LOTS OF ACTIVITY IN BASE LINE SECTION

About the busiest place in Northville these days is that section along the Pere Marquette tracks on the Base Line road. The Northville Cemetery is always a busy institution and at the present time about twenty-four thousand pounds of milk are being received daily and converted into the popular W. & R. brands of milk and milk products. The amount of milk will gradually increase until about June 1st and then the daily supply will drop off for a few months.

Over at the new plant of the Northville Lumber & Coal Yard men are busily unloading building material and the foundation for a new 20-ton set of truck scales has just been completed. The new scales will be 9x24 and will be large enough to weigh a truck and a trailer at the same time. Something that this community really needs—New sheds for the storage of lumber will be erected as soon as a survey can be made for the side track. New coal docks and bunks will be constructed in the ravine a short distance from the track so that a car of coal can very easily be unloaded without having to be shovelled, thus making a great saving of labor. The new company is very much pleased with the business it is receiving in this section.

The frame work for Northville's new and modern flouring mill will soon be taken on shape, the cement foundation having been completed on Saturday and workmen were taking down the "forms" on Monday afternoon when a representative of The Record visited the new mill site. The new mill will be 30x50 with a height of twenty-six feet. Just back of the mill proper and forming a part of the completed structure will be a warehouse 30x40 feet in size with a ten foot ceiling. The new mill will have sufficient storage capacity to meet the needs of this community and will be located on a siding grade, and produce can be easily shipped in or out as the requirements of the business demand.

Great piles of new lumber and other building material are being received by the Meissner, Verker, and work on storage sheds will soon be under way.

The present feed mill is a busy place and while somewhat crowded it is meeting the immediate needs in a very satisfactory manner. Work on the new mill will be pushed just as fast as Contractor Geo. A. Hecke can do it and those who are acquainted with Mr. Hecke know that he is wide awake and pushing his work all the time.

These new improvements and additions to the interests of the community are giving employment to a lot of men and they will prove of great benefit to this section.

OFFICIAL FORD FIGURES.

The Ford Motor Company shipped 62,332 cars during March. Total sales for that month totaled \$7,221 cars, it is officially stated. The production for April calls for 90,000 machines and there are now more than 100,000 orders to be filled. There are now very nearly 40,000 men on the payroll, these being distributed among the different plants in and about Detroit—that is to say, Highland Park automobile plant, and the tractor and body plants in the River Rouge district. Of this number of employees only about 2,000 are not working full time; all the others are back on a normal schedule. General outlook for automobile and tractor sales, so far as Ford products are concerned, is said to be good and the company feels confident that from now on production as well as sales will increase steadily. TOLD OF CHINA'S NEEDS.

The Woman's Union of the Presbyterian church held a very enjoyable meeting in the church on Wednesday afternoon. A number of Plymouth ladies attended the meeting, which was addressed by Mrs. McCandless, a returned missionary, and whose life has been spent in the mission fields of China, gave a most interesting address regarding the work of the mission in that far off land. She told of the wonderful work thus far accomplished and of the great need for the future.

At the conclusion of the meeting refreshments were served and a social hour followed.

WALLED LAKE PEOPLE ARE WIDE AWAKE

The people of Walled Lake are to be congratulated upon the fact that a few of its public-spirited citizens recently held a meeting and organized a Board of Commerce or community club. A good live organization of cities is a valuable asset to any community and in every community there are lots of things some one ought to do. If these matters are left to care for themselves but very little is ever accomplished. With our good roads Walled Lake is ideally located for a splendid residence section, both in summer and winter, and it is the ambition of the members of the new organization to present its advantages to the outside world. Among the many matters which will receive the attention of the new organization is the establishment of an auto bus line to connect Walled Lake, Novi and Farmington with Farmington Junction, making frequent trips between the Junction and Walled Lake. This will prove of great convenience to those who desire to visit the lake for a day's outing and who do not possess autos or other means of conveyance.

The following officers have been chosen to direct the affairs of the organization, and they are being loyally supported by the community:

President—Dr. H. Stewart.

Vice-president—H. G. Roach.

Secretary—E. V. Mercer.

Treasurer—Fred Schmidt.

DANCERS HAD MERRY DINE.

