## FUTURE PROBLEMS

HOW THEY LOOK TO POSTMASTER JOHNSON.

## DIPHTHERIA CASES ALL CONVALESCING

BEEN ONLY FIVE IN VILLAGE AND TWO IN TOWNSHIP.

Doctors Expect They Have It All Stamped Out Now.

The children who have been ill with diphtheria are nearly all well. Little Clifford Parmenter is doing nicely and Harry Shaler and Albert Houghton have so far recovered that their homes have been fumigated and the quarantine removed. There is just one new case. The little son of Mr. LaFever, butcher in Hetley & Baldwin's meat market was taken ill with it the first of the week.

J. D. Thompson is nearly well and his little sister, Irene, who was so very ill last week, is gaining rapidly. It is due to the prompt measures taken by the health officer and physicians that Northville is to have no epidemic and there has been only one fatality out of the five cases in town and two in the township. The death of little Clifford Parmenter could probably have been averted had the nature of the disease been known in time.

## Evasion of the Gasoline Law

There seems to be an erroneous impression that dealers may sell gasoline in bulk cans or any other kind of a receptacle providing the purchaser gets it himself from the merchant's tank. This is clearly an evasion of the law and both the merchant and the customer are liable to arrest.

## OBSTRUCTED ROAD

Farmer Fined \$100 for Not Allowing Auto to Pass.

Probably the first instance of its kind was the arrest and conviction at La Crosse of a farmer who obstructed a public highway and refused to allow a motor vehicle to pass. The farmer was fined \$100 and costs under the Wisconsin law prohibiting such obstruction. The plaintiff was obliged to drive three miles on low gear behind a wagon on a road of average width but which was obstructed by the farmer driving in a zigzag manner. At Hartford several weeks ago a farmer was fined \$50 and costs, amounting to \$11.95 for using abusive and objectionable language to a motorist who desired his share of the road.

## Baptist Church Notes.

(By the Pastor.)  
The regular services will be held next Sunday. Morning subject: "The King of Church of the Community Needs." Evening: "Christ's Call to Zacharias."  
On Friday evening, Nov. 10, Mr. Charles A. Barry, vocalist, violinist, pianist and impersonator will hold one of his popular entertainments in this church. Mr. Barry is an expert in his line. Don't fail to hear him.

## Auction Sale.

Fred Carpenter, living 3 miles west of Novi and 2 miles south of Wilson on Gd. River Road, will sell his stock and farm implements at auction on Thursday, Nov. 16, beginning at 10 o'clock, lunch at noon. John E. Wedow, auctioneer.

Lost articles quickly recovered through Record Want Ads.

## DEATH OF FORMER RESIDENT

Ernest Dunlap died at his home in Glendale, Montana, Nov. 3, at the age of eighty-one years.

Mr. Dunlap was the son of Capt. and Mrs. Dunlap, pioneers of this place, and his boyhood and youth was spent here. He will be remembered by many of the older inhabitants.

At the age of twenty-one, when the gold fever was at its height in California, he went there and engaged in mining for ten years. From that time his life was spent in the West, as civilization had no charms for him.

He leaves three sisters, Mrs. G. D. Swift, Mrs. Alice Vescey and Mrs. Jennie White, all of this place, and one daughter, Mrs. E. P. Burritt, of New York, formerly Lights Dunlap of this place, and Mrs. Tekma Clark of Glendale, who has kindly cared for him in his old age.

## Methodist Church Notes.

(By the Pastor.)  
Subject for next Sunday evening: "A Trail to a Just Cause."

A series of special mass meetings will be held by our church beginning on Monday evening, Nov. 20.

Special effort has been made to secure Mr. Waiz for our meetings. He ranks among the best of gospel singers. He will conduct a chorus while in town. Rev. W. R. Pierce of Jackson and Rev. George Galpin of Farmington will assist in these services.

Remember the date—Nov. 20. The place—Methodist church. The purpose—a better community.

The ladies of the church will serve their annual chicken pie dinner in the church parlors next Wednesday afternoon, Nov. 15, beginning at five o'clock. A fine dinner will be yours for the small sum of 25 cents.

If you are giving your Bours' Coffee and Royal Garden Tea wrappers to the Aid society, please leave them with Mrs. C. J. Ball or else notify her for their collection the first of every month.

A special meeting of the Epworth League will be held at the home of Mrs. E. J. Cobb next Monday evening for the payment of dues and other important business. All members should make it a point to be present.

