FOURTH OF JULY COMES NEXT MONDAY

Next Monday will be the Fourth of July and plans for Northville's celebration are fast being rounded into shape. From ten o'clock until as late at night as the crowd desires to remain there will be something going on to entertain and to amuse all who come. The band will give a concert at that hour, to be followed by a patriotic address by Col. John Cody, one of Michigan's most gifted and eloquent orators. The afternoon program will take place at the fair grounds and will consist of two ball games—Northville Foresters vs. Farmington, and German's Hot Tamales vs. Springwells. There will be three racing events for which liberal purses have been offered. There are a number of fast steppers on the local grounds and a number of others are expected to take part in the day's program.

In addition to the ball games and races there will be a program of sports in which all will be permitted to take part. There will be foot races, egg races for boys and girls, barrel boxing contests, auto race (backwards), night shirt race (horse back), greased pole and a greased pig.

In the evening there will be a band dance. All will remember that street dance. All will remember the street dance given at the time of opening our new pavement and the good time everybody had. Every effort will be made to make this feature of the day's festivities the climax of a splendid day's outing.

The whole community is cordially invited to join in the celebration and to meet their neighbors and friends in a day of real fun and merrymaking.

NORTHVILLE COMPANY HAD A PART IN BUILDING THE NEW TRACKLESS BUS

The Saturday papers carried an illustration and description of a new trackless trolley bus, which is being tested out by the General Electric Co. at Schenectady, N. Y. This item of news is chiefly interesting because our own Globe Furniture Co. made the complete outfit of genuine leather spring seats and cushions for this new bus. The chassis is made by the Atla Truck Co., the motive equipment by the General Electric Co.; the body by the Martin Parry Co., and the seats by the Globe Furniture Co. This new bus is to go into service in a Florida city and if it meets all expectations they will be put on the market without delay. This will bring a very nice lot of business to our local company and be the means of extending further the good reputation of our town.

HAMMOND-FOSS.

The marriage of Miss Leona Foss of Northville to Oscar Hammond of Salem, occurred at the M. E. parsonage, Wednesday afternoon, June 22nd, at five o'clock, Rev. H. J. B. Marsh officiating. The attendants were Miss Elsie Brossow and William Foss. Following the ceremony, a wedding supper was served at six-thirty at the bride's home, fourteen guests being present. Mr. and Mrs. Hammond took a short wedding trip and will live in Salem. The bride has been employed at the C. R. Ely office for about a year, and has made many friends who will wish her a happy wedded life.

Mr. Hammond recently purchased the Wheeler store at Salem, and the young people begin their life journey under very favorable circumstances.

FORESTERS' NEW OFFICERS.

This evening the newly elected officers of Court Northville, F. of A., will be installed by Grand Court officers. The following are the new officers chosen:

P. C. R.—Charles S. Crase

C. R.—William Green

S. C. R.—Louis Lanning

Rec. Secretary—Guy Martin

Senior Woodward—Chas Meissner

Junior Woodward—Charles Sowles

Senior B.—Joseph Miller

J. B.—Ferry Austin

CONTRACTS FOR HIGHWAY AWARDED.

The contract for the construction of the gravel portion of the Novi-Northville-Livonia-Farmington highway has been awarded to Frank McGillicuddy of Chicago, his bid being something like \$65,500. The cement portion of the highway down toward Farmington was awarded to Brown & Company. This is a distinct honor not only to Mr. Stage but for the local Court, in which organization he has been a faithful and enthusiastic member for many years.

It is understood that work on the contract will be commenced very soon on the Novi end of the job.

SIXTH ANNUAL REUNION WAS A FINE AFFAIR

That a "great welcome makes a merry feast" was again demonstrated at the sixth annual reunion and picnic given by the Northville High School Alumni association last Friday afternoon and evening. The welcome extended was most sincere and many of the former pupils of the school returned for the meeting with old friends and schoolmates. The annual reunion and meeting of the association was held in the auditorium at five o'clock, when the following officers were chosen for the ensuing year: President, Frances Verkes; Vice-president, May Coldren Noble; treasurer, John Litsenberger; secretary, Helen Cunningham.

At about seven o'clock the banquet was announced and the guests retired to the gym where handsomely arranged tables had been spread. The banquet was in charge of Mesdames Flora Larkins, Wadensburg, Welch, Corrin and Tousey, and they certainly demonstrated their ability to plan and carry out an affair of that kind to the satisfaction and pleasure of all. The menu served was most appetizing and satisfying and the service by a number of the young people of Northville was all that could have been desired.

While the guests were standing Rev. H. J. B. Marsh offered the invocation. After the guests had regaled themselves with the splendid viands served by the ladies, the assemblage was called to order by Wendell S. Miller, president of the association, who extended a very cordial welcome in which he made an eloquent appeal in behalf of the "old home school" at the conclusion of his appealing address Mr. Miller introduced O. M. Misner, superintendent of the St. Clair schools, and a former Northville superintendent, as toastmaster. Mr. Misner was warmly greeted by old friends and after expressing his pleasure at being present proceeded to announce the program in a manner that kept the banqueters in the best of humor paying his "compliments" to all who took part. The program was a most enjoyable one, way above the average for affairs of this kind, and each participant was given hearty applause. The following is the program, reprinted.

Peter Perkins' orchestra furnished music during the solving of the feast and for the enjoyment social hour that was spent in dancing in the conclusion of the program. Mrs. J. B. Tinham was the accompanist for the soloists who took part.
Two hundred and one tickets were sold for the banquet.

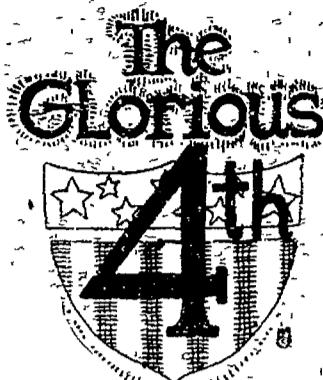

NORTHVILLE "WELL" REPRE- SENTED.

The 17th session of the Grand Court, Foresters of America, was held in Ann Arbor June 21, 22 and 23rd, at which Come Nor'ville was well represented, having one grand court officer and three court delegates present. Court Northville was the recipient of a beautiful silver loving cup for obtaining the largest number of new members since the Grand Court convention held two years ago. This handsome trophy will be presented to the local Court at a meeting to be held this evening, by number of Grand Court officers, who will be present to install the new officers.

Northville was represented at the convention by Lester D. Stage, G. C. O., and Frank Woodmansee, Charles S. Crase and Roy Cramer, delegates. Mr. Stage was advanced a little higher in the Grand Court and was also again appointed as a member of the executive council. Court Northville received many compliments during the convention for the progress it has made.

NORTHVILLE MAN HONORED.

At the annual meeting of the Grand Court of Michigan, Foresters of America, held at Ann Arbor last week, Lester D. Stage, Sr., of this village was elected Grand Senior Woodward. This is a distinct honor not only to Mr. Stage but for the local Court, in which organization he has been a faithful and enthusiastic member for many years.

EXPLORER FINDS NEW CONTINENT

DR COPE'S EXPEDITION TO SOT-
TOV. OF WORLD REPORTS
DISCOVERY OF LAND.

SHIP RETURNING FOR SUPPLIES

Party Equipped With Every Modern
Means for Travel Through
Antarctic Region.

Vancouver, B. C.—Details of a new
continent in the Antarctic region,
described as rich in oils, minerals and
fur, are given in a cable from Syd-
ney, N. S., W., quoting the Sydney
Morning Herald, which announces
findings of the British Antarctic ex-
pedition headed by Dr. Cope.

Strange birds of immense size,
seals, sea-leopards and gorgious em-
peror penguins inhabit the land, lying
beyond Terra del Fuego, the area of
which has not yet been compiled, ac-
cording to brief dispatches reaching
Sydney from the "bottom of the
world."

Dr. Cope left England early in 1920
with a party of geologists to report
upon the hidden wealth of the An-
tarctic country, landing January 12
on the west coast of Graham's land,
latitude 61°50' south, longitude 62°40'
west.

