

THE NORTHVILLE RECORD.

VOL. XLVI, NO. 34

THE RECORD: NORTHVILLE, MICH., FRIDAY, MARCH 17, 1916.

\$1.00 PER YEAR, IN ADVANCE.

"DEAR" HUNTING SEASON IS ON

KINDLY FEELINGS AND BEST WISHES

I wish to express my gratitude to the voters who supported me so loyally, even against overwhelming odds, in the past election. Realizing that this was a question of "issue" and not personality, I retire from the chair with kindly feelings and best wishes for the coming council, and with absolutely no sore spots.

PEOPLE'S TICKET WAS VICTORIOUS

WORKINGMEN'S TICKET LOSES EXCEPTING CLERK AND ASSESSOR.

MAJORITIES RANGED FROM 19 TO 48. HARD WORK DONE ON BOTH SIDES.

The village election is over and both sides and all sides were pleased when Chairman Hudson of the Election Commission, announced, "Hear Ye! Hear Ye!" this election is now closed.

The count of the tickets showed that 534 votes had been cast one less than a year ago. One was thrown out and four held up by the challengers, so that the count was finished on 529 ballots.

Following was the official vote:

WORKINGMEN'S.	PEOPLE'S.
President—	
Henry.....250	Filkins.....278
Trustees—	
Stanley.....252	Tewksbury.....271
Barrows.....245	Hotaling.....282
Cavel.....239	VanValkenburg.....288
Clerk—	
Murdock.....282	Bogart.....245
Treasurer—	
Noble.....237	Blackburn.....288
Assessor—	
Sessions.....305	Ross.....223

The issue was wet or dry, it being understood if the Workingmen's ticket prevailed the local option ordinance would be repealed and if the People's ticket won, out the village was to stay dry. The battle has been a royal one and has been going on night and day since the caucuses. In it about every man, woman, boy and girl in the village has had some part. It was not so much a question of men, as the qualifications on the two tickets, were about equally divided. The whole question simmered down to the "wet or dry" slogan, and the dry ticket won all the offices excepting clerk and assessor by majorities ranging from 26 to 49.

The larger portion of the business men of the town had for the first time in Northville's history taken a public stand on the question and were out all that Monday, urging voters to consider the cause of the People's ticket. Mass meetings were held in the theatre, thousands of circulars distributed.

Dr. Henry said, after the result was announced, that it was a great relief to him to know he had not been elected. He had nothing but kind words to say of his opponents and he personally offered his congratulations to Mr. Filkins and wished him all kinds of future success.

The ringing of church bells, the glow of bonfires and the cheering of men and boys was continued for hours after the announcement of the election result.

RECORD LINERS PAY—TRY ONE.

LETTER FROM CHARLES FILKINS.

In attempting to show to the voters of Northville my appreciation of the confidence they have expressed in me by electing me to the responsible position of president of the village, I wish to assure them that I am not unmindful of the responsibility connected therewith.

While I have no intention of considering the office a dictatorship, I hope to be able to administer the affairs of Northville on a business basis, and, with the support of the council and our entire citizenship, to accomplish those things which appear for the highest interest of our village. In every respect, I shall assume the office with only the most kindly feelings toward all and can conscientiously affirm that any thing that may have been said or done during the intensity of a campaign has the one just closed and the closeness of the result, leaves no animosity in my mind.

I shall consider every man in Northville my friend until he absolutely proves himself otherwise, and hope that all may see that our interests are entirely identical. If we can all pull together we can make Northville a desirable home for us all. We are confronted by no special financial issues and what ever seems necessary I am sure will be met with by the council with careful deliberation.

As your executive official, it will be my earnest endeavor to see that all the village laws and ordinances are enforced and in this I ask your cooperation.

Trusting that the results of the efforts of the coming administration (and this includes the whole council as well as my self), may be such a degree of success as will meet with your approbation, and prove as worthy of the trust with which you have so highly honored me; I am

Gratefully yours,

CHARLES S. FILKINS.

CASS BENTON HAS RESIGNED

AS TAX COMMISSIONER FOR WAYNE COUNTY.

Cass Benton of this place, for some years tax commissioner for Wayne county, has tendered his resignation for the office to the county auditors to take effect April 1. Mr. Benton says the work expected of him cannot be satisfactorily accomplished with the help at his command in time to be of practical use at the next review.

Mr. Benton has made a good record as Wayne county's official in this office and has saved many dollars to the taxpayers in his showing before the state equalization board by keeping Wayne's valuation down to somewhere near a fair figure.

The auditors cannot accept the resignation, claiming it is up to the board of supervisors.

LANNING-KATOR FOR SUPERVISOR

REPUBLICAN AND DEMOCRATS HAVE THEIR TICKETS UP.

The Republican township caucus held last Saturday was a well attended affair, 179 votes being cast at one time. The result was as follows:

REPUBLICAN
Supervisor—W. J. Lanning
Clerk—Ernest Miller,
Treasurer—Marvin Shaw,
Hy. Com.—Leo Lawrence,
Overseer—Harley D. Johnson,
Ad. Review—Moyd Northrop,
Justice—J. O. Knapp,
Constables—Milton Brown, Frank Purrah, Horace Green, Charles D. Waterman.
Township Committee—D. F. Griswold, J. W. Perkins, C. A. Dolph.

All the nominations were made by acclamation except for clerk. Ernest Miller was nominated by a vote of 102 to 79 for Fred Touzey.

