**OUR OLDEST CITIZEN
PASSES PEACEFULLY**

There was deep regret expressed about the village Monday morning when it became known that Asa M. Randolph had passed away at his home Sunday night about ten o'clock, after an illness that had confined him to his bed but a few days. Mr. Randolph was widely known as "Northville's grand old man," and all who enjoyed his acquaintance were his friends. Had he lived until the 29th of August he would have reached his 92nd birthday, almost a century. Probably no one who ever lived in this community enjoyed so wide an acquaintance, nor are there any among our older residents who could so distinctly remember the early incidents and happenings which occurred in this community. His memory was most remarkable, and he was very often consulted by those who desired to establish some fact or incident having to do with the early history of Northville and the surrounding country.

Although born in the state of New York, it may be said that his whole life was spent in this community. His parents settled on a farm between here and Farmington when he was still a baby, afterward buying the property on the Base Line known for many years as the Shaw farm. When he was about six years old, his father came to Northville and built the house next to the old Shepard property on Dunlap street. At that time Northville contained perhaps 25 or 30 buildings and a population not to exceed 100. Thus amid those pioneer surroundings the lad of six grew to manhood and soon took his place among the active pioneer residents of his

town. Louis Williams, electrical entertainer, also appears on this day. His performance is scientific and highly entertaining, though it may also be likened to the work of a magician. Mr. Williams is one of the big Chautauqua features, and will cause unusual interest with his elaborate and costly equipment, generators, motors, etc.

Entertainers who greet you on the third day come from Southern Europe.

Camarata's Mediterranean Musicians show how the Italians make music.

Antonio Cammarata has just completed a successful tour of the larger cities where he is known as "The Wizard of the Accordion." He will play all kinds of music, accompanied by Pauline and Charles Cammarata. Pauline strums prettily upon mandolin or guitar, while Charlie executes difficult passages upon his accordion. They will appear in native costumes. This is most assuredly a "novelty" day.

The fourth day, being the big Chautauqua production, "Polly of the Clematis," last year this play was presented over two of the Community circuits and was a huge success. This year it is again being played on two other Community circuits, and after new reports show a greater success than that of 1920.

RACE DAY SATURDAY AFTERNOON.

There will be a race meeting at the Northville Fair Grounds on Saturday afternoon, for which three races have been arranged—2 25 paces, 2 25 trot and one half mile. In addition to these three events there will be a matched race between Henry Ford and Harry W. for a side bet of \$100. At the matches held recently there has been a good deal of spirit shown by the owners of these two horses and this race has been arranged to determine which horse is master of the track. This race will be a lively one, with a lot of "rooters" for both horses.

The many friends and acquaintances of Hon. Fred M. Warner in this community will regret to learn that he was taken to a Detroit hospital on Saturday to receive special treatment. He has not been in good health for some months past and his condition is now regarded seriously by his family and friends.

In the musical life of Northville Mr. Randolph was one of the principal figures for much more than a generation. For over 20 years he was chorister of the Methodist church and often its organist, possessing a fine voice, and a talent for music, which made him a proficient performer on the flute, clarinet, violin, organ and piano. He owned the second piano ever brought here and was very frequently called upon to tune and repair musical instruments at which work he was an expert. He was for many years one of the foremost members of the celebrated Peninsular Glee Club, an organization which was long in great demand for concert work and political campaign music.

Mr. Randolph has always been a man of much intellectual power and in former years has written many interesting articles, both poetry and prose, used frequently to be called upon to preach the gospel, which he did with ability.

Funeral services were held at his late home on Tuesday afternoon at 3:00 and were largely attended. A poem, written by the deceased many years ago, seems especially appropriate at this time, and from which we take the following:

**OUR BIG CHAUTAUQUA
WILL OPEN TO-DAY**

When the Community Chautauqua opens here this afternoon you'll get your first taste of the newly planned novelty entertainment. The program builders planned for variety this year, and they got it. A casual glance at the list of talent shows every day's entertainment to be different and novel.

Théodore Knox Concert Party introduces this brilliant "novelty" program. These four up-to-date entertainers give a complete performance on the first afternoon and a clever prelude at night. Saxophone quartets, violin and piano solos will feature the program. In addition there will be vocal selections and child recitations.

One of the striking bits of entertainment is character work by

Theodore Knox, who makes up with wig and grease paint in full view of

the audience.

Omar Wilson Singers entertain on the second day. Here you have a clever quartet of male singers with a soprano soloist in addition. Every body enjoys a good quartet, and these men are the best. They present a great variety of songs in combination of duets, quartets and solos. Miss Marthylnne Trippier, soprano, and Omar Wilson, baritone are among the featured members.

Louis Williams, electrical entertainer, also appears on this day.

His performance is scientific and highly

entertaining, though it may also be

likened to the work of a magician.

Mr. Williams is one of the big Chautauqua features, and will cause unusual

interest with his elaborate and costly

equipment, generators, motors, etc.

Attractive Mouth
Of course ideals and ideas about beauty differ greatly, but there can be very little difference of opinion about the attributes of an attractive mouth. In the first place, it must be red, but not too red, and the teeth must be or seem to be perfect.

Aluminum Handled KNIVES PRICE 20 CTS.

A Good Steel Blade cast into a Solid Aluminum Handle.

The blade can not get loose or pull out.

NOTICE
Notice of Review of Special Assessment for the Improvement of Assessment District Road No. 392, under Act 59, Public Acts of 1915, as amended.

To all persons interested in said assessment in the townships of Novi and Farmington, in Oakland county; Northville and Livonia, in Wayne county, and the said townships of Novi and Farmington, in Oakland county, Northville and Livonia, in Wayne county, and to the said commissioners of Oakland and Wayne.