The land touched is said to be an
extraordinarily inhospitable part of
the globe. No human inhabitants
were met by the explorers, the last
traces of human habitation being
found upon the coast of Terra Del
Fuego.

Scott, Shackleton, Amundsen and
other explorers have penetrated the
Ross sea sector of the Antarctic.

Dr. Charcot, a French explorer, in
1909 is said to have merely touched
the fringe of the land which has now
been explored by the British doctor.

Cope and his party are equipped
with every modern means of travel
in the Antarctic. His boat, the Terra
Nova, has left the party on Graham's
Land for the winter and is returning
to civilization to replenish supplies.
She will re-outfit, perhaps at Buenos
Aires, and sail south again at the end
of this year.

BRITAIN WON'T CRIPPLE FLEET

Lloyd George Declares Empire's Life
is Built on Sea Power.

London—Co-operation with the
United States is a "cardinal prin-
ciple" with Great Britain declared
Prime Minister Lloyd George to the
imperial conference here. "We are
ready," he said, "to discuss with Amer-
ican statesmen any proposal for
limitation of armaments, which they
wish to set out, and we can under-
take that no such agreement will be had
lack of willingness on our part to
meet them."

"In the meantime, we cannot forget
the very life of the United Kingdom,
as also of Australia and New Zealand
and indeed for the whole empire has
been built upon sea power, and that
sea power necessarily is the basis of
the whole empire's existence. We
must therefore, to look to insurance
which our security requires. We aim
at nothing more, we cannot possibly
be content with less."

COMMISSION BARS STOCK SALE

Disapproves Sale of Shares in "Grocer
Co-Operators."

Lansing—The securities commission
has issued an order refusing ap-
proval of the shares of the Michigan
Grocer Co-operators of America for
sale in this state, declaring that the
sale of its certificates would work a
fraud upon purchasers."

This is the fourth of a series of
common law trusts organized by Har-
rison Parker of Chicago. It is claimed
that efforts have been made to sell
its benefit certificates, which are
sued in lieu of shares, in and around
Grand Rapids.

DE VALERA RE-ELECTED BY IRISH

Election Results in "Republic" An-
nounced By Secretary Boland.

New York—Emmánuel de Valera
has been re-elected president of the
Irish Republic, it was announced by
his secretary, Harry Boland.

He also stated that Sean (James)
O'Ceallaigh, former Irish envoy to
Paris, has been elected speaker of
Dail Eireann, legislative body of the
Sun Féin government.

O'Ceallaigh is president of the
Gaelic League and belongs to the
moderate wing of Sun Féin.

ONTARIO DRY LAW IS SIGNED

Importation of Liquor in Province Pro-
hibited After July 17.

Ottawa, Ont.—The Duke of Devon-
shire, retiring governor-general of
Canada, in his last official act in
Ottawa, signed an order-in-council
which will result in a dry Ontario on
July 18. Sir George Foster, acting
prime minister, announced that im-
portations of liquor into Ontario would
be illegal after midnight July 17.

Week's News in Brief

CELESTINE ASPIRE TO MOVIE FAME.
New York—Several hundred Irish
immigrant girls arrived on the Celtic
seeking careers as movie actresses,
artist models and scenographers. Few
expressed any desire to enter domes-
tic service.

PROMINENT D. A. R. MEMBER DIES.
Reading, Pa.—Mrs. John B. Dan-
man, president in the national chap-
ter of the Daughters of the American
Revolution, died here. She leaves
one son, Commander Paul E. Dan-
man, U. S. N., at Annapolis.

INVITATION TO W. S. GOES ASTRAY.
Geneva.—The invitation of the
League of Nations asking the United
States to participate in the "White
Slave" conference here in July, has
gone astray between the league offices
in this city and Washington.

STANDING BUFFALO DIES AT 75.
Regina, S. S.—The death of
Standing Buffalo, 75, chief of the
Indian band located on the Sioux re-
serve at Fort Qu'Appelle, was re-
ported here. Standing Buffalo participated
in the Custer massacre, afterward
fleeing to Canada.

68 DIE IN MINES EXPLOSION.
Berlin, 12.—Sixty-eight men were killed
and 73 others injured through the
explosion due to fire damp, which de-
stroyed the greater part of the Mod-
enis Mine near Härne, Westphalia.
Three hundred men were in the mine
when the disaster occurred.

MAXIM INVENTS NOISELESS TROLLEY.
Cambridge, Mass.—Hiram Percy
Maxim, speaking at a reunion of his
classmates at Massachusetts Institute of
Technology, said he had invented a
"noiseless trolley car," which would combine the qualities of
noiselessness, cleanliness, speed and
safety.

ARREST KIDNAPPER OF NURSE.
Cleveland, Pa.—Thomas McMyrin,
of this city, was arrested here charged
with kidnapping and assaulting Mary
Murphy, a 20 year old nurse, whom
he is alleged to have held a prisoner
in the woods near here for nearly 24
hours. McMyrin is 20 years old and a
reputed invader of the young woman.

LOOKS FOR TRADE OPPORTUNITIES.

New York—American capital will
soon find an opportunity in a new
industrial Italy and in the establish-
ment of a permanent flow of ships be-
tween the ports of the two countries.
Richard Washburn Child, newly ap-
pointed ambassador to Italy, gave
this view at a luncheon of the Italy-
America Society.

MYSTERIOUS DISAPPEARANCE OF SHIP.

Washington—Three wooden
American freight steamers which
recently disappeared in a puzzling
dash while off the mid-Atlantic
coast now are believed to have been
taken over by their crews and run
into Soviet Russian ports, according
to information reaching Secretary of
Commerce Hoover.

ARMISTICE DAY SLAYERS DATED.

Walla Walla, Wash.—Seven men
known as I. W. W.'s, convicted of
murder in connection with the Armis-
tice day shooting at Centralia in
1919, in which several American Legion
members were killed, were brought to the state penitentiary under
heavy guard, under sentence of
from 25 to 40 years.

AUTOS GET "RAINED OUT'S BUSINESS."

Washington—Motor vehicle com-
petition is given as the cause for the
abandonment by the Ocean Shore
Railroad of its lines in California ex-
tending from San Francisco to Tun-
er's Glen and from Santa Cruz to
Santa Cruz—Authority for abandoning
the road was granted by the inter-
state commerce commission.

DAWES NAMED BUDGET DIRECTOR.

Washington—Charles G. Dawes,
the Chicago banker, has been selected
by President Harding for director of
the budget under the budget law
recently enacted by Congress. Mr.
Dawes will take office July 1, the date
fixed in the law for inauguration of
the new fiscal system. Senate action
on his appointment is unnecessary.

GRASS JUICES DESTROY T. B. GERMS.

Washington—The juices of alfalfa
and clover are aiding to destroy the
tuberculous germ, said Dr. Hyman
Lischer of San Diego, Cal., at the
convention of the American Institute of
Homeopathy. Both grasses, Dr.
Lischer said, are being used effect-
ively in the dynamotherapy treatment
of former service men at the Alpine
sanatorium with which he is connected.

ROBBERS LEAVE THEIR DOLLAR.

Elgin, Ill.—Three robbers, who raid-
ed the Farmers bank of Schaumburg
near here, not only obtained no loot
but left one dollar of their own
money. The robbers were foiled by
H. W. Freese, president, who, al-
though shot by one of the robbers, set
off the burglar alarm. The robbers,
who had given Freese a dollar to
change, and then commanded him to
hold up his hands when he turned his
back, ran from the bank when the
alarm sounded.

Lots ADVANCE

In Price!

On July 15th the prices on lots in Villa Tasso will
advance from 25 to 60 per cent.

At the advanced price, these lots will still be the
best value to be found on the Gulf Coast. Lots now
selling for \$250, will still be excellent value at \$400 on the
new schedule. In nearby resorts lots not nearly so attrac-
tive are selling at from \$800 to \$1,500 each.

