LIVED TO BE ALMOST A HUNDRED YEARS OLD.

Thomas Edward Coon who would have been one hundred years old had he lived until next August, died at the home of his daughter, Mrs. C. P. Bissell of this village as the clock was striking the midnight hour Monday night. He often spoke hopefully of being able to reach the century mark, but the grim messenger claimed him before he had reached his coveted goal. Mr. Coon was born in Norwood, Ont., August 30th, 1821. His life's companion, Liana Jane Coon, died in June, 1915. Since that time he has resided with his daughters, coming to Mrs. Bissell's home in June, 1917.

Early in life he united with the Baptist church and during his long and useful life remained steadfast to the faith and died as he had lived, a devoted trusting Christian. He chose the occupation of a farmer and had much to do with the development of the fruit industry in Allegan and VanBuren counties, where the most of his life was spent.

He is survived by five daughters, Mrs. Lydia Crinkshank, South Haven; Mrs. Carrie Hubel, Grand Rapids; Mrs. May Coburn, Grand Rapids; Mrs. Cora Bissell, Northville, and Mrs. Nora M. Mastriani, Detroit. Brief services were held at the home of Mrs. Bissell Wednesday afternoon and the remains were taken to his old home at Grand Junction for burial beside his beloved wife. Funeral services were held there Thursday afternoon.

REDFORD BANK BANDIT AGAIN CONVICTED.

Joseph Blazenzitz of Hamtramck was convicted of first degree murder for the second time by a jury in circuit court late Saturday night.

Blazenzitz was charged with the murder of Thomas Houghton, president of the Redford State bank, on December 14, 1918. Houghton was shot and killed by bandits who attempted to rob the bank.

Blazenzitz was first convicted in March, 1919, before Judge Ormonde F. Hunt in circuit court, and was sentenced to Jackson prison for life. The Michigan supreme court granted him a new trial on the ground that an important witness had not been called. The second trial was held before Judge Harry J. Dingeman. Blazenzitz was remanded to the county jail to await sentence. Detroit Journal.

GERMANY BUYING FLOUR AND CORN.

Hamburg, Germany, is again a point of destination for American food stuffs according to the movements of the Pere Marquette Railway. On Saturday March 19 at 10:30 a.m. a shipment of 42 cars of flour left Ludington by Soo Line train and was delivered at 8:00 a.m. Monday, Mar. 21 to the Lehigh Valley Railroad for the seaboard. This train and a 25 car train of corn for export with the same destination appears to be among the first shipments of any consequence that have been routed across Lake Michigan via Ludington since war was declared against Germany. The consignment originated at Minneapolis, Minn.

TO HOLD WELFARE CONVENTION

The welfare of women and children in Michigan will be a predominant note in the big social welfare convention of county advisory boards of the Salvation Army to be held in Lansing at the city council chambers on Thursday, March 24th.

The need of the women of the state will be presented in the report of the county boards and the recommendations of the State Advisory board, headed by Henry M. Leland, Detroit. These reports will be supplemented by addresses on the part of Lt. Col. Mary Stillwell, head of the rescue work in 23 central western states, with headquarters in Chicago, and State President Leland.

HOME TALENT PLAY A SUCCESS.

The play given by the Epworth League last Friday night was a most delightful success and the "S. O." sign had to be displayed, every seat in the Algonquin having been sold before Friday morning. All who took part did exceedingly well and the audience expressed its pleasure with frequent applause. Miss June Wilkins and Ray Van Valkenburg sang solos and kindly responded to the hearty encore given.

So well did the play please those who were privileged to be present Friday night, and owing to the fact many could not secure seats, it will be repeated on Wednesday night, next.

Mrs. Leon B. Slater of Ludington spent a few days last week at the home of her uncle, W. W. Thayer.

FORMER NORTHVILLE MAN HONORED.

From the Milwaukee, Wis., Journal of the 15th we are permitted to take the following, which will be read with pleasure by Mr. Webster's old friends in this community:

"Brayton O. Webster, assistant superintendent of the Delafield fish hatchery, was nominated Tuesday by Gov. Blaine as a member of the state conservation commission to replace James Nevin, Madison.

The nomination was sent to the senate for confirmation, with three appointments to the state fair board. All appointments went over under the rules. Mr. Webster's appointment is for six years at a \$3,500 annual salary.

While it has been generally conceded that Mr. Nevin would not be re-appointed, it has not been known whom the executive was considering. Mr. Webster is 47 and has been engaged in fish culture twenty-two years. His first work was done under Frank N. Clark, Northville, Mich., for the federal bureau of fisheries, where he served seven years. He served three years with the Pennsylvania fish commission and twelve years ago came to Wisconsin and was placed in charge of the hatchery at Wild Rose. For the last ten years he has been at Delafield in charge of the bass and pike hatcheries.

NORTHVILLE HI WOM IMPORTANT PLACE IN TOURNAMENT AT YPSILANTI.

