NEW CEMENT HIGHWAY IS BEING CONSTRUCTED

The machinery for the building of the new cement road on West from Northrop's corners, has been brought out and work has begun on the new highway on the U. S. Fish Hatchery road.

The new extension is to extend on west to the Summit church, which is the Washtenaw county line, and from there the Washtenaw county officials take the road south one mile to Thayer's, where the Wayne people again take up the work and carry it on south a mile and a half to the new Detroit House of Correction property. Something like a score of teams and a large force of men are now at work on grading and the drawing of materials. It is understood that the experiment of using convict labor from the House of Correction will be tried out in this work and if it proves successful the idea may prove of much value in the future of road construction not only in Wayne county but all over the state.

When this new road is completed it will connect Detroit with both its new Sanitorium and the House of Correction with one of the best county roads in the world.

For the present a gap from Northrop's to Sloan's corners will be left for the convenience of the Stark weather Wink depot and patrons and that three-fourths of the road will not be torn up until the other is all completed.

WAN PEOPLE REACHED IN MILK CAMPAIGN.

The second week of the Wayne county milk campaign closed March 25th. Rural schools in Sumpter, VanBuren, Reedford, Northville and Plymouth townships were visited by Miss Coral Havens, food specialist from M. A. C., assisted by the public health nurse, and the home demonstration agent.

Four evening meetings were held during this week. On Monday the 21st, the children of the primary room at the Flat Rock school gave the Mother Nature play under the direction of Mrs. E. Mulderig. At West Sumpter on Tuesday, March 22nd, Mrs. Fred Miller and Mrs. Gotschi put on this same play. At Northville Mrs. Winifred Zimmer directed the play given by the pupils of the fifth grade. An evening meeting was also held at Reedford.

Each evening Miss Havens gave lecture on "Why Use Milk."

Many of the rural schools are entering the milk poster contest. The children are much interested in expressing their ideas of milk in poster form.

The milk campaign of this year has been even more successful than the one last year. Much enthusiasm has been shown at the meetings.

The local meeting was greatly enjoyed and the slate was presented by the children was very creditably presented. The local committee is very grateful to Mr. Zimmer and the little ones for their efforts.

SCORES OF THE SHOOTERS.

Ten contestants entered the 50 target event at the Sunday club shoot. The wind swept across the traps causing the targets to cut all sorts of wild capers, consequently no perfect scores were made. Handicapped tho he was, H. Passage found the right spot 41 times and finished high. Geo. Peterson of Detroit, was second with 40. In a special 25 target event, C. Merritt broke 23 and tied with M. Powell and H. Passage on a string of 50 birds. In a 20 yard handicap George McCall and H. Passage tied with 40x50.

Mr. and Mrs. McCausland and son of London, Ont., and Mr. and Mrs. Henderson of Detroit, were among the spectators.

The next semi-monthly club shoot will be held April 10, and will be registered by the A. T. A. The program consists of 75 targets, divided into four events. Three trophies will be awarded to club members making the highest scores. Below are the scores of the Sunday shoot:

McCausland	34x50
Merritt	37x50
H. Hall	40x50
F. Hills	38x50
H. Passage	41x50
Peterson	40x50
Harriman	27x50
Mrs. Hall	29x50
Patterson	33x56
Powell	37x50

SECRETARY.

R. G. Marsh, who is attending the Detroit College of Medicine, spent the weekend with his parents, Rev. and Mrs. H. J. B. Marsh.

GOOD FRIDAY FITTINGLY OBSERVED HERE AGAIN

The Union Good Friday service held in the Methodist Church was attended by a large and devout congregation. All the churches were well represented and several pews were filled by the Masonic order of Knights Templar, who marched to the church in full regalia. Nearly all the business men of the town cheerfully cooperated with the pastors and others who have the religious welfare of our citizens in mind by closing their stores, thus enabling many to attend who could not otherwise have gone. The service was unusually impressive, the music rendered and the addresses by the pastors being very appropriate. Rev. E. V. Belles spoke first on the "Seven Word of the Cross." He was followed by Rev. Grumwood, who called attention to one of the significant incidents of the crucifixion of Jesus, namely, the conversion of the Centurion thief. Rev. H. J. B. Marsh gave a forcible appeal in the closing address, which was based on the words of Pilate, "What Shall I do with Jesus which is called Christ?" All the Lenten services were good, although the inclement weather seemed to interfere somewhat with the attendance.

