NORTHVILLE TEAMS WON FROM DEARBORN

The basketball games between the Northville and Dearborn High schools played at the local gym, on last Friday evening resulted in victories for both local teams.

The Northville girls won by a score of 36 to 4. The work of the local forwards was particularly strong tho the guards succeeded in preventing the visitors from scoring from the field. All of Dearborn's points were made from the foul line.

The boys' game was noticeable because of the team work of the locals. The work of Stillwell as running guard stood out above the rest of the excellent passing gave him his scoring opportunities. Score, Northville, 27, Dearborn 5.

L. O. T. M. OFFICIALS INSTALLED.

Forget-Me-Not Hive, No. 168, held its annual installation of officers at Forrester hall on Monday evening. Deputy Carrie Gilbert officiated as installing officer, assisted by Mae McCullough as great mistress-at-arms and Ida Hendrix as great chaplain. One hundred and twenty-five were served a pot-luck dinner, guests being present from Plymouth, Ypsilanti, Detroit, Redford and New Hudson.

A regular meeting of the Hive was held after dinner. Pauline Cole, who had served faithfully for five years as commander was presented as electric table lamp by members of the Hive. After the work of the evening had been concluded all enjoyed a program and dancing followed until time for the fast cars.

The following are the officers installed:

Commander—Nellie Westcott
Past Com.—Pauline Cole
Lieut. Com.—Elizabeth Kay

Record Keeper—Clara Masters
Finance Keeper—Minnie Stanley
Sergeant—Clara Wagner
Picket—Alice Wagner
Sentinel—Carrie Westphal
Deborah—Leah Hicks
Captain—Ida Stage
Banner Bearers—Mrs. Wagner
Lothe-Stockman, Pearl Wood

AN IMMENSE SUM.

Michigan licensed 325,513 automobiles last year, and the total fees collected by Secretary of State Vaughan for the sale of automobile licenses, motorcycle plates, operators' licenses and chauffeurs' licenses, totaled \$3,719,246 all of which will be used for the construction of roads in this state. Half of the money went direct to the state highway department and the remaining 50 per cent was pro-rated among the various counties, according to the amount of fees credited to each county.

Last year the state department licensed 233,763 passenger cars and 37,105 trucks. The state also licensed 53,952 chauffeurs, 4,375 motorcycles and 294,357 operators.

Since December 1, 1919 the state department has issued 143,000 new automobile license plates. During the month of December of 1918 only 3,000 plates were distributed. The various branch offices established in 30 cities enabled the motorists to get their licenses earlier than usual. Next year, according to the present plans of Secretary of State Vaughan, license plates will be sold in practically every county.

DEATH OF MRS. FRED MITCHELL.

Mrs. Fred Mitchell, who had been a resident of Northville for more than 45 years, died at her home in this village last week Thursday, aged 73 years.

She had been in poor health for a number of months, but her final illness covered a period of about four weeks. During her long illness she bore her affliction patiently and uncomplainingly and approached the end of life's journey with faith and confidence.

She is survived by her husband, whom the sympathy of this community is extended, one sister, Mrs. W. J. Lansing of this village, and two brothers, William Duart of Detroit and James Duart of Ann Arbor. During her long residence here she had endeared herself to a large circle of friends who mourn her departure.

Funeral services were held at the house Friday afternoon and the remains were placed in the vault for burial later in the Novi cemetery. Rev. V. Belles conducted the services. The floral offerings were profuse and beautiful.

Miss Emma Mitchell is ill with the measles.

KING'S DAUGHTERS HELD ANNUAL MEETING

The spacious home of Mrs. F. S. Neal was the gathering place for about fifty Northville ladies Tuesday afternoon, the occasion being the annual meeting and feast of The King's Daughters. The members gathered about four o'clock and a social hour preceded the supper which was served at small tables about the rooms and was heartily enjoyed by the large company. After supper occurred the annual meeting and election of officers for the ensuing year. Reports of the chapter's activities during the past year were submitted and approved, after which the following officers were chosen:

President—Mrs. Minnie Sessions
Vice-President—Mrs. Lizzie Harger
Secretary—Mrs. Alice Hankley
Ass't. Secy.—Mrs. Gertrude VanAsta
Treas.—Mrs. Mary Alexander

THE MOSELY-TAYLOR WEDDING.

