FORD PLANTS START WITH REDUCED FORCE

The plant of the Ford Motor Company at Highland Park opened Monday with a force of about 10,000 employees, and it was stated that during the week other employees would be asked to return, until a sufficient number have been put to work again to bring the production of the great plant up to fifty per cent of normal. When that condition is reached the future policy of the company will be determined by the general trend of business. To attain fifty per cent of normal production will require 20,000 men, it is said.

When the plant closed down in December there were about 40,000 men employed, and those being taken back now are married men and dependable workers. The Detroit Journal, in speaking of the re-opening of the plant, said: "The policy of weeding out inefficient was adopted prior to the shutdown, for the factory's former force of 58,000 had been trimmed 16,000 in the weeks immediately prior to closing the plant. It was found then that production did not suffer, in fact, that in some respects is improved with this reduction in its working force. It is because this experiment proved successful that no slash in the wage scale prevailing last year is now believed to be contemplated by the company."

The local plant started operations again on Monday also with force of about fifty men. Others will, doubtless, be added as business conditions improve. It is believed, however, that those who may expect to hold their positions permanently will be those employees who are willing to give a full day's work for a full day's pay. In that event some of the drounts will be needed out and business is over to be put on a normal basis again this plan will have to be adopted in all the big manufacturing institutions of the country.

NORTHVILLE DEFEATED WYANDOTTE.

Another victory was added to our list last Thursday night when our boys' basketball team visited Wyandotte and defeated their team, by a score of 37 to 16. Every man seemed to be playing his position perfectly. Buckley got the ball from his opponent about as regularly as it came to his end of the floor. Only once did a Wyandotte man make a basket from close range. As soon as the Northville boy got the ball it was skillfully passed or "dribbled" until within close "shooting" distance of the goal. When the first attempt failed they followed it close enough to get a second or third try for a basket before their opponents could break up the play. Silwell showed very good form in "shooting," making five field goals in the last half. At times when his teammates were covered, German showed tact in advancing the ball by dribbling and shooting from close range. Chapman and Moffitt proved very efficient in advancing the ball and sacrificed many chances for "shots" and possible personal glory to pass to a teammate who was in a better position to try for a goal. Freyland and Hall were substituted for Moffitt and Chapman toward the end of the game, the latter making a basket during this time.

Friday, February 4th, the N. H. S. teams play the Trenton teams in the local gym and on Friday, February 11, our teams go to Farmington where a hard game is expected.

DETROIT SHOOTERS VISIT LOCAL CLUB.

Several Detroit shooters motored out Sunday, January 30, to test their skill at the flying clays. Although the day was cloudy and cold several good scores were penciled on the sheets. Unfinished runs were made by Bill Cacers (43) and Jim Hartwick (38).

Mrs. Cavers, for some time past, an expert rifle shot, took her first try at trapshooting. R. Vallaux made a score of 17x25 in practice after the regular program. This was his second appearance on the firing line. Following is the result of the 50 target program:

G. Merritt	38 out of 50
E. Hartford	39 out of 50
J. Hartwick	46 out of 50
H. Passage	45 out of 50
J. Patterson	39 out of 50
E. Evans	40 out of 50
G. McCall	38 out of 50
F. Hills	46 out of 50

A. E. FULLER AGAIN WINS POULTRY HONORS

The state championship poultry show, with C. W. Burgess, professor of Poultry Husbandry, in charge, is being held this week at the Michigan Agricultural College, Lansing.

At this show A. E. Fuller, our fellow townsman, has his high-grade string of White Plymouth Rocks on exhibition.

Wednesday W. M. Wise, superintendent of the show, wired Mr. Fuller as follows: "You won first cock and first cockerel, first hen and first pullet and first old pen and first young pen best pen American class and champion pen of the show, over a good class." This gives Mr. Fuller eight purple ribbons, six bronze medals, one silver medal and one gold medal, and re-establishes his well known reputation as breeder of the best string of White Rocks in the state.

The Record joins a large circle of poultry fanciers in extending congratulations to Mr. Fuller.

SHRINERS CIRCUS NEXT WEEK.

Elaborate plans are being made for the Shriners' circus to be held in Detroit for two weeks, beginning with next Monday. There will be performances afternoon and evening and some of the best talent in the country has been secured for the numerous acts. The local committee on transportation is trying to arrange for an extra cars from Plymouth, Northville and Farmington to accommodate all who may desire to attend. It is now planned to run these cars next week Friday and all are cordially invited. There will be an extra charge for this special service, but by availing themselves of these extra cars our people will be able to receive better accommodations than if they go on the regulars.

This is a real circus—not a make-believe—and it will be well worth your time to attend.

