HORSES COMING HERE FOR SEASON'S WORK

For several weeks a crew of workmen under the supervision of T. G. Richardson, M. R. Seely and Stewart Montgomery have been at work building and rebuilding the racing barns and grading the grounds of the Northville Driving Club until now there is a no more complete or more beautiful equipped lay-out for racing or training in this part of Michigan. The barns and track have been thrown open to the racing public and many of the fast horses of Ohio, Indiana, Ontario and Michigan and to say nothing of a large string of local horses are expected to train here this summer. Upwards of a dozen horses are at present stabled and working out daily.

INTERESTING AND UNIQUE SER- VICE

The mother and daughter night at the Presbyterian church Sunday evening proved one of the most enjoyable and delightful services of the year. The church was filled and the program was splendidly carried out by the mothers and daughters of the congregation—they had entire charge of the meeting, even to supplying the ushers. A young ladies' choir lead the singing and Mrs. E. H. Lapham and Elizabeth Lapham were leaders for the meeting. Splendid and practical talks were given by Mesdames John Christensen, E. S. Beard, and M. S. MacDermid while Miss Lapham introduced each speaker with fitting and appropriate remarks. Mrs. C. L. Blackburn and Barbara Blackburn contributed a vocal duet, as did also the Misses Laura Trufand and Ida Rose Cavel. Reva Seifrieder gave a piano number and Mrs. Harry Blake contributed a violin solo. All taking part did exceptionally well and the sentiments expressed cannot help but have its effect upon the *liver of today* who were fortunate enough to be present.

NORTHVILLE COMMANDERY SEC- OND IN PERCENTAGE OF IN- CREASE.

Northville Commandery Knights Templar closed the year a few weeks ago with a membership of 170, an increase of 45 members over the preceding twelve months, or an increase representing 26 1/2%. This splendid record placed the local commandery second in the list of the 53 commanderies of the state, with Manistee leading by just one half of one per cent, or an increase of 37% for the past year. Manistee started the year with a membership of 120 and added 45 new members and won the distinction of having secured first place by a very small margin. Just one more member would have placed Northville in the lead.

W. H. M. S. CONVENTION AT PLYM- OUTH.

The annual convention of the Women's Home Missionary Society of the Pontiac district, will convene at the M. E. church on Thursday and Friday, May 12 and 13th. The local auxiliary expects about fifty delegates as their guests—also many other visitors. The principal speaker on Thursday evening will be Rev. John Martin of Detroit, who is in charge of all Home missionary work in that city. There will be other able speakers both days and anyone interested in home missionary work is invited to attend—Plymouth Mall.

A FINE ENTERTAINMENT.

The High school auditorium was filled to its capacity on Tuesday evening at the monthly meeting of the Parent-Teachers' association. The program, as outlined in the Record last week was carried out in a very interesting manner and the demonstrations given of the operating of a modern telephone system proved most entertaining. Manager Hall of the local exchange and his assistants are to be congratulated upon the success of the affair.

MAY FESTIVAL NEXT WEEK.

Ann Arbor's May Festival will open next Wednesday evening with a concert by the Chicago Symphony Orchestra and Orville Harold, tenor. The course will continue to and including Saturday night. The children's festival chorus will sing Friday afternoon, when 500 children from the schools of the city will appear upon the platform. The program for the course this season is said to be the finest ever given by the University Musical Society.

Miss Ida Barley is suffering with poisoning in her arm.

TO HOLD SERIES OF RACE MATINEES HERE

At the regular monthly meeting of the directors of the Northville Fair Association it was decided to hold a series of race matinees at the fair grounds in this village during the next few months. The matter of arranging for the several events is in the hands of E. M. Starkweather and we may expect some fast and interesting racing events. Mr. Starkweather is working hard on the project, as he always does upon any enterprise entrusted to his care, and he is assured that a good string of horses will be on hand to receive the word "go" from the starting judge. The dates selected for the matinees this far are as follows:

Saturday, May 29th.

Saturday, June 11th.

Saturday, June 25th.

Saturday, July 2nd, under consideration.

Monday, July 4th.

In addition to the matinees to be held on July 4th, plans are being laid for an old-fashioned celebration—a really big day—one that will attract a great crowd here. Committees for the celebration will soon be announced.

The new racing stables have been completed and horses are beginning to arrive for training on our fast half-mile track. The new building is 300 feet long and contains thirty large and convenient stalls.

The matter of building, in addition to the present main hall for the woman's department, was discussed and was referred to the building committee and the structure will be ready for the fair this fall. The work of construction will begin soon.

GARAGE CHANGES OWNERSHIP.

E. A. Marshall has leased the building known as the Marshall Garage and sold the stock and equipment to Messrs. W. L. Pratt of Detroit and Ralph L. Richardson of this village. Mr. Marshall, who held a responsible position with the Ford Motor Co before coming to Northville, will again join the Ford forces. Mr. Pratt has been engaged in the garage business in the city and has held positions in the repair and maintenance department of both the Cadillac and Packard Motor Car companies and comes highly recommended as a mechanic. Mr. Richardson has conducted the Dodge Brothers' agency and service station here for the past few months.

