

# THE NORTHVILLE RECORD.

VOL. XLVI. NO. 41.

THE RECORD: NORTHVILLE, MICH., FRIDAY, MAY 3, 1916.

\$1.00 PER YEAR, IN ADVANCE.

## NORTHVILLE HAS NEW POLICE HEAD

### ERNEST LYKE SUCCEEDS CHIEF MCLEAN, WHO BECAME COUNCIL- MAN.

### ALDERMAN HUGH FARRELL RE- SIGNED BECAUSE OF HIS RE- MOVAL TO DETROIT.

H. F. Farrell, one of the best business men on the village council, resigned in his resignation last Saturday to President Perkins, because of his removal to Detroit. Mr. Farrell has made a splendid councilman and Northville people regret to see him leave.

S. W. McLean was appointed to take Mr. Farrell's place and upon his resigning as marshal, Ernest Lyke was appointed to the office of chief of police.

## CONTEST FOR SCHOOL PUPILS

The observance of Arbor and Bird day of the Northville Woman's club has been postponed to Friday, May 12. The civic improvement committee of the club, in conjunction with the Audubon society's local representative, is arranging for a bird-house contest, open to the pupils of the fourth, fifth and sixth grade, and a tree essay contest for those of the seventh and eighth grades, for which appropriate prizes will be given by the committee. It is also expected that a speaker from Detroit will address the club and the school.

## LANSING CONVENTION ENDORSED HUGHES

### ENTHUSIASTIC CONVENTION AND LOOKED LIKE OLD TIME G. O. P. AFFAIR.

D. K. Starkweather attended the Republican State convention at Lansing on Wednesday. Robert Lanning, the other delegate, was unable to go.

From the 6th Congressional district, Phillip McMillan of Grosse Pointe and Will Goodspeed of Lansing were elected National delegates, and Frank Shields of Howell and Frank Neal of Northville alternates. Wayne county was not really in position to ask for an alternate after getting the first delegate but by courtesy of all the other four counties (Jackson, Oakland, Genesee and Livingston), it was unanimously so voted.

Hugh McPherson of Howell was made presidential elector. Frank Covert of Pontiac and Clarence Hetcher of Flint were chosen as members of the state central committee.

The 6th district convention headed by Ex-Governor Fred M. Warner, was the first at the Lansing convention to put through an endorsement for Hughes for president and this idea was made unanimous by the state convention a little later on.

Arthur VanAmburg of Grand Rapids, chairman of the convention, made one of the very best political speeches ever heard in Michigan.

## JAPANESE OPERETTA.

A Japanese operetta will be given by the girls of the Presbyterian church Wednesday, May 17, in the Alseum theatre. About forty young ladies comprise the cast and have been rehearsing for some time past.

The affair is to be given under the auspices of the Christian Endeavor of that church. An admission of 25c and 15c will be charged. Reserved seats at Macdock's drug store.

## W. R. C. NOTES.

(By Press Correspondent.)  
The next regular meeting of the W. R. C. will be held Wednesday evening, May 10 in Catermole hall, at 7:30.

There has been so much sickness the past winter that our floral fund has been voted to have a grab-bag at our next meeting to replenish said fund. We hope every member will come with her contribution to help fill the grab bag and bring her pocketbook to help empty it at 5c a grab.

## OPENING AT LAKE ORION.

The summer season of safety and pleasure at Lake Orion begins Tuesday, May 30, with an appropriate opening day schedule. Many improvements have been made the past year and all things point to a big summer at Lake Orion this season.

## MRS. CHARLES FENDT OF FARM- INGTON DIED LAST FRIDAY NIGHT.

Mrs. Fendt of Farmington, widow of the late Charles Fendt, died at the home of her daughter, Mrs. Glenn Green in that village, Friday night of last week, at the age of 66 years. She had been ill for a year or more and entirely helpless in bed for some four months past.

The funeral occurred from the Lutheran church Monday afternoon, the pastor, Rev. Mr. Strange, officiating. The interment was in the family lot in the village cemetery.

The children are Mrs. Ida Langston of Clare, Mrs. Glenn Green of Farmington, Mrs. E. S. Neal of Northville and Louise Fendt who lives on the homestead south-west of Farmington. Mr. Fendt died about five years ago. Since which time she has made her home with her daughter, Minnie, who had cared for her in these late years with unsurpassed love and devotion.

## PLYMOUTH AGAIN DRY OR WET

### QUESTION TO BE VOTED ON ONCE MORE MAY 11.

### COUNCIL CRITICIZED FOR CALL- ING SPECIAL ELECTION FOR PURPOSE.

The good citizens of Plymouth were thunder-stricken when the newly elected village council voted to submit at a special election, May 11 the question of granting three liquor licenses. Plymouth has been dry by vote, a year.

The dries claim they were caught doing and did not sound the candidate for councilmen regarding the liquor question, but they now are not backward in charging that the new council lacks nerve and in afraid of the responsibility of granting or rejecting applications for licenses.

The dries are planning on a spirited campaign. Walter Hoachal of the Detroit district Anti-Saloon League, will be the chief speaker at the first mass meeting.

Those who have applied for liquor licenses are Fred Burch, former saloon owner here now employed at the Ford plant, Detroit; Thomas Heald, way, proprietor Commercial hotel; Wm. Loretz, proprietor Hotel Plymouth.

