## MARCH 16 DATE FOR ANNUAL MEETING

The date chosen for the annual meeting of the Northville Chamber of Commerce will be the 16th of March. The place of meeting will be the High school gym. L. E. Howlett of Howell, one of the live wires of Livingston county and who helped to put the "how" in Howell during the past few years, has kindly consented to come and to give an address. Mr. Howlett is a successful lawyer and business man and will bring a practical message.

Following the address and the business meeting a buffet lunch will be served and a smoker will follow. It is hoped there will be a good attendance—at least it is hoped and expected that all who signify a desire to become members of the Chamber of Commerce last summer when the movement was being pushed will feel it their duty to attend. There are many things an aggressive commercial organization can do for Northville if the proper spirit is shown by its membership and if the organization is given proper encouragement and support.

The Record believes this organization ought to become a power for good in this community, and we are confident splendid results will follow if all will do their part. At the annual meeting officers will be elected and committees named for the ensuing year and a new start made.

### OF INTEREST TO MOTORISTS.

The Northville Automobile club recently received a letter from the Essex County Automobile club of Windsor, Canada from which we are permitted to take the following which will be of interest to motorists visiting Canada.

From our experience last summer, we feel the very great importance of having motorists of United States touring through Canada, being well educated as to the customs regulations, hence we take the liberty of writing you in this connection.

Last summer we established an office at No. 4 Oneille avenue, which is just to the right in driving off the ferry, and many times we have seen tourists who had come away without their Identification Card (this is the State card they get with their license) and they either were held up for a day waiting for a wire from the secretary of state or had to return.

The customs regulations are: Tourists must have their Identification Card and if they are going to be over a night in Canada, they are required to file out a 30 day permit, and if they are going to be over 30 days they must have their car.

Our office is conveniently located on the corner into Canada by way of Windsor and we are always glad to issue these permits on bonds if required, and at all times pleased to give your motorists full information as to Roads etc.

### ANN ARBOR MAY FESTIVAL.

The advance prospectus of the Ann Arbor May Festival to be held May 19, 20, 21, 22, announces an exceedingly attractive list of musical celebrities including: Titta Ruffo, Baritone; "Eddie" Johnson (Eduardo Givanni), Tenor; and Myrna Scharlow, Soprano, the sensational stars of the Chicago Opera Association; Lenora Sparkes, Soprano; Carolina Lazzari, Contralto; and Renato Zanelli, Baritone, luminaries of the Metropolitan Opera; William Wheeler, Tenor; James Hamilton, Tenor; and Robert Dieterle, Baritone, of the University School of Music; and two of the country's greatest instrumentalists, Josef Lhevinne, pianist and Edwin Arthur Kratt, Organist. The University Choral Union will contribute Verdi's "Requiem" and "The Damnation of Faust" by Berlioz, while the Chicago Symphony Orchestra under Frederick Stock will participate in all of the programs except the Friday matinee, in which a large chorus of school children will be heard under the directions of Russell Carter.

Applications for tickets will be filled in the order of receipt at \$4.50, \$3.00, \$2.00, and \$1.00 each. The complete Festival announcement will be mailed to any address upon application to Charles A. Sink, Secretary.

Invitations for the American Legion ball to be given in the High school gym. on the evening of March 19th, are being mailed this week. The committee having charge of the affair is composed of Del Kilgore, Cecil Millard and Claude Ely and those who have friends they desire to have invitations sent should communicate the committee.

## LADIES' LIBRARY TO PRESENT "LITTLE WOMEN"

The people of Northville will be given a real treat when the Ladies' Association will present "Little Women" at the Alceum theatre on Friday evening, March 12th. This is one of the most interesting films being shown in America and has a wonderful run in many of the large cities of the state.

For this occasion the public is cordially invited to assist in filling the house to the limit. This association is a public benefactor. It never begs or borrows but gives you your money's worth and works continually under the handicap of limited funds, always paying cash and is never in debt. A new roof on the library building is a necessity and in these times of high costs it is earnestly hoped by the trustees that the public will respond loyally to assist those who work year in and year out without thought or desire of receiving compensation.

