COUNTY FARM BUREAU WILL HAVE A PICNIC

The Wayne county farm bureau will hold its third annual picnic at the Cass-Benton farm, located half way between Plymouth and Northville on the electric line, on Friday of next week, the 26th of August. The executive officials of the Farm Bureau expect the usual large crowd and are making arrangements accordingly. The program will start promptly at 10:30 o'clock in the morning, with a series of games for the youngsters, which will be in charge of L. W. Ross, the county leader in boys and girls club work. All of the junior members of the Farm Bureau, namely club members, are invited to participate, particularly those affiliated with any organization. Other features of the day along sport lines will be indoor baseball, played out in the woods, jugs-of-wax between selected teams of both men and women, and included might be mentioned the big moon eating contest termed a basket picnic in which all will participate.

The speakers of the afternoon will be the best obtainable along broad lines. Dr. F. A. Perry, state leader in Americanization work for the coalition commission, will talk along lines of direct interest to the farmers. G. V. Branch, municipal market master of Detroit, Mrs. Louise H. Campbell, state leader in before demonstration work, Clark L. Broad, secretary of the Michigan State Farm Bureau, will all make brief talks. Every individual in Wayne county interested in agricultural development is invited to be present at this third annual mass gathering under the auspices of the Farm Bureau at the Cass-Benton grove on Friday of next week.

LOOKING FOR TROUBLE AND FOUND IT.

When a fellow looks for trouble he usually finds it, especially if he searches long enough. Ernest Potts was looking for a little excitement last Thursday afternoon and as a reward for his efforts he was placed in the village jail by Marshal Lyke. Potts was assisting at the soft drink counter in the "red brick" building on Main street and as there had been considerable excitement down that way for a day or so the marshal was asked to go down there to quiet the disturbance. Marshal Lyke took with him Mr. Smith and before he had permission to enter the building Potts came out on the sidewalk and began to swear and curse the village officers in general. He inculcated in forming him that that kind of language could not be permitted on the street but Potts only became more abusive and he was finally placed under arrest. After considerable of a time he was locked in the jail until about nine o'clock when he was released under bond. Friday morning he appeared before Justice John Knapp who assessed him a fine of \$10 and costs, which he promptly paid.

The morning following the arrest of Potts Marshal Lyke and Village President H. R. Bogart visited the pool rooms and boating alleys of the town and gave strict orders that card playing and dice games of every kind must cease and the owners of the pool room in the red brick hotel building were also notified that unless they were able to control matters at their place better than they have been in the past their license would be revoked.

FORESTERS TO HOLD PICNIC.

The first annual picnic to be given under the auspices of Court Northville, Foresters of America, will be held at Silver Lake on Sunday next and plans are being made for a gala day. There will be an interesting and enjoyable program to conclude with a ball game between the Foresters' team and a team from Whitmore Lake. All members of the order and their friends are urged to attend, and to meet at Forester hall at seven o'clock, Sunday morning.

Trucks and autos will be provided to carry baskets and to convey all who have no other way to go. All who can go will be assured a delightful outing, because the Foresters have a happy faculty of making all feel comfortable.

Mrs. Montgomery returned to Northville, Sunday, after a month at the home of her daughter, Mrs. Robert Crawford. The latter and family accompanied her for the day—Milford Times.

MANY ENJOYED ANNIVERSARY CELEBRATION.

About sixty members of Northville Hive, Ladies of the Maccabees, went to Detroit Monday to take part in the anniversary celebration given in honor of Grand Commander Frances E. Burns and for the purpose of celebrating the thirty-fifth anniversary of the founding of the order in Michigan. A special car was secured to convey the Northville ladies, who were joined in the city by large delegations from Oakland, Macomb and Monroe counties, besides from several cities in Wayne county and Detroit. The steamer Britannia had been chartered for the day and 1246 ladies enjoyed the excursion on the river and out to Lake Erie. The merry company landed at Boblo during the forenoon, where a picture was taken, and after a short time spent there they again boarded the boat for the remainder of the day.

Among the large company of ladies present were three hundred who have been members of the order for more than 25 years. A number of officers of the Supreme Hive and the Great Hive of Michigan were also present. During the day the agent "America, Yesterday and To-day" was given. Lunch was served on the boat.