The business will be conducted under the firm name of Pratt & Richardson and the new owners took possession Tuesday morning. When a representative of The Record called upon them both were in overall cleaning and re-arranging affairs and endeavoring to put the building and equipment in first class condition. It is believed these gentlemen will make a good team and will give the people of this community a garage worthy of their patronage.

They will continue the Dodge agency and will add the agency for the Paige cars also, besides handling a full line of accessories and repairs, tires, tubes, and other auto equipment. The Record welcomes the new firm to the business circles of Northville.

GONE TO HER BEST.

Phoebe M. Simmons, daughter of Alanson and Mary Francis Simmons, was born on a farm two miles east of the present village of Northville, June 22, 1877. With the exception of one year she has spent her entire life on the farm where she was born.

She was married to William Eves Fry, September 30, 1897, and to them were born two children—William Alanson Fry of Topeka, Kansas, and Mary E. (Mrs. Charles Snock) of Northville. These two with three grand children, John E. Fry of Topeka, and Mrs. Helen Tinklebaugh of Boulder, Colo., and John Fry of St. Louis, Mo., survive. Mr. Fry having passed away in October, 1919.

Though an affliction early in life that deprived her of her hearing has prevented her taking part in the active work of the church her Christian faith has been clear and beautiful and has blessed her life and made it a blessing. She has gone home—she has departed to be with Christ which is far better. After the years of absolute silence so far as the sounds of earth were concerned her ears will be open to the music of heaven.

The funeral services were held at her old home Saturday, conducted by Rev. W. C. Francis of Detroit and Rev. H. J. B. Marsh of Northville and interment was made in beautiful Rural Hill cemetery.

Northville School Notes

Northville "Hi" won its second base ball game from Plymouth last Friday on the latter's diamond. A Sayles, Doubt and Walker pitched for Plymouth and F. Freydl and Moffit for Northville. At the end of the second inning the score stood 1 to 0 in favor of Plymouth but in the third inning Northville made six runs and gained a lead which they held throughout the remainder of the game. Again in the seventh the score was close but in the eighth the Northville team had a bunting rally which decided the contest. No runs were made in the ninth.

Tickets are now on sale for the Northville High School Annual. This is the first annual that has ever been published by the Northville High school. The book will give activities of the school in picture form besides well written accounts of the various phases of school life. The photo of every boy and girl in school will be printed, also pictures of the teachers, foot ball, base ball, basket ball teams, the debating teams, views of the building inside and out, the different classes, the operetta, school board, comic cartoons, etc. Every boy and girl in school should own one of these books as it will prove of most valuable worth in years to come. The names of all the graduates will be published under the alumni department. Only a certain number will be printed so be sure to secure your ticket now and be assured of receiving one of these fine books.

The eighth grade examinations will be held at the Northville High school the first Thursday and Friday. Eighth grade students from the surrounding country, should plan to come to Northville to school next year. We claim one of the finest schools in the country and it will pay you to see the superintendent at once and make arrangement for coming to Northville next year. Our school is approved by all the colleges and the University. If you want a business course we have a fine commercial course to offer. Decide now to come to Northville High school next year.

Bird and Arbor Day as very appropriately observed by the High school and grades last Friday. A fine program was given in the auditorium in which Waving Vandene and Irene Marsh furnished musical numbers. Rev. E. V. Bellie gave a fine talk on the meaning of the day and they all decided that it would be a dreary world indeed without birds or trees.

The children in some of the lower grades are enjoying a pint of milk daily. Each morning just before 7 a.m. the milk is delivered in pint bottles and the youngsters drink it by means of a straw. It is hoped much benefit will be derived as a result of this campaign. The children will be weighed every few days to determine the amount each child has gained. Each child brings twenty-five cents for one week's supply and it is hoped that all parents will encourage their worthy undertaking. At the present time about twenty-five pints is being delivered each day at Mrs. Penny and Miss Verkes' rooms.

Only six more weeks of school. Don't forget to come to the ball game this Friday at three-thirty p.m. Northville High school will meet the Wauwatotow High school team at this place.

GARDEN NOTES.

Plant seed for the late cabbage crop at once. See that the seed bed is fine and moist. Danish Ballhead is the most popular variety for winter storage. Drumhead Savoy is a high quality variety and is excellent for the home garden.

The first early plantings of garden peas are growing well now. Time to make another planting of the mid-season and late sweet wrinkled seeded sorts. Allow 18 to 24 inches between the rows for the dwarf varieties. The tall late varieties need at least 3 or 4 feet between rows. These should be provided with brush, wire netting, or something similar, for support.

Start the culivator going early. It conserves moisture and means bigger and better crops.

Have you ever grown Swiss Chard for greens? It's better than beets. The leaves may be picked all summer. Fine for canning. A row 15 or 20 feet long will provide a season's supply for an ordinary family. Lucullous is the best variety.

For slugs on roses there is nothing better than a thorough spraying or dusting with arsenate of lead.

Most people sow seed too thickly, consequently may crops require some thinning. When the plants of lettuce, radishes, onions, beets, carrots, etc., are about 2 inches high, they should be thinned until only the best remain, about 2 or 3 inches apart. Thinning allows the plants to develop larger roots, gives the sunlight a chance, and better plants result.

Milford.—The work of paving Main street with concrete is now progressing at a very rapid rate, and contractors hope soon to be able to start construction work on Liberty street.