TO CONTINUE ENTERTAINMENT COURSE.

Being greatly encouraged by the splendid response given by the people of this community for the support of their entertainment course this season, the members of Court Northville, Foresters of America, signed a contract last Friday night for a course for the fall and winter of 1921-22, to consist of four numbers of a very high order. Among the attractions to be given next season will be two musical organizations the equal of which has never been heard in this village.

The Foresters are to be commended for the enterprising spirit they have displayed in providing the splendid course this season and we are very sure Northville people will patronize next season's program with liberality and enthusiasm.

TO ENLARGE SEATING CAPACITY.

W. J. Thompson, proprietor of the Alseum theatre, has made plans to enlarge the seating capacity of his theatre by the erection of a stage in the rear of the building. The present stage will be removed and about 100 additional chairs will be placed in the auditorium for the accommodation of the patrons of the house.

On Saturday nights many people are compelled to stand and it is to accommodate the Saturday night crowds that this improvement will be made. The front of the theatre is being remodeled.

Just keep in mind the ball to be given by the O. E. S. sometime this month.

About twenty-five members of Court Northville, E. of A. attended a Foresters' meeting in Detroit Monday evening.

What 4% Means

THE NORTHVILLE STATE SAVINGS BANK OF NORTHVILLE PAYS 4% interest compounded twice a year. What does 4% compound interest mean? It means that, if the interest is allowed to remain on deposit with the principal sum, interest will be paid on interest—that is, \$1.00 placed at 4% compound interest will double itself in a little less than eighteen years through the interest additions.

To secure the best results, it is necessary to set aside weekly or monthly a fixed sum from your income, and deposit it to your accounts. The tables here given show what may be accomplished by this method. The interest earnings equal, from 20 to 50% of the money deposited during the periods shown. That is, if monthly deposits of \$5 are made for twenty years, the total sum would be \$1,269. With 4% compound interest, it will amount to \$1,832.50, the earnings added equalling \$563.50, or 52% of the money actually saved.

Michigan News Tersely Told

Lansing—Dr. J. M. Day, a major in the Army Medical Corps who served in France, is dead here.

Vicksburg—Several thousand pounds of butter was destroyed by fire in the Bishop Creamery here. Loss, \$10,000.

Menominee—Mayor M. J. Doyle, who recently tendered his resignation, has withdrawn it at the solicitation of friends.

Albion—The American Legion and federated clubs of Albion are working out plans to aid families of unemployed men.

Kalamazoo—A farmers' cooperative elevator and warehouse to cost \$10,000 is being planned by the Kalamazoo County farm bureau.

Grand Rapids—The thirty-second annual convention of the Michigan Refor. Lumber Dealers' association will be held in Grand Rapids Feb. 8-9.

Owosso—Because the unions refused to accept reduced working hours, the Ann Arbor Railroad has cut down the working force in its car shops here.

Port Huron—Milk producers in this section, dissatisfied with the recent reduction of 75 cents a 100 pounds for milk, appointed a committee to seek higher prices for it.

Vicksburg—Jesse H. "Cropsy" former state senator from the Sixth District, is dead at Sherburn, N. Y., to which town he removed a few years ago. He was 55 years old.

Grand Rapids—As the market for potatoes continues weak, many farmers, who have been hoarding their stock in the expectation of forcing an advance have started selling.

Grand Rapids—The total attendance of buyers at the Grand Rapids furniture exhibition this January was 2,880, or 46 fewer than the record attendance of two years ago officials say.

Flint—Coincident with the acceptance by federal inspectors of 60 men for Flint's first National Guard unit, the Chamber of Commerce has ratified the proposal to erect an airitory here.

Allegan—The Public Utilities Commission has suspended higher gas rates in Otsego and Allegan until the gas company improves the service. The action was taken on petition of consumers.

Hannibal—The body of J. L. Hartman, 35, traveling salesman, was found in his automobile a mile west of Hannibal with the road blown out with a shotgun. He is believed to have committed suicide.

Standish—James Oliver, turn and anchor and playwright, is spending a winter vacation on the Au Sable River where he recently purchased 40 acres and built a cabin. He expects to make this the scene of his future activities.

Cudahy—Erroll Schmitz has received an injunction to restrain his wife from annoying him, pending a divorce action in which he is the plaintiff. Schmitz's wife had him arrested for assault and battery and he countered with a divorce suit.

Lansing—In an effort to stimulate interest in historical matters, Secretary George N. Fuller of the Michigan Historical commission soon will begin compilation of a list of dates of significance to the various counties and to the state at large.

Cheboygan—The ice bridge, which formed on the straits between Bois Blanc Island and the mainland, was broken up by a strong wind and the ice was driven into Lake Huron. The ice was seven inches thick and permitted islanders to walk to the mainland.