The Northville ladies enjoyed every minute of their outing.

FOR MODERN HEALTH, CRUSADE.

The coming school year that opens in September will witness the biggest drive ever attempted in Michigan for crusades for the Modern Health Crusade. This movement has been taking big strides forward the past year, and the Michigan Interdenominational association hopes to do scores of thousands of children to the last coming year.

The Modern Health Crusade has received the hearty support and endorsement of State Superintendent Johnson, and it is also supported by school superintendents in all sections of the state. With more than two hundred thousand of Michigan's children already enrolled, most parts of the state are beginning to be represented. The Modern Health Crusade aims to inculcate in the minds of young children fundamental health lessons by appealing to their love of pageantry. As might have been expected, Detroit and Wayne counties, because of their large population are leading the state in enrollment. A total of 140,000 are enrolled in that city and county and this number is expected to increase materially during the coming year. And in every other county in the state it is expected to add thousands of children to the list.

HELD ANNUAL MEETING.

The annual meeting of the Northville Building & Loan Association was held last Friday night. Report submitted by the secretary showed the association was in very healthy condition and in a secure financial position. The election of two directors to fill vacancies resulted in choosing W. A. K. Duthie and Mrs. G. H. Johnston as members of the board. Springer Clark and P. A. Wheeler were elected to succeed themselves. The directors elected the following officers:

President—Springer Clark
Vice-President—P. A. Wheeler
Secretary—I. E. Vanatta
Treasurer—Clas A. Dolph
Attorney—C. C. Yerkes

TO MEET AT FLINT.

The thirteenth annual convention of the Michigan State Good Roads Association will be held at Flint on August 30, 31 and September 1st, when the best program ever presented to a Michigan audience will be given. A great array of speakers of national reputation has been arranged for the three days and there will also be an exhibit of modern road making machinery and the various types of roads now being constructed throughout the country.

All commissioners, both county and township, are urged to be present and the public generally is invited to attend the meeting.

WORK PROGRESSING WELL.

Work of grading for the new Novo-Northville-Farmington highway is progressing well. The grading crew is now on the base line road near Meadowbrook Country Club. The grading on the Farmington end is about completed and the cement work will be started early next week. The new highway has caused a lot of extra labor and expense for the Michigan State Telephone Co. because many of its poles had to be moved.

Mrs. William Lewis spent last Sunday in Detroit.

SUICIDES CLAIM 215; DEATH RATE HIGHER THAN TYPHOID.

While suicides do not show as morbid an increase in Michigan as in several states, the number of deaths from this cause is still alarmingly high, according to reports for the first six months of 1921 received by the division of vital statistics of the state department of health.

Suicide deaths totaled 215 from January 1 to July 1, giving Michigan a death rate from this cause, of 11.2 per 100,000 population, a rate higher than the typhoid fever death rate.

Of this number, 166 were males and 49 females; 122 were married, 47 were single, and the remainder widowed or divorced.

Farmers had 112 cases of suicide, 112 men and 78 women, which were 52.4% of all cases; poison claimed 42 cases, 33 men and 17 women.

Other causes of death were 17 cases, 12 men and 5 women; drowning 16 deaths, 12 men and 4 women; asphyxia 13 cases, 12 men and 1 woman; and other causes 13 cases.

The suicide rate, was the average of those cases that survived, 11.2 per 100,000 population, a comparatively few persons in this age group were found to be responsible of committing suicide either considerably younger or older than 45 years.

Statisticians of the division estimate that Michigan lost the equivalent of 2,000 years of one person's productive labor through suicides during the first half of the present year.

Credit Given to Shakespeare.

Although wags might have associated the word beneficent, meaning a married man, as being opposite to beneficent, usually thought of as coming at the end of Latin students, not conversant with Shakespeare, might have realized that as a matter of fact it comes from "bene" (well) and "dire" (to speak); authorities on such subjects attribute the coinage of the word from the bard's character of Ben Jonson, a wild, witty and light-hearted young lord of Padua in "Much Ado About Nothing."

