the cost to alone preserve the gravel on our streets," said another.

Happiest Girl in Lincoln. A Lincoln, Neb., girl writes: "I had been suffering some time with chronic constipation and stomach trouble. I began taking Chamberlain's Stomach and Liver Tablets and in three days I was able to be up and got better right along. I am the proudest girl in Lincoln to find such a good medicine." For sale by all dealers.

Letters for the following persons are advertised at the postoffice this week:

Mac Childs  
Miss Lydia Doyle  
Mr. A. B. Cathcart  
Mrs. Fred McFarland

Mrs. Lizzie Teagan is quite ill.

C. C. Yerkes and family are camping at Union Lake.

The Masonic hall is being overhauled, repaired and remodeled.

Carl Hogle has so far recovered from his recent illness as to be able to be up town Thursday.

There will not be a meeting of Orient Chapter, O. E. S., this month on account of the condition of the hall.

Frank Bene and Earl Beattie have purchased the Buchner Hill property and have moved there with their wives.

Mrs. W. I. Thompson, who recently underwent an operation in a Detroit hospital, is getting along nicely.

Plymouth will give a Masonic picnic at Island Lake, July 27. Train leaves Plymouth at 9:15 a. m., 40 cents.

The Junior King's Daughters held their annual picnic in Eatherly's grove Tuesday and all present had a delightful time.

Douglas Beal of Mason City, Iowa, formerly of this place, is very ill in a hospital as the result of an operation for appendicitis.

Work on S. E. Cranson's new house on Randolph street is going ahead rapidly. At this writing the frame work is all up and enclosing begun.

Health Officer Murdock has received notice from the State Board of Health forbidding the use of Public drinking cups. This notice took effect Thursday, July 20.

Miss Beene entertained the Helping Hand society of Plymouth Wednesday afternoon. Ice cream and cake were served and a very enjoyable musical program was given.

Mrs. Myrina Carpenter, who has been visiting her sister at Northstar, has returned home. Previous to going to her sister's, she went to Ann Arbor and had a cataract removed from one of her eyes.

Miss Mabel Burgess entertained twenty young ladies at her home Wednesday afternoon in honor of Mrs. H. H. Noble of Minnesota. Miss Ruth Harmon of Montana and Miss Bernice Burgess of Jackson who are visiting relatives were present.

Dr. T. B. Henry has been appointed the medical director of the National Institute in place of Dr. Wm. H. Barnard, deceased. Dr. Henry will devote a part of his time to carrying on the work so successfully established by the late Dr. Barnard. P. S. Hall will continue to act as manager.

The young man with limited means, who has but a few hundred dollars to his credit, or perhaps has nothing but a pair of strong and willing hands, we would say to all such young men that the farm is the best place in the world. Do not be afraid or told but set an example to the weak, lazy loiterer about town by putting your hand to the plow.

The residents of First avenue are clamoring for an extension of the water works system to that street. This street is thickly settled and they think it is about time they were recognized. They say the members of the council have promised the water for several years, but nothing has been done. These people think they are just as much entitled to it as those on West street.

It is understood that another place is soon to be opened in Northville for the selling of liquor in bottles, etc. From an enquiry among many Northville citizens the sentiment seems to be that of one of Northville's well known business men: "If three saloons are good for a town, four ought to be still better." Only members of the "club" can obtain liquor at the new place and then only in bottles. If the Record advocates the "club" as being all right, the council may be depended on to get out an ordinance to suppress it. Under the law no person under 21 and no habitual drinker can belong to the club and no one but members can obtain a bottle of any of the fluids.

When Xenophon Came Back. Xenophon was personally conducting the retreat of the Ten Thousand. "I'm going to show the sporting editors," he said, "that I can come back in good shape." He rubbed it in, too, afterward, by writing a most exasperating book about it—Chicago Tribune.

## Presbyterian Church Notes.

(By the Pastor.)

The pastor will occupy his former pulpit in Pontiac next Sunday morning. Rev. E. P. Clark of Detroit will preach for us. Union meeting at the Methodist church in the evening.

## Baptist Church Notes.

(By the Pastor.)

"Making a Success of Life" will be the subject next Sunday morning. The pastor will preach.

On account of the Union meeting at the Methodist church, there will be no evening service at this church. The members and congregation are urged to attend these services.

## Methodist Church Notes.

(By the Pastor.)

Subject for Sunday morning will be "The Lord's Prayer."

The Probationers' class will hold its first meeting on Friday night, July 28, in the church parlors.

Union services will be held in the evening at our church. If the weather permits we will meet out of doors on the church lawn. The subject will be "Camping Towards Sodom."

## A Queer Case.

An Ohio boy, 12 years old, who was crossing a field on his father's farm was suddenly attacked by two robins, and though he fought them off as well as he could and eventually drove them away, he had one eye so badly injured that he will lose the sight of it. His face was also badly marked.

