NORTHVILLE WINS IN ITS FIRST DEBATE

Additional honors came to Northville High school last Friday evening, when their debating team defeated the team from the Monroe High school. This victory is especially a praiseworthy one owing to the fact that the Northville team had been working but a week or so before being called upon to meet their adversaries from Monroe, who had previously debated two other schools in this district.

Northville was represented by the Misses Elizabeth Lapham, Elizabeth VanValkenburg and Mildred Baldwin, and the question for debate chosen by the High school debating league of the state was "Resolved, that all adjustments between employers and employees be made a part of the administration of justice." Northville had chosen the affirmative side of the question and the members of the team presented their arguments with such good effects that the judges voted two to one in their favor.

Northville will soon meet the Tipton Normal High team in this village.

C. A. DOLPH CHOSEN PRESIDENT OF GAS CO.

The Plymouth & Northville Gas Co. held its annual meeting at the office of the company in Plymouth Wednesday afternoon of last week. The following board of directors and officers were elected for the ensuing year.

Directors—C. A. Dolph, Nelson Schrade, Charles Fultons, Northville, F. D. Schrader, Cecilia Hamilton, C. A. Fox and C. A. Fisher, Plymouth. Officers—President, C. A. Dolph, Northville; vice-president, Cecilia Hamilton, Plymouth; secretary, C. A. Fox, Plymouth; treasurer C. A. Fisher, Plymouth.

F. S. Harmon, who has served as director and president of the company for a number of years, declined to accept the position for another year and at the annual meeting Mr. Dolph was elected president. Mr. Dolph was not present at the meeting and could not very well refuse the position. He will strive to perfect plans whereby a better and more mutual understanding will exist between the company and its patrons, and that is a great deal for a public utility to accomplish.

The past year, while being one of great discouragement and many unforseen handicaps and hardships, was without a very good one for the company and the future—now that coal prices and high labor costs are coming down—bids fair to be more profitable and prosperous.

CAR JUMPED THE TRACK.

The car on the D. U. R. that comes from Wayne late at night and then proceeds to the barns at Farmington Junction left the tracks at Base Line curve Monday night and turned completely over. The conductor and motorman were the only passengers and fortunately escaped with their lives, although a report was current during Tuesday that the motorman had died from his injuries, but the rumor could not be verified. Both men were badly shaken up and cut and bruised, but it is believed the motorman will recover.

The conductor's name was Calvert and the motorman's Hanks and both were new men on this line. That probably accounts for the accident, because it is evident they were going at a merry clip when they reached the curve. They claimed the brakes on the car did not work when applied.

MADE A GOOD INVESTMENT.

Conductor Starkey of the D. U. R. made a fortunate purchase in this village last Sunday night. He went to W. H. Elliott's store to purchase some ice cream to take home, but the supply of cream having been exhausted during the day he decided to take a pint of oysters. As his good wife was preparing the oysters for their Sunday night lunch she discovered two "stones" which she took to a jeweler on Monday morning and received a refund of \$150 for them, being assured her discovery were pearls.

Mr. Elliott does not sell pearls in every pint of oysters, but he does contend that he is giving his customers more than their money's worth with every purchase made at his store.

EDSEL FORD AN APPENDICITIS SURF.

Edsel Ford, only son of Henry Ford and president of the Ford Motor Co., underwent an operation for appendicitis Monday at the Henry Ford hospital. He has been suffering from the trouble for several weeks. It is announced that Edsel is showing satisfactory improvement. Dearborn Press

BOLD BANDIT'S PLAN DEFEATED BY OFFICERS

The Detroit Free Press of Monday morning contained the following account of what was believed to be an attempt on the pay car of Finn & Son, contractors, who are erecting the city tuberculosis hospital west of Northville on Friday last:

"The police received information that an attempt would be made to hold up the pay car, which usually carries about \$15,000. They arranged with Sheriff Coffin to have the car followed,

and two machines containing deputies and city detectives kept within sight of the paymaster until the city limits was reached. The deputies continued toward Northville.

"Near Palmer Woods a large car containing four men came from a side road and started in pursuit of the pay car. The deputies increased their speed, and as they drew near the car carrying the supposed bandits was turned suddenly to the north and disappeared. The deputies fearing a rise or get them away, kept in sight of the pay car, which was not molested.

The deputies accompanied the pay car to Northville, and the plans of the bandits were thus upset. As a rule but little cash is carried back and forth between the city and the hospital, as nearly all bills and accounts have been paid by check. This practice will, doubtless, be continued in the future.

FORD TO NEGOTIATE BIG LOAN.

The report has been current in business circles for several weeks that the Ford Motor Co. was making efforts to negotiate a loan of several million dollars with Wall Street interest. A New York dispatch of Saturday world indicate the company had been successful. New York bankers, the dispatch stated, concur in the view that the Ford Motor affairs confirm reports that the corporation is negotiating for a large loan, possibly between \$50,000,000 and \$75,000,000.

Maturing obligations of \$25,000,000 to \$30,000,000, are to be taken care of in any new financing, it was stated, and a large amount of money is needed by the Ford interests for working capital.