The Northville High School basketball team with three substitutes and Coach Winn started on the 2:30 car Thursday for the tournament at Ypsilanti. After registering at the gym and getting rooms the teams and officials were lavishly banqueted by the Men's Union of the Normal college. Following the banquet several short and spicy tournaments were given and at 7:00 the draw for teams took place. At 7:30 four games were played, at 8:30 four more and at 9:30 the remainder of the teams played. Northville drew 1st and according to previously arranged schedule the teams played at 9:30. At the end of the first half victory for the orange and black was certain and substitutions were made and the boys instructed to save their best efforts for the later games. The score was 45 to 38. Friday afternoon Northville won from Petersburg in a score of 16 to 9. At this time only four of the twenty-five teams were left in the race Northville, Milan, Britton and Farmington. In the semi-finals Friday night, Britton won from Northville 19 to 13 and Farmington won from Milan Saturday morning. Farmington played Britton for first place and won.

FORNSTERS TO GIVE ANNUAL BANQUET.

On Friday night April 1st Court Northville Foresters of America will celebrate its nineteenth birthday with a banquet and entertainment, and big plans are being made for the event. Committees have been chosen and they are hard at work perfecting arrangements for the affair. Supper will be served from 6:30 to 8:30 and then the tables will be cleared for the fun which will surely follow. The following committees will have charge of the arrangements: Executive—F. Woodmansee, Roy Kramer, Willard Cole. Invitation—Robert M. Pickel, Geo. Mertz, R. Van Valkenburg. Music—W. A. Crane, Ed Masters, Wm. K. Green. Refreshments—Ed. Masters, Chas. LeFever, Walter Kreitow, Wm. K. Green. Reception—Mr. and Mrs. W. A. Crane, Mr. and Mrs. Lester D. Stage, Mr. and Mrs. Art Tocé. Decorations—Ralph Richardson, W. A. Crane, R. M. Pickel, Perry Austin, Charles Mankin, George Dixon. Floor—Rev. Cramer, George Mertz, Willard Cole.

RESIDENCE DAMAGED BY FIRE.

An over-heated furnace is believed to have been the cause of a fire at the home of Leo Lawrence on the Fishery road Monday forenoon. The department was called out and with the aid of a number citizens the fire was finally located after much hard work. The fire was eating its way through the building between the walls and it was necessary to make a number of openings before the blaze could be located.

The house was so badly damaged that Mr. and Mrs. Lawrence were forced to vacate and are now at the home of Mr. and Mrs. J. A. Black, Mrs. Lawrence's parents, up Cadry street. The damage will amount to several hundred dollars.

Protecting Your Investments

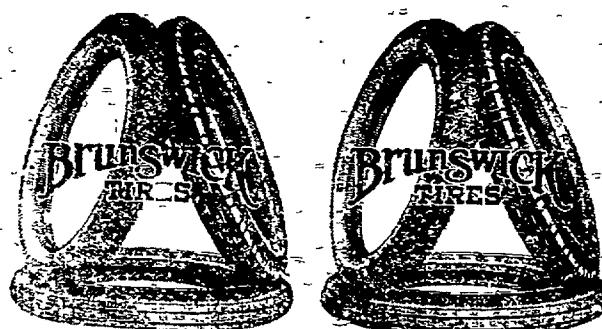

You wouldn't put your money in an unsafe bank nor would you be without fire insurance. But how about insurance against the weather? There's something your fire insurance policy doesn't cover and weather is just as important an agent of destruction as fire.

Your home represents a considerable investment. You would take the greatest care in buying stocks with the money your home cost or in selecting a bank in which to deposit it. You would want maximum protection. Consider the weather. Sun, rain, snow, heat, cold, frost—all these destroy property. And property which begins to decay loses its value. You need the best protection you can buy against weather.

SHERWIN-WILLIAMS PAINTS AND VARNISHES

are manufactured first of all to protect your property against decay. That's the biggest reason why you should use them. Besides they add to the life of your buildings and increase their value. Then too, they beautify your property as well.

Stop at our store. We have some interesting things to tell you about Sherwin-Williams high quality paints and your property.

What 4% Means

THE NORTHVILLE STATE SAVINGS BANK OF NORTHVILLE pays 4% interest, compounded twice a year. What does 4% compound interest mean? It means that if the interest is allowed to remain on deposit with the principal sum, interest that is \$1.00 placed at 4% compound interest will double itself in a little less than eighteen years, through the interest additions.

To secure the best results it is necessary to set aside weekly or monthly a fixed sum from your income, and deposit it to your account. The tables here given show what may be accomplished by this method. The interest earnings equal, from 20 to 30% of the money deposited during the periods shown. That is, if monthly deposits of \$5 are made for twenty years, the total sum would be \$1,200. With 4% compound interest, it will amount to \$1,833.50; the earnings added equaling \$633.50, or 52 1/2% of the money actually saved.

Michigan News Tersely Told

Corunna—John Y. Martin, former state representative, was nominated as mayor by the Union Citizen's caucus and will not be opposed.

Battle Creek—Kenneth Coville must spend from 7 to 15 years in Jackson prison for robbing a man of 13 cents. The robbery was committed last November.

Port Huron—O. B. Mueller, president of the Mueller Metals Co., says every department is again under way and that the concern is running five days a week.

Cadillac—W. F. Johnston, county agent, has saved Ypsilanti County's rural library by buying grasshopper poison now instead of next summer at a saving of 50 per cent.

