IS OPTIMISTIC FOR NORTHVILLE'S FUTURE

PRESIDENT HARMON OF THE AMERICAN BELL THINKS MUCH OF FUTURE PROSPECTS.

HENRY FORD PAYS A PERSONAL VISIT TO NORTHVILLE AND ITS BIG MILK CONDENSERY.

President Frank Harmon of the American Bell Foundry company expresses himself in a very optimistic manner as to Northville's future possibilities. "Barring any unforeseen complications," says Mr. Harmon, "this and the following years bid fair to be the best in the town's history. Northville has a great future."

"We are all highly pleased over the probable coming of the Ford interests, developing the several water power sites here, and the town's prospects never before seemed quite so bright."

Mr. Harmon believes the Ford people will develop and utilize eventually as many as five power plants along the Rouge in this township, besides the one located at Phoenix which ought to develop enough power to operate a considerable sized factory.

Mr. Ford paid the town a personal visit a short time ago and walked north along the Rouge to a point over in Novi township. On his return he visited the Warner-Richardson condenser plant and expressed no little interest in that institution's up-to-date equipment and the process of handling and condensing the milk.

Mr. Hudson, who has represented the Ford interests in securing the preliminary options in this township has expressed himself as being pleased with the friendly manner in which the contemplated project has been received here thus far and which if it all goes through smoothly will mean much to the town.

man of Detroit and Wixom—a copy of a folder issued by the Michigan State Teachers' association urging the co-operation of all school boards in the movement to assure better salaries for Michigan teachers. Figures are presented to prove that the present difficulty in securing competent teachers is solely due to the fact that the pay in most instances is too small to enable them to save anything, which results in the taking up of more lucrative occupations.

ARBOR AND BIRD DAY

The Northville Woman's club holds its annual Arbor and Bird day observance this Friday afternoon at 2:00 o'clock in the high school building. There is to be the usual bird-house contest, also an able speaker, Mrs. Williston of Detroit, who is chairman of the conservation committee of the State Federation of Women's clubs. The meeting is to be a public one, and a cordial invitation is extended to all who are interested in the protection of the bird life so necessary to the very existence of human beings.

MEMORIAL PLANS WELL UNDER WAY

It is anticipated that 60 or 70 Northville and vicinity U. S. service boys will take part in the Memorial day exercises, under command of Lieut. C. F. Murphy, and plans are under way to obtain silver rings, such as the Detroit soldiers are receiving to be presented each soldier boy who is in line May 30, to help in paying tribute to the soldier dead of America and the surviving veterans of the 60's. The committee, which has been appointed to attend to the matter of the souvenirs above noted consists of Jared Lapham, W. J. Lanning, L. A. Babbitt, E. S. Beard, E. H. Lapham and C. F. Murphy. All soldiers, sailors and marines who are willing to take part are again requested to notify either Mr. Murphy, the Record or Jared Lapham, chairman of the testimonial committee.

DEATH OF MRS. DENNIS.

One of Northville's well-known and respected older residents, Mrs. Priscilla Dennis, was called from life last Friday morning after an illness of but half an hour, at her home on Center street.

Mrs. Dennis, whose name was Priscilla Waterman before her marriage, was born in Salem township 78 years ago, and had always lived in this vicinity. Her husband, Henry Dennis, died five years ago, after they had retired from farm life and had lived in this village for a number of years. Mrs. Dennis was a member of the Salem Presbyterian church and an attendant of the Northville church of that denomination, and was also a valued member of the local Woman's Relief Corps. Funeral services, conducted by Rev. Edward V. Belles, were held from the home Sunday afternoon and burial was made in Rural Hill.

Features at the New Alseum Theatre.

This coming Saturday, popular Pauline Frederick will be seen at her best in the great play, "La Tosca," arranged especially for the purpose of bringing out her particular talents as a screen artist.

Tuesday, charming Norma Talmadge comes in the delightful film story, "Her Own Way."

FIRE DEPARTMENT ORGANIZES.

The Northville Fire Department, of which Louis Lanning was appointed chief under the new village administration, met Monday evening, April 28, and elected the following officers: Assistant Chief, Lester Stage; Captain, James Woolley; First Lieut., Harvey VanValkeburg; Second Lieut., Ed. Masters; Secretary, N. I. Coif; Treasurer, Ernest Lyke.

PURITY ICE CREAM.

Yes, we are still in the business, contrary to reports, and will fill special orders during week, otherwise for the present we will carry a stock only on week-ends. Place your orders Saturday. This week—orange Sherbet.

A bridle for the tongue is a necessary piece of harness.

DAYTON AIRLESS TIRES

They are big sellers and they prove up Merchants and manufacturers. They're quick to see that they were practical and the owners of touring cars are grabbing them off—there are no come-backs on these tires; they are the tires that spell defeat to all worriers.

Eight Years Upon the Market—Two Sizes Only 30x3, 30x3½

Will fit Fords, Maxwells, Chevrolets, Dents, Saxon's, etc.

1—It is as easy riding as a pneumatic tire. 2—It is neither solid nor pneumatic. 3—It requires no pumping. 4—It cannot puncture nor "blow out." 5—It fits all standard clincher rims. 6—It is easily applied. 7—It is the most durable tire. 8—It is trouble-proof. 9—It makes automobiles safe and enjoyable. 10—Used by most all fire departments. 11—No tire tools or pump to carry around. Your car is always ready to use. 12—The lowest priced tire in the world per mileage.

We are also distributing and sales agents for the celebrated "HARTFORD" TIRES and TUBES; none better for the money. Ask the man who uses them.

SPRAY WITH "PYROX"

You cannot afford to grow food for bugs. It must be saved for yourself, your friends, both at home and across the sea.

That last point is one reason why so many are now using Pyrox. It actually has a stimulating and invigorating action on the foliage of many kinds of fruits and vegetables, so it not only protects the crop, but actually improves it, increases the yield and makes the crop worth more.

CROWS HATE PYROX.

Coat your Seed Corn with Pyrox, and prevent Crows from pulling it up and worms from damaging it. A little Pyrox goes a great way in this direction. A pound will coat a pallful.

Directions for Seed Corn. Put the dry shelled corn in a bag and with a wooden paddle stir vigorously, meanwhile adding enough Pyrox paste to lightly coat each kernel. Stir the Pyrox vigorously in a can or pan before adding it to the corn as stirring reduces the Pyrox to a creamy consistency and this creamy Pyrox makes the best coating for the kernels.

FARMERS—Use "SMUTICIDE" will prevent smut in Oats, Barley, Rye and Wheat; is also used for treating scab in Potatoes.

JAMES A. HUFF, Hardware.

BE A MAN WITH MONEY; MAKE YOUR DECLARATION OF INDEPENDENCE; START A BANK ACCOUNT; GROW RICH.

Liberty is freedom. Freedom is the most precious possession of any man. Independence is what our fathers fought and died for.

You don't have to die for freedom. You can put money in our Bank and grow a Fortune that will free you from the dread of debt and poverty.

Now is the time to start—Right now.

We pay 3 per cent interest.

NORTHVILLE STATE SAVINGS BANK

HERE IT IS A KODAK

as small as the note book, and will tell the story better. Takes Pictures 15/8x2 1/2; a very desirable size. This is very simple to operate, and economical. There are eight exposures on a roll, at a cost of 20c and 1c war tax.

Ask your neighbor who has one of these labor-savers what her electric washer means to her.

Then come in and let us demonstrate how simple they are to operate.

THE DETROIT EDISON COMPANY

THE KNIGHTS TEMPLAR MAY PARTY NEXT

BRILLIANT EVENT TO BE PULLED OFF HERE NEXT WEEK.

FISHER'S EXPO. ORCHESTRA OF KALAMAZOO TO FURNISH THE MUSIC.

The Knights Templar May party to be given in the high school Gym here next week Friday night, promises to be the most brilliant affair, and the largest attended dancing party ever pulled off in this section of Michigan.

Eight hundred specially embossed black and gold invitations have been mailed out and hundreds of people have already given notice of their intention to be present.