## Notice.

Please remember the Dr. Lee S. McCollister lecture in the Ladies' Library Friday evening, Nov. 10, under the auspices of the Northville Woman's club.

A Record Want Ad will help you exchange something you have and don't want for something you haven't and do want.

## Presbyterian Church Notes.

(By the Pastor.)  
The new parlors were used by the Sunday school for the first time last Sunday. The young people's bible class now meets there and the leader will be glad to see additional members.

Rev. and Mrs. Alec Croghart of Wyandotte called at the Manse last Friday afternoon.

Lessons From the Life of David Livingstone will be the subject of the sermon next Sunday evening.

The C. E. society will hold its monthly business meeting and social in the church parlors next Wednesday evening.

Circle Y and young ladies under the leadership of Miss Whipple will hold a sale of baked goods and home made candy in Ryder's store Saturday, Nov. 11.

The ladies are busy planning for the purchasing of the kitchen and ready to receive gifts for that purpose. Already there have been presented complete sets of knives, forks and spoons, a kitchen range, tea kettle, glassware and other articles. Here is a good opportunity to help in the way of further equipment.

## The Genuine Round Oak Chief

Steel Range is the Best Range on the Market.

Somebody said the ROUND-OAK CHIEF RANGE wouldn't bake. Where is he?

WE HAVE PROVED THIS TO MANY AND WILL PROVE IT TO YOU IF GIVEN THE OPPORTUNITY.

Did you ever hear the user of a Round Oak Chief complain about her range? No!

On the contrary, you probably have heard many users praise it. Its fine cooking, baking, and fuel saving qualities commend it to every user.

Come into our store and let us give you a list of users; if you listen to their advice you will be content with nothing but a Round Oak Chief Steel Range.

HEATING PLUMBING TINNING

## A Woman's Interest

In saying should be acute, no temptation of present pleasure should blind her to the possibility of future want. Married or single, every woman in this community should have an account at the

Northville

State Savings Bank

It will prove a blessing when the earnings of either her husband or herself cease from any cause. It will give her that feeling of independence which comes from the knowledge of having money of her own.

### Janitor Throws up Job

A janitor in a neighboring school threw up his job the other day. When asked what was the trouble, he said, "I'm honest and I won't stand being blamed. If I find a pencil or a bad kernel about the school, I hang it up. Every little while the teacher or some one that is too cowardly to face me gives me a slur. In what way?" asked the officer. "Why a little while ago I saw written on the board, and the common multiple. Well, I looked from cellar to garret, and I wouldn't know the thing if I met it on the street. What made me quit my job? Last night I saw 'big writin' on the blackboard, it said 'and the greatest common divisor.' Well, I says to myself, both of them darn things are lost now, and I'll be blamed for swiping 'em, so I'll quit."

### The Stinging Octopus

The octopus frequently changes its color like a machine camouflagé. It would appear from recent studies of the creature that the colored pigment whereby the change in color is effected is contained in envelopes in its skin in the tissues of which are muscular fibers actuated by nerves. Should these fibers become relaxed a dark pigment appears. The phenomenon is said to be analogous to blushing. —Harper's Weekly.

### Spoke From Experience

"Say, pup, what is meant by letting well enough alone?" "A good example of it is why an unmarried man just continues to remain single." —Philadelphia Bulletin.

## NORTHWESTERN UNITED DOCTORS

OF MINNEAPOLIS, MINN.

An Association of Prominent Physicians Giving FREE Medical Services to the Sick, and Medicines at Cost.

Coming to Plymouth At Plymouth Hotel Wednesday, Nov. 22 ONE DAY ONLY.

The Northwestern United Doctors, duly organized and licensed by the state for the purpose of treating diseases, deformities and all curable ailments without surgical operation. All that is asked in return for these valuable services is that every person treated will state the result obtained to their friends and thus prove to the sick and afflicted in this locality that at last treatments have been discovered that are absolutely sure and certain in their effect.

By their developed system no more operations for appendicitis, gall stones, tumors, goiter, piles or cancer. They were among the first in America to go away with the knife, blood and pain in the successful treatment and cure of these dangerous diseases.