Present prices are as follows: On the Via Marina
(water front property) \$250; on Restabit Place (for
business) \$200; on Nimrod Circle and Robert Avenue,
\$150. Practically all others now available, \$100.
Standard size, 50x150 feet. Average elevation above
the Bay, 16 feet. Perfect title. All taxes paid to
April, 1922.

TERMS . . . 5 per cent discount for all cash, or pay-
ments as low as 10 per cent cash and 10 per cent per
month. Special terms can often be arranged to meet
the convenience of purchasers.

You do not have to be here in person in order to
secure a good lot at Villa Tasso. Send me your order
and your first payment and I will select for you what is
in my judgment the best lot available at the price, and
send you a full description of it. If you are not satisfied,
I will either submit others until you are fully satisfied
or refund your remittance.

Please get me right on this. (1st). You actually
save from \$25 to \$150 per lot by buying now rather than
waiting 30 days. (2nd). You can buy now on very
liberal terms. (3rd). Those who buy at the advanced
prices will still receive excellent value for their money.
What you save by buying now is real velvet.

If you haven't had your descriptive circular of Villa
Tasso, send for it today. Better still, send in your order
with your first payment and let me make a selection for
your approval. You will not regret it. It is improbable
that you will ever again have an opportunity to buy such
excellent lots at anything like these figures. Act now
and avoid disappointment.

Boys' and Girls' Clubs Will Star at the 1921 State Fair

Boys' and Girls' clubs, with their exhibitions, demonstrations and judging contests, will be a more important feature this year than ever before at the Michigan State Fair, in Detroit September 2-11. Forrest A. Lord, of Mt. Clemens, member in charge and R. A. Turner, of East Lansing, state club leader, superintendent of the club exhibits, plan many extensions over last year.

The boys and girls, through their clubs, will have exhibits of canning, garment-making, sewing, handicrafts, work poultry, dairy and beef cattle, pig and sheep-club entries. Demonstrations will be given by club teams of canning, garment-making, handcrafts and other work. Egg-laying contests will be participated in by club poultry. The clubs will have larger exhibits of their calves, pigs and sheep, with trips to national and international stock shows as rewards for the best judging.

Last year 25 counties were represented in the clubs showing at the state fair and a big increase is assured for this year, as well as larger exhibits all around. Superintendent Turner has plans for establishing on the state fair grounds a permanent club camp at which all club exhibitors and contestants may be able to find accommodations.

One of the best educational features

of the fair is comprised in the clubs' showings of what boys and girls may accomplish daily in Michigan towns and on Michigan farms.

Forrest A. Lord, of Mt. Clemens, member of State Fair Board in charge of Boys' and Girls' Club exhibits at 1921 fair.

Michigan News Tersely Told

Owosso—Herman B. Sturtevant, lumber man and leader in civic and church affairs here, is dead after an extended illness.

Eaton Rapids—Mrs. Ruth Young, wife of an overseas soldier, took her life by swallowing poison. She leaves a young son.

Owosso—A membership drive to bring its membership up to 18,000 in this state was launched at the convention of the State Arthritis Fund here. The society has 10,000 members in Michigan.

Muskegon—Alfred Keoamp, 11 years of age, was drowned while bathing at the municipal beach. Two hundred companions failed to note his disappearance until his body was found by divers.

Owosso—An automobile owned by Fritzen Land, of Pontiac, and stolen about two months ago, has been found here. Sheriff Sprout declares that it stood on the streets here for six weeks without being noticed.

Ann Arbor—Visiting nurses and training school instructors for six states, who attended the two weeks' institute of the Michigan League of Nursing Association here, have urged the holding of a similar institute next year, to which the state league has agreed.

Grand Rapids—"Hello, old man," I'm feeling fine now, thanks!" That was the last statement of Joseph Hotter, 45, cigarmaker, to Detective Gerrett, who a moment later picked him up in his automobile. A blood vessel had been ruptured. Hotter died immediately.

Petoskey—One of Uncle Sam's submarine chasers which helped make life miserable for the enemy under water, draft will be used in removing brook trout from Lake Superior and transporting them to various points along the Michigan coast for breeding purposes.

Port Huron—The activities of the St. Clair County Community Board will be continued under the direction of the National Community Service. The latter organization, it is stated, is supported by men, of means, who desire to have community service work reach every city in the nation.

Grand Rapids—The Ottawa Indians are not going to carry on their fight to recover Michigan lands, including the site of Grand Rapids. This proceeding was ended in district court when William J. Munquah, an aged Indian, changed his plea to guilty of impersonating a federal officer.

Grand Rapids—Frank Lyleton, 8, who has been missing from his home was found under some bushes which had fallen on him. Lawberwein discovered the boy, who had been imprisoned all night and was unconscious when found. He was badly bruised and had a skin wound, but is expected to recover.

Kalamazoo—A divorced couple here, Clyde Baker and his former wife, agreed to save living expenses. He was paying her alimony. At no time left for friends and they had departed for Mishawaka to begin housekeeping. Baker was recently brought into court on a contempt charge for failure to pay monthly allowances.

Hart—J. J. Estrada, who came here from Muskegon to paint the smokestack on the Koch Canning factory, lost his hold when within five feet of the top, or up 85 feet, and fell to the ground, breaking a leg and injuring his back so that he was paralyzed. He was rushed to the Ludington hospital, but died soon after reaching there.

Grand Rapids—After saying his sweetheart, Florence E. Clement, 22, Raymond S. Knight, 26, was drowned in Grand river, when their canoe capsized. Knight, who was unable to swim, managed to keep afloat until the girl was rescued by other canoeists, and then exhausted, sank in the deep water at the mouth of Mill creek.

Flint—Action taken by the city council barring jitney busses from streets on which street cars are operated, and laying down strict operation regulations, including that the busses take indemnity insurance, prompted 27 bus owners, operating on the Saginaw street route to turn in their licenses to the city, asking for a refund of their license fee.

Grand Rapids—The seller's viewpoint of the grape situation in Michigan is encouraging, according to R. W. Dunham, Grand Rapids broker, who has just completed an investigation into crop and market conditions. Mr. Dunham says the crop will average about 20 per cent less than that of last year and there will be a willing market because of this shortage.

Lansing—A plan to initiate a popular petition a constitutional amendment to make the state superintendent of public institutions an appointive office and increase the membership of the state board of education from three to six, has been launched by prominent educators of the state. The plan, as tentatively outlined, would give the enlarged board the appointive power, and would virtually make the superintendent of public instruction a seventh member of the board, in a secretarial and advisory capacity.

Walled Lake Warbles.

The rain here Monday was very acceptable.

The Covert road from Grand River road to Wixom and Milford is progressing fast.

Walled Lake is going to have a new bakery, the building being almost completed. The Stevensons are the proprietors.

It seems to be a certainty that Walled Lake is going to have a bank as the Redford-Farmington people have made the announcement to that effect.

Taylor's base ball aggregation joined the Farmington Independents Sunday afternoon in a lively game, the final score being 14 to 1. New Sunday Taylor comes here and on Monday afternoon the North Farmington team will meet the local nine.

WEDLOW—ROOT RETIREMENT

A very enjoyable reunion and "get-together" occurred here at the Wedlow lake front lots Saturday afternoon June 25th to bring the birthday of Chas Wedlow and the 23rd anniversary of the marriage of Mr. and Mrs. Wedlow. A large company of relatives and friends gathered to help them celebrate the happy event. As the guests were gathering and extending their hearty congratulations music was rendered and a delightful social hour followed. Then followed a sumptuous feast, and what a feast it was! About everything done could think of was served, and the guests seemed to especially enjoy this feature of the gathering. At about this time Mr. Wedlow appointed his "ice cream committee" and the eating of the frozen dainty afforded a delightful diversion for the remainder of the day. A delightful cool breeze from off the lake and the picturesque spot in which the gathering took place made the day one of real enjoyment.