CELEBRATED THEIR GOLDEN WEDDING.

Mr. and Mrs. Nathaniel Ryer were greatly surprised at their home on Ann street, last Friday evening, March 18th, when about forty relatives and friends gathered there to remind them that it was their fiftieth wedding anniversary. The guests crowded with them well filled lunch baskets and a sumper was served.

One pleasant feature on the occasion was the presence of Mr. and Mrs. Ryer's seven children. Mrs. Seward Reit and husband of Grand Rapids; Mrs. Clay Kingsley and family of Ann Arbor, Mrs. Roy P. Woodworth and husband of Northville; Ralph Ryer of Birmingham, Mrs. Fred Orr and family, Earl and Gladys, Ryer of this place.

Other out of town guests were Frank Ryer, only brother of Mr. Ryer, wife and son, Bert of Salem; Mr. and Mrs. Charles Ryer and daughter, Beulah of Newburg, and Mr. and Mrs. Jingle Woodworth and Mr. and Mrs. Frank Woodworth of Northville. During the evening music was enjoyed, also a short talk by Rev. F. M. Field. The host and hostess received many lovely gifts in remembrance of the occasion, and at a late hour the guests departed wishing them many happy returns of the day—Edgarout Man.

FORD PLEASED WITH NEW CAR.

Henry Ford and a party of friends made a tour of inspection of the C. T. & I. railway last week, stopping at a number of towns along the way.

The trip was made in one of Mr. Ford's new gasoline motor coaches and as he returned to Detroit Friday afternoon Mr. Ford expressed himself as being very well pleased with the performance of the new car.

The motor driven car is about the size of a street car and is propelled by a power plant similar to that used in the Ford farm tractor. Light, power and heat are furnished by the motor, and air brake pumps are operated by the steam motor making each car an independent unit.

The only trouble experienced during the trip was at Springfield, Ohio, where new track is being laid. The car left the rails but as it was going slowly no injury to the car's occupants resulted.

SEEKS ADVICE OF MICHIGAN

The officers and managers of the county and district fairs of the state of Louisiana are planning to form a state association of fairs and they have written to F. S. Neal, secretary and treasurer of the Michigan Association of Fairs for a copy of the by-laws of the organization and for other information relative to just what to do about forming such an association.

In our neighboring states the county and district fairs of Michigan are regarded as among the best and most successful in the country and it is only natural that the assistance of the officers of the Michigan Association should be sought by those in other states who plan to form similar organizations.

Mrs. Peter B. Barley will leave in a few weeks to make her home with her son and daughter, W. B. Barley and Mrs. Frank Fry at Pittsford, N. Y. Mrs. Fry, who came to attend the funeral, will remain and accompany her to New York.

Handy Andy Says:

Industry has its reward. Now is the time for all good men to get out in the garden. There's health pleasure and profit in planting a garden and in taking care of it properly. Work and fertilize the soil well, plant good seeds, keep the weeds away and success will crown your gardening efforts.

We are ready to help the gardener in every way possible. We have all the necessary tools for preparing the soil—spades, hoes, rakes, shovels, sprays, sprayers, weeders—in other words, we are completely prepared to supply your gardening needs. "Handy Andy" will be glad to answer gardening questions and render any other assistance needed in selecting the right kind of tools, from our large assortment, and don't forget we have spraying materials for your fruit trees and shrubbery that you will need soon.

CARBOLA

The Disinfecting White Paint

Carbola is a white paint in powder form is turned into a smooth spreading liquid paint simply by mixing with water. Carbola will save you time, labor, and trouble, and give you better results than you possibly can get from whitewash and disinfectants. It killslice, flies, eggs, etc., and helps prevent the germs of contagious diseases that affect poultry and live stock.

What 4% Means

THE NORTHVILLE STATE SAVINGS BANK OF NORTHVILLE PAYS 4% INTEREST, COMPOUNDED TWICE A YEAR. What does 4% compound interest mean? It means that if the interest is allowed to remain on deposit with the principal sum, interest will be paid on interest—that is, \$1.00 placed at 4% compound interest, will double itself in a little less than eighteen years through the interest additions.

To secure the best results it is necessary to set aside weekly or monthly a fixed sum from your income, and deposit it to your account. The tables here given show what may be accomplished by this method. The interest earnings equal from 20 to 56% of the money deposited during the periods shown. That is, if monthly deposits of \$5 are made for twenty years, the total sum would be \$1,200. With 4% compound interest, it will amount to \$1,833.50; the earnings added equaling \$633.50, or 52 1/2% of the money actually saved.

