### FUNERAL SERVICES LARGELY ATTENDED.

The funeral services of Mr. John Stier, a her Allen which were held at the Presbyterian church in Holly last Friday morning, were largely attended and great respect was paid to his memory by the people of that community. The services were held in the church in an hour preceding the service and a great many of his old friends and acquaintances visited the church to pay their silent tribute. His wife was laid in a very high position by the people of that section, where he had spent many years. She had a active part in church work and other community activities and was a member of the Presbyterian church, the W. C. T. U., W. R. C. and Eastern Star and in all of these organizations he was a devoted and faithful member.

The deceased was the daughter of John and Jane Starkweather, who were among the earliest settlers of Northville. She was born in this place on February 4th, 1847. She grew up and died here, making her home after the death of her mother with an aunt. On March 10th 1869, she was united in marriage to Caze J. Allen and soon thereafter the young people moved to Rose township, Oakland county, and located on a farm on the banks of Fish Lake. Two years later they moved to Holly township and in 1887 they became residents of Holly village.

In speaking of her life the Advertiser of last week said: "A good and useful woman has gone to her reward. She lived a life that left its mark upon the community."

### ANNUAL ALUMNI BANQUET.

The annual banquet and reunion to be held under the auspices of the Northville High school Alumni association will take place at the High school gym on Friday evening of next week, the 24th. At 4:30 there will be a business meeting of the association to be followed by a social hour.

The banquet proper will be served at 6:30 in the gym and elaborate plans are being made for the event.

These annual meetings are most delightful affairs and many old boys and girls of the school return to Northville for them. It is expected the attendance will be large this year also.

### RACE MATINEE POSTPONED.

Owing to the heavy rain last Saturday afternoon the race matinee and ball games announced to take place at the Northville fair grounds had to be postponed. The track and ball diamond were in very bad condition after the rain and the postponement was the only thing that could be done.

The next matinee will be held on the afternoon of the 25th—next week Saturday. There will be three racing events and a ball game, and if weather conditions are favorable there will be fine sport for the afternoon.

### BURIED WITH MILITARY HONORS.

Private Frank N. Hall, whose remains arrived in Northville last Thursday from France, was given a military burial at Rural Hill cemetery, Sunday afternoon. Upon their arrival in Northville the remains were taken to Schrader Brothers' funeral chapel and on Sunday afternoon they were escorted to the cemetery by members of the American Legion. Bells services were conducted by Rev. H. J. B. Marsh, the firing squad gave a salute, and taps were sounded. Thus another of Northville's fine young men has been brought home from the fields of France to rest forever in God's acre near the home he loved so well.

Private Hall died of pneumonia. He was a member of Co. D, Headquarters division and held a responsible position when stricken with the dread malady which caused his death. He was the son of Mr. and Mrs. J. M. Hall.

**FRANK N. HALL.**

The deceased was born at Grand Rapids March 20th 1893 and became a resident of Northville in June 1915. He enlisted in December 1917 and left at once for Camp Custer, passing the winter in the following January he was among 150 men selected to go to France to be the members of the Marine Division, in which organization Mr. Hall helped a responsible workman. He was affiliated with Zionism April 1918 and died on Dec. 26th, after a illness of but three days. His beloved friends received him with expressions of condolence from all of his company and from the wife who attended him during his final illness and all expressed the greatest sympathy.

Quint and Maschinen in memory. Mr. Hall had the happy duty of making friends and of winning the confidence of all who knew him.

The people of Northville extend to the bereaved family sincere sympathy.

### FINE PUBLICATION.

The Northville High school will print on Saturday, Friday, the annual school publication, The Palladium, and every portion of the school should be a copy. There are 84 pages and covers in the book with numerous more pictures of members of the school board, teachers, basketball and football teams group pictures of the grades, besides many illustrations of the buildings and interior views. The books have cost \$1.50 each, but will be sold for only \$1.00 and at that price they should sell rapidly.

