THE EASTER HATCH

(Copyright.)

Presbyterian Church Notes.

(By the Pastor.)

The Easter fair last week was very successful in attendance and in financial results. Over \$100 was added to the treasury of the Ladies Aid Society, and great credit is due to the ladies who worked so hard to make it a success.

The Easter Sunday services were largely attended. In the morning the Lord's Supper was observed and four new members received into the church. In the evening Ashford's cantata "Laster Town," was highly rendered by the large choir. The singing by Mrs. Bryan and Mr. Carl Bryan were delightful features of the day's services.

The Presbytery of Detroit will meet at Ann Arbor next Monday evening.

We were all glad to see Mrs. Jan Seadon in our congregation last Sunday, after many months' absence. Mrs. A. E. Stanley will have charge of the organ and choir for a few weeks, during Mrs. Tinkham's absence.

We were indebted to Mrs. Lizzie Targor for the handsome flowers that decorated the pulpit last Sunday.

The sermons next Sunday will answer the question, "Does It Make Any Difference What We Believe?" and "Who Should Rule the People?"

Methodist Church Notes.

(By the Pastor.)

The contest for membership in the Berean bible class closed Sunday with John Kinyon's side losing to Miss Weller's side. The losers gave the winners a very pleasant social

evening, with ice cream and cake to start up on at the home of our superintendent Wednesday evening.

We regret very much to lose Mr. and Mrs. W. L. Lincoln, two of our worthy members, who have moved on a farm near Roshton.

Sunday, April 14, morning subject: "After Easter, What?" Evening subject: "A Man Without a Country."

The St. Stephen's lecture on Jerusalem, given by Rev. Rowland of Detroit, was all that could be wished for. His graphic description of the picture made it both interesting and instructive.

The Missionary society will meet with Mrs. J. H. Cook next Tuesday afternoon, bringing gifts boxes.

Baptist Church Notes.

(By the Pastor.)

The regular services on Sunday "What the Christian Life Should Be," will be the subject for the morning. "A Man With a Nail Through His Head," will be the evening subject.

The pastor wishes to thank all who helped to make the Easter service such a success.

Auction Sale.

W. J. Lanning, Administrator of the estate of the late Mrs. Ada Wood, will sell at public auction at her late home on the Base Line road, Saturday, April 13, commencing at 1:00 o'clock, various household goods. L. L. Brooks, auctioneer.

One Penalty of Advancing Age.

"As we get older we find one of the sad things in life is the way in which the number of those who call us by our Christian name diminishes."

BACKACHE IS DISCOURAGING

Until You Get After The Cause Nothing more discouraging than a constant backache. Lame when you awake. Pain pierces you when you bend or lift. It's hard to work, or to rest. You sleep poorly and next day is the same old story. That backache indicates bad kidneys and calls for some good kidney remedy. None so well recommended as Doan's Kidney Pills. Grateful testimony is convincing proof.

Here's Another Typical Case

Mrs. O. W. Erwin, 203 Third St., Little Falls, Minn., says: "My body became so bloated I had to gasp for breath. Kidney secretions were in a terrible condition and to bend my back was agony. Life was one constant round of suffering and I thought death would be a relief. I began using Doan's Kidney Pills and am today a well, happy woman."

Extra Inducement. Cohen, the clothier, followed a customer out to his buggy. "Dot's a pretty fine horse you are driving," he commented approvingly. "Yes, he's a good one."

"How much would you sell him for?" "Seventy-five dollars."

"Mein Gott! Is he silk lined?" "Everybody's."

A splendid and highly recommended remedy for tired, weak, inflamed eyes, and granulated eyelids, is Paxton Antiseptic, at drugists, 25c a box or sent postpaid on receipt of price by The Paxton Toilet Co., Boston, Mass.

Misunderstood Gator.

The winter afternoon with like June, and, taking her under a palm on the lawn of the Royal Poinciana at Palm Beach, a sportsman said:

"This morning I photographed an alligator. My boy, to get him, stripped and waded into the water up to his chin. The boy felt about with his feet in the mud till he found a big gator. Then he ducked down, grabbed the gator by the nose and dragged him slowly ashore to the waiting men."