It also was said to be understood the loan, if consummated, would be handled by a syndicate of bankers here and in Boston, and probably Chicago and other big financial centers of the country.

The New York Journal of Tuesday, in discussing the proposed financing plan, said "Belief is held by some banking circles that Henry Ford's loan of \$50,000,000 or \$75,000,000 may take form of a 15-year 7½% note or bond issue, of which there is likely to be a public offering. Negotiations between Ford and New York bankers are understood to be near completion and announcement of details of Ford's financing is expected this week."

MRS. GEORGE CLARK RIVEN BIRTHDAY SURPRISE.

After the business of the regular meeting of Orient Chapter, O. E. S., had been concluded last Friday night, Mrs. George Clark, one of the most faithful and esteemed members of the chapter, was given a real genuine birthday surprise. The committee in charge of the social session had made elaborate preparations for the affair and the tables were handsomely arranged in the dining room and were lighted with candles. A beautiful birthday cake with the required number of candles was provided and the merry company enjoyed a fine spread. Worthy Patron Fuller presented Mrs. Clark with a beautiful cameo pin and to his fitting and appropriate remarks she responded feelingly.

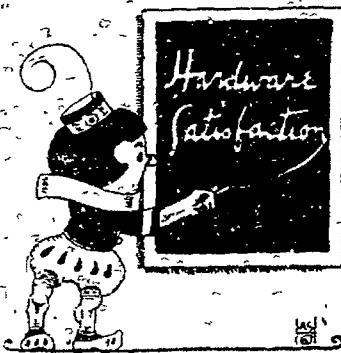

An enjoyable program was given and the social hour proved most delightful.

What 4% Means

THE NORTHVILLE STATE SAVINGS BANK OF NORTHVILLE pays 4% interest, compounded twice a year. What does 4% compound interest mean? It means that if the interest is allowed to remain on deposit with the principal sum, interest will be paid on interest—that is, \$1.00 placed at 4% compound interest, will double itself in a little less than eighteen years through the interest additions. To secure the best results it is necessary to set aside weekly or monthly a fixed sum from your income, and deposit it to your account. The tables here given show what may be accomplished by this method. The interest earnings equal from 20 to 50% of the money deposited during the periods shown. That is, if monthly deposits of \$5 are made for twenty years, the total sum would be \$1,200. With 4% compound interest, it will amount to \$1,833.50; the earnings added equaling \$633.50, or 52.7% of the money actually saved.

TRY A THE LINER IN THE RECORD.

The Telephone Pole Adv.

Is a Thing of The Past

In the old days when every farmer drove the plow-horse to town, he had time to amble along and read the sale bills on the way. Now, the average farmer has his eyes glued to the road while driving his six cylinder car, and the telephone poles fly-by like pickets on a fence. Newspaper advertising is just as far ahead of the telephone pole bill as the auto is ahead of the horse. Both are necessary and do good work. But the newspaper, like the auto, gets more done quicker.

For the Newspaper is taken into the home and read at leisure. It is originally purchased because its particular editorial policy—its individual newness appeals, and the reader has confidence in its judgment. This confidence is reflected on the ads that the newspaper carries and the advertisers get the benefit of this feeling of dependability.

Auction Advertising

Scores of farmers and dairymen have used Record advs. in advertising their auction sales during the past few years and all have been pleased with the results obtained. By the use of Record advs. they have been saved the time and trouble of going about the country posting bills, only to have them blown down or destroyed by the storm. The cost of this exceptional service is very small compared with the returns received.

An ad in this paper is bound to bring results. We can help you prepare it, and can supply you with attractive illustrations to use in it. Let us call and explain.

WOULD RESTRICT FOREIGN IMMIGRATION

The Michigan State Farm Bureau, replying to a questionnaire sent by the American Farm Bureau Federation, has gone on record as being opposed to prohibiting all immigration, but in the same degree is opposed to unrestricted admission of aliens to this country. The state bureau's announcement of its position sets forth that the federation has found it necessary to adopt a definite policy regarding immigration and has sought the opinion of the farm bureaus of the various states. The reply of the Michigan bureau follows:

"The advisability of prohibiting all immigration is doubted, as such action seems to be contrary to the fundamental principles of the United States. It likewise seems inconsistent with our American principle of equal protection for all of our people to prohibit unrestricted immigration of any kind, and of people who may or may not be qualified to adapt themselves to conditions in this country and to become good citizens. America's doors should be left open to foreign peoples, but their entrance should be more carefully guarded. A reporting system to which all immigrants must conform should be established."

STAGE SET FOR BIG STATE FARM MEETING

With exhibits rapidly assuming final form and speakers definitely scheduled for all meetings, the finishing touches of preparation for Farmers' Week at M. A. C. are being taken care of at East Lansing. Nearly 5,000 farmers are expected to gather for the annual congress this year. If weather conditions are at all favorable, and plans are being made to accommodate a crowd of this size.

