

THE NORTHVILLE RECORD.

VOL. XLIV. NO. 13.

THE RECORD: NORTHVILLE, MICH., FRIDAY, OCTOBER 24, 1913.

\$1.00 PER YEAR IN ADVANCE.

"WE SHOULD WORRY"

TOWNSHIPS GET SOAKED AGAIN

WILL HAVE TO PAY 13.63 PER CENT OF WAYNE COUNTY TAXES.

Tax Commissioner Benton Called Detroit's Assessor to a Turn.

County Commissioner Cass Benton of this place and City Assessor John Nagel of Detroit are having a heated controversy before the board of supervisors over the assessed valuation of the D U R. Mr. Benton claimed that Nagel wrongfully lowered the railway's valuation \$300,000 which would tend to increase the township rate of taxation and lower the city's end of it. The board finally voted to sustain Nagel's valuations and the rate will be \$3.37 for the city.

Considering the growth of Detroit however the city would be getting off cheap if it paid 30 per cent of the county taxes. Mr. Benton certainly called Assessor Nagel to a turn, but without avail, as the townships are greatly outnumbered when it comes to a vote.

WELL ATTENDED BIZ. MEN'S MEET

SOCIAL HOUR OF FEAST AND TALK TUESDAY NIGHT.

The Business Men's meeting in Ambler's hall Tuesday night was well attended, and everybody had a good time. The question of the route of the electric line from Lansing to Detroit was brought up and the opinion expressed was that it would be advantageous to have such a line routed via Northville. It was said had raised \$800 towards aiding in getting the right of way through town. A committee composed of W. H. Ambler, N. C. Schrader and W. J. Lanning were appointed to look after Northville's interest in the matter.

A luncheon in the shape of doughnuts and sweet cider was nicely served and hugely enjoyed. Previous to the meeting the band gave some very nice music.

JUDGE THAYER QUITS COURT IN CHINA

Wife's Health Compels Former Northville Man to Return Home.

There has been received by Northville relatives, two newspapers from China which tell of the resignation of Rufus H. Thayer as judge of the United States court for China. This resignation is to take effect Dec. 31, because of the ill health of Mrs. Thayer, who has been unable to live in China for the past two years. Judge Thayer holds the distinction of being the only judge of a United States court outside the United States itself because the court in China is the only one in existence. It was established seven years ago, and Judge Thayer is the second judge and has appointed by President Taft, to whom he was a warm friend. The judge is an uncle of Will Thayer of this place.

HARVESTED BIG GINSENG CROP

CHARLES A. SESSIONS IS BANNER MAN AGAIN THIS YEAR

Forty Bushels of the Costly Roots from His Big Garden.

Charles A. Sessions of this place is the banner ginseng producer of this section if not of the whole state. From his big gardens on his farm north of town he has finished digging forty bushels of his healthy looking roots as ever were dug and the abundance of the crop for any one man is perhaps not excelled in Michigan.

When dried and ready for shipment the weight will be about 150 pounds and it will find ready markets from whence it is exported to

CHARLES A. SESSIONS.
Northville's champion Ginseng producer this year and one of the foremost in Michigan.

foreign countries, chiefly to China. A quantity however is used each year in the United States in the manufacture of certain drugs.

Last year Mr. Sessions harvested about the same amount and realized around two thousand dollars for it. The price ranges from \$3 to \$7 per pound.

There are a number of other ginseng farmers in Northville but the roots in their plants were not producing any great quantity this season. Will Stark had a few bushels of nice roots and Frank Dolph and H. F. Jackson did a little digging but so far as learned that is the extent for this season.

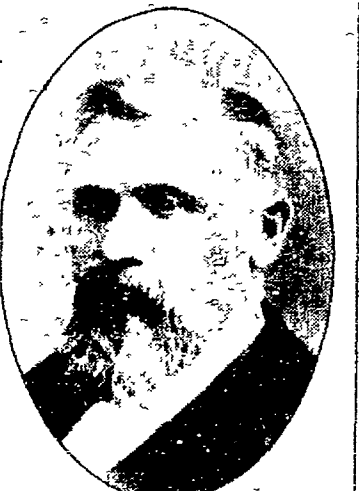

ROBBINS-MCGEE.

Miss Gladys Robbins, daughter of Mr. and Mrs. Myron Robbins, and Mr. Albert McGee, also of this village were united in marriage by Rev. J. E. Webber at the home of the bride, Monday afternoon. Mr. McGee is employed at the electric light plant. The newly married couple will make their home with the bride's parents.

ASA B. SMITH DIED WEDNESDAY

HAD BEEN ILL FOR SOME WEEKS PAST.

Asa B. Smith, one of Northville's best known and wealthiest citizens, died at his home in this village a little after noon Wednesday, aged nearly seventy-nine years. Mr. Smith had been ill for several weeks past, but for a week had been improving so that one day he was able to get down town. Later he was taken worse and until the end came had to be bolstered up in a chair.

ASA B. SMITH.
Well known Northville citizen, business man and capitalist who died at his home in this village Wednesday.

For many years Mr. Smith was one of the leading cheese manufacturers of this section, his early factory being at Gilt Edge, Ontario, now operated by Frank Priddy.

Besides the widow the deceased leaves one daughter, Mrs. Anna Smith, and one sister, Mrs. Anna Lapham of Detroit.

The funeral will be held from the late home Saturday afternoon at 1 o'clock.

SCHOOL FOR WIVES.

A school for wives is the latest and it should prove to be a good thing. The institution is located in New York City and its management announces that it will give a four-year course for girls, who upon graduation and marriage, will be qualified to spend their husband's income to the best and keep an account book that will "come out straight at the end of the month." Dr. Stuart H. Rowe, principal of the school, says that upon completion of the wives' course, the sweet girl graduates will be able to cook a dinner, converse intelligently on literature, history and equal suffrage, that she will be able to trim her own hair artistically, keep it free from germs and play her part in a social way. Dr. Rowe adds that the course was suggested to him by the reflection that 65 per cent. of the girls now in school will marry sooner or later and that they are being fitted for any vocation rather than that of matrimony.

The advertiser, while benefitting himself, helps his town. A town in which the business men advertise in the newspapers is always a live town. The merchant who uses printer's ink are always the progressive spirits of the place, and deserve the patronage of the community they help support and push forward. Deal with the business man whose advertisement you see in the newspaper and you will make no mistake.

To add to his troubles besides the Mexico situation President Wilson is not averse to taking on another which may prove much worse, in the shape of Mrs. Pankhurst, the English militant leader. The president will now know what it is to have two women to please instead of one.

After reading the head lines on the Detroit morning papers, of the Sunday shooting, street car killing, trucks broken, kidnap auto smashups, etc., we cannot possibly see how enough men were left alive to start the old town going again Monday.

An automobile manufacturer predicts the coming of machines that can travel 20 miles an hour. If this prediction is fulfilled it will be more necessary than ever for pedestrians to take to the woods.