STATE TO START
FIGHT ON WOLVES

EMPLOY TRAPPERS IN EFFORT
TO EXTERMINATE ANIMAL
IN GOGEBIC COUNTY.

FIRST CAMP OPENS APRIL 8TH

BILL NOW Before the Legislature
Authorizing Work by Public
Domain Commission.

Houghton, Mich.—Arrangements have been made by the state of Michigan to proceed with the experiment of employing trappers to exterminate wolves. It is the first attempt of the kind in the history of Michigan, the suggestion having been made by the Houghton Gun and Rod Club.

The first camp to be established will be located near Borglum on Lake Gogebic, Gogebic county, which is said to be the center of the wolf population of the upper peninsula.

Although the trappers will be paid by the state the work will be under the direction of Stockley J. Ligon, of Washington, D. C. Mr. Ligon spent several weeks in the upper peninsula last fall studying the question of methods to be employed in hunting wolves.

At present there is a bill before the Michigan legislature providing for the employment by the public domain commission of wolf trappers. That the commission is fairly satisfied the bill will become a law is attested by the fact a force of 20 men has been engaged to proceed to Lake Gogebic and establish headquarters. The camp is to open April 8. Two lumber companies have placed their camps at the disposal of the state.

SOVIET UNABASHED BY REBUFF

To Renew Effort For Trade Relations
With United States

Helsingfors.—Regardless of the rebuff administered by the state department at Washington in its recent communication on the subject, the Russian soviet government probably will continue its efforts for trade with America. Jaan Autonevitch Betskin, soviet minister to Finland, has told the Associated Press, "Other efforts undoubtedly will be made," said Mr. Beharly, "most likely through American business, concerns to which we are ready to grant concessions while of course soviet-Russia is ready to make new exertions at any time the American government sees fit to change its view point toward us."

TO SEEK POSTAL IMPROVEMENT

Hays Names Committee to Reorganize Postoffice Department

Washington—Reorganization of the post office department under the direction of a commission composed of the postmaster general, the joint congressional postal committee, and seven business men was announced by Postmaster General Hays Monday.

John Gribell, of Philadelphia, was named chairman of the civilian committee of seven. Professor M. E. Cooley of the University of Michigan was named a member of the committee.

ALL FINANCIAL GAINS TAXABLE

Supreme Court Ruling Affects Increased Value of Any Investment.

Washington—Three sweeping victories were won by the government in the supreme court interpretation of the term "income" for the assessment of taxes under the income and excess profits act.

The court held that any gain derived from corporate securities, or corporate assets, and any increase in the value of a capital investment, when realized as taxable as income, in each case, the opinion was endorsed by the entire court.

LINER SAVES 45 IN LIFEBOAT

Spent Several Days At Sea After Their Vessel Went On Rocks.

Rio Janeiro—One of the missing lifeboats from the Lloyd Brasileiro liner steamship *Uberaba* has been picked up at sea, with 45 persons in it. The *Uberaba* went on the rocks off the coast of Maranhão, Brazil, last week. The British steamship *Justin* took off some of the passengers and crew, but two of the lifeboats left the stranded steamer before the *Justin* arrived on the scene.

BODY OF GIBBONS LIES IN STATE

Last Respect Paid to Church Leader At Baltimore Cathedral.

Baltimore, Md.—The body of Cardinal Gibbons was borne Monday morning from the bed chamber in which he died last Thursday to the cathedral, where it will lie in state until Thursday, the day of the funeral. There was no ceremony attendant on its removal from the archiepiscopal residence.

Carley Wedow is building a cottage or lake front lots, which he has already rented.

The topic for the morning sermon at the Baptist church will be, "The Impossibility of Peace without Victory."

Some of the people who went from here to Florida last fall are coming home. They say that Walled Lake is one of the beauty spots of the world.

Indications warrant that Walled Lake will be on the map this summer as far as prosperity is concerned. People are out looking for cottages.

Building has also started.

The Oakland Sunday School association is putting on an institute here at Walled Lake for April 8th, afternoon and evening. Refreshments served in the evening. Everybody welcome.

Well, now, the tubular well that was put down at the Baptist parsonage, is simply a dandy. It is 118 feet deep and has 90 feet of nice clear cold water. This well is much appreciated by all concerned.

