MASONS PAY TRIBUTE TO WASHINGTON

W. H. YERKES IS NOW TOWNSHIP SUPERVISOR

A large crowd gathered at the Masonic hall on Monday evening to participate in the proper observance of Washington's birthday and to attend the annual get-together meeting of Masons and their families. The officers of the lodge planned a very enjoyable and interesting program and at eight o'clock the assemblage was called to order by Worshipful Master Ray VanValkenburg, who extended a cordial welcome to all, and announced the splendid program.

Messrs. Scott Montgomery and Gordon Moffit rendered a selection on the piano and violin while the guests were being seated, and were warmly applauded. Miss Julie Falkins and Karl Bryan each contributed vocal numbers and kindly responded to the hearty responses given. Miss Irene Marsh played two piano numbers and Mr. and Mrs. J. Parre of Wayne rendered a number of selections upon the violin and piano, greatly to the delight of all.

The addresses of the evening were given by the three village pastors and the subjects assigned were as follows:

"Washington The Man," Rev. H. Grimwood; "Washington The Patriot," Rev. E. V. Belles, and "Washington The Mason," Rev. H. J. Marsh. Each speaker related many interesting phases touching the life and character of the great American and impressed upon their hearers the great fact that two of this present day owe a great debt of gratitude to Washington for the service he rendered to his and our beloved country.

At the conclusion of the program a buffet lunch was served in the dining room, approximately 350 guests partaking of the fine meal prepared by the committee.

PYTHIAN GOLDEN JUBILEE CELEBRATION.

An event that means much for the Knights of Pythias will be the celebration of the fifty-fifth anniversary of the founding of the order in Michigan. Olympic Lodge No. 1 was instituted in Detroit on March 1, 1871, and in honor of the founding of the first lodge the Grand Lodge at its recent session declared that 1921 should be "Pythian Golden Jubilee Year," and all over the state the Knights are planning to properly celebrate their half-century of existence in Michigan.

In Detroit on March 14th a huge meeting is to be held in Orchestra Hall at which the Supreme Officers will be present, as well as all Grand Officers. One of the principal speakers will be Governor Alex. Gruenberg, who is a Past Chancellor of Olympic Lodge No. 1.

The Knights of Pythias has a membership in Michigan of about 25,000, and in the Supreme Dominion of nearly a million members.

NEW GOLF GROUNDS.

Gust Pankow, who will have a sale at his farm on the Seven Mile road on Thursday, March 10th, sold his farm last fall to the Northland Golf and Riding Club of Detroit. Some work was done last fall on the grounds to be used as the golf links and in the spring extensive improvements will be made about the farm.

Mr. Pankow has purchased a home in Plymouth and will move there about April 1st. Mr. and Mrs. Pankow have richly earned their vacation and it is the hope of their many friends that they may live to enjoy many years in which to "take life easy."

GENTLEMEN WERE ENTERTAINED

The members of the Woman's club observed gentlemen's night at the Library building last Friday evening when their husbands and gentlemen friends, were pleasantly entertained. Mr. and Mrs. John Thibault and Harold Wilson gave a number of musical selections. Mrs. Palmer of Detroit sang three numbers and Geo. A. Walters, secretary of the Detroit Police Commission, gave an interesting address upon the theme, "The People and the Police." Refreshments were served at the conclusion of the program.

NORTHVILLE DEFEATED ADRIAN

Northville's High school debating team won additional honors last Friday night at Adrian, when they met and defeated the team representing the High school of that city. Northville was represented by Misses Elizabeth VanValkenburg, Eliza Murdoch, and Mildred Baldwin and their opponents were three young men, and naturally "our girls" are very much pleased with their victory.

Northville's debaters were accompanied to Adrian by Miss Jean Jackson.

Fred P. Simmons, who returned from Florida for a few days, surprised his friends and supporters by tendering his resignation as supervisor and withdrawing his name from the Workmen's ticket as a candidate for village president. The resignation was accepted by the township board, of course, and W. H. Yerkes was prevailed upon to accept the position for the remainder of the term until the April election.

