### OUR SOLDIER DEAD KINDLY REMEMBERED

Once again a grateful nation stopped in its race for money getting and business building to pay its tribute to the memory of those who gave themselves in service to their beloved country. People in all walks of life lived with one another to do honor to the memory of those who gave their lives in our three great wars. With minds and hearts attuned to the spirit of the occasion people gathered from far and near to observe Memorial Day—the one day of all the year upon which Americans delight to hallow the memory of those who died that our nation might remain a union of states, of those who rescued Cuba from the tyranny of Spain and the cruelty of a Weyler, and of the number who died that the double-headed eagle of Prussian autocracy should not menace American institutions and American freedom.

In keeping with other communities, Northville paid its tenderest tribute to those who are sleeping their last long sleep in Oak Grove and Rural Hill cemeteries, as well as to those who yet remain as citizens of this community. The silent tunes were never more beautiful than they were upon Memorial Day this year. Flags fluttered in the gentle May breeze and the mounds where sleep our soldier dead were bedecked with fairest flowers as were also countless other graves in which loved ones are peacefully at rest. The weather could not have been more ideal for such an occasion and all nature seemed to be in harmony with the sacred festival.

The memorial exercises at the Methodist church on Sunday evening were attended by a congregation that taxed the capacity of the edifice. Members of Allen G. Harmon Post and Corps Spangled War Veterans and the American Legion were given seats of honor and the services throughout were most impressive and inspiring. Rev. H. Grimwood and E. V. Belles assisted Rev. H. J. B. Marsh in the opening services, while Mr. Marsh gave the sermon of the evening. The splendid audience and the solemnity of the occasion seemed to inspire the speaker, who gave a masterful address in which he made a special plea for the highest ideals of citizenship. The special music, the decorations and the inspiring address made a deep impression by all who attended the services.

The business place of the village closer at noon and the afternoon was given over to a proper observance of the day. The exercises were held at the Abelson Theatre and were attended by a large crowd. Members of the Post, Corps, Legion and Marines were given seats of honor and the exercises throughout were most impressive and appropriate. L. C. Head officiated as chairman and announced the program. In his opening remarks he took occasion to state that Allen G. Harmon Post was organized in 1885 with a membership of 25 and that the organization increased in numbers until there were 90 names on its rolls of membership. During the past few years this number has gradually been reduced by death until now there are but 32 members left, and of that number but seven were able to be present at the exercises. Mr. Head stated that, in all probability, this would be the last year the old veterans could plan and carry forward the arrangements for the proper observance of the day and he expressed the thanks of the Post for the many acts of kindness and the assistance rendered by the people of this community.

The program was opened by a selection of the band, "The Star Spangled Banner," while the audience stood with bowed heads. Rev. H. Grimwood offered a fervent prayer and at the conclusion of his appeal the male quartet composed of Messrs. Ray and Carl Van Valkenburgh, Roy Clark and J. N. VanDyne sang, and the rendition of their selection was greeted with hearty applause. This splendid organization never sang better, it seemed, than it did upon this occasion and the three numbers given were greatly enjoyed by the large audience. E. V. Starkweather read the general orders and Lincoln's Gettysburg Address, at the conclusion of which he paid a fitting tribute to the women of America. Lester D. Stage, Jr., of the American Legion, gave a short talk in which he pledged to the old veterans present the determination and desire of the Legion to keep forever the hallowed memories of Memorial Day and to maintain the annual festival. Rev. E. V. Belles, pastor of the Presbyterian church, was then introduced as the speaker of the day and gave a very practical and uplifting address.

upon the greatness of America. Not in a sense of being boastful; but for the sake of appreciation of America's greatness the speaker reviewed in an interesting and practical way many of the things which have made the United States the greatest nation in the world to-day. He told of our great natural resources, of our spiedid citizenship, of our great educational institutions and of many of the splendid influences which had shaped and fashioned the course of America's upward and onward march.

At the conclusion of the address the audience sang "America" and the procession formed in front of the theatre for the parade to Oakwood cemetery, the formation being as follows:

Band  
Knights Templar  
World's War Veterans  
Marines  
Spanish War Veterans  
G. A. R.  
W. R. C.  
Boy Scouts  
School Children

To the music of Chopin's Funeral March the procession proceeded to the cemetery, where the exercises in memory of the fallen heroes took place at the grave of Allen G. Harmon. During the exercises at the grave a quartet composed of Mesdames Cook, Kohler and Peterson and Miss Alice Wagner of the W. R. C. sang "Nearer My God to Thee" and "Tarry Tonight." A salute was fired by members of the Legion and "Taps" were sounded by Lawrence Van Valkenburgh and as the notes of the bugle rang out deep hush fell upon the vast crowd, as if both a salute and prayer were being paid the dead.