The Democrats held their caucus Saturday evening and nominated the following ticket:

DEMOCRAT
Supervisor—J. W. Kator,
Clerk—Spencer Heeney,
Treasurer—Chas. VanValkenburg,
Hy. Com.—Stewart Montgomery,
Overseer—Gus Schoof,
Ad. Review—A. H. Kohler,
Justice—Fred Newton,
Constables—Jno. Lockwood, F. Taylor, Chas. Knight, Myron Robbins.
Committee—B. A. Northrop, Chas. A. Sessions, T. E. Murdock.

It is said the Democrats will make no effort for the head of their ticket, but put in their effort on the Highway commissionership, clerk and treasurer, with the real emphasis on the first office mentioned.

ANOTHER SUCCESSFUL NORTHVILLE BOY.

A recent issue of the Hotel Gazette, a paper published in New York City, gives a portrait and sketch of the business career of Wm. B. Barley, one of our Northville boys who has "made good" in the outside world. He is now secretary and general manager of the Fearless Dishwasher Co. of Rochester, N. Y., and the article referred to states that some of the most important and successful improvement features of the dish-washing machine to which the company owes its formation have been invented by Mr. Barley, whose executive ability and inventive genius are winning golden opinions.

MES. D. W. KNAPP DEAD.

Mrs. D. W. Knapp died at her home in Detroit last week Friday. The body was brought here for burial Monday, Rev. F. E. Brass officiating. Mrs. Knapp was the wife of Darius Knapp, and lived in Northville for a number of years. The husband and one daughter, Mrs. Myrtle Haddock, also of Detroit, survive.

Canned Goods With True Flavor

GREATEST care should be exercised in purchasing canned fruits and vegetables. Many cases of ptomaine poisoning and indigestion are the result of using negligently put up goods. We specialize in canned articles of choicest quality—peaches, plums and pears; peas, beans, corn, succotash, etc. They have the "fresh from the farm" flavor.

SUNDAY SCHOOL LESSON

For Sunday March 19

Lesson Title: "Phillip and the Ethiopian."
Lesson Text: Acts 8: 26-40. Memorize vs. 28-31.

Golden Text: "Understandest thou what thou readest?" Acts 8: 30.

I. The Foreigner.

There are millions of foreigners in the United States. Many of them have become good citizens. Some have not. In either case, how shall they be treated? Many of our leaders say that if foreigners do not obey our laws they would better go back to the countries from which they came. While the foreigners do a great deal of the nation's hard work, they are often despised and ill-treated. It takes the spirit of a gentleman and a Christian to treat them right. If we despise people, sooner or later we come to hate them. If we think we are lords of creation and better than everybody else, then we begin to dominate over others. If our desire for "a place in the sun" does not allow others their place there also, then we grow selfish and cruel. This is the explanation of RACE PREJUDICE and its deadly dangers. The Jew hated the Gentile; the Greek despised the uncivilized; the Roman thought himself the divine ruler of all peoples; and the world today is full of its hatreds. The black man and the Indian, the brown man and the Oriental—all are despised, hated, and cruelly treated.

How do you treat the foreigner in your town?

The story of Phillip shows how the Christian spirit conquered the old Jewish prejudices. For he went to teach a man who was an alien. He did it publicly. He did it himself. He taught him to understand the Scriptures. He told him that the Messiah was just as much for the Gentile as for the Jew. It was a great victory over his old prejudice and thinking. Europe today is struggling with awful strife. Nations are being taught to hate other nations. God will be better shot to pieces by these. The Christian attitude toward other nations is being taught by our own people. We are overwhelmed by our own nation's hatred of race but we must every citizen.

II. Increase the Acreage

Canada is eager to double her acreage of wheat next harvest. Every country in Europe is trying to increase its acreage of foodstuffs. Hawaii is doing all it can to increase the acreage of sugar cane. Big harvests depend on good soil, well and widely sown, properly cared for, and spread over millions of acres.

Many a country's church reaps a poor harvest because it sows stingily and narrowly. Its members left all the religious seed-sowing to the minister and to a few godly women. They failed in seed-sowing by such personal work as Phillip did. Every member talking to somebody else, means a larger, stronger church and Sunday school. It means an institution with gripping power in the community. The church that sows sparingly, "shall reap also sparingly."