Mr. Simmons has purchased some land at Clermont, Florida and has workers engaged in the erection of a residence on his newly acquired property, and he expects in the future to spend his winters in the southland. He returned to Florida Thursday night.

The township board was fortunate in inducing Mr. Yerkes to accept the appointment. He is widely known throughout the township, and is well qualified for the duties which the office will impose.

MASQUERADE BALL A GRAND SUCCESS.

The masquerade ball given by the Royal Neighbors at Foresters' Hall on Tuesday evening was a success in every way and was pronounced one of the most delightful affairs of the season. Montgomery's orchestra furnished the music for dancing and the large company made merry until a late hour.

The real fun began when Ike paraded the dance hall. Some 250 people watched Ike as he incongruously marched around the room. There was never any doubt that Ike would win a prize. His costume was not only complete and accurate in every detail, but his clever acting was sure to capture one of the awards in the list of prize winners. Ike, the Jew, was identified in Harry Shafer.

Mrs. Leah Hicks, dressed as the Goddess of Liberty, won a prize as having the most beautiful costume. Miss Merrithew as having the most comical costume won the ladies' The prize for the most original man's costume went to Carl Wick of Plymouth, disguised as Uncle Sam. The judges were Frank Mills, Carl Ely, and Stewart Montgomery. For variety and beauty of costume, the masquerade has seldom been surpassed. Some of the designs were extraordinarily complete. A grand march adds one of the most delightful features of the evening. The committee in charge of the masquerade, Hester Payne, being chairman, was Mrs. Eva Mariz, Mrs. Lena Sowles and Mrs. Leah Hicks. After the grand march the orchestra struck up the Star Spangled Banner and there was some vigorous singing.

In behalf of the B. S. A. the committee wishes to thank the prompter, Guy Nichols or Novi, also the judges and the orchestra for their kind assistance, also the public for making this a success socially and financially. The net proceeds were \$54, which amount will be used for the up-keeping of this society so that the horses where the little ones prevail may be protected.

Member, R. N. A.

GAVE FINE ENTERTAINMENT.

The entertainment given by the Tennessee Duo, as the third number of the Foresters' entertainment course at the Auditorium on Friday night was a delightful treat and in spite of the many other attractions nearby every seat was occupied. The receipts from single admissions were more than \$30. The young ladies composing the company presented a program that greatly pleased the large audience.

There is still another number to be given on this splendid course of entertainments which the local Foresters have presented to the people of this community. Watch for the date.

FAIR OFFICERS ELECTED.

At a meeting of the directors of the Northville Fair association held Saturday night officers for the ensuing year were elected as follows:

President—J. A. Huff.
Vice-president—T. E. Murdoch.
Sec. and Manager—C. A. Ponsford.

Treasurer—Ray Richardson.

Plans for the 1921 fair were discussed and it was the opinion of all present that every effort should be made to make the annual exhibition better and bigger than ever.

Miss Dorothy Dubuar, who is attending the U. of M., spent last week with her parents, Mr. and Mrs. C. L. Dubuar.

TWAS SAID

Custard pie and currant pudding reposed in all their luscious temptress on the table in front of him. Willie liked both. He was torn, with conflicting emotions.

"Which will you have, Willie?"

"Custard pie," graped Willie, after a long and painful struggle.

"But what?" asked Willie's parent, wishing him to add please.

"Willie didn't understand."

"Pie what?" she repeated sharply.

Then Willie had an idea, which seemed to solve his difficulties and make the world bright once more.

"Pie first," he answered.

What 4% Means

THE NORTHVILLE STATE SAVINGS BANK OF NORTHVILLE pays 4% interest, compounded twice a year. What does 4% compound interest mean? It means that if the interest is allowed to remain on deposit with the principal sum, interest will be paid on interest—that is, \$1.00 placed at 4% compound interest, will double itself in a little less than eighteen years through the interest additions.