Clemens—The Macomb County supervisors are considering a plan for the insulation of a boulevard-lighting system on the South Gratiot road from the Wayne County line to Mt. Clemens.

Bay City—Stanley Delostowicz, 26, charged in conjunction Stephen Madja with the murder of Franklin E. Parker, Aug. 31, 1918, entered a plea of guilty. Madja pleaded not guilty and now awaits trial.

Monroe—Herbert Beck, who pleaded guilty to a charge of stealing several articles from the Monroe County Detention Home, was sentenced to serve from two to five years in the Michigan State Prison.

Escanaba—J. C. Kramer, general manager of the Delta Chemical Co. of Weidt, is considering plans for rebuilding the big still house which was destroyed by fire as the result of an explosion, entailing a loss of \$290,000.

Port Huron—A recommended sentence of one year and six months in Jackson prison was passed by Judge Tappan on Thomas Brown, colored, for breaking into and robbing the Mann & Johnson shoe store March 3.

Allegan—A revival of business is expected here following the announcement of the Tripp Manufacturing Co., manufacturers of shock absorbers, locks and steering wheels, that operations would be started with a full force.

Albion—To prevent the spread of smallpox in the city, the council has ordered a general vaccination of all students of the public schools and of Albion college who cannot show certificate or evidence of successful vaccination within the last five years.

Ann Arbor—Examinations for entry into the regular army will be held here within the next few weeks, says an announcement by Major Publ. Arthur of the R. O. T. C. There are now 1,000 vacancies in the grades of first and second lieutenant in the army.

Kalamazoo—John Phillips army act also saved him from a lengthy term in Jackson prison, for Judge Werner in circuit court instead of sentencing him to 18 months to 15 years, made it 9 months to 10 years. An excellent army record saved him. He had pleaded guilty to taking an automobile.

Pontiac—Pontiac's "vacuum cleaner thief" is believed to have been wounded by a bullet from the gun of J. G. Smith of 324 Madison street. The man made his escape after crying out "I am shot." The "vacuum thief" has entered a dozen homes here this winter making away with electric sweepers.

Midway—Lightning struck a small gasoline tank owned by the Standard Oil company here, destroying the tank and burning and exploding some 10,000 gallons of gasoline. No one was injured in the explosion which was light on account of the safety tank in which the stuff was stored.

Dearborn—The work of demolishing the Military avenue bridge across the Little Rouge here, preparatory to erection of a permanent bridge, has been started and the highway has been closed. This will necessitate a detour for autoists who have been using Military avenue to reach points north of Dearborn.

Lawton—Mrs. Sarah J. Tabor, who several weeks ago fell and fractured her hip, is slowly recovering. At the time of the accident it was believed she could not recover. It is doubtful whether she will again be taken into court to answer the charge of manslaughter in connection with the death of her daughter, Maude Tabor Virgo.

Grand Rapids—A dramatic scene was enacted in the superior court when Jas. Merhige, Detroit taxi driver, was convicted of bank robbery in which a bank customer was killed. A new trial was obtained by Mrs. Merhige for her husband after he had been sentenced one year ago to state prison for life for his part in the robbery.

Bay City—Stephen Madja, 26, was found guilty of murder in the first degree by a circuit court jury. The jury deliberated an hour and a quarter. Sentence will be pronounced later by Judge G. Houghton. Madja was charged with shooting down Franklin Parker, prominent lumberman, on the night of September 3, 1918. Stanley Delostowicz, who was with Madja at the time of the shooting, confessed to the crime, pleaded guilty and turned state's evidence. It was previously disclosed that Madja was convicted

NEW INTERURBAN RATES PROPOSED.

A bill dealing with rates of fare to be charged for transportation of passengers within the state and for the regulation of such rates by the Michigan public utilities commission has been introduced at Lansing by Representative A. B. Glaspie of Oxford, City Attorney Glenn C. Gillespie, formerly prosecuting attorney, collaborated with Representative Glaspie in the framing of the bill which is intended to offset the features of the Smith rate bill, effective two years ago to which much objection was made by residents of Oakland county.

Under the Glaspie bill, the maximum rate of fare permissible in any interurban line would be three cents a mile for adults and a cent and a half a mile for children between the ages of five and 12 years. The Michigan public utilities commission is given the right to fix the fares but not to exceed three cents a mile.

The commission is also obligated to make a complete and appraisal, inventory and study of all interurban lines within the state to determine the reasonable requirements of such roads to meet operating costs, etc.

The commission shall fix a rate of fare as often as the revenue of the company warrants it.

A portion of section two of the bill reads: "Nothing in this act contained shall be construed to authorize the commission to interfere with, lessen or impair, or authorize the impairment of any franchise, provision, contract, or agreement as to the rate of fare now existing between any municipality, city, village, or township and any of such railroad companies or to change the rates of fares as therein fixed."

This provision if retained would throw the forces over interurban lines in this county back to the former rates controlled by local franchises. It would restore the 25-cent fare over the D. & P. division between Pontiac and Detroit.