Diseases of the stomach, intestines, liver, skin, nerves, heart, spleen, kidneys and bladder, rheumatism, sciatica, diabetes, leg ulcers, epilepsy, or fits, etc., all treated with gratifying success. Consumption, asthma, bronchitis and catarrhal diseases absolutely cured with combination of medicine, hygiene, diet, exercise and the important uses and advantages of clothes, occupation, etc. Many cases of deafness are frequently cured in sixty days. Cataract, granulated lids and old weak, watery, sore eyes treated after a fashion that known no fail. In lung standing, deep-seated, chronic diseases of men and women, and slow growths and undeveloped children's diseases, a treatment that is absolutely certain in its effects can be had and depended upon. Thousands of patients throughout the Northwest attest the ability of the Northwestern United Doctors to cure these dread diseases.

No matter what your ailment may be, no matter what others have told you, no matter what experience you have had with other physicians, it will be to your advantage to treat with the Northwestern United Doctors Specialists. Even if your case is incurable they will give you such advice that will relieve you and stay the disease. There is no string tied to this proposition, they mean just what they say and will do to your advantage what they contend. Every specialist is prominent in his line and stands at the head of the profession.

Do not put off this duty you owe yourself, your friends, and your relatives, as a visit this time costs you nothing and may save your life. Remember this free offer is for this trip only. Hours 9:30 a. m. to 6:00 p. m. Married ladies must come with their husbands and minors with their parents.

Trust. "That man wants to know whether you are going to stand by him," said the political assistant. "I'm obliged to," replied Senator Sorghum. "It wouldn't be safe not to stand by him close enough to watch him."

Woman's Superiority. A woman is at her best when she knows it; a man when he doesn't. —Florida Times-Union.

When you have a bad cold you want the best medicine obtainable so as to cure it with as little delay as possible. Here is a druggist's opinion: "I have sold Chamberlain's Cough Remedy for fifteen years," says Enoch Lollar of Saratoga, Ind., "and consider it the best on the market." Sold by all dealers.

School Notes.

By a Pupil

The fifth grade is studying Rembrandt.

Edna Cole entered the first grade this week.

Nov. 17 is "Mothers' Day" in the Sixth grade.

The day given for Mothers, by the Second grade, was well attended.

The Third grade room was fumigated last week and it killed all the plants.

The children of the Third grade are making a book of Thanksgiving pictures.

Lena Dickerson of the Sixth grade has returned after two weeks' absence.

Mrs. Lillian Ambler visited the Second and Seventh grades Tuesday morning.

Albert Bulman of the Third grade, has been painting some good pictures on the board.

Willard Morgan is absent from the Second grade as he is sick with the chicken pox.

The Seventh grade A arithmetic class is now working problems in ratio and proportion.

Mrs. Kenyon, Mrs. Benson and Mrs. Hlaant were visitors in the Kindergarten this week.

The First graders are making booklets containing Longfellow's poem, "Between the Dark and the Daylight."

The Seventh grade has taken up the study of artists. The A class are studying Reynolds and the B class Raphael.

Through the kindness of the local agent, Milo VanValkenburg, we have a copy of the daily News on our reading table. It is such things that help.

On account of so much sickness a great many are absent from the fifth grade, but we try to make up in quality what we lack in quantity.

The grade rooms "enjoyed" a very good cleansing at the hands of

Health Officer Murdock and we feel that the danger from those in school is past.

All the teaching force enjoyed thoroughly the two days' institute in Detroit last week. Good things were provided for every minute of the time.

On account of the school closing for diphtheria last week, our school savings deposit amounted to a very small sum. We are looking for it to be made up this week, however.

The next "Mothers' meeting" occurs this (Friday) afternoon in grade Four. It is desired that as many parents as can be present. It will consist mostly of a review of our work so far in the grade.

The pupils in the First grade who have been neither tardy nor absent during the first two months of this school year, are as follows: Eliza Murdock, Irene Thompson, Lawrence Henry, Gordon Kild, Wyland Pepper.

The Misses Marie Stark and Edna Neilson had charge of the Eighth grade room two days this week. Miss McCoy being absent because of sickness. We are sure that our Normal class this year will turn out to be extra good material.

After the series of "Mothers' Days" planned for the grades are over, we anticipate having a good working general patrons' meeting to which everyone will be invited. Look for it. Suggestions as to topics for discussion will be received at any time.

With this week, one-half of the first semester will have sped by. While the work of the majority of the students has been of a good order, some of it is not up to the usual standard for the pupils. If the boys will co-operate with us heartily, we trust that the scholarship of the majority of delinquents may be raised.

To date we have recorded as taken out 236 copies of the state library, 106 copies of our own fiction library and 119 copies of our reference works. The state library and reference works have been recorded for a month but the first one of our fiction library to be given out was October 11. Thus these 451 copies have been the result of less than one month's work on the part of the librarians. This could not have been possible under the old system of separate libraries. We ask the pupils to return the book at the end of the first week or get it renewed, in which case they may have it another week. A fine of 5c per week or fraction of a week is to be paid for overdue books.