### LADIES' UNION ELECT OFFICERS.

The annual meeting of the Ladies' Union of the Presbyterian church was held at the church parlors on Wednesday afternoon, with 28 ladies in attendance. Mrs. W. G. Yerkes presided and some very interesting letters from foreign mission fields were read by the secretary. The treasurer's report was very gratifying, showing a total allotment for missions has been paid for Home, \$194.43; Foreign, \$214.11. When the time came for the election of officers for the ensuing year the chairman of the nominating committee presented the following and all were elected by acclamation: President, Mrs. W. A. Crane, industrial chairman, Mrs. W. H. Stark, honorary chairman, Mrs. A. Kerr, reading secretary, Mrs. B. C. Stark, for and fin secretary, Mrs. C. G. Yerkes.

The subject of Home Missions was taken up for consideration and Mrs. E. B. Thompson gave an interesting paper upon the work among the Mormons and Mrs. D. P. Yerkes gave a talk on the subject of "Indian Missions." At the close of the meeting refreshments were served by the March division, Mrs. B. C. Stark being chairman of the committee.

### IMPROVING HIS STORE.

W. C. Gorton has made some decided improvements in the interior of his store. The store during the past week has been changed, and is completely new. A new sign has been removed and a new one put in, making the room all new and the ceiling will be given a new coat of paint and the room otherwise improved in appearance.

Mr. Gorton's store is one of Northville's most substantial institutions and for all the years it has been in existence it has enjoyed a liberal patronage. In fact Mr. Gorton enjoys to a remarkable degree the confidence of the people of this section and the merchandise he has sold has enabled him to hold his trade year after year. It has always been his policy to sell clothing of good quality at prices people could afford to pay and even in these days of high prices he is able to undersell dealers in many of the surrounding towns.

Mr. Gorton is ably assisted in the store by Del Kilgore and courteous treatment is always accorded their patrons.

### BUYS DUNDÉE THEATRE.

Mr. and Mrs. Seymour Brown have closed a deal for the purchase of the moving theatre at Dundee and expect to take possession of the property soon. Mrs. Brown visited Dundee last week and made the final arrangements. They have purchased a home there also and will move about April 1st. They have acquired a good property in a good town and The Record is pleased to commend Mr. and Mrs. Brown to the people of Dundee. Mrs. Brown has had a wide experience in the moving picture business and will be able to supply the very best for her patrons. The best wishes of many friends will accompany Mr. and Mrs. Brown and their daughter, Miss Gertrude Brown, to their new home.

### TURNED ON THE STEAM.

The steam was turned on the rebuilt engine at the Ford plant in this village Monday and when some minor adjustments have been made there will be plenty of motive power available to operate the new machinery soon to be installed. Work of installing the new machines will be the next step in the equipment of the plant for active operations in the spring.

## MANILA CARNIVAL BIG ATTRACTION OF FAR EAST

This is the season of the year when the Philippines become the playground for the entire orient. It is carnival season in Manila.

In 1908 the first Philippine carnival was held on historic Wallace Field in Manila in February, when the climate of the islands is at its best, and each succeeding year there has been a larger and more elaborate celebration. The 1920, or Victory Carnival, will be the greatest event of its sort ever held anywhere in the Far East.

There are commercial and government exhibits in connection with the carnival, and on no other occasion is it possible to gain at once such a comprehensive idea of the production and

development of resources of the archipelago as that which is offered the visitor at the carnival city.

In the evenings the carnival becomes the center of Philippine and oriental social activity. A huge open air auditorium serves for the elaborate, nightly balls, and on its mammoth floor thousands of couples swing together to the strains of music furnished by the famous Constabulary and other military bands. Probably at no other place in the world will one see an equally impressive cosmopolitan spectacle.

The Manila visitor who can plan his trip to arrive at the Pearl of the Orient for carnival time may well deem himself fortunate.

## SOME FACTS AND FANCIES ABOUT THE PHILIPPINES

There Has Been Much Misrepresentation in America About People and Conditions.