Many Walled Lake families are getting ready to move, but one of the many obstacles that confront them is, "Where are we going to?" This is one of the matters the Walled Lake Association will take up—the building of more homes.

Walled Lake people and community are about to tie themselves together as an association. This association will take up the matter of building a twelve grade school, streets and all matters pertaining to the welfare of town and community.

FAITH.

Can this heritage so fair be the only

end of a fate?

Where cradle-life's ambitions, of hopes

and fears

Was the naming Sweet still, at

Elijah's gate?

To guard forever, and leave a guilty

name in tears?

Was Elsie's loveliness and bloom for-

ever to be nursed?

And bloom with regal splendor, for

no human eyes?

Or, was the symbol of a realm, given

to be cursed?

A prelude, to some grander scheme,

whose faith should rise?

Was hope and pardon lost, and never

to be found?

An, no! the masterpiece of His

Almighty hand

Whose destiny, Fate has no power to

countermand?

Was fashioned, for a nobler, mere

Exalted end?

O, thou Spirit from that realm of

cloudless day,

Guardian of wounded hearts and

wayworn tired feet,

Through darkest mists, and tangled

without a ray,

I lead thou my pathway out upon

some golden street,

For thou tellest me of a glorious

royal clime,

Where Eden's beauty blooms, and

shall forever bloom

To gladden eyes, and feast the soul;

A spirit sublime,

When freed from earth's chains of

sorrow and gloom.

Hasten thou sweet Spirit, when ad-

versity falls,

To weaken my faith and darken

my way.

Then, cheer me with hope, that no

sorrow appeals,

And guide with thy touch, to an

endless bright day

O, give me a faith that will span the

dark stream,

That each mortal in the end must

ford,

A faith on whose crest that light

shall gleam;

To light poor wanderers the way

to the Lord.

SPRING CLEAN-UPS TO PROMOTE HEALTH.

Moasic law as regarded in Deuteronomy, XXXIII-45, was paraphrased last week by the Michigan department of health in a series of letters mailed to all mayors, village presidents, county, school commissioners, and health officers throughout the state urging spring clean-ups as an aid in promoting sanitary conditions.

Stressing the fact that Michigan enjoys an unusually large vacation and tourists trade every summer, Dr. R. M. Olin, commissioner of health, in writing to health officers in rural districts emphasized the need of cleaning up "dangerous and unsightly nuisances which may in any way menace the health of the community."

To mayors and village presidents:

"It was suggested by Dr. Olin that local mass meetings be called and a committee appointed which would represent the city council, commission, health department, Chamber of Commerce, women's clubs, the Boy and Girl Scouts, and all other civic organizations, to arouse public sentiment and get vigorous action." Said Dr. Olin: "A spring clean-up is good business, a clean town is a progressive town, and a progressive town invites business."

"In the clean-ups of past years," reads the letter to county school commissioners, "we are of the opinion that the schools have been frequently neglected. No one thing will do more to encourage personal hygiene among school children than an authoritative effort on the part of school officials to clean up school buildings and grounds."

TOWNSHIP OFFICERS MET.

The Oakland county road commissioners were hosts on Tuesday to the supervisors, highway commissioners and other township officers of the various townships of the county. A number of prominent highway men were present and addressed the conference.

The principal purpose of the meeting was to secure a greater cooperation between the township boards and the county road commissioners in an effort to extend the township road maintenance and improvement work, and their relation to consolidated highroads.

The Northville Record.

E. E. BROWN, Publisher.

An independent newspaper published every Friday morning at Northville, Michigan, and entered at the Northville post-office as Second-class matter.

NORTHVILLE, MICH., APR. 1, 1921.

RENDERED FAITHFUL SERVICE.

For more than fifty years Peter B. Barley, mention of whose death was made last week, served the people of this community in various capacities. He was for many years the community "repair man" to whom nearly every body went when they had some little odd job of repairing to do. He was never too busy to render the little service asked, and his charges for his time were usually very small. In fact he seemed always anxious and willing to render any service he could to those who came to him, and during all the years of his useful and honored life in Northville he was never known to speak ill of anyone. He possessed a wonderful self-control and lived each day in the family circle as well as outside, a sweet, commendable life. The lines of George L. Banks seem to apply with special fitness to the life and work of Mr. Barley.