This is perhaps the first instance known where a timid bird like the robin ever attacked a human being, and the cause is hard to understand. They had no nest near where the attack took place.

Never leave home on a journey without a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed and cannot be obtained when on board the cars or steamships. For sale by all dealers.

Circus Barkers. Crooked Dealers. High-Salaried Slingers of Rhetoric have been pulling the Cotton over the eyes of Clothing Buyers for their own profit and at the purchaser's expense.

So many Mis-statements and Downright Falsehoods have been presented to the public as facts that we believe that they will appreciate a Clear Exposition of the Conditions which have and are Now Governing the Clothing Industry.

You and I Prefer Cloth that is ALL-WOOL. Cotton may do for someone else, but for our own personal wear—give us ALL-WOOL. Deep down in our heart is the conviction that Cotton Is Cheap.

The All-Wool Idea goes way back to the Cradle of the Human Race, and you cannot talk it out or breed it out of mankind for the Next Thousand Years.

The Simplest Plan is to be able to point to the Label of the Manufacturer and say:

This is a Kirschbaum Suit and the Kirschbaum Firm Makes Nothing But All-Wool Clothes. No Fabric with the Slightest Thread of Cotton is Permitted to Enter Their Warehouses or Ever Finds Its Way to Their Cutting Tables.

The above are the Reasons Why I Sell the A. B. Kirschbaum & Co.'s Clothes—I know they are as represented.

# OTTUMWA WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound

Ottumwa, Iowa. "For years I was almost a constant sufferer from female trouble, in all its dreadful forms; shooting pains all over my body, sick headache, spinal weakness, dizziness, depression, and everything that was horrible. I tried many doctors in different parts of the United States, but Lydia E. Pinkham's Vegetable Compound has done more for me than all the doctors. I feel it my duty to tell you these facts. My heart is full of gratitude to you for my cure."—Mrs. HARRIET E. WAMPLER, 524 S. Ransom Street, Ottumwa, Iowa.

**Consider This Advice.**  
No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous medicine, made only from roots and herbs, has for thirty years proved to be the most valuable tonic and invigorator of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, confidential, and always helpful.

## A SPOON SHAKER.

Straight From Cocoon.

Coffee can marshal a good squadron of enemies and some very hard ones to overcome. A lady in Florida writes:

"I have always been very fond of coffee, and for years drank it at least three times a day. At last, however, I found that it was injuring me. I became bilious, subject to frequent and violent headaches, and so very nervous, that I could not lift a spoon to my mouth without spilling a part of its contents."

"My heart got 'rickety' and beat so fast and so hard that I could scarcely breathe, while my skin got thick and dingy, with yellow blotches on my face, caused by the condition of my liver and blood."

"I made up my mind that all these afflictions came from the coffee, and I determined to experiment and see."

"So I quit coffee and got a package of Postum which furnished my hot morning beverage. After a little time I was rewarded by a complete restoration of my health in every respect."

"I do not suffer from biliousness any more, my headaches have disappeared, my nerves are as steady as my desire, my heart beats regularly and my complexion has cleared up beautifully—the blotches have been wiped out and it is such a pleasure to be well again." Name given by Postum Co., Battle Creek, Mich.

# FOREST FIRES IN NORTHERN ONTARIO

GREAT LOSS OF LIFE AND DAMAGE OCCUR IN PORCUPINE MINING DISTRICT.

PROPERTY LOSS WILL RUN INTO MILLIONS.

Dead Bodies of Men and Animals Stray Streets in Dozens of Burned Mining Locations—Victims Caught While Working.

The loss of life in Porcupine district, northern Ontario, from forest fires is known to be several hundred and the property loss will reach several millions of dollars. Only three of 84 employees of the West Dome mine have been accounted for and 200 miners, muckers, etc. in the Dome mine have been suffocated. The mines burned include the Dome, North Dome, Preston, East Dome, Vond, Foley, O'Brien Philadelphia, United, Porcupine, Eldorado, Porcupine, Pottsville and part of Golden City, as well as many small buildings along the lake front. While some loss of life occurred in the vicinity of Porcupine lake, the greatest havoc was wrought around the main mines, notably West Dome and Big Dome. There the "strapped" miners, cut off from escape, were forced to take to the shafts for safety, and perished in flames, perished. This was notably true at Dome and West Dome mines. At Preston, East Dome, an unmined shaft gave shelter and none perished.

**Late Reports From Northern Ontario.**  
Gradually the story of the north Ontario fires is being unfolded, and it is as full of thrilling incidents as the most imaginative of romances. That, familiar with the danger breeds indifference to it is a maxim justified by experience, and certainly the dwellers in the Canadian Rand appear to have given little thought to the inflammable character of the district. Weeks of drought and high temperature had increased much of the vegetation to a state of extreme desiccation and crumbled it into powdery dust.