To secure the best results it is necessary to set aside weekly or monthly a fixed sum from your income, and deposit it to your account. The tables here given show what may be accomplished by this method. The interest earnings equal from 20 to 50% of the money deposited during the periods shown. That is, if monthly deposits of \$5 are made for twenty years, the total sum would be \$1,240. With 4% compound interest, it will amount to \$1,833.50; the earnings added equaling \$633.50, or 52 1/2% of the money actually saved.

Frank Warmer will sever his connection with the clothing house of M. N. Johnson & Co. and accept a position elsewhere.

About twenty of the young married people of the village made Mrs. Neal's "call" Saturday night, the occasion being her birthday anniversary.

An important deal was consummated on Main street this week, whereby T. G. Richardson bought out the entire M. N. Johnson & Co. clothing and furnishing business.

"T. G." will divide his time between his dry goods and clothing store and has engaged the services of M. Johnson to continue the latter business which he has so successfully conducted for the past ten years. This clothing store will moreover be known as "The Star Clothing House". T. G. is well known about Northville as a hustler and his career here has proved that to be the right of the word.

As predicted the leap year ball given last week by the G. & J. Club in honor of Washington's birthday was probably the most delightful occasion ever held in Northville. The "grind" march started at 8:30 and was led by Miss German and Shaffer and the Misses Lee and Kitee. In this there were about forty couples; and by ten o'clock the number on the ball room floor was seventy couples. The dancing was very elaborate and the entertainment.

Six of the nominees were selected to succeed themselves as follows: Justice of supreme court, Joseph B. Moore; Lawyer, Joseph H. Steele; Senator, Mr. Marie, and Howard West; Lansing, regents of universities, W. H. Sawyer; Hillsdale, Victor M. Gordon; Benton Harbor, state highway commissioneer, Frank P. Rogers; Lansing, superintendent of public instruction, Thomas H. Johnson. Goldwater, man in state board of education, Fred A. Morris; Dan equal.

John A. Doane, Mary the maid, M. McPherson, Fred, county warden nominated for members of the state board of agriculture to succeed W. H. Knobell; Chapman and E. T. Waterbury; Highland both of whom were re-elected. Paul D. Culver was again chosen as chairman of the Republican state committee and Dr. E. M. Ward was named secretary.

CUT OUT THE LOSSES.

Prosecuting Attorney Voorhees is conducting an investigation of the bread situation in Detroit for the purpose of leveling down the price. Bakers claim they are still using high priced flour and the large supply they have on hand and the additional operating expense of high labor costs make it impossible to produce bread at reduced prices.

There is an immense waste in the bakery business, especially in the production and marketing of bread, that it would seem might be eliminated to a considerable extent. Is there any reason why a half dozen big trucks should visit every day about Detroit every day with bread? Nearly every store in Northville sells, no less than four or some as high as eight different makes of bread. The bread is delivered by the representatives of the city's baking companies with the understanding that if there are any loaves not sold they will be reclaimed and due credit given for them. As a result of this duplicity of salesmen, ship and unsaleable supply of bread, hundreds of loaves are returned each day and in the aggregate thus must represent an immense loss to those who produce the bread.

This unsold bread is sold to poultrymen and farmers by the truck load to be fed to chickens and young pigs, when it should be used to feed the hungry women, men and children of the city.

One company—if it is necessary for local dealers to sell outside bread—could supply the needs of a number of towns just as well as a half dozen trucks. The expense of operating these trucks and the salaries of their drivers would amount to a very large sum each month. Why not cut out some of this unnecessary expense and give the public the benefit of the savings?