The next state meeting will be held in Muskegon in January 1922.

Traverse City—Residents of Traverse City and Grand Traverse county are planning to ask Henry Ford to permit John Burroughs, the naturalist, to stock Marion Island as a game preserve. Four years ago Mr. Ford purchased Marion Island, in Grand Traverse bay, which contains 200 acres and is one of the most valuable timber tracts in Michigan. It is not inhabited. The largest lake ships may tie up at the shore. It was obtained from the government in 1884 by Archie Buttars and ex-Senator W. W. Smith of Traverse City.

TO PUT BAN ON PSEUDO MEDICINE

Prosecuting Attorney A. Floyd Blakeslee stated this morning that after a conference with Sheriff Butler and Chief Register Kent yesterday, he had decided to wage a war on those soft drink parlors which insisted in selling wine of pepsi, bitters and ginger brandy under the guise of their being a medicinal preparation.

If these preparations are to be sold as such, and the federal government says that they can, then he is going to try and see that they are sold in legitimate places, the drug stores. Police and sheriff's offices state that a great many cases of drunkenness are caused by men and women arrested taking "overdoses" of these preparations, bought in soft drink parlors. —Pontiac Press

SUGAR BEET MEETING IS CALLED AT M. A. C.

Problems of interest both to Michigan beet growers and to sugar manufacturers will be taken up at a gathering of state sugar beet men at the Michigan Agricultural college, on

February 8 and 9. All men interested in the sugar beet crop are invited to attend the meeting, for which an interesting and instructive program has been arranged.

Leading authorities of the sugar beet industry are scheduled to speak during the conference, taking up different phases of the work. Exhibits of special beet machinery, sent in by various manufacturers, will be on display during the meeting.

SHERIFF BUTLER AFTER SPOONERS

Because of complaints from different parts of the city and county, Prosecuting Attorney A. Floyd Blakeslee and Sheriff James Butler today decided to "close the season" on spooners and others who persist in parking their cars along the unfringed highways and byways, with lights out. From now on, all persons found in cars parked on the roads without lights are to be brought in and questioned and either taken for a violation of the state auto laws governing the use of lights or they will be detained on a charge of disorderly conduct. This order applies to both men and women who may be found in the cars.

Discussing the matter, Sheriff Butler stated this morning that there have been several instances in the past week or two where calls have come in stating that there were cars with out lights and that it was believed a hold up or a robbery was about to take place. In each of these instances it has been found the cars were occupied by troublemakers. He is doing a nuisance and causing the officers a lot of unnecessary trouble. It has a tendency to strike at morals of the city, officers state. —Pontiac Press

WAYNE COUNTY FARM BUREAU NOTES.

Co-operative community organizations among the farmers of Wayne county will soon be sufficient to accommodate every member of the Farm Bureau, which will greatly increase the efficiency of that organization. At the annual meeting of the Plymouth Agricultural association, held on last Saturday, it was voted to so amend the by-laws of the organization to become affiliated with the Farm Bureau as a local, which will enable this association in the future to make purchases direct through the State Farm Bureau and in many ways be of greater service to its membership. Wm. Parley was re-elected president for the coming year. Walter Postle, vice-president, Frank Tongrey, secretary-manager. The newly elected directors were J. W. Gates and L. A. Wisely. County Agent Gregg, in a brief talk, urged the members to take more interest in their organization, particularly in the matter of co-operative buying, as the success in the future was largely a matter of individual efforts, which was the real foundation of all co-operative organizations.

Aid in securing a protective tariff for agriculture, particularly for garden products the price of which we often pay locally by Canadian growers, was urged by Milton Carmichael, Secretary of the Detroit Market Growers association, which is taking a leading part in this movement, now of such vital importance. The Plymouth Agricultural association will hold an adjourned meeting on Saturday, Feb. 16th, to vote upon amendments to its by-laws that will make Farm Bureau affiliation possible.

The first regular meeting of the Livonia Farm Bureau was held this Tuesday evening at the township hall. This new co-operative organization is well along, having just distributed its first car of cottonseed meal and is placing orders for other supplies for the farm through the state organization. Milton Carmichael, secretary of the Wayne County Farm Bureau, explained to this new organization, the importance of each member of a co-operative organization doing his individual part to make the work a success, otherwise the organization will not have enough money during the first year or two.

On next Tuesday evening, Feb. 8th, the Sampter Farm Bureau association

will meet at the home of Irving Atys, near Martinsville. On Wednesday evening, Feb. 9th, the East Nankin Farmers' club will hold its monthly meeting at the home of R. J. Lathers, south of Inkster. The farmers residing in the Denton community will meet at that place on the afternoon and evening of Thursday, February 10th. The ladies' aid society will serve supper at the town hall.

