FOUR BAD ACCIDENTS IN THREE DAYS

FILKINS FAMILY, CHESTER ALGER, MRS. ROMAIN GILBERT AND LITTLE DONALD WARE SUFFER.

Chas. Filkins' Auto Tumbles.

Mr. and Mrs. Charles Filkins and daughter, June, Mr. and Mrs. C. A. Dolph and Mrs. Mercy Evans were in an automobile accident Sunday night. They were coming home from Detroit on the Grand River road about 6:00 o'clock when, to pass a big car, Mr. Filkins dimmed his lights and turned to the side of the road. The other auto, to avoid a mud hole, crowded them over so far that their machine slid over the embankment near Clarenceville. Mrs. Filkins, who was sitting on one of the small seats, was thrown thru a barbed wire fence but was only bruised and scratched. Others were pinned under the car until help arrived. Mrs. Dolph was the only member of the party to be severely injured, her shoulder being sprained. The car was but slightly damaged and was taken to the garage at Farmington for repairs while the party came the rest of the way home on a street car.

It was certainly a very narrow escape for all the people and after visiting the scene of the accident one will wonder how any of them escaped a life. The accident occurred about half a mile west of Clarenceville and they escaped landing in several feet of water only by a distance of ten feet.

Mrs. Romaine Gilbert Injured.

Tuesday afternoon Mrs. Romaine Gilbert of Detroit, who has been visiting at the W. D. Corbin home on South Center street, crashed up her Ford automobile preparatory to going for a ride. It slipped into a ditch at once and started forward. Mrs. Gilbert's clothing caught in the trunk in such a way that she could not escape and the road being down grade, was pushed across the street in a flash and pinned against a big tree back of the Park house. When freed, she was found to be seriously injured internally. Her condition is critical and little hope is entertained for her recovery.

Mrs. Gilbert was formerly Miss Mahel Harrington of this place.

This makes the second accident of a like nature in less than a week. Last Thursday C. J. McKahn crashed up a Ford car in his garage and it started up and ran him against a big truck crushing his left wrist.

Charles Alger Breaks An Arm.

Chester Alger, an 8-year-old boy, fell while going down hill in front of the grist mill Monday afternoon, landing with his arms outstretched. As a result both bones of the left forearm and also the wrist bone were fractured. Dr. T. B. Henry attended him.

Frank Lauray Injures Finger.

Frank Lauray also fell in line Tuesday by running a silver or wood into his hand causing a painful wound about an inch deep.

Donald Ware Burned by Gasoline.

The last of the series of accidents was the burns received by little Donald Ware, son of Mr. and Mrs. Thomas Ware, Tuesday evening. He was alone in the kitchen of the Ware lunch room just east of the Alseum building, the other members of the family being in the front part. He had been playing with his tricycle and gotten grease on his hands so washed them in gasoline. The basin containing the fluid he sat on the hearth of the stove and the heat caused the gasoline to catch fire, burning both hands and arms terribly. His screams brought help and the relief was applied at once, it is feared, he may carry scars for some time.

NORTHVILLE TEMPLARS WILL GO TO LAPEER

The Northville members of the Knights Templar lodge will go to Lapeer Tuesday, October 12, to attend the field day celebration in charge of the Knights of that city.

All manner of entertainment has been scheduled for the pleasure of the visitors. A public parade, a mass parade, drills and a grand march are some of the official numbers on the program. Others include auto rides and etc.

TURN OF THE SEASON

NORTHVILLE TO GET CEMENT ROAD

WORK NEXT SPRING WILL COMMENCE HERE AND AT DETROIT.

WILSON'S CORNERS ON PLYMOUTH AVENUE VIA FIVE POINTS WILL BE THE ROUTE.

Supervisor Lansing and Cass Clinton have had interviews with the Wayne County Road Commissioners and they have been assured that the cement road will be built next year from Woodward avenue (7 mile road) to Northville, entering the village at Wilson's corners on Plymouth avenue.

The further assurance is made that the building will be completed at the Northville and Detroit ends at the same time. This will insure a splendid cement road from Northville to Detroit in 1916. There will be on this end about two miles in Redford, six in Livonia and two in Northville to build.

It is presumed that the village authorities next year will arrange to have the commissioners start the road through the village as outlined in last week's Record.