"I live for those who love me, whose hearts are kind and true. For the human ties that bind me. For the task by God assigned me. For the bright hopes left behind me and the good that I can do."

CHURCH ADVERTISEMENTS ARE ATTRACTING ATTENTION.

In the Detroit Journal of Monday afternoon appeared a very good picture of our fellow-townsman, Chas A. Dolph, together with a re-production of several of the ads which have appeared in The Record announcing the meetings of the C. A. Dolph Bible Class. These little ads have not only been the means of arousing great local interest in the Dolph class, but they have attracted a good deal of attention outside of Northville.

The little ads are especially well written, and credit for their composition belongs to Mr. Dolph, not to a professional ad writer as some might suppose. They are catchy and have proven a good investment for the laity.

Northville has long been behind its neighbors in the matter of church advertisements, and it is to be hoped the campaign being conducted by Mr. Dolph and his Bible class will impress other organizations in the value of using space in the local paper for such advertisements. Surely all the towns in this section the churches are carrying on this work, each week and it is altogether proper that they should.

THE BONUS AMENDMENT.

At next Monday's election the voters of Michigan will vote upon the proposed amendment to amend Article 10 of the Constitution of the state of Michigan, by adding a section thereto, to stand as Section 29, and to read as follows:

"Sec. 29. The state shall borrow money not to exceed Thirty Million Dollars, pledge its faith and credit and issue its notes or bonds therefor for the purpose of giving to each person who entered into the military, naval or marine forces of the United States between April sixth, nineteen hundred seventeen, and November eleventh, nineteen hundred eighteen, and served honestly and faithfully therein during the late World War and who was a resident in this state at the time of entering such service, the sum of fifteen dollars for each month or major fraction thereof, of such service up to and including August first, nineteen hundred and nineteen."

CHILDREN DRINK MILK, AVERAGE GAIN FOUR POUNDS IN TWO WEEKS.

Children in one rural school of Wayne county appreciate the value of drinking milk. Since February 14th, each child of the French Landing school in VanBuren township has had a glass of milk to drink at each recess. As a result, the thirty-seven children in the school gained a total of 150 pounds in the first two weeks. When this is compared with the total of eight pounds that number of children would have gained under ordinary conditions in the same length of time, the results of drinking milk are strongly shown.

This milk feeding test is put on as part of the county milk campaign by the Wayne County Farm Bureau. Through the cooperation of the Red Cross, the children of this school were given a thorough medical examination by Dr. Chas. A. Wilson of the Detroit Tuberculosis society assisted by Miss Anna M. Church, county supervisor for nutrition and Miss Lydia Olsen, the Public Health nurse for the township. This examination showed that nine of the children were normal, twelve were temporarily underweight, nine were more than seven per cent underweight to the extent of lowered resistance and showed slight enlargement of tonsils and adenoids and seven were extremely underweight or were definitely plus some physical deformities plus some physical deformities gain difficult. Through the

aid of the Michigan Milk Producers association, the Home Demonstration agent arranged to have five gallons of milk delivered to the school each morning for six weeks. Each week Miss Church weighs the children to find out whether they have gained or lost in weight. Charts showing the normal weight of each child and the actual weight have been made. The children mark these charts themselves, showing their gain or loss for the week. Miss Church also talks to the children of the foods they should eat to become strong, and has told them the dangers of eating between meals, sitting up late, etc. An average gain of four pounds per child has been made in the first two weeks. Of you do over the gain usually made by children of these ages.

If this can be done in one rural school of Wayne county, what can't the farmers accomplish by seeing that each child has at least a pint, before a glass of milk a day? Send them with the children's lunches, give them milk at home and watch them grow.

PAID FANCY PRICE FOR HERD
At the Joseph Ziegler sale Tuesday mark was set for breeders of Holstein cattle to shoot at for some time to come. Besides the herd sire King One Champion, 257.513, there were 17 head of cows and heifers assisted by Harry Robinson of Plymouth, but the Ziegler sale he and the 20 head was \$254.50 each. The big bidding, however, centered around the prices as the higher priced on the two-year-old herd sire above mentioned. With bidders here from New York state, Pontiac and Howell the local company was obliged to come across with a bid of \$10,500 in order to keep this animal in this section of Michigan Monday at another sale of Holsteins.

DISARMAMENT IS URGED AT MEET

RESOLUTION ADOPTED REQUESTING CALLING OF CONFERENCE TO DISCUSS SUBJECT.