Until such time as the public utility commission can fix new rates, the bill provides it shall be unlawful for any company to charge more than the following rates: A minimum of five cents for a distance not exceeding five miles; not to exceed one and one-half cents per mile where the passenger and freight earnings for 1920 equaled or exceeded \$14,000 per mile for each foot of main track operated by such company on which regular passenger service was maintained not to exceed two cents a mile where the revenue was between \$10,000 and \$14,000 per mile not to exceed two and a half cents where it was from \$10,000 to \$14,000 a mile, and not to exceed three cents where the income did not exceed \$6,000 per mile.

As a penalty for failing to comply with the law, it makes transportation companies liable to a penalty of \$1,000 a day for each regular day after the provisions are effective. Pontiac Press

CHILDREN CURED BY PRAYER

Re-tortion of hearing, end to have been absent for years, is declared to have been accomplished at a healing service in the First Baptist church Sunday afternoon. The subject of what is held by members of the church is remarkable occurrence is a small boy asserted to have been deaf for years. The child, whose name Rev. G. S. Knight, pastor of the First Baptist church, failed to get was in the audience which greeted the Crook party from Detroit, workers with the famous "Bosporth, the Healer." He asked to be made the subject of prayers by the party, hoping that his affliction would leave according to persons who heard and saw the circumstances. Some time later, when tests were made to determine if the child had benefited, it is declared that he was able to hear numbers called from the front of the room while he stood at the rear and repeated them. Dr. Knight left before the meeting was concluded, but says that many saw and heard the unusual experiences.

Not only was this child said to be cured of his deafness, but another lad, whose name is said to be Fetterplace and whose parents live at Steinbaugh court and August street, benefited through the prayers of the audience and the party of "healers." This child is declared to have been lame for a long period and today was much improved, it was said.

Pastor Knight is certain that the benefits reported are not "faking." Pontiac Press

MAY ABANDON WOOL POOL

Inability of the Oakland county farm bureau to secure suitable warehouse space at a rental considered within the bounds of economy for the project in view, may deprive Pontiac of the county wool grading warehouse which the state farm bureau intended to establish here, was announced today by D. F. Beach, business manager of the county bureau, Pontiac Press.

Ann Arbor—Enrollments are already being listed for Camp Davis, the annual summer engineering camp of the University of Michigan. Two camps will be held this summer, each eight weeks in length. Seventy students will be accommodated at each camp.

REGISTRATION NOTICE.

To the Qualified Electors of the Township of Northville, Wayne County, Michigan:

"Notice is hereby given, that in conformity with Act 126, Public Acts of 1917-18, the undersigned Township Clerk, will, upon any day except Sunday and a legal holiday, or the day of any regular or special election, receive for registration the names of any legal voter in said Township not already registered who may apply to me personally for such registration, except that I can receive no names for registration during the time intervening between the second Saturday before any general or special election, all electors not already registered, and intending to vote at said election, should make personal application to me on or before the 26th day of March, 1921."

Notice is further hereby given that I will be in my office, in the Lapham State Sayings Building, on

SATURDAY, MARCH 19TH

SATURDAY, MARCH 26TH 1921

from 8 o'clock a.m. until 8 o'clock p.m. on each of said days for the purpose of reviewing the registration and registering such of the qualified electors in said township as shall appear and apply thereto.

The name of no person, but an actual resident of the precinct at the time of registration and entitled under the constitution, if remaining such resident to vote at the next election shall be entered in the registration book.

Provisions in case of Removal to Another Precinct.

An unregistered and qualified voter who has removed from one election precinct of a township shall have the right, on any day previous to election day, on application to the township clerk, to have his or her name transferred from the registration book of the precinct from which he or she has removed to the registration book of the precinct in which he or she then resides. Titan Tractor Back to the Old Price \$1,000

WE have reduced the price of the Titan 10-20 to its former low price of \$1,000 f. o. b. Chicago. This is the same Titan tractor which 75,000 farmers have put into remarkably successful service—the same tractor, plus 1921 improvements and additions.

A full set of removable extension angle lugs sold as extra equipment under the former \$1,000 price is now included without extra cost. Fenders, Platform, Angle Lugs, Throttle Governor, Friction Clutch Pulley, Wide Range Adjustable Drawbar, Water Air Cleaner—all are included in the \$1,000 price.

International 8-16 and 15-30 Tractors Also Reduced in Price

Farmers who want a lighter tractor, built like a high-grade automobile but with the same sturdiness and reliability of the Titan, can now get the International 8-16 at \$1,000 f. o. b. Chicago. We have long restricted the sale of this model to a limited territory, but increased production enables us to re-

lease it to all sections of the United States. The International 15-30 tractor has been reduced to \$1,950 f. o. b. Chicago. Bear in mind that we give unequalled service, made possible through 92 branch houses and thousands of local dealers, to every International tractor owner, no matter where located.

Prices of Other Lines Reduced

Prices have also been reduced on chilled plows, tractor plows, cream separators, kerosene engines, seeding machines, International threshers, harvester-threshers, wagons, hay presses, and a number of other lines on which your dealer can give you full information.

The men's "experience" and maple
sugar social at the J. W. Hutton
home April 1st will be an interesting
affair and a novelty in the social line.