The death list contains no new names, and the number dead is a mere guess.

The largest area burned was that comprising the townships of Tisdale and Whittem, where were located the towns of Porcupine South Porcupine and Pottsville, and the largest mines. No word has been received of the damages at the power plant at Trunn's Landing and this strengthens the belief that the fire did not spread over as great an area as at first reported. The fire that destroyed Cochran, 100 miles distant from Porcupine, is believed now, was independent of those in the Porcupine district.

**Porcupine Death List Reaches 457.**  
Press representatives returning from the fire swept mining district at Porcupine and Cochran place the loss at \$1,750,000. There have been 47 bodies recovered and a number are still thought to be in the lake.

One hundred and sixty men are missing from the Dome mine and with others reported missing the total toll reaches 477, mostly foreigners who made for the woods when the fire began to rage. How many of these perished to one will ever know. The area of the fire was something like eight miles wide and to miles long. Run throughout the district has put out all fires.

**To Vote on Canadian Reciprocity July 22.**  
An agreement to vote on the Canadian reciprocity bill on July 22 was adopted in the senate without opposition. Agreements also were made for votes on other measures which will carry the session through the "legislative day" of Aug. 7, immediately after which congress will adjourn.

The agreement fixes a vote on the house wool revision bill for July 27; free list bill Aug. 1; reannouncing bill, Aug. 2, and statehood on the legislative day of Aug. 7. It is expected that the adjournment of congress will immediately follow the statehood vote.

**NEWS IN BRIEF.**  
A severe earthquake shock, continuing 50 seconds, was felt at Honolulu. No damage has been reported.

Prof. Herman Senator, of Berlin, noted for his medical researches, is dead. He was born in 1834.

The executive board of the National Young People's Christian Union convention of the Universalist church has decided to hold the next convention in Chicago, thus ending a sharp contest between the city and Utica, N. Y.

By grafting the shin bone of a dead man on a woman suffering from necrosis, thus practically giving her a whole new lower leg, the surgeons of the New York hospital for deformities have completed an operation unique in surgery. Up to now operations of this sort have been confined to experimental work done on dogs.

In a tropical storm at night, three days ago 32 passengers and several members of her crew sank with the small steamship Irma, when it was struck by the Diamante, of Port Lemon, Costa Rica. News of the disaster has just reached Port Lemon from Bluefields. Only eight passengers of the Irma escaped.

Patriotic Americans and interested foreigners to the number of 3,569,425 have been to the top of the Washington monument since that towering shaft was opened to the public nearly 23 years ago. The daily average has been about 500.

# 3,000 PARADING STRIKERS

3,000 in Organized Demonstration at Grand Rapids; Nat. Ass'n. to Aid Them.

More than 3,000 striking furniture workers paraded the principal streets of Grand Rapids in what was the first organized demonstration since the strike started on April 15. It was a peaceful affair, the men of the carpenters and joiners, upholsterers, finishers and other unions passing along eight abreast through the crowded streets. Police were plentiful along the line of march, but the families of strikers and sympathizers confined themselves to cheering.

The parade disbanded at Fulton park, where Mayor Ellis, Sybilant Wessels and others spoke. Organizer W. M. MacFarland, of the Brotherhood of Carpenters and Joiners' union, returned from Indianapolis with the cheering news that the National association is to levy an assessment of 50 cents a head for the benefit of the local strikers. This means an additional benefit of \$112,000.

Deputy State Controller Julius Harburger has filed with the surrogate's court in New York the tax appraisal of the estate of Samuel L. Clemens (Mark Twain), who died on April 21, 1910, at his home in Redding, Conn. The author left an estate both in this state and Connecticut aggregating \$471,126.

## TRAGEDY OF THE DEEP SEA

Old Aaron Bentsen, Sailmaker of Bark Friedig, Fell Dead as He Talked of Christmas in Port.

Two barks flying the flag of Norway sailed into the offing of Stapleton, dropped anchor and shook out their top-gallant sails to dry. One was the little Friedig, coffee carrier from Java and Sumatra, and the other the Fortuna, from Madagascar.

In the last days of November the Friedig found herself 250 miles to the northward of Bermuda, with the pleasant prospect of celebrating Christmas in New York. This was especially pleasing to old Aaron Bentsen, the sailmaker, who said: "At New York I shall have letters from the wife and my two boys." The sailmaker's home was in Grimstad, Norway.

At this point in her trip the Friedig had to lie head to the winds, which came stronger and stronger. They grew into heavy gales, which rolled over the deeply laden coffee carrier day after day.