The program was opened by singing "America," after which Mr. and Mrs. Wedlow took their places upon the platform. Mr. Wedlow gave an interesting talk on married life in general, and with his 23 years of "experience" told many amusing incidents. Rev. F. A. Brass was then introduced and gave an address appropriate to the occasion. Rev. and Mrs. H. E. Sayles of Plymouth sang a duet and were heartily applauded. Then the audience sang to it grand old song, "Come Thou Fount." Rev. H. E. Sayles followed with an entertaining address, taking for his theme "Married Life, and how to live it." Mr. and Mrs. Sayles kindly consented to sing again.

The remainder of the afternoon was spent in visiting, boat riding, raft riding, and in merry-making to suit the fancy of the individual guest.

Relatives and friends were present from Plymouth, South Lyon, Ann Arbor, Saline, Detroit, Franklin, Birmingham, Grosse Ile, Kalkaska and Walled Lake.

Wixom Whisperings.

J. R. Ranch of Plymouth visited his sister, Mrs. J. B. Chambers one day last week.

Born Tuesday June 29th to Mr. and Mrs. R. J. Balford, an eight month old son.

The family of Robert Clark attended the Miller-Detroit picnic at Belle Isle last Friday.

Agnes Sturman attended the commencement exercises at Pontiac last Thursday evening.

Maria Bogart has been visiting his daughter, Mrs. Richard McGuire at Flint the past week.

Mrs. J. B. Chambers has been recently entertaining her sister, Miss Jeanne Ranch of Monroe.

Mrs. Sarah Stocker returned to her son's home at Lynden Tuesday, after a visit with her niece, Mrs. B. Kitson.

A reception was given the Rev. Thiebaud and family at the church parlor Sunday evening June 29th.

Mr. and Mrs. Bernard Kitson and daughter and Mrs. Stocker were over Sunday guests of Mrs. Kitson's parents, at Lansing.

Great preparations are being made for the Homecoming here July 4th, to make it one of the events of the year. Everybody cordially invited.

Train Them for Happiness.

Every mother who pampered and flatters her little son is making unhappiness for him and his future wife.

Every father who allows his little daughter to wheedle him unduly is preparing her for an unfortunate marriage, says London Daily Mail. Such parental conduct is a serious menace to the future well being of the child. No man ever rediscovers the patient indulging mother in his wife. No woman ever realizes the image of a too-doting father in her husband.

Sentence Hymns.

The term "sentence hymn" came from the practice of earlier days, when hymn books were scarce.

In order that all the congregation might be able to join in the singing the pastor would read along the first two lines, which were then sung and the reading and singing would continue alternately to the end of the hymn.

This practice is still continued in some of the rural churches of the south.

NOVI ELEVATOR

COAL COAL COAL

In Hard Coal we have Chestnut size, Stove size, Egg or Furnace size.

In Soft Coal we have Kentucky "Blue Diamond," a car of Cannel and a Car of West Virginia Barren Creek Lump on the way.

The price is now absolutely at the bottom. Why pay more? By putting in part of your winter supply now you will not only be saving for yourself, but it will help the dealer by giving him an opportunity to supply part of your needs and making room in his bins and yards so the supply may be kept coming while there is no congestion of freight, such as surely will be the case should the wage question bring about rail-way troubles later.

We still have a supply of that good old Larro Dairy Ration; Unicorn, Fine Middlings, Bran, Cotton-Seed Meal, Poultry Mash, Scratch Grain, Wood Pulp, Lime, Cement and Salt. We have Salt in barrels, blocks, bricks, sacks and cartons.

Cedar Posts, Drain Tile—no better tile manufactured—and many other farm commodities.

TAYLOR'S SUMMER SCHEDULE.

The management of Taylor's Walled Lake pavilion has announced the new summer schedule for that popular amusement place. Dances will be held on each Tuesday and Friday night. For the Tuesday night dances Ike Fischer's orchestra of Ann Arbor has been engaged and for the Friday night affairs Charles Stoerl and his famous orchestra of Detroit has been secured. This splendid music and the hearty welcome which is always extended to patrons of the Taylor pavilion will assure all who enjoy dancing a delightful summer pastime.

SOME GOOD RACING.

There were some good races at the matinee at the fair grounds last Saturday afternoon, in spite of the intense heat. There were three starters in class A, and in the free-for-all while four lively steppers took part in the class B event. Morning Gale won easily in class A, with Flora Astell second and Peter McGregor third. In the class B event Nellie B. took the first heat. Trixie G. captured the second and Baron Patrick surprised everybody by stepping out and taking the honors in the third heat. The free-for-all was a lively contest, the third heat being stepped in 2:25 with the first half of the mile in 1:05. Henry Ford won the two first heats, but was "nosed out" in the third by Harry W. General Tom Marshall finished third place in all of the three heats.

George Rattenbury officiated as starting judge and seemed to be at home behind the bell just as he is on the auctioneer's block.

Mrs. C. A. McLaughlin attended a church wedding at the Hudson Avenue Baptist church in Detroit, June 16th, when Miss Elva Amslee, youngest daughter of Mr. and Mrs. Robert Amslee became the bride of Glen Hoffmann. Following the ceremony a large reception was held at the Amslee home. The young couple will reside in Detroit. The Amslee family will be remembered as former Northville residents.

Miss Anna Smith of this village was the guest of honor at the reunion banquet given by the Plymouth High Alumni association last Friday night. Miss Smith has taught in the Plymouth schools for the past 44 years and she has endeared herself to every boy and girl who has passed through the schools during all that time. Speakers at the banquet paid her many compliments and she was presented with a purse of over \$150 by her friends. Mrs. C. L. Dubuar attended the reunion and banquet.

Tomorrow, Saturday, is the day set for the big fight between Georges Carpenterier and Jack Dempsey. From reliable sources this is the dope: If Carpenterier does not whip Dempsey, the latter will win. If Dempsey fails to whip the Frenchman, the championship honors will go overseas. If Dempsey fails to whip Carpenterier there will be some disappointed sports in America. If Carpenterier whips Dempsey to a frazzle there will be a whole lot of people who will rejoice greatly. If the fight goes ten rounds no one will win in the ninth. None of the contenders is defeated in the fifth or sixth round the fight will not last until the tenth. For further particulars you had better wait until after the fight.

The Hot Tamale's will consist of Burgess, Perry, German, Mulread, Smith, Hautz, Stringer, Shaub, Spencer, Hutchins and Licht. It might be said that this visiting team always is accompanied by a band of consistent, hilarious and untiring roosters, who delight in aiding their team to victory.

METHODIST CHURCH NOTES.

At 10:30, morning service. Subject: "The Americanization of an American." At 11:30, Sunday school. At 7:30, Union evening service at the Presbyterian church. A union service only has value as the several members of the co-operating churches recognize it as a personal responsibility. Let everybody do their best to make this service a success.

PRESBYTERIAN CHURCH NOTES.

Sunday morning service of worship at 10:30. Sunday school at 12:00. In the evening at 7:30 we begin our series of union services. The first meeting will be in our church, and the whole community is most cordially invited. Let us not forsake the assembly of ourselves together just because it is warm weather. It's just as profitable to worship God in the summer time as in the winter. The mid-week prayer service Thursday evenings at 7:30.

BAPTIST CHURCH NOTES.

Service will be held at this church next Sunday in the morning only. Sermon topic: "The Man Who Loves God."

In the evening we join in the union services at the Presbyterian church.

In the Sunday school we begin a new series of lessons on the life of Paul, the greatest man who ever lived with the exception of Jesus Christ.

It will be a good time to join our Bible classes or to come back, if you have been absent for a while.

Morning service at 10:30. Bible school at 11:45. Midweek service Thursday at 7:30.

The Missionary society will meet with Miss Ella Lockwood, next Wednesday afternoon, July 6th, at two thirty o'clock.

LIGHTNING DAMAGED PHONE SYSTEM.

Monday's storm did a good deal of damage to the local telephone system. Poles were broken down, cables damaged and in all about 300 phones were put out of commission in the territory covered by the Northville exchange. Every cable line was damaged and the operators were compelled to work under very discouraging conditions.

Two extra crews are at work repairing the damage and one crew is busy making repairs to the cable lines. It will, doubtless, require a week or more to have everything working satisfactorily again.