The greatest list of speakers ever assembled for a Michigan-farm gathering is the claim being made for the general programs by the college committee in charge of arrangements for one week.

A. F. Lovett, member Federal Farm Loan board; Dr. Eugene Davenport of Illinois University; Gov. W. L. Harding of Iowa; S. S. McChesire, founder of McChesire's magazine; President M. L. Burton of the U. of M.; Miss Alma Buzof, vice-president of the International Kindergarten union; and many other famous speakers will address the various meetings.

Last minute addititons bring the list of special state agricultural association meetings and conferences up to 16, the greatest number ever gotten together at one time in the state. The Farm Bureau, the Michigan Horticultural society, the Michigan Crop Improvement Association, the Michigan Sugar Beet Growers' Association, state association of poultry, potato, and truck farm men, and conferences on wood lot conservation, country life, and county agent work are prominent among the special groups holding their own meetings.

Special meetings for women are to be held at the Woman's building all during the week, and hundreds of state housewives will be on hand for their annual Housewives' congress.

TO RUN SPECIAL TRAIN TO WASHINGTON

Arrangements have been completed by the Detroit Republican club to run a special train excursion via Balti More & Ohio railroad to Washington for the Harding-Coolidge inauguration ceremonies on March 5th. The train will leave Detroit shortly after noon on Wednesday, March 2nd, composed entirely of Pullmans excepting the special diner, arriving at the national capitol on Thursday morning. The Pullmans will be parked at the old B. & O. station on Florida avenue, and used for sleeping accommodations during the stay in Washington. The party will remain until Saturday afternoon to give time for sightseeing, arriving home on Sunday morning, March 6th. The fare including transportation, meals on dining and coming, also use of sleeper while in Washington and all war tax, will be \$73 for upper berths and \$75 for lowers. Anyone interested should send word to Milton Carmichael, secretary, 401 Buell block. This will be the official train of the Republicans of Michigan in the inauguration of a Republican president.

COUNTY DELEGATES CHOSEN

The official delegates from Wayne county to the annual meeting of the State Farm Bureau at East Lansing next week will be John G. Flatt-Rock; A. F. Klagas, Romulus; Stephen Pearl, Belleville. Others who will attend from the Wayne county organization are A. F. Bunn, president; Ernest Bird and J. H. McKinney, of the executive board; Milton Carmichael, secretary-treasurer; also the extension staff members, O. L. Gregg, G. O. Stewart and Miss Marian Rogers. The state meeting will decide upon development projects of the Farm Bureau for the coming year, particularly of interest being that of the expansion of the marketing department.

The patrollers, masters and wardens of the Masonic lodge of Oakland county formed an association at a meeting held in Pontiac Monday night.

PROPOSED CHANGE IN COUNTY HOME RULE EXPLAINED

LEGISLATURE MUST FIRST GIVE CONSENT, AFTER WHICH VOTE OF PEOPLE WOULD DECIDE ISSUE

PRESENT SYSTEM TENDS TO PROMOTE NEEDLESS WASTE

General Demand For Reduction Of Government Expenditures Has Brought Question To The Foreground.

The Detroit and Wayne county point of view regarding proposed reorganization of county government in Michigan has been presented to the supervisors of Ottawa county in a letter from W. P. Lovett a member of the Wayne county committee. Meeting some of the objections offered, Mr. Lovett says that at least five steps must be taken to get results in this program. The letter follows:

Dear Sirs:—As Secretary of Wayne County Committee on Reorganization of County Government and as a member of the State Committee which has been studying this problem, I venture to address you in the hope that possibly misunderstanding of the proposal for a constitutional amendment which soon will be submitted to the Legislature, may be avoided.

As the proposal has been discussed in Detroit and Wayne County thus far, it has been a question, not of a reorganization plan of government alone, but of how to rule for Michigan counties. Our Wayne County Committee is firmly seeking through constitutional amendment and legislative enactment to improve our system of government, but we cannot proceed without cooperation from the other counties of the state.

We understand that there is now a general demand by taxpayers for improved methods of government in the interests of economy and efficiency. Many improvements have been made in cities in recent years. In this judgment of some authorities, it will be necessary immediately to make changes in our national methods of doing business. Governor Grossbeck has recommended to the Michigan Legislature that measures be passed in the interest of co-ordinating numerous departments of our State government. The fundamental objective in this movement is the saving of vast sums of money to the taxpayers. In this same connection, I believe the strongest argument for improvement of county government is that the present system, or lack of system, eliminates centralized responsibility, inevitably offers opportunity for financial leakages, and generally tends to promote substantial and unnecessary wastes of money in administration.

It appears now that no substantial improvement can be made without amendment of the State constitution both practically and legally, this view is favored by lawyers and public officials in various parts of the State. At least five steps must precede any final action in a given county, everyone of which is based on the principle of free representative government and full popular control. These steps are:

First.—Asking the legislature to allow the question and permit the people of the state to vote upon a single broad constitutional amendment which shall be prepared in consultation of officials of the state at Lansing and not by any citizens' committee.

