PRETTY OPERETTA WAS VERY CREDITABLY GIVEN

The people of Northville again demonstrate their willingness to support and sustain anything pertaining to the welfare or advancement of our public schools by their generous patronage of the Japanese operetta, "O Hara San," presented by the High school chorus at the Aleum theatre last Friday night under the able direction of Miss Marian Mulford, supervisor of music and drawing. Every seat was sold and number of those who came late were turned away, in spite of the storm, which came in torrents all the afternoon and threatened to repeat itself in the evening. From an artistic standpoint, it was one of the prettiest and most elaborate entertainments ever presented by our school, the stage settings and the costumes being especially attractive. The stage was made to represent a Japanese garden and the representation was most unique. Paper flowers, the product of Miss Mulford and her willing assistants among the students, were used in profusion and made a picture not soon to be forgotten.

The solo parts were well taken by Julia Eisenlohr, Doris Beckman, Leoda McElveen, Wayne VanDyne, Robert Willis, Lyle Kestell and Darwin Edwards, and each one did exceptionally well. The chorus was composed of twenty voices and the various numbers were splendidly given. Miss Irene Marsh presided at the piano and Jerry Perry of Wayne, assisted with his violin, and their work was especially well done. Miss Mulford and all who took part worked very hard to make the affair a success and they were rewarded by being able to present an entertainment of merit and one that pleased all who attended. All who took part are to be congratulated upon the success of their undertaking.

NORTHLVILLE GETS EXTRA CAR SERVICE

Beginning Monday morning, a specially chartered car was run from this village to Detroit, making but a few stops between Northville and Farmington stopping at Clarencenville and then running through to the downtown business district. The car left here at 7:30 and on its return trip left the city at 4:55 and was put on to meet the needs of Northville and Farmington people whose business interests require them to go to the city each week day, and for the purpose of reducing the crowded condition of the 7:30 car out of here each morning. It is not definitely determined whether this service will be maintained permanently, but it will be given a trial and if the car is sufficiently well patronized it will, doubtless, be continued. Northville people going to the city for the day may assist in maintaining this service by arranging to take this car. No other section out of Detroit has a similar service and it will be to our advantage if this can be maintained permanently.

Stops are made at Curtiss, Country Club, Sunlax, Greenfield, Farmington and Clarencenville. This arrangement being given a trial, the gentlemen who suggested it believing that they can get together a sufficient number of regular daily riders who will make use of it. Regular fares are collected from the points between which passengers ride during the trial period of two weeks. This car carries a special sign and only such persons as are members of the party, will be permitted to board. The car will be equipped with tables so the passengers may enjoy themselves playing cards.

WILL HAVE BAND CONCERTS AGAIN.

Plans are being perfected for a series of Saturday night band concerts in Northville again this season, by Northville's municipal band. These concerts have been very popular during the past few years and they have afforded delightful entertainment for the large crowds which gather here each Saturday night during the summer.

The first concert will, doubtless, be given the first Saturday night in June.

NOVI BOY DIES HERE.

Arthur, son of Mr. and Mrs. Walter Smith of Novi township, died at the Henry hospital in this village Thursday night following an operation for appendicitis. He was fifteen years of age. Funeral services were held at the family home on Sunday afternoon. The bereaved parents of the sincere sympathy of the community in their affliction.

LIGHTING PLANT WAS TOTALLY DESTROYED

By Fire Monday Afternoon Following Electrical Storm. Service Soon Established Again.

About 4:45 Monday afternoon the fire alarm was sounded and people rushed into the streets to be informed that the Detroit Edison Co's power station in this village was on fire. A great crowd gathered quickly and the streets and walks to the plant were congested with people, all eager to render assistance if possible. The fire originated from the Farmington Junction "high line" and but little could be done in fighting the flames until the current could be cut off from Farmington and South Lyon stations. As quickly as telephone connections could be made the Detroit office was notified and the great organization force of this splendid company became active. The local fire department responded quickly and two lines of hose were quickly laid—laid and ready for service, in fact, before the current had been disconnected so it was safe to apply the streams of water to the burning building. The fire started in the roof very soon after a tremendous lightning flash came which fairly shook this section.