NEW USE FOR FORD AUTOMOBILE

NORTHVILLE LADY'S SWEET EXPERIENCE WITH MAPLE SYRUP AS A SUBSTITUTE FOR ENGINE OIL.

Mrs. A. J. Rickel has a new Ford auto. Neighbor George Stanley has been teaching her the art of driving and the care of the every-body-has-one. A few days ago there seemed to be need of more cylinder oil. Understanding that the Ford car would consume one kind of liquid as well as another and not having any oil handy George dumped in a canful of something, that was resting contentedly in the basement of the Rickel house, which looked just as good. Mrs. Rickel started out as usual for a nice little joy ride. All went well with the substitute for some little time and then the car suddenly seemed to grow heavy; the Ford power was for once inadequate. He (Hank) stopped. The lady demounted with an "I'll investigate" air. Up came the hood and what do you think, the whole inside was filled full of huge cakes of maple sugar. George had dumped in the oil case a canful of lovely maple syrup which Doctor Rickel had stored up for pancake use in December. The Ford people, it is understood, are anxious to trade the lady a new car for the sugar but refuse to pay the additional sum she is asking of \$1.98.

ATTENTION FARMERS.

Apples wanted at the Parmenter & Son cider mill, Base line. Will pay highest market price. 10-12c.

WILLIAM EVERSHAM AT THE GARRICK THEATRE.

A thrilling play, but with complex emotions, adorned with brilliant dialogue, provoking spontaneous laughter and sympathetic tears, such as Francis de Croisset's "The Hawk," which Mr. William Eversham will bring to the Garrick theatre, Detroit, for the week beginning next Monday evening, with the usual matinees on Wednesday and Saturday.

The play itself is of import, but the acting of Mr. Eversham, Miss Julie Opp and the excellent company makes it one of the notable events of the dramatic season. The play is said to be the most sensational French drama seen on the stage since the production of "The Thief." Mr. Eversham in "The Hawk" returns to a part like to the one in which he first found his public. His performance is a brilliant one and worthy of the ideals which have always animated him and been so ably demonstrated, since he became his own manager. In its most genuine sense he brings to his audience the pleasure of the theatre.

"The Hawk" is Dascetta, a Hungarian whose ancestors preyed upon their fellowmen when necessity commanded. The descendant reverts to the ways of his ancestors when, loving his wife greatly, she demands luxuries beyond his slender means.

CRAY-AMES.

Announcements have been received here of the marriage of Roy S. Cray and Miss Ida Ames, both of Detroit, which took place in the Central M. E. church in that city, Saturday, October 2, at high noon.

The groom was formerly a Northville resident, having graduated from our High School in 1912. He was a pianist of much ability and was at the head of "Cray's orchestra" which furnished music for festivities here several years ago. He is the son of Mr. and Mrs. Horace Cray.

NEW HIGH SCHOOL FOR FARMINGTON

TOWN VOTES TO BOND FOR \$12,000 FOR AN ADDITIONAL BUILDING.

By a vote of 63 to 6, Farmington decided Monday evening in favor of a new \$12,000 High school building. Plans have been prepared and the contracts require that the building will be ready for occupancy by February 1, 1916. The building is so designed that additions may readily be built on later.

The location is to be just west of the present building which is to be used for the grades.

NOTICE TO WATER USERS.

Your water rent is due and payable at once to the village treasurer. Should it not be paid by Oct. 20, the Supt. will be ordered to shut off the water, and a fine of \$1.00 will be added.

MAJESTIC, DETROIT.

Described as one of the best pictures in years, and in many respects better than the spoken play because of the latitude allowed by the camera, is "Trilby," with Wilton Lackaye and Clara Kimball Young which will open the fall season of the Majestic theatre next Sunday afternoon. The engagement is for two weeks and performances will be continuous each day from 2 to 11 p. m. Wilton Lackaye plays the role that he created in this country, "Svengali," the wandering, erratic musician, gifted with the sinister power of hypnosis, while Miss Young is said to be an adorable and beautiful "Trilby," the young artist's model who becomes the greatest singer in the world.

Just a Word About Gas Stoves.

All Gas Stoves are not a good stove or a good purchase for the consumer.