A very pretty event occurred last Thursday afternoon, Jan. 1st, at the home of Mr. and Mrs. G. H. Taylor, when their daughter Frances Mae, was united in marriage to Mr. John R. Mosely in the presence of about fifty friends and relatives.

At the appointed hour the bridal party marched into the parlor with Mrs. Chas. Deuber seated at the piano. Taking their places in one corner of the room which was decorated with palms, ferns and tulle, and festooned with red and white drapings and over which were suspended red Christmas bells.

Rev. R. P. McPherson, of the Waukegan Presbyterian church, performed the ceremony, using the ring service which was simple and impressive. The bride looked charming in white and hand embroidered voile and wore a corsage bouquet of cream roses, a gift of Mr. John Gohler, and was attended by Miss Anita Townsend groomed in pale blue.

The groom was attended by Mr. Paul Chaney and following them came two little girls, Eleanor Deuber and Maize Mosely, dressed in white carrying a bouquet of roses, one of which contained the wedding ring.

After congratulations to the newly weds, a dainty luncheon of ice cream, cake, grapefruit and orange punch was served. The rooms were very daintily decorated in red and white. During the ceremony the color scheme carried out in the house. The happy couple were the recipients of many very pretty and useful gifts, some of which were from Michigan Friends and relatives were present from the state of Michigan including Mr. and Mrs. M. West and Mrs. L. Woodruff and Mrs. Elizabeth Conter.

Mr. and Mrs. Mosely have begun keeping in the neighborhood where both have lived for the past several years.—From Florida Advocate.

ENJOYED FINE DINNER.

On Wednesday evening at six a most enjoyable dinner was served at the Ambler Hotel by Past Potentate Thomas V. Dutton of Moslem Temple of Detroit, in honor of Potentate Murray and Chief Rabbi Allen.

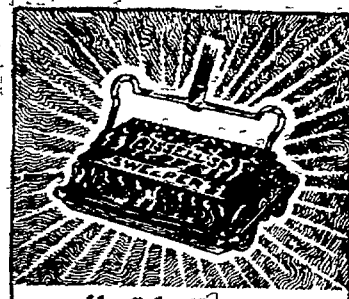

Those who were privileged to enjoy the occasion were: Eminent Commander, William Kay, Captain General, Daniel Murray, Generalissimo E. C. Thayer, Past Eminent Commanders William Horian, D. F. Griswold, E. A. Wheeler, T. E. Murdock, L. N. Tupper and Chas. A. Dolph, and Nobles L. A. A. Rabbit, William Gorton and James A. Huff.

After the splendid feast was partaken of, cigars were passed and a delightful social hour followed, at which a number of addresses were made by members of the merry party.

HIS HOUSE RANSACKED.

While Wm. E. Matheson was in the country recovering from an injury, he sustained to one of his arms, some one entered his residence in the north part of town and ransacked about everything in the house. Mr. Matheson is of the opinion that the culprit did his work either Thursday or Friday morning. He does not know how much was taken from the house, but among other things missed was his gold watch and some coins he had been saving.

Mrs. Dugaid Duncanson, formerly Miss Iola Mathews, our third grade teacher, is receiving the compliments of her friends. Miss Mathews was married during the holidays but will continue her duties in the Wayne school—Wayne Weekly. Mrs. Duncanson taught in the Northville schools last year.

TO RETURN THE ROADS.

There is a general disposition to provide for the returns of the roads under conditions which would be fair to shippers, employees, investors and the public. The war necessities, which put the roads under Government control and entailed huge deficits in their operation, are over, and a sincere effort should be made to restore normal conditions, and to give the roads a fair chance to sustain themselves.

The Pennsylvania railroad today has in its employ 168,892 persons, as against 147,718 before we went into the war, or an increase of 14 per cent. At the same time the traffic units fell from 16,860,000,000 to 15,000,000,000 or a reduction of 11 per cent. in the business. Fourteen per cent more men did 11 per cent less work. Or, expressing it in a little different way, it took 127 men in 1919 to do the work of 100 men in 1917.