"But," said a girl in white, "wasn't it dangerous?"

"Not a bit."

"But, I thought alligators ate you?"

"No, no," said the sportsman. "You are confusing the alligator with the crocodile. The Indian crocodile eats men and women, but the Florida alligator is as harmless, literally as a cow."

Medical Genius. An old doctor, seeing a young one who was going along the street with half a dozen shabby-looking men and women, called him aside and asked:

"Who are all those people, and where are you going with them?"

"I will tell you in confidence," was the reply. "I've hired them to come and sit in my reception room. I expect a rich patient this morning, and I want to make an impression on him."

The Sailor's Chest. Bobby—This sailor must have been a bit of an acrobat.

Mamma—Why, dear?

Bobby—Because the book says, "Having lit his pipe, he sat down on his chest."

6,000 SQUARE MILES AFFECTED BY FLOOD

30,000 ARE HOMELESS, 30 HAVE MET DEATH, WHILE THE LOSS IS \$10,000,000.

BREAKING OF ST. FRANCIS BASIN LEVEE AFFECTS 6,000 SQ. MILES.

Col. Townsend Says Damage Cannot Now Be Estimated; Refugees Are Being Fed by the Authorities.

Thirty thousand persons homeless; 6,000 square miles of country affected; 30 persons drowned and a financial loss of \$10,000,000, constitute the result of a week's flood in the Mississippi valley. These figures were arrived at by government engineers and officials of state levee boards, engaged in battling the ravaging sweep of the Mississippi river from points in Illinois to threatened places in Mississippi.

Water poured into Arkansas through three new breaks in the levee south of Memphis. These gave way and several hundred square miles are subject to flooding.

Railroad traffic in these sections is practically paralyzed. Hundreds of persons still are menaced by the tide of the river at points in Missouri, Tennessee, Arkansas and Louisiana. They are marooned in house tops, in trees and anchored on rafts.

The most dangerous point in the flood situation Sunday was at Golden Lake, the Arkansas levee guarding the pressure of the Mississippi. Had this unbankment been breached it would have added to the tide already sweeping through northwest Arkansas.

Hourly the danger zone work southward. Three breaks occurred south of Memphis. The first was at "24 Mile Post," 16 miles south of Helena, Ark. The levee at Laconia, 60 miles below Helena, went out, and the levee gave way at Henrico, near Laconia. The water poured rapidly over several hundred square miles of rich farming lands.

Overflow Ruins Rich Farm Area. The Mississippi flood, according to a local official, declared Col. C. McD. Townsend, United States army engineer and president of the Mississippi river commission. With the breaking of the levee of the St. Francis basin the flood has resumed tremendous proportions and an area of 6,000 square miles, one of the richest in the country, will be inundated.

The breaking of the St. Francis levee will, however, reduce the strain on the levee farther down the river, and it is therefore no question that we will be able to save the Texas and Yazoo basins from inundation.

The big fight will now be transferred to the Yazoo district on the lower Mississippi, and the Texas district between the Arkansas and Red rivers. The overflow of water into the great St. Francis basin, which is on the Arkansas side of the river just below Memphis, will relieve the strain on the lower levees and it is quite certain now that the water will not reach the 50-foot mark. We can hold it until that mark is reached and perhaps beyond.

90 Rescued From Burning Ship. The Merchants & Miners Transportation Co.'s steamer Ontario, bound from Norfolk, Va., to Boston, with 90 persons, including passengers and crew on board, caught fire off Montauk Point, N. Y., and was beached on Long Island, and a half mile west of Montauk Point. All on board were saved.

The passengers and part of the crew were taken off the remainder under Capt. Boud, remaining on board to fight the flames. After five hours fighting the crew had succeeded in confining the great masses of flame to the hold.

Return of De La Barra Is Dangerous. No other event holds as much speculative interest in the Mexican political situation as the arrival of Francisco Leon de la Barra after an absence of four and one-half months. All sorts of predictions as to his future part in national affairs are being made, according to the light in which the maker views the local situation, but in the main there are expectations that Senor de la Barra's influence will be of benefit.