During the last few months I have made a careful study and witnessed demonstrations of practically all makes of so-called manufactured Gas Stoves and Ranges. This I have done, not with the view of selling every Northville family a Gas Burning Stove, but to insure every purchaser of a Gas Stove from Our Store that they will have in their possession when purchased from us, a Gas Stove that will not only be a Satisfactory Cooker and Baker, but one that will be economical in the use of gas as a fuel to the consumer.

I find that the first cost of a Gas Stove does not require as much attention as how much will it save on the monthly gas bill.

HERE ARE A FEW LOOK-OUTS:

Does the Oven require 2 rows of fire instead of 3 or 4 Has the Oven 1 valve feed instead of 2.

Does the Oven heat the broiler when it bakes or roasts (Range Style).

Can the Oven burner be seen at all times when the oven door is closed.

Is the heat evenly distributed that same bakes perfectly at all sides.

Come in and talk it over—we do not urge you to purchase. We make no distinction whether a \$3.00 Stove or a \$50.00 Range, the Stoves are ours until you are satisfied.

We will Stock Only Guaranteed Lines. Use for your motto when purchasing a Gas Stove, "Is it economical in the Use of Manufactured Gas and how much will it save."

JAMES A. HUFF, Hardware.

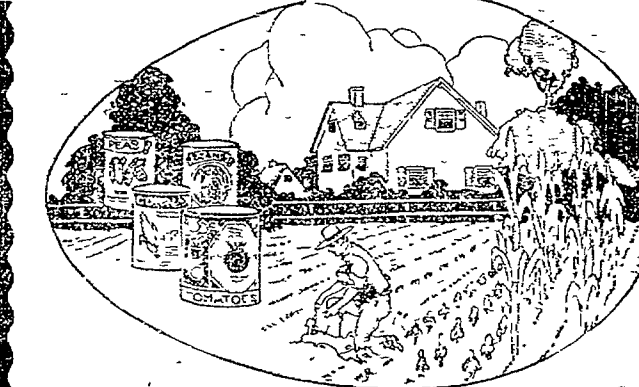

The boss began by putting money in the Bank. He was a careful man—his money grew until he had enough to take a good business chance. You can do it.

NO, IT WASN'T LUCK. HE WAS THE "BOSS," BECAUSE HE SAVED MONEY WHEN OTHER MEN WERE WASTING THEIRS IN LITTLE FOOLISH EXTRAVAGANCES.

HE WASN'T STINGY—HE WAS CAREFUL. HE KNEW THAT ALL THOSE LITTLE THINGS HE DIDN'T REALLY NEED WOULD AMOUNT TO A LARGE SUM SOMEDAY. HE BOUGHT A BUSINESS WITH THE MONEY HE PUT IN THE BANK AND SAVED. YOU CAN DO THE SAME. BANK YOUR MONEY AND DO IT.

BANK WITH US. WE PAY 3 PER CENT INTEREST. NORTHVILLE STATE SAVINGS BANK.

Canned Goods With True Flavor

GREATEST care should be exercised in purchasing canned fruits and vegetables. Many cases of ptomaine poisoning and indigestion are the result of using negligently put up goods. We specialize in canned articles of choicest quality—peaches, plums and pears; peas, beans, corn, succotash, etc. They have the "fresh from the farm" flavor.

VENUS NOT IN IT WITH THIS WOMAN

Miss Nana Sterling.

A host of judges in a contest recently conducted by a well-known health magazine adjudged Miss Nana Sterling of Houston, Texas, the most perfectly formed American woman. Miss Sterling, who is nineteen years old, is five feet six inches tall and weighs one hundred and thirty pounds when ready for the bath. Her bust and hips equally measure thirty-eight inches, her waist twenty-six inches, her neck thirteen inches, and her calf fourteen inches.

The statue of the Venus de Medici in the past regarded as the ideal type of womanly figure, is five feet three inches in height, and depicts a type that might weigh nearly as much as Miss Sterling, but would certainly be far less strong and active. Her chest measures over four inches less than Miss Sterling's, although her hips measure only one and one-half inches less. The judges in awarding the

honor to Miss Sterling maintained that the Venus de Medici in Medici does not like an big-legged American girl. It is up to the Venus to play tennis and basket ball. Miss Sterling is as strong as the Venus, and she is as beautiful as the Venus. She is a perfect specimen of a womanly figure.

