CHAUTAUQUA TO OPEN NEXT WEEK FRIDAY

Local plans for our coming Community Chautauqua are bearing completion and the ticket and advertising committees are getting into action.

All indications point to a successful Chautauqua week. The Chautauqua opens next week Friday afternoon and closes five days later. The five days will bring one of the best Chautauqua entertainments that has ever been presented under a tent. "Variety" is a dominating note in this 1921 program and every holder of a season ticket will get his money's worth and more too.

On the season ticket plan, each day's program may be heard for a few cents. The price is low and no one need feel excluded. Season tickets admit to all regular sessions of the Chautauqua entertainment during the week.

It is evident that the Community Chautauqua System has surpassed itself in building the program this year.

The coming of the Hue production "Polly of the Circus" is in itself a notable advancement over any similar entertainment of previous years. This ever-popular comedy-drama of circus and country life is known everywhere as the most successful play ever written by an American author. Special scenery and effects accompany this production. From New York's theatrical circles come the actors—each a carefully selected player exactly suited to the character he is to portray. No expense has been spared in making "Polly of the Circus" a glorious Chautauqua attraction.

Other new and decidedly interesting features are the Knox Concert Party, C. W. Wasson, noted educator; Omar Wilson Singers; Louis Williams, electrical entertainer; Denton C. Crowl, the "Sam Jones Man"; Cammarata's Mediterranean Musicians; Louise L. McIntyre, health expert; "Bob" Seeds, farmer-lecturer; and the Philippine Quartet. Among the special features we might mention the novel Junior Chautauqua which itself provides barrels of fun for the kiddies. "The Cradle of the Jolly" and the adventures of the Jolly Juniors will make every boy and girl glad there is a Chautauqua going on in our town. All play and instruction of the children will be under the careful supervision of a play expert sent here from the Community Chautauqua offices.

Made the Chautauqua a part of your summer vacation. Hear the best entertainment and still be near your home with all its comforts. A season ticket for you and other members of your family will mean a saving and a sensible economy, and you'll be repaid many times over for the few hours you spend at our community tented college.

The following are the officers and committees in charge of the local arrangements: President, E. E. Brown, vice presidents, H. M. Bogart, Chas. B. Simock, Mrs. H. B. Clark, Frank Durfee, Mrs. S. G. Power, C. H. Young, secretary, T. R. Carrington, treasurer, C. A. Dolph, chairman of ticket committee Ray Van Valkenburgh, chairman of advertising committee, C. A. Ponsford, chairman of the grounds committee, Roy M. Clark, superintendent Junior Chautauqua, Frances Yerkes.

When the list of the committees were published some weeks ago a mistake was made, which The Record very much regrets though it was not our fault. C. L. Blackburn's name appeared as chairman of the grounds committee, when Roy M. Clark was the chairman selected at the time of the committee held its annual meeting.

MICHIGAN HAS MANY FAIRS

Michigan's glory as an agricultural state is reflected in the announcement that no less than 72 county and district fairs will be held in the Wolverine state this year. The Iowa Free fair, August 16 to 19, is the first on the program, and from then follow exhibitions in various counties up to the Armada fair, October 11 to 14.

Secretary F. S. Neal, of the State Association of Fairs, which contains a membership of 71 county and district fairs besides the state fair at Detroit, has compiled a list of the places and dates where fairs will be held.

The Record enters upon its fifty-second year this week—just in the prime of life.

FIFTEEN YEARS OF FAITHFUL SERVICE

Charles A. Dolph, who will retire as a member of the board of education of the Northville public schools as soon as his successor qualifies, has served the district faithfully for fifteen years. In 1906-7 the pay roll for the teaching force of the school amounted to but \$5,950.00, compared with \$24,050.00 for the coming year. In the year 1906 there were thirteen teachers employed, while this year the number of teachers engaged is eighteen. Fifteen years ago there were about 375 pupils enrolled in our schools, while at the present time there are approximately 500 attending the Northville schools. The school census for the year 1906-7 showed a total of 432 children of school age as residing within the district. The census for 1921 gives the number at 460. The increase in the fifteen years being but 28 as indicated by the census but the number of pupils attending from districts outside have largely increased within the last two or three years.

