## NORTHVILLE WILL CELEBRATE THE 4TH

At a meeting of the directors of the Northville Fair Association last Thursday, final plans were discussed and committees appointed to prepare for a real five celebration in Northville on July 4th. During the morning hours there will be a band concert, and at 12:30 sharp the program of the day will begin at the fair grounds. There will be a ball game and three good racing events, together with the usual program of sports which always go with a celebration on the glorious Fourth. In the evening there will be a grand free street dance on the pavements up town.

The following committees were appointed to have charge of the arrangements:

Advertising—C. A. Altman, Glenn Richardson, Ray Richardson, N. C. Schrader, J. A. Huff, F. A. Northrop.

Music and Speakers—F. S. Neal, T. G. Richardson, M. N. Johnson.

Race—E. M. Starkweather, M. B. Sloane, D. B. Clark, S. Montgomery, H. Mainstinton, Wm. Rafterbury.

Concessions—N. C. Schrader, Grounds—M. H. Seeley.

Special Police—F. W. Lyle.

Decorations—F. J. Cochran, A. C. Balden, T. E. Murdock, C. H. Young.

Liberal purses will be provided for the three racing events and prizes will also be given in the sport events.

Plan to spend the Fourth with your friends in Northville, and have a good time.

## NINETEEN WILL GRADUATE THIS YEAR.

There are nineteen members of the class of '21 of the Northville High School: Irene Smith, Fritzi Balow, Mary Ann Leonie McKeever, J. V. J. Eisenberg, Anna Segundo, Dorothy Walde, Wanda E. Elliott, Doris Engleman, J. L. Lissner, E. A. Chapman, Elizabeth Chapman, Mildred Billie, Winnie L. Montgomery, Clifford Stogard, Dorothy Northrop, Dorothy Brant, Ruth Price, Mabel Johnson, Dorothy Baumhauer.

Eleven of the girls are seniors and eight are sophomores. The president of the senior class is Dorothy Walde, of Northmont, Montgomery, and the class motto is "Diligentia, Virtus, Modestia, Disciplina, Amicitia."

Graduation exercises will take place at the High school auditorium Wednesday evening, June 22nd. Classmate exercises will be held on the 23rd.

## RACES AND BALL GAME SATURDAY.

On Saturday evening, tomorrow, there will be races and a ball game at the fair grounds in Northville. There will be three racing events—Class A, Class B and a free-for-all, and the management is assured a good field of runners in all events. The Northville Foresters will meet the Pomona team in a game of ball. The gentleman will be charged an admission fee of 25 cents, while the ladies will be admitted free.

If you enjoy racing and a ball game, this will afford you an enjoyable afternoon.

## ACQUIRED THE HABIT QUICKLY.

It seems just a little strange how quickly our girls can acquire the habit of going to bed "with the chickens" as soon as they begin life on the farm. Mr. and Mrs. Ray Richardson took up their residence at the Richardson farm west of town on Tuesday and members of the Quality Club decided to give them a little surprise, thinking they might feel lonely and that the first night might seem dull and dreary. Imagine the surprise of the visitors when they reached the Richardson home about nine o'clock to find Ray in bed and his good wife "putting the house in order" for the coming day. The arrival of the visitors was announced by the clanging of bells and blowing of horns and after Ray had been awakened, he was at a loss to know what all the noise was about. He was so confused that he took a long time in preparing his toilet, not knowing whether to don his overalls or his best suit. After much oaf and merrymaking he finally appeared and gave his unexpected guests a royal welcome.

The evening was pleasantly passed and refreshments were enjoyed. The guests departed about midnight to permit Mr. Richardson to catch a little sleep before "four or five o'clock in the morning when the sun begins to shine."

While Ray was a resident of the village he thought the evening had just begun at nine o'clock.

## CONTRACT AWARDED FOR NEW HOSPITAL

Construction will start within two or three weeks on the children's tuberculosis hospital at Northville, the health department announced Thursday following opening of bids.

The A. E. Wood Construction Co.