Our fire laddies and many willing workers worked heroically, but their efforts to save the building and its valuable equipment was futile. The mad, on-rushing flames leaped high in the air and seemed defiant to all the water that could be poured upon them. The east portion of the building, where the fire originated, was soon a mass of ruins and the flames then spread to the west part of the structure. Finally our water supply gave out for lack of current to keep the pumps in operation and the flames finished their work of destruction rapidly.

So fierce did the flames become that but little of the contents of the building were saved and the loss will run into many thousands of dollars. The stock room contained a large amount of supplies and both copper and insulated wire lay in great coils in the burning building.

With the plant completely wrecked everybody thought it would be some days before service could again be maintained, but they did not understand the Edison policy fully. While our people were still fighting the flames workers in the city were loading three great transformers upon trucks for transportation to Northville and workmen were being marshaled for the work of re-establishing the service. By ten o'clock the commercial and residential circuits were in operation and patrons about town were enjoying their lights as if nothing unusual had happened. The trucks bearing the transformers arrived about one o'clock and a large crew of men set to work putting them in place. Poles were set, wires were strung, necessary connections were made and by seven o'clock Tuesday morning the lines were ready and the local factories were supplied with power. Such efficient service is certainly most praiseworthy and deserves the highest commendation. We doubt if any other company but the Edison could have made such a record. Service has been the watchword of the company during all the years of its successful operation and never was a better demonstration made of the importance of being fully prepared ready to meet any unforeseen circumstance or obstacle.

The walls of the building were badly damaged by the intense heat and the whole structure will have to be torn down, and a new plant erected in its place. This will require some time, but it will not interfere with the splendid service the Edison company will give to the people of this section.

The building was erected by the village when Northville had a municipal electric and water plant and was acquired by the Edison company along with the lighting system some years ago. It was a one-story brick structure with slate roof and was a very attractive building.

VILLAGE MOTOR BURNED OUT.

late Wednesday night as an effort was made to start the village motor which operated the water works pump the coils were burned out putting the motor out of commission. A new one was ordered and it was expected to be in operation late yesterday afternoon. The water supply was exhausted before noon and wells and cisterns had to be resorted to.

DETROIT TREATIES.

The second and probably the last week of the engagement of the Morris Lee and J. F. Slabbert New York Century theater troupe, "Midnight Rounders," with Eddie Cantor & the plot and Nellie Bipper, Harry Kelly and Leo Koen featured began at the Shubert-Belasco opera house Sunday night. Eddie Cantor has firmly established himself as one of the leading comedians of the day. His previous appearance in Detroit, at the 19th of Mayfield's, "The White Whistler," met with considerable success. In "Midnight Rounders," he addition to his many popular pieces, including "Black Sheep," is appearing in whiteface in several scenes of his review.

Nan Huperman, the wincey girl, gives her series of characterizations, including her now famous scene, "Play My Wedding March" in "Ragtime."

Harry Kelly is back again as the deacon and Lew Hearn is immovable in his quiet comedy.

Jane Green and Haines Blyer are making their first tour of the country since their long engagement in New York.

THE LOVED HORSEMEN OF THE APocalypse.

The danner of Julio Desfreres is Mariano Desfreres, a Frenchman, but his grandfather, old Madariaga, the Centaur, is a Spaniard, and so, indeed, must Julio be Spanish, with the recklessness daring of the Argentine, and the hot blood of his forefathers from the Pyrenees. It is in Buenos Aires that Julio learns the voices that the old Centaur learned before him, and when Madariaga, true to his creed, sits in the open, with his boots on, and his great estate is divided between his two daughters, with their French and German husbands respectively, and the families leave the Argentine, pampas to begin a new life in Europe, Julio takes with his a legacy of artistic wilfulness, which expression in the life of the studio and the sensuous enjoyment of the imported Tango, which has taken Paris by storm. It is decreed that he shall meet Marguerite Laurier and that they shall love, for, like Julio, Marguerite is young and impressionable, and Julio is still impetuous. Moreover, Marguerite has been forced into an unwilling marriage—and does not love her husband the austere Laurier, and so the love making goes on apace, until the inevitable tragedy of discovery, which, in turn, is dwarfed by the black tide of the World War, in which, at last, all the characters are engulfed.

The wonderful picture will begin its third week at the Garrick theatre Sunday. It is regarded as one of the best ever presented.

Mr. and Mrs. Thomas Dowker of Royal Oak celebrated their 52nd wedding anniversary last Saturday.

Ann Arbor Senior students of the University of Michigan will "swing out" of the university, May 5, according to time-honored custom, although they will not complete their college course until the last of June.