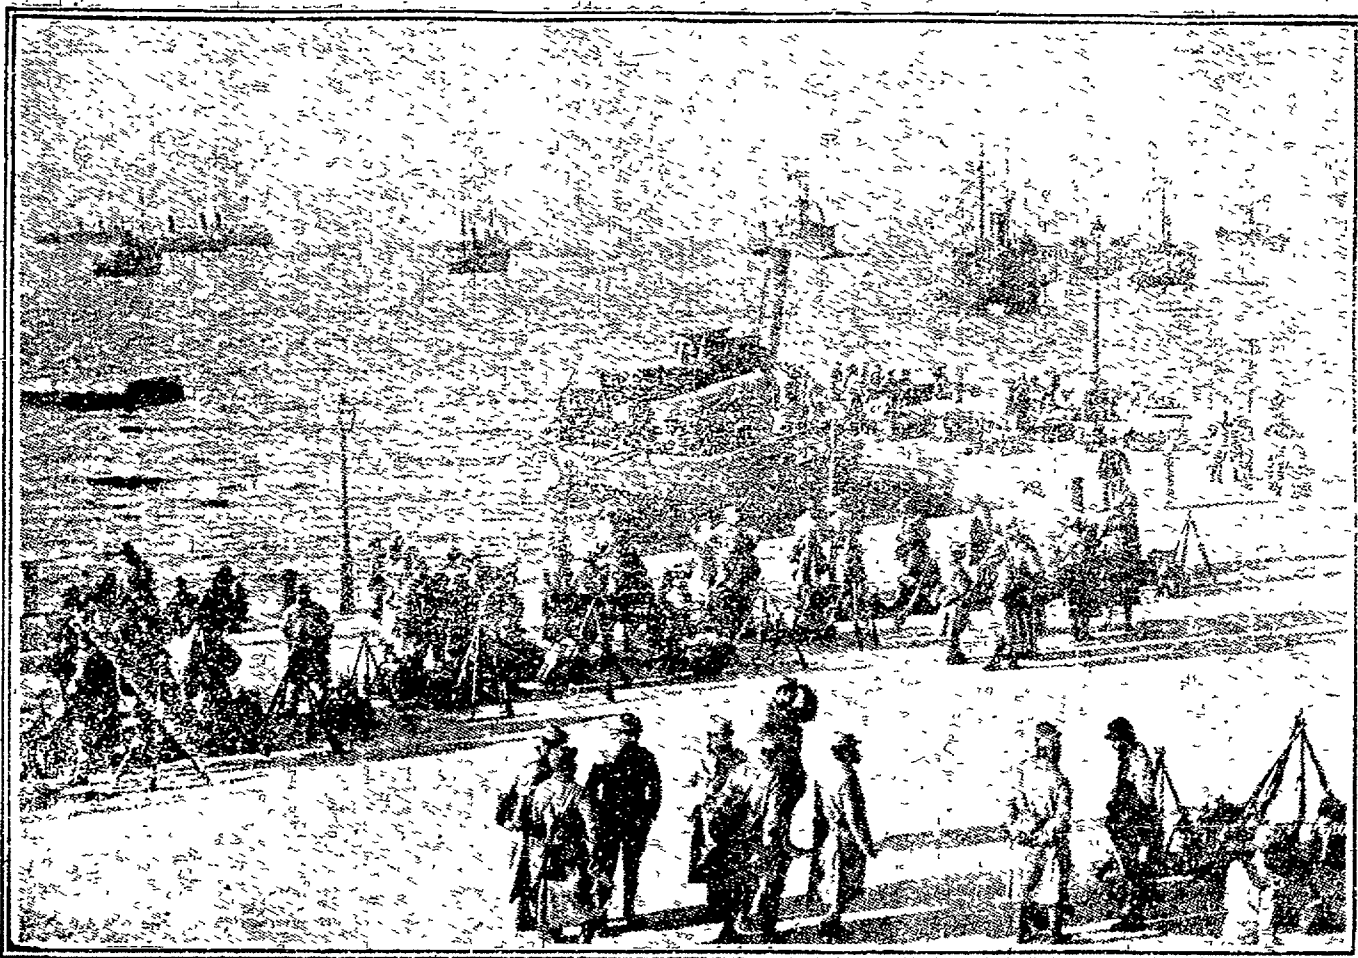

III. "Understandest Thou What Thou Readest?"

Much of our reading is low grade. Why spend all your time on second-rate books and papers, or worse? Why not spend more time with the greatest Book the world knows? It is the Book of which more copies are sold every year than of any ten "best-sellers," so called. It is the Book which brings the message of hope, cheer, peace, purity, power. You do not understand it, you say? Do you try? There are ways of learning its meaning. No one learns, of course, who does not read and study and think and pray. There are men and women who can help us understand, if we wish too. Have you ever asked any one to help you understand, as the eunuch asked Phillip? It is no disgrace to ask questions. Over the door of the great scientist Agassiz were these words: "Learn to say you do not know." When you say that, you are on the road to knowledge.

Some people say the Bible should not be placed in the hands of the common people, because they will not understand and may misinterpret it. Others say interpreters are unnecessary. Both are wrong. The Bible is good for every one, however poor or ignorant. There are many who interpret it helpfully for us, by their words and by their lives.

Are you seeking the right interpretation of what you read in God's Word? Do you have a good interpreter?

Living Cost Rising

U. S. Report Shows

Three Per Cent General Increase
Proved by Federal Statistics

Washington, Most of the 17 leading food articles in the United States are slightly cheaper than a year ago, according to figures published by the department of labor, although sharp rises in the price of few foodstuffs in four major groups and potatoes have made the general average of prices about 3 per cent higher. Meat prices fell from 1 to 4 per cent during the year 1915. Ham, the only exception, rose slightly. Prices of potatoes increased 25 per cent and sugar rose 12 per cent. Cheese and eggs rose, as did beans and onions. Flour and butter remained virtually stationary.

The general average of food prices for the 12 months of 1915 was about 1 per cent below the 1914 average. Only three foods were exempted. Flour was 20 per cent higher at one time, sugar 15 per cent and meat 5 per cent. Flour prices dropped, however, late in the year to the low the 1914 average.

Values of Fats and Oils.