Fisher's big exposition orchestra of Kalamazoo will be present to add to the joy and festivity of the occasion. Fisher's orchestra as is known, is SOME orchestra and if you're there you "just can't make your feet behave."

The big high school Gym will be sumptuously decorated for the occasion and it will be large enough to care for even the large crowd that is anticipated. The management also promises that the repeated encores after each dance will be discontinued and one or two encores will be deemed enough. In times past half a dozen encores for the benefit of school pupils has rather tired out many of the older couples who like to dance just as well as the youngsters, but who may not like it all in bunches.

The commissary artists are also busy and promise an epicurean feast.

A large number are expected from Detroit and other neighboring cities. The bill will be \$2.00 for each couple, dancers or spectators.

FORD TRACTOR PLANT, DEARBORN, MAY OPEN MAY 10.

The task of inventorying at the Fordson tractor plant at Dearborn, has been more gigantic than the officials, expected, and the date for resumption of operation has been postponed. It was hoped to re-open May 1st, but the date now is indefinite, but the 10th of the month will probably see the plant working as before.

TEACHERS' SALARIES INADEQUATE.

The Record has received, from a graduate of the Northville High school some years ago—Miss Hazel K. Fur-

MY HEAD!

When the head feels thick or aches, when one feels all out-of-sorts—perhaps a coated tongue—it is the signal that poisons are accumulating in the system, and should be cleaned out at once.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face, extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May apple, aloes and jalap.

Now Is the Time to Buy a Farm in Good Old U.S.A.

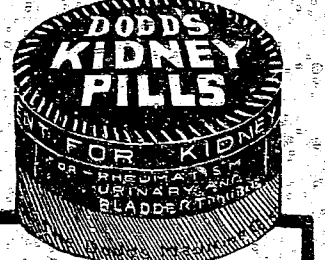

Although the war is over, the demand for food continues. The business of producing things to eat, therefore, gives promise of paying satisfactory dividends.

The U. S. RAILROAD ADMINISTRATION offers the operation of its HOMESEEKERS' BUREAU to those who wish to engage in farming, stock raising, dairying, poultry raising, fruit growing, and kindred pursuits. Free information will be furnished about farm opportunities in any State on request.

Write today. Give me the name of the State you want information about, say what line of farm activity you wish to follow, and the number of acres you will need, and let me know what kind of terms you desire. The more particulars you can send regarding your requirements, the better I can serve you.

Nothing to sell. Only information to give.

J. E. STAPLES, Manager, U. S. Railroad Administration, Room 2906, Washington, D. C.

Backache?—you need immediate help. Ask druggist for Dodd's. Insist on box shown, standard for 40 years.

CONTROL SWEET POTATO WEEVIL

Industry May Be Seriously Jeopardized Unless Right Measures Are Adopted.

HEAVIEST LOSSES IN SOUTH

Pest Is Spread Mainly by Commercial Movement of Crops—Has No Natural Enemies So Far Known—Control Measures.

(Prepared by the United States Department of Agriculture.)

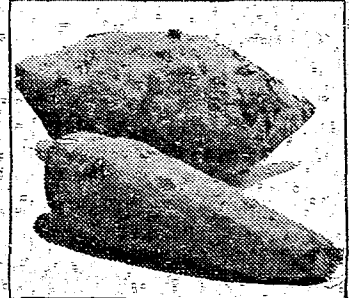

Unless rigid control methods are practiced to prevent the spread of the sweet potato weevil in the Gulf states, America's sweet potato industry will be seriously jeopardized. Last year \$3,500,000 worth of sweet potatoes of the Gulf country were destroyed by the weevil. Texas, Louisiana and Florida growers suffered the heaviest losses, while in other sections of the South the crop was damaged from 25 to 50 per cent.

The sweet potato weevil, a small, snout-beetle, red and blue in color and unlike in appearance, bears the same relation to sweet potato production that the boll weevil does to cotton. The female weevil lays her eggs in the vines, and in the stalks or crowns near the ground, and also on the roots in the field and in store, continuing to work and breed in the roots in storage. The larvae, on hatching, tunnel through the vine to the roots, the vines die and frequently the roots become badly rotted and filled with excreta, giving them such a bitter taste that even swine will not eat them. Present knowledge indicates that the pest is spread mainly by the commercial movement of the sweet potato crop, as the weevil, although winged, travels very slowly in spreading infestation.

Control Is Difficult.

So far as is known the sweet potato weevil has no natural enemies. Its control would be comparatively simple through extensive quantities in the producing sections were it not that the pest also breeds on morning glory and bindweed. Control measures include the cleaning up of all old sweet potato fields by destroying all the vines, stems, tubers and other remnants. Then the ground should be deeply plowed and kept free from volunteer sweet potato and morning glory vines.

All sweet potatoes should be gathered and divided in the field into three lots: (1) weevil-free tubers, (2) roots slightly infested for fumigation, (3) roots badly infested. The third class, or culls, with all remnants of an unsalable nature should be gathered and fed to hogs, cattle, or poultry after looking them to insure that no weevil may escape to extend the

Sweet Potatoes.

infestation. If the potatoes are unfit for feeding to live stock they should be burned with the aid of straw, dried weeds, paper, or oil.

Crop rotation is an effective control measure. Indeed, injury to a large extent is preventable where care is used in the selection of the potato field for future planting. The new fields should be as far as possible from old sweet potato fields which have been infested and if possible should be separated from it by a natural barrier, such as a strip of woodland or such a crop as corn, tobacco, or Irish potatoes. The new crop should also be planted at a distance from the seedbed. One grower reports a decrease from 75 to 5 per cent annually in his sweet potato loss since he has practiced this method.

Potatoes which are not badly infested may be fumigated to advantage, where they are intended for early consumption. Carbon disulphid has been successfully used for this purpose. Under unfavorable conditions, however, fumigated roots may fail to germinate or sprout or may become subject to rapid and complete decay. This occurs especially where the tubers show a high moisture content.

Arsenical Spray Is Favored.

Before sweet potato plants are set out in the spring, it is advisable to dip them in a solution of one pound of lead arsenate dissolved in ten gallons of water. Spray the plants with arsenicals for the first appearing weevils on leaves and stems. Construct all storage pits at points remote from the sweet potato field. They should be kept as dry as possible and should be constructed as to allow for fumigation and to permit of inspection from time to time for weevil attack. All farmers of a section should co-operate in the eradication of the sweet potato weevil, as such work is for the common good of the community. In fact, to accomplish effective and persistent results combined community effort is necessary.

CAUTION IN TOBACCO GROWING IS ADVISED

"Plunging" by Farmers Would Be Unwise at Present Time.

Best Interests Appear to Lie in Development of a Safe and Well-Diversified System of Farming at Present Time.

(Prepared by the United States Department of Agriculture.)

"Plunging" in tobacco growing, to the neglect of other crops is not justified by the present tobacco situation, which the department of agriculture describes as difficult. In territory where tobacco is a new crop, recently introduced to replace cotton under boll-weevil conditions, as in portions of South Carolina and Georgia, the statement says, appear to lie in the development of a safe and well-diversified system of farming rather than to plunge from the uncertainty

A Field Showing the Results of Continuous Tobacco Cropping.

of cotton production into the possibly still greater uncertainty of tobacco production under existing conditions. While it is impossible, the statement declares, to arrive at the quantity of tobacco Europe will be prepared to purchase during the next year or two, it seems likely that any considerable increase over the 1913 crop in the free-cured section would be followed by a decline in market prices.

The largest crop of tobacco the country has ever produced is being marketed, and while prevailing market prices are very high for some of the leading types, such abnormal prices are said to be due primarily to war conditions. The department points out that the country has grown three large crops of tobacco in succession, with no decided shortage in production of any of the leading types.

As compared with pre-war figures, exports of leaf tobacco were somewhat above normal in 1916, much below normal in 1917, and still slightly below the average in 1918, average exports for these three years being approximately 380,000,000 pounds, as against an average of 416,000,000 pounds for the three years ending with 1913.