Mr. Dolph has served during the period in which both of our present fine buildings were erected at a total cost of \$91,000.00. He has always given careful attention to all the numerous details which come before a board of education, and he retires from the board with the kindest regards of his co-workers, with whom his association has been most pleasant and harmonious. He has served the district for a longer period than is usually allotted to members of boards of education and the people of the community are indeed grateful for his painstaking efforts in behalf of our splendid schools.

WALLED LAKE PROPERTY DIS- PUTED

The testimony was not entirely completed Friday afternoon in the civil suit brought by Dr. A. T. Holcomb, of Novi township, against Herman Czenkusch, which was heard Thursday and Friday by Judge Gillespie. The matter was continued without date and will be completed at some later time when the court is engaged.

Czenkusch admitted he was willing to give Dr. Holcomb a deed of four lots in the Champaign addition at Walled Lake which the doctor had been buying on a land contract since 1913. He insisted, however, that the property be restricted for single use, purpose only. The land contract does not contain any such restriction, although it mentions \$500 and says no building shall be within 15 feet of the front line. Since 1913 Czenkusch has converted the land immediately adjacent to the Holcomb lots into an amusement resort. He built a building pavilion 114 by 114 feet in size with a dining floor 90 by 60 feet, put up a bath house and built a store.

Dr. Holcomb claims the character of the property has changed and that it is no longer suitable for summer cottages. He would utilize it for business purposes.—Pontiac Press

BASE-BALL VETERANS TO PLAY

Harve S. German of this village is marshaling an old veterans' ball team this week for a game with the Durand team on Thursday next, the 28th. The oldest member of German's team will be 54 and the youngest 40, and the combined ages of the members of the battery is just an even 100 years—Bowerman being 54 years old and German 46. Every member of the "old veterans' team" has seen service in many close and exciting contests and they are still "going strong."

If the members of the Durand team have a notion that they can defeat the "old veterans" they had better go out on the diamond and do some practicing. They will be shown a whole lot of by-plays in base ball that present day players have never before witnessed.

The Durand game will be just like a "family reunion" to the old boys, all of whom are old friends and who have "mixed" in base ball for many years.

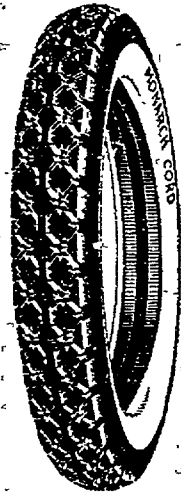

FOR PLAY GROUND EQUIPMENT

Through the efforts of the Parents-Teachers Association over five hundred dollars has been raised for gymnasium and play ground equipment for our public schools. With an equal amount voted by the board of education, there will be more than one thousand dollars available for this fund. The committee in charge are very grateful to all individuals and organizations who have so generously contributed to this worthy cause.

New Prices on Titan and International Tractors

Now Lowest Ever Quoted

EFFECTIVE immediately, we make another big reduction in the prices of Titan and International tractors. These reductions wipe out all former advances and place *Titan and International tractors at the lowest prices at which they have ever been sold.*

International 8-16 \$900 This price is about one-fourth less than the price at which the 8-16 sold prior to March of this year. The new figure is the lowest at which it was ever sold. The new price includes all the necessary equipment—platform, fenders, governor, belt pulley—features which must be paid for extra on some tractors.	Titan 10-20 \$900 This is the lowest price ever quoted on the Titan, considering the equipment now included (formerly sold extra). Up to March of this year the price was \$1,200—today it is \$900. At this figure the Titan 3-plow tractor is the best value in the farm power field.
--	--

The International 15-30 has been reduced to \$1,750—lower than it has ever been before. The man who needs a 4-plow tractor cannot find a better investment than the 15-30 at this price. (All prices f. o. b. Chicago.)

Considering quality, power, equipment, and the service which follows every machine, *Titan and International tractors at these new low prices are unquestionably the best buy in the tractor market.*

As these prices have been made regardless of manufacturing costs, we do not guarantee to maintain them.

These prices certainly justify the immediate purchase of a tractor. Put it at the horse-killing work of hot weather plowing, and your fall and winter belt work.

See our tractor dealer for full information on deliveries and terms.

CRIME INCREASING IN OAKLAND COUNTY

Crime for the first six months of 1921 showed a decrease over the same period in 1920 according to the semi-annual report of the prosecutor's office filed Friday by Prosecutor A. Lloyd Blakelee. For the six months ending June 30, 1921, there were 1,152 cases as compared with 1,244 for the first six months of 1920. The finest and costs, however, for 1921 showed a large increase, there having been \$16,062.05 collected during the last six months as compared with \$11,739.85 for the first six months of 1920.