STATE NEWS

McAUGHLIN URGES DRIES IN SCHOOLS

Muskegon, Mich. — Two states should be taken to promptly prepare the United States for defense against attacks by land forces, according to James C. McAughlin, congressman from the South Michigan district. "There should be an increase in the size of the regular army of the United States," he said. "Federal government should encourage payment of proper compensation to young men who devote time and services to military drill in a regular organized company."

Military training and drill is an excellent thing for our boys. It makes them better citizens and better workers. It would not be a bad idea to introduce more drills in our schools. By this I don't mean military drills, but evolutions that will cultivate amenability to discipline, alertness and ability to handle one's self as part of a body of other persons.

MONROE DRUGGIST DIES AFTER OPERATION

Monroe, Mich. — Clarence D. Stoddard, 67 years old, former member of the state board of examiners of pharmacists died last week following an operation for appendicitis. He had been in the drug business here for 35 years.

His widow and two sons, Harry S. and Warren D. Stoddard, proprietors of the Stoddard Telephone Co., of Monroe survive.

AVERAGE FARMERS INCREASE LOW IN BRANCH COUNTY

East Lansing, Mich. — Average labor income of the farmer in Branch county is \$260 a year, despite prevailing war prices for farm products, according to figures which have been obtained by Michigan Agricultural college.

This average, taken from a study of 61 farms in the county was arrived at by Charles P. Reed, who is making a general survey of the state, by counties for state and federal departments of agriculture. In these 61 farms average annual labor income, or what the farmer earns for his efforts, was found to be put \$214 a year on 10 best paying farms.

Survey in Branch county, as in other counties, being similar, was made to find weak spots in farming systems throughout the state. "One of the faults in Branch county," it was discovered is that farmers are employing too many horses.

Farms are mostly worked by animals that are descendants of trotting stock, says Mr. Reed. The result is that they are not of a type in demand

by horse markets and farmers, unable to sell their horses, keep the farm overstocked with animals. Recently movements have been started in Branch county for improvement of the district's cultural condition.

M. A. C. TO GIVE CROPS TO SCHOOLS

East Lansing, Mich. — Farm crops, especially of Michigan Agricultural college, has been donated to the agricultural department of the Michigan Agricultural college, to be used for the purpose of giving to the schools. The crops will be given to the schools in the form of seed, and will be used for the purpose of giving to the schools.

\$4,750,000 TO BE SPENT FOR THE FARMER

The Smith-Lever agricultural extension act of May 8, 1914, provides for a permanent national system of agricultural extension work to be carried on with Federal and State funds, through the State agricultural colleges in cooperation with the United States Department of Agriculture, by means of instruction and practical demonstrations in agriculture and home economics to persons not attending the colleges.

The Smith-Lever Act appropriates money as follows:

(1) \$10,000 of Federal funds annually to each of the 48 States.

(2) In addition to the \$480,000, the act appropriates for 1915-16 \$600,000 of Federal Smith-Lever funds. This sum will be increased annually by \$500,000 of Federal Smith-Lever funds until 1922, when the annual Government appropriation will be set at \$4,750,000. The additional appropriation is divided among the States in the proportion that the rural population of each State bears to the total rural population of the States. Any State, however, to share in this extra Federal Smith-Lever fund must appropriate and spend in extension work at least an equal amount of money from sources within the State. The money from the States will bring the joint demonstration fund to \$1,680,000 in 1915-16.

In addition to the Smith-Lever funds, however, the Department of Agriculture during 1916 will expend from its own appropriations for farmers' cooperative demonstration work and for other direct field instruction in special subjects over \$1,025,000. As the accompanying table (p. 8) shows, however, the States will raise from sources within the State and spend for demonstration work a total of \$2,650,000. This will make a grand total of \$4,750,000 to be spent in the fiscal year 1915-16 in bringing practical and helpful instruction to the farmer and his family in their own communities.

ONE OF MEXICO'S MANY PRESIDENTS NOW IN WASHINGTON

Roque Gonzales Garza.

Roque Gonzales Garza, at one time president of the convention government of Mexico is now in Washington as a representative of the Villa Zapata faction to forward the peace plan proposed by the pan-American conference. Senor Garza has made public a statement in which he calls sharply to the attention of the Washington government the fact that any Mexican pacification plan that involves the recognition of Carranza and which does not include Villa's supporters is impossible factors in the situation will mean nothing but anarchy in Mexico. His statement says that Carranza next to Huerta is the most hated man in Mexico.