Supervision Helfrich and his assistants have worked hard to make the publication a success and they have produced a book that is a distinct credit to our schools. If you want to help a worthy cause buy a copy.

### A NOVEL AND ENJOYABLE ENTERTAINMENT.

The entertainment given at the Aladdin Theatre on Wednesday evening under the auspices of The King's Daughters proved a most enjoyable affair. The program presented was a novel one and all who took part did exceptionally well. Every seat was sold and the very liberal patronage given. The King's Daughters are very grateful.

### TO GIVE A FISCHER PARTY.

Fischer's orchestra of Ann Arbor, an organization of ten pieces, will furnish music for a dancing party at Taylor's Walled Lake pavilion this Friday evening. Fischer's band will be given at this popular resort on Tuesday and Friday evenings and splendid music will be provided for each party.

Five teams were given the Royal Arch degree by Union Chapter, R. A. M., Wednesday evening. Supper was served at 6:30.

### MICHIGAN'S GRAND OLD MAN

On June 2d, Rev. Seth Reed, who is regarded most affectionately by the people of Michigan, and who is known as "Michigan's Grand Old Man" celebrated his 93rd birthday in Flint, and delivered a sermon from the pulpit of the Court Street M. E. church in that city to celebrate his 77th year in the ministry. Mr. Reed was pastor of the Northville church a good many years ago, and old friends and acquaintances here will rejoice to know that he has been spared "for the Master's service" all these years. This remarkable old clergyman of parochial appearance, standing six feet tall, with long white beard, retains all his faculties. His appearance still bears out the description given him by Saginaw Valley Indians during his early days as a circuit rider for the Methodist church, when the redmen called him "Straight Up Through the Sky."

"When I was a boy I had the worst case of asthma I ever knew of," he said. "I could not lie abed at night for coughing and I was bent over at 20 years, when it left me, I was weak and frail. Death on stilts, was what the folks called me those days. I resolved to straighten up and I did, and I have seemed to get straighter ever since."

Mr. Reed told of preaching in the wilderness of Michigan as a circuit rider and of a sermon in the woods on the site where the State Capitol now stands at Lansing. He told of the ministers' salaries when he was 21 being \$100 for single men and \$200 for married men.

"I was single then and received a trifle over \$100 for the first year, but the second year all I got was \$49.56," he said.

He emphasized the need of old-fashioned religion today.

"I would not change my past profession for merchandising or any other profession," he said. "I don't want to give up preaching the Gospel. I wish to use the remaining years I am permitted to live as I began my life, visiting the people and speaking to them of religion."

Mr. Reed said that he would be at the annual Detroit conference of the Methodist Episcopal church at Adrian in September to answer "present" to the roll call as he has done at conferences in this state for the last 75 years. He was one of the founders of the Detroit Conference in the 50s and before that, beginning in 1844, was a yearly attendant at the Michigan conference before it was divided.

Mr. Reed believes that humanity is not any worse today than it was back in the early days of his preaching.

"Generally speaking," said the venerable clergymen, "I would say that there has been little change. Men and women are about on the same moral plane as they were in 1850. We hear much about immorality in these days because communication has improved. We take little note of the mass of humanity that lives simply and honestly. The rogues figure in the news of the day. Men do not change. Their customs may alter, their habits temporarily may become different, but the great mass basis of society is a constant factor."

He spoke feelingly of one great reform he has lived to see—become the law of the land, and that is prohibition.

"I was one of the founders of the anti-Saloon League," he said proudly. Mr. Reed has four children living and they were all with him on his 77th birthday.

### PEOPLE WILL VOTE ON INCOME TAX MEASURE

The house, at Lansing, by concurring in senate amendments assured the passage of the proposed constitutional amendment to authorize the legislature to enact a state income tax law, to referendum. The Leinen resolution was passed early in the special session by the lower branch. It passed the senate carrying an amendment stipulating that the maximum income tax which could be levied under the amendment would be four per cent. The house motion of Representative Peter Lennox suspended the rules and concurred in the senate amendment. The message now goes to the governor.