Whereas, I, as State Highway Commissioner, of Michigan, have heretofore determined that the highway commencing at the north section corner common to sections 26 and 27, town 1, north, range 8, east, Novi township, Oakland county, thence south on the section line between sections 26-27, and fractional sections 34-35 to the south section corner common to said fractional section 34 and 35, thence east on the fractional section line between fractional sections 35 and 36, town 1, north, range 8, east, Novi township, Oakland county, and fractional sections 2 and 3, town 1, south, range 9, east, Northville township, Wayne county to the east section corner common to said fractional sections 36 and 1, thence continuing east on the county line between fractional sections 31, 32 and 33, town 1, north, range 9, east, Farmington township, Oakland county and fractional sections 6, 5 and 4, town 1, south, range 9, east, Livonia township, Wayne county to the south section corner common to fractional sections 33 and 34, of said Farmington township, thence north on the section line between fractional sections 33-34 and sections 27-28, to its intersection with the Grand River road in the Village of Farmington, shall be improved in accordance with the specifications now on file, and:

Whereas, I, as such Commissioner, did heretofore determine the boundaries of the special assessment district No. 392 for said highway known as Assessment District Road No. 392 to be as follows: Said district includes all lands within the following boundaries in the townships of Novi and Farmington, in Oakland county, Northville and Livonia, in Wayne county, to-wit:

Commencing at the south 1/4 post common to sections 22 and 23, town 1, north, range 8, east, Novi township, Oakland county, thence west 1/4 mile on the south east and west 1/4 mile of said section 22 to its intersection with the west, north-south line of said section 22; thence south 1/4 miles on the west, north-south line of sections 22-27 and fractional section 34 to the west 1/4 post on the south side of said fractional section 34; thence west about 1/4 mile on the south side of said fractional section 34 to the north corner common to fractional sections 1 and 4, town 1, south, range 8, east, Northville township, Wayne county thence south 1/4 mile on the section line between fractional sections 3 & 4 to the west 1/4 post common to said fractional sections 1 and 4, thence west 1/4 mile, to the east and west 1/4 line of said fractional section 4 to its intersection with the west 1/4 line of said fractional section 34; thence east 2 miles on the east and west 1/4 line of fractional sections 2 and 1 to the west 1/4 post on the west side of said fractional section 1, thence west 1/4 mile on the south side of said fractional section 1 to the 1/4 post on the west side of fractional section 2; thence east 1/4 mile to the center of said fractional section 2; thence north 1/4 mile to the center of said fractional section 3; thence east 1/4 mile to the center of said fractional section 4; thence west 1/4 mile to the center of said fractional section 5; thence east 1/4 mile to the center of said fractional section 6; thence west 1/4 mile to the center of said fractional section 7; thence east 1/4 mile to the center of said fractional section 8; thence west 1/4 mile to the center of said fractional section 9; Catarrh Can Be Cured

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

Week's News in Brief**Steel Mill Resumes Work**

Wheeling, W. Va.—Officials of the Wheeling Steel & Iron Co. announced the Ben Wood plant near here would resume operations August 1 and 1,000 men put to work.

Italians Want Elihu Root

Rome.—Elihu Root, former United States Secretary of State, will be chosen by Italy as one of the foreign members of the Italian delegation to the International Court of Justice at Geneva.

Not Enough Money in Safe

Vienna.—Forcing his employer's safe and finding only about \$20 worth of crowns, Rudolph Twardik hanged himself, leaving a note that the disappointment after so hard a job was more than he could stand.

Sun Causes Death of Baby

Bowwood, W. Va.—Maggie Perkovich, seven months old, was roasted to death in her bed when fire damaged the Perkovich home, caused by the strong afternoon sun rays being focused on a sofa by a flaw in the window pane.

Mrs. Kader Starts Long Term

Cleveland, O.—Eva, Catherine Kader has been taken to the woman's reformatory at Marysville, O., to begin serving a life sentence for the murder of her husband, Daniel F. Kader, Lakewood publisher, two years ago, for which crime she was found guilty July 16.

Shortage May Reach \$1,189,000

Austin, Minn.—The actual shortage in the accounts of R. J. (Cy) Thompson, former comptroller of George A. Hormel & Co., local packers, is \$1,189,000, according to official figures received here from Chicago, where creditors of the concern are in conference.

Conclude Exams on Aug. 27

Washington.—Civil service examinations in all 2,294 vacant postmasterships will be concluded by August 27, the commission has announced.

A total of 3,500 vacant offices, accumulated in the last two years, will have been filled at that time, the commission expected.

CANNING NOTES

Say all surplus from your garden for use next winter.

Now is the time to think of canning, drying and salting.

Beets, carrots, peas beans and corn may be canned by the cold-pack process which insures a product which will keep perfectly and closely resemble the fresh product.

Vegetables are most essential in the winter diet. They supply iron, lime and other necessary minerals for maintenance of health, and add variety to the daily menu.

The more vegetables members of the family eat during winter, the fewer will be the doctor bills in the spring.

STATE TROOPERS FIND TWO STILLS.

Two complete stills and a large quantity of whisky mash and ingredients were confiscated at Redford Thursday afternoon in raids by the state police, under direction of Sergeant Schroeder.

In the ridge of Peter Voss, on the 1,000 Mile Road near Highland Avenue, a still two and one half gallons of molasses and a quantity of rye and msh were taken. Voss was arrested and released at Plymouth while he was held in circuit court jail and none sent to jail.

One stills and a pot of mash and grain of Voss was sufficient enough to apply for a drink when the raid was in progress. He paid a \$20 fine in a Princeton court.

Similar equipment was confiscated from the place of Jack McMillan across the road from the Voss place, but McMillan was absent.

FARMERS' EXCHANGE BIGGEST GRAIN BODY.