Everybody is invited to come.
Richard Cox and Miss Josephine
Thrasher, David Thrasher and Miss
Mary Boyle, who reside 4 miles west
of town, were married in the way of
a double wedding at the Methodist
parsonage, Saturday.

S. G. Yerkes, son of Mr. and Mrs.
Lyman Yerkes of this place, for many
years agent of the Puget Sound and
Alaska division of the Northern Pacific
railway company, at Seattle, Washington,
has just accepted a position as manager
of the City dock of the U. S. steamer.

The largest caucus in the history
of Plymouth township was held by the
republicans in Plymouth village
yesterday afternoon. E. S. Norton
was nominated for supervisor on the
first ballot. W. H. Nichols was nomi-
nated for clerk by acclamation. The
contest for treasurer was a hot one,
but P. B. Whitbeck finally got it.
Frank Johnson was nominated high-
way commissioner, G. P. Benton
drain commissioner, C. B. Crosby
sewer inspector, J. Chilcott, justice,
H. G. Baker, H. R. Holmes, member
of board of review, F. E. White, H. H.
Brigham, J. L. Hoot, M. R. Webb,
constituted delegates to county conven-
tion. C. L. Dubnar, C. C. Chadwick,
H. B. Thayer, Geo. Hunter. To con-
gressional county convention, J. M.
Coller, L. C. Hall, Richard Bentch,
C. B. Frost. The township commit-
tee, W. H. Hutton, J. M. Coller and
Chas. Gilders were re-elected.

Local contests will be held in the
Trenton, Dearborn and Plymouth
schools. Two prizes will be awarded
each school and exhibit will be made
of the best posters.

The best posters made in the county
will be sent to the National Dairy
show next fall, to show what Wayne
county children can do.

some extra heavy work on the farm
and I blame that for the starting of
my kidney complaint. My back
ached terribly. Nights I could get
no sleep, because of the misery. I
had blinding, dizzy spells and didn't
have any ambition to do a thing in
the way of work. My kidneys didn't
act regularly, either and showed other
signs of disorder. A friend advised

SIXTEEN HUNDRED CHILDREN
HEAR VALUE OF MILK.

Sixteen hundred school children
were reached in the first week of the
Wayne County MDR campaign March
14th to 26th. Many rural schools
in Naukome, Centreville, Livonia, Ramius,
Monagan and Huron townships were
visited by Miss Coral Havens, Nutri-
tion Specialist. Miss Rogers, County
Home Demonstration agent, and the
Public Health Nurses. Miss Ad-
Safford, Miss Ellen Peterson, Miss
Lydia Olson, Miss Ruth McIntire and
Miss Elizabeth Wheat, were the nurses
who took part in the campaign as it
traveled through their respective territories.

The school children listened inten-
tively to the story of the body houses
they were building, and the part milk
would play in making strong bones
and muscles. The use of vegetables,
fruits and cereals were also empha-
sized.

The gains made by the children at
Plymouth Landing, who are drinking a
pint of milk at school each day, were
told to the children. Many of them
are planning to follow this example
by bringing milk to school with their
lunches. At the Silsby school a
picture was taken of the milk bottles
brought by the children. There were
twenty-one in all due to the teaching
of the Public Health Nurse, Miss Ellen
Peterson and the Nutrition agents of
Miss Iva M. Church, supervisor of Re-
Cross Nutrition work.

Many of the school are planning to
join in the milk poster contest as a
part of the campaign. All the rural
schools are asked to send the three
best posters made by the school to
the Farm Bureau office at Dearborn.
Prizes will be awarded for the best
posters made in the county by rural
schools.

FOR NEAR EAST RELIEF.

Major Leonard Wood, U. S. A., has taken the leadership in a call for aid for Armenia through the American organization Near East relief, with many notable Americans joining him in it, and has issued the following appeal to the American people:

"The spirit of Easter is one of sacrifice. The Great Sacrifice was made then. Their sacrifice has been made since in many lands by many individuals. But never before has a whole nation made the sacrifice for the faith that the Armenians have made."

"It is not mere far business what happens to the Armenians. They stand for a subversiveness in what they believe and what we believe that makes their struggle our struggle. We can no longer remain to help them than we could let one of our divisions holding a sector in the late war be cut to pieces when we had the reserves to save it."

"We have the reserves of food and money and sympathy. We can do the job, do all of it. We can do it ourselves, without being told to do it by anybody, in any company or nations. It is not a political duty or a matter of commercial expediency. It is an opportunity, an opportunity to make our idealism, a dynamic influence in the world, not just idle phrases."

"The man who has least among his has more than most in Armenia. It is one of the finest things in our history that, through the Near East relief, the American people from the richest to the poorest, unsolicited, have kept one hundred and ten thousand children in Armenia from hunger and death, have saved a whole people from annihilation and have done it without fanfares or self-righteousness."

There is a growing demand and need to raze the residences and business places of Northville property numbered. It would easily be a very great convenience if this might be accomplished. It is really an easy matter to comply with the government regulations for numbering, using 100 as a base for each block, starting at some central point—the first block being the 100 block, the second the 200 block and so on until the entire area has been covered.