Dr. M. A. Patterson came up from Northville Tuesday and straightway headed for the office of the Brewster Co., and bought a Brewster cycle. Altho he had never attempted to ride one, he was put in care of Lyle Eisenbrey, who had him riding through the streets alone in a half hour—Holly Advertiser.

S. S. Schantz, formerly of Schantz Bros. of Woodland, has leased the old store on Center street and will open the same next week with a general stock—dry goods, groceries and shoes. Mr. and Mrs. Schantz come to Northville highly recommended both in a business way and social circles. They have moved into the B. A. Northrop house on Dunlap street.

JOY RIDERS AND BOOZE TOTERS BEWARE.

One of the few convictions of an automobile driver for manslaughter ever obtained in Michigan was affirmed by the supreme court last Friday in the case of Louis Harris, who had been found guilty in the Monroe circuit, after running down and killing Gertrude Cusino, a pupil at a parochial school in Erie while she was on her way to school.

Testimony showed that Harris was driving an automobile carrying a large quantity of liquor on the Dixie highway from Toledo to Detroit, April 29, 1920, when the accident occurred. His appeal was based on the fact that the trial judge had permitted evidence of the commission of another crime, that of transporting liquor, to be presented to the jury.

The supreme court found that this evidence was presented to show that Harris has reason to drive in a reckless manner and that he was driving recklessly at the time of the accident. Under these circumstances, it held the evidence was admissible.

After Mothers' Day WHAT?

We honored our Mothers on Mothers' Day in a manner most fitting and appropriate.

We made certain resolves and promises to ourselves—some perhaps made personal promises to Mother—that we would be more considerate of her in the future—that we would do what we could to lighten her burdens, to brighten her life and to bring to her a sense of our appreciation for the love and sacrifice she had always manifested toward us. It was all splendid, inspiring, ennobling.

Lest we forget, why would it not be a good time to put into actual practice some of the good resolutions we made—to do something to lighten Mother's burden and to make her work about the home less irksome?

A Kitchen Maid Cabinet for the kitchen would save her countless steps.

There are 38 more conveniences—38 more ways of reducing work unknown to all other makes—38 reasons why you'll prefer the

KITCHEN MAID

38 added step savers—time savers that mean emancipation from kitchen slavery. And in addition to this, something else long-needed—long wanted that can be had only in this remarkable new cabinet—thorough sanitization.

When we have the kitchen fitted out let us brighten up the Dining Room with some new Furniture or a new Rug—we have all of the necessary fixings for this room. Full Dining Room Suites or separate pieces, which will both please and delight Mother, as well as all other members of the family. You will enjoy looking over our assortment.

For Mother's Bedroom

We have a handsome array of Beds and some handsome Suites in the different periods and finishes, all equipped with sleep producing springs and comfort giving mattresses. She would enjoy one of these outfits when the evening shadows fall.

Cover the Floor with Rugs

From our large and complete assortment of Room-Sized Rugs or with some of our Cogoleum Rugs—they are easy to keep clean and will reduce the labor of house cleaning greatly.

Let Mother Get Out with the Baby

These bright, sunny health-giving days. Take baby out for a joy ride in one of our Lloyd Loom-Woven Baby Carriages. We have them to suit Mother's taste, and they "fit" little bodies like a pillow of dreams. Come in and see a Lloyd.

In Rocking Chairs for Mother

We have a line that will both please and surprise you. We have them in many styles and kinds of wood besides a big assortment of Reed—the kind that is so easy to keep clean and so comfortable. Let Mother spend her evenings in one of these chairs.

CLEAN UP; PAINT UP, NEXT WEEK.

Next week has been designated as clean-up week in Northville by the Board of Health. Residents are requested to collect all rubbish about the premises and place it piles at the curblines of their lots. The village will provide teams to cart the accumulation away free of charge. All citizens are urged to co-operate in making this a real clean-up week so that our village may be healthful and attractive.

A WORTHY CAUSE.

The Salvation Army is asking the people of Michigan to contribute \$25,000 between May 6 and 17 to "carry on" and to expand its work in Michigan. The Army operates 30 corps in 69 Michigan counties and this fund is needed to maintain and support the great work carried for the coming year.

Many of Michigan's most prominent men and women are giving their time and their money in an effort to raise this fund.

BI-MONTHLY BONUSES FOR FORD EMPLOYEES.

The Ford Motor Co. will start paying the 1921 bonus to its workmen on May 16, it has been learned.

It is understood that the bonus which is to be paid every two weeks will average around \$6. This would give the men an extra day's pay.

The first bonuses were paid to the salaried men who drew their checks on Monday.

Last year's bonus, which was paid to the men in a lump sum during the early part of February amounted to close to \$8,000,000. It is understood that this year's bonus will be around the same figure.

Bookkeepers have been going over the payrolls at the spot ten days checking up on earnings and figuring out the rats.

Higher Ford decided to change the system of bonus paying from once a year to twice a month so as to insure greater use of space in the money. Under the old system when dropping out of the company employ at any time before June 30, was paid in full the entire December bonus.

SMALL SCHOOLS HAVE CHANCE AT BIG MEET.

Small high schools of Michigan will have just as good a chance to win honors at the state track meet as will the large city institutions. Three classes of competition, based on enrollment of the schools, have been arranged, with several prizes and bonuses attached to each classification.