The closing party of the season was given on Wednesday night at the Pastime Club, was attended by about 75 couples and was one of the most enjoyable of the many given during the past few months. Peter Pern's six-piece orchestra rendered a delightful program, every number being repeatedly encoreed, and Mr. Jeffries of Detroit sang a number of solos during the evening to the delight of all.

A pink and white luncheon was served by the committee and this part of the affair was also most enjoyable. As has been the rule of the club the dancers took their baskets with sandwiches and anything else they desired and the committee gave them a pleasant surprise by furnishing cake and cream in generous quantities. The tables were prettily decorated in pink and white and the same color effect was carried out in the cakes and cream. During the evening punch was served from small tables in the gym.

A number of girls were present from Detroit, Plymouth, Farmington and Novi.

Finest Apples I Ever Grew

"The finest apples I have ever grown were sprayed with Pyrox. One year I thought I would save a little in the price, and was talked into trying 'something just as good,' but never again, for the crop that year was far from being as good as when I used Pyrox."—C. H. Stokes, Medford, N.J.

"The Spray
That Adds to
Your Profits"

Pyrox is a smooth, creamy paste which is all ready to go by simply mixing with cold water. It sticks like paint, and protects the fruit through the growing season. Pyrox is just as good for potatoes, tomatoes, cucumbers, strawberries, etc., as it is for apples.

Get this Pyrox Crop Book. It tells how to protect your crops against bugs, worms and disease. Send for a copy today. A postcard will bring it.

CARBOLA

The Disinfecting White Paint

Carbola is a white paint in powder form, is turned into a smooth spreading liquid paint simply by mixing with water.

Carbola will save you time, labor, and trouble, and give you better results than you possibly can get from white wash and disinfectants. It kills lice, mites, fly eggs, etc., and helps prevent the germs of contagious diseases that affect poultry and live stock.

Farmers—use Smuticide; it will prevent smut in Oats, Barley, Rye and Wheat. Pays for itself many times over. Open Monday and Wednesday evening until 8

What 4% Means

THE NORTHLVILLE STATE SAVINGS BANK OF NORTHLVILLE pays 4% interest, compounded twice a year.

What does 4% compound interest mean? It means that if the interest is allowed to remain on deposit with the principal sum, interest will be paid on interest—that is, \$1.00 placed at 4% compound interest, will double itself in a little less than eighteen years through the interest additions.

To secure the best results it is necessary to set aside weekly or monthly a fixed sum from your income, and deposit it to your account. The tables here given show what may be accomplished by this method. The interest earnings equal from 120 to 50% of the money deposited during the periods shown. That is, if monthly deposits of \$5 are made for twenty years, the total sum would be \$1,200, with 4% compound interest, it will amount to \$1,833.50; or, the earnings added equaling \$633.50, or 52% of the money actually saved.

Good Enough To Eat

The last place one would look for something to eat would be in a lumber yard and yet there is one thing we handle that is strictly building material and is not only good enough to eat, but is eaten by everybody (man and beast alike). Everybody wants it and everybody eats it. What's your guess?

Why, Salt, of course.

The car of salt unloaded this week contained Salt in barrels, Salt in sacks and Salt in blocks.

The Salt we handle, in barrels and sacks, does not get hard. If you have been using salt which hardens up like a stone, cut it out and use only our non-hardening, and you will forever have peace of mind.

Salt and Pepper usually go together, so suppose it is up to us to supply the "Pep."

The building season is opening up now. Let us handle your wants in our lines—Lumber, Shingles, etc., and Building Material.

DETROIT THEATRES.

Vicente Blasco Ibáñez's remarkable book, "The Four Horsemen of the Apocalypse," which has passed through nearly two hundred editions in the United States alone, has been screened on a mammoth scale by Fox Ingram for the Metro Pictures corporation, and will be presented at the Garrick theatre, Detroit, for a limited engagement, beginning Sunday night, April 17th.

The absorbing character of the book, and reports of the popular success of the picture, justify local interest, which has been further accomplished by announcements of the magnitude of the production and the care and expense involved in preserving the spirit and bigness of Ibáñez' thrilling story, with its marvelous delineation of character and its background of Biblical prophecy. John Corbin of the New York Times, calls the picture, which is now having a remarkable run in the metropolis, "an epic of the movies," and Alan Dale, the noted critic, describes it as a tremendous screen effort. The New York Sun says:

"As a work of super picture art it has never been surpassed."