Novi News.

NORTHVILLE, MICH., APR. 29, 1921

GEO. B. YERKES BUYS THE EATHERLY FARM

George B. Yerkes of Detroit has purchased the beautiful Eatherly homestead on the Base Line road just outside of the village, the said having been closed last week. Mr. Yerkes will take possession of the property May 1st and it is expected he will move his family there as soon as Mrs. Eatherly can leave the house. This is one of the handsomest

country homes in this section which is noted for its fine farms and the Record is pleased to announce that Mr. Yerkes is the purchaser. He is well and favorably known here and Northville has always claimed him as one of her sons and the people of this community have been interested in his advancement and success in the professional and business world. He is the type of man this community needs and he will be warmly welcomed home.

Mr. Latourette purchased the farm some time back two years ago and built a farm home where he spent many happy years. Since his death two years ago his family continues to live on the farm during the summer when up to the fact is it Mr. Yerkes is to become a resident of this section many Northville friends will regret to see Mr. Eatherly leave the community. His kinship of heart and by his mannering was well known and of friends in this section.

Mr. Yerkes graduated from the Northville High School with the class of 1881 and his whole life had been spent in those moments up to the time he emerged in business in Detroit. Besides having extensive interests in Detroit Mr. Yerkes owns a fine farm in Novi township, three miles northeast of Northville.

LET'S ALL PULL TOGETHER. It is a matter of common knowledge and daily comment that Northville has progressed more in the past three or four years than during the twenty years preceding that period, and that splendid progress has been accomplished as the result of burying of past differences and all citizens pulling together. The old adage "A house divided against itself will fall" is just as true of municipalities and communities as it is true of the individual home. In a combination of interests there is strength while in a divided effort one faction tearing down what the other tries to build up—only results in disaster.

Some mistakes have doubtless been made in the past few years, but men have always made mistakes and probably always will. Let us profit by the mistakes and errors of the past and all join in an effort to advance Northville's interests without regard to what the final results will bring to the individual citizen. Let us think and act for the whole community, and not as one group of citizens against another group.

If the proper effort is put forth, if we do not permit petty differences to divide our efforts and defeat our best endeavors—the population of this town can be greatly increased during the next few years. If we permit sectional differences to creep in, we shall simply be unable and unprepared to take advantage of the splendid opportunities which are just opening for this community. Let's adopt for our slogan "One for all and all for one."

SELLING LITTLE FARMS.

J. H. Rockwell, who purchased the German farm on the Base Line road last fall, has moved his family into the house.

H. S. German, who bought the farm known as the Sessions place on the Novi road last fall, has subdivided the land into ten acre tracts and has already sold a number of them.

RENDERED GOOD SERVICE.

Reports published in outside papers regarding Monday's fire would indicate that Northville's telephone service was also put out of business by the storm. The local exchange suffered slightly by the storm, as is usually the case, but not enough to interfere with the service to any extent. A total of 270 patrons in the village were called during the evening with the request that water be used sparingly owing to the limited supply in their reservoir and as a safeguard against an outbreak of fire during the night. The local operators answered many calls of inquiry during the progress of the fire and gave our people splendid service.

LIBRARY NOTES.

I BURGESS—HERRICK.

Mrs. Gladys Herrick, daughter of Mr. and Mrs. Arden Herrick of Northville and Clarence Burgess, also of Northville, were quickly married in Detroit, Wednesday afternoon, April 29th. They were accompanied by the bride's sister, Faye Herrick, and Howard Benton, of Northville. The bride is known here as she was a former teacher here, as a pupil of the Lyman High School. The groom is the nephew of the Ford tractor man, Fred Burgess, who resides in Northville. The young friends extend their thanks to the 400 guests who responded to the invitation.

Mr. Latourette purchased the farm some time back two years ago and built a farm home where he spent many happy years. WALLED LAKE WARBLERS

Mr. and Mrs. Charles Wedow called on Rev. and Mrs. Sayles at Plymouth Tuesday and other relatives in Salem township.

The lights were off here for a while Monday night, but as a result of the speedy work of the Edison people, we soon had things back to normal. Mr. and Mrs. Sam Pratt of Detroit visited at their daughter's, Mrs. Isabelle Tuttle's, Sunday. Mrs. Ida Pratt, an aunt, accompanied them. Mrs. Bruce Mc Knight and Mrs. June Deveraux were called to Salem Saturday on account of the serious illness of their sister, Mrs. L. K. Haab. Mrs. Haab is some better at this writing.