The meet, which will be held at the Michigan Agricultural College on June 12, has been designated by the governing board of the Michigan Interscholastic Athletic Association as the official state meet for 1921, and will draw entries from schools scattered over all the state.

High schools of more than 500 enrollment are grouped in class A of entrants; those between 270 and 500 are class B, and all under 250 will be known as class C. This is the first year that there have been three classes at the M. A. C. state meet, the change having been made to ensure a better chance for the smaller schools who will now compete against institutions of their own rating.

There will be 24 schools in class A; 37 in class B, and all the rest in class C, according to announcement of C. L. Brewer, director of athletics at M. A. C., who has been appointed by the M. A. C. board as director and manager of the meet.

Trophies, which will be the same for all three classes, will include gold, silver and bronze medals in each event, and cups for the winner in each class.

The standard list of national interscholastic events has been adopted for the meet. This includes both hurdles; all runs up to and including the mile; the shot put and discuss throw; broad and high jumps; pole vault, and half-mile relay.

Entry blanks are being sent out to all state schools about the middle of May.

Holly—Burton, three-year-old son of Mr. and Mrs. Harry Richardson, was very painfully injured when attacked by a large rooster in a neighbor's yard. He was found by his parents some time later with his face badly lacerated.

Ann Arbor—Edward H. Kraus, dean of the University of Michigan summer session, is completing preparations to handle the largest enrollment the Michigan summer term has ever known. There will be 2,600 students, he declares.

The L. A. S. to about forty in number met at the home of Mrs. George Gossler on Grace Avenue, on Tuesday afternoon. A very interesting meeting was held. Light refreshments were served. The committee in charge are to be congratulated upon the interesting program. Don't forget "Satan's Scheme" next Wednesday evening.

PRIBSTEVIAN CHURCH NOTES.

Perhaps you came to church last Sunday because it was Mother's Day, and you thought it would please mother to have you come. That was fine. But did you ever stop to think that maybe mother would be pleased just about as much if you should come on May 15th as May 8th? And say, didn't you enjoy that service Sunday evening? We are sure you considered it worth while. And you know we have a service every Sunday evening. Oh, no; we can't promise just as good a program every time, but it is always worth while, and I believe the more worth while the more people come to enjoy it. Somehow the enthusiasm of a crowd warms and inspires us as we go out again into our work-a-day life. Let's help one another this way. It doesn't cost much.

Morning service at 10:30. Sunday school at 11:45. Young People's service at 7:30. Prayer meeting Thursday at 7:30.

FATHERS.

If You Have a Boy, Read This. For several weeks past a number of Northville boys have taken delight in making themselves comfortable in a corner of the Fair grounds and face track, by using boxes and bags and practically claim ownership property. They are a class of persons who can get more pleasure out of the stand than the town boy during the races, picnics, games and from the fair and they should be given a good spirit and shown proper spirit in perspective has been given. If you buy one of the old traps take him to the wood shop and plan his hide. If these same boys are forced to sit it will go hard with him.

The attention of the P. M. Club has been called to conditions at the railway crossing at Novi and the approach to the bridge north of Northville by the Northville Automobile Club. The necessary repairs have been ordered made by President Frank M. Alfred.

SMILES

The smile in the alley used to be quite popular a few years ago but is now nearly extinct.

The Politician, with a smile and glad hand, we have with us still.

When Automobile prices drop, we smile.

When we meet a pretty girl—more smiles. A new one known as "the Newberry" has recently been added to the list.

NOW

When our members pay their dues, they smile because they know their money is being used to help some person buy, remove encumbrances or improve property.

We are told that \$1.00 deposited weekly in a bank for 10 years will amount to \$637.15. That's good; mighty good.

BUT

Some of our members have recently finished Paying in \$561 and received \$800.

AND

THAT'S WHY THEY ARE SMILING.

LOAN & BUILDING ASSOCIATION

ENGINEERING FIRM ADDS ARCHITECTURAL DEPARTMENT.

The firm of Verner & Wilhelm, engineers of Detroit, announce a change in personnel, by which Mr. F. L. Molby, architect, becomes a member of the firm and the firm's name is changed to Verner-Wilhelm & Molby. Mr. Molby is well known in architectural and building circles of this vicinity, having been associated with the office of the Supervising architect at Washington for many years, in which capacity he designed and supervised construction of the post-offices at Grand Rapids, St. Louis, Mo., Toledo, Los Angeles, Denver and many others. The mints at Philadelphia and Denver are largely credited to his talent as well as all government buildings for the Buffalo, St. Louis, Lewis & Clark, Jamestown, and Omaha expositions.

DETROIT THEATRES.

The Bonstelle company will inaugurate its twelfth annual season at the Gerrick theatre, Monday night, May 16th, offering for the first week the Selwyn production of "Wedding Bells," in which Margaret Lawrence and Wallace Eddinger scored so heavily.

Miss Bonstelle promises a company of the typical Bonstelle standard. Frank Morgan, who made many friends in Detroit last summer, will return as leading man. Among other familiar faces will be Letha Walters, Alma Moeller, William Moran, Walter Sherwin and Harold Moulton. Among the newcomers will be Mary Hill, who was with the Buffalo company last season; Sylvia Field, James Bliss, Kenneth McKenna and Milford Vincent. The stage will be in charge of Josephine Sherwood, a young actress and musician who since the death of her husband, Shelley Hull, has been devoting herself to college and little theatre production work. The assistant stage manager will be Joseph Meinzinger, former pupil at the Philadelphia Arts School, and who has exhibited several canvases at the National Academy of Design.