## ENDORSED BY ENTIRE STATE

State-wide interest has been aroused in the Body-Building contest, which is to be conducted by the Michigan State Fair. The contest will continue until September 1st, and the men and women who make the most marked physical improvement during the six months period, will be awarded gold silver and bronze medals. In addition, the prize winners, if not residents of Detroit will have their transportation expenses paid to the State Fair, which will be held September 4-13. All contestants will be given free admission on Saturday, September 9, the date of making awards.

General Manager Dickinson says that letters endorsing the Body-Building contest, have been received from many persons, among them are Dr. J. H. Kellogg of Battle Creek, who says:

"I think the idea of a Body-Building contest is an excellent one. I know of no better means of promoting the permanent welfare of the state than to encourage the boys and girls and the young men and women of our commonwealth to make health first in the regulation of their daily life. Such contests as you propose will bring to the attention of many besides those who enter the contest, the importance of health as a personal asset and the necessity of building up a strong body as a foundation for a successful life. I wish you success in your most praiseworthy enterprise."

A letter highly commending the state fair body-building contest was received from Bernard MacFadden, prominent in the physical culture world and author of several books on health improvement. He says that the step the State Fair has taken might well be followed by State Fairs throughout the country.

## AUCTION.

M. A. Brown will hold an auction Saturday, May 6, at his residence east of the District, all contents of the Farmington house.

## FIFTY YEARS OF WEDDED LIFE

### MR. AND MRS. C. M. THORNTON WILL CELEBRATE GOLDEN WED- DING MAY 16.

The celebration of the completion of a half-century of wedded life is to take place on Tuesday, May 16, when Mr. and Mrs. C. M. Thornton will entertain a company of friends at their pleasant farm home north of town in honor of their fiftieth wedding anniversary. Mr. and Mrs. Thornton are among our best known and most highly respected long-time residents, and the many congratulations and good wishes that will come to them will be of the sincerest quality. Besides his long-continued activities as one of the prosperous farmers of this section, Mr. Thornton, as he is familiarly called, was for many years a popular auctioneer, favorably known all over this part of the country, and later gained many newer friends while conducting a milk supply business in Northville. Mrs. Thornton's many excellencies of character have won for her, also, deep and lasting regard and respect from all with whom she has been associated. It is fortunate for any community to have such citizens for so many years.

## ANNUAL GOOD ROADS MEETING.

There is every indication that the 8th Annual Michigan Good Roads association will be held in Battle Creek, May 10 and 11. It will be the greatest gathering of men interested in good roads ever held in the state.

Under the Highway law of 1915 the Michigan legislature provided that the actual expenses and per diem wages be paid every township highway commissioner who desired to attend the annual good roads meeting. From an educational standpoint each township that sends a commissioner will be benefited by the attendance, for all visitors and delegates will be in a position to see the actual building of a 12-foot concrete road, they will hear the best good roads authorities in the country, they will see the big exhibit of road building being sent by the government, and they will see an exhibit of all kinds of road-building machinery and appliances, which manufacturers will place on exhibition during the convention.

## GARRICK THEATRE, DETROIT.

Vaughn Glasser is to play his annual Detroit stock engagement at the Garrick theatre, Detroit, this season instead of the Lyceum as heretofore. Mr. Glasser and his excellent company, headed by Miss Fay Courteney, will occupy the stage of the Garrick for six weeks, commencing next Monday evening, May 2, with popular priced matinees on Wednesday, Saturday and Sunday, and for his initial vehicle, Mr. Glasser has chosen that much heralded success, "Kick-In." No play has ever been produced with so peculiar a title and yet when one has seen the piece, he is ready to admit that no other title would be so applicable. The words "kick in" occur only once in the dialogue, but when they come, it is as the climax of such a stirring scene that their fitness as a title for the play is realized instantly. Indeed, it has usually been necessary for the ushers in the theatre to walk down the aisles and quiet the audience when these two words are uttered by the hero.

## When the Tigers Play in Detroit.

Following are the dates for the Tiger-ball games in Detroit:  
May 4, 5, 6, 7, with St. Louis.

## The man with money knows that one dollar at a time will build a fortune; one stick at a time makes a cord.

You've often heard about that man who "said nothing and sawed wood." He didn't expect to saw a whole cord at once. He didn't expect to make a whole fortune at once. But he began with a little deposit in the bank and piled up a fortune almost before he knew it. Look at the men today who said nothing and sawed wood a few years ago. John D. Rockefeller was one of them. You can do the same.

WHEN PRESIDENT WILSON MADE HIS MOMENTOUS SPEECH BEFORE CONGRESS

(COURTESY) PRESIDENT WILSON ADDRESSING JOINT SESSION OF CONGRESS BEFORE CROWDED GALLERIES

WHEN THE PRESIDENT MADE HIS MOMENTOUS SPEECH BEFORE CONGRESS ON THE GERMAN SITUATION HE SPOKE TO A CHAMBER PACKED TO THE DOORS, WITH THE GALLERIES CROWDED, PRACTICALLY ALL THE MEMBERS OF THE CABINET AND DIPLOMATIC REPRESENTATIVES OF THE ENTENTE ALLIES BEING ON HAND. THE GREAT GATHERING HEARD THE PRESIDENT'S DECISION IN TENSE SILENCE BEFITTING THE SOLEMNITY OF THE OCCASION. THERE WAS APPLAUSE ONLY WHEN THE PRESIDENT EXPRESSED THE HOPE THAT GERMANY WOULD BE ABLE TO ACT SO AS TO MAKE SEVERANCE OF RELATIONS UNNECESSARY.