Rebels Capture City of Parral. Parral fell into the hands of the Mexican rebels. The numbers of the enemy which looked so large to Gen. Campa in the hour of his defeat proved to be a force of only 700. They escaped in the night, leaving behind them a rapid fire and a mortar, previously captured from the Liberals. It developed that Gen. Villa and Urbina, the federal commanders, fought alone when they routed Campa.

The Crawford bill, looking to an international inquiry into the high cost of living, was ordered favorably reported by the senate committee on foreign relations.

"Indefinitely postponed" was the senate's action on Senator Cummins' resolution to ask the president to inquire if Great Britain and France wished to join the United States in extending practically universal arbitration.

Another effort will be made by the navy department to sell several million pounds of brown powder which has been relegated to the scrap heap by the advancement in the use of smokeless powder, before conducting experiments at the naval proving grounds at Indian Head, Mr. H. C. Henshaw, secretary of the navy, said.

OSBORN IS NOT A CANDIDATE

Issues Statement in Which He Says He Has Accomplished More Than He Expected To.

Gov. Osborn has issued a statement, addressed to the people of Michigan, in which he says: "I will not be a candidate this year for governor. It seems necessary and proper to make this statement at this time. This is my reply to hundreds of letters, personal requests, inquiries of delegations and endorsements of counties. I confess that I am personally gratified by the active insistence of so many that I should become a candidate."

"I do not desire office. I have at no time thought of going or have spoken voluntarily to anybody of going as a delegate to the Republican national convention. I have at no time thought of being a candidate for the vice-presidency. In other words, I am in exactly the same frame of mind that I was on Dec. 6, 1910, when I announced that I would not be a candidate for a second term."

"I knew at the time practically what a program of endeavor would be. I have already succeeded in doing more than I hoped to accomplish. The greatest service that I expect to be able to perform is to convince the people of the state of Michigan that we are hearing the threshold of a new era, wherein citizens will have a higher idea of their duties, and unselfish service will be their chief reward and happiness, and when they will do things without any thought of acquiring issues with which they may be perpetuated in power and office."

Continuing the Governor says: "I will look forward with pleasure to continuing my public work through the year, and then to retirement to the quiet and freedom and independence of the woods, only to emerge when I can be convinced that I can be of service."

A Word for Elder Russell.

(W. S. Garlough, pastor Christian church, Bloomington, Ill.)

I have read a number of articles in the Christian Standard during the past few months concerning the Millennial Dawnism as taught by Elder Russell. We have heard the criticism of the Pious Fathers, how, having left their own country and endured all sorts of hardships for the sake of religious freedom, they themselves became the worst of bigots and persecutors of those who later disagreed with them. The treatment accorded Elder Russell by the disciples of Church is very similar to the actions of those early fathers. Since reading Russell's "Studies in the Scriptures," the first and fifth volumes more than once, I have read all the articles and tracts against his teaching. I could find in not a single instance does the writer reply in the same Christian spirit which characterizes Russell's writings. In some instances the writer resorted to the only weapon left to the "man" without an argument—ridicule. Others willingly misrepresent his teachings or do not know what he does teach. As a rule they do not touch upon the real subject matter of his "Studies" but attack some minor subject that Russell himself would not hold as a matter of faith but as being of a more or less speculative character.

To my mind, Elder Russell presents the most Scriptural, clear and soul-satisfying conception of the person of Jesus I have ever heard or read. The same is true of man, his creation, his experience, with sin, God's plan for his redemption, the gospel of Jesus Christ, and man's future destiny. Now if any good brother feels that Elder Russell's books are doing the church of Christ harm, let him read his books (all six studies) carefully, once or a dozen times if it need be until he knows he has the author's thought, challenging every doctrine thought until it is proven by the open Book, then just as carefully, prayerfully, and with Christian spirit shown by Elder Russell, let him take up his task, and in a logical, Scriptural way, step by step, show his brethren that the teaching of Elder Russell is correct. Then will we have something worth while. But so long as Elder Russell is attacked in the present manner, no one who has read his "Studies" will be convinced of the error therein if error there be. Let no brother deceive himself into thinking that he can successfully thwart the teaching of the six volumes of "Scriptural Studies" in a few articles in the Christian Standard or even in a tract such as Waldeman's and others.

