CITY CHILDREN ENJOY LIFE OUT IN THE OPEN

Camp Forest Hill which is located in the hills west of Northville on property adjacent to the sanatorium grounds, is a busy place these days with its many little guests from the city. There are about 75 children in camp now and this number will increase gradually during the next few weeks. It is proposed next season to open the camp earlier—as early as May 1st—and to keep open house until about the first of November. The children remaining after that date will be cared for in the permanent children's hospital which is now in course of construction. This new building, or pavilion, as it will be termed, will be one of the most complete and elaborate of its kind to be found anywhere.

The children in the summer camp are greatly enjoying their outing out among the hills and the trees.

Rest, nourishing food and mild entertainment, consisting of games, songs, short hikes and story hours are the principal prescription for the campers. Each day they arise at 7:30, breakfast at 8, study their rooms at 8:30 play until 10, when they are given milk and crackers, have another recreation period until 11:30 and dine at noon. The afternoon's entertainment is similar, supper coming at 5:30, shower baths at 6:30 and bed at 7:30. The swimming pool, which was constructed last summer, is being rebuilt and will be ready during this week.

Four nurses, full recreational supervisors and seven other helpers, including a cook are in charge of the camp. Miss Ruth Oakes is chief nurse and the others are Miss Greenberg, Miss Lettie Marsh, Miss Nettie McFee, Miss Palmer, Miss Sarah Sugar, Miss Florence Watson and Miss Altha Bowbeer. Visitors are welcomed every Sunday after 2 p. m.

FORD WILL NOT PRODUCE NEW CAR

The Ford Motor Company, in reply to the persistent reports that a new model of automobile will be brought out by the company August 15, this week issued the following statement:

"Our attention has been called to recent newspaper articles to the effect that there is to be a new model Ford car on the market August 15, with a change in design, in a word, a new and better car than the old one. As we do not contemplate any such changes, and there is no foundation for these reports, we have a hesitancy in making denial of the report."

Production during July totaled 107,123 cars, according to a preliminary statement. This is at the rate of 2,200 cars a day in the twenty-one working days of the month.

During the first year just closed the total output was 104,454 as compared with 90,000 a year ago. The result for the year is considered exceptionally good by Ford officials, when taking into consideration the fact that during the months of depression, the Ford plant was practically shut down and comparatively few cars made. This situation has lasted several months. If operation could have been maintained at a normal pace it is more than likely that the schedule laid out in 1920 and which called for 1,250,000 cars, would have been exceeded.—Michigan Manufacturer

TO REVIEW ASSESSMENT FOR NEW HIGHWAY

On Monday next, at the village hall in Northville, the State Highway Commissioner will announce the assessment of benefits upon the new Northville-Livonia-Farmington highway, work upon which is now progressing rapidly. The meeting will be held at 11 a. m., and all property owners whose lands are liable to assessment for said highway improvement, the supervisors of the several townships traversed by the road and the highway officials of Oakland and Wayne counties are urged to attend.

Work on the new highway is being pushed forward with much vigor. The grading in the section of the highway leading east from Farmington to the Base Line road is nearly completed and on the Novi end of the road a big crew of men and teams are at work grading.

The apple crop for the United States this year, according to carefully prepared reports, is said to be twenty million barrels short of last year. Prices for apples will be high this season.

EXPRESS GOOD WISHES FOR EX-GOV. WARNER

The following editorial taken from the Pontiac Daily Press of August 8th will be of special interest to people of this section, as well as giving expression of the kindly wishes all entertain for Mr. Warner:

Friends of former Governor Fred M. Warner in Oakland county, and this means the large share of the population are gratified with the good news which comes from his home to the effect that he has withstood the removal from a Detroit hospital without untoward incident and is resting comfortably.

While he is to be confined to his bed for some weeks, the physicians believe that his recovery will be perfect. Mr. Warner has contributed liberally of his time and energy and of his rare good judgment to the welfare of the people of this country. His service to the state has been notable and he enjoys the good will and the respect of people in all sections. Probably no man who has been in public life in Michigan makes a greater appeal to a larger number of persons of all shades of opinion and political preference.

He is a wizard at statistics and no official at Lansing ever more completely mastered the subject of state expenses than Mr. Warner. He brings broad experience and practical hard sense to any task to which he applies himself.

That his recovery may be speedy is the wish of so many good friends that it must act as a cheering cheer in the sickroom at Farmington.

In his home town Mr. Warner has for years been a leading factor in all its advancement and enterprises and he has given generously of his time and money in every field of progress.

While he is now improved in health from that of two weeks ago, his physician advises that an absolute rest for some time is necessary.

Ex-Governor Warner has many friends in this state who are glad to learn of his improved health. The high regard in which he is held all over Michigan was indicated last year when his many friends placed his name on the state ballot for National Committeeman from Michigan. He was in California at the time and had no part in the campaign, but he carried 79 of the 82 counties in the state against several very well-known candidates.

The many expressions of regret received by members of his family when friends about the state learned of his illness came from people in all walks of life and all breathed a spirit of friendship and high regard. It is a distinct loss to any community when a man like Mr. Warner is stricken and is compelled to give up his active, every day duties, even for a brief period. That he may speedily recover and again take his place in the activities of the community he delights to call his home is the sincere wish of his large circle of friends and acquaintances.