Segis Pietertje Prospect.

The fourteenth Holstein-Friesian cow show to make over 30,000 lbs. of milk and the third to make over 1,400 lbs. of butter in a year has recently been developed at Carnation Stock Farm, Seattle, Wash. This six-year Holstein, Segis Pietertje Prospect, 21346, not only made the world's record for milk in a year, 37,384.1 lbs. and 1,445.9 lbs. of butter. This field is the highest in milk, for any cow of any breed to date, and was made under the rules of the Advanced Registry Division of the Holstein-Friesian association of America.

Leading authorities of the sugar beet industry are scheduled to speak during the conference, taking up different phases of the work. Exhibits of special beet machinery, sent in by various manufacturers, will be on display during the meeting.

WHAT \$300 WILL DO IN GERMAN MARKS

The rapid increase of the present value of German Marks, evident during the last week, indicates the following:

\$10 CONTROLS 100,000 MARKS.

Health and educational agencies all over the country are interesting themselves in the matter of proper and adequate nutrition as affecting the mental and physical condition of the children in the public schools of this country, and already it has become an accepted policy that proper and adequate nutrition is the main essential in connection with the matter of mental deficiency and lack of satisfactory progress of a large number of the children in our public schools.

Women's clubs, Child Welfare organizations, Public health officials and the teachers of our public schools will be interested in an illustrated lecture which is to be given in the ball room of the Shantung Hotel on the evening of February 15th by Mrs. Ira Couch Wood, Director of the Elizabeth McCormick Memorial fund of Chicago. Through this fund nutrition experiments have been conducted in many of the larger cities with school children of various ages, the results of which show conclusively the need for a better understanding of all who have to do with child development and education of the importance of proper nourishment of the growing child.

WOMEN LEARNING TEXTILE TESTING.

Simple methods of testing materials, using only the ordinary apparatus a woman has in her own kitchen, and the common household chemicals, such as lye and washing soda, are being demonstrated this week to the women attending the housewives' congress at the M. A. C. Farmers' Week.

Four demonstrations daily, with college students in the Home Economics division taking part in the work, are being given, and housewives at the congress are showing keen interest in the results.

Exhibits of wool, cotton, linen, and silk, in the piece and make up into garments, illustrate the differences in material brought out in the demonstrations. Michigan women at the meetings are finding out interesting facts about what their clothes are made of, and are learning to judge materials when they buy.

THE NEWEST FAD.

The latest fad in Northville is for the ladies to invite a few friends for the afternoon to witness a demonstration of aluminumware being made by an out-of-town salesman. We shall next expect some one to open their home for a demonstration of shoes, then will follow, doubtless, demonstrations for clothing, dry goods, hardware, bath tubs, drugs and cosmetics, baked goods, smoked and salty meats, etc. When the fad becomes fully established, all we will need in Northville will be the post office where we secure mail order catalogues, and a grave digger, to bury the town. There will be no need for stores or other business places. The fellow who is conducting the demonstrations for aluminumware has boasted that he would sell \$10,000 worth of goods in Northville and that he had already sold \$4,000 worth. If we were asked to contribute \$5 toward the support of any of our local institutions, he would, doubtless, refuse to do so, just as Shears & Sawtooth have always refused. If merchants' wives patronize the peddlers they must not complain if Mrs. Smith or Mrs. Jones buy their goods from the big mail order houses.

THE PROPERTY MEN EXPRESS STATION FOR COUNTY HOME RULE.

In order to show how the proposed amendment to the State Constitution to permit home rule reorganization of county government has aroused enthusiastic support throughout the entire state, the following comments from newspaper editors and public officials are set forth herein for the information of those interested:

"With the rapidly increasing burden of taxes some plan must be devised for reducing expenses. Most

Northville School Notes.

Mr. Lapham of the Lapham Savings bank gave a talk to the high school students Thursday.

Some very fine drawings have been submitted for the annual and it is hoped many more will be drawn by the students.

A new typewriter will soon be installed in the commercial department to replace one that is out of date and in bad condition.

The music classes are getting ready for an operetta which will be given within the next few weeks. Miss Muirfield is in charge of this work.

Silva Esenford is the new office assistant for the semester. Amy Sessions having served the required amount of time allowed for credit.

The new semester is starting out with a fine attendance and very little tardiness. Keep the good work up and you will be surprised how high your marks will be raised."

Preparations were all made Wednesday for a movie but for some unseen reason the film did not arrive. It is impossible to announce at this time just when the first show will be given but it is expected soon.