One thing Elder Russell's books will do if carefully read by an earnest, thoughtful Christian, he will read and study his Bible more, he will lose his interest in worldly things. It will not be necessary to preach to him that he could not go to the theatre, play cards or dance, for he will have no desire to do those things in which most Christian people indulge. It will not be necessary to solicit money from him for the Lord's work—it will be forthcoming without solicitation. It would seem that, until some brother is able to present the gospel and provide "meat in due season" that does this work as well as Russell's "Studies in the Scriptures" it might be well to look toward the beam, not outward for the mote and let his "Studies" continue to do that which most preachers admit they are not able to accomplish. Give Elder Russell a square deal.—Paxon, Ill., Daily Record.

FARMINGTON NEWS.

Mrs. M. F. Stanley of Northville spent Friday in Farmington.

Phyllis Conroy is a new pupil in the first grade of the school.

Miss Mary Kennedy, who has been very ill, is better, although still confined to her bed.

Mr. and Mrs. James Conroy of Fremont, Ohio, were visiting in this community last week.

Fred Chene, who works for Frank Shear east of town, had a lively scrap with an eight-month-old calf one day last week. Mr. Calf threw Fred onto a wagon wheel, striking his head forcibly enough.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by Donaghy's Remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that is not cured by Donaghy's Catarrh Cure. Send for circulars, free.

Leon Grish, an employee of the D. U. R., was quite severely shaken up one day last week. He was accidentally thrown from the D. U. R. gasoline motor-car. It was a question at first as to his recovery but he is able to be around the house though considerably bruised.

Mrs. Linnie Groover died suddenly Saturday morning of heart trouble after an illness of only one day, at her home near Stevens' Corners. Mrs. Groover, who was fifty-three years old, was beloved by all who knew her and many will mourn her death. She is survived by her husband and one daughter.

The Easter services in the M. E. church Sunday evening were well attended. The church was tastefully decorated, a large Easter lily being the center of attraction. The music was fine. The children with their bright faces and Easter costumes, and the song by Mr. Harger's class of young men, all made the services something to be long remembered by those present.

Northville Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Northville citizen. "A. H. Piper, Center St., Northville, Mich., says: 'I cannot say too much in praise of Doan's Kidney Pills. I had occasion to use this remedy about a year ago when I was suffering from a severe attack of kidney trouble. My back was so lame that I could hardly get around and I sat down for awhile. It was almost impossible for me to get up. When I stooped or lifted, sharp pains darted through me. The kidney secretions were highly colored, contained sediment and were painful to passage. The contents of three boxes of Doan's Kidney Pills, procured at Murdock Bros. Drug Store, completely cured me and I have been in good health since. I can certainly give this excellent preparation a strong endorsement. Price 50 cents. Foster Millburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.'

LOOK OUT FOR THE CARS

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroad needs to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads round about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all, to ADVERTISE IN THIS PAPER

What They Are Paying.

Special communication of Northville Lodge, No 186, F & A. M. Monday evening, April 15. Work in F. C. degree.

The Misses May Woodmanson and Bertha White, who teach school near here, are enjoying their Spring vacation this week.

T. G. Richardson has purchased a new Hudson 33. It is a big red fellow with all the late improvements, including a self starter.

A number of young people perpetrated a very neat surprise on Miss Thelma Ambler on Monday evening of this week, it being her birthday.

The regular meeting of the W. C. T. U. will be held in Ambler's hall, Monday, April 15, at 2.00 p. m. All members are requested to be present.

Will Lanning has bought a new Maxwell auto and is now patiently waiting for his first experience with punctured tires and busted spark plugs.

Capt. Kurth was taken to Ann Arbor for an examination last Thursday where it was found that with rest and quiet he would soon be entirely well.

The King's Daughters will hold their next regular evening meeting with Miss Ruth Gillette at her home on Dunlap street Tuesday evening, April 16, at 7.30 o'clock.

Don't forget "Brother Josiah" at the Open House this (Friday) evening, given by the Northville Seniors. Prices 25 cents and 15 cents. Reserved seats at Murdock's, 5 cents extra.