SIXTY AUTOS MADE TOUR OF ORCHARDS

How the automobile is helping to knit farmers more closely together was evidenced last week when some sixty machines and more than 300 persons took part in the three-day tour of orchards in Kent, Oceana and Mason counties under the auspices of the Michigan Horticultural Society. The tourists inspected the results of special methods of fertilization, pruning and spraying. Before breaking up on the shore off Lake Michigan in Mason county, they decided to visit orchards of Allegan and Van Buren counties, next year.

NORTHVILLE STATE SAVINGS BANK

Northville, Michigan.

The Northville Record.

E. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning, at Northville, Michigan, and entered at the Northville post-office as Second-Class matter.

NORTHVILLE, MICH., AUG. 12, 1921

OBITUARY—A. L. HAY.

Northville lost an esteemed and loved friend in the death of Alexander L. Hay, July 29th. Mr. Hay was a native of the province of Quebec, born to Beebe, Plains, Quebec, on the Quebec-Vermont border, in 1859. He was the son of James and Janet Hay, his father being a pastor in the Congregational denomination, who was assigned to a pastorate in Woodlough, Australia, and it was here that the late deceased spent his boyhood days. He later moved to Cape Town, South Africa, and from there to Jamaica, British West Indies, and returned to this country to live in Boston, Mass. In recent years he frequently referred to his many interesting experiences in those lands in their pioneer days.

In early youth he became a member of the Congregational church, and during his lifetime was an energetic worker in that faith, at the time of his death being a member of the First Congregational church of Detroit. He was married in 1880 to Jessie E. Hay, who survives him. In 1894, Mr. Hay moved to Detroit, where he resided until about two and a half years ago, when he settled in the village of Northville. Twenty-five years of his life were spent in traveling through the Dominion of Canada, representing business houses, during which time he made annual trips to both the Atlantic and Pacific coasts.

His health failed him last December, and since that time he has been confined to his home, remaining cheerful until death came as a sweet relief. Always looking to the welfare of others, he sacrificed many personal ambitions to bring pleasure into the lives of those with whom he associated. Besides his wife, the deceased leaves two brothers, Charles of Northville, Ontario, and Edward of Quebec, a sister Mrs. H. D. Curtis of St. Albans, Vermont, a daughter, Mrs. H. T. Burkhart of Detroit, and a son, Ralph L. Hay of Northville.

Funeral was conducted August 1st by Rev. J. V. Pichon, whose words of service were comforting, burial taking place in the St. Joseph's cemetery in Northville.

NEW ADOPTED UNIT SCHOOL, SIX.

At the school election held in Northville on Monday to vote upon the proposition of adopting the township unit school system, a large vote was polled in favor of the proposition, which will be in effect on September 1st. There were a total of 284 votes cast and of that number, 192 were in favor of the proposition and 92 opposed.

Within fifteen days another election will be held to elect a board consisting of 12 members, whose duty it will be to have complete supervision of the school, and to see to it that a high standard of education is maintained in the conduct of a graded school.

The matter of consolidated schools has been given a great deal of thought and attention, and the movement in that direction seems to be gaining ground.

BROKEN EGGS—COST RAILWAYS MILLIONS.

Carriers paid more than \$2,000,000 last year for damage to eggs in transit and it is believed that unsafe transportation of eggs costs the nation about \$5,000,000 annually, says the state farm bureau-traffic department in bringing to the attention of farmers and other shippers the increasing rigidity of the carriers' rulings on allowing such damage claims. Use of second-hand or used fillers in egg crates invites trouble and precludes the possibility of recovering a claim against the carrier, says the farm bureau. The American farm bureau federation would protect shippers by having manufacturers stamp their products as meeting the carriers' requirements.

SCHOOL FUND IS \$10.50 PER CHILD.

Superintendent of Public Instruction Thomas E. Johnson last Tuesday announced that the apportionment to counties from the state primary school fund this year will amount to approximately \$10.50 per child of age 5. The total amount to be received by the various counties and municipalities have not yet been compiled. The total amount to be distributed this year will be \$10,260,563.50. The total and the per capita apportionment will be the highest this year of any single year in the history of the state, except in 1907 when the fund for three years was apportioned because of court action which held up the primary money in the two preceding years.

Mrs. George Munn's son, Ruben, and his wife, were guests of Mr. and Mrs. Harry Elliott and family over Sunday.

FARM BUREAU TO PRESENT PAGEANT.

Over 400 members of the Oakland County Farm bureau local will participate in an elaborate pageant to be held August 24, at Maceday lake in connection with the annual county farm bureau picnic, it was announced at the bureau offices Friday. The pageant will depict the struggle of agriculture in Oakland county toward its present day organized basis from the time when the Indians held sway.

Stages in the process of development from the days of the most primitive farming will be presented by farm bureau units. All actors in the pageant will appear in costume, and all the scenes will be presented in the open air.

The following groups are now preparing costumes and other paraphernalia for presentation of the scenes. Addis farm bureau local, Indian stage, North Orford, the pioneer stage and the primitive farming scene in vogue. Clarkston, the machinery age of the development period, Oakwood, the organized agricultural group of the development period, Clyde, the "capitalistic group" of the development period, Wixom, the consumers' group, of the development period; West Highland, the ideal present day organized rural community group.

Special characters roles will be portrayed by the following: Queen Agriculture, by Mrs. Jennie Taylor of Oakwood; King Capital, by Elmer Erickson; Crier, Sheldon Lattinette; West Highland.

It is expected that the pageant, which is being directed by C. B. Cook, county farm agent, and Miss Eva Carrett, county home agent, will take about an hour and a half to present. A formal dress rehearsal will be held the morning of the picnic at the lake.