There is a remarkable misapprehension, particularly among many persons of the more intelligent class of our people, as to the value of the fats and oils. The muscles or red meat is a valuable source of protein, but the excessive consumption of protein invites various diseases which figure very prominently in the causes of death. The fats and oils increase our resistance against cold and some of the causes of disease. The health of many so-called "robust" children would be improved by teaching them to eat more fat. Fats in abundance constitute a very essential part of the diet of the tuberculous patient. A larger proportion of the fatty elements of foods would go a long way adding to the robustness of many persons and saving them from the subsequent development of tuberculosis.

Two Ways.

Mr. Lloyd George's wit on the platform is well known, but the following was one of the neatest retorts he ever made.

He was addressing a meeting in South Wales when the chairman, thinking to be witty at the chancellor's expense, remarked to the audience that he was a little disappointed in Mr. Lloyd George's appearance.

"I have heard so much about Mr. Lloyd George," he said, "that I naturally expected to meet a big man in every sense, but as you can see for yourselves, he is very small in stature."

"Many an orator would have been grievously upset by such an unfortunate beginning to the proceedings, but not so Mr. Lloyd George."

"I am grieved to find," he said, "with mock seriousness, that your chairman is disappointed in my size, but this is owing to the way you have here of measuring a man. In North Wales we measure a man from his chin up, but you evidently measure him from his chin down."

And then the one, who recently had his initiation into the mysteries of psychology, was replied.

"Mother, I am sorry to inform you that you are in error. You see it is like this. After the stress of the day, you, the body requires exercise of a totally different character, one which will induce a sense of pleasure."

NORTHVILLE OPPORTUNITY.

Now that Village Election is over, it's a good time to think about getting together for that which will prove most beneficial to Northville and its people. The time is now most opportune for a business revival. Never before have the business men and factory heads shown such a spirit of get-togetherness, and never in previous years has Northville had such attractions as are presented this year, for additional population. Few, if any villages, are its equal. Look it over.

Electric light and power system equal to Detroit. In fact the same Edison system.

Two street car lines with hourly service in two directions.

Gas! A splendid system owned and operated by Northville and Plymouth people.

Water works! Finest water in the world, and furnishing as powerful a fire protection system as any city in the United States.

Schools! None better and the probabilities are that a beautiful new \$55,000 High school building will be built this year.

Splendid natural drainage Hills, valleys, and beautiful bays from every hand the admiration of every resident and the envy of every visitor.

The most important fact is a well thought out plan for the future, and a plan that is only found in Northville.

The plan of development in Northville is a plan that is only found in Northville.

gasoline, in storage, and because this great quantity is removed from the market, where it ought to be, thus creating an artificial, or fictitious, or fraudulent shortage, the price of the commodity is practically double what it was ten months ago.

The profits, the dividends, declared by the oil combination, immense at all times, have been enormously increased by advances running sometimes as high as 100 per cent in the period named. It seems to us that the matter should now pass from the interior to the judiciary department. The public has a right to know whether the Sherman law is hereafter to be enforced or to be ignored. Our understanding of "letting business alone" is not that, certain kinds of grasping, unscrupulous, unlawful business are to be granted immunity from government attention—Christian Science Monitor.

PRESBYTERIAN PASTOR IN DEMAND.

The ability of one of Northville's popular young clergymen, Rev. J. E. Webber, is evidently gaining recognition beyond local limits. Delegations from city churches have lately been appearing at the Presbyterian services, greatly to the alarm of the members of that church and congregation. Mr. Webber is one of a few pastors Northville has had who have possessed the courage of their convictions in sufficient degree to enable them to take definite and effective stand for the civil as well as for the moral and spiritual betterment of the town and many people besides its parishioners would be deeply regretful should his resignation of duty call him from Northville. He has long been a real asset to the community, and his departure would be a serious loss to the church and to the town.

"Tonight's the night!" Those are the words heard oftenest about town today for this is March 17, the date of the annual K. P. barn dance. It will be a repetition of former an-

nuals, with the risk made to resemble a barn with bales of straw for seats and other rural properties. Lunch will be served in a rustic manner. Turner's orchestra, with additional

musicians to form a seven-piece orchestra, will furnish music for the steppers.

A German band will head the

grand march at 8:15 after an admission of 49 cents per head has been paid.

NOTICE OF SPECIAL MEETING.

By virtue of the order and direction of the Board of Education of School District No. 2, Fractional, Northville and Novi townships, Michigan.

Notice is hereby given, that a Special meeting of the said School District will be held at the High school building, in said District, on the 21st day of March, A. D. 1916, at 6:30 o'clock p. m., for the purpose of submitting to the qualified electors of said District, the proposition to borrow the sum of fifty-five thousand dollars (\$55,000.00) and to issue the bonds of the District, therefore, bearing interest at the rate of four and one-half per cent (4½ per cent) per annum, said bonds to mature and become due and payable as follows: \$1,000.00 in the years 1918 to 1923 inclusive; \$1,500.00 in the years 1923 to 1929 inclusive; \$2,000.00 in the year 1930, and \$37,500 in the year 1931, the funds from the sale of said bonds to be used for the purpose of defraying the expense of erecting and furnishing a new High school building in said District. The polls of said election will be kept open for two consecutive hours.

Notice is further given, that the Board of Education of said District has estimated the amount of money necessary to be raised to defray the expense of erecting and furnishing said new High school building to be in the sum of fifty-five thousand dollars (\$55,000.00).

Dated this 7th day of March, A. D. 1916.

Sunday morning service at the Baptist church will be held at 10 o'clock.

Many friends of the Herbert family will be glad to hear that she is recovering from injuries received a week ago when she was thrown out of a buggy.