Second.—Submission of this question to vote of the people of the state giving everybody an opportunity to know the facts.

Third.—No such constitutional amendment can become effective without a law or laws passed by the legislature, which has full power to decide the form or forms of county government which may be made up in Michigan. This third step absolutely assures to the people represented in the legislature that no action shall be taken except such as to be approved by the majority.

Thereafter, any county which desires to improve its organization may take the fourth step and either through its supervisors or through a charter commission decide what form of county government it may want. In case these four steps are taken, nothing becomes effective until the people of a given county, knowing all the facts, go to the polls and vote in favor of the adoption of the plan submitted.

Thanking you for your consideration, I pledge myself as a member of the State Committee of citizens to do everything in my power to meet the questions or proposals which may be advanced by any members of your honorable body for the solution of this problem.

Yours very respectfully,

W. P. LOVETT.

He will sail from Boston harbor on the schooner Bowdoin which is named after McMillan's alma mater at Bowdoin, Maine.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1896, for the week corresponding to this week.

L. D. Evans was in Adrian last week.

Miss Susie Payne is visiting friends in Jackson.

There are 17 patients here at the Yarhail Gold Cure.

B. S. Webber fell and fractured three ribs during a slippery morning last week.

The Clover Milk Condensing Co. is receiving about 1,000 gallons of milk per day.

Mr. and Mrs. Milo Reed of Denver, Colorado, are visiting Northville friends.

Mrs. Hale and daughter, who have been visiting here, returned to Ionia, Thursday.

Mrs. Wm. Criger has returned from Highland, where she has been caring for her mother.

The Ambler Mercantile Co. has moved its lumber building on the Smith property inside the fire limits.

Deputy Grand Chancellor Hutton of this place succeeded in organizing a fine K. P. Lodge in Farmington last week.

The Men's Social Club is sending out 150 invitations for its Charity Ball on February 7. It will be a very start affair.

Mr. and Mrs. Frank Harmon arrived from Baltimore this week and will become residents here. They will reside with Mrs. Simonds until their new home on Dunlap street is completed.

Two young ladies, Misses Mae White and Mary Ely, took an involuntary bath while skating on the Ambler pond Monday afternoon. They were soon rescued with no worse results than a thoroughly chilled and frightened condition.

The sidewalk committee will at the council meeting Monday night report on the case of James Murdock's claim for damages for injuries inflicted to have been received by reason of a defective walk in the village. Mr. Murdock asks \$200 damages.

Frank Harbin, for some years the resident Baltimore representative of the Globe Furniture Co., has resigned his position and becomes a Northville business man by purchasing half interest in the W. G. Yerkes hardware store. The change will take place next Monday.

A fire broke out in the Main building about six o'clock yesterday morning and by the time the fire department arrived the smoke was so dense that the blaze could not be located. The department succeeded in confining the fire to the two front stores, one being occupied by George Chadwick the other by Boyer & Athearn. These two places were gutted by fire and water and were almost an entire loss. The building which is one of the first frame stores built in the village was damaged to the extent of \$400. The origin of the fire is practically unknown but is thought to have started in the Chadwick car store.

Farmington Flashes

A number of Farmington citizens attended the annual banquet of the Oakland county sportsman's association, held at the Chamber of Commerce on Pentecost Thursday night.

Mr. and Mrs. Charles Ely were called to Howell last week to attend the funeral of Mrs. Eudora Sexton, daughter of the late Col. Ezra Hatton, a former resident of Farmington.

Fire destroyed the Fred Goers barns at Farmington Junction last Thursday morning. By heroic work on the part of the firemen and citizens the house was saved.

The Farmington Chamber of Commerce will make an effort to have Arbor Day extensively observed here next spring. A committee has been appointed to secure prizes on trees in large quantities and every lot owner will be induced to plant trees. This is a splendid idea and one to which all good citizens should give their cordial and enthusiastic support.

Edward Keeney was called to Indianola, Iowa, last week by the death of a brother.

Norman Lee is the new deputy sheriff for Farmington.

Carl Hatton sent his mother two boxes of grapefruit last week from Miami, Florida.

BEET GROWERS TO MEET.

The executive committee of the Michigan Sugar Beet Growers' association has called a mass meeting of all members of the association to be held at East Lansing on February 2 during Farmers' Week. "In view of the unsettled condition of the sugar industry," advises the association, "it will be well for growers to defer consideration of any contracts until after this meeting."

THE UNIVERSAL CAR

The Ford Sedan

An all-weather car—this pretty thoroughly describes the Ford Sedan.

In rain or cold weather it is a cozy, comfortable, enclosed car; in warm weather, an ideal touring car.

The plate glass windows are raised or lowered in a minute's time. The Ford Sedan is always in accord with your wishes. Finely upholstered, equipped with electric starting and lighting system; demountable rims and tire carrier in rear; instrument board on dash; the Sedan is a car of convenience and class, and has proven a favorite family car. Yet, the reliable Ford chassis and motor are a part of the Ford Sedan, and that means low upkeep cost, ease of operation, and durability. The Ford Sedan is just as popular on the farm as in the city. It fits family needs everywhere.