Over 3,000 members of the county farm bureau and their friends are expected to attend the picnic, which will also be featured by a baseball tournament, in which teams from Addison, North Orford, Oakwood, West Highland, Franklin and Waterford farm bureau locals will be entered.

Atletic sports, a picnic dinner and out-door entertainments will be provided, and every effort will be made to make the day the most memorable of the kind in the history of the county farm bureau movement.

FORMER REPRESENTATIVE IS AG.

(U.S.I.)

A Redford dispatch to the Allen L. Lamphere, former state representative, was placed under bonds of \$1,000 by Judge Harry J. Dingman in Detroit Monday. He and his wife, Mrs. L. Lamphere, are defendants in the contempt of court case of Frank Villarex, who seeks to recover \$5,000 which he alleged was received by the defendant in the case of the defendant.

A. O'Brien in Villarex's affidavit, he alleged that Lamphere for some legal work in the case of Lamphere requested a loan of \$5,000 which he gave to the defendant in the case of the People's State Bank of Redford, the bank to be paid back March 20, 1920. In the matter of the defendant, Villarex stated that Lamphere always admitted the matter until the spring of 1921, at which time he requested for a return of the money and was given a warrant dated April 2, 1920, to which he was cited by the court and Mrs. Lamphere in Redford.

When Villarex went to the office of the register of deeds he found that the land was deeded to a corporation and that the property is now in the possession of other persons, it is claimed.

Villarex alleged that Mr. and Mrs. Lamphere borrowed this money from him with express intent to defraud.

M. E. CHURCH NOTES.

The Epworth League, devotional meetings will be discontinued until the first Sunday in September.

METHODIST CHURCH NOTES.

Sunday, August 14, at 10:00 a. m. "The Plight of a Slacker." At 7:30 a. m. "Tragedy—Jephthah's Daughter." At 11:30, Sunday school. At 6:30, Epworth League.

Fourth Quarterly Conference Friday August 12, at 7:30. Dr. Leonard, district superintendent, will be in charge. All officials, and members especially urged. All friends cordially invited to be present.

The W. H. M. S. will have its business meeting at the home of Mrs. Ed. Fuller on Tuesday afternoon, August 16th. It will be a pot-luck picnic and a special invitation to all the ladies of the church. Please bring a plate, cup, fork and spoon.

MICHIGAN INVITED TO DRAINAGE MEET.

Michigan men interested in draining the swamp lands of the state have been invited to attend the National Drainage Congress which meets at St. Paul, Minn., Sept. 23, 24 and 25. Prof. E. R. Jones of the University of Wisconsin, president of the congress, has asked Prof. H. H. Musselman, head of the farm mechanics department at M. A. C. to call the attention of Michigan people to the meeting.

Mr. and Mrs. Olin Pepper were in Ypsilanti Sunday, to visit their son, H. C. Pepper and wife.

FOR BETTER BABIES CONTEST.

Better babies for Michigan is the object of one of the most attractive features at the state fair to be held in Detroit Sept. 2-11. The finest babies in the state will gather at the fair grounds as entrants in the "Better Babies" Contest, which will open at 10 a. m. Friday, Sept. 2, and conclude with the announcement of awards at 11 a. m. Saturday, Sept. 10.

In its general educational program the state fair gives first importance to the matter of better beings, and so it starts with the babies. Dr. E. P. Mills, of Highland Park, will be superintendent of the contest and will be assisted by an efficient staff of physicians and judges. Not only will they award prizes to the blue ribbon babies of the state, but to each one will be given a careful medical examination and scientific advice as to the needs of each.

Babies entered must be between the ages of 12 and 36 months. There will be five classes in the contest, one for babies from rural districts, one for babies from cities and towns of one thousand to ten thousand population, one for babies from cities of more than 10,000 population, one for twins and one for triplets. First, second and third ribbons will be awarded in each class to babies between 12 and 24 months and to those between 24 and 36 months. Except in the case of twins and triplets ribbons will be awarded to boys and girls separately in each class.

No child suffering from acute or constitutional disease may be entered and examinations of entrants by physicians will be made in the order of the receipt of entries. These may be made by mail or in person on specified blanks furnished by Secretary-Manager G. W. Dickinson, of the fair for the purpose. Entries will close August 31.

The Patchen school reunion and picnic will be held at the schoolhouse of district No. 3, Nankin, township, on Saturday, August 13th. There will be games in the forenoon, basket dinner at noon, and an entertainment program in the afternoon.

ALSEIUM THEATRE.

Saturday Night, August 12th

MIX-UP AT NOVI.

Deputies at Pontiac on Wednesday solved an unusual problem, the solution of a reported hold-up at Novi, in which the supposed victim denies the experience.

A report telephoned late Tuesday to the county jail by a Mr. Atkinson, of Novi, was to the effect that Mrs. A. M. Nichols, aged 37, of Novi, was held up yesterday near Novi by a man and woman who approached her in a large touring car. When the pair discovered that she had no money, they are said to have thrown her to the ground, beaten her, cut off her hair, and disappeared by way of Grand River toward New Hudson, before she could get their license number.

Mrs. A. M. Nichols of Novi, in a statement to the Daily Press declared that she was not the victim of the auto bandits, and the police have now the task of finding the Mrs. Nichols who was, and the Mr. Atkinson who said she was thus maltreated. Pontiac Press.

WIXOM WHISPERINGS.

Floyd Sherrow and R. Cole were in Pontiac, Sunday.

W. G. Price and family of Owosso were in Wixom Tuesday.

E. A. Mowley left Wednesday for a

ten days' auto trip to southern Michigan.