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

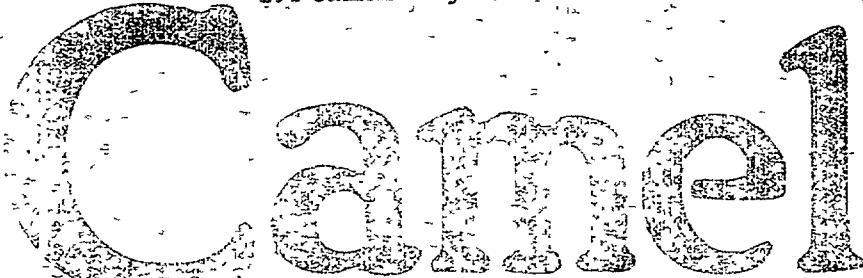

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarette aftertaste,

It's Camels for you.

GIVING GOOD HEALTH TO CITY CHILDREN

Good results are already noticeable in the children's tuberculosis camp near Northville, recently opened by the department of health says Dr. Henry F. Vaughan, health commissioner.

Most of the 80 children now in the camp are showing improvement already, Commissioner Vaughan asserted. One hundred patients can be accommodated.

The camp is located on the grounds of the tuberculosis sanitarium, two miles beyond Northville.

The children are quartered in three dormitories of the bungalow type. The buildings are of concrete and stucco over metal lath. Windows are arranged so that the rooms can be thrown open to the sunlight and fresh air so essential in the treatment of this disease.

A fourth building is the dining hall and recreation center of the camp. The most up-to-date equipment obtainable was used in outfitting the kitchen, which is also in this building. The water and sewerage systems are of the highest type.

The camp will be operated six months of the year, Dr. Vaughan says. A camp was in operation during the summer of 1920, but tents were used as sleeping quarters and discontinued after cool weather set in was impossible.

Educational facilities will be provided for the children. The curriculum will be interwoven with that of open-air schools in Detroit. By this means children who have to be removed from their home environment to effect a cure will be able to keep pace with their schoolmates in their studies.

Children between the ages of four and ten years who are suffering from the early stages of tuberculosis will be sent to the camp. Payment attention will be paid to those coming from homes in which adult members of the family are afflicted with this disease.

In some cases where a brother or sister may be in the camp, children as old as 14 years will be admitted.

"It is both a medical and nutritional problem," Dr. Vaughan said. "They must have proper care, proper environment and proper food to com-

bat the disease successfully. Last year during the three months the camp was operated the average gain in weight per child was 14.5 pounds. With improved facilities and the longer period of care possible under the new arrangement we expect still better results."

The stay of the patients will be from two to six months, depending on the stage of the disease and the rapidity of improvement.

FAMOUS FLYER TO PUT OUT NEW CAR

CAPTAIN EDIE RICKENBACKER JOINS IN \$5,000,000 CONCERN RECENTLY FORMED.

DETROIT WILL GET FACTORY

Old Associates in "E. M. F." Group of Early Days Reunited in New Combination.

Detroit.—In an application filed at Lansing for a charter for the Rickenbacker Motor Company, is disclosed the formation of a new six million dollar automobile manufacturing enterprise that will unite a group of automobile brains and resources that has loomed large in Detroit factory history.

The new organization gets its name from Captain Eddie V. Rickenbacker, American Ace of Aces, who reached Detroit July 25 to complete the final details of incorporation and make the first announcement of the new venture.

The official fesler of the Rickenbacker Motor company was given out as follows: B. F. Everett, president and general manager; Edward V. Rickenbacker, vice president; Harry L. Cunningham, secretary and treasurer. Directors: Walter E. Flanders, Carl Tschepor, Roy Hood, and E. R. Evans.

The Rickenbacker car is to be made in Detroit. Captain Rickenbacker states, and the closing of a big deal for a factory site is to be announced soon.

By a singular coincidence, the new combination in the persons of B. F. Everett and Walter E. Flanders includes two members of the old "E. M. F." group which later became the Studebaker Corporation.

The only unusual thing is that of William H. Metzger who was with the "E. M. F." in 1911, is now with the new concern. He is president of the new company, and it is believed that he will be succeeded by B. F. Everett.

SEEK TO REDUCE ACCIDENTS

State Officials Seek Aid of Insurance Companies.

Michigan—A bill to reduce industrial accidents to a minimum, the Department of Labor and Industry has sent letters to each of the 45 major companies which sell compensation insurance in this state, requesting them to cooperate in the effort to reduce accidents.