The L. T. I. will meet in the Baptist church Sunday evening. Mrs. Bourne will have charge of the meeting and it will be conducted in the same manner as the B. Y. P. U.

Men who will represent Novi in the executive work of the centennial to be held in August in the city of Pontiac are: Harry Bogart, Eugene J. Verdun, Eugene Root and Dr. A. T. Holcomb.

Mr and Mrs. Henry Goers entertained on Monday of this week Mr. and Mrs. Philip B. Jackson of Tonawanda, N. Y. and Mr. and Mrs. Louis Salow, Jr. and Mr. and Mrs. R. M. Garlick of this place.

There was but one ticket up for election, the new officers being President, George Francis; Clerk, Ralph Hogle; Treasurer, John Walters; Trustees, Floyd Nichols, Bernard Myers and Wm Pauline. Assessor John Paeyer.

Township election Monday, April 3. The Republican candidates are Geo. Newbound for supervisor; Fred Durfee for clerk; Dan Mathews for treasurer; Lester Woodruff for highway commissioner; Oscar Wilcox for overseer; Frank Durfee, board of review. The Democrats up for office are, in the same order, Richmond Shaw, Frank Madison, Bert Leavenworth, Grant Putnam, Wm Hicks and Frank

gasoline, in storage, and because this great quantity is removed from the market, where it ought to be, thus creating an artificial, or fictitious, or fraudulent shortage, the price of the commodity is practically double what it was ten months ago.

The profits, the dividends, declared by the oil combination, immense at all times, have been enormously increased by advances running sometimes as high as 100 per cent in the period named. It seems to us that the matter should now pass from the interior to the judiciary department. The public has a right to know whether the Sherman law is hereafter to be enforced or to be ignored. Our understanding of "letting business alone" is not that, certain kinds of grasping, unscrupulous, unlawful business are to be granted immunity from government attention—Christian Science Monitor.

The ability of one of Northville's popular young clergymen, Rev. J. E. Webber, is evidently gaining recognition beyond local limits. Delegations from city churches have lately been appearing at the Presbyterian services, greatly to the alarm of the members of that church and congregation. NORTHVILLE, THE BANNER TOWN FOR GOOD ROADS.

Under direction of Highway Commissioner Montgomery a splendid lot of road work and highway improvements were made last year. The Seeley road south from Summit church has been made ready for graveling and one-half mile will be built this spring on the balance floated.

One-half mile was built on the road south from Northrop's corner. Half a mile west of Northrop's corners and 1-1 mile east was finished up.

On the Base Line road, 1-2 mile was built west of Holmes'. The road south from Marvin Sloan's was permanently repaired.

This spring the town board contemplate building the Waterford road and as well as the half-mile on the Seeley road.

About \$2,000 was put to year on permanent road and a very commendable money.

SCENE BEHIND THE RUSSIAN BATTLE LINE FACING THE TEUTONS

RUSSIAN FIELD PIECE PHOTOGRAPHED DURING A PAUSE ON THE WAY UP TO THE FRONT. THIS PICTURE, TAKEN SOMEWHERE BEHIND THE RUSSIAN BATTLE LINE, SHOWS ONE OF THE SMALLEST ARTILLERYMEN IN THE DIVISION. THE SOLDIER IS QUITE A YOUNG BOY AND IS ONE OF THE MANY IN THE RUSSIAN ARMY. NOTE THE MOTOR GOGGLES WORN BY HIM AS A PROTECTION FOR THE EYES IN CASE OF A GAS ATTACK.

DRESSY SUITS LEAD

Even the Plainest Have Trimming on Collars and Cuffs

A disposition to get away from the strictly tailored suit for spring is in evidence. Even the plainest models have little trimming touches on the collars and cuffs, while many of the dressier suits are very elaborately trimmed. This departure from strictly tailored styles was expected by many students of fashions. They realized that women were beginning to tire of the severely tailored suits and would welcome a change.

That there was reliable ground for this view was proved during the present winter by the marked vogue of fur trimmings on suits. The favor for more decorative effects is still more apparent, however, in the spring garments. Moreover, the styles themselves are expressive of spring, due to the air of sprightliness provided by the short, jaunty jackets and the wide skirts.

Fantastic Millinery

Millinery shows many bizarre and novel effects as regards both form and trimming. This is often achieved by means of a fantastic arrangement of trimmings, which may consist of wide, pleated ruffles of lace, or net of silk, encircling or surmounting the crown. These form wide, fly-away wings, soaring to tremendous heights at back and sides. The chief fashion influences in millinery are those of the Directorate, the Restoration and the Second Empire. The high-crowned, brimless Directorate hat is still in evidence and there are flower toques built along these same lines, with trimmings of upstanding ribbon bows.

JACKET LENGTHS

The jacket lengths for the spring vary considerably, some of the coats being made in "bolero" effect, just reaching the waistline, while others merely cover the hips.

Flare effect continues to meet with favor. Many have the fullness at the sides only, with flat back and front, while others have the fullness at the back and sides, with straight front, or vice versa. In some instances, this fullness starts from the shoulder, but many of the suits are cut in two sections and joined together at the normal waistline, the lower one being made in flare effect.

The collars are frequently low and flat, but a few are made high in the back and sides and open at the throat. The large, round collar, as well as the cape collar, are among the spring styles.