Come in and see the Ford Sedan. If you want one, place your order now. Orders are filled in the same sequence they are received. Make us your Ford headquarters, as we are experts with the famous "Ford After-Services."

NORTHVILLE, MICH., JAN. 28, 1921.

EVERYBODY HAS A BIG JOB THIS YEAR!

The present year, now almost a month on its journey, is to be a very important one in the history of America and the world. In national and world matters it is not only going to be a wonderful year but to each individual it is going to be a wonderful year—at we all do our part. This is no time to dream of the past or to mourn over lost opportunities or past failures. This is a year when everybody has a job suited to their peculiar needs, and that will be enough for the biggest men and women. That job is the task of keeping ever, keeping hopeful, and striving to do your best in whatever position you occupy.

Every new year presents to the individual a new chance just as every new day presents new opportunities, and those who get the most out of 1921 will be those who put most of themselves into the everyday duties and responsibilities as they are revealed to them. In January Success Orion Sweet Marden gives us a few suggestions for getting the most out of our talents and opportunities this year, next year and every other year of our lives.

"Visualize your desire every day there is divinity in it. Nurse your vision, renew your resolution to make it a reality. Give the whole of yourself to whatever you undertake. Be all there. Bring your life into it. Remember you attract what you expect. It is not enough to ask for what you want, you must expect to get it. Learn to expect great things of life, great things of yourself. Hold the conquering thought, the victorious attitude, the victorious consciousness. Beware of hindering personalities weakening characters, offensive habits which neutralize your effort and lessen your chance of success. Think health, think happiness, think success. Never mind the thought of defeat, as defeat is the "outlook" of a conqueror.

It's a lot for me to do.

We do not believe that the proposed to have the state of Michigan take over the present Michigan State Fair is a good idea. The project of enterprise or a state institution will meet with popular favor throughout the state. The fair would be in a splendid financial condition due to a large number of the very able management and direction of Mr. Dickinson who has worked as secretary and manager for the past eight years, and today it has a very handsome equipment with which to make money improvement grounds and buildings. We do not believe the state could be made to good record as the society is in the under Mr. Dickinson's direction and we fail to observe any good reason for making the change now. The state of Michigan has quite enough big projects on its hands without assuming the management of state fair, with its prospects in fair competition. Just because the society has been able to meet expenses and carry over a good cash balance is no guarantee that this condition can be assured year after year. One or two bad seasons and the surplus would soon be wiped out if the society is controlled by the state. The taxpayers would have to foot the bill should there be a financial loss and with our good roads improvement and the demands that are being made by the various state institutions for new buildings and equipment, it would seem that the taxpayers were carrying about all the load they can stand without going into the fair business.

The new 1921 membership cards of the Northville Automobile Club can now be secured at the office of Secretary F. S. Neal, and it is hoped that every motorist in this section will avail themselves of the benefits to be derived from a membership in this organization. The dues this year will be \$3.00 and all who become members will have the assurance that all monies received will be expended in the interests of good roads and in improving conditions for the motorists of this section. A membership in the Northville club is not only a benefit when you are motorizing in Wayne County, but it is a very great benefit to those who desire to visit other counties of the state and other states outside.

A nation-wide good roads congress and national good roads show will be held in Chicago February 9th to 12th. It is expected that every Chamber of Congress and many of the farmers' organizations throughout the country will be represented.

The Martha Chapter will have a baked goods sale on Saturday, at the Amblers' confectionery store.

the picnic.

THIS IS FATHER AND SON WEEK.

In the churches and Y. M. C. A.

throughout the country this week is

being observed as "Father and Son

Week," with special services which

will especially appeal to fathers and

sons. As a fitting close of the week

a special service will be held at the

Methodist church on Sunday even-

ing when will be addressed by Rev

J. M. Bailey of Detroit, who will

present a message that will be help-

ful to all.

The men of the church and congrega-

tion and all others who may desire

to do so are cordially invited to at-

tend this service. They are re-

quested to bring their son or son-

if they are fortunate enough to have

one, or if they are single to bring

their daughter, boy or girl for the cer-

emony. The tables of course will be

set up in the auditorium.

TO PROVIDE CAPITAL PUNISHMENT.

"Capital punishment for life improp-

erly as the penalty for first degree

murder is provided in a bill intro-

duced in the house by Rep. R. A. Hart

of Berrien. Wednesdays afternoon. The

death penalty would apply to women

as to men犯人. Executions would

take place inside the prison walls, the

death equipment for carrying out

such penalty to be installed as

needed in the bill.

Interesting statistics on the matter

of capital punishment in this country

were brought up by Rep. Hart. There

are 36 of the 48 states which now have

the death penalty. Three of the 36

at one time or another abolished such

punishment, but have since re-enacted

it. In 12 states execution is by use

of the electric chair, in 22 by hanging

while in Nevada and Utah, the com-

manded may choose between hanging

and shooting.

DISMISSED FROM THE SERVICE.