LEGISLATURE TO CONVENE JUNE 30

GOVERNOR CALLS ANOTHER SPECIAL SESSION TO AMEND SOLDIER BONUS BILL.

TAX EXEMPT CLAUSE IS WANTED

Bankers Refuse to Buy Bonds Until Change is Made; May Issue Short Term Bonds.

Lansing—Governor Alex J. Groesbeck has issued a proclamation calling the legislature for another special session to convene Thursday, June 30, at 1 o'clock, to act upon the soldier bonus legislation.

The legislature will be asked to consider several plans to make the bond issue popular. One of these is to make the issue tax exempt, al though Representative George Ladd, the financial expert of the house, holds the belief that this is beyond the power of the legislature under the constitution. He suggests instead that the rate of interest be raised to 6 per cent, and that a specific tax of one-half of 1 per cent be imposed. Some of the bankers who have conferred with the state administrative board are insistent that the increased rate be considered.

Another proposal is to issue 6 per cent notes for several millions to tide over the present and to issue the bonds when the market is more favorable. Failing all else, it is Governor Groesbeck's intention to appeal to the public to take up the bonds. It is believed that such a drive would be successful if the bonds were issued in denominations of \$50 and upwards instead of \$1,000.

If the legislature remains in session only two days, the time considered adequate by Governor Groesbeck, the special session will cost about \$7,500. If it remains for 10 days, the time given as a minimum by members now in Lansing, it will cost about \$12,000. The fact that the difference is not proportionate to the number of days is due to a provision that the state must pay mileage of members coming to and returning from sessions regardless of the length of the session.

The members receive \$5 a day, during special sessions, for the first 20 days that the legislature is technically in session. This includes the period between actual adjournment and the technical final adjournment. Thus familiar with legislative customs, they, even though the actual work were completed in the two days considered necessary by the governor, the technical adjournment would probably be delayed 10 days so that the members would receive \$40 pay instead of \$10.

WILSON NOW ATTORNEY-AT-LAW

Former President Admitted to Bar in District of Columbia.

Washington Woodrow Wilson has been admitted to the District of Columbia bar.

Accompanied by Batbridge Colby, his law partner and former secretary of State, and Joseph P. Tumulty, former secretary to the president, Mr. Wilson drove to the courthouse here and was aided by court attendants as he left his car and was taken in an elevator to the chambers of Chief Justice McCoy.

11 CONVICTED IN P. O. ROBBERY

Sentences in \$1,000,000 Holdup Deferred Until End of Trial.

Toledo, Ohio.—Eleven of the 13 men and women tried on a charge of conspiracy in the \$1,000,000 postoffice robbery here were found guilty.

The two acquitted are John J. Epps, Chicago broker, Charles Furtado, Toledo.

Sentences will be deferred until the conclusion of the robbery trial. A number of the defendants will be tried on a charge of actually staging the robbery.

SAM GOMPERS AGAIN ELECTED

Effort to Oust Old Labor Leader Fails in Convention.

Denver—Samuel Gompers, 71-year-old veteran, scored the greatest triumph of his career here when for the fortieth time he was elected president of the American Federation of Labor.

In an election seeped with dramatic interest, he won over the younger element seeking to wrest control of the federation, by electing John L. Lewis, 41-year-old head of the United Mine Workers of America.

Make No Change in Yale's Song.
New Haven, Conn.—Yale's song, "Bright College Years," will continue to be sung to the present tune, which also is that of "Die Wacht Am Rhein." During the war there was a call for another setting for the words and the class of 1899 offered a prize for a new tune. The alumni advisory board has voted to request the corporation to "gratefully decline" the offer of 1899, and an announcement says the corporation has approved the request.

DROWNED AT WALLED LAKE

A little boy from Highland Park was drowned at Walled Lake last Friday night. With a young companion the lad had gone out on the lake in a boat. When some distance from shore he stripped off his clothes and dived into the water and was evidently taken with cramps. He gave one call for help but disappeared before his companion could get the boat around to the spot where he went down.

BIRTHS AND DEATHS FOR MAY

Wayne county reported 2,853 births and 1,158 deaths during May, according to compilations of the division of vital statistics of the state department of health.

Rural districts of the county with 117 births had a birth rate of 24 per 1,000 population, with 165 deaths reported, a general death rate of 22 per 1,000 population, while the deaths of 8 children under 1 year of age gave rural districts an infant mortality rate of 68 per 1,000 living births.

Detroit reported 2,896 births, which corresponds to a birth rate of 22.3 per 1,000 population; the 924 deaths reported, to a general death rate of but 3.8 per 1,000 infant deaths to an infant mortality rate of 55 per 1,000 living births.

ARNOLD SMITH DIED THURSDAY

Arnold Smith, the son of Mr. and Mrs. Walter Smith of Novi township, who was so severely injured some weeks ago by being attacked by a horse at his home, died in the Henry hospital in this village Thursday last.

The lad's condition was very critical when he was brought to the hospital and only by the most heroic treatment and careful nursing was it possible to prolong his life. He was past twelve years of age and was a bright, many little fellow with lots of pluck and fortitude. Another son of the family died after an operation for appendicitis some weeks ago.

Funeral services were held at the Smith home in Novi Sunday afternoon at two o'clock and interment took place in the Novi cemetery. The sympathy of the community is extended to the grief-stricken family.

DROWNS IN GRAVEL PIT

Frank Chay, a farm hand aged 22 years, and who was employed by Louis Salow, who resides 1½ miles west of Farmington on the Grand River road, sat on a 1½ ton sled afternoon in a gravel pit on a Salow farm. He slipped from the sled into about fifty feet of water and was rescued immediately.

Chay, who was shot, had been employed by Salow for about a year, was a capable swimmer and believed to have been victim of cramps or heart disease while in the deepest part of the pit. Other swimmers made every effort to rescue him but the water was too deep and he disappeared before he could be rescued. County officers recov red the body with grappling hook.

Two brothers, Warren and Sonny Chay, of New Hudson and his sister, Mrs. Frank Murphy of Toledo, survived.

DETROIT TRIUMPH

"The Triumph of X," a new play by Charles W. Whittaker, will be given at the Roastelle company at the Garrick theatre, Detroit for the eighth week, beginning Monday, July 4th. The story is rather an unusual one, with a tragic undertone which swirls along during the tense moments of the plot until the souls of those concerned are purged. Briefly, Phyllis Knowles has been reared carefully by Prof. Robert Knowles, believing she is his daughter. Prof. Knowles is loved by the students of the college where he preaches on account of his deep understanding of human nature; he believes in environment, while Prof. Taylor, an alumnus associate claims that hereditary is impossible to shake off. Phyllis is the daughter of a drunkard, a friend of Prof. Knowles, and has been kept in ignorance of her parents. The day comes when she is about to be engaged and the tempest begins to gather, breaking on the night of the engagement party. Incidents tend to prove that Prof. Taylor's theory is right, but in the end we find that there are exceptions to all rules and theories and that neither Prof. Knowles or Prof. Taylor are correct in their deductions.

"The Triumph of X" begins with a delightful, comedy scene between Phyllis and her young lover and leads up to the moment when she realizes for the first time that Prof. Knowles is not her father and that their love is more than that of a daughter and father; it is a vivid picture of storm tossed people told in brilliant dialogue and carefully worked out situations by the author.

Wanted--A Family

Consisting of a liveable man, who knows something of carpentry, building, gardening, etc., and is not afraid of work; a woman who is a good cook and can keep a house in tip-top shape, and at the same time entertain high-class guests in a manner to make them want to come again. If there is a husky boy who can drive an auto intelligently, and a young lady and some kiddies, so much the better.

To such a family having \$2,000 to \$2,500 in cash and an auto, and who can get quick action, I can offer a most unusual business opportunity.

STATE FAIR LIKE GREAT UNIVERSITY

HAS SOMETHING TO TEACH ALL BY DISPLAYING BEST OF ALL PRODUCTS.