Notwithstanding the fact that the men are all being better paid than in 1917 they are not doing as much work, and this fact has brought an additional burden to the system. To meet these conditions after the railways or the country have been turned back to their owners will require a lot of careful figuring and very conservative management. Just how these additional expenses are to be met without increasing the freight and passenger charges is a problem no one has yet been able to solve.

LET'S GO.

At the meeting of Northville Post American Legion held Monday evening the matter of trying to secure for this village a community house as a memorial to the boys who offered themselves in the service of their country was briefly discussed and good deal of sentiment was aroused in behalf of the project.

The Record believes that something that Northville needs is a house of this kind. Such a building would not only be a memorial to the boys who offered themselves in the service of their country, but it would be a place where the whole community could get together and discuss the things that are going on in the world.

Let's go behind the prop and see the one spirit of enthusiasm we do have in this village. It is the spirit of the boys who offered themselves in the service of their country. It is the spirit of the boys who offered themselves in the service of their country. It is the spirit of the boys who offered themselves in the service of their country.

How would you like to live the fifty or more of your neighbors and business associates and put some houses in Northville this coming year? That is the one great need just now and unless we do it to start still we must in this situation. It is a demand to build is going to be a great need.

Europe is becoming very much agitated over the prospect of the ultimate triumph of the Russian Reds. The Allied troops never ought to have been withdrawn from Russia until that menace to the peace of the world had been crushed. It will be a much harder task to accomplish that now.

Several of the Republican candidates for president are claiming Michigan, but no one is going to carry the Michigan delegation in their vest pocket this year. The presidential primary will occur in April at the annual spring election.

What has become of the fellow who declared we were to have an open winter, with but little snow?

TO MAKE A NATION-WIDE DRIVE.

The greatest financial drive in the history of the world for any charitable philanthropic or religious program will be staged in America from April 21 to May 2 when \$1,320,000,000 will be sought to carry the message of evangelical Christianity around the world, this amount being the budget for five years. Forty-two of the leading Protestant denominations of the nation, representing many millions of members in convention at Atlantic City during the first week of the new year, voted for a united movement that is expected to mark a new epoch for Christian civilization.

The campaign for raising the funds that will send thousands college-bred young men and women to farthest points of the globe to serve as teachers, medical missionaries, nurses, preachers and social workers, and place other thousands at work in institutional churches, social settlements, churches colleges and other fields of service in the cities and country of America, will be organized on so vast a scale that it will be comparable to one of the war-time Liberty loan drives. The money will be raised to cover all of the home and foreign missionary activities of the various denominations included for a period of five years.

The seventeen hundred delegates to the Atlantic City convention have returned to their homes on fire with the contagion of success and inspiration that swept the convention. They began immediately a campaign to carry to the members of their home churches and cities the news of this new program which thousands of churches are embarking on under the name of the Interchurch World Movement. The Interchurch Movement already has accomplished a vast organization, and is making preparations to acquaint the 110,000,000 people of America, through newspapers, articles and advertising, moving pictures, billboard posters, minute men, and other methods of publicity, with the meaning of the movement. Conventions of pastors and laymen are to be held in every state. College men are being enlisted, and every agency possible will be secured to help put across the great financial drive and the missionary effort to follow. The Interchurch Movement means the Protestant churches of America in cooperative action to carry the benefit of Christianity to the whole world.

service in the cities and country of America, will be organized on so vast a scale that it will be comparable to one of the war-time Liberty loan drives. The money will be raised to cover all of the home and foreign missionary activities of the various denominations included for a period of five years.

VAN VALKENBURG CLASS.

Lawrence Van Valkenburg youngest son of Mr. and Mrs. Emory Van Valkenburg of this place and Miss Gertrude Class of Royal Oak were united in marriage on Tuesday evening, January 20th, at 6:30 o'clock at the home of the bride's parents. Mrs. Ray Van Valkenburg played the wedding march. The groom is a graduate of the Northville High school class of 1917 and was 1st bugler in the U. S. Navy during the war.