Michigan farmers now own the greatest grain marketing organization in the state in the recently incorporated elevator exchange department of the state farm bureau, according to reports made at the first annual meeting of the State Farm Bureau Elevator Exchange, held at the Michigan Agricultural College, July 19. Delegates present represented 95 member elevators and an investment and annual business totaling millions of dollars.

Incorporation of the exchange as a separate organization but closely affiliated with the state farm bureau was in accordance with the commodity control plan adopted last February by the state farm bureau. The exchange will now stand on its own legs and administer its own affairs, but will serve other farm bureau departments and other organizations having cooperative business agreements with the farm bureau.

During June the Exchange, to be known hereafter as the Michigan Elevator Exchange, did a business of \$600,000 and booked 327 carloads of grain, hay and beans for member elevators, says the farm bureau. Last November the farmers' organization started with 23 elevators and did a business of 64 carloads or products totaling about \$64,000.

Widow Shunned in Will

New York.—Harry G. Hemming, killed in the presence of his estranged wife, last week by Frank Eberhardt, caretaker of her Duck Island estate near Northport, referred to Mrs. Hemming as his "alleged widow" in his will, which left her nothing. The document, filed for probate, valued his estate as more than \$10,000, and bequeathed all to his son, John G. Hemming, with the request that he make small gifts to certain relatives.

Novi News.

Gertrude Dulac of Detroit is staying with Mrs. Will Melow for a short time.

Mrs. E. R. Bathrick has returned to her home in Akron, Ohio, after spending three weeks at the Donelson home.

Mr. and Mrs. Chas. Doyle and Miss Snyder of Detroit, Mr. and Mrs. John Rogers and children, Mr. and Mrs. Kline and children, and Mr. Berry, all of Adrian, and Mr. and Mrs. Moore and son of Novi, called on Mrs. Cora Updyke at Mrs. Lizzie Coates' home recently.

NOVI COUPLE IN DIVORCE COURT.

John Miller, farmer of Novi township, has filed a bill for divorce against Mrs. Anna Miller. He says they were married January 21, 1895, and lived together until July 16th, of this year. An injunction was granted by the court restraining the defendant from drawing out any money from the bank which is in their joint names. Attorney, W. S. McNair appears for Miller.—Pontiac Press.

NOVI FARM HOUSE BURNS.

The farm house of Mr. and Mrs. Thomas Levell in Novi township was destroyed by fire last week Wednesday with nearly all its contents. The fire originated in the attic near the chimney and made rapid headway. Neighbors responded quickly to the call for help, but were unable to save but a small portion of the contents of the dwelling. The insurance carried will not begin to cover the loss.

POMONA GRANGE TO HOLD PICNIC.

The annual picnic of Oakland Pomona Grange will be held this year at the Lake Side Cabin of Smith Bartlett, on Wednesday, August 3rd. Senator F. H. McNaughton of Kent county, is expected to deliver an address.

The real fun for the boys and girls old and young, is in the after dinner sports. All who wish a day's outing really worth while, should be present. Mr. Bartlett says.

CANNING NOTES.

Say all surplus from your garden for use next winter.

Now is the time to think of canning, drying and salting.

Beets, carrots, peas beans and corn may be canned by the cold-pack process which insures a product which will keep perfectly and closely resemble the fresh product.

An independent newspaper published every Friday morning at Northville, Michigan, and entered at the Northville post-office as Second-Class matter.

NORTHVILLE, MICH., JULY 29, 1921.

BIRMINGHAM SCHOOLS INCREASE TUITION CHARGES.

The school children outside this school district who have been attending local schools in the past now cost the board of education approximately \$200 per year; that the former charge of \$50 per pupil per year is far too inadequate, and that this fee must be greatly increased, were questions brought before the monthly meeting of the members of the local board of education at Baldwin High school last Monday night.

After a careful comparison of charges exacted in Detroit and Pontiac for outside tuition fees, the board voted on the following fees to be charged in the local schools: From first to fourth grades, inclusive, \$60; fifth to eighth, inclusive, \$80; seventh to eighth, inclusive, \$100, and ninth to twelfth, \$120. These new fees will apply to all those outside of the school district. Last year 118 pupils were on the list.

Because of the additional cost of the new Adams Avenue school and the accompanying expense of new teachers, members of the board thought that this increase was not exorbitant. It was also thought that, due to the present crowded conditions of our schools, some precaution must be taken to provide suitable accommodations for children within the district. According to a ruling by the state department, the state will pay \$60 towards tuition for any pupil attending outside his own district, only in the case of pupils from the eighth grade and up.—Birmingham Eccentric.

Conditions at Birmingham are duplicated in practically every high school in the state. In Northville the cost of the teaching staff alone equals \$50 a year for every pupil. To this expense must be added fuel cost, interest on bond expenditures for new supplies and equipment, janitor service, insurance and all the incidental expense required to operate our school successfully. Thus it will be readily seen that the pupils who attend school figure the multiplying figures and who pay from \$10 to \$60 per year tuition do not contribute their share toward the expense of the district, compared with the student pupils.

OLD VETERANS MAKE MERRY.

On Saturday last Comrade Andrew Houl of this club celebrated his 55th birthday, and in order that he might pass the day pleasantly his grand daughter Norma sounded the bugle call and brought together at his residence a merry company of his old comrades to assist him in celebrating the happy event.

At noon a bountiful chicken dinner was served the guests marching to their places about the heavily laden tables. The piping strains of "Marching Through Georgia" played by the zealous hostess. The table was duly decorated with flags and bunting and flowers and its inviting appearance served to sharpen the appetites of the guests. The feast was a royal one and cream and cake were served to put on the finishing touches.

After the dinner the old veterans declared they were "too full for utterance," but they finally recovered and each comrade had something to say. Congratulations were showered upon Comrade Houl and the guests all expressed their pleasure at being present.