Fresh from Broadway, acclaimed by press and public as one of the most delightful productions of the year, comes "Jimmie," with Frances White and an infinite company of singers, dancers and comedians, to the Shubert-Detroit, beginning Sunday night. Arthur Hammerstein is the producer of this "Musicalcom," a fact which insures originality, beauty of settings and costumes, and above all—a chorus of personal charm and appeal.

Quite ingenious from the standard of plot and melody is "Jimmie," for it is one of those rare combinations, a musical play with a story so human and compelling that it stirs the imagination while creating merriment and melody. No one who sees this attractive production will be able to forget "Jimmie," she of smiles and tears, melodies and dances. Her fortunes are varied and they carry her from the romantic surroundings of a little cafe to the gorgious, serious land of wealth and the stage.

NOTICE

Notice of Hearing of Objections to Proposed Change in Specifications for the improvement of a certain highway, under Act 58, Public Acts of 1915, as amended, in Road Assessment No. 295, and of objections to said improvement.

To all persons interested in said proposed improvement and to the townships of Salem in Washtenaw county, Northville, in Wayne County and to the counties of Washtenaw and Wayne.

WHEREAS, On March 1st, 1919, a petition was filed with me as State Highway Commissioner, of Michigan, under the provisions of Act 58, Public Acts of 1915, as amended, praying for the improvement of a certain highway

commencing at the east section corner common to sections 1 and 12; town 1 south, range 7 east, Salem Township, Washtenaw County, thence west on the section line between sections 1-12-11 and 8-10 to the west section corner common to said sections 3 and 10; and

WHEREAS, I, as such commissioner, was of the opinion that the proposed improvement was necessary for the benefit of the public, and for the public convenience and welfare, and did make my first order of determination to the effect that the same was necessary, as aforesaid, and did cause a survey and specifications and estimates of the cost thereof to be made and filed with me as such commissioner; and

WHEREAS, The public hearing of objections to said improvement was held on the 3rd day of June, A.D. 1920 at the southwest corner of section 6, Northville Township, Wayne County, at which time and place all persons interested including the foregoing townships of Salem, in Washtenaw County, Northville, in Wayne County and the Counties of Washtenaw and Wayne, were given full opportunity to be present and to be heard; and

WHEREAS, It was tentatively determined that said road should be improved by construction of a so-called Class B, gravel road, 12 feet in width, together with the proper culverts, bridges, drainage and grading; and

WHEREAS, Such specifications are subject to change by me in accordance with the provisions of the statute, and it appearing that the public interest and welfare will be best subserved by the construction of the improvement under other and different specifications, namely by the construction of the so-called Class B, gravel road, having a width less than 12 feet; it is now proposed to change such specifications accordingly; therefore

All persons affected by said proposed improvement and the townships of Salem, in Washtenaw County, Northville, in Wayne County, and the Counties of Washtenaw and Wayne are hereby notified that I will be present at the southwest corner of section 6, town 1 south, range 8 east, Northville Township, Wayne County, at 2:00 o'clock p.m., Central Standard Time on the 11th day of May, A.D. 1921, for the purpose of hearing objections to the proposed change in specifications and for the further purpose of hearing objections to the making of said improvement under and in accordance with the specifications as aforesaid.

The assessment district is described as follows, to wit:

Commencing at the 1/4 point common to fractional sections 3 and 4, town 1 south, range 7 east, Salem Township, Washtenaw County, thence west 1/4 mile on the east and west 1/4 of said fractional section 4 to the center of said fractional section 4; thence south 1/4 mile on the north and south 1/4 line of fractional section 4 and section 3 to the center of said section 3; thence east 3 1/4 miles on the east and west 1/4 line of sections 9, 10, 11 and 12 to the 1/4 point on the east side of said section 12, thence continuing east 1/4 mile on the east and west 1/4 line of section 7, town 1 south, range 7 east, Northville Township, Wayne County to the center of said section 7, thence north 1/4 mile on the north and south 1/4 line of section 7 and fractional section 6 to the center of said fractional section 6; thence west 1/4 mile on the east and west 1/4 line of fractional section 6 to the 1/4 point on the west side of said fractional section 6, thence continuing west 1/4 miles on the east and west 1/4 line of fractional section 1, 2 and 3, town 1 south, range 7 east, Salem Township, Washtenaw County to the place of beginning.