GIVES TRUE REFLECTION OF MICHIGAN'S PROGRESS

Few universities are enabled to disseminate as much knowledge along the lines of all of life's activities as does the Michigan State Fair, which will hold its 72nd annual exhibition in Detroit, Sept. 2-11. For the people of the state generally the annual state fair is a fountain of information about the things they are most concerned with in their every-day existence.

The state fair exhibits show the best that is produced in agriculture, livestock, dairying, poultry, automotive trades, machinery, industrial work of varied sorts, road building, arts and sciences, city and country school work, home work, such as needlework, handicraft work, garment-making, canning and numerous other sorts of endeavor. No matter in what line or variety of lines any person is interested he can find much of an instructive nature among the fair exhibits.

Michigan's state fair has taken rank as the best in the whole of America. Its coming show will be greater in scope and size and pay more in premiums than any ever held before. It will be the most instructive exposition of its kind to date.

"More than ever the state fair of today has become a leading educational institution," said Secretary Manager G. W. Dickinson, of the state fair, discussing this feature. "It shows better than any other way can show how the state is developing and what it is accomplishing. It brings the people of the state together—the farmer, the manufacturer, the business man, the professional man, the women interested in industrial domestic matters, and the children who are just becoming interested in some line of life activities."

It shows to each one the best that is being accomplished in what he is most concerned with and it gives to each one the opportunity to see what others are doing. The fair is a great mirror of the state's progress and this year it will have more such progress to reflect than ever before in its history.

DETROIT MERCHANT HEADS STATE FAIR ART EXHIBIT

The state fair is a whole in a work of art. It should be made attractive to all who come to see it, both in its entirety and in all its details. The art department of the fair will en-

OSCAR K. WEBBER

courage the development of artistic displays and aid in making all features artistic in the fair to be held in Detroit, September 2-11.

This is the attitude of Oscar K. Webber, of the J. L. Hudson Co., Detroit, member of the State Fair Board of Managers in charge of the art department of the fair, and of H. M. Kurtzworth, director of the department. Their idea is that everyone should be something of an artist in the things he buys and uses and something of a designer in the things he makes and sells.

Therefore the aim is to have the art department at the fair show how the American home can be made more attractive in its appearance; how the libraries, museums and public buildings may be improved; how raw materials may be made into better designed products, and to enable the department to bring the hundreds of thousands of state fair visitors into contact with artistic displays of makers of fine goods.

Splendid exhibits in the arts and crafts will feature the 1921 fair. There will be daily lectures and demonstrations in both, throughout the ten days of the fair. Director Kurtzworth, of the Michigan Art Institute, Paul Honore, and other authorities will lecture each day on some definite topic related to art, their talks being illustrated with studio material or live models. In the crafts there will be special lesson lectures on definite topics each day, including stenciling, designing, weaving, carving, enameling, decorating and other subjects.

Week's News in Brief

Old Man Has Some Punch.

Providence, R. I.—Seventy-four-year-old Michael Clancy hit John Corrigan on the jaw so hard that he floored him breaking his leg.

Lady Astor for Reform.

London—Lady Astor will be a member of the round-table conference which is to discuss licensing reform and the best methods of adapting to peace time the experience gained during the war.

Find Body in Wire Fence.

Cheboygan—The body of Chas. Borkhardt, 20, who had been missing for some time, was found entangled in a barbed wire fence on the edge of Pickerel lake by Fred Meyers of Alanson. He died of exhaustion.

University Honors Mellon.

Pittsburgh—The degree of doctor of laws was conferred upon Secretary of the Treasury Mellon by the University of Pittsburgh at the commencement exercises here when 423 members of the 1921 class were graduated.

Death Penalty for Kidnappers.

Washington—Representative Siegel Republican, New York, has announced that he was preparing a bill which would provide a death penalty for persons who kidnap children and transport them from one state to another.

Wives Must Insure Husbands.

St. Paul—A woman in business whose husband is working for her, must carry industrial liability insurance on him the same as any other employee, the attorney-general has informed the State Industrial Commission.

Grads to Educate First-Born.

New-London, Conn.—The graduating class at the Connecticut college for women voted to give the first girl born to a member a four years tuition. The sum of \$21 will be placed in the bank to the credit of the first boy born, with additional deposits on each birthday.

Predicts Drop in Interest Rates.

An Arbor—Liberty bonds will be back at par within the next three years, said Professor David Friday, economic expert, in an address made here. Professor Friday also predicted that interest rates would take a decided drop during the next few months.

Ask Surrender of Aircraft.

Paris—The council of ambassadors has demanded that Germany surrender all the aeroplanes and dirigible balloons constructed since the Boulogne agreement was enacted. Germany also was warned not to build any more aircraft for a specified period of time.

U. S. and Japan Negotiate.

Washington—Direct negotiations have been begun between the United States and Japan for settlement of questions pending between them. These include the island of Yap, the immigration question, the alien land question and the return of Shantung to China by Japan.

Vote to Amend Seamen's Law.

Washington—By a vote of nearly two to one Congressman Scott's bill amending the La Follette seamen's law as it affects the Great Lakes, was passed by the house of representatives in the final vote all of the Michigan members present were for the bill except W. Frank James, of Hancock.

Restriction Hits Ocean Steamers.

London—The Italian commissioner of emigration has announced that owing to the operation of the American law restricting immigration to the United States, eight Italian steamers will be withdrawn from the North American Line. Emigrants now must leave exclusively by Italian vessels. The dispatch adds.

Strikes 40-Foot Lead Vein.

Dubuque, Ia.—What is believed to be the richest strike in the history of the lead mining in Dubuque was made by Val Kiep in the old Wilde property in the heart of the city when he announced the opening of a vein of lead 40 feet in depth in a 160 foot shaft. The Wilde mine operations are the first in this vicinity for many years.

Bigger Demand for Carriages.

Menominee—Industrial inactivity makes no difference to the stork. In fact, statistical records prove that during periods of business depression the stork is more active and the birth rate increases. At least, such are the records of the Lloyd Manufacturing Co., which announces that it shipped more carriages during March, April and May, this year, than any four months in its history.

Very Obliging; Loses Auto.

Adrian—Wilbur Rump was driving by a hotel when a man called to him: "Take me to the corner of Maple and Winter streets, will you, stranger?" Rump was obliging. When they reached the corner, the stranger asked him to go to a house there and ring the bell to see if anyone was home. Rump remained obliging. Looking back from the porch, he saw his machine being driven speedily down the street. Neither machine nor stranger has ever been seen again.

Next Monday will be the glorious Fourth.

Huckleberries are not very plentiful this season.

A number of pretty bungalows are being erected in Salem.

A. N. Kimmis is again at his home in Detroit, after an absence of several months.

Big doings in Northville next Monday—all day and as long as you care to stay at night.

On Sunday afternoon the Foresters will play the Allen Athletic club team of Detroit.

Hon. M. N. Johnson went to Lansing yesterday to attend a special session of the state legislature.

A good many Northville people have attended the commencement exercises at the U. of M. this week. C. H. Young is at his home Chasen Farms. Friends will be pleased to learn that his condition is improving.

After the Fourth the next big event

will be the Chautauqua, the dates for which are July 29, 30, '31 August 1 and 2.

B. J. Thompson has just completed 100 rods of fence for Mrs. Leonard McDonald on the Whipple farm and 100 rods for George Ratzenbury.

During one of the storms last week the residence of E. K. Starkweather on Main Street was struck by lightning. Fortunately but slight damage was done.

Base ball fans will witness two good games at the fair grounds on the afternoon of July 4th—Northville Foresters vs. Farmington and Germantown; Tamale vs. Springwells.

About twenty-five pupils of Miss Zarina Penney of Plymouth assisted by Wayne VanDyne, a Northville High school boy with a wonderful tenor voice, gave a recital at the Plymouth W. E. church, Monday evening.

Some person or persons have been guilty of taking flowers and plants from the graves of old veterans in Oakwood Cemetery. This is a very serious offense and those who are guilty will do well to take notice. Arrests will follow if this thieving is continued.