Although there was a falling off in the number of arrests, there was an actual increase in the number of felonies or more serious crimes. The last report shows 171 such cases as compared with 85 for the corresponding period a year ago. Cases of speeders decreased, there having been but 370 such arrests for the last six months as compared with 567 for the first six months of 1920. Offenses in which liquor played a part resulted in 126 arrests as compared with 132 for the first six months of last year.

For the last period there were 1,070 convictions; three acquittals; 15 cases dismissed; 43 suits nolle prossed, and 21 discharged after examination. The fines totaled \$10,907.65 and the costs \$3,154.40. Pontiac Press.

NATION'S CENTER MARKED BY A WINDMILL

The exact geographical center of the United States is located on a farm about 12 miles northeast of Smith Center, Kansas. According to the United States Geological Survey, its position is at latitude 39 degrees and 53 minutes and longitude 98 degrees and 50 minutes. A photographer who went out armed with these figures to find the exact spot, discovered that it was occupied by an old windmill standing beside a wood-

en shed. The tenant of the farm, when he learned that his windmill had such distinction, feared that the landlord might raise the rent.

PICKARD—HARTMAN.

A pretty home wedding was solemn-
ized Thursday, July 7th, at the resi-
dence of Mr. and Mrs. George Hart-
man of Salem, when their youngest
daughter, Ellen Irene became the
bride of Ralph Pickard of Novi. Rev.
Wulph of the Salem Congregational
church, performed the ceremony at
noon, in the presence of only the im-
mediate families. The bride who was
very becoming in a gown of white
organdy, carried a bridal bouquet of
sweet peas and maidenhair fern.

A bountiful three-course dinner was
served at one-thirty o'clock, after
which the bride and groom left for
their home on a farm near Novi,
where they will reside.
Mrs. Pickard was the guest of honor
at a kitchen shower given by her
sister-in-law, Mrs. H. Bollat, about
forty of the bride's friends being pres-
ent. Ice cream and cake were
served to the company, and they left
for their homes after wishing the
young couple a happy wedded life.

If you are in the market for low priced
Tires, I have them. They are not the re-built
ones, but built new from the "ground up."
Wrapped in paper and 6,000 miles guaranteed.
My price for the 30x3 1/2 is \$10.50, for the
30x3, \$9.50. You know what a re-built tire is.
It is a little something new on the inside and
on the outside. What is in between nobody
knows. That is why the government makes
them stamp the words "rebuilt or re-con-
structed" on all such tires.

I do not advise any one to buy a cheap tire,
but if you want one I have picked out the best
one I could find for you. I have cut the price
of these tires way down, as well as the prices of
standard brands.

Ami Wilson is attending the University of Detroit.

Mrs. Andrew Raab is visiting at Cadillac and Durand.

Miss Rose Barley is visiting Miss Vena Glass at Flushing.

Miss Maude Richardson spent Sunday with Ridgeway friends.

Earl Whitaker is spending two weeks with his sister at Lapeer.

Mrs. Coffey and daughter Minnie of Detroit visited Mrs. Downer, Sunday.

While driving across the Flint & Pere Marquette railroad track near Novi, Friday afternoon, Mr. and Mrs. John Peer of South Lyon, were struck and instantly killed by the south bound passenger train. They had been to the cemetery to visit the grave of Mrs. Peer's father and in driving across the track to come to Northville, they met their fate. Mrs. Nelson Bogart and Mrs. Becker were the only eye witnesses of the catastrophe. The noise of the train had so frightened the horse that he became uncontrollable, and just dashed across the track in time to save himself as the engine struck the carriage. Nearly 1,000 people attended the funeral at South Lyon Sunday afternoon.

MANY CASES OF DIPHTHERIA REPORTED.

Wayne county, including Detroit, reported 2,922 cases of diphtheria during the first six months of 1921. Of this number 282 cases occurred in the county outside of Detroit. Deaths from diphtheria total 177 during the first five months of the year giving the county a diphtheria death rate of 25 per 1,000 population for that portion of the year when the disease is usually prevalent.