About two weeks ago a contemptible

coward wearing the uniform of a

member of the state police to cover

up his cowardice, made an unpro-

ected attack upon John Scipio and the

matter only became public during the

past week. The cause of the assault

was the fact that the officer, in his

mad rush to get somewhere ran into

Scipio's wagon and damaged one of

the fenders of his auto. The fellow

got out of his car and demanded that

Scipio should pay him for the dam-

age, and when informed that he could

not pay anything because he did not

have the money it is alleged that the

car kicked and struck his victim

several times. Scipio bore his humili-

ation and suffering in silence and it

was only when he was asked, regarding

the alleged assault that he told his

story.

Scipio is an old, feeble man, badly

afflicted and is trying to do his daily

tasks as his health and strength will

permit, and there is not a man in

this community who has a larger

circle of friends. He is honorable

and upright, and though he is col-

ored he possesses a warm and kindly

heart and is an honor to his race.

Any one who would make an attack

upon him would strike a helpless

child, and there is no punishment too

severe to inflict upon such an indi-

vidual.

The first of the week the matter

was reported to the officer in charge

of the troop located at Plymouth and

it may be said to the credit of the

organization that the coward was dis-

missed from the service. The fellow

ought to have been arrested for

malicious assault and sent to the

workhouse.

Announcement Extraordinary

We are after the Baked Goods business of this town. We have been to big expense to equip our Bakery to handle a large volume of business and to turn out Bread and all kinds of Baked Goods of high-quality, and we have decided to increase the output of our ovens.

Beginning next Monday Fred Wendt will canvass the village and take orders for Bread and all kinds of Baked Goods. On the following day he will make deliveries and take orders for the following day. This plan will practically bring our bakery right to your very door and trust you will avail yourself of this service.

We ask you to give our Bread and Baked Goods a trial upon the basis that we will gladly refund your money if the goods you buy here are not satisfactory. Could anything be more fair? We make this offer because we have unlimited faith and confidence in the quality of our goods and we are very sure if you will give them a trial you will be pleased.

We know that our prices are lower than our competitors and we are very sure our goods excell in quality.

We are striving to make this The Quality Store, both in our Bakery Department, and in all other lines as well. Our Teas, Coffees, Canned and Bottled Goods and Confections are the best that we can procure and they are sold on a strict Money-Back Guarantee.

We feel that we richly deserve your bakery business, and we are going to get it if Service and Goods of Quality count for anything with you.

W. A. Crane was taken seriously ill while in Paita Creek the first of last week. When able to travel he returned home and has been confined to his bed since. Acute indigestion was believed to be the cause of his illness.

On Saturday afternoon of next week The King's Daughters will give a silver tea at the home of Mrs. Lizzie Harger. A musical program will be one of the features. The proceeds will be used by the Circle for the purchase of flowers. Watch for further announcement next week.

On Friday night of next week there will be a social at the home of Foster Thorberry, two miles north and three and a half miles west of Northville for the benefit of the piano fund of the school district. A program will be given and a shadow social and dancing will follow. Each lady is requested to bring a box containing supper for two.

Announcement is made that beginning Tuesday, February 1st, through cars will be operated between Detroit, Jackson, Battle Creek and Kalamazoo via D. I. & C. Ry. and the Michigan Railway. At the present time it is necessary to change cars in Jackson. The re-establishment of through service, eliminating the necessity of change of cars, will undoubtedly prove very popular with the traveling public.

Dr. L. W. Snow has decided to locate in Northville for the general practice of medicine. He is a graduate of the U. of M., and after having spent some time in general practice he entered the Chicago Eye, Ear, Nose and Throat college, where he spent several months in specializing along these lines. He has opened an office in the Johnson residence on East Main street and will be pleased to receive calls from those who may need his services. Dr. Snow is a young man and possesses a pleasing personality and bears good recommendations from those who have known him for years.

Watch for the "bear" next Wednesday.

A WORTHY CAUSE.

Last spring a movement was started at a meeting of the Parent-teachers' association to purchase some equipment for the playgrounds of the Northville schools. It was proposed

to purchase equipment to be used in

the gym as well as out of doors and a goodly sum was subscribed but has

never been collected. The committee having the matter in charge is now

engaged in collecting the subscriptions and in securing additional amounts from anyone who may desire to contribute.

The school board has agreed to appropriate one dollar for each dollar raised by public subscription for this purpose, and if all will help a little we will have a fine equipment when spring comes.

At the present time there is scarcely a thing upon the grounds or in

the gym for the children and adults

to play with, and as organized play

is becoming to be considered an im-

portant matter in school life the

Northville schools are just a little

behind the times. Some have already

subscribed liberally, and it is hoped

all will assist the committee even

though the amount of their subscrip-

tion is not large.

thrilled old Jerusalem on the morning when a young man riding a mule came up the slope from the Kidron valley thru the gates into the city.

A cheering mob—waving palm branches—clothes flung down for a runway—a wondering populace—a troubled official circle.

The people wanted to make this young man a king—he had shown royal powers—to cure disease—relieve hungry folks—restore life—speak words of help.