Members of the Post Corps, the Legion, Boy Scouts and the children marched to Rural Hill Cemetery, where the graves of Donald Safford, James Roach and August Huber were decorated and appropriate services were held. As the processions passed over the bridge near the cemetery the children strew their flowers upon the water in memory of our major dead, who are sleeping in unknown graves, and thus were the exercises of the day brought to a fitting close, and the people returned to their homes with a consciousness that they had paid a worthy tribute to the memory of those who gave themselves selflessly to preserve America and her ideals.

True warriors come no bitter tears are shed. They place their flags and flowers on soldier graves. A short sharp call to their fallen brethren, and then a sad silence for the dead.

Leave this custom—let us hold men Sweet tribute—let us sing a prayer beside, And to be principled for which they died.

A silent place—a nation's great Amen!

Amen! Amen! Oh, do you hear, you sin?

Who sleep, in equal glory, row on row,

There and I, Flodden, where the

poppies blow,

Amen! Amen! You have not died in vain.

If anybody in this town has lost strawberries than has Frank Fry we should like to have them leave a proof quart at our office. Mr. Fry's berries are in the lead, up-to-date and his sample basket contents of which has long since been consumed, is the best one left at the office this year.

The J. A. Dubuar Mfg. Co's factory building, saw mill and engine room was entirely destroyed by fire Monday night. Attorney C. C. Yerkes was the first to give the alarm by having discovered the flames as he was driving home at 8:15. The town's people and firemen were quick to respond and before the clock struck ten, water was playing on the flames. Owing to combustible matter accumulating about a factor of this kind, the flames spread very rapidly, the department having four streams playing all at once. Although they worked like demons, they were unable to stay the work of the fire until the saw mill, the air gun factory and the main building were completely gutted, the former burning to the ground. The dry kiln and blacksmith shop which were attached to the main building were saved. Galvanized iron eaves were poured in on the machinery and engine, which had ruined them. Mr. Dubuar estimates the loss at about \$10,000 and that in insurance, will aggregate about \$5,000. The manufactured and uninsured stock was stored in other buildings and they, together with the company's lumber and logs, were uninjured. W. H. Verkeren and Claude Burgess were probably the last on the grounds and succeeded in putting out some belting and the two large saws from the second floor before the smoke drove them away.

Mrs. Brown states she has no immediate plans in view but will shortly return to her home at Northville, Mich.—Dardoc Reporter.

**WILL CONSOLIDATE FIVE SCHOOLS.**

The meeting held at Wall Lake on Friday evening last to consider the organization of consolidating five school districts in the Waite Lake area was well attended and after listening to an address by W. E. Coffey, deputy superintendent of public instruction, it was decided to take no immediate steps to have the question submitted to the electors of the several districts affected by the proposed change.

The matter has been considered by the members of Wall Lake Chamber of Commerce for some time and it is believed that consolidation of the five districts will prove of special advantage to the community.

**A GOOD START MADE.**

"Behold how good it is for brethren to dwell together in unity." The village council held a very harmonious and enthusiastic special meeting last Thursday night and the proposed system of Northville was discussed from all angles. It was the unanimous opinion of the council that steps be taken to insure for his village the greatly needed public improvement and it was decided to ask engineer to submit an estimate of cost of erecting the proposed system.

It was also agreed that the president and members of the council should concur in a committee to wait upon Mr. Farley and to ascertain what his wishes are regarding the outlet of the north side power across his property and arrangements will be arranged as soon as possible.

**HOT TAMALES IN PONTIAC.**

The Pontiac I. O. O. F. ball team that was scheduled to play Harry German's Hot Tamales last Monday did not appear at Northville. They either disbanded or showed the yellow stripes for without notice to our local club they substituted the Hess Sing Co.'s team which occupied the local diamond long enough to receive a beating 18 to 12.

The Hess team was conspicuously weak and the Tamales exceptionally strong, making a disinteresting match. German's club consisted of a number of veteran players and some good younger men and the team, as a whole, appeared capable of taking on most any semi-professional aggregation of ball players.

German and Hutchins could hardly mid-summer pitchers and Mullendore showed himself to be a classie base catcher. Ferrell, Schaub and the rest of the team banged the ball against the back fences roughly and made eight runs the first inning.

The local fans were disappointed in not seeing a good game but the Northville players were more disgusted at the pitiful real opposition. The Hot Tamale manager is now ready to take on any amateur or semi-professional team.

He has invited the public to show the public some real games, win or lose.

The meeting for organizing will be at 3 o'clock in the afternoon.

**THE LADIES OF THE CHURCH.**

The ladies of the church intend to give the interior of our office, general house cleaning next Wednesday, June 8th. Everybody who can turn out to help will be much appreciated.

**COFFEE ENTERTAINED AT SUPPER.**

At 5:30 on the afternoon of Memorial Day the members of the W. R. C. entertained the members of the Post and Legion and a few guests at a bountiful supper. The tables were handsomely spread and, for the first time, the new silver recently purchased by the Corps was used. When all were assembled about the tables Mrs. Flora Peterson called the assemblage to order and Rev. Craig of Novi, who was spending the day with Northville friends, offered the invocation. The guests were served by the young ladies of the Corps and in all its appointments the affair was faultlessly carried out. The menu served was most tempting and the hospitality extended was in keeping with the occasion.