ENLIST FARMERS' AID TO ENFORCE GAME LAWS

ASHTABULA—The members of the Ashabula County Fish and Game Protective Association which was organized here should rapidly increase. The objects of this body are not only important to men who enjoy fishing and hunting, but also to every farmer; from men of this class there should come members. It is proposed to assist the farmers in ridding the country of those who give no thought to the rights of those whose land is traversed in the hunt for game. Violators of this law organization can easily and more quickly be brought to justice when they have been given a stiff fine, it will make them more careful or cause them to entirely drop out of the fishing and hunting pastime.

KILLED GOING TO FIRE

Another Fireman Badly Hurt When Engine Skids on Street. TOLEDO—One fireman was killed, another was probably fatally wounded and three other men were seriously burned, due to a fire in the packing plant of Armour & Co. here. John C. Timmers, aged 28, was thrown from a skidding engine on the way to the blaze and was run over. Others injured were employees of the Armour Company. The fire started from an overheated smokehouse.

COUNTERFEITERS PLEAD GUILTY

CLEVELAND—Robert Gline of Akron pleaded guilty in federal court here to a charge of counterfeiting. Gline had intended to stand trial, but charged his plea when Robert Moffett and George White, also of Akron, admitted they had been passing counterfeit money. Judge Clarke will sentence the trio later.

QUARRIES RESUME OPERATION

SANDUSKY—Orders to resume work in the local and Lake County quarries have been issued by the United States Geological Survey. The quarries had been closed for some time due to a strike by the workers.

LEAVES 80 DESCENDANTS

HINLAY—Andrew J. Powell, 88, one of the wealthiest farmers in Hancock county, died here from the effect of having a foot amputated. He was three times married and had 15 children, 80 grandchildren and 40 great grandchildren.

TOLEDO—Freight house congestion, caused by labor shortage, has been relieved by importing 150 men from Chicago and 75 from Pittsburgh.

ALLIANCE—The expense of building individual dwellings has increased so rapidly that a number of apartment houses are planned.

RENEWED TESTIMONY

No one who suffers headache, dizziness, or distressing migraines, can fail to appreciate the value of Doan's Kidney Pills. It is renewed testimony that no reader can doubt. J. B. Smith, of Chicago St., Tequesta, Mich., says: "I was caused a great deal of suffering by pains in the small of my back and it was all I could do to work. When stooping, I became very dizzy and spots of fire seemed to flash before my eyes. I rested poorly and mornings, I was unrefreshed. Doan's Kidney Pills made me feel like a different person, ridding me of the trouble."

MORE THAN FOUR YEARS LATER

Mr. Smith added: "I gladly confirm my former endorsement of Doan's Kidney Pills. They never failed to act just as represented." Price, 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

Lesson Title: "The Missionaries of Antioch"

Lesson Text: Acts 11: 19-30; 12: 25-13: 12. Memorize vs. 2, 3.

Golden Text: "Go ye therefore, and teach all nations." Matt. 28: 19.

## I. The Values of Tribulation

It is easier to talk about the values of tribulation to some one else, than when we ourselves pass through it. Some tribulation comes into every life. We must have some preparation for it, a philosophy with which we meet it and a religion with which we conquer it.

In a broad sense, tribulation benefited the early church by scattering its members everywhere. These scattered people became like little tongues of flame, setting fire to other people and communities. So the church grew. The members grew with it. They learned that they could depend on God for help. "The hand of the Lord was with them." They tested the power in the gospel message. They learned that obedience to Christ's command, "Go ye into all the world," brought blessing and fruit. Their experiences strengthened the weak faith of others and set them to work.

In every one's experience there are people we have known who have been through tribulation. They have grown beautiful in and through suffering. It was so with the "Captain of our salvation." He learned obedience through the things that he suffered. We see "not above our lot." It is the Christian's business to show the world how suffering and sorrow can be borne, without bitterness or defeat. Think God for the many examples of heroic faith in the men and women who through fight have gained "a crown of glory which is imperishable." God, God in your suffering. He will not turn a deaf ear. And out of your suffering come the many who will come to you with their hearts full of love.

## II. "Called Christians Live in Antioch"

Antioch was a great city in its day. It had a population of half a million and a state of magnificent beauty, running through the center of the city paved with blocks of white marble. This street was lined with double colonnades of marble. It was the meet of many travelers. But it never had any visitors more distinguished than the little band of Christians who came there, and a more lasting claim to fame than that of the followers of the Nazarene who first "called Christians" there.

When has a man the right to be called a Christian? The name may have been first given in contempt. Today, it is a mark of honor if worthily borne. It is a long way from the man just starting to follow Christ, to the faithful, experienced follower of later years. Yet a youth who begins to follow Christ with sincere purpose has a right to bear his name. Some follow "afar off," as did Peter, and yet like him they come at last to a more faithful discipleship. We who bear the great Name, should be increasingly proud of it and more deeply eager to bring no dishonor upon it. A man who is wholeheartedly trying to follow Christ, who "accepts him for what he claimed to be and acts accordingly; who loves and obeys and works for him;—this man has a right to be called a Christian.

We call our civilization a Christian civilization but it is not so yet. Not until all men, all groups or classes of men, fully recognize the Lordship of Jesus, can we call our times and our nations Christian. Labor disputes and wars will then cease. Each man's highest good shall be the desire and aim of every other man, and real brotherhood become the rule of life. What are you doing to hasten the coming of that brotherhood?