The letter sent out by Chairman

There's Pleasure In Every Mile

When you are driving a Dodge Brothers' Motor Vehicle, and this fact can easily be proven by asking any Dodge car owner if you care to do so. If you do not care to ask your neighbor about the good qualities of the Dodge cars, come and let us demonstrate them to you over any road you may choose. They will stand up under any test—they will give you faithful and efficient service—they will serve you for a long, long time. Why not place your order now for a new Dodge?

If you are having any trouble with your car or its motor, drive in here and let us help you out of your difficulty. We have experienced workmen who "know how."

The Northville Record.

E. E. BROWN, Publisher.

An independent newspaper published every Friday morning at Northville, Michigan, and entered at the Northville post-office as Second-class matter.

NORTHVILLE, MICH., AUG. 19, 1921.

A COMMODIOUS BAKE SHOP.

After installing his new oven, W. H. Elliott gave his "bake" shop a thorough renovating and Northville now has a bakery, second to none. The walls and ceiling have been painted white, a new work counter has been added and the interior of the building is as clean, as a whistle! New screens have been placed at the doors and windows and the whole affair has a very attractive and inviting appearance.

The new oven is doing its work exceptionally well and as The Record representative visited the bakery some days ago a great array of baked goods had just been removed from the big baker. Shelves and counters were laden with handsome brown loaves of bread, buns, cakes, pies, and cookies, and one could easily be tempted to accept the invitation to "try one." Mr. Elliott is to be commended for the enterprise he has displayed in equipping his bakery so completely and in such a sanitary manner.

OHIO ASKS MICHIGAN TO SOY-BEAN MEETING.

Farmers of southern Michigan have been asked to attend a big soybean meeting just over the Ohio line at Stryker in Williams county on September 3. Prof. Wallace E. Hanger of Ohio State University has extended the invitation to people of this state through Prof. J. F. Cox, head of the crops department at N. A. C. Stryker's about thirteen miles south of the southern boundary of Hillsdale county, the main part of the program will consist of observing the use of the Johnson Seed Farm. In addition a series of addresses by men from neighboring states has been planned. Two of the speakers will be Prof. Cox and C. R. Meigs of N. A. C., while others listed are Dean Alfred Yost of Ohio, Prof. F. S. Walker of Iowa, Prof. M. L. Fisher of Indiana, Prof. T. F. Grazier of Wisconsin, Prof. W. L. Bullock of Illinois, Prof. Nicholas Schmidt of Pennsylvania and a representative of the drug stores' Department of Agriculture.

Not less than 1000 from Michigan are expected to attend. John D. John, owner of the soybean which he has planted in a hearty seed to the last fine dice in his barn.

FAIR NOTES.

Five hundred dollars for the Northville Fair are expected to end C. A. Bradford's stock and secure him to exhibit to their ears. Bradford, Dryden, fund-raising dealers will also do a special broke this year, a carpet sweeped valued at \$100 for the best collection of one dozen cans of cold packed fruit and vegetables, a foot test result at \$2 for the best collection of dried beans and corn, cold packed, and a best soap and oil of oil for the best collection of jellies, jam and preserves.

Supintendent Fuller, of the poultry and pet stock division has secured a large number of special premiums for his department. These special prizes together with the usual premiums offered by the fair society ought to assure a fine show of birds and pet stock this year.

We will have a real dog show this year, so you had better give some attention to Old Fido and bring him to the fair.

The races this year will be better than ever and a larger field of horses is expected. The purses have been increased to \$250 and assurances have already been received of a lot of good steppers.

Prof. Riley, who never fails to pull off a thriller or two, has been engaged to give three balloon ascensions and parachute drops. He will make a triple drop one day, and there will be a parachute race another day.

The new addition added to the main building will afford the women a fine place in which to display their fancy work and the committee in charge of that division is very anxious to make the display larger and more attractive than former years. All the women of the community are urged to help.

Milford—The death of Mrs. Charles Kinney occurred at her home in south Milford Monday morning at 8 o'clock. Mrs. Kinney was 75 years of age and was born in New York state. Before coming to Milford, about 10 years ago, the family lived on a farm near Wixom. Mrs. Kinney has been an invalid for the past two years and her death was the culmination of many years of sickness.