This Friday evening our teams will battle with teams from the Trenton high school. Be sure and come to the high school gym if you wish to spend an evening of action. Admission only 25¢ for all games.

A fine specimen of cocoanut received at the high school from Mrs. C. C. Verker Boynton, Florida, is causing a good deal of interest among the students. The cocoanut is in its outer covering just as it grew and is certainly an interesting specimen.

Wednesday evening the high school teams of Wayne met our boys and girls in basketball. Our boys team defeated Wyandotte team at the latter place last Thursday by a score of 27-10 while our girls lost by only a small margin, the score standing 20-21 when the final whistle blew.

Our next debate will be held this Saturday in the high school auditorium with the Spellman High school and it is hoped the townspeople will encourage leave with their presence.

Only a small charge of 10¢ will be made to help defray expenses. Northville will be represented by the same team composed of Elizabeth Van Valkenberg, Elizabeth Lapham and Mildred Baldwin.

JUDGE MOYNIHAN TO SEEK NOMINATION.

Judge Joseph A. Moynihan, recently appointed to the circuit court bench by Governor Alex Grovesbeck, will be a candidate for re-election at the spring election.

Judge Moynihan was selected to succeed Judge George P. Cold, who resigned to take his seat in Congress, to which he was recently elected, from a large number of candidates for the position.

Although but 34 years old, the judge has a wide reputation as a successful attorney and is a man of calm judgment. His colleagues on the bench are a unit in predicting great success for Judge Moynihan for his ability as a lawyer and his broad knowledge of the law, are recognized by bench and bar alike.

The judge will probably be elected without opposition and that is what his friends are hoping for. His service to the city and state and the patriotic interest he has taken in all public affairs, irrespective of party lines, has won for him a host of friends and there is no candidate in sight who could possibly defeat him.

IMPROVED HEALTH CONDITIONS.

crediting, in part, the decrease in Michigan's death rate in 1919 over that of former years to the effect of prohibition. Dr. William J. V. Deacon, director of the bureau of communicable disease of the state department of health, today predicted that succeeding years of prohibition would see an even greater decrease in the ratio of deaths from degenerative diseases and an improvement in the general health of the people.

"Effect of prohibition on the death rate is indirect," Dr. Deacon states, "the result being accomplished by the expenditure of money, which used to be spent on liquor, for the betterment of general living conditions, as effected by good clothing, and shelter, all of which react beneficially upon the health of families as a whole.

The direct effect of prohibition in cutting down deaths due to alcoholism is negligible when compared with the factor of elevated standard of living on the public health.

"Michigan's crude death rate for 1919, as determined by the secretary of state is 15.7 per 1,000 population. For 1918 it was 17.3 per 1,000. From this we may expect that the years 1920 and 1921 will also show decreases in the death rate tuberculosis and other degenerative diseases. Results of prohibition can best be observed in the decrease of 461 deaths from tuberculosis in 1919 over 1918, despite the fact that more cases were reported in 1919."

Michigan is not unique in experiencing a decrease in her crude death rate, and that all other states enjoyed like benefits from prohibition. Dr. Deacon asserts, pointing out that in 1919 the death rate for the United States was only 12.9 per 1,000 living—the lowest death rate ever recorded for this country, or for any large country in the world.

SEEK HEAVY DAMAGES.

Three damage suits growing out of an automobile accident in which the aggregate of the damages claimed is \$20,000, were filed Tuesday in circuit court by Peter A. Steffes; his wife, Mrs. Rose Steffes; and their son, Robert L. Steffes, against Winter Davis and Marshall Davis.

The three members of the Steffes family claim they were injured August 29, 1920, when the automobile in which they were riding was struck by a machine owned by the defendants, at Nichols Corners near Farmington.

Negligence in the operation of the defendant's car is charged. Steffes asks damages for his own injuries, damages to his car, medical services for all the members of the family, and loss of his wife's services. Mrs. Steffes and the boy ask damages for their own injuries. Attorney Frederick P. Ward appears in the three suits.—Pontiac Press.

OUR ENTIRE STOCK FURNITURE AND RUGS Has Been Marked Down To Re-Adjustment Basis

A representative of this store attended the Furniture Exposition at Grand Rapids in January and while in the market selecting our new stock for Spring we made some observations and returned home with a feeling of satisfaction and confidence, because we had anticipated the probable reduction in Furniture prices and had for some weeks before the Holidays given our customers the benefit of the 20 per cent discount which we believed manufacturers would make upon their 1921 product.

We have gone through our entire stock and have re-adjusted prices and marked all goods down to meet the present-day price conditions prevailing in the Furniture markets of the country. The price tags have been changed on every article in our store and our prices are now at rock-bottom for this season.