The rulers saw their authority slipping away. They were roused to speedy action. They worked feverishly for a week to get something on the young man and failed.

The huge budgets requested by state institutions also will come before the meeting for consideration.

FOR CENTRALIZED SCHOOLS.

A bill introduced by Senator Amos of Mecosta if enacted, would simplify the consolidation of rural schools. It provides that several school districts may be consolidated either by the several districts voting as a unit or upon petition of a majority of the legal school electors of each district concerned.

A consolidated district may be organized at any time instead of only in July. Under the proposed act the term "rural school" shall include school districts containing cities and villages of less than 500 population or less than 1,500 population or less than 1,000. The bill provides that school districts containing within their borders cities or villages of more than 1,500 population may unite under the term of the rural agricultural act without state aid. Provision of the present act requiring that each consolidated school have 20 acres of land would be repealed. The bill would grant \$1,000 state aid to each such consolidated school instead of \$600 as is now given and would provide \$100 for transportation in place of \$200, the present amount.

CORFELL RE-ELECTED SECRETARY.

R. J. Corfell of Birmingham, 1920 secretary and treasurer of the Oakland county farm bureau, was unanimously re-elected Saturday by acclamation at the first 1921 meeting of the elected board of directors held in the farm bureau offices here.

The election was not a surprise to anyone connected with the bureau having been known for some time that Mr. Corfell's service during the last year had proved so satisfactory that opposition was not even anticipated.

Among other items disposed of Saturday night were at Farm Bureau headquarters, the directors adopted the 1922 budget which totals \$17,650.

On Tuesday night they will meet at 8 p.m. at the Hotel of Commerce, county delegates to be held here about 8 p.m. to address a meeting February 15, at which time the first annual meeting of the Michigan Department of Health will be held.

JUSTICE BROOKE TAKEN BY DEATH

MEMBER MICHIGAN SUPREME COURT STRICKEN SUDDENLY ON LEAVING DETROIT.

HAD WORKED WAY UP IN LIFE

Practiced Law in Canada and Detroit.

Appointed Circuit Judge in 1900, Justice in 1908.

Mr. Clement Justice Francis L. Brooke, of the Michigan Supreme Court, was stricken with heart disease last Friday afternoon while en route from Detroit to his home in St. Clair, on a rapid railway interurban car, and was dead when he was taken to the Kalamazoo hospital here.

Mrs. Brooke, who was Mrs. Frank A. Beck M. North before her marriage to Justice Brooke, November 24, last year, was with her husband when he became ill and remained at his side.

Justice Brooke had just passed his forty-second year and was apparently in good health. He was on the bench at Lansing all week.

Justice Brooke was born at Saco, Maine, Oct. 5, 1888. His father having been born in England, and his mother in New York state. He received his education at Albert University, Beaufort, N.C., and at Osgood Hall, Toronto, his schooling being the result of his own efforts and the surrounding obstacles and hardships. It is said such as few men of his position have had to face. He worked as a farm boy during the summer that he might attend school during the winter.

Obtaining a minor clerkship in the law offices of Atty. Gen. Shaw of Toronto, he was finally admitted to the bar in 1884 and the year following moved to Detroit.

There he was associated with the law firm of Col. John Atkinson and Judge Isaac Yostson, later becoming a member of the firm of Atkinson & Arnett & Brooke.

Judge Brooke, in politics, was always an active Republican, becoming Circuit Judge in 1900 and serving until 1908 on the Wayne bench when he became a Supreme Court justice, serving in 1915 as chief justice.

PLEADS GUILTY OF MAIL THEFT

Former Preacher Admits Robbery of \$212,000 From Mail.

Mount Vernon, Ill.—Guy Kyle, former rector of the Mount Vernon Free Methodist church pleaded guilty to complicity in the theft here of 32 packages of registered mail, containing more than \$185,000 in cash and \$27,300 in securities, and threw himself on the mercy of the court.

Punishment For "Lobbyists."

Washington.—Bills "to define and punish lobbying," were introduced in the Senate by Senators Kenyon, Reichenbach, of Iowa, and Overman, Democrat of North Carolina. The Kenyon bill would require all those engaged in lobbying in Congress to register with the Clerk of both the Senate and House and state the purpose of activities for or against any legislation. Failure to comply with the provisions of the bill would be punished by fines ranging from \$100 to \$1,000.

It is ordered, that the sixteenth day of February next, at ten o'clock in the forenoon at said court room be appointed for hearing said petition.

It is further ordered, that a copy of this order be published three successive weeks previous to said time of hearing, in the Northville Record, newspaper printed and circulating in said county of Wayne.

IT GETS COLD IN CALIFORNIA.

Riverside, Calif., Jan. 14, 1921.

Editor Record.