By MAXIMO M. KALAW,  
Secretary of the Philippine Mission.

Maximo M. Kalaw.

A certain lady at the St. Louis Exposition saw at a ballroom a brown complexioned man in faultless evening dress and accosted him with the inquiry, "I suppose you are Japanese, sir?"

The man addressed replied, "No, madam." "Then you must be Chinese," she said.

"No, I am not. I am a Filipino," he replied.

"How's that?" asked the lady. "I thought they were all savages living in the woods."

"Well, I'll tell you how I came here," he said. "A month before I left the Philippines I was living in the woods, but the American Governor decided to catch as many wild men as possible, train them and send them over here. So here I am, just as you see." And the St. Louis lady actually believed him.

That is what you would call fancies about the Philippines. The fact is, however, that the 11,000,000 Filipinos and their ancestors have been civilized and Christians for 300 years; that the non-Christian population, according to the census of 1915, is only 500,000, and even these are not all uncivilized.

Another fancy is that not until the coming of the Americans were school buildings seen to the islands, roads built, or substantial houses erected. Do you know that for hundreds of years the Filipinos have had colleges and schools and that the University of Santo Tomas is only twenty five years older than Harvard? That as early as 1800, out of a population of 4,000,000 people there were 811 schools for boys and 843 for girls? That in 1892, eight years before the coming of the Americans, there were 2137 schools?

To grant self government to Luzon under Aguinaldo would be like granting self government to an Apache reservation under some local chief. This spoke a former President of the United States during the Philippine-American war. Exaggeration could be an excuse at a time when the dignity of the American people demanded the extinction of Filipino opposition, but do you know that the Philippine Republic, before the American occupation of the islands, had the approval of prominent Americans who were on the spot—like John Barrett, Director of the Pan American Union, who compared it favorably with the Japanese government? That Admiral Dewey considered the Filipinos better fitted for self government than the Cubans? That they had drafted a constitution at Malolos which elicited the approval of distinguished Republicans like the late Senator George I. Hoar? That before the coming of the Americans they had produced a prior art like the married Jos. Ruiz, pronounced by a Republican congressman, Representative Cooper, is the noblest thing that has ever fallen into the clutches of tyranny?

And do you know that the Filipinos have not had for hundreds of years any caste system, blood distinction or royal families, and that, unlike the oriental sisters, they are the only Christian people in the orient?

People have pictured an ignorant mass of Filipinos—illiterate, poor, living a life of servitude for a few wealthy land owners and foreigners, with no houses or farms or property of their own. Do you know that 70 per cent. of the people above ten years of age can read and write and that this percentage of literacy is almost as high as some of the states of the Union? That it is higher than in any country of South America, higher than the literacy of the Spanish people, and unquestionably above that of any of the new countries recognized in Europe? Do you know that there are a million and a half farms in the Philippines and that 95 per cent. of these farms are owned by Filipinos? In other words, that out of the 11,000,000 Christian Filipinos, 8,000,000 of them at least live on their own farms, with houses of their own, independent of any absentee landlord or foreign master? That 91 per cent. of the urban property consisting of houses and lots is owned by the natives of the Philippines, and only 9 per cent. is in the hands of foreigners? Yet these are facts cable by Acting Governor Charles Connett Yeater to the War Department from the recent census estimates.

Having solemnly promised the Filipinos their independence, and having gone before the world as the champion of self-determination, the Filipino people cannot understand how America can consistently refuse to make good these promises.

## CLIMATE OF THE PHILIPPINES.

The Philippine Islands have a mild climate.

## U. S. INCOME TAX EXEMPTS NOBODY

Every Person Who Has Income in 1919 Must Determine Own Liability.

MARCH 15 LAST FILING DATE.

Surest Way Is to Follow Form 1040A. Free Advice in Doubtful Cases. Severe Penalties in Law.

Nobody is exempt from Income Tax. An obligation is laid directly on the shoulders of each citizen and resident to consider his own case and to get his return in on time if one is due.