Detroit—The Union Trust company has been appointed receiver for the Detroit Times company, by Judge Knobell of federal court, following a petition for involuntary bankruptcy filed by creditors.

Walled Lake Warbles.

A new building is being erected in Walled Lake which will soon be occupied by a bank—a branch of the Peoples State Bank of Farmington. A number of similar branches will be established in other localities within the next few months.

An election for the purpose of selecting five trustees to manage the affairs of Walled Lake's new 12 grade consolidated agricultural school was held Monday. There were nine candidates for the five seats on the board. The successful candidates were: F. J. Schmitz, 63 votes; Glen Duftmeyer, 79; William Campbell, 86; R. A. Riley, 76; and Bert Wellfare, 76. The defeated candidates were: Dr. C. Stuart, 17; Benjamin Richards, 17; Ira Carnes, 23; and Charles Widow, 1. The districts in the consolidation are Walled Lake, Pennell, Green, Plains and Killam, all in Commerce township.

Novi News.

Albert David of Detroit visited at the W. W. Meloy home Monday night. Mr. and Mrs. W. D. Flint left Wednesday morning for the northern part of the state.

Mr. and Mrs. Wili Meloy and family were entertained with severa other at the Els' cottage at the lake Sunday.

Mr. and Mrs. Chas Doyle of Detroit, visited their niece, Mrs. Cora Updike at the home of Mrs. Lizzie Coates, Sunday.

Mrs. Herbert Moore and son and Mrs. Cora Updike and son spent Tuesday evening with their aunt and family near Milford.

The Novi W. C. T. U. has been invited to meet with the Walled Lake union next Sunday evening, at a special meeting when Rev. F. A. Bias will deliver an address. All will be welcome.

An election for the purpose of selecting five trustees in the new school in Novi township will be held Monday. No doubt all legal efforts will be given to secure the election of a good set of trustees or one who will be fit to take care of the school. The passage of the enabling bill to be voted upon at 15 written on the official ballot. The election will be held at the own hall from 10 a. m. until 1 p. m. on Aug. 24.

Wixom Whisperings.

Carpentry School.

There's no telling what will happen when a novice carpenter is set loose on a nice pine board. The Navy's trade schools teach everything from boiler making to watch making. Carpentry is one of the most popular of the trades, and it is one of the most profitable with which to return to civil life.

A three or four years enlistment will give a man time to become a master carpenter, providing always that he is serious and really applies himself to his work.

Five or six years from now some of the above men will be earning good money building houses. Others will be in the service at advanced pay and still improving their knowledge of the trade.

Manager Conklin of the Northville Independents has signed "Dutch" German to occupy the pitcher's box this afternoon for the game with Salem, and Ed Egyerd will officiate behind the bat.

There will be no ball game on the local grounds on Sunday on account of the Foresters' picnic to be held at Silver Lake. The Foresters' team will play the Whitmore Lake club at Silver Lake Sunday afternoon.

Northville people who have so often enjoyed the hospitality of Mystic Lodge Knights of Pythias, will regret to learn that the members have decided to terminate their charter and close up the affairs of the lodge.

The Northville Independents will play a game of ball on the local grounds this Friday afternoon with a team from Salem. A purse of \$25.00 is to be apportioned on the game, and both teams are out to win. Game will be called at 2 o'clock.

Last week Harry German pitched a ball game for Farmington against Franklin. He struck out 16 men and had his opponents beaten 10 to 6 until the last half of the ninth inning when through errors and hits Franklin got ahead 4 runs. "Do not say anything about this game as Harry is trying hard to forget it."

A foot man, citizens from Farmington, Novi, Livonia and Northville gathered at the large hall here on Sunday to attend the meeting called for the purpose of reviewing the assessment of heights for the construction of the new highway. Taken as a whole the assessments were very satisfactory. Some thought their assessments were pretty high, while others congratulated themselves over the fact that their assessment was not as large as they had expected.

To sell not less than twenty million Christmas seals next December is the program mapped out by the Michigan Tuberculosis Association. If this goal is reached it will mean a sale of some eight million more seals this year than last year. But even at that, it will be a sale of only a little over five seals for every individual in the state.

A group of 450 upper classmen of the University of Michigan have formed an organization to be known as the Union Student Advisory Committee and they will be on hand at the opening of the institution this fall to assist and to counsel the large number of freshmen expected. Wendell S. Miller of this place has been chosen a member of the committee.