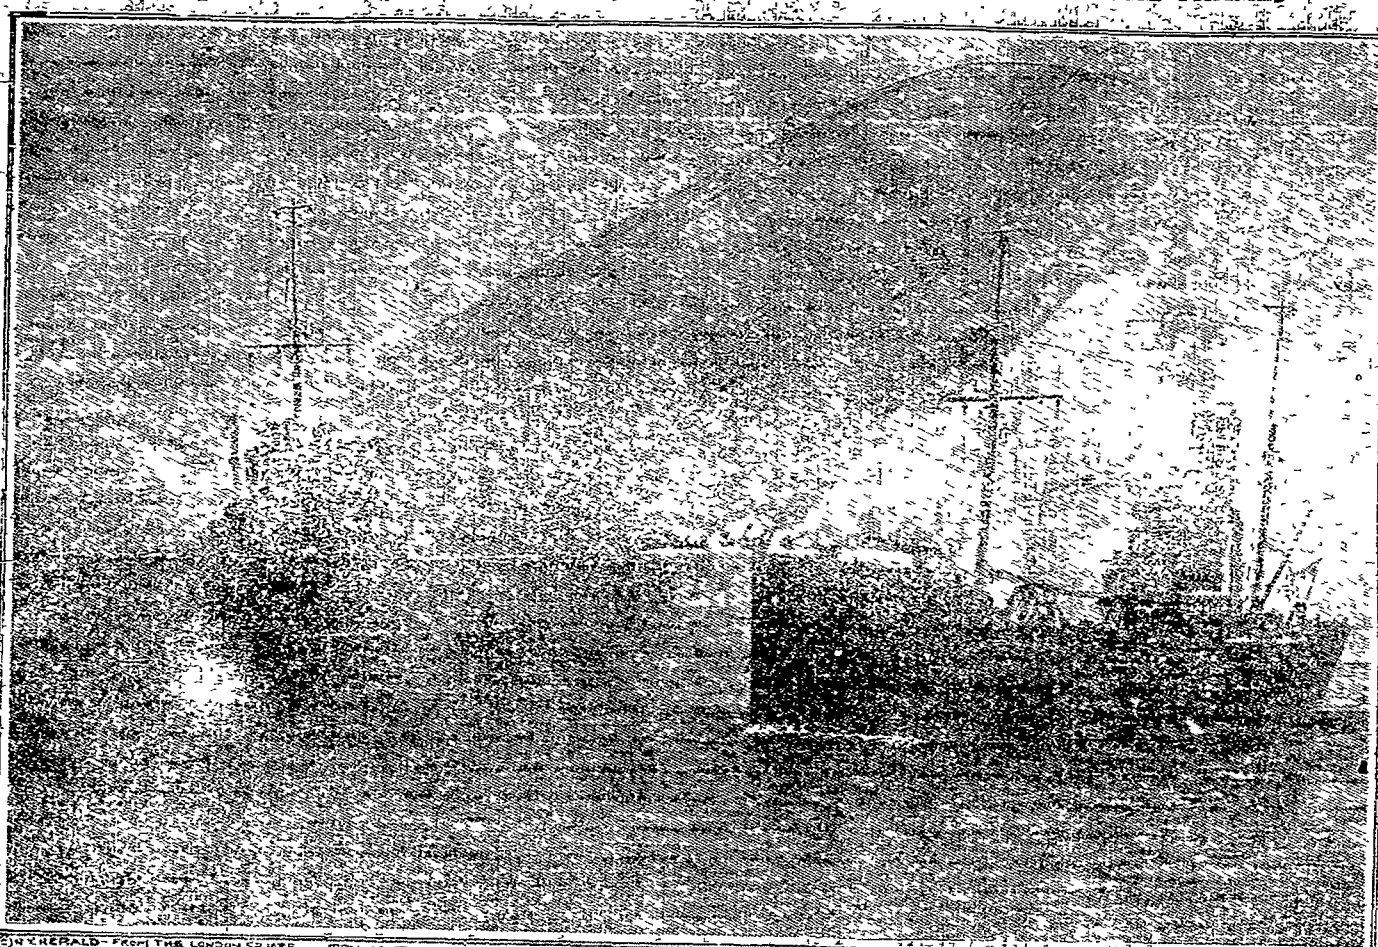

## III. Separated Lives.

We live in a era of specialization. One man no longer makes an entire shoe,—he makes a heel, or an upper, or a sole. Men are also "separated" for various special tasks of the kingdom. Therefore we have ministers, and missionaries who are teachers, or preachers, or doctors, or industrial experts. Every life is really "separated" for its own special task, you for your work in the school, factory, office or store.

How can we tell what we are specially called to do, or for what task we ought to be "separated?"

"It's very noble in you, Elsie, to give so much of your time to that work among the elements, those children, I'm sure I admire you for it." "I'm sure I do," replied Elsie, "but I'm not sure I'm doing it for the right reason."

# THE WRECKING OF THE GREAT ZEPPELIN L-15 OFF THE MOUTH OF THE THAMES

THE ABOVE PICTURE HAS BEEN CONSTRUCTED FROM A PERSONAL DESCRIPTION BY AN EYE-WITNESS OF THE WRECKING OF ZEPPELIN L-15. AT THE MOMENT DEPICTED THE DAWN LIGHT WAS GRADUALLY REVEALING THE ASTONISHING SCENE IN CLEARER DETAIL.