Given under my hand at Lansing, Michigan, this 11th day of April, A.D. 1921.

FARMERS, ATTENTION!

We have confidence enough in the future horse market for young large sound horses that we have purchased the Imported Percheron Stallion, Janze (No. 88707), which we will stand at our farm, 3 miles southwest of Northville, for the season of 1921. The service fees is \$20 to insure a standing colt. By all horse reports as to the shortage of young, sound horses and the few mares that have been bred the last four years, especially the last two years, which was about 20% of the regular breeding, it looks like a good time to breed a few mares, if nothing more than to raise a few good farm horses for yourself. And farmers who have been reading the tractor reports on farms for the last year, we believe are fully convinced that the horse will make a far larger gain over the tractor the next two years than the tractor has made on the horse for the last two years, and Mr. Farmer, if you are in a puzzle, why not buy a tractor, or a good team of horses, this spring and talk to a few farmers who have a tractor, which to get, and after they tell you, have them explain the reason why, then act accordingly.

However, come out and take a look at the old horse, and we have several farm mares, both graded and pure-bred, and we will look them over also, and have a good visit on the horse proposition anyhow.

We have a team of mares weighing 3,000 pounds; a team of mares coming three years old, and a saddle horse for sale.

You Are Invited To Become A Stockholder

An effort is being made to organize a company in Northville to take over the local Dodge Brothers' service station and agency and to conduct a general garage business. An option has been secured upon a suitable building in a good location, and it is planned to incorporate the new company for \$15,000—all common stock.

The stock is being offered at par, \$10 per share, and we believe the proposition will prove a profitable investment. The present Dodge agency will be taken over and continued by the new company, and the business will be conducted under the personal direction of R. L. Richardson, who established the Dodge service station here last season. Mr. Richardson has had wide experience in garage management and he has agreed to give his entire time and effort to the new enterprise. Parties desiring to invest in the new corporation are requested to make an appointment with Mr. Richardson, who will explain fully the plan of organization.

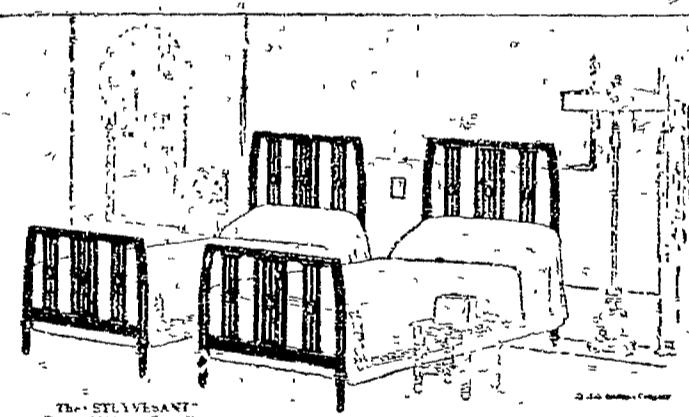

The proposed new company will deal in new and second-hand cars and do a general garage business, carrying at all times a full and complete line of supplies and accessories.

One-half of the required Capital Stock has Already Been Subscribed. If you Desire to Become a Stockholder now is your Chance.

Furniture Quality AT PRICES YOU WILL BE WILLING TO PAY

We have never attempted to offer our patrons cheap furniture in the general accepted meaning of the word cheap. We have always endeavored to offer them furniture of quality—of genuine worth—as low prices as it has been possible to make, and we have built our splendid business upon that basis. If any article has failed to come up to its expectations we have always made "good" to the purchaser, and we are still sticking to that policy because we believe it is just and fair.

You will, therefore, find it to your personal advantage to make your selections of

EIGHTH GRADE EXAMINATIONS

The next regular eighth grade examination for Oakland county schools will be held on Thursday and Friday, May 12-13, 1921, at Pontiac, Holly, Clarkston, Milford, South Lyon, Farmington, Birmingham, Rochester, Orion, Ortonville and Leonard. Pupils are requested to take the examination held at the place nearest to their homes. Only those who have finished the eighth grade work are eligible to write the examination. Teachers must register the pupils with the school commissioner ten days in advance of the examination. Registration blanks may be had from the commissioners office.