Detroit, was low bidder with \$162,000

which is more than \$50,000 below department cost estimates.

The hospital will accommodate 100

children and will be situated near the

tuberculosis hospital for adults recently completed.

The site is 25 miles from Detroit, on the top of a

hill which is part of 900 acres owned

by the city.

Treatment of bone tuberculosis will

be a specialty. Treatment generally

will last six or eight months.

Construction will be under direction

of William H. Maybury, chairman of

the building committee of the health

department.

**WEDDING OF ERICKSONS.**

Oakland Place, the home of Mr. and

Mrs. D. P. Yerkes, was the scene

Saturday evening June 4, of an at-

tractive, though quiet, wedding cere-

mony, when their elder daughter,

Margaret Alida, became the bride of

Winfred Lloyd Holden of Detroit.

Rev. Edward Bellis and Dr. William

T. Jacques of Detroit conducted the

ceremony at eight o'clock in the east

living room, which was decked with

a mass of pink and white flowers.

Two baskets of peonies adorned the

living room while in the dining room

decorations were typical. Indeed

round of "My Maryland" roses and

The bride, who entered on the arm

of her father, was lovely in a red

gown, with lace trim. She

wore a tulip veil bound in her hair

with a white or orange lily, and

carried a bouquet of pink

roses, sweet peas and violets.

Mr. and Mrs. Yerkes, of the bride's

family, attended her in the

company of their son, Winfred

Holden, and his bride, Maxine

Weaver, a retired teacher of

10th grade algebra, and Robert

Weaver, who sang here.

Mr. William A. Denton, a

dear old friend of the bride,

and his wife, Mrs. Denton, were

also present.

Out-of-town guests at the marriage

were Rev. and Mrs. Jacques, Mr.

Several delightful affairs have been

given for Miss Yerkes by her friends.

The first was a progressive dinner and

showers given by the girls of her Sun-

day school class, assisted by Mrs. Vine

Yerkes and her class of girls. Mrs.

F. E. Holland entertained at a lunch

and a luncheon and quilling party and

showers were also given by Mrs. C. C.

Yerkes and Miss Edith Mead at the

home of the former, while Miss

Frances Yerkes entertained night

visitors of the bride at a breakfast.

**IN UNION THERE IS STRENGTH.**

Through efforts of the Northville Auto Club enough signatures were secured last fall to get two miles of connecting road built on the Northville-Novi highway leading north from Northville.

In order to get the required 60 per cent of signatures, under the Cover Plat, the club committee took in five miles east of the village, additional and two miles north, leading into Farmington, making nine miles in all. The road was surveyed last fall and then this spring another obstacle was struck. The highway commissioner's department notified the club that unless there was assurance that bonds amounting to \$140,000 would be sub-

scribed, there could be no advertising for lids. Former Governor Warner, of Farmington, was appealed to and pledged that half of the bonds would be taken care of by Farmington. A bond company of Detroit, whose representative F. D. Nicol lives east of the village, arranged for handling the balance if the club guaranteed the loss or commission on the resale. The committee in two days raised the required \$3,000 bonds. Now the road construction hurdles have all been climbed and the contract for building the nine miles is to be let next week Wednesday.

The two miles north of the village towards Novi where it connects with the Grand River road, completes an important travel link. It is the

main route from the east and south via Toledo, the Flint, Bay City and Saginaw. It also connects the Pontiac district with Ann Arbor and all the Oakland County lakes with the south and east.

Commissioner Rogers has assured the auto club, that the two-mile connecting link north from Northville will be the first thing to be completed.

Arc. Arbor—Public school music courses will be stressed in the summer session of the University School of Music, according to the announcement of that organization, in addition to the regular courses offered in voice, piano, violin and other instruments.