NAVY ADVOCATES DENOUNCED

Senator Borah brands Authors of Increased Armaments "Sedulous Patrons of Bolshevism."

Washington—A resolution requesting President Harding to call a conference of the nations on the question of world disarmament and asking that increased appropriations of congress for armaments be postponed pending such a conference was adopted here at mass meeting under the auspices of the women's disarmament committee.

Senator Borah of Idaho, the principal speaker, again advocated an agreement between the United States, Great Britain and Japan to reduce naval armaments and charged the authors of programs for increased armaments for the world with being "sedulous patrons of Bolshevism, panicking and industrial gardeners of unrest and misery."

I want to tell you, he said, that the ties which bind peoples to their governments are snapping everywhere because of the great burden of armaments. Our representatives at Versailles were pledged to such a reduction. They met in the palace of the Bourbons, talked of a better world and when the talk was over went home to lay upon the backs of the struggling millions burdens a Caesar would not have dreamed of.

DRY LAW VIOLATORS SENTENCED

Judge Sessions Sends 16 to Jail For From 4 to 10 Months.

Grand Rapids—Twenty-two persons one a woman, appeared before Judge O. W. Sessions in United States district court for sentence as a result of the campaign of federal agents and police officers against prohibition law violations.

Richard Brown, colored entertainer and musician, and his white wife were sentenced to terms in the Detroit house of correction. Brown will serve 10 months and his wife four months.

Fourteen others will serve from four to 10 months in the Detroit institution.

GREEKS NOW FIGHTING TURKS

Make 20 Miles Advance On First Day of Big Offensive.

Constantinople—An advance of about 20 miles was made by the Greeks on both the Smyrna and Brusa fronts during the first day of their offensive against the Turks. The Turks, who are fighting hard to declare they will not retreat farther until every means of defense has been exhausted.

GERMANY TO MAKE WAR ON REDS

Non-Military State of Siege Established By President.

Berlin—President Ebert in agreement with the government of Prussia has issued an edict establishing measures to restore public order in the region disturbed by the communist uprising. The condition established by the presidential pronouncement is "non-military" state of siege."

FRENCH PLEDGE HELP TO POLES

Latest Alliance Bares Paris As Builder of Ban On Berlin in East.

Washington—France and Poland in their agreement concluded February 19 mutually pledge themselves to concerted action for defense in case either of the two countries should be attacked without provocation, according to a summary of the pact received here in official circles.

LARGEST MOTOR SHIP IS HERE

German Tanker Completes Its First Trans-Ocean Trip.

New York—The German tanker Zoppot, said to be the largest motor ship in the world, is in port. The Zoppot, built by the Krupps and propelled by powerful Krupp-Diesel engines, is a vessel of 22,000 tons displacement and about 6,000 net tonnage.

A Michigan Man Appointed Washington—Washington Gardner, of Albion, Michigan, was given a recess appointment by President Harding as commissioner of pensions. He is a former member of congress and a Civil war veteran. John J. Esch, former representative from Wisconsin, was given a recess appointment as a member of the interstate commerce commission. Dwight Davis, of St. Louis, was given a recess appointment as a director of the war finance corporation.

Michigan News Tensely Told

Ionia—Bert R. Baxter of Rochester, Ill., has purchased the Bailey Hotel in this city from S. C. L. Brown.

Ann Arbor—Oswald Diaz, charged with selling patent medicines containing 60 per cent alcohol has been bound over to Circuit Court.

Owosso—Ex. J. Willman, superintendent of schools at Gladstone, has been named superintendent of the Owosso schools to succeed O. H. Veltner.

Flint—Morris Hill, Elm Crest, Grand Boulevard and Lyncroft, four adjoining communities five miles north of Flint, are considering incorporation as a village.

Mr. Clemens—John Conna, 12 years old, is in a hospital with a serious wound in his neck as the result of the accidental discharge of his rifle while he was carrying it under his arm.

Sault Ste. Marie—Representative H. L. Osborn of Chippewa county, will be opposed for reelection as supervisor by W. L. Campbell. A full ticket has been nominated in opposition to that headed by Osborn.

Muskegon—Judge Davis, of Ionia, has set aside two deeds to the home of the late John Torrent and given the property to the widow. The home is valued at \$10,000. The widow charged the two deeds frauds.

Sault Ste. Marie—The body of Charles Koski, 21, farmer, was found in a field near here, following one of the heaviest electrical and rain storms ever known here. His face was burned, showing he had been struck by lightning.