## WE EXPECTED IT AND WERE PREPARED

We expected warm weather would arrive after a while and in anticipation of the event we were prepared to take care of a whole lot of new Ice Customers with ice of the highest quality—artificial, made from pure water and under sanitary conditions.

It is real economy to use ICE during the summer months at least. Your food keeps so much fresher and you can keep a whole lot of "left-overs" from spoiling until they can be used.

Let us fill your box as often as needed.

Have you ordered your winter's supply of coal? If not, you will be rendering a service of mutual advantage both to yourself and to us by placing your order. We can supply your needs now.

### NORTHVILLE ROYAL NEIGHBORS GROWING

From a recent issue of The Royal Neighbor we take the following which will be read with local interest, especially by the members of Camp No. 8726 of Northville, Mich.

Camp No. 8726 of Northville, Mich.

is one of the progressive camps of the state. Organized June 1, 1920, it has

for its motto the word "Success," and

has never once stopped to wonder

how they were going to accomplish all

they have done or intend to do, but

each member has and will continue

to do her share, and there is not even

the shirk of responsibility in the

matter. Today they have sixty mem-

bers, have purchased all of their

paraphernalia consisting of flags,

officers' caps and jewels, graces' crowns, pike and altar cloth,

and all this has been accomplished

in ten months and every cent was

earned by the members. On April

5, they held a class adoption at which

time twenty-eight candidates were

initiated. The work was done by

their degree team in a manner that

brought praise from all present for

the perfect way in which the work

was performed. The class was the

result of a membership contest in

which the camp was divided and both

sides worked with a determination to

win, and regardless of the outcome,

all were anxious to make the banquet

which was to follow a success, the

winners as well as the losers, the

success being a banquet which was a suc-

cess from start to finish. Mrs. Nellie

Westcott was chairman of the banquet

committee and to her belongs much of

the credit for this part of the program.

Mrs. Rosetta Launing, assistant depu-

ty, assisted the charter for this

progressive camp, and her able assis-

tants belong the credit for the

class adoption on April 5. Each

officer deserves special mention for

the capable manner in which they did

their work, but space forbids thus

State Deputies Alf. C. Smith and Mr.

Anna Reubel of Detroit were guests of

honor and each was presented with beau-

tiful potted plants. This enter-

prising camp immediately planned for

another class to be adopted in the

near future.

### MANY CHANGES IN SCHOOL LAWS.

From County School Commissioner E. W. Yost, The Record has received the following notation of important school laws passed and amended by the last legislature:

Census. The county commissioner of schools, or such other persons as he may appoint, shall take the school census of the several districts in the county, not including cities of three thousand or more, fifteen days previous to the first day in June and a verified list shall be filed in the office of the county commissioner of schools before the third Monday in June. This enables a thorough check of the census before school begins in September and can be done systematically with the aid of the card index enrollment installed in his office. The Detroit Transfer system will be put in operation when school begins in the fall.

The bonding laws were changed so as to bring all districts under the general school act and bonds are now permitted to be levied for 15% of value and for over 100 years or more.

A new special act concerning districts was brought under the general law.

A new law, until now, was thought very desirable so as to clarify all points concerning it and make it much simpler of operation.

The law permitting the consolidation of rural schools was changed in line with the experience of other states, and today we have probably the best consolidated school law in the United States. The machinery is simplified and all matters of friction may be carried by appeals to the State Department of Public Instruction. The state gives aid to these districts on a basis of \$1,000 per school and \$400 per vehicle used in transportation.

School districts are now being permitted to build and furnish headquarters' houses. This answers a real demand in the northern country and also in the consolidated school districts.

No high school districts must now pay tuition of pupils ready for high school to some neighboring big school to cover the full per capita cost of the school up to \$100 per year.

School officers are given the right to raise money by taxation to place school houses in safe and sanitary condition.

Practically every child in Michigan will now have a nine months' school, this being the minimum term under the new law.

In 1925 all persons entering the college preparatory school in Michigan must have at least one year of preparation of training above the four year high school course.

At 30° was passed requiring children placed in boarding homes to be placed on the school census if in the district where the boarding home is established and these children are thus entitled to attend school in that district. This does away entirely with the difficulty regarding the rights of these children to attend school and relieves the state of a vexatious problem.

### FARM ECONOMICS MEET IS CALLED AT M. A. C.

An agricultural and economics conference, at which leading authorities of the country will discuss and consider vital agricultural questions of the day, has been scheduled at the Michigan Agricultural College for June 22nd and 23rd.

David Fidler, of the University of Michigan; Thomas Nixon Carver, famous economist from Harvard University; Dr. G. F. Warren of Cornell, Hale Tennant marketing specialist of the M. A. C.