Sunday's ball game between the Foresters and the fast Chelsea team resulted in a victory for the home team, the final score being 10 to 4. Hayes, who came to pitch, was not able to continue in the game long, owing to an injury to his arm. The celebrated Cicotte, a pitcher of national reputation of Detroit, who came out to enjoy the game, pitched a few innings for Northville.

Mrs. Leroy Childs, who has been the guest of her father, Dr. Schuyler, left Wednesday for Kalamazoo, where she joined her husband for an extensive auto trip. They will go to Mackinac Island over the West Michigan Pike and after a few days visit there will tour down the east side of the state to Port Huron. NOTICE TO CHAUTAUQUA GUARANTORS.

By using the surplus carried over from last year, we will require \$45.62 to pay all our obligations. This will amount to approximately \$1.80 for each of the 27 signers of our contract. If those whose names were on the contract will kindly pay this amount to The Record office the affairs of our Chautauqua for 1921 will be closed up and plans will soon be made for next year. E. E. BROWN, President Chautauqua Com.

ARE YOU A BROAD MINDED PERSON?

Or are you governed by your prejudices and dislikes?

Do you go around among your fellow men with a closed mind?

Are you so narrow you cannot appreciate what the other fellow thinks?

Do you really wish to understand people and their ways?

Paul was the narrow minded Jew in all Palestine apparently, but his mind opened and he saw things differently.

Paul made an extensive exploring trip through many ancient cities.

Paul came home broader minded—his horizon wider—his thoughts world embracing.

Confer with us about increasing your ideas on the subject.

METHODIST SUNDAY SCHOOL

Lapham State Savings Bank**NORTHVILLE**

It is said that a follower of Confucius once asked the great teacher if there were any single word which covered, in its significance, all of the obligations of social life, and that the reply was "Is not 'Reciprocity' such a word?"

It is such a word in economic relations. In our statement published in these columns a few days ago, we sought to show that the relations between a bank and its regular patrons are in very high degree intimate and reciprocal. The deposits of a commercial bank are supplied mainly by its regular customers and in the aggregate form a fund of working capital, brought together with the understanding that each contributor may draw an part of all of his own deposit absolutely at will, and that he may have the privilege of borrowing from the fund from time to time to meet his further needs. A consolidation of working funds is accomplished to the common advantage. Seasonal fluctuations in almost all lines are such that unless a business has more capital than it can use all of the time it will have surplus funds in some seasons and need to borrow in others.

Other things being equal, the governing principle in the distribution of loans is that the depositor can borrow in proportion to his contribution to loanable funds, but of course the certainty of prompt repayment is a primary consideration.

"Marrying Justice" to Quit Job.
Monroe, Mich.—Justice William J. Danz, the marrying square who has tied more than 2,000 matrimonial knots in the last 20 years, is going to quit the job. He says he will not seek re-election for the office, December 5. His term expires in July, 1922.

Striking Miners Resume Work

Wilkes-Barre, Pa.—Thirty-five hundred anthracite mine workers, who strike in eight collieries of the Lehigh Valley Coal company, voted to return to work. The strike was settled by the men going to work under their old agreement.

U. S. Army Down to 155,000 Men

Washington.—The strength of the United States army has been reduced from 218,000 to 155,000 in accordance with the army appropriation bill. Secretary of War Weeks announced the war department is prepared to make 5,000 more discharges, he said.

Generous Thief Leaves Box of Candy

Battle Creek—A benevolent feeling inspired the thief who ransacked the Willard Library here. Though desks were emptied and the contents strewn over the floor he secured no money for his efforts. In leaving he placed a box of high grade chocolates on the librarian's desk.

Sight of Accident Kills Woman

Iron Mountain, Mich.—Mrs. Edward Larson, 27, is dead at the result of witnessing an automobile accident near her home. In seeing the smash-up she became nervous and was taken with convulsions. Mrs. Larson's condition gradually grew worse. She leaves a husband.

Iceberg Resembles Cathedral

New York—Icebergs 300 feet high and 700 feet long were seen off the Grand Banks of Newfoundland by passengers on the steamship Columbia which arrived from Glasgow. One sighted resembled with its numerous pinnacles, Durham cathedral, Captain David V. Bone said.