But few well-meaning clear-thinking people will applaud the action taken by Judge Lamb in suspending the case against the young bank clerk because he received a salary of only \$90 per month. This is one more held a responsible position, and while it is true that a man was small measured up to the day method when he took a portion of the bank funds for his own use, he became fit a common thief. It is better to live on hobbies and hobbies than to live in it has and leaves an entire reputation ruined and your good name destroyed. To applaud the conduct of this young man is equivalent to saying to every young man if you do not receive where it salary, just turn yourself to your employer. Funds until you are satisfied with your compensation.

If Judge Lamb is to apply his new rule to organized labor, it is the sooner his office is discontinued the better it will be for our national game.

Dental insurance of Detroit school children is costing that city a premium of \$25,000 a year. This amount to about seventeen cents a child and is preventing many cases of rheumatism, acute infection, indigestion and appendicitis as is declared. An examination of 2,000 children last December showed 96 per cent had some dental defect. In a school which had been participating in dental clinics for several years examination showed only 18 per cent with dental defects.

President-elect Harding made a very popular appointment when he selected Ed. J. Denby of Detroit, as secretary of the navy in his new cabinet. Mr. Denby is splendidly qualified for the position and his appointment is a fitting recognition of his many excellent qualities as a man and a public official.

The appointment of Charles E. Hughes of New York as secretary of state in the new Harding cabinet will give universal satisfaction. If the other cabinet positions are filled with men of equal ability and standing the country will applaud the new president.

Governor Groesbeck has served notice on the law makers at Lansing that he will not consent to a cession of a lot of new boards and commissions. There are too many of these creatures in existence now for the good of the state.

AS AN INVESTMENT

ARE YOU A 10-5 OR 3%

VARIETY?

You are managing a large estate—five or one tenth worth.

Being in full charge your word is law—the success or failure yours alone—the final accounting certain.

Being unable to wash your hands of responsibility wouldn't it be a wise idea to keep track of things—know the value of what you manage?

Making good is the goal set for all of us—if we are sharp-eyed—keen witted—alert we shall see opportunities to make a profit on what we started with—win approval for our administration.

If we come back with a lame story—excesses—try to evade responsibility—our situation will be different—difficult—dangerous.

Wouldn't it be interesting to know what some of your fellow-towners think of investment values?

Come and see.

NEIGHBORHOOD NEWS

The O. E. S. of South Lyon gave a party on Tuesday evening, the 22nd.

Pontiac Masonic bodies have purchased land upon which they propose to erect a temple to cost \$600,000.

The annual banquet of the Oakland County Pioneers and Historical society was held February 22, at the Central Methodist church, Pontiac.

There will be a shadow social at the town hall Satem, Friday evening, Feb. 25. Everyone invited. Music, good supper, and lots of fun. Given for the M. D. and Baptist aids, Frank J. Boyle, auctioneer.

Washtenaw county democrats have chosen George W. Burke of Ann Arbor, an attorney, as county democratic chairman to succeed William H. Murray. Resolutions were passed endorsing the record of the party.

When he failed to return to his home at 285 Oakland avenue Sunday noon members of the family or Chas. and Florence Pontiac implement dealer, went to his store at 28 West Pike street where his body was discovered suspended from a rafter in the roof.

Farmington Flashes

Mrs. Florence Moore, widow of the late Dr. J. K. Moore, died at her home in this village Friday morning, aged 74 years. She was born in this township, and her whole life has been spent here. Funeral services were held at the Universalist church Monday afternoon.

Farmington township has been divided into two election precincts. The republicans of Farmington township will hold their caucus on Saturday March 12th.

The residence of Chas. R. Talbot was threatened with destruction by fire on Wednesday evening last. The fire department made quick reponse and extinguished the fire.

Another of Farmington's old and esteemed citizens passed over very suddenly Sunday. Mrs. Estella Murray, aged 67 years, was taken suddenly ill at the home of her daughter, Mrs. Harry Moore, and died within a few hours. She is survived by two children, a son, Vart Murray of Lyndon, and Mrs. Harry Moore, of this place, also two brothers, George Spangler of Wyoming, and Sam Spangler of Midland. Funeral services were held Monday afternoon.