Your Money Back if You are not Satisfied with the Medicine We Recommend

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, they become a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or "dead-end" colon.

To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust.

They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation. If not of surgical variety, and the myriads of associate or dependent chronic ailments, it taken with regularity for a reasonable length of time, 12 tablets, ten cents; 25 tablets, 25 cents; 50 tablets, 50 cents. ## DEMOCRATS WIN BIG OHIO CITIES

G. O. P. LOSES OUT IN CINCINNATI, COLUMBUS AND CLEVELAND.

SOCIALISTS POLL HEAVY VOTE IN BUCKEYE STATE.

Eugene N. Foss Democratic Governor of Boston, is Re-elected Over Frothingham Republican.

Eight Ohio cities elected socialistic mayors Tuesday. These cities are Lorain, St. Mary's, Martins Ferry, Potosi, Mt. Vernon, Barberton, Salem and Cuyahoga Falls.

The democrats were swept into power in the three largest cities of Ohio Tuesday, Columbus, Cincinnati and Cleveland returning decisive democratic pluralities.

A feature of the elections throughout the state was the large socialist vote. In Columbus, Ely, the socialistic candidate for mayor, according to early returns, was running a close race with Mayor Marshall, the republican nominee for second place, while George J. Kach, democrat, had been elected by from four to six thousand pluralities.

Foss Re-elected.

On the face of the returns from 954 out of 1,079 election districts, the democrats won the state election Tuesday and kept Massachusetts in the party column by continuing Gov. Eugene N. Foss in office for a second term. The returns gave Foss, democrat, 187,582; Frothingham, republican, 173,671. Last year the same districts gave Foss, democrat, 211,321; Draper, republican, 167,477.

## PEKIN IS CAPTURED

IMPERIALISTS FIRE INFAMOUS SHELLS IN THE CITY.

The military could detach itself from the camp situated by T'ung King, the majority of the loyalists of the Chinese revolution, and captured the city of Peking.

On the 13th of the month, the rebel commander in chief, has rejected the peace terms presented to him by the Yenching Kai, who was accompanied by the plenipotentiary in historic peace.

Dr. W. H. Lane, former plenipotentiary to the Peking government, has announced the fact of the capture of the city of Peking, and the fact that the new Chinese cabinet, through the weight of the vast expedition is situated in the revolutionary camp.

When T'ung King, another plenipotentiary, has signed the rebel terms, news of the capture of these statesmen, caused a sensation here.

Almost the whole of the native city of Hankow has been burned and it is feared that the Western mission near the river, in which are 30 blind boys and 150 wounded persons, who with the staff of the mission, make up a total of 300 persons, was destroyed.

Dr. Booth, the medical head of the mission, asked the imperialists to grant an armistice of two hours to permit of removal from the mission but the firing ceased for only a half hour.

A Red Cross steamer, which attempted to rescue the inmates of the mission, was driven back by the fire from the rebel fort. One shell struck the steamer's deckhouse.

The Chamber of Commerce asked the foreign consuls to protest against the burning of the city, but the consuls declined to do so.

Massacre of civilians is reported to have been started again by both sides, the rebels killing Manchurian families and the imperialists slaughtering the Chinese.

The new revolutionary government, which is apparently impersonal, nevertheless effectively controlled the situation in S'anghai and on the Yangtze delta.

The bodies of Walker McDaniels and Commodore McClure, who were entombed in a mine near Fort Branch, Ind., by the explosion of a "wind" shot, were recovered after the rescuers had battled several hours with the poisonous gasses. There were no marks on either body, indicating that death was due to asphyxiation.

## A SERIOUS ERROR.

Many a case of kidney disease has proved fatal because the symptoms were not recognized. If you suffer from backache or bladder irregularities, follow the advice of G. H. Tuttle, Rogers Street, Broken Bow, Neb., Supt. Mr. Tuttle: "I was confined to my home for weeks, unable to walk more than ten feet at a time. The doctor said I had gravel, and his treatment helped me temporarily, but soon the symptoms returned with greater severity than before. Being urged, I used Doan's Kidney Pills and received almost instant relief. In a few weeks' time I was completely cured."

## CANADA'S CENSUS

A THIRTY-TWO PER CENT INCREASE IN THE PAST TEN YEARS.