Summer prices and Tuesday, Thursday and Saturday matinees will prevail. Each week's attraction will begin with Monday night and close the following Sunday.

With a multiplicity of scenes, stately, beautiful and spectacular, D. W. Griffith's master effort on pictureization of "Way Down East" will commence the second week of its extraordinary engagement at the Stuber-Detroit opera house on Sunday, continuing twice daily thereafter.

In announcing that he has submitted upon the famous stage play, originally written by Luther H. Parker, and Joseph R. Grismer, the group of critics wishes to impress upon his readers a greater significance in the effort he has made. As might be expected of Griffith, he has provided pictorial scenes of the most infinite grandeur, has taken, as the play could not do, his audience to scenes of splendor and luxury in cities, making the most of the dignified barn dance, sleigh ride and rural trots of simple folk, enlarged the scope for the rare comedy of the tale and ended it all in a climax of snow storm and crashing ice gorge trials as left in reputation.

IMPORTANT NEW NOVEL THIS WEEK.

One of the most important literary events of the year will be the publication of a new novel by Cummings Dayson (on May 14) by Cosmopolitan Book Corporation. It is Mr. Dawson's first novel since the war and, as his earlier fiction brought him prominently into the limelight before the war, there are many admirers already looking forward to his return to romantic fiction. In addition to his earlier audience, which found in his work a literary quality equalled by few present-day writers, he has new friends, consisting of the hundreds of thousands who bought his many war books. One of these, "Carry On," came to be generally called "The American Bible," and was the most popular book produced by the war.

Mr. Dawson was born in England, the son of a distinguished clergyman and writer, and came to this country after finishing his course at Oxford University. He liked America so well that he decided to make it his permanent home and settled down in Newark, N. J. During the war he served with the Canadian Expeditionary Forces, was wounded twice, and became a captain.

He has now returned to his Newark home and again taken up his life work as a novelist. His new book, which is named "The Kingdom Round the Corner," will, according to the publisher's critics, pleasantly surprise any admirers of his earlier work who have wondered if military experience would make him cynical or deaden his remarkable literary style.

Word was received last week by B. F Beach, business manager of the Oakland County Farm Bureau, from the state farm bureau, Lansing, that the following would be the wool pooling dates for Oakland county: Holly, May 23 and 24; Oxford, May 25 and 26; South Lyon, May 27—South Lyon Herald.

Week's News in Brief

\$100,000,000 Merger Announced. Kansas City—A \$100,000,000 bank consolidation was effected here when the National Bank of Commerce and the Commerce Trust company joined forces.

Repatriate Spaniards in U. S. Madrid—An official decree provides for the appropriation of 500,000 pesos for the repatriation of Spaniards in the United States who are out of employment.

League Meeting June 6. Paris—The next meeting of the council of the League of Nations will be held at Geneva June 6. This meeting was called by Dr. Gastao Da Cunha of Brazil, president of the council.

Attended All Roll Calls. Washington—One member of the house, Representative Ricketts, Republican, Ohio, answered all of the 592 roll calls of the 65th congress, equaling his own record in the 64th congress, never before achieved.

Two Drowned in Gulf. New Orleans—William B. Mann of Boston, second engineer of the steamer Convene, and John Hurley of Bedford, Mass., fireman on the same vessel, were drowned in the harbor here by the overturning of a launch.

\$39,500 Jewelry Stolen. Los Angeles—Mrs. Hazel De Moshin, wife of George De Moshin, New York stock broker, has reported to the police that jewelry valued at \$39,500 had been taken from her apartment. A screen had been torn from a window.

Use Gas For Executions. Reno, Nevada.—A measure providing that lethal gas be used for inflicting the death penalty and that a special room be constructed at the prison in which to administer the gas was passed by the senate and sent to Governor Boyle.

Canada Has German Consul. Montreal—For the first time since August, 1914, Montreal has a German consul general, L. Kempf. He was given an encouraging reception by a number of the city's German citizens. He was German consul at New York in 1908-1909.

Synthetic Alcohol Found. London—G. O. Calvert, a research worker at Twickenham, claims to have achieved the manufacture of synthetic alcohol on a commercial scale, the process employing carbon and raw material and enabling it to be sold at 20 pounds sterling a ton.

Town Tries Blue Sunday. Union, N. C.—The Sunday blue law became an established fact in Union on March 13, when an ordinance prohibiting the sale of anything but medicines on the Sabbath went into effect. The new law was backed by a combination of various religious organizations.

Operators Fight Extradition. Chicago—Twenty-five coal operators from Celage and vicinity, who were among 127 operators and minor officials indicted Feb. 25 in Indiana for violation of the Sherman anti-trust act, have announced through their attorneys their intention of fighting extradition to Indianaapolis.

\$20,000,000 for State Roads. Washington—Twenty million dollars has been set aside by the federal government as available for Michigan road and bridge construction and maintenance this year, the bureau of public roads of the department of agriculture has announced. Approximately \$622,000,000 is available for all of the states, it was said.