The afternoon was spent in playing checkers and cards, and at the close of "the Perfect Day" the guests declared they had the best time ever. As they took their departure, the guests showered Comrade Houl with best wishes, with the hope that he might be spared to enjoy many more such happy occasions.

The combined ages of the merry group was 633—Andrew Houl 85; E. K. Starkweather 78, A. Woodmansee 82; Leonard Cornwell 84; M. S. Root 78; M. P. White 80; John Mathews 74 and George F. Goodell 77.

RED CROSS CALLS FOR SERVICE.

The American Red Cross has issued an appeal to all chapters for large quantities of children's garments and baby outfits and Northville ladies are urged to take part in the good work. The local committee will soon announce its plans for the season.

Any one having a sewing machine they are willing to loan to the Red Cross will please notify Mrs. C. L. Dabour.

BAPTIST CHURCH NOTES.

Service will be held at this church next Sunday in the morning only. Preaching by the pastor. Sermon topic—"The Widow's Two Mites." Service at 10:30. Sunday school at 11:45. Midweek service Thursday at 7:30.

BIG DOUBLE OVEN INSTALLED.

W. E. Elliott is installing a Middleby double oven in his bake shop and will have the same in operation within a few days. The new oven will have a capacity of 266 loaves of bread at one baking and with this new equipment Mr. Elliott hopes to be able to meet the demands of his bakery trade which has been growing by leaps and bounds during the past year. About a year ago he installed a new oven of sufficient capacity, so he thought at the time, to handle his business for all time, but he soon found out that he had guessed wrong.

Not only has his bread sales greatly increased but the demands for other baked goods have also grown to such an extent that a larger oven was needed and with this new addition to his bakery Mr. Elliott believes he can supply this community all the baked goods required.

The installation of the new and larger oven has necessitated some changes in his bake shop and some improvements as well. He is rearranging the other equipment of the bakery, adding new tables and counters, putting a cement floor in a part of the building and giving the interior of the bake room a thorough cleaning with scrub and paint brushes.

When all the improvements have been made Northville can boast of about the best equipped bakery to be found anywhere in towns of this size—in fact Mr. Elliott's bakery would do credit to a much larger community.

NEW BUILDING AT FORD PLANT.

For the purpose of providing suitable quarters for the pre-heating furnaces and the welding department a new building is being erected at the Ford plant in this village. The new structure is of steel construction, 26x32 feet in size, with a high ceiling and cupola roof, and is located just east of the present plant. This improvement was made necessary by the intense heat which was produced in the main building by the two furnaces and the welding machines. These will be moved to the new building and other machines will be rearranged so that more space will be available between operators. A system of fans conveys cold air throughout the building, but with the intense heat and the low ceiling workers have suffered greatly.

The Ford plant is a busy place these days without every available foot of space occupied by a machine and workmen. The output of valves for Monday was 77,000 and when one considers the different operations necessary to make a complete and finished valve they must realize that both men and machines work lively.

While a record representative was at the plant Tuesday afternoon he witnessed a demonstration over the radio system in which six sets were sent and received from Dearborn. Randolph Reiter is the radio operator at the plant and is especially courteous and obliging in explaining the operations of the system. The forenoon of the 15th he witnessed a demonstration and the public is welcome at all times. In fact the people of Northville will be made welcome if on time they desire to pay a visit to the plant and it is worth while to witness the operations of the many machines, which seem almost human in the manner in which they to their bunting flags and in making up.

METHODIST CHURCH NOTES.

The usual services will be held Sunday morning—sermon by the pastor at 10:00. Sunday school at 11:30. No evening service "on account of Chautauqua."

PRESBYTERIAN CHURCH NOTES.

Sunday morning service of worship with sermon by the pastor at 10:30 o'clock. The subject will be "Burden Bearing." Paul says that each man shall bear his own burden. He also tells us to bear one another's burdens. And the Psalmist tells us to cast our burden upon the Lord. What shall we make of this seemingly contradictory advice? The Sunday school meets at 12:00. There will be no evening service because of the Chautauqua.

This will be the last Sunday before the summer vacation. Let us all be present at these two services.

ANNUAL MEETING.

The Annual Meeting of the Stockholders of the Northville Loan & Building Association, for the election of Directors and the transaction of such other business as may come before the meeting, will be held in Library Rooms, in the Village of Northville, Michigan, Friday evening, August 5th, 1921, at 8 o'clock sharp. I. E. VAN ATTA, Secy. Northville, Mich., July 26, 1921.

PINEAPPLE FRUIT CREAM AND
STRAWBERRY.

OUR NEW OVEN

The "finishing touches" are being put on our new oven this week and we will soon be able to bake 266 loaves of our fine Bread at one time, and as it requires but about a half hour to bake a "batch of Bread" you can readily understand that we can turn out a whole lot of Bread in a few hours. This new oven was made necessary because of our constantly increasing Bread sales and the increased demand for our other Baked Goods. With this new equipment we shall be able to supply this community with all the Baked Goods required.

If you have not tried a loaf of our Bread we invite you to do so. We are sure a trial will make you a regular customer.

Get your Baked Goods here for your parties, reunions and family gatherings. All special orders will receive prompt attention.

Velvet Brand Ice Cream—Brick or Bulk.

NORTHVILLE, MICH.

LOCAL

Race matinee Saturday afternoon. Stewart Montgomery is driving a new Dodge car.

Ward Machimer is the new clerk in C. D. Kilgour's clothing store.

The berry crop is about over for the season. The dry weather shortened the crop greatly.

Lyle Kestell is taking a four weeks' vacation which he is spending training at Camp Grant, Illinois.

Northville's Community Chautauqua will open this Friday afternoon.

Have you secured your tickets?