NICHOLS SCHOOL WON C.P.

The championship cup won by Oakland county rural schools at the 1920 state fair for the best school exhibit in the year, has been received from the state fair association by L. G. Orlinskever of L. Craft and will be forwarded to the Nichols school, on Main Street, Farmington.

The cup is of antique copper and is decorated with silver tracery and silver and design on which the details of the drama and the name of the winning county is inscribed. The cup is the third won by Oakland county rural schools at the state fair.

TO TAX BONDS.

Additional property to the value of \$70,000,000 would be placed on the tax rolls by the passage of the bill introduced some time ago by Rep. Lord of Wayne, and favorably considered by the House committee on the subject. This bill would repeal the present exemption from state taxation of bonds and securities issued by other states and municipalities outside of Michigan. Rep. Lord stated that while \$1,000 invested in agricultural land in Michigan would pay an equal tax of about \$24, the same amount of money invested in a foreign bond returning for fifty years would pay only 13 cents tax per year.

SLADE TIMELY ROUND-UP.

Deputy William McKinley, South Lyon, Sunday night rounded up seven or eight boys who Saturday night escaped from the state industrial school at Lansing, and who had made their way to the village. The boys were in a vacant house when the officer arrived but scattered and ran. By diligent work Deputy McKinley managed to round up seven lads and bring them to the jail here. All gave their names to Detroit. They were turned over to County Juvenile Agent Frank Jackson, who in turn notified authorities at the school. The boys' ages ranged from 12 to 15 years.

Oxford—Andrew P. Glaspie, father of A. B. Glaspie, one of Oakland county's representatives in the state legislature and one of the oldest and most widely known Oxford and Oakland county pioneers, died at his home here Sunday evening, of a complication of diseases.

Detroit—Police searching for violators of the narcotic, prohibition and other laws, Saturday, visited the Chinese temple at Third and Porter streets and took into custody eight Chinese. The detectives assert they found opium pipes and other paraphernalia used by opium smokers.

PATRIOTIC FUND TO AMERICAN LEGION

COMMUNITY COUNCIL VOTES TO GIVE \$221,713 TO STATE VETERANS.

USE MONEY FOR RELIEF WORK

Fund Disposal Action Now Goes to County War Boards for Final Approval.

Grand Rapids—Possibility of Michigan losing \$221,713 remaining in the Patriotic fund in the event of the passage of the Culver bill, abolishing the Michigan Community Council commission as stated in press dispatches, has been anticipated by the commission.

The commission, which in its report to the legislature, asks that the law creating it be repealed, has voted the entire balance of the fund to the welfare department of the American Legion department of Michigan, to be used in Michigan, for the relief and care of needy ex-service men and their dependents and such other purposes as may be consistent with the objects for which the fund was raised.

This action, went ratified in a referendum to the county war boards, disposes completely of the trust placed in the commission when it took over the trusteeship of the Patriotic fund from the United War Work state campaign committee, following the creation of the commission by legislative enactment. It clears the way for the commission to close up its affairs and cease to exist as a department of the state government, and saves the money in the Patriotic fund for use in this state.

SENATE LIMITS IMMIGRATION

Substitute for Johnson Bill Permits 354,000 to Land in 1921.

WASHINGTON—A drastic measure against immigration during the next year was adopted by the Senate, which by the overwhelming vote of 61 to 2 passed the Dillingham Immigration Restriction Bill after adding amendments to increase its restrictive features. In the form adopted the bill, it is estimated, would limit the number of immigrants during the next 12 months to slightly more than 355,000.

The average annual immigration from 1910 to 1914 was 9,221,462.

Waisted Lake Wishes.

The Misses Lucy and Ida Pratt, returned home Tuesday.

The ice is fast going out of the lake and is now considered unsafe.

Mrs. Isabella Tuttle went to Detroit Saturday to visit her parents and an aunt.

Bruce McKnight has the honor of being the first one to take a bath in the lake this season.