With each return showing a tax due a payment must accompany the return in the full amount of the tax or at least one-quarter of the tax.

All returns for 1919 must be filed on or before March 15.

Must Show True Figures.

In figuring up his earnings for income tax purposes a person must take into consideration all items of taxable income, and each item itself must be accurate in amount. Guesses and estimates must be avoided, for the return is made under oath.

Everybody who had an income during 1919 must now determine whether his or her net income was sufficient in amount to require an Income Tax return. The best way to find out is to get a Form 1040A, and follow the instructions printed on it. That form will serve as a reminder of every item of income, and if a return is due, it tells how to prepare and file it.

One of the important points to keep in mind is that a person's net income is found by a computation prescribed in the law, and that each item of income from every source must be considered unless specifically exempted.

Another thing to remember is that the personal exemption allowed taxpayers is a privilege, not a right, and to the extent it is to be returned. This exemption is not to be considered until a person has figured out his net income and determined whether it was sufficient to require him to file a return. If a return must be filed, it should be filed carefully following the instructions for filing an exemption and complete his return.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office. Many banks and trust companies are also furnishing similar service during banking hours.

Heavy Penalties in Law.

For failing to make a return on time the penalty is a fine of not more than \$1,000 and an addition of 25 per cent to the tax, if any. For making a false or fraudulent return the penalty is a fine of not more than \$10,000 or imprisonment not exceeding one year, or both, and, in addition, 50 per cent of the tax. There are other penalties for failure to pay tax when due and for evasion of the tax through concealment.

Mary Sources of Income.

Aside from what one may earn by his services, there are many other sources of income. He who sold property during 1919 he first figured on the gain realized. If he rented buildings, land, apartments or rooming houses, his income must be considered taxable, and he may claim deduction for expenses incurred in doing so. If interest is a common source of income and is taxable whether with drawn or not. An amount of interest credited to a depositor is income to the depositor.

Interest on mortgages and on bonds also bond interest received from corporations.

A taxpayer who carried his insurance during 1919 must report as income any excess received over the total of premiums paid.

Members of partnerships or persons service corporations or beneficiaries of an estate or trust must report their shares of income distributable to them whether or not actually withdrawn.

Dividends of domestic corporations must be reported. Many other forms of income are taxable, unless specifically exempted.

## INCOME TAX IS DUE MARCH 15

Penalties for Delay and Failure to Make Returns—Early Compliance Urged.

All income tax returns covering the year 1919 must be filed by Monday, March 15. Each taxable return must be accompanied by check or money order for the full amount or at least one-quarter of the amount of tax due.

Cash payments are accepted only at the collector's main office, if sent by mail they are at the sender's risk.

Residents of Michigan should send returns and payments to John A. Giovan, Collector of Internal Revenue, Detroit, or E. J. Doyle, Collector of Internal Revenue, Grand Rapids.

Those who must file returns but have not done so are warned that the revenue law imposes heavy penalties for failure to get returns in on time or to make payments on time.

Early filing and early payments are urged, in order to relieve the internal revenue offices as much as possible of an overload on the final day, March 15.

## FIRST WEEK OF MILK CAMPAIGN A SUCCESS.

First Week of the Wayne County Milk campaign by holding a meeting at the county hall on Monday night, March 1, 1920. A number of men, women and children attended to hear Mrs. J. H. Stevens of W. A. C. talk on "The Safe Sturdy Children are Made of" and to see the illustrated pictures. Mrs. Stevens is a home economics teacher at the county school. One of the largest crowds to the week campaign was 300, which was a very good result. Mrs. J. H. Stevens is a home economics teacher at the county school. One of the largest crowds to the week campaign was 300, which was a very good result.

At Northville on Friday afternoon the Boy's and Girl's agricultural classes under Miss McLaughlin attended the meeting with the townspeople. The last of the week's meetings was held at Sheridan hall, Friday night. The snow drifted roads and the close of school during the week combined to lessen the attendance, but those who were there expressed interest in the top of the meeting.