DEFENDS BAN ON BEANS

Lennon, Mich. — J. W. Crosby, farmer of Lennon, declares the government ban on anthracite beans should not be removed. The ban will not effect the farmer, says Mr. Crosby. "The ban is to stop consumers from buying up all beans, as they have in the past. Dispersed beans will be picked by elevator men and the farmer will obtain no benefit. The beanings in the past have been sold to the canneries, and this is the purpose of the federal order."

TOLEDO, OHIO

DEC. 1st to 12th, 1915

HERE IN NORTHVILLE.

Northville is the place where all the boys go.
To quit drinking booze and to learn to say so.
So stick to the word boys wherever you go.
Remember the proverb: "You reap what you sow."
To be a good fellow is all right enough.
You can be a good fellow and not be a toad.
Strong drink is a curse to mankind as a rule.
For it conquers the wise man as well as the fool.
The rich and the poor, the high and the low.
All mingle together lined up in a row.
Here at Northville.

When you come here among us you are greeted by all.
From the humblest patient to good Dr. Ball.
There is an unwritten law here that we all employ.
So it's taken for granted your another good boy.
You're in need of no password or sign of distress.
For the reason you're here is quite easy to guess.
But no soldier in Europe is braver than you.
He fights with millions—you fight with the few
Here in Northville.

And when you are leaving with that old self-esteem
You are sure to think of the past as a dream.
And the light in your eyes when about to depart
Shows the words of farewell come straight from your heart.
For you have won the great fight you have fought for so long.
And instead of a curse your lips frame a song.
And when you reach home every friend to a man
Will greet you in friendship and give the glad hand.
And your family to whom you were but a disgrace
Will thank God in heaven for this grand old place.
Northville. —J. A. B., one of 'em.

Ridicule.

It is an immense blessing to be perfectly cautious to ridicule, or, which comes to the same thing, to be conscious thoroughly that what we have in us of noble and delicate is not ridiculous to any but fools, and that, if fools will laugh, wise men will do well to let them.—Doc or Arnold.

Miss Ruth Christensen, who is teaching school at Livonia, spent last week with her parents, Mr. and Mrs. R. Christensen.

Mr. and Mrs. James Clark and daughter, Lydia, visited friends in Plimma and Ypsilanti the latter part of last week.

G. H. Baker leaves Saturday for Pontiac to attend the yearly meeting of the traveling salesmen of the National Fire Proofing Co., which will be held next Monday and Tuesday.

Mrs. Mary Deard of Ypsilanti spent a few days last week with her daughter, Miss Clara, who came to home in a car where she spent the summer vacation, and friends.

Mr. J. J. Hornberger returned to his home at Ann Arbor the latter part of last week, after a few days visit at the home of Dr. and Mrs. T. H. Turner and other Northville friends.

Mr. Taylor Leary left for his home in New York, after a several days' visit among relatives in Northville and vicinity. Dr. Leary, who is a brother of Mrs. Susie Woolley, was a resident here in former days.

George Baker and family and Milford Baker and family went to Orion yesterday to attend the wedding of their sister, Miss Chattie Baker to Dr. Traubsh of the same city, which occurred at the J. A. Neal home there.

Northville School Notes.

(By a Pupil)

There are 12 new pupils enrolled in the Kindergarten.

Albert, a boy of the Fifth grade, broke his arm Monday.

Mary, a girl of the Fifth grade, Friday.

The Second grade reading class, under Rosa Bonner, last week.

The Kindergarten has only one session a day, from 8:30 to 11 o'clock.

Wilbur Walker, the new Methodist minister's son, entered the High school Monday.

Don't forget to attend the foot ball game between N. H. S. and Wayne this (Friday) at 2:30 o'clock.

There is a great deal of rivalry between the Fourth grade pupils of the class in mental arithmetic.

Viola and Leona Green entered the Sixth grade Monday, from Port Arthur, Canada, which is situated on the northern shore of Lake Superior.

The Freshmen entertained the High school last week Thursday with a recitation by Helen Bradley, a piano solo by Mary Sowles and an address by David Gage.