Birmingham citizens are considering the proposition to erect a \$200,000 hotel and theater building.

Mr. and Mrs. T. N. Barnhart of Grand Rapids were called to Northville by the illness and death of A. M. Randolph.

Mrs. Earl Stanbro (nee Grace Barber), who has been so sick at Northville, is slowly recovering.—Salem Courier, South Lyon Herald.

Dr. and Mrs. E. B. Cavell have moved into the Dr. Dah Henry residence on West Main street, having rented their home on Butler avenue.

The potato crop in this section, both early and late, is practically a failure. The dry weather and the blight seems to have affected the crop greatly.

E. A. Fuller will have charge of the poultry and pet stock exhibit at the Northville Fair this fall. Mr. Fuller certainly knows how to conduct a poultry show.

Miss Beth Ponstöld entertained the members of her Sunday school class at her country home very pleasantly Monday evening. Supper was served and games were enjoyed.

Sometime during Monday night a thief or thieves removed the tires from three wheels of a Ford car which was left near the Ford plant by one of the workmen who came out from the city.

Someone started a report that the water in Walled Lake was not suitable for bathing. The State Board of Health recently made an analysis of the water and found there were no traces of impurities.

Mrs. Ursula H. Stop, an old resident of Novi, who is 90 years of age, was brought to the home of Mr. and Mrs. Charles Mundy in this village last Saturday and will make her home here.

The annual farmers' picnic for Macomb, Oakland and Lapeer counties will be held at beautiful Lake Orion on Wednesday, August 3rd. A fine program is being prepared and every body is invited.

W. McFadden has bought the hotel property and in the deal, Mr. Tolson and family go on a farm west of Salem and a Mr. Bolton of Northville will run the hotel Salem on South Lyon Road.

The remains of the Rev. Mrs. M. M. and Mrs. John Waters of Milwaukie, Oregon, were brought to Novi for burial. The body accompanied by the surviving deportees arrived here Saturday afternoon and burial took place at the Novi cemetery Sun by forenoon. Mrs. Water was to marry Miss Shirley of Novi.

Mr. and Mrs. W. B. Stark and daughter, Darla, were recent callers at the V. H. L. Ladd home at Whitmore Lake. Miss B. Ladd and Miss A. Ladd of S. Graway, and the former's daughter, Miss Pauline Ladd of River Rouge visited relatives in town Tuesday.

Three hundred residents of Oscoda county have sent a petition to President Harding requesting that the railroads in the country be turned over to Henry Ford for operation. Mr. Ford recently announced a reduction in freight rates on his railway system—the Detroit, Toledo & Ironton.

There will be a treat in-store for all who attend the Chautauqua Sunday—both afternoon and evening. Camaratas Mediterranean Musicians will furnish the musical programs and Dr. Denton C. Crowell will give a lecture in the evening, his subject being "The Spirit of Service." He has a message all should hear.

Charles Johnston, aged 82 years, died at the home of his son, George Johnston, Tuesday noon. He had been an invalid for a long time and death came as a sweet relief. Funeral services were held Thursday afternoon and the remains were taken to Rochester for burial. A suitable obituary will be published next week.

While Mrs. Oscar Hammond was returning to her home in Salem from Northville last Saturday morning the radius rod to her car broke and caused the machine to leave the road and plunge into the ditch, bringing up against the fence. The windshield was broken and Mrs. Hammond was cut by the broken glass and also received a number of bruises.

Some of the joy riders of the village had formed the habit of driving their cars through the driveway at the Ford plant and it became necessary to erect barriers and chains were placed across the entrances for the first time Monday night. Sometime during the night after midnight some one drove their car into one of the chains. The chain was broken and also one of the head-lights on the machine.

Harry S. German was called to Flint Monday by the manager of the Flint ball team to fill the pitcher's box for Flint in its game with the Bradford, Ont. team. The Flint team is a member of the Michigan-Ontario league and naturally is in pretty fast company. The team had lost, however, eight straight games and seemed to be on the toboggan and Northville's star pitcher was called in to stem the tide. Mr. German pitched the first four innings and in that inning was hit with a ball and had the misfortune to split a nail on one of the fingers on his pitching hand and was compelled to retire. The score at the close of the fourth was 5 to 1 in favor of Flint and the game was won by the Motor City team by the score of 9 to 5. Flint followed its good fortune by winning again the following day and Mr. German was urged to return as soon as his hand would permit and to become a member of the team.

TO HOLD MASS MEETING.

There will be a mass meeting of citizens of Northville in the Methodist church on Thursday evening August 4th, at 7:30 in the interest of good citizenship. The address will be delivered by Dr. W. S. Fleming of Chicago, representative of the National Reform Association. The speaker has had wide experience in matters of reform and will give an address that should be heard by every citizen of Northville. The churches are co-operating in this meeting. Every body cordially invited.

FANS ENJOYED TEN INNING GAME.

Northville base ball fans enjoyed a real treat Sunday afternoon. The General Motors' team from Pontiac came with the determination of carrying off the honors of the day, but they did not guess correctly the strength of the Northville Foresters' team.

The visitors started off with a fine lead and continued to hold that position for five innings. Then the home team rallied and passed them on the tally board. At the beginning of the ninth inning the score was 10 to 8 in favor of the visitors and at the close of the inning the score was a tie—10 to 10. In the tenth inning Northville made one score and shut out the visitors, making the final score 11 to 10 in favor of the home team.

The visitors were a fine lot of fellows and a return game will, doubtless, be arranged.

On Sunday afternoon kept the Hamilton Boulevard team from Detroit will come here for a game and the management decides they are going to win. But we shall see.

MANY ENJOYED SUMMER PICNIC.