People generally know where the house or the residence of Mrs. B. M. Bogart is located. It is a great convenience if she will not repeat a similar picture of her home. It will be far better for her and the neighborhood if she refers to a quiet and peaceful life, that her past and the quickly forgotten.

President Harding is to be commended for his selection of Hon. Washington Gardner of Michigan as his successor of position.

OBITUARY—PETER B. BARLEY. Peter B. Barley, a resident of Northville for 50 years died at Ypsilanti Monday forenoon. Mr. Barley had been ill more or less for two years, but had been able to work at his trade until the early part of 1920. In September, just before his wife went to live with his daughter, Mrs. W. V. Mydock.

Peter B. Barley was born in England February 26th, 1846. His parents came to Ontario in 1851, and later to Michigan. In Ontario the family lived amid pioneer conditions, Indians, wild game, log houses and the rest.

Young Barley early learned the wagon maker's trade and used to walk 17 miles from his parents' home to the place of his employment.

In 1868 Mr. Barley married Miss Ann Blashill and they came to South Lyon to live and in about a year removed to Northville. The firm of Hutton & Bedford were then conducting business here and Mr. Barley worked for them. Later on he became associated with Frank Perrin and Jervis Palmer in carriage making and general repair work and the arrangement was continued for many years.

His painstaking work and determination to give good service made his work known in all parts of this district and built up a friendship that was most gratifying.

Mr. Barley held several public offices and served the people faithfully. He was a member of the fire department for 20 years.

His membership in the Methodist church dates from his first coming to Northville and was marked by the same fidelity as characterized his life among men.

He leaves his widow, four children, six grandchildren, and three great-grandchildren.

Northville has lost one of its best citizens whom the tide of years had carried far beyond the knowledge of many who live here now. His life was a sterling worth to many.

Northville School Notes.

Supt. Knapp of the Highland Park schools was a pleasant caller at the High school Tuesday of this week.

Several teachers have been absent from school during the past few days on account of sickness.

Indoor track practice started in earnest this week in anticipation of the coming track meet which will be held at Plymouth.

School will be closed this week Friday at noon in respect of Good Friday.

W. B. Arbaugh formerly superintendent of schools at Ypsilanti for over 20 years spent most of the day Wednesday visiting the Northville High School. At the beginning of the afternoon session Mr. Arbaugh gave a very fine address to the students of the High School on the subject of Making Good. Mr. Arbaugh paid a fine compliment to the Northville High School regarding the spirit and busyness attitude displayed by the students. Mr. Arbaugh is at the present time secretary of the Wayne County Educational system and is drawing from the different school of the county information regarding their needs.

Mr. Cleary of the Cleary Business College at Ypsilanti was a business caller at the High school Wednesday evening.

Miss Matherland and Miss Alice Verkes spent Monday observing the music and first grade classes respectively at the Birmingham schools.

The Senior girls are giving a party in the High school gym this Friday evening.

The history class of Francis Terke has had its regular work supplemented by some splendid Keystone views. The pictures when viewed through the stereoscope become a living reality and add a great deal of interest of the subject.

Bread Is The Staff
of Life

So it has been stated for a great many years, and really there is nothing that really takes the place of good bread at every meal. We like to talk about our bread because we believe we are offering an article of real merit—that we are giving our patrons real value—and a product that is worthy to be served in every home in this community.

Outside parties have been forced to reduce their prices, but we are still below them and by purchasing our bread you will make a very nice saving—you save three cents on every two loaves purchased. This is a pretty good rate of interest, and is surely worth saving. Take home two of our big, brown loaves and let the family have a real treat.

ANNUAL SWEET CLOVER SHOWS STATE INCREASE.

Information regarding the culture of Huban Clover, a new crop commonly known as Annual White Sweet clover, is being distributed to Michigan farmers in a circular just issued at the Michigan Agricultural College. Small seed samples—enough to plant a single row in the garden for increase purposes—are also being sent out to interested growers.

Huban clover has attracted widespread interest in the state during last year, the crop holding great prospects for the future. It is an annual spring-planted sweet clover, making hay by mid-summer, and seed by fall.

The new clover is of recent origin, but gives promise of filling an important place in the crop list of

Michigan agriculture.

The bulletin giving information on handling and cultural methods for the crop has been edited by Professors Cox, Sprague, and Cox of the M. A. C. farm crops department, and is known as experiment station circular, Number 45. It can be had on request, as can the small increase seed samples.

Large increases of the seed are being made through the Michigan Crop Improvement association.

Members of the Northville Woman's Club will please meet this afternoon promptly at two o'clock so the program can be concluded in time to permit all to attend the Good Friday services at the M. E. church at three.

The Globe Furniture Co. shipped a car load of auto seats to a large manufacturer of auto bodies at York, Pa., last Saturday. This branch of the business, taken on a little more than a year ago, is growing rapidly and gives promise of developing into a big industry for Northville.

Rev. H. J. B. Marsh and Ray VanValkenburgh had the pleasure of hearing Dr. Charles L. Gedell of New York give two of his masterful addresses in Detroit on Monday. They also attended the noon-day services at the Shubert-Detroit, which were addressed by Rev. M. S. Rice of Detroit.