AND THE HUGE HULL CONTRASTED SPECTACULARLY WITH THE SMALL PATROL VESSELS WHICH HAD JOINED THE OLIVINE, A NAVAL STEAM TRAWLER, WHICH WAS THE FIRST UPON THE SCENE, HAVING LOCATED THE ZEPPELIN BEFORE DAYLIGHT. BY THIS TIME THE CREW OF THE AIRSHIP, SEVENTEEN IN NUMBER, HAD BEEN RESCUED BY THE OLIVINE, SEEN ON THE RIGHT OF THE PICTURE.

call to that kind of work." "Any, call?" Elsie's eyes were gravely questioning. "Yes, of course, I suppose you felt called to go into it, didn't you?" "I don't know. I don't think I ever thought of it just that way. I feel the need of something that I had time and strength to do, that was all. But wouldn't that be all enough?" "Wouldn't you, indeed? What plan would you call on there for a need that was unmet?" "Let me tell you, I don't think they had any special plan for me. I wanted to do something, that, you will be happy to see, I did. I found that God's plan for me was to call me to that kind of work."

### HELPFUL HINTS TO MOTORISTS

When washing out a filter, such as that of a filter, care should be taken to pass the gasoline, or other washing fluid through the wire gauze in the direction opposite to the normal flow of oil through the device. The reason for this is that if a residue is passed through in the direction in which the oil will normally flow, it will be carried to the bottom of the filter, where it will be found to be a nuisance. They were, while washing in the opposite direction, would dislodge them.

# FINANCIAL PREPAREDNESS OF AMERICA AS COMPARED TO THAT OF GERMANY

Normal Debt	Austria	2,731,000,000
United States	1,177,000,000	Interest
Germany	1,177,000,000	United States
War Debt	England	719,000,000
United States	None	Germany
Germany	\$8,925,000,000	France
National Wealth	Russia	207,000,000
United States	\$18,740,000,000	Austria
Germany	\$9,000,000,000	

WASHINGTON.—With her wealth the greatest of any nation in the world and her national debt less than that of any belligerent power, the United States stands in a state of adequate financial preparedness for a long war. In this connection financiers who have studied the European struggle predict that the nation which can throw the last hundred million dollars into the balance will win the war.

At the outbreak of the European war, the United States occupied an enviable position so far as wealth and national debt were concerned. Today her position is enormously stronger because while the European belligerents have been burdening themselves with war loans, the United States has been free from the life-sapping influence of increasing debt.

The European war has caused the belligerents to add about \$23,000,000,000 to their national indebtedness, in the race of financial supremacy, the United States has a \$32,000,000,000 handicap in her favor in addition to the lead she held at the beginning of the struggle. Should this country be plunged into the war, she will prove the nation able to "throw the last hundred million into the balance."

Following is a comparison of the wealth and indebtedness of the United States and other nations:

Normal Debt	United States	\$1,344,000,000
England	3,285,000,000	
Germany	1,177,000,000	
France	5,346,000,000	
Russia	4,537,000,000	
Austria	1,047,000,000	
Liabilities		
War Debt	United States	None
England	\$7,284,000,000	
Germany	\$8,925,000,000	
France	7,913,000,000	
Russia	2,070,000,000	
Austria	2,731,000,000

DEVICES UNIQUE R. F. D. BOX

North Dakota Rural Route Woman is inventor of a recent invention and one that will interest parcel post shippers and rural route carriers. It is a mail and parcel post box in one. The invention has for one of its principal objects the provision of a mail and parcel post box that is simple in construction, durable and cheap to manufacture, and designed to meet a long felt want.

The entire box is made of metal. The release of small and large mail matter is facilitated by the provision of compartments for each and approved cover. The cover of the box is such construction that it may be readily opened by the carrier without getting out of the vehicle to load the letter or package. It is a great improvement over the old carrier's box. It also has a special feature which is a patent for the device has been applied for.

## OLDFIELD LIKES KING

Detroit, Mich.—Barney Oldfield, veteran race pilot, the world's most famous American speed demon, likes the multiple cylinder motor car. He specifies that he likes the eight cylinder King. His endorsement is highly prized by this manufacturer—the builder of the world's famous popular priced eight cylinder motor car.

Oldfield during the recent race meets in Southern California jumped into an eight cylinder King one day and was so greatly impressed with the performance of this make of motor car that he wrote the following letter:

"I have just been wheeling one of your new Kings. It's a wonder. No wonder King has made such an impression—it's a good product. See you are the best. You're a boy. You're a boy." (Signed) Barney Oldfield

It sometimes occurs to a person who can't speak or read or understand any foreign language whatsoever, to wonder how our est. contemporaries who publish a column or two of German each week know what kind of propaganda they are propagating. Perhaps each one of them employs an interpreter.

Representatives of Milford's three Sunday schools recently held an important conference in a local harness shop. If there is any suggestiveness in the environment, the committee should be able to hitch up in good shape for a pull to gether.

 (By the Pastor.)  
 Communion services following the morning sermon. The subject for the morning will be "Divine Comparison."

The topic for the evening will be "Divine Appointments." The pastor will be in the pulpit. Will you try to be in the pew? Will you be as faithful to your church as you expect your pastor to be?

All topics are subject to change, at the discretion of the pastor. You know some people change their minds and there are others who never do.