Miss Maude Patten was a Milford visitor last week and attended the Chautauqua there.

The Farmers' club was entertained Wednesday at the home of Mr. and Mrs. Earl Severance.

Fred Madison of Royal Oak was a caller last Thursday at the home of his uncle, J. G. Madison.

Mrs. Scott Kitson and little daughter of New Hudson, were the guests of Wixom relatives last Friday.

The Misses Edith Rauch of Ionia and Grace Rauch of Jackson are the guests of their aunt, Mrs. J. B. Chambers.

Mrs. W. Waerman and son, Alvin, left Saturday, accompanied by her brother and sister, for an auto trip thru New York state.

Detroit—What is said to be the largest telephone cable in the world was laid across Detroit river recently between Detroit and Windsor, Ont., making it possible to conduct 600 conversations simultaneously there between the United States and Canada.

Miss Laura Trufant is spending the month of August with her uncle and aunt, Mr. and Mrs. G. L. Schiermerhorn of New York city.

W. M. S. McNAIR, ATTORNEY AT
Law. Office over Northville Drug
Company's store.

LOCAL

Band concert Saturday night.
Peter Perkins is driving a new Ford
sedan.

P. B. Macomber is treating his
laundry building to a coat of paint.

The cornice of J. A. Huff's hard-
ware store has been newly painted.
W. J. Cowell has rented the Dr.
Cavell home and will conduct a board-
ing and rooming house.

Born to Mr. and Mrs. Arthur Sim-
mons an 8 1/2 lb daughter, Leonore,
on Monday, August 8th.

There will be a special meeting of
Northville Lodge, F. & A. M., next
Monday evening for work in the first
degree.

Mrs. C. J. Ball passed her 85th
birthday quietly on Sunday. She
was kindly remembered by many
friends.

Miss Mary Louise Boyden enter-
tained eight little boys and girls,
Monday afternoon, in honor of her
fourth birthday.

Orient Chapter, O. E. S., will hold
a regular meeting on Friday evening
of next week, the 19th.

Fred E. Field had a "banana
special" fast Friday and Saturday.
During the two days he sold more
than forty bunches at 25c a dozen.

The condition of Miss Irene Marsh,
who is at Grace hospital, Detroit, con-
tinues to improve. Her recovery
will require several weeks.

Mr. and Mrs. W. A. Crane and son
left this week for their new home at
Marshall. The best wishes of many
friends accompanied them.

George Lang and Harry Haimly have
purchased the two cottages erected
on the north side, this summer, by
Stewart Montgomery, and will occupy
them.

William Springer, who has been
employed by his brother at Plymouth,
will open a cigar factory in this vil-
lage within a short time. He will
manufacture a popular priced cigar.

Mrs. Karl Bryan had a birthday
Tuesday, and one of the gifts received
from her husband was a thoroughbred
Russian wolfhound pup. Of course,
if he does not like the dog, she can
give the animal to her husband.

Little Warner Neale gave a birthday
supper last Thursday, August 4th,
the occasion being his eighth birth-
day. Those present were: Richard Ship-
ley, Merrill Fraser, Junior Schrader,
Jason Lake and Warner Neale.

The girls of Miss Cunningham's
Sunday school class of the Presby-
terian Church were pleasantly enter-
tained by Gertrude Huff at the Huff
cottage at Walled Lake Monday even-
ing. A picnic supper was enjoyed
and a merry time followed the feast.

On Thursday, next, the 18th, there
will be an auction sale of Duroc swine
conducted at the Northville fair
grounds by Theo. Underhill & Son of
South Lyon and Messrs. Young of
Canton, Mich. The sale will start
at one o'clock, rain or shine, and L.
W. Foxwell of South Lyon will be the
auctioneer. Some fine animals will
be offered.

Some time during the week of
September 12th, the date to be an-
nounced later, the celebrated Hudson
quartets and orchestra of Detroit
will give one of their popular concerts
in Northville under the auspices of
Northville Lodge F. & A. M. The
proceeds from the entertainment will
be placed in the Christmas fund.

The lodge, this will be a treat
to the people who will be glad to enjoy
it.

Mr. and Mrs. A. B. McNiece of
Clermont, Pa., are visiting a F. P.
Simmons. Mr. McNiece is one of
the most influential citizens of the
place, also the owner and operator of
the largest packing house in Clermont.
Mr. and Mrs. Simmons winter home
in Clermont was purchased of Mr.
McNiece. They are very much im-
pressed with Northville and vicinity
and the weather. Here is hoping
their weather continues to behave
while they are here.

Much alfalfa seed sold in Michi-
gan is being adulterated with yellow
trefoil, according to Prof. J. F. Cox
head of the farm crops department at
M. A. C., who is receiving a large
number of samples of this plant.
Consequently he has warned farmers
of the state to plant none but native
grown seed from the northwest.

A new dormitory with a capacity
to house 260 men is being built at
the Detroit House of Correction prison
farm. Work on the new building
factory building, which is of perma-
nent construction is progressing
nicely. As soon as the building is
completed the machinery, which has
already arrived, will be installed.
There are now 346 prisoners at the
farm, and more will be sent out from
the city prison as soon as buildings
can be erected to house them.

By special request the municipal
band will render a program of old
familiar airs on Saturday night.
Bring Mollie Darling with you, seat
her in the Old Arm Chair and keep
your eye on Nellie Gray. Old Black
Joe and Little Nell will be here to
enjoy the fun, and Old Dan Tucker
has promised to come if he can.
Steal Away from Old Massa Rueben
and Selby Ann will be here and the
Old Oaken Bucket will be overflowing
with good cheer. You will enjoy the
program.