DEATH OF AGED RESIDENT OF ELYONIA TOWNSHIP

Ricard Senn, 88, aged 87 years and seven months, passed away at his home in Elyonia township last week. Tuesday evening, March 12, Mr. Senn had rest in Elyonia for some time, although it had been able to get around until Monday evening when he had a stroke of paralysis.

The funeral was held from the home Sunday at two o'clock. Mrs. Fielding officiated. He leaves a mournful loss, his wife, five sons, John W. of Redford, Isaac E. of Birmingham, Richard S. of Elmwood, Marshall B. of Detroit, Ebenezer C. of Dearborn; three daughters, Mrs. Anna Schreyer of Detroit, Mrs. Ira Wilson of Royal Oak, Mrs. Dair McKinney of Elmwood, Michigan.

AUTO FEES GREATLY INCREASE.

An increase of more than \$1,000,000 in license money received from the motor vehicle tax during the first three months of 1921, as compared with the first quarter of 1920, is shown in a report filed with the state auditor-general today.

The total amount collected this year from the counties of the state was \$4,497,723.78, against \$3,493,500 in the first quarter last year. On this total half, or \$2,248,862.04 goes back to the counties for highway work and the other half is diverted to the state highway department. This is to begin now and during the three months of this year amounted to \$4,648.50. This amount goes in its entirety to the state highway department. The collection in Wayne county this year amounted to \$1,250,000, compared with \$1,125,000 in the first three months of last year. In Kent County the comparison shows a rise for 1921 of \$200,000, or 17 percent of 1920, \$1,075,100.

20 BEST SICKNESS WASTES FROM YEARS

In the 20 years of 1921 Michigan ranked 11th in death rate in 15,000 years in both the public and private departments.

The statement is made by Dr. W. H. Bragin, director of the Bureau of Vital Statistics of the Michigan Department of Health. He gave it in the following words:

"In the past 20 years 15,000 cases of diphtheria were reported to the state—on an average of 1,150 cases per corresponding period in 1920. We know that the death rate from diphtheria will at least average 7 percent of the number of cases."

"The married and single rate of the 20,000 patients, in other words will die. We know further, that the largest percentage of deaths occurs before the age of 10. At the age of 7 probably the average figure of those who have died—a male child in this state has a life expectancy of 56.861 years according to the U. S. Life Tables for 1920. Multiplying the number of deaths by the period of the expectancy for each child and we get an approximate total of 15,000 years of economic loss to the state."

"But we can't stop there: Michigan requires a minimum period of 21 days' quarantine for diphtheria. Figuring on the minimum basis of 21 days we add up a total of 188 wasted years merely for those who have been sick since the first of the year, to say nothing about other members of the families."

That half of the deaths could have been prevented by the free distribution of antitoxin Dr. Deacon declared was a conservative estimate.

Farmington Flashes

Mrs. Sarah Turner, who resided west of town, died last Thursday after a brief illness of pneumonia.

The Universalist church society will

erect a new parsonage this season.

Farmington's High School basketball team finished in second place among the school teams of the state—a record all may be proud of. After winning from Britton, Harbor Springs, and Carson City Farmington was defeated by St. Joseph in a contest that was pronounced the fastest of the meet and in which several minutes extra play were required before the decisive score was recorded.

Oakwood—Miss Louise Rescue, aged 13, of 143 Albert street, Oakwood, died at Grace Hospital Sunday afternoon at 3:30 as a result of burns received while lighting a fire in the furnace in her home Sunday morning. She used kerosene.

TO KEEP THE ROADSIDE CLEAN.

Ed F. Glasgow, assistant county highway engineer, in a statement today declared that the practice by unknown persons of dumping loads of refuse at various points along the county highways has become so prevalent that members of the maintenance department have been instructed to procure in future all information necessary to frustrate prosecution of offenders.

"The practice of dumping refuse along the country roads," he said, "not only creates unsanitary and unhygienic conditions, but is a violation of state law. So much refuse has been dumped in this manner that we have been compelled to instruct members of the maintenance staff to assist us with the idea of at once starting prosecution, and we shall endeavor to ensure full penalties for such violations." A full report of the council meeting Monday night will be found in the official proceedings published earlier in today's paper.

Orient Chapter, F. & A. M. will elect officers for the ensuing year at its meeting to be held this Friday evening.

A good attendance is desired.