On the third day of the gale old Aaron, at mess with his shipmates in the forecabin, was smoking his pipe, and said: "Yes, before Christmas we shall be in New York, and then I shall get my mail from Grimstad, and there will be some gifts from the wife and the boys."

As he uttered the words he fell on the bench dead.

He was buried at sea next day while the ship was still rolling and taking the heaps of green and white over her. The captain read the Lutheran service while the crew hung onto lifelines. -New York World.

## SIGNBOARDS ON THE SHOPS

Rich Display of Painted and Sculptured Emblems Relieved Mean Appearance of Old Boston's Streets.

The mean appearance of the houses of old Boston (1784) was, to some extent, relieved by the rich display of painted and sculptured signs which adorned the front of the taverns and stores. The numbering of shops and houses had not come into fashion, and every business street was an endless succession of golden balls, of blue gloves, of crowns and scepters, dogs and rainbows, elephants and horse-shoes. They served sometimes as advertisements of the business, sometimes merely as designations of the shops which were indicated popularly and in the newspapers by their signs. The custom still lingers among the glovemakers, bootmakers, opticians, furriers and barbers. But we are accustomed now to regard the sign as bearing a direct relation to the character of the business it advertises. We should never seek for oysters in a shop over whose entrance hangs a gift boot, nor inquire for gloves in a shop before whose door stands an Indian in war paint and feathers. One hundred years ago no such relation was understood to exist, and it was not thought remarkable that Phillip Freeman should keep his famous book store at the famous "Blue Glove" on Union Street. From McMaster's History of the American People.

## Love Your Enemies

There is an injunction in the Bible that is often laughed at, and that is, "Love your enemies." It is thought to be so impracticable and impossible that it is as to be beyond the very dream of human nature. And yet, there is no axiom simpler than that injunction. It is the very logic of good sense. Think over the fruits of hatred, and see if there is any that you like. Think over the fruits of love and see if you don't like them all. The power of love is as definite and calculable as the power of steam or of electricity.

An argument based on hatred is never an argument. One can never hold a correct opinion of another unless he loves him. He can never see the truth through the eyes of hate. He might as well try to see the white light through a green glass. Love is not simply a good goody sentiment. It is a reality as big as the atmosphere or the sun. What there is of it, our civilization is based on. If we lose it, humanity would disappear like the pythons and megatheriums of old.

## Old Custom Maintained.

One of the peculiarities of the average Englishman is that he loves to perpetuate the quaint customs of his forefathers. The will has just been proved at £14,631 of Sir Henry Tichborne, of Tichborne Park, Hants, over whose succession to the Tichborne estates and title the famous Tichborne case was fought. A curious provision in the will is that in which Sir Henry desired that the family custom should be continued of distributing a small silver coin to every person present at the funeral of a member of the family, one coin for every year of age of deceased. The custom also includes the distribution of 54 quatern leaves to the poor of the district.

## Parisian Chief of Festivities.

The Indian potentate, the Maharajah of Kapurthala, who married a beautiful Spanish dancing girl and is the most Parisian of the Eastern princes, has invited Andre de Foix, quier to direct the grand court ball the Maharajah will give in his capital for the wedding of his son with an Indian princess. Foixquiers has accepted this invitation and he will lead the cotillon. This will be the longest journey the famous Parisian Beau Brummel has undertaken for such a purpose.

# Attractive JOB PRINTING

DON'T be foolish and think that "all Job Printing looks alike" to your friends or your customers. By no means. There's just as much difference in the quality and style of Printing as there is in clothes, hats or shoes. The price is no different. Our Printing costs no more than the other fellow's, but there's a little touch of style, neatness and attractiveness you don't get elsewhere.

Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.

## NOVI NEWS.

Frank L. Becker, formerly of this place, but now of Pontiac, was married in Detroit July 15, to Miss Ruth Johnson. After a short trip East they will take up their residence at their new home in Pontiac. Mr. Becker is traveling salesman for the Mascotte Cigar Co.

The Novi W. C. T. U. held its 25th annual picnic Tuesday in St. Chapman's grove at Walled Lake. Mrs. Mabel Smith, who is camping there for the summer, acted as hostess. The tables were spread with abundant and delicious viands under a large tree decorated with yellow bunting, white bows and American flags. A large banner with the National motto of the society, "For God and Home and Native Land," was fastened to this tree facing the street. Also another banner with word: "Welcome, W. C. T. U." It was an ideal day for a picnic and over eighty were present to enjoy the various pleasures of the occasion. There was a good open air meeting with program consisting of splendid speeches, recitations and music by people from Wixom, Walled Lake and Novi. Also the fine boating and pleasure trips in Dr. Holcomb's gasoline yacht. Mrs. Holcomb gave a short but interesting report of the State W. C. T. U. convention held at Petoskey in June.