Robins and blue birds were seen here last week. This is an indication of an early spring.

Mr. and Mrs. Charles Wedow were at South Lyon Saturday on business, and while there called on Mr. and Mrs. Beecher Mackey.

Charles Coe and daughter Gertrude went to Detroit Friday to attend the funeral of Percie DeGarmo, who suffered a stroke about a year ago.

Waisted Lake village is much in need of homes, as a number of families will need to move out of town this spring for lack of places in which to live.

The Woman's Christian Temperance Union of Waisted Lake has called a meeting to be held in the M. E. church Tuesday evening, March 1st. This is a community meeting and an invitation is extended to adjoining town's folks. A fine program has been arranged, with the county president, Myrtle E. Lockwood, of Holly, as speaker. A pot-luck supper will be served from 6:00 to 8:00 p. m. Come and see how it seems to eat some other woman's cooking. It will only cost you 3¢ for supper and the entertainment.

YOUR MONEY**Is it Spent or Invested?**

When you make a purchase these days you insist upon value received—you're not looking for an opportunity to spend your money—but to invest it.

THE ELECTRIC WASHER

Is a real investment—it's even more than a money saver—it saves your time, clothes and health in addition.

The Electric Washer will cut out entirely high prices of laundries and washwomen with their indifferent work. Your clothes will last longer and look better because they have been carefully washed—under your own supervision—automatically—by electricity. It washes, rinses and bleaches—all the real work—and does it in one-third the time.

What you save in laundry bills pays for the machine.

Call and let us demonstrate.

THE DETROIT EDISON COMPANY

Fordson

More and more every day the demand for the Fordson Tractor increases because the Fordson has demonstrated so much usefulness, so much economy, so much labor saving, so much money saving, along so many lines of activity. The farmer has discovered that not only for plowing, harrowing, discing, seedling, mowing, reaping and threshing, but a multitude of other uses cutting wood, feed, grinding feed, churning, washing, furnishing water in the house, making electric light possible in the house and around the barns; so that, as a matter of fact, there is hardly an hour in the day when the Tractor cannot be made a profitable servant. There is ditching to do; there are roads to fix; and so on down along the line of the numerous calls that constantly face the farmer the Fordson steps in and does the work, one might almost say "drudgery."

This is the Age of Machinery, the day when man plans the day's work, or the year's work, and then turns it over to the Tractor to execute. Get the book, "The Fordson at Work," because it is free. If you cannot call for it, write and we will mail it to you. The Tractor is not only necessary to every farmer but is an established utility along a great many commercial lines. Our allotment is limited to so many each month. Let's have your order now.

Our advise is Phone your order now.

DETROIT THEATRES

"Kissing Time," a melody play, which was one the season's earlier successes at the Astor theatre, New York, will be the attraction at the Shubert-Detroit during the coming week. Ivan Caryll has contributed a delightful score and Philander Johnson, has furnished the lyrics.

The romantic escapade of Polydore Cliquot, an elderly Parisian banker, furnishes the plot. To promote efficiency he insists that the clerks in the bank shall be married before they earn promotion and he gives an annual dinner at which they can present their wives.

The clerks, who find it convenient to have a wife only on this annual occasion, engage girls of their acquaintance, to pass as such and fool M. Cliquot.

"Irene" the delightful smart musical comedy, sponsored by the Vanderbilt Amusement company, which is carded for the Garrick Theatre, Detroit, for two weeks beginning next Sunday evening, February 27th, with the recommendations of continued popularity in New York and London, and some of the most fitting musical numbers that have ever been sung and danced in New York and London.

The witty bock of "Irene" is by James Montgomery, author of such successes as "Going Up" and "Nothing But the Truth." The spirited score is by Harry Tierny, and the lyrics that match the melodies by Joseph McCarthy.