The resolution as passed, differs from previous income tax proposals in one brief but important detail. It states that the legislature "may" enact an income tax law; the others said "shall." It was generally conceded in legislative circles that the Leinen resolution owed its success largely to fear on the part of its opponents, that if the legislature failed to submit the measure to a referendum it would be initiated by popular petition, and when so enacted would make the enactment of an income law mandatory.

Where Great Men Talk  
I think I can see the precise and distinguishing marks of national character more in these nonsensical minutiæ than in the most important matters of state; where great men of all nations talk, and talk so much alike, that I would not give ninepence to choose among them.—Sterne.

## 32 ON TRIAL FOR TOLEDO ROBBERY

ACCUSED IN MILLION DOLLAR POSTOFFICE HOLDUP FAINTS WHEN PAL SQUEALS.

#### HID MAIL BAGS IN GARAGE

Witness Gives Full Account of Haul Which Consisted of Bonds and New Currency.

Toledo, O.—James Feese, one of the 32 defendants indicted in the \$1,000,000 postoffice robbery, took the stand June 13 and told a jury his connection in handling the loot. As deict in the witness chair, there was a seat in the back of the court room and Joe Zellick, one of those on trial, keeled over in a faint. Proceedings were held up 10 minutes while deputies dashed water in his face and fanned him. He was still in a dazed condition when Judge Killits ordered the trial to proceed.

At the same minute Zellick was taken ill. Mrs. Harriet Sohmers, mother of Pearl Sommers, and another defendant, dropped in a heap at the foot of the courthouse steps. A policeman rushed the unconscious woman to a nearby drug store where she was administered first aid. In 15 minutes she was able to go to her home in an ambulance.

Feese, at Prosecutor Bolin's invitation, left the witness chair, walked over to the 18 defendants seated in two rows and picked James Sommers as one of two men who took him to where the postoffice loot was hidden in his garage a few hours after the robbery on the morning of February 17.

As Feese stood in front of Sommers and declared:

"That is the man right there, the identified defendant," cursed the witness.

Feese said since the robbery he had been made aware that his first connection with the conspiracy was February 14, when Joe Urbaytis and Charles Schultz, two of the 18 on trial, urged him to give them keys to his garage at the rear of a house where Feese lived with his aunt.

Latter in the evening of the same day, he passed the keys of the garage to the men in a restaurant. He said Eddie O'Brien indicated but not *let* him, was with Urbaytis and Schultz in the restaurant.

Feese told his next connection with the case was at 11 o'clock the morning after the central postoffice was looted of \$1,000,000 in bonds and currency.

He was in bed when his aunt told him two men wanted to see him. He invited them in and Eddie O'Brien and a man known to him as Mike Scollin, alias "Little Mike," and known in the institution, as James Santone, came to his bedside and told him that they had "stuck up the postoffice."

Feese in reply to further questions added that the men declared the stuff was then in his garage and they wanted him to get up and take them to it.

When he got inside he said he noticed mail bags piled in the middle of the floor. Some were covered. With a knife each took turns at cutting open bags. Some had locks and some were just tied with heavy cords, the witness said.

We examined the contents and I noticed they consisted mostly of bonds and currency, new money in five, 10 and 20 dollar denominations."

#### SOUTH'S REPRESENTATION CUT

Republicans Slash 23 From Convention Total, Add 53 to North.

Washington.—A new basis of representation at the next Republican convention under which there will be a cut of 23 votes in the representation of southern states, was adopted by the Republican national committee by a vote of 36 to 12. The states which voted Republican at the last election are given 53 additional votes at the convention.

197 GRADUATE AT M. A. C. THIS WEEK.

Sixty-Third Commencement on June 15—Summer School Will Open June 20.