No child can protect himself against diphtheria, point out Dr. H. M. Orr, commissioner of health. The first line of defense is by his mother who must be held responsible for knowledge of how to protect her child by permanently immunizing those susceptible to diphtheria with toxin antitoxin mixture, and preventing, again, with antitoxin in case of sickness. It is undoubtedly the greatest single advance in control of bacterial diseases made in recent years.

LEGION MEMBERS TO VISIT FRANCE.

Good-by Broadway, Hello France!—this is the life war, with again he sent when 250 members of the American Legion sail August 3 from New York for a tour of defensible battle centers of France. To experience the "grand and glorious" feeling of going to France without having to worry about getting shot, is the dream of nearly every member of the former A. E. F. This desire to return to the old battle fronts is indicated by the rapidly with which the quota for the Legion's pilgrimage is being filled. John G. Wicker Jr., chairman of the pilgrimage arrangements committee, has opened headquarters at 627 West Fort-third St., New York, and is daily receiving telegrams and letters requesting reservations. Representatives for the trip are selected through the various state departments of the Legion. Expenses are borne by the individual members of the party, except in cases of local posts defraying expenses of representatives selected by them. It will require about six weeks to make the trip, including sailing time. An elaborate program of events in honor of the Legion pilgrimage has been announced by the French Government.

MICHIGAN HORTICULTURAL SOCIETY PLANS SUMMER TOUR.

The third day of the tour will carry them into Mason county. Plans are in charge of T. A. Farrand, extension specialist in horticulture at M. A. C. and secretary of the society.

FARM BUREAU WOMAN URGES HOME EXHIBITS.

A farm homes exhibits for every county fair in Michigan is being urged by Mrs. Edith M. Wager, member of the State Farm Bureau executive committee. Mrs. Wager believes that such an exhibit could very well be a most interesting part of any fair. She is suggesting to women in the various farm communities that they plan for educational exhibits which will show labor saving devices, for the farm home, beautiful furnishings and new ideas in home arrangement, and a display of the latest home conveniences. Children's food, health, clothing and care offer great possibilities for educational presentation at a fair, according to Mrs. Wager.

WALLED LAKE SLANDER SUIT BEING TRIED.

The civil damage suit brought by John C. Wolgast against Herman Czenkusch, in which slander is charged, was taken up Monday afternoon before Judge Gillespie and a jury and may require the remainder of the week in circuit court because of a large number of witnesses on both sides. On the night of July 16, 1920, the large barns on the Czenkusch farm at Walled Lake were consumed by fire. Wolgast had been employed by Czenkusch, but they had a disagreement and Wolgast left the farm the day of the fire. Czenkusch is alleged to have several times stated publicly that Wolgast set fire to his

barns. This statement Wolgast says so injured his reputation and standing in the community that he was unable to obtain work in the locality and he is now living in Detroit.—Pontiac Press.

Detroit—Colonel Fred M. Alger, of Detroit, will head Michigan's delegation of seven American Legion members who will sail from New York, August 3, accompanying a large Legion delegation from other states on a tour of the battlefields of France.

Here's why **CAMELS** are
the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

Corinna, Mich.—Forrest Higgins was acquitted in circuit court here of the murder of his sweetheart, Lucy Wittum, in a lonely woods near here last March. The speedy verdict surprised those who had been following the case and the court was almost empty. Ten minutes after the finding of the jury, on its second ballot, about two hours after being locked up, Higgins was on his way home.

Only his brother was in court with him; his father, fearing the strain on his mother, having accompanied her home more than an hour before. Members of the Wittum family were in court and illy concealed their disappointment. Higgins at first seemed speechless, but in a few minutes recovered himself and thanked the jurors. The first vote of the jury was 10 to 2 for acquittal and after luncheon, a second vote was unanimous.

The 23-day trial came to an end July 18 when Judge Collins, following a day of argument, charged the jury at 5:30 o'clock.

The jurors were told by Judge Collins only two verdicts were possible, either an acquittal or conviction of first degree murder. They were warned not to let prejudice enter into their deliberations, the court taking pains to explain that Higgins was on trial for murder, not for leaving the girl, if her death was suicidal. Jurors were told they must not consider as an element in the case the finding of a revolver in Higgins' automobile, and that every link in the chain of circumstantial evidence must be considered complete for a conviction.

The court room was crowded during the afternoon session, spectators even hanging to the window sills and radiators. One woman found what she considered a point of vantage back of the judge's bench.