Grand Rapids—City Commissioner Julius Tisch has asked the city commission to direct that the carey whistle shall be blown at one hour intervals on election day to remind voters to visit the polls. Tisch is a candidate for re-election.

Flint—With, infantry, and machine gun company, Foster's completed, Flint National Guard officials have opened a recruiting drive for a battery of artillery. There is a \$90,000 appropriation bill before the Legislature to provide an armor for the three units.

Port Huron—Port Huron police pursued at the activities of a man now known as the "Saturday Night Bandit," who stages holdups in out-of-the-way stores about the same hour every Saturday night. The bandit uses a mask and a large revolver.

Kalispell—The administrator of the state of Sylvanus Mohney died, but brought out in circuit court against the Chicago Kammar and Sponheim railroad, demanding \$20,000 damages. Sergeant-in-charge of Mohney, a road employee, was classified as a traitor.

Michigan—A breakwater extending across the end of the Muskegon peninsula will be constructed next summer, according to word received from Washington. The sinking of the City of Muskegon, which cost the lives of 24 persons, is said to have stirred officials to action.

Livonia—A meeting of the State Christian Calling Conference, which is to help men who plan to enter religious work but have not selected their calling, has been set for April 16 in this city. Dr. A. J. Stuer, general Y. M. C. A. secretary of Detroit, will be one of the speakers.

Hartland—Sixty days of hard labor and a fine of \$25 were imposed by Justice Tracy on George Opperman, charged with putting the stench gland of a sow in the fresh air shaft of District No. 1 school house. George's class, however, ban him as a heretic. School was suspended for a week.

Michigan—Henry J. Pinckney, 80, Civil War veteran, died at his home here. He was a captain in Company L Third Michigan cavalry which was formed at Whittemore Lake at the beginning of the Civil war. The village of Pinckney was named after his grandfather, Joseph Pinckney. Five children survive.

East Lansing—"Early History of Michigan" will be the theme of the annual pageant to be given at Michigan in June. The scenes will show the ceremonials of the Indians, the Jesuit missionaries establishing the first settlements, French court dances of the Seventeenth century and the discovery of the site of Detroit.

Ionia—Franklin Hoar, 13 years old, was badly burned in the face when a charge of powder from a blank cartridge was fired at him by a boy playmate. The boy was playing with a revolver, Franklin says, when his companion thrust the muzzle in his face. He reached forward to put it aside, when the trigger was accidentally pulled.

Paw Paw—Contrary to expectations among court attaches, Judge L. Burget Des Voignes did not announce his decision on a motion to dismiss charges against Mrs. Sarah Tabor. The motion was offered several months ago by former Prosecutor Adams, who conducted the first trial for the state last spring. The court did not indicate when a ruling would be handed down. Mrs. Tabor is accused of manslaughter in connection with the death five years ago of her daughter, Mrs. Minnie Tabor Varga. Two men attracted much attention.

FARMERS, ATTENTION!

We have confidence enough in the future horse market for young, large, sound horses that we have purchased the imported Percheron Stallion, Janze (No. 88707), which we will stand at our farm, 3 miles southwest of Northville, for the season of 1921. The service fee is \$20 to insure a standing colt. By all horse reports as to the shortage of young, sound horses and the few mares that have been bred the last four years, especially the last two years, which was about 20% of the regular breeding, it looks like a good time to breed a few mares, if nothing more than to raise a few good farm horses for yourself. And farmers who have been reading the tractor reports on farms for the last year we believe are fully convinced that the horse will make a far larger gain over the tractor the next two years than the tractor has made on the horse for the last two years—and Mr. Farmer, if you are in a puzzle whether to buy a tractor or a good team of horses, this spring go and talk to a few farmers who have a tractor, which to get, and after they tell you, have them explain the reason why, then act accordingly.

However, come out and take a look at the old horse, and we have several farm mares, both graded-and-pure-bred, and we will look them over also, and have a good visit on the horse proposition anyhow.

We have a team of mares weighing 3,000 pounds, a team of mares coming three years old, and a saddle horse for sale.

MacLean—Senator LeFollett has announced he has contemplated a trip to Ireland to study the Irish question at close range. He said several other senators also were planning to make the trip.

Michigan's Quota \$350,000
Detroit—In the eight days of May 8-15, inclusive, the people of Michigan will be asked to contribute \$350,000, this state's share of the national fund, which is being raised for the destitute women and children of Ireland.