Ray Richardson has shown a marked place of genius by driving over his Buick run about, making a four passenger car of it with a wheel base of about one hundred inches.

The appointments of the village offices made by President Lanning will be found in the council proceedings in this issue. Frank Perrin is the new marshal and J. M. Green the street commissioner.

Mrs. Lillian Ambler and Miss Grace Sloan have been engaged to teach another year in the Farmington schools, and each receive an increase in salary. They are the only teachers to be retained.

A number of people in this town have received letters this week from a person in Madrid, Spain offering them a barrel of money in return for a few dollars of their hard earned cash. A good case for suckers who have plenty of money to lose.

Mrs. Agnes Hutchins, who has been employed in Ambler's ice cream parlors for some time, left Saturday for Pontiac where she has a position as cook for the county jail. As a proof of the esteem in which Mrs. Hutchins was held here a number of the young people surprised her at the home of Miss Lucile Lanning Friday evening. After a delightful social evening, she was presented with a handsome gold bracelet as a reminder of her Northville friends.

The Northville "All Stars" have reorganized under the able management of "Bobber" Brown. "Pop" Turner has also consented to help when he can. They will be the only team on the field this summer as they will not play any games until after school closes, with one exception. That is, on Decoration Day, when they will play a strong team from Detroit. "Bill" Lewis has again been elected captain and he and "Bobber" say: "We'll show 'em some ball playing this summer." The official season will begin June 23, when they will cross bats with the Columbia club of Detroit. Every body jump in and help them.

S. D. Meserault attended the dedication of the Masonic Home at Alma Falls over five hundred delegates being present from various parts of the state. Gov. Osborn made the principal address of the day. This home was presented to the Masons and Eastern Stars by the venerable Mr. Wright of Alma, and covers over an acre of ground, accommodating five hundred inmates.

Due to the unprecedented demand for tickets for "Brother Josiah," the Senior play to be given this (Friday) evening, it may be decided to put the play on again, probably next Thursday evening, April 18. In order to accommodate those who have been unable to get tickets for this evening, the mistake in putting up the board Tuesday evening instead of Wednesday morning was due to no fault of the Senior class or anyone connected with it, but through a mis-understanding.

The Kitchen Cabinet

THE law of nature is, Do the thing and you shall have power, but they who do not the thing, have not the power.

HELPFUL HINTS FOR SERVING THE SICK:

Make the tray as attractive as possible, using dishes which look well with the food, when it is possible. If dishes and food fight in color it may seem of no importance; but often a sick person is peculiarly sensitive to clashing colors. A well arranged tray will appeal to the eye and a flicker of appetite is often coaxed into eating simply because the food looks good.

Fashions in foods change, but the fashion of serving food that is hot, in hot covered dishes, food foods in cold dishes, is not likely to change.

If possible, serve the tea or coffee in a pot, as an invalid, if able, likes to pour out the beverage and sweeten it to taste.

Never serve large amounts to an invalid, or fill a glass more than two-thirds full; there are several reasons for this. A glass is not easily handled if full by an unsteady hand, and too large an amount may discourage the patient from even trying the dish, if he thinks he is expected to eat it all.

All food and dishes should be at once removed from the sick room. Both food and water absorb impurities.

A bit of green or a flower or two on the tray or in a small vase adds much to its appearance.

Never under any circumstances, without a physician's advice, give liquor in any form. Many consider egg nog ineffective without liquor, but it may be much more in with fruit juices or a dash of nutmeg or vanilla.

Milked Butter—Thicken one cup of cream with two tablespoons of flour; cook until smooth. Add a tablespoonful of sugar to the butter milk and heat to the boiling point, beating all the while with the drier egg beater, then stir in the cream and cook a few minutes. Pour over a well beaten egg and serve.

VEGETARIAN DISHES.

For those of our readers who find it pleasant and profitable to subsist on fruits, grains and vegetables, the following suggestions may be helpful.

For breakfast food there is none more wholesome or tasty than wheat cooked until it cracks open, served with cream and sugar. Hominy and rice are also good, as is farina and cornmeal mush.

The number of soups that may be prepared without meat are many; the nourishing cream soups and those of nuts and vegetables are fully as satisfying as soups prepared from meat.