The Eighth grade was represented in the Tuesday morning exercises by Mary Fuller and Ruth Gattermois. Both deserve much credit for their well prepared parts.

Thanks are due Mrs. Carl Schoutz for taking care of the Fifth grade plants during the vacation. They are now blossoming finely and give a very attractive appearance to the room.

CARD OF THANKS.

I wish to thank the telephone girls, Mr. and Mrs. J. M. Dixon, Mrs. Cabot and daughter and L. G. T. M. M. for flowers sent on my birthday.

PROF. J. J. HORNBERGER.

Prof. J. J. Hornberger, at one time superintendent of Northville schools and more recently at Williamston, has been engaged in a like capacity by the school board at Caro, which is the county seat of Tuscola county and a town of 3,000.

AUTO OWNERS SOMETIMES BLAMELESS

PEDESTRIANS MUST TAKE SOME PRECAUTIONS IN CROSSING STREETS.

COURTS HOLD THAT DRIVERS CAN'T BE EXPECTED TO SEE AROUND BEHIND WAGONS.

An opinion of the supreme court rendered Wednesday affects automobile owners throughout the state in dealing with the oft-occurring incident of a car suddenly running from a curb or roadside in front of a pedestrian.

The court ruled that the mere accident is not proof that the driver of a car is negligent, that negligence must be positively proved in order that damages may be recovered.

The case was that of Orlia Barker, a seven-year-old child, who was struck by a car in Detroit, in 1911. She was struck by the automobile owned by J. H. and H. B. Rinsell. A Wayne county jury gave the child, through her mother, \$975 in damages, but the high court reversed his judgment and set the case back for a new trial.

The girl, according to the testimony, came into the street from behind a grocery wagon. She was observed to the driver until he was within 25 feet of her. A sudden stop did not prevent the accident.

The supreme court held that the chauffeur Edward Demeyer, was not negligent. His car was running at eight or nine miles an hour and was under control. It was shown that he operated the car without a chauffeur's license but the court says this makes no difference in the case as it stands.

Justice Stearns, who wrote the opinion, ruled that drivers upon highways are not held as insurers against accidents arising from negligence of children or their parents, and though in law, such negligence, in a particular case may not be a defense as contributory negligence, for a driver also guilty of negligence, the fact of an accident does not establish liability or raise a presumption that the driver is negligent. The court has never before given the auto driver, in so many words, the good standing he has under this decision.

From Our Exchanges.

Born to Mr. and Mrs. Henry Feet, a daughter, Marie Unabel, Wednesday morning of last week—Rochester Era. They ought to be able to make the youngster toe the mark.

Mr. Money is a business teller from the west, who recently visited in Wayne, according to the Weekly of that place. Awfully hard cognomen to live up to, but hope he makes it.

Dissatisfied with your job? How about trading places with that member of the New York police department whose chief task consists of opening bombs?—Afterthoughts, Detroit News.

The Holland City Times gives an account of an arrest for cruelty to animals made there last week, the offender being "an Italian who gave his name as Mike Johnson." Very Italian sounding name, what?

Birmingham has a "boy wonder," Master Bruce Steele, twelve years old, whose accomplishment is phenomenal trap-shooting. The youngster can regularly break 55 out of 100 targets, and has made a record of 48 without a miss.

The following extract from the Wayne Weekly is taken from a write-up of a wedding which occurred in that village last week: "Among the gifts was a complete silver service from President Wilson and his daughter, Miss Margaret Wilson. Mrs. Kingsbury for some time previous to

The Wayne community council has organized last Thursday evening. There are now about fifty pledged to this great citizens' movement for the improving of Wayne. Waynean Business Times.

There is no power in earth strong enough to hold it down. We have been heretofore in an unfeeling way to boost Wayne, but we lacked the know-how to plan. We have the scientific system necessary to properly organize the various elements required to handle the volume of orders. But now we have made a better start in the right direction than several of our sister towns are here and there is no doubt whatever of our being able to build Wayne into a city of 5,000 population in a very short space of time.—Wayne Weekly.

No pessimism about that, yet.

Quiet and Safe.

"Spends Quiet Day in Jail," observes a headline. One can be quiet in jail. There are no orchestras there that insist on playing in the palm room when one is trying to eat his dinner. And you can spend a whole day there with a chance of danger of being run over by a motor car.