While painting one of the buildings at the fair grounds one day last week B. W. Lockwood had the misfortune to have a scaffold break. He fell to the ground a distance of about seven feet and in the descent struck on the edge of an inch board, receiving quite severe bruises to his sides and back.

C. C. Haven has purchased a 60 acres farm near Big Rapids and will move to his new home soon. He returned from that action and stated to The Herald that he was pretty dry mouth sections of the state he visited in that particular portion corn and beans were having good and fine fruit prospects were quite promising.

Word has been received from Mrs. Agnes Killett by her daughter, Mrs. L. D. Stage, Jr., that she had arrived safely in England and is now spending a few weeks in Scotland. From there the party will journey through France, Italy and Spain, then return to England. Mrs. Killett expects to be in Europe for about three months.

With the opening of the good roads to Lake Orion and the advent of hot weather, Park Island is again enjoying a very prosperous season. The bathing beach especially is doing a rushing business and with continued hot weather will break all records. Free advice with assistance will be given this season to all patrons of the beach.

Detroit citizens evidently enjoy good music. At the concert given at Belle Isle on Sunday afternoon by the city band five of the eight selections were played by Northville's municipal band a week ago Saturday night. The Detroit city band is regarded as one of the best organizations of its kind in the country, and it is. We claim the same distinction for Northville's band.

This Friday evening, Court Northville, F. of A., will hold an important meeting, at which all members are urged to be present. Several Grand Court officers will be present to conduct the ceremonies of installing the newly elected officers. In a recent contest for members Court Northville won a loving cup, which will be presented at this meeting by Grand Past Chief Ranger, S. S. Crispin of Pontiac.

Northville defeated the Wilson Milco team of Detroit very easily on Sunday afternoon. The visiting team promised to bring the fastest team ever seen on the local diamond, but they had evidently never seen the Forester's aggregation in action. Northville scored one run in the first and seven in the second and the visitors were not able to overcome the lead gained by the home team.

Mondays' storm gave this section of the state a good soaking. Two storms seemed to have come together just over the village and they engaged in a battle royal for a few minutes, with "fireworks" and "booming of cannon." It was the most generous rainfall of the season and did a great deal of good to crops and gardens. It was really a boon to those having berry patches because a few more days of warm dry weather would have destroyed the crop.

The fair grounds are in fine condition for next Monday's festivities.

The Lady Maccabees minstrel club gave an entertainment at Plymouth Tuesday night.

The Presbyterian Sunday school will hold a picnic at Island Lake on Tuesday, July 12th.

Mrs. Anna McNulty of Holly was instantly killed by lightning during Monday's storm.

At a special election on Monday the people of Royal Oak voted in favor of incorporating as a city.

Sunday was the hottest June 26th

ever experienced in this section of

the state; so weather reports tell us.

W. H. Elliott has purchased a new

oven for his bake shop. It has a

capacity of 200 loaves of bread. The

new oven is now being installed.

The Dye restaurant near the P. M.

crossing in Plymouth was robbed by

four automobile bandits one day last

week. The robbers secured \$90 from

George Hance, who was in charge of

the place at the time.

William Roberts came near meeting

with a very serious accident Tuesday

evening when a wagon loaded with

ice broke down, and toppled over on its

side. He was caught in the wreck and somewhat bruised.

The Wayne County I. O. T. M.

association recently held a meeting at

Plymouth with an attendance of 150.

Great Medical Examiner Blanche

Haines was the guest of honor and

gave a very interesting address during

the afternoon.

The King's Daughters held their annual picnic at the home of Mrs. Chas. Bloom on Tuesday afternoon. Supper

was served on the spacious porch and the gathering was a very enjoyable affair. A fine supper and visiting afforded the diversion.

Eight candidates were given the M.

M. degree by Northville Lodge, F. &

A. M., on Monday afternoon and evening.

A fine dinner was served at about

seven o'clock, which was

impartaken of by about a hundred

hungry men. Visitors were

present from Plymouth and Detroit

She was united in marriage to David Wolfrom January 1, 1866, and to this union there were born seven children, six sons and one daughter. Two sons having died in infancy, there remain four sons, Lewis, of Redford; Riley, Barry and Charles, all of Livonia, and one daughter, Grace B. Kingsley of Plymouth, also seven grandchildren and six great-grandchildren. She leaves besides her children, two sisters, Mrs. Harriet Blue of Elm, and Mrs. Lorinda Millard of Detroit; also a large number of friends to mourn their loss—Plymouth Mail.

A SCHOOL OF EDUCATION.

At its last meeting the Board of Regents of the University of Michigan provided for the establishment of a School of Education to date from July 1, 1921. This school is the logical outgrowth of the Department of the Science and the Art of Teaching, established at Michigan in 1871; the first of its kind in the country. Through this department a close relationship has been maintained between the University and the public schools of Michigan. The new school will train high school teachers. Prof. A. S. Whitney, head of the department of education, will serve as acting dean of the school until his successor can be chosen.

TOWNSEND BILL-A LAW BY JULY FIRST.

Senator Charles E. Townsend, Michigan, expects to get his highway bill passed by Congress before July 1, the date of the termination of federal aid to states in road construction. The bill, which creates a federal highway commission and provides for the construction of interstate highways under federal supervision, has been widely endorsed. One of the chief claims made for it is that it establishes a unified road program and does away with pork barrel legislation.

You Can't Figure It Up.
You can count up the kernels on an ear of corn, but you never can count the ears in a single kernel.

GARDEN NOTES.

Plants of late celery, cabbage and cauliflower are commonly set during the first two weeks in July.

A good distance for planting the late, large growing varieties of cabbage and cauliflower is 2½ by 3½ feet.

The soil should be moist and well prepared for planting; otherwise transplanting from the seed bed into the garden or field may not be successful unless the plants are carefully watered in.

White or light colored stalks of celery are secured by blanching which consists of growing the plants in darkness so that the coloring matter of the stem is destroyed. Blanching also makes the stalks more crisp and improves the quality.

Early celery is most easily blanched by setting up boards about 12 inches wide against the plants each side of the row. On a small scale in the home garden each individual plant may be carefully wrapped by hand

with good heavy paper. The blanching operation usually requires about 2 or 3 weeks. When blanched in this manner a distance of 2½ feet is sufficient.

Late celery is best when blanched by blanketing with soil. Commonly the plants are set 6 inches apart in rows no less than 3½ or 4 feet apart, but you will find that 5 or even 6 feet is better especially for the large growing varieties.

Chinese cabbage or "celery cabbage," is best grown as a fall crop. Seed should be sown during the latter part of July so that the crop will mature during the cool fall months.

SUMMER FARMERS' DAY AT M. A. C.

JULY 29.

The fourth annual summer farmers' day at the Michigan Agricultural college has been set for July 29, according to announcement made recently from the office of Dean R. S. Shaw.

Hundreds of farmers and rural work-

ers from all parts of the state will gather for the conference, which is second only to the winter farmers' week at M. A. C. among state agricultural meetings.

A basket picnic luncheon on the beautiful college campus; entertainment and recreational features; inspection of the extensive experiment station plants; and a short afternoon meeting, addressed by one or two leading authorities on agricultural questions, are among the events which will make the day an important one for state farmers.

Special plans are being made for the women, and exhibits of interest for them will be on display at the college woman's building, which is to be headquarters for women visitors during the day.

The M. A. C. herd of prize winning Belgian, Clydesdale and Percheron horses will be exhibited at the meeting, as will numerous championship animals from the cattle, swine and sheep barns.

Prince Albert!

Because, a pipe packed
with Prince Albert satisfies
a man as he was never satisfied
before—and keeps him satisfied!
And, you can prove it! Why—P.A.'s
flavor and fragrance and
coolness and its freedom

from bite and parch (cut
out by our exclusive pat-
ented process) are a reve-
lution to the man who never
could get acquainted with a
pipe! P. A. has made a
pipe a thing of joy to four
men where one was smoked
before!

Ever roll up a cigarette
with Prince Albert? Man,
man—but you've got a
party coming your way!
Talk about a cigarette
smoke; we tell you it's a
peach!