Nearly three hundred people in all attended the meetings of the first week of the Milk campaign. The meetings will be continued until March 6th. Belleville, Dearborn, Plymouth, Cherry Hill, Crockett, Farm and Ecorse District No. 2 are the communities to be visited during the second week. The response met during the first week has proved that the campaign will be a success.

## ROAD PETITIONS COMING FINE.

The petition for the improvement of Lake and Lafayette streets under the Towner Act, are being signed quite generally and the two committees in charge of the matter report very few who absolutely refuse to put their names down. Most of them see the advantage that will accrue to the village when these streets are improved and taken over by the county to be maintained at the county's expense.—South Lyon Herald.

Arrangements have been completed for the first annual Masonic Gala week to be observed in the Masonic temple, March 15 to 21. The affair promises to be one of the most interesting ever held in Detroit. Masons, Lauderfield acts music and addresses by prominent speakers, and features the program. Vice-President, James Marshall, Governor Frank C. Swann, Senator Hiram Johnson and General Leonard Wood, all Masons, are included in the list of prominent men who have been invited to take part. The various lodges have been assigned, certain nights for attendance, and one night will be assigned to Masons whose membership is in other cities, but who live in Detroit.—Detroit Journal.

## FROM THE PEOPLE.

Quite a heated argument took place here recently over the statement made by one of our citizens that if the council had taken the money spent for placarding and disinfecting houses where people were sick with the flu and supplied serum for free vaccination against the disease we would have not only saved lives but dollars as well.

It is suggested by some that the council do both.

It is not up to the council to decide about placarding and disinfecting as this is provided for by a state law, but they could by expending a very small sum turn a great protection against many epidemics. Over towns are doing this. Why not Northville? Also many children attending school are blighted for stupidity when the fault lies in their physical defects, as adenoids had teeth, etc. Why not have these children examined by competent physicians and their recommendations sent to the parents.

### A Servant in the Home for 2c a Week

Only two cents for current to operate an Electric Washing Machine for an hour—and in that hour you do your entire washing. All the drudgery taken out of wash day. Your clothes saved from the merciless rub on the washboard. Every garment sweet and clean—beautifully laundered. Would you pay 2 cents for all this? That's all it costs. Let us show you how simple it is to operate one of these up-to-date washers.

### GEORGE DOLPH DIED MONDAY

George Dolph was born in New York State in the year 1845. He was the son of Mr. and Mrs. Alson Dolph and brother of Jacob Samuel and Frank. When twenty years of age he came to Michigan and shortly afterward went to work as operator for the Peary-Vancouver railroad at Wyandac Indiana and was employed by that company for 21 years. Mr. Dolph came to Northville in 1907 and engaged in the optical business but after losing his eyesight in 1911, was forced to give up work. Since that time he and his wife made their home with his brother, Frank, Dolph.

His death occurred Monday morning March 1st at 12:15. Funeral services were held Wednesday afternoon Rev. R. J. Marsh of the M. E. church officiating, with burial in Rural Hill. The widow and one brother, Frank, survive him.

When complaints are made of the not altogether without reason of the prevailing ignorance of facts on such and such subjects, it will often be found that the parties concerned though possessing less knowledge than is desirable, yet possess more than they know what to do with. Their deficiency in arranging and applying their knowledge in combining facts and correctly deducing and rightly employing general principles will be proofs of their ignorance of facts.

### TWENTY-FIVE YEARS AGO

Items taken from The Record file of 1895, for the week corresponding to this week.

Newton Blackwood, one of Northville's best known and highly respected citizens, died at his home on West Main street, at four o'clock Saturday morning of a complication of diseases. He was born in Lyon township in 1832 and united in marriage to Miss Elizabeth Yerkes in 1858. Owing to the illness of Mrs. Blackwood the funeral was private, Rev. W. T. Jaquess of Detroit officiating. Interment was in the Yerkes cemetery. Besides the widow the deceased leaves three children; John Y., and Mrs. Nellie Yerkes of this place and Mrs. Grace Allen of Detroit.