Prohibition Conviction Upheld. Washington—Conviction of Max Wagman of Detroit, for violating the Reed bone dry amendment will stand as a result of the refusal of the supreme court to review decisions of Michigan courts in the case. Wagman based his petition for review on the assertion that the amendment was illegal, since it was promulgated as a "rider" to a postoffice appropriation.

Bomb in Mail Explodes. Madison, Maine—Dr. John L. Pepper was severely injured when a package he had received at the post office exploded as he opened it in his residence. One hand was blown off and his face was seriously lacerated. The room was wrecked, and bits of iron were imbedded in the woodwork and plastering. Officials were able to trace the package to the Anson postoffice, just across the Kennebec river from here.

Eloping Couple Sentenced. Milwaukee—Pierre Paul Author, Highland Park, Ill., and Mrs. Charlotte Franzen, former wife of a University of Wisconsin employee, were sentenced to three years in the state penitentiary at Waupun when they pleaded guilty in municipal court to statutory charges. Author and Mrs. Franzen attracted attention several weeks ago when they were arrested in St. Louis after the woman's husband charged Mrs. Franzen had been taken from him forcibly.

FARMERS, ATTENTION!

We have confidence enough in the future horse market for young, large, sound horses that we have purchased the Imported Percheron, Stallion Janze, (No. 88703), which we will stand at our farm 3 miles southwest of Northville, for the season of 1921. The service fees is \$20 to insure a standing colt. Every stallion reports to the shorlge of young, sound horses and the year-mares that have been bred the last four years, especially the last two years, which was about 20% of the regular breeding. It looks like a good time to breed a few mares, if you are more than to raise a few good farm horses for yourself and farmers who have been reading the tractor reports on farms. In the last year we believe are fully convinced that the horse will make a far larger gain over the tractor the next two years, and the tractor has made on the horse for the last two years, and the Farmer, if you are in a puzzle whether to buy a tractor or a good team of horses, this spring go and talk to a few farmers who have a tractor which to get, and after they tell you, then explain the reason why, then act accordingly.

However, come out and take a look at our farm, and we have several farm mares, both graded and pure bred and we will look them over also and buy a good team of horses if you are in a puzzle.

We have a team of mares, weighing 1,000 pounds each, and mares coming three years old and up.

And all the Company of Clean-Cut, Red-Blooded, Real Men Roundabout; and to those estimable Ladies of the community who prefer an honest coat of tan to a rouge pot complection, the tune of a lively trout to the gossip of the tea-table, the lilting song of a mocking bird to the bleating sobs of a jazz saxophone; and the gorgeous magnificence of a sunrise or sunset on the Bay, to the daws of some half-wild cub. To You, Good Sportsmen All.

Greeting:

KNOW YE, that down here in the right west corner of Walton County, which is in the Northwest corner of Florida, there is a veritable wunderland set aside and held in trust for you. Years ago a far-seeing man withheld from sale to the Government a little tract of 174 acres, splendidly located and of rare beauty, in order that good scouts from all over the land might have a place to come and build their summer and winter homes and enjoy their vacation periods.

LOCATION

This tract is surrounded by the great Florida National Forest of 157,000 acres, in which is found an abundance of deer, turkey and other game. It abounds in charming walks and drives. The Bay, lakes, rivers, bayous and Gulf, all in easy reach, teem with fish, ranging from the toothsome little sardine to the big, gamey silver tarpon. (One party of five recently caught 410 trout in one day's fishing). Firm, golden sands sloping gently out into the crystal clear waters of Choctawhatchee Bay furnish a beach unexcelled for still water bathing, while the nearby Gulf offers surf bathing which cannot be surpassed. As for boating, a thousand miles of protected inland waters radiate from Villa Tasso and other thousands of miles will be added when the Atlantic to Mississippi River Waterway reaches Choctawhatchee Bay.

WHAT VILLA TASSO LOOKS

LIKE

Imagine a wonderful bay, thirty miles long by four to five miles wide, completely set off and protected from the open sea by a narrow wooded peninsula. About the center of the north shore of this Bay is a high bluff, densely wooded with huge oak, magnolia, pine, bay, laurel, dogwood and other trees and flowering shrubs. Forty miles of seacoast and nearly the entire expanse of the Bay can be viewed from these bluffs. Pour round this scene the balmy, healthful, semi-tropical air and the brilliant coloring peculiar to this coast, and you have at Villa Tasso a residence fit for a king.

YOUR OPPORTUNITY

This property, one of the few desirable sites available on Choctawhatchee Bay, was purchased a little over a year ago. The Townsite of Villa Tasso was scientifically platted. Essential improvements, such as steamet landing, launch pier, roads, bridges, clearing, drainage, etc., were made. Today this is as pretty a townsite as heart could wish. Standard lots are 50x100 feet in size, with wide streets and alleys. Only the most essential improvements have been made, therefore you can buy a lot here at from one-fifth to one-tenth of what property will cost you in nearby resorts, yet when you have investigated you will agree with others that there is not a more beautiful place than Villa Tasso anywhere on this coast.

A Wonderful Opportunity to Secure a Home on Beautiful Choctawhatchee Bay at a Low Price on Easy Terms

Present prices are still almost at bed rock, only one advance having been made since the townsite was first organized. Excellent lots can be bought for from \$100 to \$250 each, though these prices can be expected to materially advance within the next few months. Very easy terms will be arranged if desired so that you will scarcely miss the monthly payments.