Much attention has been given to the sleeves. Some are shirred on at the shoulder-line and are made in bishop effect; others have the fullness below the elbow, and quite a number are finished off with fancy cuffs.

A few sleeves set on at a low shoulder-line and also raglan sleeves are found in some of the lines.

HIGH BOOTS ENDORSED

The exceptionally high shoe, or boot, will unquestionably remain in fashion throughout the spring. The demands of street suits and afternoon dresses will make it almost a necessity. Paris women, heretofore scornful of the slipper for street wear, are now accepting the shoe.

High boots of dark-colored satin are a late novelty and among the new designs in spring footwear are many boot effects. In order to give these an appearance of great lightness and to have them flexible and therefore comfortable, the vamps are cut very low; in fact, they are sometimes hardly more than a trimming on the gaiter top. Light colored soft kid is the popular leather.

As a substitute for the erstwhile popular sandal-like slipper a new form is now being shown with a broad bracelet strap that passes around the ankle. Sometimes, this bracelet form is shown in connection with a simple, low-cut toe slipper. But in its newest form it is featured on a slipper with converging straps which center on the instep, where they are held together by an ornament. The toe of the slipper is ornamented with a similar design in metal, and sometimes the bracelet strap is embroidered to correspond. As much leather is required to cut this slipper as if it were a high shoe. In every instance, fashionable slippers matches the shoe or the costume.

LINGERIE FOR 1916

Lingerie has forsaken the straight and narrow way and is becoming wider and wider, and more voluminous. The chemise is once more recognized, apart from the combination band embroidery on lingerie is now an important feature, and the fabrics, while growing more and more gossamer, derive some firmness from their embroideries. Flemish lace is in demand, likewise Malines and the ever popular Valenciennes are all used for trimming.

MILLINERY HINTS

Special Sport Hats

New sport hats are of wool jersey in white, in color or in combinations of white with color. The shapes are simple, and on the rolling-brim sailor order.

Other sport-hats, with soft crowns and narrow rolled brims, are developed in stain, and are trimmed with detachable bands of bright colored grosgrain ribbon.

Hats of Second Empire Type.

The small, low, round-crowned hat, with the narrow rolled brim, such as was worn by the Empress Eugenie, is being launched. This style of hat is trimmed low, the trimming being placed at the front or falling over the brim in the back.

Pastel Felts

Many of the new hats are of felt in light rose, blue, gray or tan. They are usually trimmed with flowers matching the felt in color. These have the authority of Reboux.

Combinations of straw and felt—such as crowns of felt with brims of straw, or felt brims faced with straw and with crowns of felt—figure conspicuously as a novelty for the early spring season.

MICHIGAN STATE NEWS

MICHIGAN CROPS

LANSING, Mich.—Crop correspondents in the various sections of Michigan differ considerably as to whether wheat suffered from any cause during February, 24th saying there was damage. The southern counties report more damage than any other one section of the state, but one lone crop correspondent in the upper peninsula reported any damage. This is due to the fact that in some sections of the state snow protected wheat more than in other sections.

Three hundred twenty-three thousand ninety-three bushels of wheat was marketed by farmers during February, which makes an estimated amount of 6,500,000 bushels marketed during the seven months' period, August-February.

The average condition of live stock in the state is reported as follows, comparison being made with stock in good, healthy and thrifty condition. Horses, 96, cattle, 96, sheep, 97, and swine, 94.

MAY ABOLISH THE ENGINEERING SCHOOL

M. A. C. Is Too Inexpensive to Prove Permanent

LANSING, Mich.—The failure of the state board of agriculture to insure any of the buildings of the Michigan Agricultural college may result in the abolishment of the engineering department, which burned recently and the continuation of the institution merely as an agricultural school.

Following the burning of the Flint school for the deaf in 1912 the state changed its policy of not insuring public buildings and created a fund for insurance. Neither the University of Michigan nor M. A. C. were included under these provisions, according to a ruling of Attorney General Fellows, but the regents of the university at once took out more than \$1,000,000 of insurance on the Ann Arbor institution. The agricultural board never followed the example, however, and with the burning of the engineering department they find there are no state funds available from which the department can be rebuilt.

TWO TOTS BURN IN CHEBOYGAN HOME

Youngsters Perish When House Is Destroyed; Mother Saves Two Others.

CHEBOYGAN, Mich.—When Roy Schorn's farm home at Scott's Bay on Mullet lake, Cheboygan county, burned to the ground, two sons, aged five and seven years, respectively, perished.

The father had risen before 5 o'clock and built an unusually hot fire as the morning was bitterly cold. He went to the barn to do his chores and on coming out shortly afterwards saw the house was on fire and succeeded in saving two children who, sleeping in the bedroom, were taken to the schoolhouse.

LITTLE GIRL HURNT

IN 20-FOOT FALL

KALAMAZOO, Mich.—Leila Ramsdell, four-year-old daughter of Dr. and Mrs. A. E. Ramsdell, fell 20 feet without receiving the slightest injury. The girl opened an upstairs window and plunged to the floor. Parents believe that her wraps prevented her from being bruised.

AMERICANS SAFE IN TURKEY

LAPEER, Mich.—Mrs. John Salmond, of Lapeer, has been notified that her son-in-law and daughter, Rev. and Mrs. John Stapleton, the only Americans in the city of Erzerum, Turkey, when it was captured, are safe. The information comes from the American board of foreign missions. The Stapletons have deferred their furlough, which would have brought them to Lapeer next summer, for another year, because so many missionaries have departed.