Navy Bean Soup—Cook together a cup of beans and a slice of onion, add five cups of water and simmer until the bean may be put through a sieve. Season and serve with the addition of butter.

Tomato Bisque—Take a cup of strained tomato, add five cups of water, a half cup of peanut butter, three-fourths of a teaspoonful of salt. Cook all together until well blended. Salt, if needed, and serve.

Creole Soup—Cook together a small carrot, a small turnip, a large onion, two tablespoonfuls of rice and a pint of water. When all the ingredients are tender rub through a sieve. Add a cup of tomato, season and serve.

Fruit Salad a la Creme—To a cup of sliced pineapple add a cup of seeded grapes and a large banana. Over this fruit pour the following dressing: Cook together two tablespoonfuls each of butter and flour, half a cup of lemon juice, three beaten yolks, two tablespoonfuls of sugar, a cup of cream and a fourth of a teaspoonful of salt. Cool and add whipped cream.

Make a circle of cold baked beans in the center put a stuffing of bread crumbs, seasoned with sage, onion juice, butter, salt and celery. Mix with an egg and cover the stuffing with the beans; bake and serve hot.

Noisless.

"By the way, are Italy and Turkey still at war?"

Socrates was of opinion that, if we laid all our adversities and misfortunes in one common heap, with this condition, that each one should carry out of it an equal portion, most men would be glad to take up their own again—Plutarch.

WHY PEOPLE GO TO CANADA

Those who are wondering why the number of Americans going to Canada year by year increases in the rates that it does, would be so surprised were they to accompany one of the numerous excursions that are being run under the auspices of the Government from several of the states, and remain with the settlers until he gets onto the free homesteads, which, as stated by Speaker Champ Clark, in the U. S. senate the other day, comprises 160 acres of the most fertile soil and with remarkably easy settlement conditions. Then, watch the results, whether it be on this free homestead of 160 acres or on land which he may purchase at from \$15. to \$20. per acre, fully as good as the \$100 and \$150, per acre land of his native state, and which his means will not permit his purchasing. On the part of the members of the U. S. Senate and Congress there is nothing but praise for Canada. Canadian laws and Canadian lands although the reasonable desire is shown in their remarks, that they pass legislation, (which is very praiseworthy) that will make the land laws of the United States much easier.

It is the success of the American settler in Canada that attracts others, and when experiences such as the following are related to the friend "back home" it is a wonder that increased interest is aroused and a determination arrived at, to participate in the new-found way up in Canada, that means wealth and health and all that accompanies it.

William Johnston, who formerly lived at Alexandria, Minn., settled in the Alberg District near Battle River and in writing to one of the Canadian Government agents, located in the United States says: "We have had no failures of crops during our nine years in Canada. I threshed 1203 bushels of wheat and 1033 bushels of oats in 1911, off my 160 acres. This is a beautiful country. I keep six good work horses and milk seven cows, getting good prices for butter and eggs. We get our coal for \$2.00 per ton at the mine, about one mile from the farm. Am about one and a half miles from a fine school. As for the cold weather it is much milder here than in Minnesota, where I lived for 21 years. Our well is 35 feet deep and we have fine water. Wild land is selling for \$18. to \$22. per acre. Improved farms are much higher. I am well satisfied with the country, and would not sell unless I got a fair price, as we have all done well here."

Good reasons to account for the number going to Canada.

THERE ARE OTHERS.

RASH ALL OVER BABY'S BODY

Itched So He Could Not Sleep

"On July 27, 1909, we left Boston for a trip to England and Ireland, taking baby with us. After being in Ireland a few days a nasty rash came out all over his body. We took him to a doctor who gave us medicine for him. The trouble started in the form of a rash and was all over baby's body, head and face, at different times. It irritated, and he would scratch it with all his might. The consequence was it developed into sores, and we were afraid it would leave nasty scars on his face."