**NOTICE!**

Two weeks ago one of the business men of Northville made a frenzied attempt to grab another nickel by advertising as Jim's Tire Shop in the Record. Why should he want to use my Trade name instead of his own? In the many years that he has been in business here he has had a wonderful opportunity to build up a reputation for Fair Dealing, Low Prices and Snappy Service. The thing he seems to wish for is using my Trade name an admission on his part that he has failed to do so. Northville, with its beautiful location, fine streets, its wonderful shade trees and clean minded people should inspire a man to strive for clean ideals, not shabby trickery. This man fooled no one, and the expressions heard on all sides convinces me that he lost immeasurably.

# VILLA TASSO

## Vacation Clubs

A plan whereby you can spend your vacation on beautiful Choctawhatchee Bay amid wonderful surroundings, have a glorious time, and save enough money over what it would cost you elsewhere to buy a valuable lot in Villa Tasso.

Some years ago a group of golf enthusiasts in Calgary, Alberta, (Canada), formed a golf club and bought for their links a tract of high land adjoining the town. Soon the town surrounded them and they sold their property at an enormous profit and moved out about three miles. They again sold, realizing another fortune for their holdings. When I last heard of them, their new grounds, six or eight miles up the valley, were again touching the city. Memberships were valued at \$2,000 each but nobody wanted to sell. Each original member had made a fortune from the club, owned a valuable membership, and had enjoyed the club privileges right along.

At Villa Tasso you have similar opportunity to play and make money at the same time. A little over a year ago, by fortunate purchase of one of the most beautiful and desirable locations in all the Bay country, the present townsite of Villa Tasso was acquired at a price which makes it possible to sell lots now at a fraction of what they will bring in a year or so. Under the Villa Tasso Vacation Club Plan you can have a wonderful vacation and at the same time save enough money to pay all or a large part of the purchase price on your lot there.

### Location

Villa Tasso is on Choctawhatchee Bay in Northwestern Florida, fifty miles east of Pensacola. It is eight miles from Valparaiso and a distance of about twenty-five miles from both Crestview and DeFuniak Springs, on the E. & N. Railway. There are direct steamer and launch connections between Villa Tasso and Pensacola, as well as points on the Bay and Santa Rosa Sound. The dances and other social diversions at Valparaiso, Camp Walton, Mary Esthey and other nearby points are easily accessible by launch or auto. Seaplanes from the Pensacola Naval Air Station, and boat parties from Pensacola frequently come up the sound for week-end parties.

This location combines rare beauty with ideal climate, perfect health conditions and every facility dear to the heart of recreationists. The bluffs are among the highest on the Bay. They command a view of more than forty miles of seacoast. The townsite is magnificently wooded with pine, oak, magnolia, bay laurel, holly, hickory, etc., with many flowering shrubs. Two crystal clear streams, one near the end and one near the center of the property, afford perfect drainage. The water is clear, soft and of excellent quality.

### Hunting

On the land side the townsite of Villa Tasso is entirely surrounded by the Florida National Forest. This great Government reserve of 157,000 acres is held in trust for the people. It is a great natural playground. Within its borders there are no hunting restrictions other than the liberal state laws. Deer and turkey are plentiful in the immediate vicinity of Villa Tasso. Small game abounds. In the winter season there are quantities of wild duck and other water fowl on the neighboring waters.

### Fishing

Pippin's Lake,  $\frac{3}{4}$  mile west, is celebrated through several surrounding states for its wonderful fishing. The network of waterways at the mouth of the Choctawhatchee River, a few miles east, is one of the most phenomenal fishing places in the world. In October, 1920, one party of five caught 440 trout in one day's fishing, weighing from 1½ to 5½ pounds. Another party of fifteen caught 1440 trout, brim, shellcrackers, etc. Choctawhatchee Bay furnishes good fishing, and its clear waters and frequent calm nights makes gigging or spearing a sport to be enjoyed. In the Gulf nearby most everything can be found from the 4,000 pound devil fish to the gamey silver tarpon, or the delicious little pompano. Crabs abound.