One hundred and thirty-seven young men and women received diplomas of graduation at the sixtieth annual commencement of the Michigan Agricultural college this week. The senior class, a small one because of the fact that it started its college course in the fall of 1917, a war year, included 86 students, 65 engineers, 40 home economic graduates and 16 men from the division of veterinary medicine.

The M. A. C. summer school, featuring special college courses for rural teachers in addition to the regular college work offered in all divisions, opens its six weeks' session on Monday, June 20th. Several important state conferences are to be held at East Lansing during the latter part of June, in connection with the summer school program. These will include a conference on economics and agriculture, June 22 and 23; conference of ministers and laymen, June 21 to July 1st; conference of teachers of agriculture, July 18-29; conference on rural school consolidation, June 23 and 24; and conference of state boys' and girls' club leaders, June 21 to July 1st.

GARDEN NOTES.

Cultivation of the new strawberry bed should be thorough and frequent and continue as long as the plants are growing in the fall.

All seed stalks of rhubarb plants should be cut out promptly as soon as they appear. Seed production exhausts plant food, which should otherwise be used by the plant.

Don't continue cutting the asparagus bed too late in the season. Remember that the plants must be given time to store up food in the roots for producing next year's crop.

It is a good plan to apply a good top-dressing of manure to the asparagus bed at the end of the cutting season. It may then be thoroughly cultivated into the soil and will not interfere with early growth in the spring.

Why do peony buds often form but never develop into flowers? This is often due to a poor dry soil. Fertilize well, mulch the plants during hot weather, and give them plenty of water during the blooming season. Try it.

#### MAY ESTABLISH COMMUNITY MARKET

Farmers from Oakland, Macomb, Monroe, Wayne and Wayne and Laporte counties, with business men of Detroit, have put a committee to work to determine the advisability of establishing a community market in Detroit this summer in effort to increase financial return to road producers for their products and to big cities to consumers.

The committee is composed of George Hendrie, John T. O'Rourke, B. A. Salmon, of Detroit, and G. G. Pitts, president of the Macomb county farm bureau, L. H. Kielstrand, president of the Monroe county farm bureau, and E. J. VerDuin, president of the Oakland county horticultural society. It is expected to make an early report for action.

The plan for a new marketing-and-distributing system for food in Detroit, as outlined by the agricultural division of the Detroit Board of Commerce at a meeting of farmers and business men last week, calls for establishment of community markets on main arteries of travel into the city, several miles from downtown, which producers can reach easily. These markets, operated on a cost basis, would buy direct from the farmer and sell to consumers and retailers. These markets would be linked together through management from a central downtown storage and distributing depot. Hours of time spent by farmers now selling their products and in bazaars, would be saved and minimized. Handling of commodities would, it is contended, save much for the people of the city in prices of food.

#### TO REPAIR LIVONIA CHURCH.

Arrangements have been made to hold a "be" at the Union church for the purpose of reshelving it and making other needed repairs Wednesday, June 22. Volunteers are asked to be present that day to render service with labor or money. The money on hand will not be sufficient to do all that is needed, on account of the high price of material, and it will be necessary to raise more money in some way. The shingles and other material will be on the ground that day, and it is hoped there will be a large representation of the township present. Everyone should be interested in keeping up the church, no matter what their denomination might be. The ladies are also requested to be present with eatables to serve dinner for those who are working.

Not a Bit  
It doesn't do any good to hold the door to the atmosphere if you are too lazy to turn it. —*Editorial Transcript*

**IT DON'T PAY**  
**To Buy Cheap Tires**

It's the man with lots of money who can afford to take a chance on buying a cheap tire. There is only one thing in favor of it, and that is, you only want it to last a little while, and in that you will not be disappointed.

When you buy a standard brand tire you get your mileage out of it and when it blows out it is still worth fixing. When you buy the cheap tire you don't get the mileage out of it as a rule and when it blows it is not worth fixing, and when there is only one or two dollars difference in the prices of them there is nothing in favor of buying the tire with the funny name.