Last Sunday morning as the last bell began to ring for church a large delegation of men gathered in front of the Baptist church and then marched in giving Mr. Brass a most pleasant surprise. Mr. Brass wore a distinguished smile all through the morning service. The men listened very attentively to the sermon Mr. Brass preached, then to top it all off right the delegation dropped a nice fat envelope in the collection box addressed to Mr. Brass. This of course made Mr. Brass feel especially fine. With this delegation of men and the usual congregation the church was filled to its capacity. The ladies had gathered at the home of Mr. and Mrs. George Tuttle Thursday. A pot luck dinner was served.

CHEAP EXCURSION SOUTH.

Several people from this vicinity are leaving this week on an eight day trip to the Lower Rio Grande Valley on a special excursion conducted by Yoder, Chase & Stebbins of 317 Huron street Toledo. These trips are made semi-monthly at a rate of \$75 which includes meals, berths and all expenses. A sight-seeing stop over is offered at New Orleans and Galveston before on the return, bathing in the sun, swimming, etc. Two days are spent in the valley where a complete vacation is made by auto. Train in the valley is now trolley, but goes no direct connection and no long running, although one cut-third there has been. A wonderful camp of grape fruit oranges and lemons is now in full bloom. This trip affords me a delightful variation and避难所 from the regular city life.

Another opportunity to make better money making opportunities, better clothing, better food and education facilities, where it is warmer and drier and cooler in summer, where rheumatism cannot find a place to exist, where roses bloom, and birds sing the whole year round, cannot afford to overlook the advantages.

John A. Acker of Chelsea is district representative for above circuit and will be glad to call on those interested.

Elmer E. Gray of Plymouth is a recent purchaser of land in Valley and expects to move there this fall.

TO SUPERVISE THE PUPILS

Supervision of private, denominational and parochial schools by the Dept. of Public Instruction is provided by a bill introduced by Rep. Davis received the approval of the House by a vote of 74-9 when the bill came up for final passage by both houses. It is intended to plug private and parochial schools on the same basis as the public schools or the state as far as instructional methods and standard are concerned. An amendment to the bill explicitly prohibits the use of any public funds for the support of any such school.

TO INSPECT MICHIGAN EGGS.

The "Michigan Egg Law" requiring the licensing of all egg dealers and the handling of all eggs handled by them, met unanimous approval in the Senate when it received a vote of 44-0 on final passage through that body. The bill is sponsored by the state farm bureau and other farmers' organizations in Michigan.

FARMERS, ATTENTION!

We have confidence enough in the future horse market for young, large, sound horses that we have purchased the Imported Black Stallion, Tanze (No. 88707), which we will stand at our farm, 3 miles southwest of Northville, for the season of 1921. The service fees is \$50 to insure a standing colt. By all horse reports as to the shortage of young, sound horses and the few mares that have been bred the last four years, especially the last two years, which was about 29% of the regular breeding, it looks like a good time to breed a few mares if nothing more than to raise a few good farm horses for yourself. And farmers who have been reading the tractor reports on farms for the last year we believe are fully convinced that the horse will make a far larger gain over the tractor the next two years than the tractor has made on the horse for the last two years, and Mr. Farmer, if you are in a puzzle whether to buy a tractor or a good team of horses, this spring go and talk to a few farmers who have a tractor, which to get, and after they tell you, have them explain the reason why, then act accordingly.

However, come out and take a look at the old horse, and we have several farm mares, both graded and pure-bred, and we will look them over, also, and have a good visit on the horse proposition anyone.

We have a team of mares weighing 5,000 pounds, a team of mares coming three years old, and a saddle horse for sale.

NOTICE

Notice of Hearing of Objections to Proposed Change in Specifications for the Improvement of certain highway, under Act 59, Public Acts of 1916, as amended, in Road Assessment No. 235, and of objections to said improvement.

To all persons interested in said proposed improvement and to the townships of Salem, in Washtenaw County, Northville in Wayne County, and to the counties of Washtenaw and Wayne.