HOME OFFICE

V. T. ORR,

DeFuniak Springs

FLORIDA

A HOME IN FLORIDA

Perhaps you have often wished for a home on the coast. Here is your opportunity to secure one in as charming a spot as the most exacting could require. Villa Tasso has very unusual natural advantages. It is blessed with a climate which is delightful and healthful alike in winter and summer. It is neither too warm nor too cool. There are no mosquitos. It is isolated, yet easily accessible. Such an unusual combination of beautiful surroundings with splendid hunting, fishing, bathing and boating at hand is hard to find.

TRANSPORTATION

There is direct steamer connections from the wharf at Villa Tasso to Pensacola and to all Bay points. From the L. & N. Ry. at Crestview, a delightful Government built scenic highway takes its way over pine clad hills, across swift flowing Shoal River, along lovely Valparaiso Bay and across the Government bridge at Rocky Bayou; thence by three miles of charming woodland road we reach Villa Tasso, where the glory of the Bay breaks on one's vision with almost a shock of beauty. Once there you can bathe and hunt and fish and sail, undisturbed by the world outside.

AN INVITATION

There is just one way to fully appreciate Villa Tasso, and that is to come and have a lookie. If you can't do that, send for illustrated folder and booklet, with plat of the townsite and some tropical views.

You can buy a lot in Villa Tasso NOW at a fraction of what it will cost you a year or so from now, and get the choicest lots. The most casual investigation in nearby resorts will convince you that this is true. On my easy payment plan the monthly payment will not be at all burdensome.

So again, to all good scouts everywhere, to everyone who loves the great out-of-doors and Nature at its best, this invitation is extended to make Villa Tasso your vacation home and playground, join the Michigan-Villa Tasso Club, and help the rest of us in making this the best and snuggest resort throughout the length and breadth of the American Riviera.

THE BIGGEST SINGLE LIFE ACCOMPLISHMENT

is learning to co-operate with others—work with them—appreciate their value—get along with their failings—their oddities—their narrowness—boosting their good points—overlooking their poor ones.

The ordinary healthy human body is a good example of co-operation. The several parts work together for the common good of all. When they do not do this there is trouble and the doctor and enforced idleness.

One must co-operate with others if one gets anywhere in the world of affairs. Such an attitude makes the most of the other fellow while one is making the best out of himself.

Would you say there was real co-operation in church, school or town—that Northville had learned that fine art?

What do you say to giving your opinion when we meet Sunday at 11:30, at the

THE U. S. ROYAL CORD

Another brand a famous road.
Acknowledged among motorists and
dealers alike as the world's longest
example of Cord tire building. Al-

OFTEN it's surprising the number
of different tire views that come
out in a chance talk at the curb-or in
the leisure of a friend's garage.

Almost every day you come
across the man human enough
to believe he can outguess
the cut-price tag on "job-

There are 92 U. S. Factory Branches.
Each one gets its share of U. S. Tires.
There is a broad, constant even
distribution of U. S. Tires always going
on from these Branches to the dealer.

Buy a U. S. Tire anywhere
—in a community of 500 people
or even less—and you get a
fresh, live tire of current
production—with all the original

Many will remember the scarcity

BONUS BLANKS BEING PREPARED

A Lansing dispatch says the first of the four sets of blanks to be used in making applications for soldiers' bonuses came from the printer Monday. Colonel John S. Bersey, adjutant general, says the other set will be completed so that all can be sent out beginning next week.

There are blanks for men who have lost their discharge papers, these blanks requiring more detailed information than those for men who still have their certificates. Those who

have lost their certificates will be required to obtain certificates of service from the adjutant of the U. S. army and are advised to do so immediately.

Detroit—A corporate surplus of \$1,393,972 is shown in the report of the Pere Marquette railway company for last year, after deduction of all charges and taxes. After payment of pre-

ferred dividends the equivalent of 47 cents, a share on the common stock is shown, as compared with \$1.59 the year previous.

Michigan News Tidily Told

Pontiac—Suit for \$50,000 was brought against the D. T. R. by Mrs. Anna Engler, of Pontiac, who claims she was injured in a fall from a car.

Owosso—Forrest Higgins, who is held on a charge of murder in connection with the death of Lucy Witten, has been refused bail by Circuit Judge Joseph Callis.

Bessemer—Thirty six miles of roads will be built in Gobie County next summer at a cost of about \$500,000. The work is expected to give employment to about 400 men.

Owosso—Arthur Wiedman awoke to find his house on fire and the exit cut off. He scrambled through a window out onto the roof of the porch and was rescued by firemen.

Kalamazoo—A special election will be held June 16 to vote on the creation of the villages of East Kalamazoo and Milham. Both proposed towns would be in Kalamazoo township.

Mancelona—Mrs. Lucretia Cutting, 77, a white woman to settle in Kalkaska county, had been buried at Leeterville on the spot where she spent her honeymoon almost 60 years ago.

Saginaw—Mitchell, David, 55, working on a county road repair job, was killed when he fell beneath the wheels of a heavy motor truck. He leaves his widow, one son and two daughters.

Grand Rapids—The city's price probe committee has established a net return of 7 per cent as fair for landlords. It estimates the gross earnings should amount to about 12 per cent.