In Soft Coal we have Kentucky, "Blue Diamond," a car of Cannel and a Car of West Virginia Barren Creek lump on the way.

The price is now absolutely at the bottom. Why pay more? By putting in part of your winter supply now you will not only be saving for yourself, but it will help the dealer by giving him an opportunity to supply part of your needs, and making room in his bins and yards so the supply may be kept coming while there is no congestion of freight, such as surely will be the case should the wage question bring about railway troubles later.

We still have a supply of that good old Larro Dairy Ration, Unicorn, Fine Middlings, Bran, Cotton Seed Meal, Poultry Mash, Scratch Grain, Wood Pulp, Lime, Cement and Salt. We have Salt in barrels, blocks, bricks, sacks and cartons.

POLICE HUNT FOR MISSING HEIRESS

NEWCASTLE, PA., GIRL DISAP-
PEARS MYSTERIOUSLY FROM
HOME OF GIRL FRIEND.

ALL TRACE LOST IN NEW YORK

Detectives "Trail Young" Woman as
Far as Metropolis; Believe
Frenchman Involved.

Newcastle, Pa.,—A nation-wide search is being conducted this week for Miss Charlotte Boyle, pretty, 20-year-old heiress of David Boyle, retired business man and reputed millionaire, who disappeared under mysterious circumstances the night of July 8. The story had been kept secret until July 17 while a still hunt extending to New York was going on.

The only plausible clue reads like fiction and has an international touch to it.

Guy Treppenaar, a young Frenchman, came here two years ago ostensibly to learn American business acumen and return to his native land to engage in business. He met Miss Boyle and a warm friendship between the two developed only to be discouraged by Miss Boyle's parents. Three months ago Treppenaar disappeared and nothing has been heard of him.

Miss Boyle accepted an invitation to stay at the home of a girl chum, Miss Mary Shaffer, July 8. During the night Miss Shaffer awoke to find Miss Boyle sobbing. Asked the reason, she replied: "Oh, nothing. I will be all right soon." She then left the room saying she would return shortly.

This was the last Miss Shaffer saw of Miss Boyle. The next morning private detectives were engaged and followed her from place to place until New York city was reached, where the trail was lost. Piers at New York are being watched closely as it is thought she may yet try to book passage on some steamer.

She is described as being five feet four, inches tall, with a dark complexion, dark eyes and hair and when last seen wore a blue spring suit.

NO COMPROMISE SAYS DEVALERA

Irish Leader Declares He Will Hold
Out for Demands

London—Eamonn de Valera Sunday evening issued the following statement:

"The press gives the impression that I have been making certain compromise demands. I have made no demand but one—the only one I am entitled to make. That is the self-determination of the Irish nation shall be recognized."

"This statement followed reports in Paris and London that Mr. de Valera was shelving the independent republic claim on the understanding that he would be offered 'A practical equivalent' at a conference which has been called with British leaders.

EXTRA SESSION PAY REFUSED

Legislators Have Not Accepted 20
Day Pay for Short Session

Lansing—After having voted itself 20 days pay although it had worked only two days during the second special session without expecting additional work, the legislature now shows a disposition to collect only a part, if any, of the \$100 for each member that was provided by the July 19 final adjournment resolution passed July 1.

The senate payroll was prepared and sent to Auditor General Fuller, where warrants were drawn for the senators' pay, but the secretary of the senate did not claim them, asking instead that the warrants be cancelled.

329 TAKEN OFF WRECKED SHIP

Small Boat Lashed to Cable Makes
Rescue of Tourists.

Ogdensburg, N. Y.—A small boat connected with land by a heavy cable hauled 329 tourist passengers through raging waters of the St. Lawrence to safety Sunday as they were being landed from the steamer Rapids King of the Canadian Steamship Line which went on the rocks last Saturday in the Long Sault Rapids.

The cable was attached to the tiny craft because it was feared that if the boat was turned loose, or even had a larger boat been used, the churning waters would have swept it away.

Appropriated Money For Strike.

Charlotte, N. C.—New England cotton manufacturers contributed some of the funds used in calling the recent textile strike in mills in Charlotte and nearby cities, "to injure their southern competitors," David Clark, editor of the Southern Textile Bulletin, charged in an address before the local Rotary club. One New England manufacturer recently admitted having made such a contribution, Mr. Clark declared, but he did not identify the man to whom he referred.