When a Feller Needs a Friend,
Aristocratic Aunt (to smug nephew
from the country playing in the snow)
—Please remember, Theodore, while
you are visiting us that it will be
unnecessary for you to make your
own snowmen. What are the servants
for?—Passing Show London

Elmer Perrin is building an addition
to his residence on South Center St.
and installing a bath room outfit.

Mr. and Mrs. Guy Taft have rented
the Chas. Hall bungalow on Wing
street, and are moving out from De-
troit to Northville, this week.

Saturday afternoon, tomorrow, the
Foresters' ball team, will go to Detroit
for a return game with the Hamilton
Bovleyard merchants' team. Local
fans are invited to accompany the
team.

The Misses Mae and Grace Remo,
and Mrs. B. H. Farr of Detroit, and
Miss Edna Phillips of Chicago, spent
the week-end at the F. Kreeger farm,
west of town.

Mr. and Mrs. H. L. Weaver and
children of Traverse City, who have
been visiting in Northville, left for
their home last Friday, accompanied
by Miss Aletha Verkes who will spend
a few weeks with them.

The P. M. railway bridge over the
electric railway tracks between here
and Plymouth, near Phoenix, caught
fire from a passing train Tuesday
evening. Workmen from Plymouth
were summoned to subdue the fire.

The annual meeting of the North-
ville Loan & Building association,
called for last Friday night, was ad-
journing for one week. The meeting
tonight will be held at John McCully's
shoe store. Members are urged to be
present.

The American Fireworks Co. has
been engaged to give three programs
at the Northville Fair this year—on
Thursday, Friday and Saturday nights.

The display will consist of many set
pieces and there will be nothing better
shown in the state anywhere.

Northville's new and modern flour-
ing mill is now ready to grind feed.
The mill will not be in operation for
a few days. Workmen are
working hard to finish a lot of little
details incident to a building contract
and when the new plant is all in
readiness Northville will have one of
the most complete and modern mills
in the state.

The Wilson-Malco's team of Detroit
made good its threat and defeated the
Foresters last Sunday afternoon on the
home grounds, the final score being
7 to 5 at the close of one of the most
interesting and enjoyable games of
the season. Next Sunday, Clebs's
team will come to Northville and
the visitors will have Harry in the
pitcher's box.

The remains of William Knicker-
bocker, aged eighty-five years, were
brought on Plymouth from Flat,
Wednesday, and burial took place in
Riveride cemetery. The deceased
was many years ago a prominent
farmer in Livonia, but of late years
had resided in Flat. His daughter
and family, Mr. and Mrs. Lanein, ac-
companied the remains. Plymouth
Mail.

"Suds," Mary Pickford's forth-
coming production for United Artists
which will be seen at the Alceum
Theatre on Thursday night next,
might well be termed "The Tale of a
Shirt" for the scenes are all laid in
a little laundry in the suburbs of Lon-
don, and Miss Pickford, as Amanda
Archie, weaves such a romance about
the shirt which has been left by a
casual customer that even her en-
chanted beliefs at times as much as
herself.

ATTENTION BOY SCOUTS.

Regular meeting next Monday even-
ing. We have become rather care-
less, let's get busy. We want several
second-class scouts as well as some
of the first class when we re-register
in Sept. Expect to have a hike next
week too.

Scout Master

WHY DOES THE RIGHT
EXCITE SO MUCH
OPPOSITION?

Can you get anywhere without
meeting resistance?

Is the right bound to succeed in
the final round-up?

Should one go along with the
crowd—do as the Romans do—
or take a stand and rigidly re-
fuse to yield?

The old saying is "Only live
fish swim upstream." Is that
true of yourself?

Paul was a progressive thinker—
a man with sound ideals—unaf-
raid to express his facts and
take the consequences.

Paul met bitter opposition in
every one of the nine cities he
visited in our lesson story. No
matter how badly they treated
him, he came up smiling.

Would the church be benefited if
there was more persecution—out
and out opposition?

Come out and get some other
views on this matter.

Lapham State Savings Bank
NORTHVILLE

The settlement in the foreign trade of the United States
centers largely in New York, and thus is the chief clearing
center for domestic trade. This is one reason why banks
throughout the interior accumulate balances here. The move-
ment of products creates bank credits, or deposits, in the centers.
Thus, sugar from Minnesota, fruit from California, or cotton from
Texas, sold abroad, is likely to create a deposit in a New York
bank to the credit of a local bank where the shipment originated,
the local bank giving credit in its books to the shipper. (These
New York deposits, sometimes involves the interior banks in
criticism; from persons who do not understand how the deposits
are created. They ask why the local banks should be sending
funds to New York. The answer is that, for the most part, the
deposits represent collections for what they have sold, and are
in constant motion. The checks charged to the deposit accounts
of the National City Bank of New York, last year, aggregated
more than fifty times the average deposits, which indicates that
the average life of a deposit, or stay on its books, was about
one week. When allowance is made for many comparatively
inactive accounts, it will be seen how very active the other
must have been. As a rule, each deposit means the collection
of a paper item of some kind, which involves further book-
keeping and represents service.