The quantity of leaf tobacco annually consumed in domestic manufacture during the last three years shows an increase of about 100,000,000 pounds over the preceding period, due largely to a decided progressive increase in the manufacture of cigarettes. However, present indications are that no more tobacco was consumed in domestic manufacture in 1918 than in the preceding year. Stocks of leaf tobacco in the hands of dealers and manufacturers as of January 1 are reported as about 1,235,000,000 pounds for all types, a considerable increase over the figures of previous years. With a 1918 crop estimated at 1,340,000,000 pounds, a domestic consumption of about 720,000,000 pounds, leaving a large surplus over pre-war export requirements, and with stocks of leaf tobacco in the hands of dealers and manufacturers above the normal, it seems obvious, says the department, that ordinarily there would be a tendency toward lower prices.

TIME FOR PLANTING BEANS

Wait Until Ground Is Fairly Warm and All Danger of Frost Is Past—Plant in Rows.

(Prepared by the United States Department of Agriculture.)

Beans should not be planted until the ground is fairly warm and all danger of frost is past. The bunch beans may be planted in rows 30 inches apart and four or five seeds in a hill, with the hills 12 inches apart in the row. The seed may be drilled in the row, but the crop is easier to hoe and cultivate if planted in hills. One quart of seed of the bunch or snap beans will plant 600 to 800 feet of row. Do not cover the seed too deeply, especially if there is plenty of moisture in the soil. One to two inches is about the proper depth, dependent upon the character and condition of the soil.

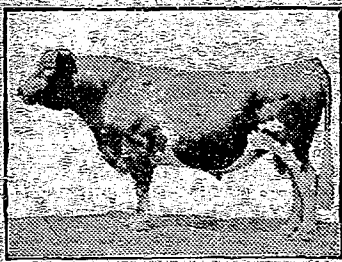

DAIRY FACTS

TO ELIMINATE SCRUB BULLS

Campaign Started by Wisconsin Farmers to Use Only Purebred Sires—Record in One County.

(Prepared by the United States Department of Agriculture.)

Wisconsin dairymen and farmers, desirous of increasing their profits and adding still greater honors to their already famous dairy state, have joined in a state-wide campaign to eliminate the scrub bull and use only purebred sires. The record made last year in the Brown County Cow-Testing association typifies the merits of purebred bulls and illustrates why farmers and

A Sire of Good Quality.

dairymen will not tolerate the scrub. In this association 12 cows qualified for the register of production. All of these cows were daughters of purebred sires, six of them being daughters of one sire. The five best herds in the association are headed by purebred sires, while the five poorest herds are all headed by grade or scrub sires. The herds of those farmers who used purebred sires averaged 85 pounds more fat a cow than those using grades or scrubs. Last year eight of the members purchased purebred sires of known breeding to replace their scrubs.

KEEP DAIRY COWS ON FARM

For Farmer Who Has Good Market for Products Dairying Is Most Profitable Business.

Keeping dairy cows will help the average farmer to overcome three main drawbacks to the one-crop system of farming: A cash income but once a year, a depleted soil, and unequal distribution of labor, according to C. H. Staples, dairy specialist, extension division, Louisiana State University.

"For the farmer who does not have a ready and accessible market for dairy products, a few dairy cows will provide the cheapest and best of human food for the family," says Mr. Staples. "The cows will consume much of the rough feeds that usually go to waste and the expense of keeping them is almost negligible."

"For the farmer who has a good market for dairy products dairying is a most profitable business, is always a safe and sound line of farming, is least affected by sudden changes of weather and seasons, gives a steady cash income, builds up the soil, and provides employment for labor at all seasons."

MAKE BETTER FARM BUTTER

Trouble Incident to Home Production May Be Decreased by Using More Careful Methods.

The adoption of more careful methods of handling milk and cream and improved practices in the making of farm butter will reduce rather than increase the trouble incident to home production of this food, say dairy specialists, and will result in a superior product which can be sold more easily and for a better price than the average farm butter.

DAIRY HERD IS FOUNDATION

Not Hard to Raise Calves, Pigs and Lambs if Skimmed Milk Is Easily Available.

The dairy herd is the foundation for the stock farmer or even for the general farmer who keeps several kinds of stock. With skimmed milk it is easy to raise calves, pigs and lambs, but without it one may find a substitute rather expensive and unsatisfactory. Keep the dairy cows and then these others may be added.

FEED DAIRY COWS ROUGHAGE

Outline Given of Two Grain Rations to Be Fed With Clover or Alfalfa Hay.

When the roughage for dairy cows is clover or alfalfa hay, the grain rations may be 200 pounds corn and cob meal, 100 pounds ground oats and 100 pounds gluten feed; or 250 pounds corn and cob meal, 100 pounds wheat bran and 100 pounds gluten feed.

Consideration of Package.

The package in which butter is marketed demands careful consideration.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleaned and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD-MEDAL Hearlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD-MEDAL Hearlem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney

action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD-MEDAL Hearlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. At the first sign that your kidneys are not working properly, go to your druggist and get a box of GOLD-MEDAL Hearlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD-MEDAL brand. In sealed packages.

Have You Tried Tuxedo in the New "TEA-FOIL" PACKAGE?

It is the most popular innovation of many years in smoking tobacco packages. Smokers are delighted with its many advantages. Handier—fits the pocket. No digging the tobacco out with the fingers. Keeps the pure fragrance of Tuxedo to the last pipeful. Not quite as much tobacco as in the tin, but—

one corresponds with.

VERDICT \$4,075

AUTOMOBILE DAMAGE SUIT

Kalamazoo, Mich., April 2, 1919.
—In the circuit court today the
jury brought in a verdict of \$4,075
against J. Allen Snyder to recover
for injuries sustained by Frederick
Uthoven as a result of an automo-
bile accident in which it is claimed
that Frederick Uthoven has suf-
fered injuries of a serious nature.

J. Allen Snyder was insured in one
of the small insurance companies
which gave him protection for \$300
for liability and he will have to pay
the amount of \$3,275.
As the result of this verdict automo-
bile owners are much interested in the
policy of insurance they take. The
Big Mutual Automobile Insurance
Company of Howell protects the owner
of the car against damage claims made
against him above \$25 up to \$5,000.

During the five seasons that the com-
pany has been operating no member
has had to pay to exceed \$25 upon a
claim, as the policy has been sufficient
to take care of large claims.
Automobile salesmen are taking
more interest in insurance and are
recommending the Citizens Mutual Au-
tomobile Insurance Company of How-
ell, as it has a large reserve fund of
\$65,000 and monthly income sufficient
to pay \$15,000 of claims per month.

This is the only mutual that has so
large a reserve fund to meet the ser-
ious losses.

REVISED COVENANT LEAGUE OF NATIONS MADE PUBLIC IN U.S.

REDRAFT OF FIRST OUTLINE
MADE AFTER CONSULTATION
WITH 13 NEUTRAL
NATIONS.

SUMMARY OF ARTICLES GIVEN

Document Does Not Create a Super-
State; League Must Depend
On Free Consent of Its
Component States.

Paris.—The revised covenant of the
League of Nations went before a plen-
ary session of the peace conference
Monday for final action.

A semi-official analysis of the re-
vised covenant says the re-draft was
made after consultation with 13 neu-
tral nations, and examination of criti-
cisms coming from both sides of the
Atlantic. The resulting document, it
is declared, does not create a super-
state; the league must depend upon
the free consent of its component
states.

The preamble provides that all na-
tions signing the covenant will adhere
to its terms.

Article 1. Names the states which
are to be members of the League.
This list includes all the nations that
were at war with Germany and such
neutrals as are invited to become
members.

Article 2. States that an assembly,
a council and secretariat shall be named.

Article 3. Provides that the as-
sembly shall consist of representa-
tives of the members of the league.
Each nation to have one vote.

Article 4. Provides that the council
shall at the start consist of represen-
tatives of the United States, British
Empire, France, Italy and Japan.
Four other members are to be named
later.