At the annual meeting of the Presbyterian Church Tuesday evening, Mr. Babbitt and Wm. Scott were elected trustees to succeed themselves.

Mr. and Mrs. Glenn Richardson and children have moved from the Richardson farm on the Fisher's road, to their new home on North Center street.

Miss Ruth McElroy, the community nurse addressed the Chas. A. Dolph Bible class of the M. E. Sunday school on Sunday upon the subject of health.

The children are requested to attend the "Story Hour" at the Library building on Friday afternoon, April 15th, and the adults are invited to be present in the evening.

A copper curling will soon be constructed along the Main Street to make a hot grounds. These grounds could be made a beauty spot by just a little effort.

The Kinsley Foundation will be quarterly fixed at the home of Mrs. George A. Kinsley on April 15, 16, 17, 18. Members are requested to bring the usual offering.

The baseball season is off a Sunday in Northville while the independent will play the Forest City of Detroit. A lot of older good games will follow during the summer.

The members of Northville Lodge, F. & A. M. will pay a visit to Kilwinning Lodge in Detroit on Monday evening, April 15, 16, 17. It is desired that every member accept the invitation and join with the brothers in the pilgrimage to the city.

Superintendent of Detroit Boys of Perfection, Edward Dennis, and wife, Mr. and Mrs. Edward Dennis, Jr., of Kansas City, Mo. They made the trip to begin by auto.

Saturday night a snow storm came as a real surprise after an afternoon's rain. By ten o'clock the ground was white. Sunday morning much of the snow had disappeared and the day was very cool. Sunday night the ground was frozen pretty hard and ice was formed.

The past masters of Orient Chapter, F. & A. M. conferred the degree in a very creditable manner last Friday night.

Capt. E. A. Noble officiated as worthy captain and Past Grand Worthy Matron Joslin of Detroit filled the matron's chair. Refreshments were served at the conclusion of the work.

This office has received a copy of the "Arbitrator" set on the Washington Post, published at Washington, D. C. containing a picture of Miss Helena Woytich, spoken of as one of Washington's most talented musicians.

Miss Woytich is well-known in Northville, having spent part of last summer with her sister, Mrs. Bert Tapp on High street.

For the present, until the summer schedule becomes operative, there will be a dance at the Waite Lake pavilion each Friday night. Music will be furnished by Stone's famous orchestra of Detroit. Dancing at this popular resort is becoming more and more popular each season and judging from the attendance on the opening night this year will be the largest in the history of the place.

Now, with all the building activity in the vicinity of the P. M. crossing on the Base Line road a side walk should be constructed from North Center street to the railroad and beyond. With the new mill, two lumber yards and the Northville Commodity in operation many people will have occasion to visit that section. A sidewalk on the east side of the street would be a great improvement.

Mr. and Mrs. Wallace Williams have moved to Detroit.

E. L. Smith recently purchased a handsome Paige car.

The demand for small houses or apartments seems to be on the increase in Northville. Search a day passes but some one calls at this office looking for a place to live. This is agreed that ought to be met in some way.

The many friends of Mrs. Emma Johnson Rogers, formerly teacher of music and drawing in our school's will regret to learn of her sudden death at her home in Ferndale Saturday night. Mr. and Mrs. Rogers had company during the evening and Mrs. Rogers seemed to be failing as well as usual upon retiring for the night. She was taken suddenly ill and expired before assistance could be summoned.

HAIL CRAFTSMEN! WANT TO GO TO DETROIT?

The officers and members of Northville Lodge, F. & A. M. have been invited to pay a fraternal visit to Kilwinning Lodge of Detroit on the evening of April 23rd—one week from next Monday night. It is desired that every member accept the invitation and join with the brothers in the pilgrimage to the city. All who desire to go will please note. B. Norton at the drug store in order that the committee may provide transportation. It is desired that the brothers go in a body and it is probable that a car or perhaps two cars will be chartered for the occasion.

"Let's all go." The members of Kilwinning Lodge will be gone last year and they were here in large numbers. Let's show them Northville in May, so we can do it follows:

REGISTERED CLUB SHOOT.

The United Gun Club held their first registered club shoot, Sunday, April 10th. Owing to the disagreeable brand of weather, only ten contestants were on the firing line. Harry Passage, set a fast pace from the start and finished in first place, scoring 71x75.