In addition to making the general reduction of 20 per cent all through our stock we will continue our policy of making a

Discount For Cash of 10 Per Cent

We have always endeavored to "play fair" with our patrons in the matter of price-adjustments and there is a great deal of satisfaction in the thought that we gave them the benefit of the 20 Per Cent Reduction at the holiday season.

We have a good assortment of Furniture and Rugs and we have a whole lot of new goods purchased for Spring delivery. When you need Furniture we shall be glad to serve you, assuring you goods of first quality at prices you will be willing to pay.

OUR DISCOURAGEMENTS.

Members of the great human family are the victims of discouragement. Some discouragement seems to come in greater measure than it does to others, and we are all very apt to grieve and worry about them with the result that we are only paving the way for other and greater discouragements and disappointments. When discouragements come, as they will, the best way to meet them is to hold steady and with determination press forward so as to meet the next attack. This was the principle which inspired the immortal Lincoln to whose life we will all give renewed attention and study this month, because his birthday comes in February.

When Abraham Lincoln was a young man he ran for the legislature in Illinois, and was badly swamped. He had entered business, failed, and spent seventeen years of his life paying up the debts of a worthless partner. He was in love with a beautiful young woman, to whom he became engaged—then she died. Entering politics again, he ran for congress, and again was badly defeated. He then tried to get an appointment to the United States land office but failed. He became a candidate for the United States senate, and was badly defeated. In 1856 he became a candidate for the vice-presidency, and he was defeated by Douglas. One failure after another—bad failures—great setbacks. In the face of all this he eventually became one of the greatest men of America, whose memory is honored and loved throughout the world. When you contemplate the effect of a series of setbacks like this, doesn't it make you feel kind of small to become discouraged just because you think you're having a hard time in life?

LAW OF ANCIENT CHINA.

A shipment of 2,172,000 eggs from China and Japan were imported in New York recently, the shipment coming to the United States by steamer and then by rail across the continent. They were held a train of 28 cars. They were shipped from the United States to British Columbia so they were apparently transported in a Japanese or British ship, and were imported across the continent on a Canadian railway, except for the short distance from the Canadian line down to New York City.

The price of eggs goes to Chinese and Japanese for the American freight goes to a certain ship owner, and probably all the freight charge on the railroad went to a Canadian company. Eggs being on the free list the shipment did not even pay a tax into the United States treasury.

In behalf of the American hen we protest against the free entry of Chinese and Japanese eggs into the home market. A reasonable duty ought to be imposed.

Were you ever confined to your home by illness and in your loneliness some friend brought into your room some flowers? If you have enjoyed this happy experience you will realize what The King's Daughters are doing in their efforts to raise money for their flower fund. At a silver tea to be given at the home of Mrs. Lizzie Harger on Saturday afternoon all will be given an opportunity to contribute toward this cause, and to join in the support of this fund. It is worthy of your assistance.

SECURED EQUIPMENT FOR GYM.

Through the efforts of Representative Milo N. Johnson, the Northville High school received from Lansing the first of the week a fine lot of equipment for the gym, consisting of three foot balls, one soccer foot ball, a volley ball, one basket ball, six indoor base balls, three indoor base ball bats. This donation was secured from the state commission having the supervision of all sparring contests, and the faculty and students are very grateful to Mr. Johnson for his efforts.

SECOND OFFICER DIES OF WOUNDS.

Detective Lieutenant David Morris died at Harper hospital early Wednesday from wounds inflicted when a band of robbers held up a Detroit bond house Monday. Another of the three detectives shot by the bandits, Sergeant Joseph P. Huskin, was reported in a critical condition. Lieutenant Eisenstein died Monday afternoon.

Police have no clue as to the whereabouts or identity of the bandits who escaped with \$10,000 in Liberty bonds.

A big day for dad and son and all
the folks—the most girl has been
selected—the wedding will rank.The bride for today will be
handsome appetizing food was
ready to serve—not a single guest
had arrived.The specially favored were the
busy to attend an evening were
a few there a little stopping over,
where even the messenger was
abused.A special taxi service was given
and given hurry up orders to get
enough guests to fill the ban-

NEIGHBORHOOD NEWS.

Holly Masons will give a musical show early in March.

Clark Richardson, for many years a prominent business man of Holly, died recently at Daytona Beach, Florida.

The Farmers' Savings bank of Milford became a state bank February 1.

A movement has been started to organize a community orchestra at Milford.

Arnold Kehrl of Plymouth was confined into the ministry at Lake Zurich, Illinois, January 18th.

Holly Masons expect to build their new temple this year. The building will cost in the neighborhood of \$40,000.

South Lyon Lodge, No. 319, F. & A. M. gave a social evening at their hall February 1st. Two well-known speakers gave addresses during the evening.