Article 5. Provides for majority
rule at council and assembly meetings.

Article 6. The permanent secre-
tariat shall be established at the seat
of the league, but the name of this
officials not yet made public.

Article 7. Names the seat of the
league as Geneva. Council may
change this at any time.

Article 8. Provides for reduction
of armaments.

Article 9. Establishes a permanent
commission to report to the council.

Article 10. Binds members of the
league to respect and protect other
members from aggression.

Article 11. Any threat of war will
concern all members of the league.

Article 12. All disputes must be
submitted to the council. War must
not be resorted to until 3 months af-
ter award of council.

Article 13. Members of League
agree to adhere to decisions of award
made by council.

Article 14. Permanent court of in-
ternational justice to be established.

Article 15. The council, when en-
able to agree on disputes, may make
public the whole facts in the case.
Members of League may take action
to uphold justice, if council cannot
agree.

Article 16. Any member declaring
war contrary to terms of the covenant
shall be an outcast. Other members
are to sever all trade relations. Pro-
vides military measures to be taken
against such nation.

Article 17. In disputes between
non-members of league, parties are to
be invited to join league for the pur-
pose of settlement of dispute. Coun-
cil to take action to prevent hostil-
ties.

Article 18. Treaties must be reg-
istered with secretariat and made
public.

Article 19. Inapplicable treaties may
be reconsidered.

Article 20. Covenant supercedes
all other treaties.

Article 21. Nothing in covenant
shall be deemed to affect the validity
of the international engagements, such
as treaties of arbitration or regional
understandings like the Monroe doc-
trine for securing the maintenance of
peace.

Article 22. For colonies to be ruled
by "Advanced Nations" temporarily.
Those sufficiently developed may be-
come independent states. Permanent
commission to examine reports of
mandatory ruling colonies.

Article 23. League members to
maintain fair conditions for labor.

Article 24. Bureaus already estab-
lished by treaties now in force shall
be under direction of league.

Article 25. Pledge development
of Red Cross.

Article 26. Provides for amend-
ments to covenant.

Victory Bonds in Big Demand.

Detroit—Employees of the Ford Mo-
tor company to the number of 23,782
voluntarily subscribed to Victory loan
bonds aggregating \$2,750,000. The
subscriptions represent a per capita
purchase of more than \$100. This an-
nouncement is vastly more important
than any developed from Liberty loan
campaigns of the past. It is more
significant than the largest corpora-
tion subscription. It indicates that
workers are realizing that this fifth
bond issue is a good investment.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often
Rejected.

Judging from reports from druggists
who are constantly in direct touch with
the public there is one preparation that
has been very successful in overcoming
these conditions. The mild and healing
influence of Dr. Kilmer's Swamp-Root is
soon realized. It stands the highest for
its remarkable record of success.

An examining physician for one of the
prominent Life Insurance Companies, in
an interview of the subject, made the ad-
miring statement that one reason why
so many applicants for insurance are re-
jected is because kidney trouble is so
common to the American people, and the
large majority of those whose applica-
tions are declined do not even suspect
that they have the disease. It is on sale
at all drug stores in bottles of two sizes,
medium and large.

However, if you wish first to test this
great preparation send ten cents to Dr.
Kilmer & Co., Binghamton, N. Y., for a
sample bottle. When writing be sure and
mention this paper.—Adv.

Robert and Germs.

Robert has been in kindergarten
just one week. In that week he has
learned of many things; the existence
of which is new to him. Among them
is the subject of germs. He looks for
them in water, fruit, and in almost
everything he eats.

But the other day he found a new
abiding place for them. Grandfather
had just come down the alley from the
square above, after a wheelbarrow.
Robert eyed him with horror. "You
can't go back home that way," he or-
dered. "Don't you know that alley's
just full of germs!"

FRECKLES

Now Is the Time to Get Rid of These Ugly Spots

There's no longer the slightest need of feeling
ashamed of your freckles, as Othine—double
strength—is guaranteed to remove these "bumsy
spots."

Simply get an ounce of Othine—double
strength—from your druggist, and apply a little
of it at night and morning, and you should soon see
that even the worst freckles have begun to dis-
appear, while the lighter ones have vanished en-
tirely. It is seldom that more than one ounce
is needed to completely clear the skin and gain
a beautiful clear complexion.

Be sure to ask for the double strength Othine,
as this is sold under guarantee of money back
if it fails to remove freckles.—Adv.

Matter of Money.

He—Then what did you marry me
for?

She—Mamma figured it up at the
time and said it was about a million
and three-quarters.

Keep your liver active, your bowels clean
by taking Dr. Pierce's Pleasant Pellets and
you'll keep healthy, wealthy and wise. Adv.

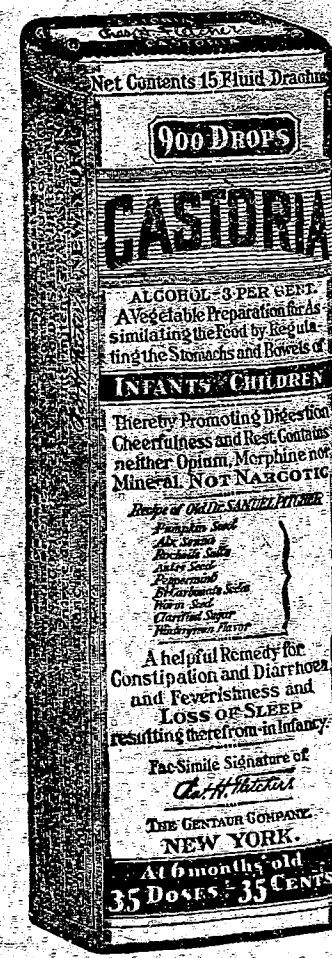

The way of the transgressor is hard
on every one in the neighborhood.

Physicians Recommend Castoria

YOU know the real human doctors right around in your neighborhood; the
doctors made of flesh and blood just like you; the doctors with souls and
hearts; those men who are responding to your call in the dead of night as readily
as in the broad daylight; they are ready to tell you the good that Fletcher's
Castoria has done, is doing and will do, from their experience and their love
for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experi-
ment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations
on the market, and he is particularly interested in the welfare of your baby.

Children Cry For Fletcher's CASTORIA

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria
when you want a child's remedy? why you must insist on Fletcher's?
For years we have been explaining how the popularity of
Fletcher's Castoria has brought out innumerable imitations, sub-
stitutes and counterfeits.

To protect the babies; to shield the homes and in defense of
generations to come we appeal to the better judgment of parents to
insist on having Fletcher's Castoria when in need of a child's me-
dicine. And remember above all things that a child's medicine is
made for children—a medicine prepared for grown-ups is not inter-
changeable. A baby's food for a baby. And a baby's medicine is
just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by
the same hands in the same manner for so many years that the signa-
ture of Chas. H. Fletcher and perfection in the product are synonymous.

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

THE CENTAUR COMPANY, NEW YORK CITY.

Cutting the Cake

What satisfaction there is in the glorious
color, the delicate, even texture, so light and
tender!

And then the flavor! Ah, that is a real
reason for being thankful for

ROYAL Baking Powder

And just think! The cake cost only a
penny more than it would if you had risked
your materials and time and health by using
an inferior baking powder.

Remember the adage

"Bake it with ROYAL
and be Sure."

NORTHVILLE, MICH., MAY 2, 1919.

Farmington Flashes

Clyde Nichols is convalescing from his recent illness.

William Delling has moved to Farmington from Redford.

Mrs. W. E. Lord has been visiting at Davison for a week or so.

L. W. Goodenough has gone to California on a business trip.

Little Genevieve Goers has a broken arm as the result of a fall from the porch.

Mrs. Ralph Hogle acted as substitute teacher for Miss Hester Power last week.

Paul Schaeppeler has commenced work on the cellar of his new house on Division street.

Mr. Crossman and family have returned from Detroit to their home here for the summer.

Mr. and Mrs. Will Sprague have moved to the farm near Highland which they recently bought.