S. A. Bone, of Pontiac, let five glide back to the green without a spot mark. J. A. Fesler drew more than his share of the tough ones but managed to finish 69.

Howard Hall, professional, ended with Harry Passage, scoring 71x75. The next registered club shoot will be held April 24.

The following contestants shot better to target program:

Hills	68x75
Merritt	66x75
Hall	61x75
Fesler	69x75
Passage	71x75
Powell	64x75
Bone	70x75

TO PROVIDE FOR STATE INCOME TAX.

On "Sunday" morning the state legislature in the waning hours of its session, before the House voted to adjourn, adopted a committee to investigate the question of a state income tax. The group of legislators who proposed the bill are from the rural districts.

After much discussion following the adjournment of the state session, the group of legislators proposed the bill to the Senate, where it was referred to the Committee on Finance.

TAXES EXPOSED—REPORTS UNQUOTE BUSINESS BE OVER

The Tax League of America is sending out thousands of broadsides, leaflets, and other printed matter to show that the only good tax is tax on sale to the ultimate consumer. It is explained over and over again that it is proposed one per cent taxes such as a little long that the producer of wheat, for example, and the manufacturer of flour and the baker, and the retailer selling to the ultimate consumer might *not* even take the trouble to "put them on." They would almost forget all about it, as it were, and so the government would obtain millions of dollars and the "bad" and high taxes on incomes and even profits might be repealed.

The New York Herald, in its paper editor, says the tax explosion made as individuals business and individuals might buy their supplies and spend money on them, unless whether they are making it or poorer there is also in the sales tax the same sort of incentive upon which the government must be basing its claim absolutely.

This is true. A suit, as well as most of the useless of government is on the back of the poor. For, as the Herald says, they must eat, and be clothed, and have shelter, and this uses the savings of the raw material and the manufacturer and the wholesaler and retailer have paid will be reflected in the price charged poverty. The tax is not on wages, may has, but it is not a man's needs.

Figured out by the Tax League of America a loaf of bread will cost a cent extra, a suit of clothes on the average, \$1.70 more, a tire for your car, \$1.14 in addition, to the normal price, a pair of shoes probably 25 cents extra, and so on to every necessity which enters into the cost of living.

What will happen under the sales tax, as proposed, is this. Any man who sells anything must immediately become a book-keeper. First, he "takes out a license," then he keeps an exact record, on a set of books, of every sale he makes whether he gains or loses by the transaction. Hens? What did you get for your eggs? Put it down. Milk? How much? Put it down. Pig iron? Put it down. Dishpans? Put it down. And what as a merchant did you sell for cash or on credit? Put it down.

Then each month add the gross amount and pay over to the internal revenue collector for a tax of one cent on the dollar. Of course it is inevitable that the taxes will be pyramidized, and while a cent is a seemly small amount when every seller of anything adds the tax to the selling price, it is easy to see where prices will go to for the consumer.

Besides making the nation a nation of bookkeepers the tax will also make the people a nation of liars. And the advantage will always be on the side of the best and most artful liar.

The rascal will always have a one per cent advantage over the honest merchant, and the tax will be an in-

censive to become a performing rascal. Yes, yes, yes, the excess profits tax and the present tax on incomes, in not discriminating between earned and unearned incomes, are not equitable, but after all isn't it better to stick to such taxes before communiting the country to a system of taxation that injuriously increases the burdens of the poor, while lightening the tax burdens of the rich?

GARDEN NOTES

Set small fruit plants now. The best during the cool, moist weather of early spring.

Cuthbert (red), Cumberland and Plum Farmer (black) are dependable varieties of raspberries.

Perfection is the best variety of currant. London Market and Fly's Prolific are good.

Dowling and Pearl gooseberries are good varieties to grow in Michigan. Don't wait until Fall to set the new strawberry bed. Spring planting is best. Senator Dunlap is a good garden variety.

Don't leave the plants in the packages in which they are shipped. If not ready to plant, remove them as soon as they are received and heel

them in.

Most plants should be set a little deeper than they were in the nursery rows, all except strawberries.

Don't set strawberry plants too deep.

Place the crown so that it is just at the top of the soil.

All the roots should be well spread out and the soil well mixed around

them.

This is a good time (with the possible exception of Northern Michigan) to plant beans, radishes, lettuce, onions, spinach and other hardy vegetables.