Traverse City—Objecting to signing a contract for three months at \$5.30 a day, members of the local plumbers' union went out on strike. Contracts now expiring were for one year at \$6 a day.

Mt. Clemens—Daniel Moore, former captain of the police department, has been appointed temporary chief of police to succeed Alan G. Straight, resigned. Straight has been appointed to a position with the United States secret service.

Lansing—In the last and fresh to get through all the necessary measures, the lower house of the legislature overlooked Senator Herbert Baker's bill appropriating \$50,000 to pay pensions still due to Civil war veterans by the state.

Traverse City—Dissatisfied customers of the Traverse City Gas company have suggested to the city commission that the city take over the operation of the company's plant for a period of six months, to test the earning power of the company.

Kalamazoo—Exploding of many depth bombs in Lyon lake in an effort to recover the bodies of Arthur Oenocinar, Detroit, and Harold Uttermark, Kalamazoo, drowned while fishing, failed to bring the bodies to the surface. Tons of fish were destroyed.

Petoskey—Charles Belonger, of Crossville, married, found guilty in the circuit court here for attempting to attack a Harbor Springs girl, was sentenced by Judge Shepherd to serve from two and one-half to 10 years in Marquette prison, with a recommendation he serve six years.

Pontiac—The Cook-Nelson post of the American Legion will take up subscriptions among its members to pay the judgment of \$455 which was awarded Harvey Hawley, Groveland farmer, as the result of a "tar and feather" party during the war in which 10 farmers are said to have had a part.

Pontiac—Returning from a shopping trip to Pontiac Mrs. Earl Johnson was instantly killed when the automobile in which she was riding was struck by a D. U. R. car. Mr. and Mrs. Eugene Johnson, accompanying Mrs. Earl Johnson, were badly injured. They attempted to drive across the tracks ahead of an approaching car.

Flint—Charles Ortman, who is alleged to have broken into a young woman's room, and into the arms of two waiting police detectives who arrested him on a charge of breaking and entering, is free. It is understood from police headquarters that Kittie Vanderlaag, who summoned the officers to her room to wait for Ortman, after the man's arrest, desired to carry the case no further.

Kalamazoo—Instead of owing his nephews and nieces \$40,000, Horace Pierce is their creditor to the extent of \$1,921.93, according to a ruling in the suit of the nephews and nieces who sought to recover funds alleged to have been misappropriated by Pierce when he served as guardian for his sister, Mrs. Jeanette Parshall. The court decision held that Pierce's nephews and nieces must pay for the support of their mother during the time Pierce was her guardian.

Pontiac—From the altar of a Highland Park church, where she was married July 6, 1920, Mrs. Ruth Van Tassel Tetraul, of Royal Oak, went back to her father's home and never lived with her husband, Albert Tetraul, she testified in Circuit Court. She said her husband had misrepresented his financial condition and had told her he had a home all furnished and \$1,000 in cash. After the ceremony, she said, he admitted he had neither the home nor money. She had her marriage annulled on the showing of misrepresentation.

Oldsmobile
23rd YEAR

*A Better Car from
the Buyer's Angle*

To build at a modest price, a four-cylinder car that would instantly be accepted as a better standard of quality and performance—that, in a nut shell, is the aim of the Oldsmobile Four.

We may also say, now, the achievement. For its enthusiastic reception by the more thoughtful, proves how right we were in the idea and in its execution.

See this Oldsmobile. Ride in the car. Drive it yourself. Try it speed and comfort on good or bad roads. Try its handiness in the maze of the traffic—driving or parking.

Note its characteristic Oldsmobile beauty—its flowing lines, its sane design—its permanent style.

Had we a moment's doubt as to the outcome we could not so confidently invite your judgment of its superiority along such definite lines.

TUBERCULINE-TESTED MILK.
Desiring to supply our patrons with the very best milk to be obtained we are now serving nothing but milk from tuberculin-tested herds. Our own herd of cows, and those owned by dairymen from whom we secure our additional supply, were tested this week and we are taking milk only from those animals which made a successful test.

This is a matter that has been urged by the state boards of health and city health boards for sometime, but the question has received only passing attention in the smaller towns and cities of the state. Northville is now on the tested list and we shall continue to sell nothing but the best milk we can obtain.

We make deliveries in the morning and forenoon—supplying our customers with rich, sweet milk daily. We have an abundant supply.

With a Single Stroke We Will Lead the Way to Lower Prices

An event that will be felt far in every home for miles and miles around this section, for in many instances the buying power of your dollar swells to two and three times its size. Never in years has a dollar been able to buy so much as it will during this Price Cutting Sale.

Nothing held back; Nothing Reserved. Everything goes. Every article in this big store has been slashed and cut to the lowest level. Price or Profit is no factor in this mighty demonstration of value giving. We have started out to speed up lower prices—even below market prices today, and the never-ceasing demand for lower prices. We mean to let nothing stand in our way.

If the people of this community appreciate real genuine money-saving bargains beginning Friday and for Eight Days this store will be the scene of the fastest and most genuine value-giving in the history of Northville. For years there has not been such wonderful bargains to be had. Read the results of the Sledge Hammer Blows. A word to the wise and thrifty is sufficient. Bargains too numerous to mention await you here.