The young couple will reside in Royal Oak.

SESSIONS STEPPARD.

The marriage of Charles A. Sessions of this village to Mrs. Katie A. Steppard of Battle Creek was solemnized at the Maple street M. E. church in that city on January 20th. The ceremony following the ceremony a small dinner was served to a small company at the Post Tavern Hotel. After a brief journey which included several places of interest Mr. and Mrs. Sessions returned to their home on High street Wednesday afternoon. Mrs. Sessions has been a resident of Battle Creek for many years and was the honor guest at several delightful functions given by her friends before her marriage.

GARDNER-MITCHELL.

Yesterday afternoon at 1:00 o'clock occurred a quiet but very pretty wedding at the home of Mr. and Mrs. W. H. Ambler when Miss Isabelle Nutter of this village was united in marriage to Frank J. Gardner of North Branch. The ceremony was performed by Rev. H. J. B. Marsh in the presence of a few of the immediate friends of the bride. A very dainty afternoon luncheon followed the ceremony.

The bride has many friends in this village whose kindly wishes will accompany her to her new home. Mr. Gardner is engaged in the garage and machine shop business in his home town and he is to be congratulated upon the prize he has won in Northville. Mr. and Mrs. Gardner left for their home last evening and will at once go to housekeeping.

Attend the lecture at the High school auditorium to-night.

DANCING CLASS FORMED.

Prof. H. H. Mettenenthal of Detroit has organized a dancing class in Northville and the opening will occur on Tuesday evening, January 27th, at Library hall.

All who desire to join the class will please be present at that time. At the meeting to perfect the organization of the class there was a good attendance and much interest is being shown in the matter and it is expected there will be a large class present on the opening night.

Terms, gentlemen, \$8.00; ladies, \$6.00; payable in advance or the amounts can be paid in three installments if desired.

Prof. Mettenenthal has had over ten years experience and is considered one of the best modern dancing instructors in the business. He is now teaching in Ann Arbor, Lansing, Flint, Pontiac and Milford, having a class of 89 in Milford, and hopes to have a big success in Northville.

The professor guarantees to teach his class the one-step, two-step, fox-trot and waltz in one term of eight lessons.

Learn to be a good dancer, then you will be popular. Also, dancing is healthy and keeps you young.

Thieves broke into E. C. Bentley's Bowling Alley sometime Sunday night and stole about \$25.00 worth of cigars, cigarettes, and money. The thieves were evidently in a hurry as pennies were scattered all over the floor and they did not stop to pick them up.

The sale at the C. A. Sessions farm last week Thursday was a hammer. There was a large crowd and bidding was brisk, the cows bringing an average of \$160.00. Mr. Sessions is convinced that "The Record Way" is a good method to advertise an auction sale.

There will be an indoor Sunday school picnic at the Presbyterian church on Tuesday night, January 27. The ladies will provide potatoes and coffee. Bring sandwiches for your own family and whatever else you may want. Stereopticon views in the evening.

Coasting has been the popular sport around town these days. There were no less than five bobs on Scotten's hill Sunday afternoon, and the snow was packed down hard enough so the coasters went as far as Main St. An obliging motorist would then haul them part way back up the hill, and seemed to have as much enjoyment as the rest.

Fred Simmons, who was chairman of the general committee having charge of the banquet given recently by the brothers of Orient Chapter, O. E. S., requests The Record to state that Brother N. I. Coff deserves all the credit for the success of the splendid feast-eried. M. Coff is an expert at directing affairs from the "Kitchen" and he has been the "power behind" many of our banquets served in Northville.

FREE LECTURE TO-NIGHT.

Prof. Herbert Cross, who is at the head of the Fine Arts department of the University of Michigan, will give a lecture at the High school auditorium tonight. Prof. Cross comes to Northville under the auspices of the Woman's club and he has a message that will be of very special interest to all. The subject of his lecture is "Warring With Art," and he will be able to speak as one with authority, because he spent some months in the war zone, and gathered a great deal of first-hand information which he is able to impart in a very entertaining manner.