### Bathing

The beach at Villa Tasso is simply perfect. Bedded

with firm golden sand, the water clear as crystal and free from weeds or other marine growth for almost its entire length, it slopes gently out from the water's edge to the deep water, some two or three hundred yards out. It furnishes a beach on which children can play all day long without danger. The timid can bathe here in perfect security, while those who enjoy deep water and diving can have this in perfection from the steamer pier. Villa Tasso is perfectly sheltered from any storms which may arise on the Gulf by the long, narrow Peninsula of Santa Rosa. Those who enjoy surf bathing will find the short motor boat trip across the Bay, a short walk over the snow white sand and a dip on the wonderful Gulf beach altogether delightful. Thus you have at command either the smooth waters of the Bay or the more turbulent waters of the open sea, as you choose.

### Boating

Over 1,000 miles of navigable water, all sheltered from the open sea, radiates from Villa Tasso. Motor boats or small sail boats can navigate this in perfect safety. Through East Pass, eight miles southeast, one can reach the open Gulf. It would be difficult to find a more delightful region for this sport than the waters adjoining Villa Tasso.

Prices effective June 1st, for lots in Villa Tasso, subject to advance without notice, are as follows: On the Via Marina (facing the Bay), \$250; on Restabit Place (for business purposes), \$200; on Robert Ave. and Nimrod Circle, \$150; practically all others, \$100 each. The regular terms are 5 per cent discount for cash, or payments to suit purchaser, generally not less than 10 per cent cash and 10 per cent per month. Standard size of lots is 50x150 feet, or more than twice the average size of resort lots. Average elevation above the Bay, 16 feet.

Lots in nearby resorts, not nearly so attractive, are now selling at from \$500 to \$1,500 each. Acreage eight miles away which could have been bought four years ago for less than \$100 per acre, is now selling in town lots at about \$4,000 per acre. Certain lots in Miami, Florida, have increased 500 per cent per year during a period of 18 years. The increase in Villa Tasso may not be so phenomenal as these, but lots here will surely prove a magnificent investment when bought at present prices. It has every natural advantage of location, climate, health and beauty, and is sure to forge rapidly ahead.

### My Vacation Club Proposition

To purchasers of lots in Villa Tasso under the Club Plan, I will furnish, free of cost, for use on their vacation this year, the following equipment: One tent cottage, 16x16 feet, with board sides and floor and canvas top, full screened, very light, airy and comfortable; one oil stove, table, benches, etc., etc., all ready for occupancy.

These tent cottages make delightful summer homes. It is almost like living out of doors, yet you are fully protected from the weather. The open space, about two feet wide, all around the tent, (screened), can be securely closed in a minute or so in case of inclement weather.

These tent cottages are available for any club of EIGHT, each member buying a lot in Villa Tasso and each paying not less than \$25, cash and \$10 per month, until the full amount of his lot is paid. The club facilities are available within two weeks after the first payment is made by all. In like manner, any club of SIX, each paying \$30 cash and \$10 per month; any club of FIVE, each paying \$35 cash and \$10 per month; any club of FOUR, each paying \$40 cash and \$10 per month; any club of THREE, each paying \$50 cash and \$10 per month; any club of TWO, each paying \$75 cash and \$10 per month; can secure the full club advantages.

The club plan may be varied somewhat to meet the needs of individuals. You are cordially invited to submit any plan you may have for consideration. Descriptive literature and plat of Villa Tasso will be furnished on request. Come and spend a pleasant and profitable vacation with us as Villa Tasso!

Persons orchestra turned out and the dance program was really enjoyed.

Flag Day to be observed June 14th, decorating graves here and holding services at Farmington. Meet at Mrs. Ardella Brooks' home at one o'clock, Tuesday afternoon, June 14th. Contributions of flowers, thankfully received.

**Northville School Notes.**

Northville defeated Farmington last Tuesday, in one of the best High school baseball games ever played on the local field. German, the N. H. S. twirler, played a stellar game to pitch his boy band at bat. In spite of poor support at bat, he remained calm and pitched a very good ball.