The result of the Citizen's caucus of Monday night and Workingmen's Tuesday night is given below:

#### CITIZENS.

President—Charles Booth  
Trustees—S. W. Knapp, J. W. Dolph, J. M. Burgess  
Clerk—F. S. Neag  
Treasurer—Ed. H. Lapham  
Assessor—D. B. Northrop  
Committee—W. A. Porter, E. K. Simonds, E. B. Thompson

#### WORKINGMEN'S

President—G. A. Hutton  
Trustees—W. G. Yerkes, Wm. Phillips, C. H. Seaton  
Clerk—W. H. Nichols  
Treasurer—L. A. Beal  
Assessor—W. H. Ambler  
Committee—Geo. Wagner, W. H. Brigham, W. T. Garg

Charles Hagen for some years with the Teichner & Co. here and at Detroit, has accepted a position in T. G. Richardson's store. Mr. Hagen is well and favorably known to Northville people and with his wife will receive a warm welcome.

The entertainment at the opera house under the auspices of the Ladies' Library association on Tuesday and Wednesday evenings was a decided success, and the ladies netted a new sum as the result. "The Darky Wood Dealer" was a very funny farce and the characters well taken by W. H. Hutton, May White and Charles Gardner. The 16 ladies in the fancy flag drill were Misses Mae White, Minnie Reel, Grace Porter, Nellie Smith, Rose Cooper, Mable Ely, Rose Barley, Mable Lanchester, Mae Starkweather, Gertrude Gorman, Eva Little, Mable Stevens, May Porter, Pearl Simmons, Mable Clarkson and Inez Blackburn. Ed. Hilborn, one of our well known band boys, and Miss Dora Garfield, daughter of Mr. and Mrs. Truman Garfield, were married at the bride's home Tuesday evening.

#### A LARGE CROWD PRESENT

If anybody should tell you, gentle reader that Northville people did not appreciate the efforts of the city band and will be justified in suggesting to them they had better get that notion out of their heads or else be "Heads South." At any rate it is a full proof from the splendid crowd that turned out on Wednesday evening to the first given by the band at the Alceum theatre that the people of this whole community took advantage of the occasion to show their appreciation and to add "two bits" to swell the cash receipts. Standing room was at a premium before eight o'clock and many had to be turned away who were unable to gain admission to the theatre.

"Headin' South" the picture selected by Manager Thompson, was a good one and Douglas Fairbanks appeared at his best. The orchestra rendered an entertaining program during the evening and the whole affair was a decided success.

The members of the band are grateful to all who contributed toward the success of the entertainment and especially to Manager Thompson of the Alceum theatre for his kindly interest and consideration.

#### MORE REVOLVER PERMITS URGED

Permits to carry pistols or revolvers should be issued to every reputable citizen who makes application, in the opinion of Prosecuting Attorney Matthew Bishop.

"The crook always has a gun," Bishop declared. "Why not allow a reputable citizen the same privilege that men of the underworld take? Many citizens are forced to carry a large sum of money at night and many times they have to pass through dangerous parts of the city. They should be allowed to arm themselves for their own protection."

Mr. Bishop stated that in all the shooting which has taken place in Detroit during the past few months, no person to whom a permit to carry a weapon has been issued, has been molested.—Detroit Journal.

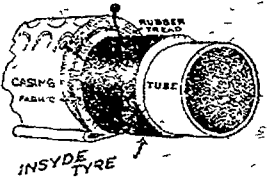

#### Old Maids and Bachelors.

A bachelor may be legal but there is always something funny about him. In the case of the old maid there is always the possible excuse, that her lover died; but if a man wanted to get married, he wouldn't pay any attention to a thing like that. None of them.

## What Insyde Tyers Do

Insyde Tyres, if put in new casings, often double their life. If put in a casing which has traveled 2,000 to 3,000 miles that shows signs of weakness, the results will be more than surprising. Its life will be increased many fold.

Insyde Tyres are different and better than any other article of a similar nature. Materials, designs and process of manufacture put them in a class by themselves.