Prof. Cross is well known to many Northville citizens and all speak in highest terms of his ability as a lecturer.

The lecture will begin at eight and the admission will be free. It is desired that a large audience be present.

HARROUN REFINANCING APPROVED.

WHY WE TALK TO WOMEN

ABOUT MEN'S CLOTHES

Every time you put away his clothes, you notice whether they are wearing well and holding their shape. That's because you know material and workmanship.

Style, we'll concede, most men do know. But it takes a woman to appreciate the quality and texture of fabrics; the deft touches of tailoring and finish that makes real value.

It is for this reason that we are calling attention of women to Michael Stern Value First Clothes.

Value—Woven into the cloth.

Value—Tailored into the garment.

Value—Expressed in smarter styles.

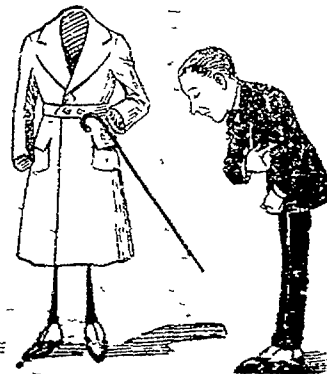

Value First—Last and all the time.

Come with your men folk when they select their suits and overcoats. They will be glad of your assistance; for remember, whether they tell you so or not, it is your taste they wish to please and your judgment that they rely upon.

About 40,000,000 Tons of Anthracite Coal Are Mined Every Year by Wet Process

The wet process of mining anthracite coal is the most common method used in the United States. It involves the use of water to wash the coal, removing impurities and increasing its value. This process is particularly common in the Appalachian region, where large quantities of coal are mined annually. The wet process is essential for producing high-quality anthracite coal that is suitable for industrial and domestic use.

FACTS AND FANCIES

It takes three men six months to make a chimney. This is a fact that is often overlooked. The process of building a chimney involves a great deal of labor and time. The men must dig a hole, lay the bricks, and then build the chimney itself. It is a tedious and dangerous job, and it takes a long time to complete. This is why chimneys are often built by hand, even in the modern era.

Vast Quantities of Coal Remain in the Mines in an Unminable Condition

Mining is still conducted with a loss of life and property. The vast quantities of coal that remain in the mines in an unminable condition are a testament to the inefficiency of the mining industry. Despite the fact that there is a great deal of coal available, only a small portion of it is actually mined. This is due to a variety of factors, including the difficulty of accessing the coal and the high cost of mining. As a result, a large amount of coal is left in the mines, unused.

Coosus, Korean Delicacy and Great National Dish

The great national dish of Korea is Coosus. It is a delicacy that is highly valued by the Korean people. Coosus is made from a variety of ingredients, including meat, vegetables, and spices. It is a complex dish that requires a great deal of skill and time to prepare. Coosus is often served at special occasions and is a symbol of Korean culture.

Kilt, Highlander's Garb, of Scandinavian Origin

The kilt is a part of the traditional dress of the Scottish Highlands. It is a garment that is highly valued by the Scottish people. The kilt is made from a variety of materials, including wool and linen. It is a complex garment that requires a great deal of skill and time to make. The kilt is often worn at special occasions and is a symbol of Scottish identity.

England Eats Larger Part of Europe's Cheese Output

Statistics have shown that England eats a larger part of Europe's cheese output than any other country. This is due to the fact that the English have a long history of cheese eating. Cheese is a staple food in England, and it is highly valued by the English people. The English consume a large amount of cheese, and this has led to the development of a cheese industry in England.

Chile's Claim to Distinction

Chile claims to be the original home of the potato. This is a claim that is highly valued by the Chilean people. The potato is a staple food in Chile, and it is highly valued by the Chilean people. The Chilean people have a long history of potato eating, and this has led to the development of a potato industry in Chile.

Cedar Apples, Mistaken for Fruit of Tree, Said to Be in Nature of Tumor

"Cedar apples" have been so named because they have been mistaken for the fruit of the cedar tree. They are actually a type of tumor that grows on the cedar tree. They are called "cedar apples" because they look like apples. They are a common sight in the cedar forests of the United States. They are a type of tumor that is caused by a parasite that grows on the cedar tree.