WHEREAS, On March 1st, 1919, a petition was filed with me, as State Highway Commissioner of Michigan, under the provisions of Act 59, Public Acts of 1916, as amended, praying for the improvement of a certain highway commencing at the east section corner common to sections 1 and 12, town 1 south, range 7 east, Salem Township, Washtenaw County; thence west on the section line between sections 1-12, 2-11 and 3-10 to the west section corner common to said sections 3 and 10;

It is believed this reduction in rates will be an aid to highway building in the state, especially the work being done under the supervision of the State Highway department.

WHEREAS, I, as such commissioner, was of the opinion that the proposed improvement was necessary for the benefit of the public and for the convenience and welfare and did make my first order of determination to the effect that the same was necessary, as aforesaid, and did cause a survey and specifications and estimates of the cost thereof to be made and filed with me as such commissioner, and

WHEREAS, The public hearing of objections to said improvement was duly held on the 3rd day of June, A.D. 1920 at the southwest corner of section 6, Northville Township, Wayne County, at which time and place, all persons interested including the foregoing townships of Salem, in Washtenaw County, Northville, in Wayne County and the Counties of Washtenaw and Wayne were given full opportunity to be present and to be heard; and

WHEREAS, It was tentatively determined that said road should be improved by construction of a so-called Class B, gravel road, 12 feet in width, together with the proper culverts, bridges, drainage and grading; and

WHEREAS, Such specifications are subject to change by me in accordance with the provisions of the statute, and appearing that the public interest and welfare will be best subserved by the construction of the improvement under other and different specifications, namely by the construction of the so-called "Class B," gravel road, having a width less than 12 feet, it is now proposed to change such specifications accordingly; therefore,

All persons affected by said proposed improvement and the townships of Salem, in Washtenaw County, Northville, in Wayne County, and the Counties of Washtenaw and Wayne are hereby notified that I will be present at the southwest corner of section 6, town 1 south, range 7 east, Northville Township, Wayne County, at 2:00 o'clock p.m. "Central Standard Time" on the 14th day of May, A.D. 1921, for the purpose of hearing the

TO HELP ROAD BUILDING

Freight rates of all carriers in Michigan for the transportation of sand, gravel and crushed stone, are reduced 25 per cent in the lower peninsula and 22 per cent in the upper peninsula, in an order signed by the Michigan Public Utilities commission and issued Saturday. This order follows the extended hearings of the commission of present rates which began February 2nd. Its provisions are to become effective on or before May 10, 1921, at midnight.

It is believed this reduction in rates will be an aid to highway building in the state, especially the work being done under the supervision of the State Highway department.

The Right Stuff

The old grist mill is about torn down and the electric light plant has gone up in smoke; and so, unless something else comes along to distract attention, it looks like a good time to introduce the subject of Oak and Maple Flooring.

Along back most anything in the line of a floor went—dirt floors, dirty floors, all kinds of wood floors—sometimes dirty, sometimes clean—made of walnut, ash, or any of the predominant local woods. Later, around these parts, white pine had all the go. After all the woods had had their turn it began to dawn upon the public mind that, if you really wanted the best, there was in flooring for the interior of the house you would have to hand it to the twin sisters—Red and White Oak and to that hard character—Old Hard Maple—Mr. Maple for the kitchen and Sisters Oak for the living rooms.

The modern flooring plants turn out these high grade Hardwood Floorings tongued and grooved, end-matched, and with all the other trimmings. The balloon of high prices has burst so far as oak and maple floorings are concerned and they are procurable right now from us at prices approaching those before the war.

We can furnish you these up-to-date Hardwood Floorings at right prices and will be looking for to come around and make the deal.

Mr. and Mrs. Byron A. Finney of Ann Arbor were Sunday callers at the home of Mr. and Mrs. A. B. McCullough.

Mrs. Finney was a schoolmate of Mrs. McCullough.

J. G. Dennis, who has been at Owendale for several years past, was a Northville visitor on Tuesday. Mr. Dennis is just recovering from a severe attack of pneumonia which confined him to his home for several weeks. He is now located at Farmington, where he has a position with the Warner Dairy company.

FORMER RESIDENT DIES IN NOVI.

Mrs. Ursula Benton, widow of the late Hiram C. Benton, died at the home of her son W. D. Benton in Novi (Kenosha) last Friday after an illness of several weeks. Mrs. Benton was 75 years of age and for a number of years was a resident of this village, going with her son to his farm home some months ago. Funeral services were held at Schrader's funeral parlor on Monday afternoon at 2:30. Rev. H. J. B. Marsh, having charge of the services, burial took place in Rural Hill cemetery.