Prince Albert is
sold in toppy red
box, five retail
and half pound tin
bundles and in the
gold crystal glass
humidor with
sponge moistener
top.

Prehistoric Harp!
No other musical instrument has persisted through the ages like the harp. Prehistoric origin, it was played at the court of King Solomon the Wise, and long before his day was played before the Pharaohs of ancient Egypt.

Catarrh Can Be Cured

Catarrh is a local disease, greatly influenced by constitutional conditions. It therefore requires constitutional treatment. **HALL'S CATARRH MEDICINE** is taken internally and acts through the blood on the mucous surfaces of the system. **HALL'S CATARRH MEDICINE** destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

SLAYS DIVORCED WIFE AND FAMILY

OHIO MAN JEALOUS OF FORMER SPOUSE'S HAPPINESS, CARRIES OUT DEATH THREAT.

OFFICIAL HAS NARROW ESCAPE

Deputy Sheriff Fired Upon When He Enters Home to Investigate Cause of Shooting.

East Tawas, Mich.—Henry Wilkinson, a one-armed man of Bellair, Ohio, made good his threat to "get" his former wife and her husband.

His jealousy aroused by the happiness that his former wife met in her second marriage, Wilkinson came to East Tawas Monday and killed Mr. and Mrs. Eiley Griffiths, shot their two-year-old son Edward, and was himself wounded. Wilkinson was shot by Griffiths just before the latter died. Deputy Sheriff Arthur Dillon narrowly escaped death when he came to the Griffiths home to investigate the shooting.

The tragedy occurred in the dining room of the Griffiths' house a few moments after the family had been seated at the dinner table.

Without even knocking, Wilkinson entered the dining room and brandishing a revolver, he shouted, "Now, I've got you all where I want you. This is the happiest moment in my life. For two years, I've felt all the pain and anguish that a man deserted by his wife can feel. Now it's my time to be merry."

Before he had even completed his last sentence, the fusillade from his gun began. Mrs. Griffiths was the first to fall under his fire.

Then came Griffiths. A bullet in the chest was the penalty. Wilkinson visited upon him. Summoning all his strength, Griffiths crawled to a bureau, where he got a gun. From behind, a chair, he shot at Wilkinson. The bullet entered the abdomen. This was Griffiths' last act before he died.

But Wilkinson's firing went on and the next victim was the innocent two-year-old baby. A "maniacal" smile came over his face, as in pendulum fashion, he raised his gun up and down and snuffed out the lives of his "enemies."

Just as Deputy Dillon came through the door of the little home, Wilkinson's strength seemed to have deserted him and he fell to the floor with a heavy thud. Wilkinson and the baby were taken to East Tawas hospital, where little hope for the recovery of Wilkinson was held out. The baby may recover, it was said.

Wilkinson's matrimonial troubles began in Bellair a little more than three years ago, when his wife obtained a divorce on the grounds of cruelty and non-support. Wilkinson is said, threatened to kill her if she obtained a decree. When she obtained one, she came to East Tawas and was married to Griffiths.

When Wilkinson learned of her second marriage, his anger assumed titanic proportions. He wrote letter after letter, commanding her to return and take her place in his home or his wife.

FLAYS PLANS TO AID EUROPE

Chicago Banker Criticizes U.S. Effort at Artificial Aid

Washington—George V. Reynolds, of Chicago, chairman of the Board of the Continental and Commercial National Bank, touched off a verbal bombardment at the luncheon given by President Harding to western bankers at the White House last week.

Shutting no words, he attacked as ridiculous the political and destructive of American prosperity; many of the schemes of domestic and foreign financing being urged upon the president by members of his cabinet and by powerful Wall Street interests.

"Improvement in Europe is not worth buying at the price of America's impoverishment," said Mr. Reynolds, when the discussion was at its height.

The men were starting a flight from Visalia to Sacramento when the plane fell.

VARIED SHOW AT 72ND STATE FAIR

PROGRAM TO BE HAPPY MINGLING OF FARM AND CITY FEATURES

FUN AND ENTERTAINMENT ALONG WITH INSTRUCTION

Since Gov. Epaphroditus Ransom established in Michigan 72 years ago the first state fair held west of the Allegheny mountains, the citizens of this commonwealth have witnessed annually an exhibition designed to mirror the industries and activities of the two peninsulas.

In founding the Michigan State Fair, Gov. Ransom and the farmers associated with him demonstrated a progressiveness and enterprise which has been characteristic of the state's whole scheme of public education.

It is well to recall at this time that the fair was founded by them with earnest educational ideals; that it was the first attempt at agricultural education in the west; and that from its beginnings sprang also the first agricultural college in the world—the Michigan Agricultural College at East Lansing.

Since those historic days Michigan has undergone great changes. It has evolved from a forest into thousands of fertile farms, and from the farms into a magnificently balanced empire of agriculture, manufacture and commerce.

In our fair this year we shall therefore attempt to show the whole vast collection of Michigan's activities—in its farms, its factories, its fisheries, and its homes and inhabitants.

We shall show a bit of Detroit, the wonder city of the nation; we shall show the motor industry which in the last decade and a half has transformed the whole state; we shall show the first aid to motors—Good Roads. We shall show how health is maintained in cities, the art and beauty that may be put in homes, theories of urban civilization. But in so doing we shall not forget that the fair must devote itself conscientiously to encourage the agricultural interests of the state and stimulate them forward to new efficiency and prosperity.

And thus in our coming seventy-second fair, we shall hope to mingle in happy proportion a program which will show the best of farm life to the city man and the most modern of city conceptions to the man who feeds the world.

With it all will be fun and entertainment, glean in every particular and of the highest type known to fair management anywhere.

To this spot of instruction and industry, health and happiness, fun and farmland, the Michigan State Fair cordially invites the public of Michigan, hoping that the ten days and nights of activity will leave behind them memories of royal good times and a feeling that something of real usefulness has been accomplished.

GEORGE W. DICKINSON, Secretary Manager

Detroit—Representative George E. Good's bill to create an additional federal judgeship for the eastern district of Michigan is expected to be favorably reported by the house judiciary committee, according to a Free Press dispatch from Washington.

FRED M. WARNER

Dairy interests exhibiting at the state fair in Detroit next September 2 to 11 will have more attention than ever before.

Fred M. Warner, former governor of Michigan, widely known as one of the best informed dairymen in the state, will be the state fair board member in charge of this department.

His acceptance of this post and his personal attention to it during the ten days of the fair make it certain that this important department will take front rank in interest with visitors to the fair. With Mr. Warner will be associated as superintendent Mr. H. D. Wendt, secretary of the Michigan Alpen Dairy Association.

GAVE A DELIGHTFUL RECITAL.

The piano pupils of Guy C. Filkins, assisted by Miss Norma Shellings of Detroit, gave a delightful recital at the Library building on Wednesday evening, and the manner in which the program was rendered afforded real

pleasure to those who have watched the advancement of Mr. Filkins' pupils.

Tues. rendered their selections with a grace and ease that comes from careful and painstaking training. The following was the program:

Duet—Festival Edward Elliott and Mr. Filkins

Minuet in G. Marie Van Valkenburg

Intermezzo Louise MacDiarmid

Con Amore Helen Alger

Garden Dance Laura Trufant

Songs—(a) Come for its June

(b) Harbor Night Song

Miss Schelling

Silver Nymph Doris Coleman

By the Waterways of Venice Marjorie Horan

Duet—In the Arcia Barbara Blackburn and Reva Schrader

Mazurka Galante Avis Brown

Duet—No Surrender March Helen Alger and Doris Coleman

Silver Stars Reva Schrader

Songs—(a) The Year's at the Spring

(b) Ah Love, but Day

Miss Schelling

Rondo Capriccioso Irene Marsh

Duet—Deeds of Valor Avis Brown and Marjorie Horan

Miss Schelling's two groups of songs were greatly enjoyed and she very kindly responded to the hearty encores given and sang two additional numbers. She possesses a voice of fine tone and power and a personality that is most pleasing. Northville people will be pleased to hear her again.