The city mail carrier service, in Plymouth has been extended, postmaster Hill having secured additional territory to be served by the carriers.

C. R. Ross & Son, formerly of Salem township, have purchased the green houses or Sunshine Acres at Plymouth and will make a specialty of growing cabbage and tomato plants for early planting—South Lyon Herald.

Miss Lila Durree has received a message, stating that Miss Sarah Holbrook, a former resident of Plymouth, passed away at her home in Hollywood, California, last Sunday. Miss Holbrook and her sister left Plymouth for Hollywood about a year ago—Plymouth Mail.

Big Crop of the Woodlot.

Woodlots yield to the farmers something like \$15,000,000 in a single year says the American Forestry Magazine but they might, with systematic management and care, produce several times that much.

ANGERED FATHER
IS SHOT BY SON

"SELF-DEFENSE" PLEA OF LAD
WHO SAYS MOTHER'S LIFE
WAS THREATENED.

QUARREL OVER TRIVIAL MATTER

Slain Man Known As Breeder of
Fast-Trotting Horses in
Southern Michigan.

Hillsdale—Defending the lives of his mother and two little sisters which he believed in danger during a family quarrel, Max Lyons, 17-year-old Hillsdale farmer boy, shot and instantly killed his father, Chester H. Lyons, well known Hillsdale county horseman. Although the son has been placed under arrest by Sheriff W. H. Bates, he has been allowed the freedom of his home, in custody of deputy sheriffs.

The Lyons' home is five and one-half miles from Hillsdale. According to the story told by the boy and his mother, the father returned home in a state of intoxication and became abusive. At a fit of violent temper, he is said to have threatened the mother and other members of the family with death, and while in this state flourished a revolver.

Fearing the father would attempt to put the threat into execution, Max went to an adjoining room, it is said, secured a double-barreled shotgun and returning fired both barrels at his father. The senior Lyons fell with wounds in his chest and stomach which caused his death almost instantly.

The slain man, who was about 50 years of age, was well known throughout southern Michigan as a breeder of fast trotting horses. His string had appeared for a number of years in the Michigan sprint ship races up to a few years ago.

James Sipman of Holly has secured the contract for furnishing the bicycle service on Belle Isle for three years.

Farmington Flashes

Mrs. Howard Warner is visiting in Grand Rapids.

Charles R. Talbot spent a few days recently in New York.

Farmington Lodge, F. & A. M., will confer the first degree Friday night.

The O. E. S. conferred degrees last Friday night. A number of visitors were present.

Howard Warner is enjoying a business and pleasure trip to the southwest.

Mrs. R. A. Babcock has recovered from her illness and has returned to her home here.

It is reported upon pretty good authority that a number of new business buildings will be erected in Farmington next summer.

Members of the Chamber of Commerce have organized a basketball team. They recently defeated a team composed of D. U. R. employees.

On Friday night an old-fashioned dance will be held at the town hall for the benefit of the Michigan Hospital School. The public is invited to attend.

Walled Lake Warbles.

Mrs. George Welfare is now convalescing.

Miss Ida Holmes is again able to sit up for a part of the day, after her long illness.

Mr. and Mrs. Ray Griswold went to Flint Monday to attend the funeral of an uncle of Mrs. Griswold.

Charles Wedow is again engaged in the real estate business, dealing in farms, village lots and homes. Call and see him.

Charles Wedow went out Monday morning and set five lines and in about ten minutes came in with two pike weighing 6½ pounds. Who can beat it?

The fourth number of the series of lecture course will be on Saturday evening, February 5, at the Methodist church. Everybody come and enjoy the evening.

While Fred E. Pratic was trimming apple trees the other day, he lost his equilibrium and went to the ground hurting himself quite badly, but is present is some better.

It does not beat all how Woman's Suffrage has encouraged the women. The men set lines and fish as the men do. That shows they are followers and not leaders.

Mr. and Mrs. H. R. Russell of Detroit, visited at the home of Mr. and Mrs. B. John Sunday. The Johns are the parents of Mrs. Russell.

Those two sermons which Rev. F. A. Bruns preached Sunday would certainly sober anybody into the future. Wish more people had heard them.

Mr. and Mrs. Beacher Mackay and daughter, Threene, were visitors at the home of Mr. and Mrs. Charles Wallow, in time to be participants of that fish dinner. They pronounced it a real treat.

Mr. and Mrs. L. J. Haab of near Northville, visited at the home of Mr. and Mrs. Perry Austin here Monday.

Mr. and Mrs. Austin being Mrs. Haab's parents. Mrs. Austin returned home with them for a few days stay.