Mr. and Mrs. Harley Warner visited Mrs. Warner's mother, Mrs. Slocum, at Ann Arbor one day last week.

Grand River avenue is closed to traffic and the work of making our new cement pavement is progressing as fast as weather conditions permit.

Little Richard Wolfe, 3 years old, died last week of diphtheria, and two other children, Ernestine and Lucile are ill with the same disease at the home of their grandmother, Mrs. Clara Phelps.

Novi News.

Phil Taylor is remodeling his house.

Mrs. A. T. Holcomb, Sr., is visiting friends in Flint.

Miss Flora Nichols visited Detroit friends last week.

Mrs. Frances Dandison spent Sunday with Pontiac friends.

Mrs. Charles Cadwell was a Northville visitor Wednesday.

Mrs. Ford Brooks entertained her sister part of last week.

Mr. and Mrs. Frank Pratt are moving to their farm near Commerce.

Mr. Leonard and family have come to their summer home from Detroit.

Mrs. Josh Root is still in very poor health and able to get out but very little.

Mr. and Mrs. Frank Burch of Milford visited Mr. and Mrs. D. Doneison last Sunday.

The Novi Grange will meet Saturday evening of this week with Mr. and Mrs. Bourne.

Miss Margaret Verduyn returned from Detroit last Wednesday, accompanied by a party of friends.

Mrs. Effie Root visited her father, William Risner, at the state hospital at Pontiac, Wednesday.

Mrs. Libbie Hazen of Grand Ledge, formerly of Novi, spent Sunday with Mr. and Mrs. J. Hazen.

Mr. and Mrs. Fred Briggs of Detroit visited the latter's parents, Mr. and Mrs. Jas. Taylor, Sunday.

Mrs. Will Melow, Mrs. Lizzie Coates and Ruth Jones visited Mr. and Mrs. Will Mosher in Northville, Sunday.

There will be no meeting of the Red Cross for the present, but instead the workers will do the work at their homes.

Mrs. Clara Biery, who has been spending some time in Novi, spent last week with Mrs. Aggie Perry in Farmington.

Mrs. Effie Watt entertained her children, Miss Mary Watt and Mr. and Mrs. Dupean Chisholm of Detroit, and Mrs. Skates and children of Farmington, Sunday.

The school social held at the town hall last Friday night was a decided success both in a social as well as financial way. More than \$30 was made clear of all expenses and all had a jolly good time.

The examination of Frank Dumas of Detroit, who was arrested last

week on the charge of having stolen a valuable dog from Guy Banks, was set for May 7, in Justice Fradenburg's court. The accused entered a plea of not guilty.

The Novi and Walled Lake Road is a much used thoroughfare these days, as a gang of men are at work setting back all the Edison as well as the Telephone Co's poles and lines as the state road requires it to allow the proper road space for grading. It is expected that work will be continued on the state reward road as men are now at work on the "big hill" toward the lake.

Last Saturday afternoon about six o'clock, when Mrs. Cadwell returned from a brief absence at a neighbor's where she had gone for milk, she met a man coming out of her house, near the depot. In answer to her indignant question as to his business there he said he had only been looking for a drink of water, and was in a great hurry, as he wanted to catch a ride on a freight train just pulling out. Soon afterward Mrs. Cadwell discovered that her purse was missing and notifying the operator at the depot, but a telegram up the line resulted only in a vain search of the train.

Walled Lake Warbles.

Mrs. M. L. Bradley and daughter, Ruth, were Milford callers Monday.

Jerome Compton has purchased the Burr Tuttle cottage on Main street.

Dr. J. D. Compton of Pontiac spent Sunday with his father, Jerome Compton.

Mr. and Mrs. Ted Reed of Pontiac were Sunday guests at the home of Frank Tuttle.

James Smith of Northville visited his sister, Mrs. C. Ore, Sunday and Monday.

Miss Hattie Tuttle of Detroit will spend the summer at the home of B. D. Tuttle.

Charles Ross has moved his family here from Mt. Clemens. They were former Walled Lake residents.

Mrs. James Dodge of Pontiac has leased the James Davenport house for a year, and has moved there.

Henry Hodge, aged 70 years, died at his home here Saturday afternoon of pneumonia. Funeral was held in the Baptist church Tuesday afternoon. He leaves two children, Mrs. Ada Ingerson of Farmington and Bliss of Detroit. Burial in the Richardson cemetery.

Wixom Whisperings.

Mrs. J. Shannon was a Redford visitor last Saturday.

Born, April 28, to Mr. and Mrs. Frank Sanders, a son.

Mrs. M. Severance was a Pontiac visitor one day last week.

Miss Erma VanDeusen was in Detroit Saturday and Sunday.

Thomas Coffield died Monday, after an illness of several months.

Mr. and Mrs. Tiffin entertained several of their children Sunday.

Miss Fannie VanDeusen was a Pontiac visitor Saturday and Sunday.

Gladys Gillick attended the Teachers' examination at Pontiac, last week.

Vernon Spencer has gone to Bay City to play ball with that team this summer.

The Misses Campbell of Pontiac were visitors at the Pratt home over Sunday.

David Jones of Grand Traverse county was the guest of H. G. Roach a part of last week.

Wm. Johnson and wife of Detroit were the guests of B. Wilson and wife from Saturday until Monday.

Ben Wilson has moved his family from the Larcom house to the one recently occupied by B. D. Burch.

Frank Madison arrived home last Friday from France. He is the first Wixom boy to return from overseas.

N. W. Ball and family of Milford were Sunday visitors at the home of Mrs. Ball's parents, John Patten and wife.

The school has added several new sections to their bookcases and purchased more books. With the addition of new books the library will contain about 600 volumes.

NOTICE.

All those who wish their lots taken care of this year in Novi cemetery, please send \$1.00 at once to the secretary, as no lots will be attended to unless paid for in advance.

J. O. MUNRO, Secretary.

Has Detroit Found the Same?

The Answer is Found in the Straight-
forward Statement of a Detroit
Resident.

We have been reading week after
week in the local press of Northville
citizens who have been rid of dis-
tressing kidney and bladder troubles
by Doan's Kidney Pills, and we have
often wondered whether the same high
opinion of this medicine is to be
found in our neighboring towns.
This frank and earnest statement by
a well-known and respected resident
of Detroit will set this doubt at rest.
J. A. Hopp, butcher, Mack Ave.,
Detroit, Mich., says: "I have con-
siderable heavy lifting to do and I
blame this for putting my kidneys
out of order. My back ached terribly
and my kidneys were in bad shape.
I had to pass the kidney secretions
too frequently and they were highly
colored. I knew something would
have to be done, so I got a box of
Doan's Kidney Pills and started using
them. Doan's fixed me up in good
shape and I gladly recommend them."
Price, 60c. at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mr. Hopp had. Foster-Milburn Co.,

Northville Newslets.

Today is Arbor Day. Have you
planted your tree?

Milford, also, is making preliminary
plans toward having a paved Main
street.

The regular afternoon meeting of
The King's Daughters will be held
with Mrs. C. A. Dolph Tuesday, May
6, at 8:00 o'clock.

A number of the Record's exchanges
are running their liner columns under
the caption "classified." The only
trouble with most of 'em seems to be
that they aren't.

The Lady Maccabees and Sir Knights
will give an old-time dance this
Friday evening, May 2, in Foresters'
hall. There will be good music and
everybody is invited. Bill, 50 cents.

Well, the fruit crop has been ruined
again—but maybe it will recover to
some extent later on. Our fruit is
sometimes destroyed several times
during the season and then we have
quite a crop—after all.

On May 23 the Northville Foresters
are to celebrate the termination of
their present membership contest with
an initiation and banquet. Three
prizes are to be awarded to those most
successful in the contest.

With last week's issue the Redford
Record changed editors, Alfred Jack-
son, being succeeded by Wilbert
Foster of Detroit, a newspaper man
of several years' experience. Best
wishes for all concerned.

John B. Thompson has bought the
"Red tavern" on the Lona Whipple
farm, one mile out on the Base Line
road, for \$275. B. J. has set out 50
nice fruit trees and 1,000 strawberry
plant and intends to fix it up for a
regular summer place.