That Canada has come rapidly to the front in the past ten years is amply shown in the results of the census recently made public. The population of the Dominion is now placed at 7,081,863, which with ordinary points to be heard from, may bring it up to 7,400,000 as compared with 5,371,315 in 1901. Though these figures are large, they do not present a total as large as was expected, but they do show a greater increase of percentage in population for the decade than any similar increase in the United States. The highest percentage ever reached by the Republic was 24%, the percentage of increase in Canada for the decade is 32%. Thus it will be seen that the provinces west of the lakes, with the great broad fertile areas ready for the sowing and immediate reaping of grain and the valleys of British Columbia capable of producing fruit with which to supply its neighboring provinces east of the mountains, have attracted numbers, which has exceeded the most optimistic of the expectations of ten years ago.

Upon the prairies of the ten years ago there was but a sparse scattering of people, but today no matter in which way you go, take any direction, and you find homes and farms and good ones too, occupied by the very best class of people in good sized settlements with plenty of room for five or six times as many more. The population of Alberta is set down at 302,819; as compared with 73,022 in 1901; Saskatchewan 453,508 as compared with 81,270 in 1901; Manitoba's 454,691 compares well with its 255,211 in 1901; and so does that of British Columbia—382,768 as against 178,657 in 1901, but in a territory as large as this, a population of 1,643,000 is little more than discernible in point of numbers. The work through it has been great. Look at the towns that have been built up; its cities, Winnipeg with 135,000; Vancouver with upwards of 100,000; Calgary with 42,000; Edmonton, Regina, Saskatoon; Lethbridge, Medicine Hat, Moosejaw, splendid cities—none better, anywhere; well-maintained and equipped. These have come with existence and been built as they have been built by reason of the splendid agricultural country by which they are surrounded. The population is scarcely discernible. A population ten, or twelve times that shown by the recent census could be easily maintained in even greater wealth than that which maintains the present numbers. There is certainly a wonderful future for Western Canada and that which goes to the development of the west will enrich the last. This is the growing time in Canada and what has been done in the past ten years is but a beginning. The next decade will show a far greater advancement. In the meantime Canada is holding welcome the progressive and industrious citizen. The invitation is, standing one. At the forthcoming exposition in Chicago, Canada will have one of the best exhibits of farm products that has ever been made and it will be well worth while inspecting it and getting information from those who may be in charge.

## DIET FOR THE TUBERCULOUS

General Idea That Too Much Food Cannot Be Given Is Shown to Be Erroneous.

Many traditions with regard to the feeding of tuberculous patients and with regard to food in general, are given severe blows in a series of articles published in the October number of the Journal of Outdoor Life, the official organ of the National Association for the Study and Prevention of Tuberculosis. Dr. John R. Murlin of New York, assistant professor of physiology at the Cornell university medical college holds in an article entitled "The Dynamic Principles of Nutrition," that a consumptive will gain weight and so well on three pints of whole milk, eight ounces of cream, five ounces of milk sugar, six eggs and two slices of buttered toast as a ration for 24 hours. The entire diet, with the exception of the bread and butter could be prepared in advance and served for a cost of about fifty cents for the day. Miss Cecilia Fisk of the Henry Phipps institute of Philadelphia, also offers some ample diets which the ordinary family can prepare for even less than fifty cents a day. Dr. David R. Lyman of Wallingford, Conn. and Dr. Paul B. Johnson of Washington, D. C., both agree that the ordinary person eats too much, and that the old notions about stuffing a tuberculous patient at all times and seasons have been proven false. Dr. Lyman holds that eggs are not a necessary article of the consumptive's diet, and that a tuberculous patient should eat anything that agrees with him that is nourishing. He thinks that a tuberculous patient should eat only a little more than a person in ordinary good health.

## WHAT'S THE MATTER WITH YOUR BABY?

The young mother—and many an old one too—is often puzzled to know the cause of her child's ill nature. The loudness of its crying does not necessarily indicate the seriousness of its trouble. It may have nothing more than a cold, or a headache, or a feeling of general distress. It cannot, of course, describe its feelings, but as a preliminary measure you are safe in trying a mild laxative.

Nine times out of ten, you will find it is all the child needs for its restlessness and peevishness are perhaps due to obstruction of the bowels, and once that has been remedied the headache, the sluggishness and the many other evidences of constipation and indigestion will quickly disappear.