The picnic given at Constance Bluff by the Northville Club, July last, Friday was a most delightful affair and was enjoyed by a large company of Shriners and their families and friends. Quite a company gathered for the afternoon, but the majority of the merrymakers arrived in time for supper which was served in the grove adjoining the pavilion. The guests gathered in family groups about tables, sipping with a great variety of glasses, to eat and the committee supplied coffee and trimmings and a generous supply of ice cream. After all had been served cigars and chewing gum were passed and a general social hour or two followed.

The guests were supplied with tickets for the dance and this feature of the picnic proved a delight for old and young. Along about midnight the Northville contingent gathered under the apple trees and again regaled themselves with ice cream from the generous supply furnished by the committee.

James A. Huff was chairman of the committee and he deserves a vote of thanks for his efforts in making the affair such a success.

WHAT DO YOU GET OUT OF A YEAR'S WORK?

Saul—the star of the Christian era—came to Antioch and helped to instruct the folks of that city.

A year's work among them led to practical relief work for famine sufferers.

Saul's reward for that year was a bigger task—a field of wider influence—a period of greater hardships.

Your past year in Northville has accomplished what? Has there been a real addition to the town's work?

Are modern churches as helpful to one another as they could be?

How much do we owe the churches of this village?

If you have some observations to make why not attend the

METHODIST SUNDAY SCHOOL

Lapham State Savings Bank**NORTHVILLE**

A bank is a common institution, but there are a good many people of wide general information who have only a limited knowledge of the various services of a bank. A considerable portion of the population make no direct use of banks, and it is easy for these persons to conclude that banks do nothing for them. And there are people who have bank accounts and are accustomed to use bank credit, but who find themselves at times restricted in accommodations, and do not understand why this is necessary. "Am I not good?" and "Is there not as much money in the country as ever?" they sometimes ask. If the supply of available funds is reduced and the banker adjusts his operations to the means at his disposal, people sometimes think that his action is arbitrary, ill-advised, and perhaps taken with insufficient regard for the general well-being.

Always there has been feeling in some quarters that banking was rather an exclusive and privileged business, remote from the people, but exercising a mysterious and irresponsible power. It has been said that the privilege of using bank credit is dispensed without regard to the best interests of the public, objectionable purposes being frequently favored while persons who would use it productively are denied accommodations.

It would contribute to good feeling and be generally helpful if, whatever there is of mystery about the banking business might be dispelled, and everybody could have a full knowledge of banking principles and of the relations of banking service to all the activities of the community.

It is a mistake to think that because a person does not have a bank account or enjoy the privilege of borrowing at a bank, he derives no benefit from the banking system. A man might as well say that he never traveled or shipped any goods, and therefore derived no benefit from railroads. The banking system is an essential part of the modern industrial organization and the highly organized system of trade by which products and service are exchanged. It provides facilities for industry and trade which effect great economies in production and exchange and cheapen the cost of the necessities of life to the consumers—National City Bank of New York.

YOU CAN LAUGH AT HOT WEATHER

If your feet are comfortably fitted to a pair of our Oxfords or Pumps. To have your feet comfortable makes all the difference in the world as to how you can stand the hot days.

KILGOUR'S**Cleaning****Pressing****Dyeing****FARMINGTON TO HAVE NEW CHURCH.**

Excavation was started Tuesday by Everitt Winters, Detroit contractor, for the new Farmington Methodist church which is to be erected at the Grand River and Warner avenues at a cost of \$35,000. The new building, which will be ready for occupancy January 1st next, will be a complete church unit, with auditorium, community house and every facility for social work. The exterior will be treated in an early English style, and will be of dark brown brick with cut stone trimmings. The interior will contain every modern convenience. The church will stand on a site 150 by 200 feet.

...Liquid Veneer Mop Polish...

Goes Twice As Far

We want you to know about that wonderful new article, Liquid Veneer Mop Polish, just being introduced by the Liquid Veneer people.

It is especially made for renewing Dusting Mops and not only does it do the work wonderfully well, but it really goes Twice as Far. No matter what kind of an oil or dust mop you have, just try Liquid Veneer Mop Polish and you will marvel at the results.

This remarkable new polish, while primarily intended for floors, is just as wonderfully effective on pianos, furniture and woodwork, cleaning and polishing at the same time. Requires no shaking and is easily applied with a cloth.

Won't you please favor us with a call and let us tell you more about Liquid Veneer. We shall also be pleased to supply you with anything you may need in Hardware.

Try Record Liners For Speed

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1896, for the week corresponding to this week.

Edith Carpenter is visiting in South Lyon.

Northville bairies are painting the Farmington grist mill.

Charles Wilkins and wife have been camping at Union lake.

Miss Ross Barley returned home from Flushing, yesterday.

Miss Mabel Clark is visiting among Chicago friends for two weeks.

Roy Jenner and sister of Detroit, are visiting Northville friends.

W. A. Porter made some very nice special views of the flood ruins on Monday.

Claude Shaefer returned Saturday from a three weeks camping trip at Straits lake.

Misses Jetty and Mabel Lancaster are rustinating at J. B. Wilcox in North Farmington.

Miss Chapelle of Ypsilanti, is being entertained at the home of Mr. and Mrs. C. T. Thornton.

Mrs. Edith Chamberlain and son of Adrien, are visiting her parents, Mr. and Mrs. James Taylor.

Mrs. Adrich Knapp was given a surprise party by her friends July 23rd, the occasion being her 77th birthday.

Mrs. W. H. Green (Lottie Lake) and little daughter, Hazel of Chicago, are visiting in Northville and Wixom for several weeks.

Miss Maude Garfield went to Holly Wednesday to have a tumor removed from her neck by Drs. Wade and Burges.

Mr. and Mrs. H. F. Townsend and son, Richard of Fresno, Calif., are visiting Mr. and Mrs. S. Webber. Mrs. T. is a sister of Mrs. Webber.