For some reason or other nobody
seems to sympathize very deeply with
those Bay City people who paid \$8 a
quart the other day for "Old Jordan
Bourbon whisky" which turned out
to be colored sweetened water. Only
one of the dozen or so victims even
mentioned the matter to the authori-
ties.

A. F. Limbriht and family are
soon to leave Northville for Saline,
Mich., where they have purchased a
hardware business which is to have
the firm name of Limbriht & Son.
Robert Limbriht, who is to be asso-
ciated with his father, is already in
charge of the business. Many friends
will regret the departure of the fam-
ily from Northville, while wishing
them the best of success.

L. W. Lovewell shipped four car
loads of livestock to Detroit. This
shipment cost Mr. Lovewell \$10,000,
and, as far as money paid out, was
the largest shipment ever made from
this station. Among the items en-
tering into this day's work was a
Durham bull, purchased of Joe Purdy
of Brighton, that weighed 2,000 pounds
and for which he paid \$200. Another
was 12 head of steers from Albert
Reed for which he paid \$1,542.50.—
South Lyon Herald.

As a step in furthering the state-
wide movement to improve and beau-
tify the rural school grounds, a bulle-
tin giving plans and rules for plant-
ing trees, shrubs and plants, together
with a complete list of varieties which
are adapted for the purpose, has just
been published by the department of
horticulture at M. A. C. The use of
native plants is urged, and directions
for digging and transferring to the
school grounds are given. The work
should be done as early in the spring
as possible. The planting of home
grounds is considered in other bulle-
tins which may be obtained from the
director of the Experiments station,
East Lansing.

Four years ago next Wednesday,
May 7, the Lusitania disaster occurred.

The regular monthly meeting of the
Library board occurs tomorrow—Sat-
urday, May 3.

Mrs. Sullivan of Detroit has taken
possession of the Marvin house, pur-
chased through M. E. Atchison.

In another column Benton's Diamond
Dairy gives notice that hereafter "no
bottles, no milk." Read the ad.

The Try It circle of the Baptist
Aid society will hold a bake sale at
Huff's hardware store this coming
Saturday.

On December 1, 1918, there were
5,955,442 motor vehicles registered and
in use in this country, of which about
500,000 were motor trucks.

Wm. Neddermayer has moved from
his 120 acre farm near Plymouth, re-
cently sold by M. E. Atchison, onto
the Glass farm east of Plymouth.

Supt. D. C. Bowen and family have
moved from the Stewart house at the
corner of Cady street and First avenue
to the McKinn cottage on Dunlap
street.

There are 30,000 dealers and 27,000
garages in the United States. The
automobile business is represented in
practically every town and village in
the country.

Frank Bolton and family have moved
to the tenant house on the former
Wallin farm, Mr. Bolton having ob-
tained employment by the year in the
construction work for the new sanitar-
ium.

Adolph Balden has sprung the best
fish story around here this year. He
told "Abe Piper" that at a certain lake
around here, some fish caught are so
large they use their scales for shingles
on a house.

T. W. McCordle, who has been for
some years engaged in the plumbing
business here, has accepted a respon-
sible position with the Hillman Plum-
bing Co., at Plymouth. Mr. McCordle
and family will continue to make their
residence in Northville.

The annual installation of officers
of Orient Chapter, O. E. S. this Friday
evening at 8:00 o'clock is to be pre-
ceded by a short special session at 7,
for the election of alternate delegates
to the Grand Chapter. The installa-
tion service is to be semi-public, each
member having the privilege of invit-
ing one guest.

The Loyewell farms reports the fol-
lowing transfers for the past week:
Webster P. Lane of Salem, 80 acres
to Wm. Keyes of Detroit; for a 2-fam-
ily flat, Albert Marshall farm near
South Lyon to Walter Mattantat of
Detroit; the Benson property at 124
N. Center street, Northville, to Thomas
Cook of Detroit.

D. P. Yerkes has sold his herd of
high-grade Holstein dairy cows to
Sam Pickard northeast of town, reserv-
ing only a family cow and a few head
of young stock. The entire herd
was raised on Mr. Yerkes' farm and
is considered one of the best milk-
producing herds in this section. The
price, which is understood to be large,
is not divulged.

Private Edwin A. Lodge arrived in
Milford Sunday afternoon, after hav-
ing been a year in the service. He
was mustered in at Camp Custer, April
26, 1918, at 1 o'clock and on April 26,
1919, at the same hour and place he
received his honorable discharge. Private
Lodge was eight months in France
with the 310th ammunition train.—
Pontiac Press Gazette.

The annual "J-Hop" of the North-
ville High school last Friday evening
was a very pleasant and successful
affair. The gymnastium was prettily
decorated in yellow and white, and the
music by Fisher's orchestra of Ann
Arbor was much enjoyed by the sev-
enty-five couples participating. The
grand march was very capably led by
Miss Gladys Black and Mr. Stuart Colt.
Punch was served by members of the
Junior class. Guests were present
from Detroit, Plymouth, Ann Arbor,
Ypsilanti, Novi, Saline, Farmington
and Wayne.

Nearly 30,000 animal cases of all
kinds were inspected by the agents
of the Lowell (Massachusetts) Hu-
mane society last year, according to
the annual report. There were five
prosecutions with five convictions.
Many horses were taken from work,
and many others humanely disposed
of. The work for smaller animals
was quite significant, over 3,000 cats
and 1,200 dogs having been disposed
of. Several items relating to fowl showed
unusual attention to abuses in over-
crowding and improperly carrying
geese, hens, etc. The work of the
society for the protection of children
has been maintained with great effi-
ciency, there being during the year
24 prosecutions with 34 convictions.

The woman question—"Have you
finished housecleaning?"

Mrs. LeRoy Stewart entertained the
"Between Ourselves" club Monday
afternoon.

Clara Wagner, chief operator at the
local telephone office, has been quite
seriously ill this week.

While Mrs. E. E. Ferrin's condition
remains serious, her physicians
now entertain hope of her recovery.

On Thursday of this week the Wes-
ley Mills property south of town was
sold to Detroit parties, M. E. Atchison
conducting the deal.

Mrs. Seymour Brown has leased
the Bedford theatre and expects to
take over the business about the mid-
dle of this month, with two shows
each week.

A benefit show is to be given Tues-
day, May 13, in the Alseum theatre
for The King's Daughters. Besides
the picture play, there are to be local
talent specialties. Further particulars
will be given next week.

In the State Bowlers' tournament in
Detroit this week John Clark won
fourth place in the singles, with a
score of 647. That prize is valued
at \$57. Mr. Clark is the popular
D. B. R. superintendent on the Or-
chard Lake division.

The highways are for the benefit of
the public. They are not entirely for
the user. The operator is using them
for your benefit. He is transporting
passengers and commerce to your
town. He is making your town
wealthier and helping to increase your
population. It is the duty of every
community to pay something in the
construction of its own highways from
which it is the chief benefactor. If
highways are poorly constructed they
will not carry the load which is de-
signed to serve you.

ORANGE BUTLER DIED APRIL 23.

Orange Butler, 31 years of age, died
Wednesday, April 23, at the Butler
home southwest of town, after an ill-
ness of some weeks. The young
man's home was in Northville most of
his life, although he had lived in De-
troit in recent years. He was for-
merly a member of the Northville
Baptist church but had transferred
his membership to a Detroit church
by letter. Funeral services took
place April 25 conducted by Rev.
Edward Belles of Northville with
burial in Rural Hill. The nearest
surviving relatives are his parents.

FORMED ATHLETIC ASSOCIATION.

The schools of Northville, Plymouth,
Wayne, Belleville and Dearborn have
organized an athletic association and
arranged for an athletic meet at
Wayne in June and a base ball
schedule for the season as follows:

May 2—Dearborn at Northville;
Wayne at Plymouth.

May 9—Dearborn at Wayne; Plym-
outh at Northville.

May 16—Wayne at Northville; Dear-
born at Plymouth.