OAKLAND'S FARM BUREAU MAY 60 ON STRIKE

A Postage dispatch Tuesday stated there was likelihood of a fight to bring about secession of the Oakland County Farm Bureau, one of the largest in the state, from the Michigan Farm Bureau, was being discussed Tuesday at the bureau offices by members.

It is understood that such an effort may be the result of the action of C. A. Bingham, of Birmingham, from the state official organization and defeat of his executive committee plan of handling.

In A. Hobden, president of the Oakland unit, is said to be in sympathy with the Bingham side and although he denied having a part in such a step, he admitted Bingham was expected to appear before a meeting of delegates here Saturday.

That there are more than 20 other threats in various counties which may be asked to join such a movement was indicated by members here. The units, it was said, are sympathetic with the Bingham side and may be induced to act in unison in due course.

However, it is added there would be strong opposition to the secession proposal should it be submitted and the possibilities are even for separation or complete disruption of the Oakland bureau as it now exists.

Oakland's bureau has set a high mark during the past year in co-operative buying of farm supplies and has developed co-operative selling, although not to the same point.

STUDENT YEARLY TESTS.

Compulsory yearly physical examinations for tuberculosis of every person in the state would do more to immediately lower the incidence of the disease than any other combative measure, believes Dr. George H. Ramsey, director of the tuberculosis division of the Michigan department of health's traveling clinic, who at present is making a tuberculosis survey of the inmates of Ionia reformatory.

If tuberculosis presented itself at its onset some definite symptoms, as small-pox does, for instance, it would be much easier to control, declares Dr. Ramsey. "It is the insidious nature of the disease during its early stages that makes it difficult to detect. For this reason yearly physical examinations are the most logical means of securing immediate results in curbing the development and spread of tuberculosis. Lack of periodic examinations is as strong an ally of the disease as is lack of fresh air, sunshine and proper food."

Years will elapse, according to Dr. Ramsey, before the high mark of the prevalence of tuberculosis is reached. The present generation which is waging the campaign against the great white plague, he says, will not receive the greatest benefit from the work though the coming generation will see a definite and continued decrease in the number of cases and will profit by what is being done today.

South Lyon—"Jean Val Jean" will be the picture shown at the community night gathering in the Motel.

PLAN TO IMPROVE

D. U. R. SERVICE

Local businessties them to lot every day from Northville, Farmington and Redford, and inter-

ting points, have felt the desire and need for some plan that would improve the D. U. R. service—some plan whereby those who make the trip to the city and return daily might be comfortable in making the journey and not to be compelled to stand as they journeyed homeward after a business day.

A number of propositions have been proposed, and the latest of these to receive the attention of some of the daily travelers is the establish-

ment of a private car service. The plan has been submitted to the D. U. R. officials and they have given their endorsement to the proposition, providing enough passengers can be secured to make the venture a financial success.

The plan proposed is to have an additional car added to the service to be known and designated as private car for the exclusive use of those who are willing to subscribe to the proposition to make a daily trip and to pay the regular fare.

To secure this improved service it will be necessary to secure fifty daily

travelers to Detroit from Northville, Farmington and Redford, including

of course, those who live along the way and who go to the city on the electric or by auto each day.

This private car will leave either before

or just after the regular limited car and will pass the limited somewhere in the vicinity of Redford, both morning

and evening. By this plan those who subscribe to the proposition will be assured a comfortable journey both to and from the city because only

enough passengers will be accepted to permit all to have a seat.

Doubtless a meeting of the daily

travelers will be held in Northville or Farmington soon in an endeavor to

secure the necessary number of sub-

scribers to the new plan. This would

certainly prove very popular and the

plan would provide service to this

portion of the country not now ser-

ved by any of the communities sur-

rounding Detroit.

The Record would be glad to hear from those who travel to the city

every week day and to ascertain just

what they think of the proposed plan.

If fifty passengers can be secured the fare would not be any more than it is at present. If it is not possible to

secure fifty, then those who enjoy

the improved service would have to

make the daily receipts equal to fifty

fires.