"When we reached England we took baby to another doctor, who said his condition was due to change of food and climate, and gave more medicine. The rash got no better, and it used to itch and burn at night so bad that the child could not sleep. He was completely covered with it at different times. It was at this time that my mother advised us to try Cuticura Soap and Ointment. After using Cuticura Soap and Ointment for about nine months the places disappeared. There are not any scars, or other kind of disfigurement, and baby is completely cured by the Cuticura Soap and Ointment. We have no further trouble with baby's skin. Nothing stopped the itching, and allowed baby to sleep but Cuticura Soap and Ointment." (Signed) Mrs. Margaret Gunn, 29 Burrell St., Roxbury, Mass., March 12, 1911.

Although Cuticura Soap and Ointment are sold everywhere, a sample of each, with 32-page book, will be mailed free on application to Cuticura, Dept. L, Boston.

STATE NEWS IN BRIEF

Detroit.—Dr. Henry O. Walker, a prominent and well-known surgeon of this city, died suddenly at his residence, 46 Rowena street, after a brief illness from pneumonia. Doctor Walker was one of the most skillful surgeons in the United States. He had performed many of the most delicate operations known to science and requiring the greatest nerve to carry through successfully.

Greenville.—Major E. A. Grabill, member of the Michigan Soldiers' home board, and editor of the Michigan Independent for 46 years, died at his home here at the age of seventy-five years. He is survived by his widow and two sons. Major Grabill earned his title during the Civil war, enlisting as a private and working his way up.

Ann Arbor.—Morris L. Whitmeyer, 15 lit, died at his rooms on Liberty street after a hard fight to keep alive until his father and mother could travel from Ogden, Utah, to his bedside. Whitmeyer was taken sick a week ago with tonsillitis and although at first his case was not thought to be serious, complications set in and blood poisoning developed.

Grand Rapids.—Oliver, Allard, C. A. Newton, and Harry M. Underhill, residents of Charlevoix county, were sentenced to serve 60 days in their own county jail for violating the federal liquor laws. They were sentenced by Judge Sessions in United States circuit court who gave them no alternative of a fine because the offense occurred in a "dry" district.

Ann Arbor.—The Woman's Foreign Missionary society of the Detroit Presbytery started its thirty-ninth annual meeting in the Presbyterian church here with Mrs. D. L. Sutherland of Detroit, acting president, presiding. There is a large number in attendance. Mrs. George Robinson, member of the board of the north west, was the principal speaker of the session. This board has jurisdiction over 12 states and its headquarters are at Chicago. The foreign societies in these 12 states have 135 mission aries in the field and 20 young girls, many of them college girls, are ready to go. One hundred and seventy thousand dollars has been received from these 12 states during the past year.

Port Huron.—At a meeting of the mayor and city commissioners, the commissioners decided to close pool and billiard rooms, bowling alleys and shooting galleries in the city every night at 12 o'clock and all day Sundays. The proprietors of these places have been agitated over the matter of late and have been holding secret sessions, which finally resulted in the presentation of petitions to the city commissioners. These petitions had little effect on the commissioners, only one amendment being made in the ordinance. That of changing the closing time from 11 to 12 o'clock.

Grand Rapids.—The first session of the semi-annual meeting of the western Michigan district of the Methodist church opened here Monday at 10 o'clock. More than 270 pastors attended. Samuel Dicke of Albion college and Governor Osborn will be the principal speakers at Lansing. Rev. Homer Stantz of New York, a Philippine missionary, preached at the opening session.

Nashville.—In a field on his farm, northeast of here, the body of Ambrose Childs was found where it had lain at least five days. It is not yet known how he came to his death, but it is thought from natural causes. His team, with the harness on, had wandered about the farm all this time without care, and his dog, a fierce bulldog, was found in the house so nearly starved that it could not bark.

Jackson.—Carl Le Strange and Frank Hogan, charged with larceny from the Ideal theater, were arraigned in circuit court. Le Strange pleaded guilty, and was sentenced to Jackson prison for from one to five years. The case against Hogan was nolle prossed. Le Strange having recently made a confession in which he cleared the man who was arrested with him.

Lansing.—The alumni of the University of Michigan from the middle west will meet in St. Louis April 27. The meeting will be the largest gathering of former students of that institution ever assembled in the Mississippi valley.

Pittsford.—A farmer, Edward H. Kennedy, aged fifty-eight years, committed suicide by swallowing two ounces of carbolic acid. Drink and domestic troubles are assigned as the reason.