If company should drop in upon you Sunday morning, why not invite them to service? They might receive it as a courtesy. Try it once.

Remember the B. Y. P. U. service at 6 o'clock in the evening.

**LUTHERAN CHURCH NOTES.**  
 English services next Sunday evening at 7 o'clock. The subject will be "The Shepherd and His Sheep." German service at Salem at 2 o'clock.

**METHODIST CHURCH NOTES.**  
 (By the Pastor.)  
 At the morning service next Sunday, the pastor will preach on the subject, "Why We Love Jesus," and the sacrament of the Holy Communion will be administered at the close of the service.

The Sunday school has a place for all who are not connected with some other school, and extends a cordial invitation.

The Epworth League service at 8 o'clock will be of special interest to all young people. The topic for discussion will be, "What About Playground and Schoolroom Cheats?" Superintendent O. M. Misenar will be the leader.

Simon-toppe for the evening service at 7 o'clock will be "The Beauty of Helpfulness."

The Epworth League closed its fiscal year this week with all obligations met. The following officers were elected at the annual meeting the day evening, president, Roy Charles 1st vice, Fred M. Bogart, 2nd vice, Mrs. Gwendolyn Bennett, and the president, Mrs. J. M. Bogart, the vice president, Mrs. J. M. Bogart, the secretary, Mrs. Carrie Schultz, treasurer, Mrs. J. M. The Ladies Aid society will meet next Tuesday afternoon, May 9 at the home of Mrs. Fred Lyke. Everybody invited.

Save your pennies for the Penny Social May 12.

**PRESBYTERIAN CHURCH NOTES.**  
 (By the Pastor.)  
 Morning service at 10 o'clock Sunday. "The Vision Splendid." This discourse will be devoted to a consideration of the beauties of the world in which we dwell and the tremendous but unappreciated facts which are about us.

Sunday school at the usual hour. A place to receive religious education. A place for you. The Sunday school has committed itself very definitely to the task of paying the amount still due on the piano. This is to be accomplished by a supper to be cooked and served by the men. There are several experienced cooks and caterers among the men. Watch for the date when this fact will be demonstrated.

Christian Endeavor as usual. The Union meetings of the past two Sundays were well attended and of great profit.

Evening service at 7 o'clock. Subject "Some Men Who Missed their Big Chance." There is a place for each one in the evening service. We cannot furnish a Cantata every Sunday night but it will none the less be worth while to get the habit of attending evening service.

A large and appreciative audience heard the Easter Cantata again last Sunday evening. A word of commendation is deserving all those who made this delightful service possible. The music ability of Northville is of a higher grade than many seem to realize. The musicians of our community will not be unduly proud if they occasionally receive a word of appreciation.

The Woman's Home Missionary society held its meeting next Wednesday at 2:30 at the home of Mrs. B. R. Gilbert. The society is to begin the study of the book, "The King's Highway." Programs for the year are to be passed out. It is very imperative that all the ladies of the congregation attend this meeting. A renewed interest marks the meeting of this society. Your presence is necessary to keep this up.

**ORPHEUM THEATRE - DETROIT**

The boy who never grew up, Master Gabriel with Al Lamar and Miss Vida Perrin will delight the Orpheum audiences next week with Gabriel's latest one act comedy "Little Kick." Gabriel is probably the most popular little comedian on the stage. He stands but 33 inches high, weighs 45 pounds and was the originator of the stage characterization of O'Connell's famous newspaper comics, Buster Brown. He also has starred in "Little Nemo" and has been a headliner in vaudeville for many seasons. This is his first local appearance at popular prices. Gabriel looks and acts like a child, has wit and magnetism and is undeniably the most popular of the Lilliputians who appear in public. Another feature on the same bill consists of "The Dairy Maids," a miniature musical comedy by Edward Clark. There are a dozen girls in the company headed by Eddie Foley and Lee Leture, late of "The Red Canary." Other acts comprise Louise Bauer and Pauline Saunders in a song revue, Maxing Brothers and Bobby, eccentric acrobats, Dickinson and Deagan in songs and dances and Frank Westphal, an eccentric comedian. There will be feature films before and after the vaudeville and a dancing contest for amateurs on Friday night.

In answer to an emergency call Dr. P. E. Somers of Grinnell, Iowa, climbed into an airship with an aviator and was hurried to the home of his patient at the rate of 110 miles an hour. He had the wound bound up and was ready for the return flight in less time than would have been required in getting an automobile ready to start.

Majestic Theatre - Detroit. Lillian Gish, a beautiful, charming and petite screen artist, is featured in "Sold for Marriage," next week's principal film attraction at the Majestic theatre.

What a lot of presents she got? Of course, they vary the remark. "What a lucky girl!" says one, as if she would like to add, "some persons have too much luck."

OIL BARRELS BLOW UP; LIVES SAVED

Richmond Hotel Guests Flee in Time; Two Stores Go.

RICHMOND—The complete interior of two brick buildings, including two stores and a hotel was destroyed by fire originating in the basement of the department store of Cooper & Son Co.

William Elliott, proprietor of the Hotel Elliott, was awakened by smoke. Then he heard explosions in the Cooper building; next door. Oil barrels in the store basement were exploding. The Elliott family and the hotel guests fled to the street in their night clothing in a drizzling rain.