BELIEVES IN THOROUGH REST AFTER EXERCISE

SAGINAW, Mich.—Victor Gaines, 24 years old, was rescued from a snow drift by the sheriff as he was freezing to death. Gaines seems to be dejected but when asked if he had ever worked suddenly frightened and said he had saved 14 cords of wood 10 years ago and had been resting since. Doctors can make no definite analysis of his case.

Nobleman's Buried Heart.
The story of a buried heart—brought back by sorrowing friends from Holland, when the body itself could not be conveyed to the family vault—has been recalled from the mists of tradition by the search for the relic among the ruins of Canossa Abbey.

In a vault in the Abbey is a small brass plate which tells the story of the buried heart. The inscription is as follows: "Near this spot is deposited the heart of Edward, Lord Bruce of Kinloss, who was slain in a bloody duel fought in 1512 with Sir Edward Sackville, afterward Earl of Dorset at Bergen-Boom, Holland. The heart is embalmed in a silver casket of foreign workmanship, secured between two flat and excavated stones cased with wood."

Milling in London.

The metropolis is a growing milling center. Within the past three years its milling capacity has been increased by about 150 sacks per hour. The milling capacity of the metropolis—namely, 500 sacks of 280 pounds per hour—is equal at 140 hours per week, to a weekly capacity of 77,000 sacks, or an annual capacity of 4,090,000 sacks. Liverpool, the most important milling center in the United Kingdom, has an hourly milling capacity of 650 sacks, and a yearly capacity of 4,790,000 sacks.—London Tit-Bits.

OBITUARY.

The death of James Hamilton which occurred Thursday, March 9, at his home on Roger street, marks the passing of one to whom the nation is greatly indebted.

Mr. Hamilton was born at Redford Oct. 6, 1845. He enlisted in Company D Michigan Volunteer Infantry, March 21, 1864 and served with that company until honorably discharged from the service in August, 1865.

On his return from the army he took up his residence in Northville where he had since lived.

The funeral was held from the home Sunday afternoon, Rev. Walker officiating. Under the flag which he, in earlier days had so nobly helped to defend, the remains of one more "old soldier" were placed among the illustrious dead.

CARD OF THANKS.

We wish to thank all our friends and neighbors for their kindness and assistance during our sad bereavement. The Macabees, Foresters and King's Daughters for flowers, also Rev. Webber.

MR. AND MRS. ROY FRANKLIN AND RELATIVES

Mr. and Mrs. D. L. Dey were called to Quincy last week by the illness of Mr. Dey's mother.

Mr. and Mrs. E. W. Lockwood spent Sunday with their son, Fred and family in Detroit.

Mrs. Genevieve Clark Angstrom of Detroit was a guest of Mr. and Mrs. Albert Stanley Sunday.

Miss Katherine White and Henry White of Detroit spent Sunday at their parental home here.

Mr. Lloyd String of Detroit and Miss Beulah Happon of South Lyon spent Sunday with Mrs. Wapley.

Mrs. Hazel Vansickle of Detroit was the guest of Mrs. James Heaney and daughter, Gladys, over Sunday.

Mr. W. V. Murdock and daughter of Ypsilanti visited the former's parents, Mr. and Mrs. Peter Barley, this week.

Mrs. R. L. Lathin and son, Floyd went to Lansing this week to attend the golden wedding celebration of Mr. Lathin's parents.

W. H. White spent Saturday and Sunday in Flint with his son, Milo and family. The new grandson was the chief object of the visit.

Miss Margaret Weiler left Wednesday for her home in Mayville. She will remain over a part of next week for her sister's wedding.

Mr. and Mrs. Edward Gav of Detroit have been in town this week to take their household goods to that city, where they have purchased a home.

Mr. and Mrs. Roy Gray of Algonac were guests of Mr. and Mrs. H. E. Taft, Sunday. Roy will be remembered as a former Northville boy.

Mrs. Sarah Sands, who had been nursing in Detroit for some time, is now at the farm home of her daughter, Mrs. S. D. Meserault, west of town.

Mrs. A. R. Lott of Jackson is spending the week with relatives here. Mr. Lott will come Saturday for the weekend. Mrs. Lott was formerly Miss Ethel Lauray.

Mr. and Mrs. S. J. Booth arrived here from Pentwater, Tuesday, to visit the former's sister, Mrs. J. Crommer. Mr. Booth was born near Plymouth eighty years ago and tells many pleasing reminiscences of olden days both of that village and of Northville.

GARRICK THEATRE, DETROIT.

Louis Mann in "The Bubble" will be presented at the Garrick theatre, Detroit, for the week commencing next Monday night. The Messrs. Schubert take much pride in presenting Mr. Mann in what is said to be the most charming play of his long career. "The Bubble" is a three act comedy-drama, written especially for Louis Mann, who is seen again in a "Broken German" dialect role, different however in that it gives him ample opportunity to exhibit his keen emotional aptitude. One moment he has his audience enraptured with laughter and the next moment they are spell-bound with intense interest.

CHARLES S. FILEKINS.

The newly elected president of the village of Northville.

WEEK'S CALENDAR

METHODIST CHURCH NOTES.

(By the Pastor.)
The theme for the morning service will be, "The Constructive Elements in Life."

In the evening the topic will be, "The Question of an Ancient Lawyer." The music will be a pleasing part of both services and all strangers and others who have not a church home elsewhere, will find a cordial welcome.