Compare the prices of these Standard Brands with the prices of the gip tires.

W. Lee of Detroit, biked out to North-  
ville Sunday.

Among the graduates at the U. of  
M. next week is Clarence Clark and  
Ralph Horton.

taken to the Wayne asylum Wednes-  
day for treatment.

Jr. and Mrs. Sibley and little grand-  
daughter of Cleveland, are visiting at

Prof. and Mrs. Bliss rendered a very  
pleasant reception to the Seniors and  
Juniors at their home Tuesday night.

Peter Connell, barber, has sold  
one-half interest in his shop to Ches-  
Thursday, a popular Northville young  
man.

G. B. Sinclair and wife entertained  
Mesdames H. A. Gamble of Pontiac,  
and M. G. Quick of Birmingham, this  
week.

The remarkable sight of an apple  
tree in full bloom and yet loaded with  
green fruit, meets the eye on the  
old Whittaker place, corner Cady and  
Church streets.

Congressman Spalding has notified  
the G. A. R. Post here that a govern-  
ment cannon is awaiting them at the  
Boston navy yard. The one selected  
weighs over three ton and when re-  
ceived will be placed on the G. A. R.  
lot in Rural Hill.

Another barn, built in the George  
Clark's on Saturday last, is won a  
day of merriment and work. A  
sumptuous dinner was served to  
thirty persons and a half more sup-  
per guests to 141. The day ended  
with work well done and all returned  
home satisfied.

The well known grocery firm of  
W. Button and Son makes a change  
this week whereby the junior member,  
Wm. H. purchases his father's interest  
and becomes sole proprietor. His  
courageous and obliging ways have  
won a host of friends who wish him  
continued prosperity.

The ball game Monday brought out  
the largest crowd ever seen on the  
local ground here. It was the "Fats"  
Leans, so called. The players were  
"Fats"—C. Finkins, B. Fulk-  
ins, L. Hutton, T. Murdock, C. Turner,  
E. Wheeler, A. McPhail, W. Porter  
J. Scherer.

Leans—C. Yerkes, F. Matthews, F.  
Harmon, C. Downer, S. Knapp, F.  
Dancer, W. Murdock, W. Hutton.

The game was a most laughable  
one. At the end of the ninth inning,  
the score was 21 to 22 in favor  
of the "Leans". The net receipts  
were just \$70 and this amount was  
forwarded to the relief committee  
for the Oakland county cyclone suf-  
fers. Other amounts raised  
totaled \$191, for the destitute people.

The commencement exercises at the  
opera house last night were very  
pleasing. The class of '96 is re-  
markable in several ways. It is not  
only the largest class in ten years,  
but it also has the distinction of con-  
taining more boys than girls. Another  
thing, the class is the first one to  
receive their sheepskin strom, a lady  
member of the school board. The  
stage was decorated in green and  
white, evergreens, flowers and ferns  
decorating the front of the stage.  
Rev. C. C. Turner uttered the invocation.  
Mrs. Ida Joslin with a few  
appropriate remarks presented the  
diplomas to Messrs. Chas. Northrop,  
Am. Wilsey, Carl Yerkes, Albert Long,  
William Barley and Misses Irene  
Greer, Rachael Lancaster, Anna Blair  
and Flora Clarkson. The music was  
furnished by Netta Jacobson, harpist  
of Detroit.

OAKLAND OFFICIALS MAKE RAID.  
State officials from the food and  
drug department assisted Oakland  
county deputies Friday night in a  
raid upon the farm home of Frank  
Miotska, one and one-half mile west of  
Milford on the river road. A large  
quantity of liquor, said to have been  
part of a saloon stock owned by  
Miotska prior to the imposition of the  
prohibition laws, was seized by the  
officers and Miotska was taken into  
custody charged with violating the  
prohibition act. Post Office Press.