He added two three hits to his total, plus a catch, to make a nice hit rate and several carefully thrown to bases. No runs were made the first nine. In the tenth, a run came from a single made by a boy and on a wild throw to first, a double play and a final pitch to the batter resulted in a third out.

The Politician, with a smile and glad hand, we have with us still.

When Automobile prices drop, we smile.

When we meet a pretty girl—more smiles. A new one—known as "the Newberry"—has recently been added to the list.

### NOW

When our members pay their dues, they smile because they know their money is being used to help some person buy, remove encumbrances or improve property.

We are told that \$1.00 deposited weekly in a bank for 10 years will amount to \$637.15. That's good; mighty good.

### BUT

Some of our members have recently finished Paying in \$561 and received \$800.

### AND

THAT'S WHY THEY ARE SMILING.

of ruins. Mr. Thompson escaped

with the breaking of two ribs and

severe bruises, and Edward had his

leg bruised up, from which he has

sulted no more seriously.

A test case was brought by William Liepnuz, who was sued before Phoebe Patterson, justice of the peace in Plymouth township, Wayne county.

The lower court held that a woman can be justice of the peace, and refused to quash the case. The supreme court affirmed the decision.

## IT'S CRIME TO BE DRUNK, SAYS COURT

STATE COURT UP HOLDS CONVICTION OF KALAMAZOO MAN ON MANSLAUGHTER CHARGE

### JUDGE REFERS TO ANCIENT LAW

"Drunkenness Was Declared Wrong In and Of Itself By the Israelites," Reads Courts Decision.

Lansing—A new theory, regarding drunkenness—new at least to Michigan court decisions, is embodied in a decision written by Justice West and handed down as the decision of the court in the case of Green Townsend, of Kalamazoo. Townsend was driving an automobile while drunk on the night of November 8, 1919. He missed a man and his machine collided with a tree, seriously injuring Agnes Thorne, who was with him. She died later of blood poisoning.

Townsend was convicted in the Kalamazoo circuit court on a charge of manslaughter. He appealed to the supreme court, contending that the indictment had been improperly drawn and the case improperly conducted, because they had followed the theory that drunkenness is malum in se instead of malum prohibitum.

"Voluntary intoxication," says the court, "is reply to this contention, is an offense not only malum prohibitum, but malum in se, condemned as wrong in and of itself by ever sense of common decency, and good metals from the time that Noah, in his drunkenness, brought shame to his sons, so that they backed in to cover his nakedness, and Lot's daughters employed it for incestuous purposes."

"Drunkenness was declared wrong in and of itself, by ever sense of mind by the tractaries, by the ancient Chinese in the year 1120 B.C. in ancient India by the ordinances of Manu in Rome, the censors turned drunken members out of the senate and banished them with infamy."

"In England 300 years ago drunkenness was pilloried at the root and foundation of society as such as bloodshed, stabbing, maiming, robbing and such like offenses. In 1601 his abrogation of the capital punishment of drunkenness as one of the usages of heresy."

"In the Massachusetts Bay colony in 1637 one Roger Williams, his franchised and semi-clerical wear red leather cap upon a white buckram background for one year. One of the arts passed by the first session of the general assembly of Massachusetts and New Haven and approved October 2, 1639, provided a publican should drink upon a public highway."

**CHANGE PROPOSED  
IN COUNTY FORM  
OF GOVERNMENT****COMMITTEE OF CITIZENS AIM  
TO MAKE ECONOMICALLY  
RULE POSSIBLE.**

If Passed By Legislature Proposal  
Would Then Be Submitted To  
Vote of People.

Re-organization of county govern-  
ment in Michigan, on the principle of  
one rule, with one or more optional  
plans for such counties as by major  
vote, indicate that they want to  
secure improved methods, was the  
subject of discussion at Lansing, Jan.  
20. Members of the state committee  
of seven citizens held a meeting, at  
the call of the chairman, Parm C.  
Gilbert, attorney, of Traverse City,  
and in their conference they consulted  
Attorney General Wiley, who was  
asked to give his official advice on  
the form of the proposed amendment  
to the state constitution.