C. A. Dolph and the Northville male quartet composed of Messrs. Ray and Carl VanValkenburgh, Roy Clark and J. N. VanDyne assisted in the Lenten services at the M. E. church in Farmington last Thursday night. Mr. Dolph gave a helpful and practical address and the quartet rendered several vocal numbers.

The ball given under the auspices of the L. C. T. M. at the High school gym last Thursday night was one of the most enjoyable events of the season thus far. The hall had been very prettily decorated for the occasion, green being the color scheme and the committee in charge left nothing undone that would in any way add to the pleasure of their guests. Finzel's orchestra of Detroit gave a delightful program. A dairy luncheon was served.

Mrs. Fred Newton is on the sick list this week.

A PROMISORY NOTE
THAT NEVER WILL
OUTLAW

Would be a most valuable business document. Many would like to have it invented right away.

Men everywhere are secure in investments—sound securities, strong guarantees—safety for their savings.

Christ—the young man of Nazareth—put his signature to a promissory note which will never exceed statutory limitations when he said, "Lo I am with you always—even unto the end of the world."

You are not big enough to need more. You dare not face the future with less.

Welcome to our class the coming Easter day.

FARMERS, ATTENTION!

We have confidence enough in the future horse market for young, large, sound horses that we have purchased the imported Percheron Stallion, Janie (No. 88707), which we will stand at our farm, 3 miles southwest of Northville, for the season of 1922. The service fee is \$20 to insure a standing colt. By all horse reports as to the shortage of young, sound horses and the few mares that have been bred the last four years, especially the last two years, which was about 20% of the regular breeding, it looks like a good time to breed a few mares, if nothing more than to raise a few good farm horses for yourself. And farmers who have been reading the tractor reports on farms for the last year, we believe are fully convinced that the horse will make a far larger gain over the tractor the next two years than the tractor has made on the horses for the last two years, and Mr. Farmer, if you are in a puzzle whether to buy a tractor or a good team of horses, this spring go and talk to a few farmers who have a tractor, which to get, and after they tell you, have them explain the reason why, then act accordingly.

However, come out and take a look at the old horse, and we have several farm mares, both grafted and pure-bred, and we will take them over also, and have a good visit on the horse property anyhow.

We have a team of mares weighing 3,000 pounds, a team of mares coming three years old, and a saddle horse for sale.

**A Better Car from the Buyer's Angle**

To build at a modest price, a four-cylinder car, that would instantly be accepted as a better standard of quality and performance—that, in a nut shell, is the aim of the Oldsmobile Four.

We may also say, now, the achievement. For its enthusiastic reception by the more thoughtful, proves how right we were in the idea and in its execution.

See this Oldsmobile. Ride in the car. Drive it yourself. Try its speed and comfort on good or bad roads. Try its hardness in the maze of the traffic—driving or parking.

Note its characteristic Oldsmobile beauty—its pleasing lines, its fine design, its permanent style.

Had we a greater doubt as to the outcome, we could not so confidently trust your judgment of its super or only along such definite lines.

THE UNIVERSAL CAR

The Ford Touring Car is literally the pioneer in the solution of the Good Roads problem, because three million or more in operation brought up to the millions of America the necessity of good roads if quick transportation at low expense was to be enjoyed. The simplicity of the Ford car, its stability in construction, the famous heat-treated Vanadium steel with its marvelous strength and flexibility, the low cost of operation and maintenance, its ease in operation, all have made the Ford car the great favorite in every land in the world. It's the one car that always satisfies and serves. A utility beyond question that all can afford. We sell them and will be pleased to have your order. Don't delay, because the demand is heavy all the time. We have almost everything in motor car accessories, carry the genuine Ford Parts, and assure the best in mechanical repair work.

With the reorganization of the railroads, the government has proposed to the Senate Committee on Interstate Commerce to consolidate the railroads under one roof. The plan was submitted this week to Chairman Cummins of the Senate Interstate Committee, and S. David Warfield, president of the association which is a representative of his organization, would appear later before that committee to urge adoption of it.

Mr. Warfield says the plan will insure annual savings of \$100,000,000 in interest charges, service and lower railroad fares and rates. He adds that American transportation has outgrown the system under which it operates and that the railroads must recognize that only drastic measures on their part will save them from being swallowed up in the moratorium that government operation and afterward readjustment has brought upon them.

Unless intensive economies and savings in railroad administration are adopted, he continues, there is no alternative to government operation followed by government ownership, although the country has given overwhelming evidence of being opposed to it.

The proposed plan is supplemental to provisions in the transportation act permitting regional consolidation of railroads by the Interstate Commerce Commission. Certain consolidations of railroads are necessary, Mr. Warfield says, but an emergency now exists and the public is entitled to more immediate and substantial benefits than can be derived from the great physical consolidations of individual properties.

BOLT STRIKES HOSPITAL TWICE

Fire Started Both Times But Little Damage is Done

Newberry, Mich.—The Newberry State hospital was struck and set afire by lightning twice last Saturday night during the thunderstorm that created this section. The first bolt struck a cottage occupied by women patients. This is one of the new frame constructed cottages and little damage was done the fire being extinguished by means of chemical apparatus.