The Cooper building interior and roof went and with it the Snieder Grocery Co. plant, housed with it. Then the hotel was gutted and the roof fell. Nothing was saved of the contents of hotel or stores. The total loss is about \$50,000.

FARMING EXPERT WARNS AGAINST BAD OATS SEED

Farmers preparing for crops of oats this season should give attention now to instructions being sent out by State Agricultural Agent Van Atta. Tests which have been made show that seed oats in Hamilton county are of a very low quality. They indicate that only 75 per cent of the late thrashed oats stands a chance of growing.

The average loss in oat crops from smut alone is 4 per cent. This is the record for sixteen years back. The loss in Hamilton County is a considerable. Ninety per cent of such loss can be avoided, Agent Van Atta says by treating oats with formaldehyde. A single pint of which, costing 35 cents mixed with forty gallons of water, is sufficient for treating fifty bushels of grain.

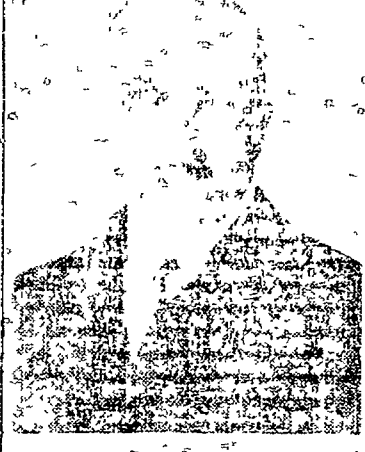

This solution is to be sprinkled over the grain and thoroughly mixed.

WHY TIRES GET HOT

It is a mistake to think that automobile tires are hot after a long run because of friction on the road. The heat is really due to friction of the tire against itself, due to the fact that the various layers of which they are composed do not act uniformly and therefore deflect ed by the road.

NEW SALES MANAGER JOINS KING FORCE

Detroit, Mich.—L. J. Flinn, manager of the King Auto Sales Company, 908 Woodward Avenue, Michigan state distributor for the eight cylinder KING automobile, has appointed Ralph Hoagland as Michigan state manager for this company. Mr. Hoagland retains the position of superintendent of employment at the Chalmers Motor Car Company to take charge of King sales in the state of Michigan.

Ralph Hoagland

Mr. Hoagland has had broad experience in the motor car industry and is particularly versed in the manufacturing and production ends of the business. He was for three years with the Fiat Company in Chicago and for three years managed a Detroit agency supplying skilled help to automobile factories.

Ralph Hoagland has enjoyed a national reputation for a score of years as one of the notable figures in the world of sport. While at Princeton University he distinguished himself in football, hockey, golf, tennis and other games and later coached at Minnesota, Purdue and Iowa universities. He was also a prominent member of the Chicago Athletic Club teams. For twenty years he has been one of the official football referees of the country.

His connection with the King Company results from his satisfaction with the King car. Although offered greater financial inducements to remain in the employment end of the business, it is stated he preferred to associate himself with L. J. Flinn in the King sales.

ABOUT JACK RABBITS

Much sport has been made of the releasing near here of Texas jack rabbits. To rabbit hunters who are interested in learning more of them we offer the following from Al Johns, at Chagrin Falls who released them.

"A few days ago I received from the fish and game division at Calumet ten pairs of jack rabbits. They were shipped from Wichita, Kan. I let State Representative Mike Walsh have two pairs and Ted Cady have two pairs. The rest were placed north and south of the Falls. If they do well they will make some fine sport for the boys with the traps."

"I had they will come in the autumn with a few more. A variety of rabbit General Sports tells me there is a big demand for them in Ohio and next fall the collection will introduce more."

NEW WAY TO CAPTURE RABBITS

Hoosier Chap Uses Auto Horn and Garden Hose

Petersburg, Ind.—Fred Hill a hoosier, who likes to hunt rabbits, has a new way of capturing them. He has a horn attached to his garden hose and went to work on one a few days ago. He got him in a few minutes.

This is the way he does it. The rabbit is attracted to the sound of the horn and comes to the mouth of the hose. He can then be captured by the mouth of the hose.

NEW TOLEDO SONG SHOP IS UP-TO-DATE MUSIC STORE

An up-to-date store devoted to the sale of musical instruments and sheet music and nothing else. Just opened in Toledo, will be a feature of interest to all Toledo visitors.

This new music store is called the Song Shop, and is conveniently located for interurban shoppers, being at 209 St. Clair Street, directly opposite the stopping point of all interurban cars.

The Song Shop promises its patrons everything new in music, popular, classic, and sacred as well as a large assortment of the standard favorites. It is in the hands of musical experts who understand thoroughly the requirements of patrons.

The Song Shop has been tastefully fitted out with the best of everything. The new venue is in the hands of Roy F. Bergy, well known pianist and entertainer, Miss Theone Hubbard, for several years in charge of the music department of one of Toledo's largest department stores, and Irune W. Chapman, a prominent young Toledo business man.

All who have heard Mr. Bergy play will be pleased to know that he will be at the Song Shop every afternoon. A musical treat is thus promised all visitors. A fine grand piano has been installed.

The Song Shop especially welcomes out-of-town trade, and will make a special feature of not only catering to visitors from the surrounding cities and delegations and musical appearances, but also providing for the needs of all of the Song Shop will make it a desirable place and rest place for interurban visitors.

Household Hints

THINGS WORTH KNOWING

To prevent corks sticking in mullage and paste bottles, grease them with lard immediately after drawing them the first time. A thorough greasing prevents them sticking.