Denby on Inspection Trip
Key West—Secretary Denby has sailed aboard the destroyer Crowninshield, for Guantanamo, Cuba, to inspect the naval base at that place. Later he will go to Haiti and the Dominican Republic to inspect detachments of the marine corps.

British Have New Plane
London—Details of an entirely new type of seaplane which can either fly or cruise as a warship have been made public here. Two of these ships are being built for the air ministry. The vessels are said to be much like small ships with wings added.

\$9 Millions Due Railroads
Washington—The Interstate Commerce Commission announced it had certified to the secretary of the treasury that to date \$19,752,346 had been tendered to be due to the railroads of the country under the government guarantee during federal control.

Cheffill Named Military Aid
Washington—Major Clarence S. Dudley, military aide to the president and superintendent of public buildings and grounds in the District of Columbia, has been relieved by Lieutenant Colonel C. O. Cheffill, corps of engineers, on orders of the president.

Review Bergdoll Papers
Washington—All papers in the war department relating to the case of Grover Cleveland Bergdoll, escaped American draft evader, now in Germany, were transmitted to the state department at the direction of Secretary Weeks with a request that they be considered from an international viewpoint.

Flags Train with Red Sock
Toronto—John Lowe of Holland Landing is the hero of his town, all because he had presence of mind to pull off a foot and sock and flag a speeding passenger train before it reached a washout on the Grand Trunk Railway. The sock was red, and the train stopped. Passengers made up a purse and presented it to Mr. Lowe.

Brothers, Married to Sisters, Sue
White Plains N. Y.—John and Henry Leibicci, of Stamford, brothers who eight years ago in a double wedding married sisters living in Newark, have begun a double action in supreme court here, for divorce from their wives, naming a White Plains chauffeur as co-respondent and alleging the maidies took place on the same date.

69 to Fight Charges
New York—Sixty-nine of the 74 corporations and all of the 40 individuals who were indicted March 1 by the federal grand jury on a charge of violating the Sherman antitrust law by conspiring to monopolize the production and distribution of Portland cement pleaded not guilty in federal court. Individuals were released in \$5,000 bail each.

Says Women Would Elect Him
Miami—William Jennings Bryan was asked by the Young Women's Christian Association of Miami to run for president in 1924. Mr. Bryan was chairman of the association's drive for funds which has just ended, and he had just finished addressing a gathering of workers when the request came. "With the women voting I am confident I would be elected should I decide to try," the commoner replied.

"Would-Be" Name of Town
Tulsa—The town of "Would Be" Oklahoma, owes its name to a dispute between a postoffice inspector and postmaster. The postmaster, leading the discussion for the citizens, wanted the town named Mid-Co. The inspector objected. "It wouldn't do at all," he said. "When the oil's gone, what would it be?" "It would be a town, that's what it would be," answered the postmaster. "Well, then if it would be, it would be," the inspector retorted, and became "Would Be."

TO MEET AT 4:15 P.M.

The Spring meeting of the Michigan Trudeau society will be held in Flint on April 15. A program has been prepared for this convention containing some of the best known authorities on tuberculosis in this state. The Michigan Trudeau society is an association of Michigan doctors interested in a special way in tuberculosis. Its membership is made up of men, who have specialized in this line of work or who have done some special piece of work in connection with the anti-tuberculosis campaign in Michigan.

The Trudeau society is the scientific nucleus of the anti-tuberculosis movement in Michigan of which the Michigan Anti-tuberculosis Association is the sociological side. The two organizations unite in publishing "Michigan Out of Doors."

The Michigan Anti-tuberculosis association has scheduled May 17 and 18 as the dates on which it will hold its annual conference this year. The convention is to take place in the city of Lansing. Much attention during the conference will be given to the Health Crusade.

Tea for Travelers.

The Chinese, or their new-built railways, have established a service which in its line is beyond anything we know in this country. It is tea boiling water. At each important station there is a boiler under a queer looking circular roof which looks like a huge umbrella. The traveler can help himself from one of several taps.

Why boiling water? For making tea, of course. The traveler brings his teapot on at least a cup, along with him; also some tea. He gets his favorite beverage fresh, just as it would be made at home.

Limit to Contentment.

Jud Punkins says the contentment which lasts more than 24 hours is liable to degenerate into common lassiness.