MOTHERS' COOK BOOK

We as a people can render the best service to our country by being healthy and strong. A healthy and strong population is essential for the success of our country. Mothers play a key role in ensuring that their children are healthy and strong. This is why it is important for mothers to have access to a good cook book.

Try These

It is difficult to serve a good dinner. This is why it is important for mothers to have access to a good cook book. A good cook book will provide mothers with the recipes and instructions they need to serve a good dinner. This will help mothers to be healthy and strong, and it will help them to be good mothers.

Plum Pudding

Take one half pound of finely chopped beef, two and one half cups of flour, two cups of bread crumbs, one lemon juice and rind, one cup of brown sugar, two eggs, one fourth of a teaspoonful each of nutmeg, ginger, cloves and cinnamon, one-half pound of seedless raisins, one-fourth pound each of seeded raisins and lemon peel, orange peel and citron. All chopped fine; one half cupful each of molasses and orange juice. Mix all together in a bowl, adding the liquids last. Put into a buttered mold and steam three hours. Reheat very hot before serving and serve with a hard sauce.

Potato Pancakes

Peel three large potatoes and let stand in cold water over night. Then grate them and add one-half cupful of flour and one-half cupful of baking powder. Add one egg and one-half cupful of milk. Mix all together and cook in a frying pan with a little oil. Serve with a hard sauce.

Lemon Pie With Top Crust

Blend one tablespoonful of cornstarch with a little cold water, stir into one cupful of boiling water and cook until smooth. Cream two tablespoons of butter with one cupful of powdered sugar, and stir in the first mixture; add one well beaten egg and cook until creamy. Cool slightly and stir in the grated yellow rind of one lemon and its juice. Pour into a pastry lined plate and cover with a top crust. Bake in a quick oven.

New Plans of Salvation Army Enlarged to Meet Every Kind of Trouble

By EVANGELINE BOGARD, Salvation Army

How is the Salvation Army going to meet the new needs of the world? The new plans of the Salvation Army are being enlarged to meet every kind of trouble. The new plans are being enlarged to meet every kind of trouble. The new plans are being enlarged to meet every kind of trouble.

We need the Salvation Army in our homes. We need the Salvation Army in our homes. We need the Salvation Army in our homes. We need the Salvation Army in our homes. We need the Salvation Army in our homes.

The new plan of the Salvation Army is to meet every kind of trouble. The new plan of the Salvation Army is to meet every kind of trouble. The new plan of the Salvation Army is to meet every kind of trouble.

Buildings of the Salvation Army are being purchased for an enlargement of existing religious work. In 28 cities new property has already been purchased for religious work. In 28 cities new property has already been purchased for religious work.

In this manner the Salvation Army is endeavoring to use its Home Service Fund to the greatest possible advantage in each community. In some cases it means merely an enlargement and broadening of the present scope; but in other instances it means the starting of new activities and the solving of new problems.

Annexation to United States Favored by People of British West Indies

By B. C. FRITH, Legislative Director

People of the British West Indies, even those of English birth, favor for economic reasons the transfer of a portion of the islands to the United States as liquidation of a part of Great Britain's war debt—the suggestion made to parliament recently by Lord Rothermere.

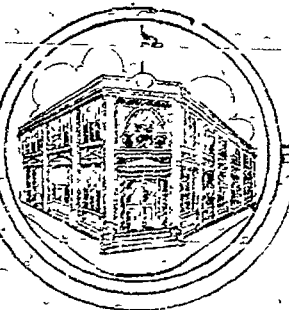

It is a foregone conclusion in the minds of every man who is familiar with the West Indian situation that there will some day become possessions of the United States. It does not matter what England wants nor what the natives want nor what America wants. Their position and their condition make its ultimate end American. It may not come in my time, but it will come. It is inevitable.

The residents of the Turks and Caicos islands realize the inevitability of the transfer to America. They are heartily in favor of it. As strongly as we love Great Britain—I am a born and bred Britisher—the advantage of having a home country nearer than England is essential to our prosperity.