To whiten hardwood floors add two tablespoons paraffin to the hot, soapy water used for washing the floor. This not only cleans the floor, but also destroys any insects that may be lurking in the cracks of the floor.

Take a cake of pipe clay and dissolve it in just as much water as it will hold. Stir it well and add a tallow candle, melted. Mix all together and allow to cool. Then remove all the dust from the tennis balls by brushing them with a stiff brush. Take a lump of the pipe clay mixture and dissolve it in cold water to the consistency of cream. Apply to the tennis balls with a sponge.

A few drops of hot vinegar will remove the most obstinate of white wash or distemper splashes.

Old-Fashioned English Chicken Pie

Cut chicken in pieces for serving and cover with boiling water, add two sprigs of thyme, one sprig sweet marjoram, a bit of bay leaf, two sprigs of parsley, all tied in a bag of muslin. Simmer gently until quite tender. Half an hour before it is done put in half a pound of bacon cut in small pieces. Arrange on the bottom of a baking dish slices of hard-boiled eggs, cover with sautéed mushrooms, then a layer of chicken meat, and continue until the dish is filled. Add three cups of sauce made from the liquor in the pan, thickened with two tablespoonfuls of butter and four of flour cooked together. Reheat in the oven, garnish with pastry points cut in shape of triangles and parsley and serve.

Combination Calad—A combination salad may be made of vegetables or of fruits that go harmoniously together.

One vegetable combination is a cup each of green peas, string beans, young carrots and celery, served with a French dressing. Cauliflower may take the place of celery when latter is scarce or not in good condition.

Broiled Eggplant—Get an eggplant

of medium size and good shape, cut in half lengthwise, then cut up each half in slices and peel them. Dip each slice in melted butter, olive oil, or good sweet bacon fat, and then in fine bread crumbs or crushed meal, seasoned with salt and pepper. Place in a double wire boiler, and broil eight or ten minutes over a clear, hot fire, but a fire, turning frequently. Place on a broiled dish and spread lightly with butter, mixed with salt and pepper.

Potato Croquettes—For six or eight croquettes, take a pound of lean, fat, Irish potato, put it through the food chopper twice. Add half a teaspoonful of salt, half a teaspoonful of onion, and a dash of white pepper. Mix the potato to a paste with cream, do not have it too soft to handle, however. Wet your hands in ice water or brush with oil, and form into croquettes not more than half an inch thick and not too large, or they will break easily. Dust with flour, patting it with the hands, and fry a nice brown in hot bacon or salt pork fat. Brown on both sides, and do not have the fat too hot at first, as yeast must be well done.

Tuna Fish au Gratin—Melt two tablespoonfuls butter and stir in two tablespoonfuls flour. Cook until smooth, and season with half teaspoonful of salt, and pinch of paprika. Add a cup of chicken or veal broth seasoned with vegetables and soup herbs, or milk will do if you have no broth made. Stir and cook until it boils up, then add a can of tuna fish, or same quantity of the fresh fish cooked and flaked with a fork. Add more seasoning if necessary. Mix and fill buttered dishes, cover the tops with buttered bread crumbs and place in oven until the mixture is very hot, then serve.

Peach Gateau—Cut sponge or angel food cake in thin slices and put in a flat, oblong glass dish; on top of the cake place sliced ripe peaches, and sprinkle with powdered sugar. Then cover with whipped cream or a thick boiled custard that has been thoroughly chilled. Fill the dish up in this manner with top layer of peaches and whipped cream or meringue heaped between. Sprinkle chopped nuts on the cream or meringue and serve cold.

CRYSTAL SPRINGS FLORIDA LANDS ARE ATTRACTING BUYERS FROM ALL STATES

Wonderful Soil, Beautiful Climate, and Natural Resources Together With Rapid Progress of Colony Developments are drawing people from Many States.

Crystal Springs is not just a project. Homeseekers are flocking there and growing splendid crops. To farmers residing in Ohio, Michigan, and other northern states, where they only get an average of about \$20 per acre each year from their high priced crops, the average of \$200 per acre is a very attractive proposition. The Crystal Springs Homestead Co., 232 West Boulevard, Toledo, Ohio, will send you a copy of the plan and also a list of the names of the many who have already secured their homes in Florida.

get your neighbor to compare the amount he has invested in his northern farm, with the relatively smaller amount necessary to purchase an equal acreage of this choice Crystal Springs land and put the same in an equally good state of cultivation—then figure the relative income—you may be sure that if he has an eye for business he is going to straightway convert at least a portion of his capital into Crystal Springs land while he can get a location close to town, and get the present low price of \$24 an acre.

There is so much to be told about the work being done to develop this colony, its location and advantages, that you will do well to write for further information to Dept. C of the Crystal Springs Homestead Co., 232 West Boulevard, Toledo, Ohio. This will send you a copy of the plan and also a list of the many who have already secured their homes in Florida.

### A GOOD SUMMER GAME.

A good outdoor game for the youngsters to play when they have grown tired of their usual amusements is called "cat and rat." To play this game all but two join hands to form a ring. One of these two is the "rat" and remains inside the ring. The other is the "cat" who is obliged to stay outside. Those forming the ring clasp their hands tightly and try to prevent the "cat" from getting through by getting under in some way if he can't get through the "rat" and a new "rat" is chosen if the players with the "cat" may become the "rat" and only a "cat" need be chosen.