In backward countries banks are but little used by the
masses of the people, and money is hoarded, becoming a dead
asset. A bank becomes a pool into which are drained thousands
of small sums, easily wasted, or, if not wasted, unproductive by
themselves, and the sums so accumulated become active agencies
in the life of the community. Untold millions of gold and silver
have flowed into India and disappeared. If the owners would
deposit them in banks or invest in industrial or railway securi-
ties, the effect would be to radically change industrial and living
conditions in that country. The increased demand for labor
would raise wages, the newly provided industrial equipment
would increase production, the higher earnings of the people
would absorb the production, and the general standard of living
would be raised.

Wage earners who contribute to the capital fund in modern
countries have the satisfaction of seeing their savings as capital
invested in their own investment, but of knowing that their
savings are increasing the demand for labor. National City Bank
of New York.

THERE'S A DIFFERENCE IN SHOES

Some are made to sell, while others are really
made to wear—for real honest service. We
pride ourselves in being able to offer our cus-
tomers the kind that WEARS and we know they
give good service because our customers of
weeks and months ago come back when they
need anything in Footwear.

"We must please our patrons on our business
would soon be gone, and our first thought in
selecting our various lines is, "Will it give good
service?" We have satisfied ourselves by care-
ful inspection that the Shoes we offer the wom-
en, misses, men, youths, boys and girls of this
community will wear well and be comfortable.
It is upon this basis that we invite you to in-
spect our showing of Fine Shoes.

Fine gauze mercerized lisle. Black, white,
gray and cordovan. First quality 50 cents.

KILGOUR'S

Cleaning Pressing Dyeing

TO BUY PLAY GROUND EQUIP.

At a recent meeting of the Board
of Education, Superintendent Hel-
rich, C. A. Ponsford and Secretary
Karl Bryan were appointed a com-
mittee to select and purchase the play
ground equipment for which a fund
has been raised during the past year
and more. The school board agreed
to appropriate one dollar for each
dollar received by popular subscrip-
tion and as a result of the board's ge-
nerosity the fund will amount to more
than one thousand dollars.

The committee will give the matter
of selecting the equipment their at-
tention within a few days and it is
hoped to have it all installed by the
time for opening school in September.
The equipment selected will be for the
grounds and for the gymnasium.

The Misses Edith Miller and Beth
Briggs, and Messrs. James Morgan and
William Jor, all of Detroit, spent last
week-end at the home of Miss Miller's
sister, Mrs. Philip Anderson.

Try Record Liners For Speed

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1896, for the week corresponding to this week.

Robert Yerkes is able to be up town again after his recent illness.

Miss Olive Shepard who has been quite ill, is now convalescent.

Mrs. J. L. Becker is entertaining friends from Mansfield, Ohio, this week.

Policeman Wilbur Lake of Detroit visited his parents and friends here Wednesday.

The Misses Rhoda Sherman and Grace Fremper of Farmington were in town last Saturday.

The Record Printery has just completed a job of 48,000 cards for the Clover Leaf Condenser.

Miss Mabel Clark returned from her Chicago visit, Saturday, accompanied by a girl friend, who will visit her.

Cards are out announcing the wedding of Mr. Herman Voigt to Miss Valida Miller at Nov. 20th.

R. H. Beal is receiving a visit from his parents. They are hale and hearty at the remarkable age of eighty years.

Ike Crocker has returned to Northville, and an effort will be made to have him lead the band during the balance of the year.

Mr. and Mrs. Milton J. Withee of Detroit, formerly of Northville, are the proud possessors of an eleven pound boy, born last week.

A night blooming cereus with two beautiful blossoms was an attraction at the home of Mrs. L. L. Brooks Monday evening. It was viewed from 5.00 to 10.00 o'clock, by scores of people.

Mr. and Mrs. Andrew Harmon of Nov. were entertained by Northville friends Sunday and were about 3 1/2 hours making the trip home on account of the severe storm.

George Stanley, for some time past one of the Park Hotel clerks here, has leased the Nov. Hotel and will occupy the same as once Fred Shacht of Detroit takes Mr. Stanley's place at the Park Hotel.

After a courtship of one month, Mr. and Mrs. O. A. and Mrs. Kate Pearson were married in Detroit. The ceremony was held on a wedding trip up the river.

The P. M. edition was held by the fire, Sunday, August 14th.

The crew of the freight train derailed on the bridge, and the engine of the train was killed.

Followed by the Globe 20th and then the fire bell, a general alarm of citizens toward the fire ward. The fire hall put a bucket on the fire and was held to get a first, but the fire department soon put the blaze out.

The building contained a lot of "refugee" things and about 2,000 bushels of oats and beans which were covered by in flames. The starting of the fire is thought to have been the work of tramp. The loss for was damaged about \$100 worth.

UTOS KILL 175-63 ARE CHL. DREN.

A blazing yellow license plate, with the words "careless" and "reckless" in large green letters, to be carried on the front of the car by every automobile driver who, as abused his privileges and endangered public safety, is the penalty suggested by Dr. William J. V. Deacon of the Michigan Department of Health as a means of cutting down the number of auto accidents and deaths.

One hundred and seventy-six deaths, of which 63 were children under 15 years of age were caused by automobiles during the first six months of 1921, reports of the division of vital statistics show. Of this number 127 were males and 49 females, 60 of the deaths occurring in Detroit and 116 throughout the state.

Each succeeding year sees an increase in the mortality rate from automobile accidents and injuries, says Dr. Deacon, "and each year it becomes increasingly dangerous for children to walk along the streets. Traffic regulations will in time improve and prevent many accidents, but what is most needed now is some adequate punishment for the careless and reckless driver who takes the chance of crippling a life to save a minute.