May 23—Plymouth at Wayne;
Northville at Dearborn.

May 30—Wayne at Dearborn; North-
ville at Plymouth.

June 6—The team with the highest
standing will play the team lowest on
the list while the teams finishing sec-
ond and fourth on the season's aver-
age will meet each other.

June 13—Two teams selected from
all the teams in the association will
play for honors on a neutral field.

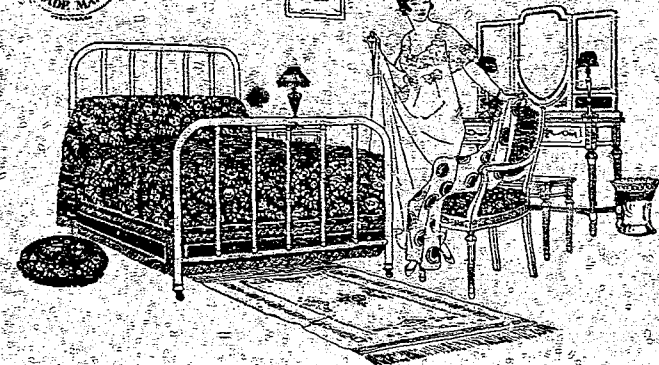

June 30—A picked team, composed
of the best players from all teams
will play the Ypsilanti-Normal nine.

Beds Which Will Bear
the Man's Closest Scrutiny

SATURDAY is the man's shopping day. The wife may
make her furniture selection during the week, but on
Saturday she brings in her husband to see if the pieces she
has picked out are good for the money. We want to show men this

Handsome Simmons Steel Bed
Illustrated—

New Design—new finish—real steel bed. The famous
Simmons make advertised by them in the best magazines;
the electrically welded bed that has no bolts or screws to
come loose or rattle.

One-third lighter than old-type metal bed. Bigger, hand-
somer rubbing. Mounted on frictionless casters that insure
easy rolling.

Beautiful enameled finish in any color or in wood-graining
if desired. This is the bed sure to please a woman who seeks
solid, massive construction, with a style and individuality to
harmonize with the decorations of her home. And her
husband will approve her choice.

Let us show you all our good furniture, embracing very finest
medium grade and low price lines, with largest assortments
in each grade. Let us offer you helpful assistance from ex-
perienced salespeople whose instructions and efforts are to
please you and make your buying a source of greatest pos-
sible satisfaction.

The International 8-16 A Handy Tractor

A few minutes in the seat of an International 8-16 gives you a new idea of the ease and comfort of doing farm work with a kerosene tractor. All the controls are right at hand—spark and throttle controls just under the steering wheel, clutch and brake operated by foot pedals, speed changing levers just where your hand falls on them—everything as handy as on an automobile.

International 8-16 has one reverse and three forward speeds: 1 1/2 and 2 1/2 miles per hour for plowing, disk, and other field work, 4 miles per hour for hauling and when traveling from one job to another.

You will like this tractor when you see it. When you run it you will like it better. Come in soon and see it because it looks as though we might not have enough International 8-16 tractors to go around.

Also International Parts and Accessories on hand.

THOMAS B. COUCH

GROCERY AND MEAT MARKET, EX-
CHANGE HOTEL and FEED BARN.

Dear Friends:

Poke Easley was disappointed in love last week, and has bought a needle and thread and has decided to live an old bachelor.

Well, these are the times when it makes one think an hustle to keep up. If he does not keep up, he is lost.

I still can sell you all the Onion Sets you want at 4 quarts for 25 cents, white, red or yellow. Have lots of good things to eat at low prices. Am trying to see how small a profit I can get along with.

All kinds of Bread, 14 cents per loaf. Lots of good Sauer Kraut, 15 cents per gallon. Dill Pickles, 20 cents per dozen, also Sweet and Sour Pickles.

It is a little hard for some people to climb the steps into my store, but we will all have to climb the Golden Stairs sooner or later, so learn to climb now. I will save you money. Come and buy a Good Broom, 65 cents and 70 cents.

Lots of Good Flour at old prices. Do not forget the deal in Calf Meal and Binder Twine.

THOMAS B. COUCH
NORTHVILLE. MICHIGAN.

VISITORS HERE AND ELSEWHERE

Mr. and Mrs. A. F. Limbriht were
in Saline over Sunday.

Mrs. M. F. Bates of Detroit was a
Northville visitor Tuesday.

Harold Merithew has returned from
a trip to the New England states.

Mrs. Robert Thompson spent a day
with relatives in Pontiac, last week.

Mrs. Frank Cogswell is receiving a
visit from her sister, Mrs. Trot and
baby of Saginaw.

Miss Ella Power has returned from a
two-months' sojourn with relatives in
Memphis, Tenn.

Mr. and Mrs. J. O. Knapp returned
Wednesday from a few days' visit in
Highland Park and Detroit.

Mrs. Edward Henson of Denver,
Colo., was the guest of her friend, Mrs.
J. B. Tinsam a part of last week.

Mr. and Mrs. M. Brock were called
to Hartland last week to attend the
funeral of Mr. Brock's only sister.

Mrs. R. A. Leadbeater and daughter,
of Toronto, Ont., visited Northville
relatives for a few days last week.

Mrs. Seymour Brown was a guest
at the home of Mr. and Mrs. Delos
Phillips in Pontiac for a few days
last week.

Mr. and Mrs. Emory VanValkenburg
received a message the first of this
week that their son, Lawrence, had
landed in Boston.

Mrs. S. E. Cranson entertained as
over-Sunday guests her sister, Miss
Flo Millard and friend, Miss Mary
Hause, both of Detroit.

The names of William Wicks and
Charles Sessions, Northville, appear
in the list of soldier arrivals this
week from overseas service.

George Morris arrived home last
Saturday from Charlevoix, where he
has been stationed in the U. S. Fish
hatchery during the past winter.

Sergeant Carl D. VanValkenburg
has been transferred from Chapman
field, Florida to the camp surgeon's
office at Charleston, South Carolina.

Mrs. Gallery of Carp, Mich., and
Mrs. Frost of Boston, Mass., are stay-
ing with their mother, Mrs. L. C.
Mead, who is recovering from a throat
operation.

Mrs. Legget of Webster, N. Y., is a
guest of Mr. and Mrs. Harry Clark at
the former's home on Center st.
Mrs. Legget is a daughter of the late
Henry Dennis.

Mr. and Mrs. W. S. Lyon of Detroit
motored to Northville Tuesday to
bring Mrs. Sarah Parsons to her home
here after a three weeks' stay with
them in the city.

Mr. and Mrs. George Groner are en-
tertaining the former's nephews, Wal-
lace and John Groner of Pontiac, who
are making a farewell visit before
leaving for the far west.

Two more Northville boys are soon
to be home from service on the other
side of the Atlantic. John Couch has
already landed in Virginia, and Earl
Montgomery is reported on the way
across.

Word has been received by North-
ville friends that Mr. and Mrs. A. N.
Kimmis, who have been spending a
year in California in the interest of
Mr. Kimmis' health, have started on
the return trip to Michigan by motor
via Santa Fe trail.

Mrs. A. B. Van Aken of Detroit, who
was called to Northville by the death
of her aunt, Mrs. Dennis, returned
home Wednesday, accompanied by Mrs.
Dennis' invalid sister, Mrs. H. E.
Willits, who is to make her home
with her nieces hereafter.

Mr. and Mrs. Charles Doelker en-
joyed a week-end visit from their son,
Corp. Lawrence Doelker, recently dis-
charged from the U. S. service. The
young soldier, who was stationed at
St. Thomas island during his army ser-
vice, was given his former position
with the Hupp mobile people in Detroit
on his return.