Dear Sir: I wish to renew my

subscription for I want to keep in

touch with every thing going on in

the good old home town. We all

like it here very much and have been

here long enough so that we know

what the four seasons are like and if

any one tells you that it don't get

cold in California, tell them to come

again—that they don't know, although

is does not get as cold as it does at

home. Lots of times a fire feels

mighty good. We have just had three

cold nights, every one below freezing,

down to 27-28 above. I don't think

any damage was done to the fruit in

this section but you see an orange can

stand an awful lot of frost. I hap-

pened to be running water in my

grog and that helped some. They

don't smudge much in my section as

it is higher and warmer, but on the

other side of the city where it is lower

and colder they were smudging from

midnight until morning. If the morn-

ing sky was so black it looked

cloudy. I have a good crop—have

picked 1,100 boxes and will pick the

rest in March. Did not pick only

about 1-3 of them this time. The

price is not quite as good as last year:

It has warmed up now and if a

stranger should come in he would

hardly believe that it could get so cold

THE NORTHLILLE HIGH SCHOOL BOYS WON FROM PLYMOUTH

Last Friday evening our boys' basketball team met and defeated the Plymouth six on their floor. Both teams gave some good exhibition of semi-play and basket-shooting. Brock made the final basket for the home team from the center of the floor when all of his teammates were crowded. Stillwell, Chapman and Hall each shared in the baskets made from the forward positions and showed ability in "shooting" from difficult positions. Gurnam and Buckley played every tight game, making it almost impossible for the opposition to get any close shots for baskets in spite of the fact that three of the men were working in new positions they played together like a veteran team. The final score was 16 to 12.

Our girls were unable to match their opponents but proved themselves hard fighters and game losers.

Your next opportunity to see the team play will be Friday, February 4th, against the Trenton team. Trenton has several victories to her credit and wants to add on to her list. Let's show them that we are on the job.

THIEVES ENTER DEPOT

AND RANSACK MAIL

Some time early Wednesday morning between the time when the mail received from the Owl was placed in the Pere Marquette depot at this place and the hour when Elmer Perrin went after the mail, thieves forced an entrance to the building and ransacked the mail sacks. Nine sacks and one pouch, the latter containing the letters and first-class mail, were examined and their contents opened. Some of the letters were torn open and many of the packages were untied and hurriedly examined. Fortunately the Owl does not carry any registered mail and in consequence the thieves did not make as good a haul as they might have done had they ransacked other mail received in Northville.

Nearly all the parcel post packages received by patrons of the local post office on Wednesday morning were broken, open or unwrapped, but it is not believed that much of value was taken. A wrist watch being sent to the Johnson Watch & Jewelry Co was missing from its case.

The thieves were quite considerate for after having hurriedly examined the packages they placed many of them back in the mail sacks.

The visitors made an effort to rob the safe at the depot, but in this they were unsuccessful. They broke the door off the safe with a sledge, but did not succeed in forcing open the door.

VOORHIES UP HOLDS HOME SEARCH LAW.

Prosecuting Attorney Paul Voorhies announced Friday that hereafter he would refuse warrants in cases in which policemen entered and searched homes without a search warrant.

Policemen have no right to enter homes in search of illicit liquor, or for anything else, without a search warrant, the prosecutor said.

"Citizens are perfectly justified in keeping them out unless they can show authority for entering," Free Press.

BROUGHT HOME FOR BURIAL.

The funeral of Miss K. A. Miller was held at the home of her parents, Mr. and Mrs. J. B. Watts, in this village Friday afternoon. She died in Brownwood, Texas, after a brief illness from pneumonia. Mrs. Watts died with her when death came, having been called to her bedside a week before. From the Brownwood, Texas, Bulletin of January 17th, we take the following account of her life:

Marion Watts Miller, was born at Brady, Texas, March 24th, 1895, and was almost 26 years old. She was the only daughter of Mr. and Mrs. J. B. Watts, who for many years conducted the Early Dawn Dairy located just south of Willis Creek on the Austin Avenue road. She was reared here and educated in the Brownwood High school, and at the age of eleven became a member of the Christian church. She was one of the most ardent and conscientious Christian workers ever developed in the local church and for fourteen years had been engaged in church work. She devoted much time to a study of missionary work and had planned and wanted to go into the foreign mission fields for her church. She had been very active in the young people's work of the church, at the time of her death being teacher of a young woman's class in the Sunday school at Jacksonville, Fla., her home city.

During her illness here she displayed remarkable faith and patience, bearing her sufferings with marvelous fortitude and without complaint. She had frequently expressed a desire that when the time came for her to end her earthly life, she might die peacefully in Brownwood, her girlhood home, and this wish was gratified in her death here this morning.

She was an accomplished housewife, having that love for horses which was inculcated in her by her early life and training in Brownwood.

She was an unusually attractive young woman, her physical beauty being enhanced by the sweetness of her disposition and her high ideals of Christian living and service.

She left Brownwood when her parents moved away from this city eight years ago. Three years ago yesterday she was married to Kenneth Miller, and she and her husband had happily made their home in Jacksonville, Fla., since that time.

The funeral services were conducted by Rev. Edward Osborn of Windsor, assisted by Rev. A. W. Craig of Dowagiac. Interment took place in Rural Hill cemetery.