Other members of the state com-  
mittee, who were elected at a general  
public meeting held in the senate  
chamber at Lansing, Dec. 17, are: C.  
Roy Hatten, Grand Rapids, secretary;  
F. L. Baldwin, editor Escanaba Journal;  
W. O. Davidson, Saginaw Ste. Marie;  
Charles J. E. Wilcox, corporation  
counsel, Detroit; William P. Lovett,  
secretary of the Detroit Citizens'  
league; and Attorney Elwin Swart-  
out, Grand Rapids.

It is expected that the resolution  
for a constitutional amendment will  
be introduced first by the senate,  
printed, and thrown open for general  
discussion, in the interests of great  
economy in county administration,  
and a saving to the taxpayers. If ap-  
proved by a two-thirds majority in  
the legislature, and signed by the  
governor, the amendment will be sub-  
mitted to vote of the people of the  
state.

In Wayne county a citizens com-  
mittee of nine members has spent two  
months in study of the question. The  
committee is made up of a majority  
from the county, outside of Detroit,  
and its members have given unanimous  
approval to the plan. It is said  
that a large number of county officials  
in Wayne county favor the proposed  
reform, including the entire board of  
county auditors.

**Walled Lake Warbles.**

Walled Lake is developing a pretty fast ball team. Last Sunday, the locals defeated the Southfield team by a score of eight to six. Next Sunday, the Detroit News team will play on the home grounds.

The annual commencement exercises of the Walled Lake schools were held last Friday night and proved most interesting and enjoyable. The address of the evening was given by John R. Andrews of Pontiac, assistant county commissioner of schools, who selected for his theme, "Heroic Living." The program for the exercises was as follows:

March, orchestra; invocation, Rev. Mr. Brass; salutation, Iva Osborn; selection, orchestra; class history, Rev. F. A. Briss; mead sermon, Ellen Bentley; duet, Lena and Pearl South Lyon; New Hudson, Novi High and Commerce attended the funeral of Corporal E. F. Oldenburg.

The remains of Corp. Ernest F. Oldenburg arrived here last Thursday evening. The funeral was held from the church Sunday, June 5th, and was undoubtedly the most largely attended ever witnessed in Wixom.

Mr. Brass, who selected the sermon, and the rest were in charge of the Coe; class prophecy, Kathryn Van Muiden; American Legion, and was very impressive. The bearers were boys from Owosso, who were members of his company. Ernest was born February 23, 1886. He enlisted at Fort Wayne, Ind., 16th, 1917, with Co. H, 33rd Michigan Infantry, and later was transferred to Co. M, 125th Inf. 22nd da with whom he went to France. He was killed June 18th, 1919. His parents, two brothers and two sisters, survive him, and are very grateful for the sympathy and help the friends and neighbors bestowed upon them.

The floral offerings were many and very beautiful.

### FARMINGTON GET FINE INSTITUTION

The first unit of the new Michigan Methodist Children's Home, which is to be erected at Farmington this summer, will be the forerunner of a social service center which it is hoped to complete within the next five years at a cost in the neighborhood of half a million dollars it is believed by Rev. Sydney D. Eva, local Methodist pastor, who is closely connected with the project.

This first unit will be a three-story brick structure for the children's home to be modelled after the Buffalo children's home at Williamson. The architect, J. H. Earl, of Buffalo, designer of the Buffalo home, has made every effort to achieve a home atmosphere. The first floor of the home, which will accommodate 30 children, will be occupied by the reception room, living room and dining room. In the basement will be found, in addition to storage and furnace rooms, a large, well lighted and fully equipped play room.

The second and third floors will be devoted to dormitories for the children and to living quarters for the housemother, her assistant and the maid.

The contract for the erection of this unit will be set within a few days, and it is expected that the building can be occupied by October 1st. The site is a very favorable location on the John Landau farm just west of Farmington, a property of 45 acres, including a rise of ground from which the sky-scrappers in Detroit, 20 miles away, are clearly visible.