"Fines are not sufficient. A state law compelling drivers who have been judged careless and reckless, to carry for a period set at the discretion of the court, some sort of a special license which would label them to the public as careless or dangerous, would be more likely to get results. Public sentiment would then make careless driving unsafe for the careless driver."

MORE CARE SHOULD BE TAKEN.

In sending in applications to the secretary of state for certificates of title many automobile owners fail to fill out all of the answers or neglect to return the fee. That means that all such applications must be returned, requiring a great deal more work for the state department. The most im-

portant, answer, generally omitted, is whether there is any encumbrance on the car. New, shorter and simplified application blanks are being printed. Certificates of title are going out at about the rate of 1,000 daily. There will be between 400,000 and 500,000 for the state.

Charles J. DeLand, secretary of state, has ruled that it will not be necessary for publicly owned automobiles to obtain the certificate of title. After October 1st all used car dealers must furnish this certificate with all cars and individual owners must do likewise.

Orion—Total receipts of the Masonic and Eastern Star Day, carnival held here Saturday last were \$4,699.20, it has been announced by the committee in charge. Total expenses were about \$1,300, leaving over \$3,399 which can be applied to reduce the \$5,531.30 debt, which still stands against the Masonic Temple building.

Michigan News
Tersely Told

Pontiac—Edwin Denby, Secretary of the Navy, is spending his vacation with Mrs. Denby and their son, Ned, at the Denby farm near Pontiac.

Bay City—Former Secretary of the Treasury W. G. McAdoo and the Detroit & Mackinac railroad are being sued for \$25,000 each by Frank Barton and wife and Mrs. Patti for injuries claimed to have been sustained.

Battle Creek—Ralph E. Whitney, of this city, recently swam the length of Gull lake, a distance of 6 1/2 miles in three hours and 35 minutes, cutting down the time made by Clarence Wilbermuth of Midland Park, by an hour and 23 minutes.

Holland—Marine officials of the Graham & Morton Steamship Lines declare that passenger traffic this summer has been heavier than for many years. Radical reduction in rates is given as the reason. Other lines on Lake Michigan have also cut rates.

Holland—Blinded by the glare of automobile lights, Fred Churchill, 60 years old, was knocked down by a machine driven by J. C. Hodges, of Jemison Park, on the Zealand Road, and so badly injured that he died on the way to the hospital. His skull was fractured.

Charlevoix—Will McCrowden, of Detroit, father-in-law of Charles Anderson, village president of Vermontville, was killed by a M. C. passenger train, while trying to cross tracks west of that station. He was a prominent citizen and at one time was an officer of a Grand Rapids bank.

Standish—Forest fires, burning along the Michigan Central and Detroit and Mackinac railroads, near Alger, West Branch, Rose City and Standish have done many thousands of dollars damage. Miles of fences, crops, several barns, with this season's crops, and stacks of hay, have been burned.

Grand Rapids—Tentative plans for the proposed comfort stations to be built throughout the county on the trunk line roads, have been prepared by the county road commission. The buildings will be 12 by 20 feet and of artistic design, provided with running water, drinking fountains and other necessary accommodations.

Pontiac—The city commissioner has for the second time refused to pay \$20,000 damages claimed by residents in Pontiac township along the course of the Clinton river, for damage alleged to have been done by years of emptying sewage into the river. The farm owners aver their property has deteriorated in value because of the practice.

Lansing—Publicly owned motor vehicles are exempt from the provision of the Candon automobile act, which requires owners to secure from the secretary of state a certificate of title by July 1, 1922, of their property. The exempted class of vehicles includes those owned and operated by the state, municipalities, counties, villages and townships.

Lansing—Michigan is to have a complete road and agricultural survey. This was assured when representatives of virtually all the state departments and institutions interested met in conference in response to invitations issued by Professor M. M. McCord, head of the state department at M. A. C., and decided upon a course of action with such a survey as the ultimate aim.

Detroit—Judgment for \$1,490 was granted by Judge Theodore J. Richter in circuit court to Harry Murray, 323 Clifford street, against Mrs. Sarah Dwyer, Elizabeth Leven (Madame Le Grange), now serving life imprisonment for killing several old men, on May 11. Murray said he loaned her the money in 1920. Mrs. Leven owns two head bags valued at \$2,500 and some furniture now in storage.

Detroit—Two men were arrested following the wrecking of a fast west-bound Michigan Central passenger train near Dearborn. Three persons were injured as a result of the train plunging into the ditch and being sideswiped later by an east-bound train. Wreckers had separated rails, carefully preserving the bond wires so the automatic signal system would not be disturbed, and the speeding train left the tracks without warning.

Monroe—The report of August J. Weiler, of Monroe, receiver of the bank at Temperance, 13 miles southwest of here, which closed its doors last spring, shows resources to be \$68,035.47; liabilities, \$95,761.71, and the estimated deficit, \$27,716.30. Robbers on February 11 had backed a truck up against the building and carried away a safe which contained valuable papers and currency. The safe was recovered a few days ago in a clump of weeds along the Sylvan road.

Port Huron—Henry Stipe, 21, and Alvin Hamilton, 13, are under arrest and the officers are searching for two other young men, all members of a band which it is alleged have committed a number of automobile thefts and robberies. It is alleged that Stipe and Hamilton and their pals stole automobiles owned by Louis Foster, Port Huron; John Bell, of Lexington, and a machine from a Sebowaing man. All machines were recovered, having been abandoned. The robbery of several stores are also charged up to the band.

THE PEOPLE MUST HELP.