While C. F. Rose was in Detroit Wednesday afternoon, he left his new Ford coupe standing at Shelby and Woodward avenues for a few minutes and when he returned to his surprise no car was there. It is this writing (Monday), he has no clue to where it is.

Wixom Whisperings.

Born Jan. 31, to Mr. and Mrs. William Witt, a daughter.

The following case is but one of many occurring daily in Northville. It is an easy matter to verify it. You cannot ask for better proof.

J. D. Miller, farmer, R. F. D. No. 1, Northville, says: "About a year ago I had a pretty severe attack of kidney trouble. I got down so I had to lay off work for six weeks. The doctor told me I had uric acid in my system and gave me medicine. He also put me on a diet. For a time it helped me, but the medicine seemed to lose its effect and if anything I seemed to be getting worse under the doctor's treatment. Backache nearly set me wild and the kidney secretions contained sediment and didn't pass freely enough. Doan's Kidney Pills were recommended to me, so I went to the Northville Drug Co. and got two boxes. It was no time before I was relieved. This remedy seemed to be just what I required and four boxes cured me entirely."

LOCAL

Ice cutting was recommenced on the local ponds this week. The bear failed to see his hibernation on Wednesday in this section. Village dances will be held next Tuesday night. These ought to be well attended. Mr. and Mrs. Mort Osborn and daughter, Francis, moved to a farm near Pontiac, Monday. A group meeting of Methodists was held at Pontiac yesterday. Mr. H. B. Marsh was in attendance. Mr. and Mrs. A. M. Zimmer and the former's sister, Mrs. Julia McKeith, have moved into the Neal bungalow on Randolph street. Have you renewed your membership in the Northville Automobile club for 1921? Every motorist in this section should be a member of this organization. The fire department was called to the residence of B. Hayes on Randolph street Monday morning, but fortunately the fire was extinguished without much difficulty.

Dick Rooney, for many years a familiar figure on Northville streets, died at Elkhorn, Saturday. The remains were brought to Northville Monday and burial was in Rural Hill cemetery.

A free concert will be given at the High school, Tuesday evening, February 8th, under the management of the Parent-Teachers' association. J. Parke of Wayne will have charge of the program. The public is invited to attend.

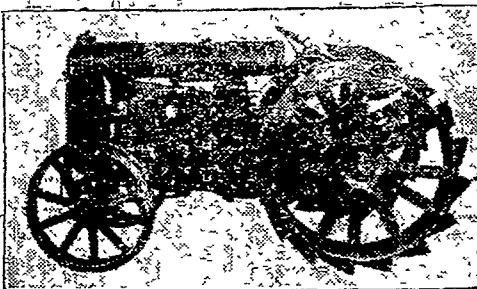

There will be a cake sale given by two classes of the Baptist church at Huns' hardware, Saturday morning Feb. 5th at nine o'clock. The following articles will be for sale: pies, cakes, cookies, fried cakes and homemade salad dressing.

St. Mary's society will give a box social at Forester hall on Monday evening, February 11th, at eight o'clock. Cards and dancing will be the amusements for the evening. Ladies bring boxes containing lunch for two, which will be sold at auction. The public is cordially invited.

Basketball fans enjoyed a real carnival of sport Wednesday night at the High school gym. The High school teams—girls and boys—defeated the Wayne High school teams and then followed an exciting game between the Northville Maroons and a team from the Sanatorium. In all these events Northville carried off the honors.

D. B. Bunn, local dealer for Ford cars and tractors, has an important announcement in today's paper. Owing to the fact that the Ford plants have been closed down for two months, Mr. Bunn says he does not expect to be able to secure enough cars or tractors to supply the demand. He advises all who contemplate buying either a car or tractor to place their order now. Last spring he could not fill the orders he received late in the season, but he could have done so had they been placed early.

Ford
THE UNIVERSAL CAR

SPECIAL ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company gives out the following statement:

The Price of the Fordson Tractor Has Been Reduced From \$815.00 to \$650.00

Delivered Here

EFFECTIVE IMMEDIATELY

This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way effecting our high standard of quality.

We are particularly pleased in being able to bring about this big reduction at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefitted through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the Fordson Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery.

There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money-making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the Fordson within the reach of all.

There is no change in the present Ford car and truck prices, which are already at the lowest possible figure and now with rock bottom reached on the tractor price.

A Further Reduction in Price of Either the Car, Truck or Tractor Is Out of the Question.

in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained.

Therefore, present prices of Ford products cannot be guaranteed against possible increases.

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, or in any general business or power work you have to do and let us have your order for a Fordson.

Place Your Order Now

If you desire a Car or Tractor this spring you will do well to get your order in NOW. By April 1st it will be almost impossible to secure delivery.