The second bolt struck the adjacent hall about half an hour later, setting it on fire in the attic and in the roof itself. The general fire fighting equipment had to be brought out to face for this blaze which was extensive, though little actual damage was done.

SAYS ESKIMOS ARE STARVING

Reports Food So Scarce That Dogs Are Used As Food

Orono—The Rev. W. G. Walton Angier, missionary who has spent 28 years in the Northland, has arrived here with the announcement that Eskimos in Hudson Bay territory and in parts along the shores of St. James bay are so short of food that they are killing their dogs in order to subsist. The missionary said he intended appealing to the government to send food and ammunition to the natives immediately. Later, he said, he hoped to have vessels impounded into the territory to prevent future distress.

WANDERER TO PAY WITH LIFE

Convicted of Slaying Man to Cover Slaying of Wife.

Chicago—After escaping with a sentence of 25 years for killing his wife and an unborn child, Carl Wanderinger was sentenced to death by a jury for the slaying of the "ragged" stranger he used as a dupe to cover up his greater crime. The defense immediately moved for a new trial.

The verdict was reached after 21 minutes of deliberation. Wanderinger showed no sign of emotion except to flush slightly.

"I didn't care what they did to me," he said as he left the court room. His defense had been insanity. His attorneys asserted that this plea would be the basis of his appeal.

LIQUOR POURED INTO SEWER

\$3,000 of "Perfectly Good" Grapewine Destroyed By Kazoo Police.

Kalamazoo, Mich.—Sixty gallons of perfectly good grapejuice and white wine flowed sparkling out of containers in the hands of policemen and down a sewer opening at Central police station. The liquor, seized in recent raids, was worth about \$5,000.

Mr. and Mrs. H. B. Clark are enjoying an outing in the east. They attended the annual auto show at Boston and visited a number of other cities and places of interest.

Mr. and Mrs. H. A. Bowen were at Ypsilanti Sunday to visit Mrs. Mary West of New York City who is spending a week with her mother, Mrs. Ruby West, and sister, Mrs. Wesley Dawson.

ENJOYED TWO MERRY PARTIES.

About ninety Northvilleans celebrated St. Patrick's Day in the evening at the home of Mr. and Mrs. Charles LeFever in a most fitting manner, the chief attraction being cards and dancing.

At the height of the festivities it was announced that all the gentle men were privileged to attend an auction sale of neckties. After purchasing a certain necktie at the nominal price of \$3.50 per, they were then informed that each lady present held an apron sale corresponding with the ties. After much rushing around and many "misaken identities," each gentleman succeeded in finding his partner for supper, the spread consisting of a sumptuous three course lunch.

The party netted the neat sum of \$60, which was turned over to the building fund of St. Mary's church.

Not being content with the aforesaid a racy of thirty perpetrated a most complete surprise on Mrs. LeFever on Saturday evening, the occasion being the hostess' birthday. Cards were the attraction of the evening, at the conclusion of the games cream and cake were served. Mrs. LeFever was presented with a silver meat fork. After a very jolly evening the guests departed wishing Mrs. LeFever many happy returns of the day.

St. Mary's society will give a Lenten party at the High school gym on Wednesday evening, March 30th, for the benefit of the church building fund. Dancing will begin at eight and supper will be served. Tickets, \$1.50, including supper. Those having friends they would like to have invited will notify Mrs. C. A. McCullough, phone 59-J.

"A CHILD FOR SALE."

This is a picture with an inspiration for all, showing a realistic and vivid picture of the living and housing conditions of today.

A young artist, very poor, unable to make enough to keep his wife and children; his wife died for want of proper care; he offers a child for sale. Was he right in doing this? What would you have done in his case? Think it over and come and see if you would have done as he did.

HOSPITAL NOTES.

On Wednesday last Dr. Tom Henry re-opened his hospital at the Boeve residence, where the entire second story has been remodeled and accommodations arranged for 8 beds and an operating room. Mrs. Boeve will serve as matron and nurses will be called from Detroit and Chicago as the requirements warrant.

Mrs. Chisholm of Plymouth was successfully operated upon for appendicitis, Wednesday.

Mrs. Louise Gordon of Pontiac underwent a severe operation for fibroid tumor Wednesday, and at last report was progressing nicely.

Mrs. Ed Shafey who suffered such a misfortune in her accident in Plymouth last autumn, underwent a very painful operation for the removal of the hideous scars left by the cuts by glass from the windshield of the car. Dr. Henry is very optimistic in regard to the improvement in the appearance of the scars and also the restoration of the nerve which was severed.

Mrs. R. R. Darwin of Pinckney, who has for several weeks been the guest of Mrs. T. B. Henry, had a growth removed from one of her eyes, which had become very troublesome. The a somewhat technical and painful operation, the result is perfect and she will soon return home in splendid health again.

Emmett Harmon of Milford, whose

health was despaired of a month ago is so far recovered that he made a trip to Northville last Monday.

It was thought that an operation for gall stones was his only hope but his recent improvement indicates that

this will be unnecessary.

Mr. and Mrs. C. P. Fly and Miss Lena Foss attended the meeting of Michigan ice dealers at Flint last week.