"Unless bootlegging is stopped conditions will become mighty serious in Michigan," said Roy Vandercook, head of the state safety department, in an address before the Jackson Exchange club Thursday. He pictured liquor law violators as the worst type of law-breakers, who do not let life interfere with their operations.

"Plenty of moonshine is being made, and there is plenty of demand for it," he continued. Vandercook, "Local officers are very busy enforcing the law as they fear public sentiment is not back of them. You must stand by your officials and enforce the law, or wipe it out."

It is not a moral lesson, I am talking about at all. The liquor law is violated, others laws cannot be enforced. These desperate crooks must be suppressed. When they do not happen to have any liquor to sell, they say, "Let's go out and get a bank," or they hear of some farmer with a reputation of having money, and they say, "Let's go after a farmer."

The business of bootlegging and rum-running is building up the worst ring of crooks in the state ever heard of. Around Alpena there are gold-digging stores and garages. Unless it is stopped, harsh measures will be required. It may become necessary to close all roads and make everybody traveling tell his name, his business, and show where he is going.

PROVIDE BOSS FOR ALL COUNTY AGENTS.

Who is to "boss" the county agents scattered through the state is the puzzle that has been put up to Auditor General Filmer for solution.

According to reports made to the administrative board, county agents have been coming and going as they pleased, and at their own direction the state has been paying bills. The board decided that the same should no longer pay bills without knowing who it is paying them. Auditor General Filmer is now the boss of all county agents, and it is his duty to see that they are properly directed and paid.

Farmington Flashes

Mrs. Jess C. Guildner of Farmington township has been named defendant in a suit for divorce brought by her husband, William Guildner. The bill says they were married March 13th, 1905, and lived together until May 8th, 1921.

Required petitions, largely signed and a map of the proposed consolidated school district of North Farmington, have been forwarded to the state department of public instruction for approval.

Walled Lake Warbles.

Monday evening Aug. 15, has been fixed for the organization meeting of the consolidated school district board at Walled Lake. It was announced Monday. Officers of the board will be elected then. Approval of the Walled Lake school consolidated was secured from the voters of the several districts a short time ago.

Easy Method of Catching Fish.
Easy methods of catching fish have been invented by the natives of Guam, where the pulpy fruit of a native tree, is enclosed in a bag and sunk into deep water where the big fish are. The fruit juice is sought by the fish and stupefies them, so they float to the surface and are taken easily in large numbers.

NOVI ELEVATOR
COAL!

HARD SOFT CANNEL

In case you don't care to have your bin filled at present, better let us put in a load or two at least. It can't lose you any money.

You Can Have A Good Office Position

which pays you well and offers a good chance for advancement, and you will complete The Business Institute training.

There is always room at the top and there is always a place for the thoroughly trained young man or woman in business life.

The Business Institute is by far the largest business school in Michigan, and it is one of the leading schools of the kind in America. It has more well-qualified, capable teachers and a much larger equipment than any other business school in Detroit. It is the only business school in Detroit occupying an entire building. These statements can be readily verified.

The remarkable success of The Business Institute is the result of modern courses of study, thorough instruction, and good positions secured for graduates. The success of The Business Institute is the direct result of the success of Institute graduates.

Miss Weiler was a former teacher in the Northville schools.

Mrs. Gertrude D. Swift, who is at the Smith Sanatorium in Detroit, was delightfully entertained at the home of her nephew Frank M. Duniap on her 95th birthday August 8. Relatives of the city and her sister, Mrs. Jennie White of this place were present.

GENEROUS FARM PRODUCTS' PREMIUMS AT STATE FAIR

With a more generous premium list offered than ever before, it is confidently expected that the display of Michigan grown farm products at the state fair in Detroit, Sept. 2-11, will outrank any ever seen at the state fair before. Last year there was no display by Michigan farmers, the entire space being given over to the Michigan Agricultural College and

CLARKE L. BRODY

the U. S. Department of Agriculture, the design being to aid in increasing farm production at a time when the world held food to be its most vital problem.

Clarke L. Brody, of the Michigan State Fair, Bureau, Lansing, will be the state board member personally in charge of the farm products department. He announces that in addition to the general display of products there will be a special display in the wool department, including blankets and suitings made from Michigan wool. This exhibit will hold both an educational and a commercial interest for Michigan farmers.

There are no entry fees for farm products exhibits. Entries will close August 20 and exhibits must be fully placed by 5 a. m. Sept. 2, the day of the opening of the fair. Competition is open to Michigan only. Products compete in one class only and no exhibitor will be awarded more than one premium in the same class. Competitors all will be allowed the same space.

There will be special county contests for farm displays, with \$2,000 in prizes for the county making the best display of general farm products, excepting livestock, fruit and flowers. There also will be \$1,000 in prizes for the best county display of Michigan grains and potatoes.

The Michigan Agricultural College, in the east half of the agricultural building, will present a complete display of material helpful to the farm interests of the state. This display, including exhibits by 16 college departments, will be of special value to the farmer, his wife and children. The M. A. C. also will show horses, dairy and beef cattle and poultry in those departments. Those in charge of the college displays will gladly give advice and help solve problems of farm visitors.

The Michigan State Fair opens at Detroit this year Friday September 2 and it will run for ten days and nights, concluding the evening of Sunday, September 11.

The Michigan State Fair now ranks as the biggest and best fair in all America. Its next exhibition in Detroit will be from September 2-11.

The state fair is a wonderful educator. You can learn something by seeing what it shows in Detroit September 2-11.