Lansing.—While walking in the woods southeast of Lansing, Governor Osborn fell into a hole and fractured a bone in his left instep. The governor was alone, a mile and a half from anyone, and carried a gun. He hobbled to the High Lyon mill, where his auto was summoned. An X-ray examination of the foot was made.

Eaton Rapids.—Samuel Heiser, a prominent farmer, three miles south of here, was killed by falling from a ladder. His skull was fractured by the fall of nine feet.

TAFT INSISTS ON AID TO FARMERS

Says Department of Agriculture
Work Must Go On.

LABORS FOR CONSERVATION.

Far-reaching Legislation Administered
by Scientists of Rank Brings Good
Results to Tillers of Soil—Food and
Drugs Act Upheld to the Letter.

In his inaugural address President Taft called attention to the dollar then existing in the revenues and the consequent necessity for rigid economy in expenditures. However, the president singled out the department of agriculture as an exception. He said, to quote his exact words, "In the department of agriculture the use of scientific experiments on a large scale, and the spread of information derived from them for the improvement of general agriculture must go on." This view the president has steadily maintained, and repeatedly has urged appropriations for the work of the department. In his comprehensive message on conservation President Taft said, "The feature that transcends all others in the department, and which is the soil of the country," and that all means at the government's disposal should be used to conserve the soils, adding, "a work of the utmost importance to inform and instruct the public on this chief branch of the conservation of our resources is being carried on successfully in the department of agriculture."

Reports made recently to Secretary Wilson of the department of agriculture by the heads of his bureaus justify this conclusion on the part of the president for the department. In calling for these reports the secretary asked that they be brief and that they mention notable achievements of the last five years only, inasmuch as that period is really the period of fruition in the department, the period during which, owing to the broad foundation previously laid by the training and grouping of many corps of scientific men, by securing furnishing legislation, by gathering together masses of statistics and other information by providing scientific and other equipment, it has been possible to produce most marvelous results for the common good of the people.

Taft For Conservation
In his conservation message President Taft emphasized the importance of the maintenance of the forests and urged their scientific treatment, so that they shall be made to yield a large return in timber without really reducing the supply, and in other messages he pointed out the necessity of reforestation. In accordance with these views much available work has been done in protecting the national forests and in researches in the laboratory of the department of Madison, Wis., and in the past five years the work of reforestation carried over areas has proceeded at the rate of 15,000 to 20,000 acres a year. The department takes justifiable pride in its forest work, considering the administration of 100,000,000 acres of land protected and managed for the public benefit a great achievement.

Since Jan. 1, 1907, when the food and drugs act went into effect, more has been done to provide a good, clean food supply than in all the preceding life of the nation. A wonderful change has also been effected in the character of the drugs on sale. The department has a trained force of inspectors and chemists doing excellent work in all parts of the country in behalf of pure foods and pure drugs. This salutary law, however, needs amendment, as the supreme court held in May, 1911, that its provisions, to quote President Taft's words in his vigorous message to congress a month later, "Do not cover the knowingly false labeling of nostrums as to curative effect." The president added: "An evil which menaces the general health of the people strikes at the life of the nation. In my opinion the sale of dangerously adulterated drugs constitutes such an evil and warrants me in calling the matter to the attention of the congress."

Work of Soil Mapping.
Of importance to the farmer, has been the work carried on in the past five years of soil mapping and classification, so that now the area included is 407,609 square miles, or nearly 41,000,000 acres. The value of this work is incalculable.

Disseminating the valuable information acquired by the department has proved a wonderful work. Practically 200,000,000 publications have been distributed since Secretary Wilson assumed control of the department, and more than half (103,598,000) of that number have been distributed within the past five years.

Other work accomplished by the department includes a comprehensive system of weather warnings and forecasts, the meat inspection service in which 2,500 experts are employed, who see that every pound of meat sent interstate is fit for human food, protection of live stock the checking of rodent pests, the destruction of noxious insects, the conservation of water supplies, the building and care of public roads, and the policy for better farmhouses, so that every dollar expended in the prosecution of this work in its numerous phases has brought back a hundred fold to the people.