Dr. M. T. Walline and wife of the Forty-Six Indian reservation were among old friends here this week. The doctor is acting as the government's cashier on the reservation. His brother-in-law, Major Baldwin, is in charge of the camp which is an important one.

The hardest rain storm ever known here passed over this portion of the country Sunday evening about 7:30. The stone culvert on the E. & P. M. near Robert Yerke was washed out, about three rods of sidewalk near the Catholic church were washed out and with it a section of solid road bed almost into the tracks, water rising up to the floor of the John Raymond home compelling the family to seek places of safety; the wooden bridge bridge on Ryndolph street was swept away; Alex Daly lost a chicken coop, chickens, and fruit trees. J. A. Dubuque got his small garden in top of a lumber pile to exchange for a damage of \$100 to his stock. Thus Dubuque lost at least a ton load of hill stub on Awatone street; the bridge was taken out and the bank caved in some ten feet beyond it, fully fifty feet of earth was washed out of the turnpike crossing between the mill pond and the river. A mile from Yerke street to the mill the ledge failing nearly ten on the north approach to the P. & L. bridge was washed out, the cost estimated at \$2,000; the Globe Coal Company losses from damage to lumber etc. and over dam went out the following day, about \$100 worth of barn for the residence of H. C. Wade was lost and 1,000 trees in the ravine were cut down. The water reached the ground floor of barns and houses, and trees were left uncovered, washing in the water. About 100 trees blown down near the river were scattered at Wadsworth.

STATE TO INSPECT ALL HEAVY STATES

Recognizing that reliable weighing and measuring devices are as necessary to good business as dependable currency, and that 75% of the products of Michigan agriculture passes over heavy platform scales each year, the Bureau of Weights and Measures of the State Department of Agriculture will add two enclosed trucks for inspection purposes to its heavy scale department. Funds for the purchase of the trucks were allowed in the budget by the 1921 legislature.

Each truck will be equipped with measures to test gasoline pumps used at filling stations, and one ton of test weights for heavy scales. Correction of errors detected in scales will be made by the inspectors whenever possible. Frequently, it is said, the faults may be corrected by minor adjustments which the inspectors can easily make, obviating the necessity of merchants sending for scale experts.

"In the past," says H. H. Halladay, Commissioner of Agriculture, "the Bureau of Weights and Measures has not been able to look after any scale work except complaints on individual scales. Under the old system the test weights had to be shipped by freight, often taking weeks before the scales were examined. Systematic examinations can now be carried out by the department which will in time bring the scales of every county in the state to a higher degree of accuracy.

The only parts of the state heretofore that have been getting scale inspection have been the more progressive communities having local sealers of weights. The new truck equipment will be at the disposal of the local officials whenever it is needed.

SCHOOL BOARD ORGANIZED

On Wednesday evening of last week

OAKLAND TEACHERS' EXAMINATION

dates for the near county teachers

examinations for candidates for first, second and third class certificates were announced Monday by A. L. Craft, county school commissioner.

The tests will be held in the Pontiac high school building Thursday, Friday and Saturday, August 11, 12 and 13. In announcing the examinations Mr. Craft stated that all teachers who are attending summer school and those who have done reading circle work will be excused from writing on the subjects of reading, theory and art.

Michigan News

Tensely Told

Pontiac—Carl and Olive Rasmussen, of Sealine, formerly of Royal Oak, have been put on trial in circuit court charged with larceny of household goods from Frank Brues, of Royal Oak.

Northville—Dates for the Wayne county fair at Northville have been set for September 28, 29, 30 and October 1. The fair will run day and night with fireworks, 25¢ an admission attraction.

Michigan—Going to the rescue of his drowning niece in Pickrell Lake, Clyde McCay, 17, Pavilion townsperson, succeeded in saving the girl, but before he sank back into the water exhausted.

Benton Harbor—Benton Harbor has adopted the commission manager form of city government, electing five prominent business men commissioners. The commissioners named J. N. Klock, a manufacturer, as mayor.

Bad Axe—James Baldwin has been unanimously elected to succeed himself for his thirty-fourth year as a member of the board of education. His years of continuous service on an educational board is believed to be a state record.

Grand Rapids—Declaring some taxables are rolling barrooms, Superintendent of Police A. A. Carroll has urged the city commission to adopt a proposed ordinance to bring the taxable business under closer supervision of city officials.

An Arbor—The Rev. Lloyd C. Douglass, for 11 years pastor of the First Congregational Church here, has resigned to take up religious work in industry at Akron, O. He also will take charge of the First Congregational Church at Akron next fall.

Battle Creek—John H. Patterson, whose resignation as president of the National Cash Register company, was announced Monday, is in the city where he came for rest and recuperation at a local sanitarium. He is accompanied by his personal physician.

Sault Ste. Marie—The Chippewa County Historical society has erected an 18-ton granite boulder marking the spot where Governor Lewis Cass, 101 years ago, concluded a treaty with the Chippewa Indians giving the government a tract of 16 square miles which is now Sault Ste. Marie.

Adrian—Mrs. Calvin Meyers, aged 66, drowned herself in the river Raisin at Deerfield, 14 miles east of here. She left a note in her house advising survivors to "look in the River." Men searched the streams for four hours before recovering the body. Mrs. Meyers is survived by her husband and one son.

Lansing—Another warning against the spread of diphtheria has been sent out by the State Department of Health in connection with the release of figures on the number of cases in Michigan for the first six months of 1921. There are 1,000 child cases from diphtheria every year in Michigan, the board says.

Ida—M. C. Thorne, 42, retained his job as county agent of Monroe County, despite action by the extension department of Michigan's Central College calling for his resignation. The county organization of the farm bureau, however, voted to continue Thomas in office by inducing Thorne to this quiet previously taken by the county executive committee, 32 to 10.