FARMINGTON TO HAVE NEW STATION

As a result of the enterprise of Mr. Fred M. Warner, and his associates in the Farmington State Bank the D. U. will erect a Post waiting room here on Main street to cost about \$8,000. When the matter was brought to the attention of the D. U. officials by the Chamber of Commerce they very frankly stated they did not have the money to spare for this improvement. Arrangements were made for a loan from the bank and the new building will be erected this spring.

WERE ROYALLY ENTERTAINED.

A large number of Northville Masons were the honored guests of Kilwinning Lodge of Detroit on Monday evening. The visitors made the pilgrimage to the city on the regular and extra cars during the afternoon and at 6:30 a beautiful dinner was served at the Masonic Temple. Following the dinner the third degree was exemplified by the officers of Kilwinning Lodge. The visitors were royally entertained and extended an urgent invitation to "come again."

METHODIST CHURCH NOTES

Sunday, May 1st: "May Day" 10:30: "What Doth the Lord Require of Thee." Sunday School at 11:30. Epworth League at 6:30. Evening worship at 7:30. "The Man Who Walked to Heaven."

First-class motion pictures every Wednesday night unless otherwise announced.

The annual meeting of the Epworth League will be held in the form of a pot-luck supper on Tuesday evening, May 3rd, at six o'clock. Election of officers will follow. All members are urged to be present as this meeting is important.

PRESBYTERIAN CHURCH NOTES

Our offering for the China famine sufferers reached a total of \$200. No doubt we all rejoice in the opportunity of ministering thus to the physical need of the suffering. Let us also continue to minister to their spiritual needs, and let us not forget to pray for their welfare both temporal and eternal.

That was a great service again last Sunday evening, and now next Sunday we are to have the privilege of listening to Dr. H. F. McCandless of Ann Arbor, and who has spent years of his life in China. He will have a message of interest and value for all. Don't miss it.

The morning service and Sunday school were both well attended last Sunday. Let us continue to grow by bringing others with us.

Morning worship at 10:30. Sunday school at 12:00. Young People's meeting—for everybody—at 7:30. Prayer meeting Thursday evening at 7:30.

BAPTIST CHURCH NOTES

Services both Sunday both morning and evening with preaching by the pastor. Morning theme: "The Treasure in the Field." Evening topic: "The Wedding-Garment." Communion will be observed at the close of the morning service.

Morning service at 10:30. Evening at 7:30. Bible school at 11:45. Mid-week service Thursday at 7:30 p.m.

The Baptist Woman's Mission circle will hold its monthly meeting next Wednesday, May 4th, at the home of Mrs. Ida Matheson, at 2:30 o'clock. The Baptist Barracks and Palatine Bible class will have bake sale at Elliott's hardware store next Saturday, May 2nd, in the morning.

Some of the men of the Baptist Sunday school intend going to the great religious educational rally at Detroit next Sunday afternoon, to hear W. H. Jennings, Bryan.

COAL FACTS 1921

To Those Who Are Hoping for Lower Prices:

We are in the coal business. We believe we know conditions.

We cannot predict future prices. We do not think future reductions are likely. Present mine wage agreements don't expire until March 31, 1922.

There isn't much hope of general reduction in freight rates.

If the proposed Pennsylvania state tax on anthracite becomes a law, this will mean an additional 15, 20 or even 25 cents after next July 1.

Coal is far cheaper today than it will be next winter if you hold off buying! That is absolutely certain.

You received the same advice in 1919—those who took it suffered no hardship of consequence during the big bituminous coal strike.

We are simply appealing to your common sense.

You insure your house against fire, don't you? Not because you expect fire, but as a protection in case a fire loss occurs. The best insurance you can buy now is fuel insurance—you don't know what's coming next winter.

The real estate interests of New York City recently had a survey made, with a resulting recommendation that coal be bought now, and stored to the limit of facilities.

The Manufacturers' Record of Baltimore says: "Protect yourself at once for all family and factory coal needs."

We say: "Buy your coal now—take reasonable quantities throughout the spring and summer. In this way, you will avoid an excessive demand (like last fall), and a shortage with high prices next winter. Then, if unusual conditions arise in the winter, who can measure the value of the coal already in your cellar?"

Call us up—we'll work with you.