The islands mentioned by Lord Rothermere include the Bahamas, the Turks and Caicos, and some of the other West Indian islands, but not Jamaica, Barbados or Trinidad. If some of the islands excepted by Lord Rothermere I believe that there could be objection to the transfer. In Jamaica I believe it would be very strong.

Perhaps Bermuda would have a less enthusiastic feeling about the possibility of the transfer of allegiance, but I think that I voice the feelings of the business men of my islands, and I am in a position to know, having lived there all my life, when I say that they would favor the move.

Franklin K. Lane, Secretary of the Interior—America was torn from the forces of nature. Our forefathers, the first emigrants to the shores, were compelled to fight for their homes against dangers that today can only be imagined and against odds that were heart-breaking. It is well that this was so. For out of the throes of their travail America has become more than a land. America is a spirit. America is an aspiration. America is an attitude toward men and material things—an outlook and a way of life. America is something more than just lives in the heavens. It is the and continuous searching of the human heart for the thing that

THE LOAN—A HOME

Thrift is an ardent and insane desire satisfied only by years of crazy self-denial and foolish industry to put a lot of money where a fat, cold-hearted rich banker can draw bigger interest on it than you can.

DON'T YOU DO IT

That is, while you should be thrifty and saving, still at the same time you should invest your money so that it will yield you larger returns—in a Loan & Building Association, for instance.

It is no secret that the Stockholders of a Bank make more on their investment than those who simply deposit their money and as in the Association all deposits are Stockholders, it is easy to see why the returns are greater.
We start a New Series tomorrow. Come to McCully's, take out some stock and get started on the road to prosperity, independence and wealth.

Demanding cost of production figures for the farm industry and holding industry organization as the surest way of obtaining the ends they seek, the Michigan Live Stock Breeders and Feeders Association, gathered for their twenty-ninth annual meeting at the Michigan Agricultural College January 11 and 12, went on record as supporting the Michigan Farm Bureau and expressed the belief that its organization would meet many of the farmer's problems.

Robert Powell, of Pontiac, was elected to succeed Colonel L. Lillie, president of the association. Other elected officers are: J. Fred Smith, of Detroit, Vice President, Geo. A. Brown, of East Lansing, Secretary, W. E. J. Edwards, of East Lansing, Assistant Secretary, and H. H. Halladay, of Clinton, Treasurer. The executive committee consists of Jacob De Gues of Albion; J. Lassiter of Orion; Earl C. McCully of Paducah; Alexander Mintz, of Ionia; and W. E. Livingston of Parma.

Prominent speakers in the live stock world addressed the general sessions of the convention. Everett C. Brown, President of the National Live Stock Exchange, opposed government control of the packing industry. Dean R. S. Shaw, of the Michigan Agricultural College, advised diversified farming in Michigan. Hale Tennant, Extension Specialist in Marketing, urged the production of standard products. Colonel L. Lillie, in the retiring president's address, asked for business organization of the farmers in every county in the union, and warned against over-production of special crops.

GROCERY AND MEAT MARKET, EX-CHANGE HOTEL and FEED BARN.

Dear Friends—

Fletcher Henstep was disappointed in love last week and went to the Drug store to buy some rat poison, but the price was too high and he went over to the Couch meat market and bought one of those fine steaks at the good old price. He now feels fine and says "Dern the girls anyhow." The school teacher at the Calf Rib school says if they do not raise his wages, the next generation will have to grow up in ignorance. He says it took two months' wages to buy his wife and oldest daughter, each, a fur coat.

I am glad to say I now have a fine line of groceries and meat and can make you all happy and contented. We cannot be happy and contented and be hungry. I have some raw Leaf Lard, fresh and nice, at 25c; Lard compound at 30c; Pure rendered leaf lard 33c. Fine Meadow-Gold butter and the Dixie Moxley, Swift Oleo, also Purity and the Wilson Infanta at special prices. The hog market is higher but have lots of Pork roasts and steak and pork chops at the old price. If you are in need of good things to eat—this is the place to get them. Your credit is good. I will sell to you if I knew your family was in want, and if I knew I would never get the pay.