Don't give the little one salts, cathartics, pills or castor oil, for these will act as purgatives, and they are too strong for a child. In the families of Mrs. M. H. Chew, Bay Shore, Mich., and Mrs. M. H. Chew, Bay Shore, Mich., the only laxative given is Dr. Caldwell's Syrup Pepsin. It has been found to answer most perfectly all the purposes of a laxative, and its very mildness and freedom from griping recommend it especially for the use of children, women, and old feeble persons who need a gentle bowel stimulant. Thousands of American families have been enthusiastic about it for more than a quarter of a century.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle, (family size) can save a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 501 Washington St., Monticello, N. Y. Your name and address on a postal card will do.

## ERUPTION COVERED BODY

Three years ago this winter I had a breaking out that covered my whole body. It itched so it seemed as if I should go crazy. It first came out in little pimples on my back and spread till it covered my whole body and limbs down to my knees, also my arms down to my elbows. Where I scratched it made sores, and the terrible itching and burning kept me from sleeping. I tried several remedies all to no purpose. Then I concluded to try the Cuticura Remedies. I used the Cuticura Soap and Cuticura Ointment, also the Resolvent, for about four months, and they completely cured me of eczema. I have had no return of the disease since. I never had a good night's rest after the skin eruption first broke out till I commenced using the Cuticura Soap and Ointment. I had only used them a few days before I could see they were beginning to heal, and the terrible itching was gone.

Those that lived in the house at the time know how I suffered, and how the Cuticura Soap and Ointment cured me. I never take a bath without using the Cuticura Soap, and I do not believe there are better remedies for any skin disease than the Cuticura Soap and Ointment. (Signed) Miss Sarah Callison, Waukegan, Ill., Mar. 15, 1911. Although Cuticura Soap and Ointment are sold by druggists and dealers everywhere, a sample of each, with 32-page book, will be mailed free on application to "Cuticura," Dept. 511, Boston.

At the Dance. "At last, Miss Mandy, am you program full?"  
"Lorrie, no, Mr. Lander. It takes more than a year to run two o'clock to 11:30 each program."

Mr. Wrenner's Suffering from Coughs, Croup, Hoarseness, Sore Throat, Bronchitis, Asthma, Hay Fever, Eczema, and other skin diseases, cured with Dr. Caldwell's Syrup Pepsin.

## WHAT'S THE MATTER WITH YOUR BABY?

The young mother—and many an old one too—is often puzzled to know the cause of her child's ill nature. The loudness of its crying does not necessarily indicate the seriousness of its trouble. It may have nothing more than a cold, or a headache, or a feeling of general distress. It cannot, of course, describe its feelings, but as a preliminary measure you are safe in trying a mild laxative.

Nine times out of ten, you will find it is all the child needs for its restlessness and peevishness are perhaps due to obstruction of the bowels, and once that has been remedied the headache, the sluggishness and the many other evidences of constipation and indigestion will quickly disappear.

Don't give the little one salts, cathartics, pills or castor oil, for these will act as purgatives, and they are too strong for a child. In the families of Mrs. M. H. Chew, Bay Shore, Mich., and Mrs. M. H. Chew, Bay Shore, Mich., the only laxative given is Dr. Caldwell's Syrup Pepsin. It has been found to answer most perfectly all the purposes of a laxative, and its very mildness and freedom from griping recommend it especially for the use of children, women, and old feeble persons who need a gentle bowel stimulant. Thousands of American families have been enthusiastic about it for more than a quarter of a century.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle, (family size) can save a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 501 Washington St., Monticello, N. Y. Your name and address on a postal card will do.

### Cause for Alarm

Loss of Appetite or Distress After Eating a Symptom that Should not be Disregarded

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat but what you digest and assimilate that does you good. Some of the strongest, healthiest, and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people, daily contract serious maladies simply through disregard or abuse of the stomach.

We urge all in Northville who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results.

We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c box of Rexall Dyspepsia Tablets, which gives 15 days' treatment. At the end of that time, your money will be returned to you, if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store - The Rexall Store, A. E. Stanley, Northville.

Everybody and their grandmother were having a lively time at the town hall Tuesday evening of last week, when Health officer Miller put a stop to the fun and told the crowd to disperse on account of the danger of spreading diphtheria.

The committee, which was of the Epworth League, had spent a great deal of time preparing the evening's entertainment and it was an unfortunate ending, but an ounce of prevention was worth a pound of cure.

## WINCHESTER

### Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities know a gun; that is why when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also know a gun; that is why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it safe, sure, strong and simple. If you want a shotgun - buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it - that's the Winchester.