We expect to be permitted to hold the regular session of the Sunday school next Sunday. Let every member be on hand and invite a friend with you.

The Epworth League will meet at 6 o'clock and a program of special interest is being prepared. Mrs. Walker will lead.

The Woman's Home Missionary society will hold its regular meeting in the church parlors Tuesday afternoon, March 21 and will serve a supper after 5 o'clock. Price, 20c. Everybody invited.

BAPTIST CHURCH NOTES.

(By the Pastor.)
The Sunday morning subject will be "The Church a Comfort to the Community."

All people are not ready to acknowledge the church to be a comforting institution. This may be due to lack of proper adjustment on the part of the individual. The earth is constantly readjusting itself to the sun's rays. Otherwise the sun could not bless the earth with light and heat or fruitfulness. I notice that some, instead of properly adjusting themselves to the church, assume a critical attitude, like some astronomical critics who declare that there are spots on the sun. If we were to go to a cold grave in the summer they attribute it to a cooling off of the sun's rays, and prophesy a premature freeze-up. The sun can comfort that class no more than the church can comfort the church critic. The spot may be on the astronomer's glass.

God has made all things good and if we would quit our everlasting tampering with his workmanship, we would find both the rational and spiritual world full of blessing and comfort for us.

We admit the church to be in open conflict with evil. Otherwise she owes the world an apology for her existence. She is your friend if you love righteousness. Otherwise she beareth not the sword in vain.

The topic for the evening service will be "The Secret of Happiness."

PRESBYTERIAN CHURCH NOTES.

(By the Pastor.)

Morning subject: "Love's Objectives."

Evening subject: "Distorted Vision."

The Christian Endeavor will meet at 6 o'clock.

The Sunday school will be held if the present quarantine is lifted. A definite notice will be made later.

The housekeepers of the congregation are requested by the Ladies Aid society to preserve all newspapers and magazines for collection by them at a later date. The price of old newspapers has advanced and the society sees an opportunity to improve their financial condition. Every lady is urged to co-operate in this very worthy endeavor.

The spring meeting of the Woman's Missionary society of Detroit Presbytery, and the annual meeting of the church are the two important events in our church life. A definite statement as to arrangements and date will be made very soon.

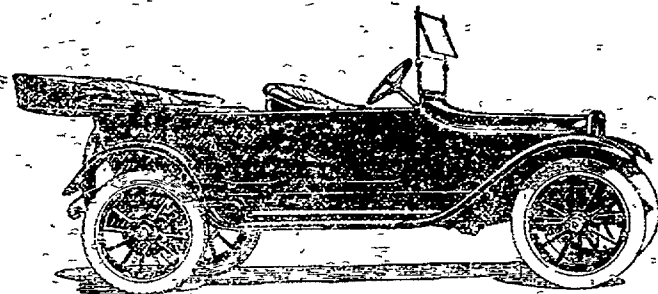

It is to be remembered we are now in the midst of the Lenten season. We should not forget its meaning and the special responsibility it brings in.

W. R. C. NOTES.

(By Press Correspondent.)

The twenty-fifth birthday gathering of the W. R. C. March 8 was a pleasant and informal affair. The birth of the Corps, the many trials experienced during its first years, and its present prosperous condition, were very feelingly spoken of by Past President Mrs. Mary Ambler and the encouraging words and loving advice given us for the coming year endeared her still more to us all.

Of all the charter members of Allen M. Harmon Corp., No. 225, only three are still with us, Mrs. Ida Joslin, Mrs. Addie Simonds and dear "Grandma" Carter, as she is familiarly known to each Corps member. Two of our Past Presidents Mrs. Sarah Banks and Eva Lawrence, have crossed the dark river of death to the brightness of their heavenly home. Seven are still with us and each of those present responded to the call of our president with a few words of loyalty to the work. Mrs. McCullough gave a humorous reading and Mrs. Harmon one of her original poems, which with music and recitations by three little girls, were enthusiastically received. A light lunch was served at the close of the program after which all went to their homes with hearts full of loyalty to our noble cause.

The next regular meeting of the W. R. C. will be held Wednesday evening, March 22 in Cattermole's hall. Let there be a good attendance. Call to order at 7:30 sharp. The executive committee is to have charge of the meeting and St. Patrick will preside.

Novi News.

Mr. and Mrs. Will Hicks have a daughter, born March 3.

Mrs. Ostrander and son spent the week-end in Detroit with relatives.

A petition has been filed in the Pontiac courts for the appointment of an administrator for the estate of Henry Noller who died in Novi township, Oct. 16, 1914. The widow and two sons are heirs to the property, which is valued at \$2,000.

CARD OF THANKS.

I wish to express my sincere thanks to the ladies of the W. R. C. also those of the Aid society of the M. E. church for the beautiful flowers sent me during my illness.

Drive It Into the Barn

AS we told you, a Low Cloverleaf gives the manure a double beating. It also spreads manure eight feet wide or better. But the wonderful thing is that it does this from a box only 45 inches wide. The spreader itself is so narrow that it can be driven into any modern barn and loaded from the gutters. Only one handling of the manure for the quickest, best job of spreading you ever did. How does that sound to you?

If you have even begun to think about buying a spreader, see this Low Cloverleaf. You will say you never saw a better manure spreader. It won't take long to look it over. Your dealer has one set up for you to see.