Sault Ste. Marie—Alpena was chosen as the 1922 convention city of the Michigan Fremen's Association after two ballots were taken. State officers elected were: Frank Trumbull, Sault Ste. Marie, president; Dennis C. Rivet, Bay City, first vice-president; Fred W. Griswold, Albion, second vice-president; H. L. Williams, Ludington, secretary-treasurer; Captain William Brookes, Saginaw, statistician.

Howell—Livingston County officers have indicated that Willard A. Lawson, of Detroit, arrested a few weeks ago on a charge of killing his wife while on a hunting trip at Island Lake two years ago, will not be brought to trial at the special session of Circuit Court which will open July 26. An investigation of the case is being made and will not be completed in time for this term, it was said. Lawson is out on \$5,000 bail.

Port Huron—Who says bathing suits are too immodest to be worn on the streets to and from the bathing beaches? This question has stirred whole sections of Port Huron with the bathing suit contenders in the lead. "Wasn't Eve attired in something just a little less than a bathing costume when Adam met her?" "Yes," replies the stern maids. "And Adam wasn't shocked." And, didn't she get away with it, too?" is the binder to the question. So, Port Huron reformers have compromised.

Pontiac—The D. U. R. has replied to requests of the Pontiac City Planning commission for complete rebuilding of main trolley lines in Pontiac, removal of the third track from Saginaw street and double tracking of the northwestern division in the city. The answer is that the expense would approximate \$300,000 and prospects are not favorable for earning reasonable return on the investment. General Manager Birdsell wrote that adequate returns are being contemplated. He suggested a meeting with the city commission.

NOVI ELEVATOR

COAL COAL COAL

In Hard Coal we have Chestnut size, Stove size, Egg or Furnace size.

In Soft Coal we have Kentucky "Blue Diamond," a car of Cannel and a Car of West Virginia Barren Creek lump on the way.

The price is now absolutely at the bottom. Why pay more? By putting in part of your winter supply now you will not only be saving for yourself but it will help the dealer by giving him an opportunity to supply part of your needs and making room in his bins and yards so the supply may be kept coming, while there is no congestion of freight, such as surely will be the case should the wage question bring about railway troubles later.

We still have a supply of that good old Larro Dairy Ration, Unicorn, Fine Middlings, Bran, Cotton Seed Meal, Poultry Mash, Scratch Grain, Wood Pulp, Lime, Cement and Salt. We have Salt in barrels, blocks, bricks, sacks and cartons.

Cedar Posts, Drain Tile—no better tile manufactured—and many other farm commodities.

Call on us when you are in need of anything in our line. We are here to serve you and to do so in a mutually satisfactory manner.

WHY NOT YOU?

We have been selling a number of Dodge Brothers' Motor Vehicles during the past few weeks—you have doubtless seen them rolling down the street, smoothly and noiselessly.

These cars represent the very best in workmanship, design and material, and we have yet to learn of a Dodge owner who is not perfectly satisfied with his purchase.

We shall be glad to place your name on our list of those who desire to purchase a new Dodge, and to make delivery as soon as possible. Ask your neighbors who are driving Dodge cars what they think of them—of their power, or their stability, of their roadling qualities. We shall be glad to have you tell what they say about them.

Tires, Tubes, Gasoline Oils.

Remember we are at your service whenever you need help with your motor or your car. We strive to serve our customers quickly, but our first thought is to serve them well.

MARRIED AT PONTIAC.

Surrounded by a large circle of relatives and friends, Miss Ruth Irene Clapp, daughter of Mr. and Mrs. J. W. Clapp of Matthews street, and Cecil Ellis of Detroit, were united in marriage by Rev. Horace Sayles of Plymouth Baptist church, a family friend, at 3 o'clock Saturday afternoon. The wedding took place at the home of the bride's uncle and aunt, Dr. and Mrs. Harry A. Sibley, on Matthews street.

which was beautifully decorated with goldenrod, purple veronica and ferns, all of which composed the altar.

The bride, in a frock of white voile, over white satin, and carrying a slender bouquet of white roses, was accompanied by Miss Marjorie Cole of Mayville, maid of honor, and the groom by Mr. Oliver of Detroit, as best man, congregating at the altar to the strains of Mendelssohn's wedding march played by Mrs. Harry Stilley.

A dainty two course luncheon was served to 35 guests in the dining room, immediately followed by the departure of Mr. and Mrs. Ellis for Union lake, where they will spend two weeks.

They will make their home in Detroit. Among the many guests in out-of-town were Dr. Gertrude Banks, Mr. and Mrs. R. D. Stevens, and Dr. M. G. Millman, of South Lyons; Mr. and Mrs. John Wilson and Nathan Clapp of Northville, and Mrs. Arthur Tait of Plymouth. Mr. and Mrs. Ellis were recipients of many exquisite gifts —Pontiac Press.

The Book Worm's Bother.

Volumes have been written about the operations of the book worm and prizes offered for some suggestion for preventing their activities, but the book worm still thrives. The books made of pure rag paper, rag and wood fiber, and clay filler, each one attractive to a particular group of insects and the result is that no volumes are immune from their attacks. Many binders are very attractive to ranches and it sometimes happens that owing to the combined activities of these pests that a book is reduced to a mass of dust.

3 days of
music FREE

Cut out this ad and mail it today. We send you a New Edison on three days free trial. No obligation on your part.

Mr. Edison has offered 23 prizes, totaling \$10,000, for the best phrases of four or five words that distinguish the New Edison from other phonographs and talking machines. We are making this offer so that you may become better acquainted with the New Edison, before sending in your prize phrase.

The NEW EDISON

The only phonograph which can sustain the test of direct comparison with living artists.