Mr. and Mrs. Alfred Fisher of De-
troit were guests of the Neals on Sun-
day. Mr. Fisher is managing editor

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they
cannot reach the seat of the disease.
Catarrh is a local disease, greatly in-
fluenced by constitutional conditions, and
in order to cure it you must take an
internal remedy. Hall's Catarrh Medi-
cine is taken internally and acts thru
the blood on the mucous surfaces of the
system. Hall's Catarrh Medicine was
prescribed by one of the best physicians
in this country for years. It is com-
posed of some of the best tonics known,
combined with some of the best blood
purifiers. The perfect combination of
the ingredients in Hall's Catarrh Medi-
cine is what produces such wonderful
results in catarrhal conditions. Send for
testimonials, free.

Clarence Garfield and Grant Gar-
field and wife spent Sunday at the
T. A. Garfield home.

Mr. and Mrs. John Roberts are re-
ceiving a visit from Mr. Robert's sis-
ter, Mrs. McKim of Kingston, Ont.

Miss Marie Wilcox and Mrs. Irene
Angell McKinney were Wixom and
Detroit visitors Friday and Saturday.

Mrs. Ida Jackson attended the 26th
anniversary of Detroit Chapter No.
116, O. E. S. in Detroit last week
Wednesday.

Miss Christine Holtz has returned
to her home in Mt. Clemens, after
spending the week-end with Miss
Ruth Henry.

Chris Buchner of Pontiac was in
town Friday to attend the funeral of
his nephew, Orange Butler, and was
greeted by many former friends.

Mrs. Kate Hulbert of Jackson, who
was here to attend the funeral of her
nephew, Orange Butler, was the guest
of Miss Eva Bovee while in town.

Mr. and Mrs. Charles LeFever were
called to Detroit Tuesday to attend
the funeral of Mr. LeFever's mother,
Mrs. Eli LeFever, who died at her
home in that city Saturday morning,
April 26.

Mrs. Frank W. Potts was at North-
ville April 22, to attend the funeral of
her brother, George McFarland, whose
death occurred Sunday night from in-
juries received Friday while at his
work in a Northville factory. Mil-
ford Times.

State Representative Frank Aldrich
of Long Point, Cheboygan County
member of the legislative committee on
roads and bridges, of which Rep. M. N.
Johnson of this place is also a member
was the guest of the latter Wednesday.
Mr. Aldrich is an extensive fruit
grower as well as a legislator.

FRANK CHAPMAN DIED TUESDAY

Frank Chapman, a lifelong and high-
ly esteemed resident of Novi township,
died at the home of his sister, Mrs.
Helen Welsh, Northville, Tuesday,
April 29, after a year's illness, aged
about 66 years. Mr. Chapman had
spent several months in the Detroit
tuberculosis sanitarium in the vain
hope of recovering his health, and had
been later cared for at the home of
his sister because of the illness of
Mrs. Chapman. He is survived by
his wife, who was Marion Putnam of
Novi, one son, Milo, two sisters, Mrs.
Helen Welsh of Northville and Mrs.
Ada Button of North Farmington, and
three brothers, Randall, of Northville,
Homer, and Judd, of Novi township.

Funeral services were held Thursday
afternoon from the farm home between
Novi and Northville, Rev. F. B. Pres-
tidge of the Northville Baptist church
officiating, and interment took place in
the Novi cemetery.

DEATH FROM AUTO ACCIDENT

C. P. Eckles, who was very seriously
hurt last week when his car collided
with the big portable boarding house
of a fence-building outfit on the cement
road, died yesterday afternoon. The
impact completely upset the
big wagon, which was standing at
automobile badly and Mr. Eckles was
considered fortunate in escaping with
his life. As it was, six of his ribs
were broken, his head so badly cut
that nine stitches were necessary to
close the wound, and various severe
bruises sustained. Internal injuries
were so bad that no hopes were enter-
tained for his recovery.

SCHOOL OPERETTA TO BE GIVEN

A school operetta is in preparation,
under the direction of the music in-
structor, Miss Johnson, to be given in
about three or four weeks. Nearly
100 of the grade pupils will take part,
and the entertainment promises to be
a very pretty and interesting one.
Particulars will be given later on.

GRANT SMITH, DETROIT, DIED SUDDENLY

Grant Smith for many years in the
dry goods business in Farmington,
died rather suddenly in Detroit Fri-
day afternoon of heart trouble, aged
55 years. For many years he was
the manager of sales for Burnam &
Stoppel, one of Detroit's leading
wholesale dry goods concerns.

He was well known both in Farm-
ington and Northville, where his
genial ways and affable manner had
won him a host of friends.

The funeral was held from his
home in Detroit Monday and the
burial was at Farmington that after-
noon.

Mr. Smith is survived by two
sons, a daughter and a sister, all of
Detroit.

CARD OF THANKS.

We extend sincere thanks to our
Northville friends for the sympathy
expressed by the beautiful flowers
sent at the time of our mother's
death.

MR. AND MRS. CHAS. LEFEVER.

COMMISSIONER'S NOTICE

In the matter of the estate of
MERCY M. EVANS, deceased.
We, the undersigned, having been
appointed by the Probate Court for
the county of Wayne, State of Michi-
gan, Commissioners to receive, exam-
ine and adjust all claims and de-
mands of all persons against said de-
ceased, do hereby give notice that we
will meet at the office of the Globe
Furniture Co., Limited, in the village
of Northville, in said county, on Tues-
day, the 24th day of June, A. D. 1919,
and on Saturday, the 23rd day of Aug-
ust, A. D. 1919, at 10 o'clock a. m. of
each of said days, for the purpose of
examining and allowing said claims,
and that four months from the 24th
day of April, A. D. 1919, were allowed
by said court for creditors to present
their claims to us for examination and
allowance.

Dated April 24th, 1919.
ROBERT C. YERKES,
A. L. GOTT,
Commissioners.

41-44.

BACK TO CIVIL LIFE

Dr. Tom Henry wishes to express
his appreciation of the warm recep-
tion given him on his return from the
army and also of the many expressions
of goodwill on his return to work
in Detroit.

Twenty-two years of Northville life
leave pleasant recollections which he
will cherish as long as he lives.

The Detroit, Plymouth and North-
western car runs within a half a block
of his office at 111, 29th street, De-
troit, where he will gladly welcome all
old Northville friends at any time.

Low Heels

Appeal to many women
—young as well as mid-
dle-aged. For such,
we're showing some
nattily styled

GREEN TRADING STAMPS

CARRINGTON & SON

NORTHVILLE, MICH.

STATE OF MICHIGAN, County of
Wayne, ss. At a session of the Pro-
bate Court for said county of Wayne,
held at the Probate Court Room in
the city of Detroit, on the fifteenth day
of April in the year one thousand
nine hundred and nineteen.

Present, Edward Command, Judge of
Probate.

In the matter of the estate of
ELLA IVES, an insane person.

William J. Lanning, guardian of said
ward, having rendered to this court
his annual guardianship account.

It is ordered, that the twentieth day
of May next, at ten o'clock in the fore-
noon at said court room be appointed
for examining and allowing said ac-
count.

And it is further ordered, that a
copy of this order be published three
successive weeks previous to said time
of hearing, in the Northville Record,
a newspaper printed and circulating in
said county of Wayne.
(A true copy.)
EDWARD COMMAND,
Judge of Probate.
CHAS. C. CHADWICK,
Deputy Probate Register.

PRINCE ALBERT

the national joy smoke

Topped bags, fifty red lines,
handsome pound and half-
pound tin humidors and
that classy, practical pound
crystal glass humidors with
sponge moistener top that
keeps the tobacco in such
perfect condition.

Tobacco Co.

PUT it flush up to Prince Albert to produce more smoke.
I happiness than you ever before collected! P. A.'s built to
fit your smoke appetite like kids fit your hands! It has the
jimmidiest flavor and coolness and fragrance you ever ran
against!

Just what a whale of joy Prince Albert really is you want
to find out the double-quickest thing you do next. And, put
it down how you could smoke P. A. for hours without
tongue bite or parching. Our exclusive patented process
cuts out bite and parch.

Realize what it would mean to get set with a joy's jimmy
pipe or the papers every once and a while. And, puff to
beat the cards! Without a comeback! Why, P. A. is so
good you feel like you'd just have to eat that fragrant smoke!