The only building now on the property is the old Landau farm house, which will be occupied by William Griggs, who will farm the property for the church.

Other buildings to be erected to make up a complete social service

center will be the administration building, which will be erected on the hill already named Henderson Height, after Bishop T. S. Henderson of Detroit, a nursery; a convalescent home for tired mothers and children; and possibly a home for delinquent girls, which will be the first Protestant institution of its kind in the state; a fresh air camp, and several other children's home units.

The present Michigan Methodist Children's home is located at 160 Highland Avenue, Highland Park. There are 75 children now cared for by the institution, 14 of which are resident in the home and the remainder in private homes, either on trial for adoption, and being cared for pending completion of adoption proceedings.

The farm property was purchased by the Methodists at a price of \$40,000. Pontiac Press.

### SPECIAL COURSES SET FOR RURAL TEACHERS

A model one-room school, illustrating all the best practices of modern teaching in the consolidated and rural schools of the country, will be conducted as a "laboratory" for special courses for rural teachers, which are listed among the work of the summer session at the Michigan Agricultural College this year, June 20 to July 31.

A wide range of subjects will be covered in the special rural school teacher courses, according to an announcement of Prof. E. H. Ryde, director of the M. A. C. summer session.

Work in agriculture, household science, household art, community organization, nature study and pedagogy is included in the curriculum.

Courses from all divisions of the regular work of the college are also scheduled for the summer school this year, covering work in agriculture, engineering, veterinary medicine, forestry, applied science and home economics.

Students from the regular

four year courses at M. A. C. as well as many teachers from high schools and normal schools of Michigan, will make up the majority of the enrollment at the summer session, according to Director Ryde.

Special conferences on economics and agriculture (June 22-23); miners and laymen (June 20 to July 1); rural school consolidation (June 23 and 24); Michigan teachers of agriculture (July 18 to 29), and State Boys' and Girls' Club-leaders, will feature the early days of the summer school, and will be addressed by the leading authorities of the country on the different lines of work.

### HISTORICAL LETTER PRESENTED TO PONTIAC CHURCH

An unusual incident occurred at the institute held at the Baptist church at Pontiac. During an address by Dr. Foster Wilcox of New York at the First Baptist church, he produced a letter written from Pontiac in 1834 by a missionary sent out by the Baptist Home Missionary society and who had been stationed for some time at Pontiac. The letter was a long one, folded to make its own envelope and took 20 days to reach New York from Pontiac. It recounts many incidents of pioneer conditions and was rather despondent in tone. It stated that "at Pontiac the cause is very low." There are a few faithful brethren here who are almost ready to give up the cause in despair. We have no large or elegant house to preach in, no numerous congregations to address, no fine song singing to animate our feelings, no large salaries out of which we can lay away something for old age."

The letter also stated that the Baptists were unpopular "because they stood for temperance.—Miford Times.

U. S. TUBES

The same standard of quality built into U. S. Tires is put into U. S. Tubes.

## Why some men seem to have all the tire luck —

YOU probably know a man whose car is a hobby with him: He knows just why it's the best little old car there is of its class.

And he'll stand up for that car against the world in any kind of an argument.

Year by year an increasing number of men feel the same way about U. S. Tires.

For a while they may try "job lot" stuff, "bargains," "big discounts" and "rebates."

But usually it doesn't take long for a man to sense the economy of the standard quality tire.

For years U. S. Tire makers have been building quality tires for same tire users—for the car of medium or light weight no less than for the heavy car.

The tire buyers of the land have responded with a mighty U. S. Tire following.

The U. S. Tire makers meet the responsibility for supplying this nationwide following with characteristic energy.

Ninety-two U. S. Factory Branches are established, covering the entire country.

Find the U. S. Tire dealer who has the intention of serving you. You will know him by his full, completely sized line of fresh, live U. S. Tires—quality first, and the same choice of size, tread and type as in the biggest cities of the land.

"Find the U. S. Tire dealer for the full, completely sized line of fresh, live U. S. Tires."