Combined Weight of Twins 28 Oz.

Bogalusa, La.—Billie and Jack Adams, newly born twins of Mr. and Mrs. William Adams, are believed by local doctors to be the smallest, tallest. Billie weighed 11 ounces at birth, and Jack, 17. Mr. Adams' six other children are of normal size. The twins appear to be in perfect health.

Fifth Daughter After 30 Years

Philadelphia—After 30 years separation from his family, Horace W. Adams of Philadelphia has just traced his daughter, Deville, Carolina, to Birmingham, Ala. He has informed her that she held in trust for her an estate reported to exceed \$200,000 left her by her grandfather, Walter A. Lison, in 1889.

Bottoms Lean Mexico \$2,500,000.

San Antonio, Tex.—Arrangements have been made by the Baldwin Locomotive Works, of Philadelphia, to loan the Mexican government \$2,500,000 with a later loan of an equal amount. Four-fifths of the loan is to be used to rehabilitate the rolling stock of the Mexican railroad and the balance to be used in repairs to the road.

Homesteads Opened For Veterans

Washington—More than 200 farms on Government reclaimed lands will be opened to entry by former service men next month. Until 60 days after the opening the interior department announced, none but veterans will be permitted to make filings but others will be accepted later, if any claim remains unfiled by soldiers at that time.

State Funds Short, Building Stops

Lansing—Owing to the shortage of funds to carry on the state's business, O. B. Fuller, auditor general, is informing all state institutions that no money will be available for building purposes this year. This means that none of the \$4,335,000 authorized by the legislature to be spent this year for new buildings at institutions can be used until after taxes are received by the state in January, 1922.

Cat's Scratch Causes Blood Poison

Midway, Mich.—Postmaster William Towne is in a critical condition as the result of blood poisoning, which developed from a wound received when his pet Angora cat scratched him on the arm about a week ago, while he was resting. The pains gradually extended over the entire arm which was swollen to several times the normal size and Mr. Towne was rushed to the Kalamazoo hospital where the arm was amputated.

Strikers Find Competition Keen

Memphis, Tenn.—An unexpected return to an early era of the Ford Motor company by 6,000 workers amounting to \$5,000 resulted in the death of three persons and the wounding of six or seven men. The hold up at the entrance of the Ford plant in a bus industrialized the scene. These men then set fire to the building and the police were called in. It seems like every fellow I tackle is a Negro, and we can't sell to each other.

SEARCHING FOR WOMAN'S ASAILANTS.

No clues have as yet been secured by the state police at Farmington to the identity of the man and woman who, Tuesday night, held up Mrs. Alfred Nichols, 27, at the rear of her home on the Frank Clark farm, in Novi, and after shooting her, and throwing her down upon a pile of hay, cut off the greater part of her hair.

Mrs. Nichols was in the back yard of her home about 11 o'clock Tuesday night, when she was confronted suddenly by a man and woman. The man whom she believed was about 49 years old seized her by the throat, almost choking her, and then threw her down on the pile of straw. When she replied to his question that she had no money, the man, according to Mrs. Nichols, held her while the woman cut off all her hair from the nape with a pair of scissars. The two then made their escape in a motor car which was standing in front of the house, driving west on Grand River.

Allegations of the darkness were Nichols was unable to give a clear description of her assailants, but she told the officers the woman was considerably taller than the man, and had black hair. She was unable to describe the motor car beyond that it had the sound of the motor she gathered it was a large and powerful.

Mrs. Nichols is the wife of Alfred Nichols, who is employed on the Frank Clark farm. She suffered no ill effects from her experience beyond slight nervousness for a few hours afterward and regret for her missing hair.

It was reported last week that Mrs. A. N. Nichols was the victim of the assault. —Pontiac Press

Why Stay Home to Cook?

There is no reason why you should, if you will cook the Automatic-Electric-Way. After all it is very simple because all you do is to place your food in the ovens, set a standard alarm clock for the hour you wish the cooking started, turn the hand of the heat indicator at the proper cooking temperature and then forget about it.

No matter where you may be, your luncheon or dinner will be ready for you when you return. It has been cooked just right; used an economical amount of heat and best of all gives you an efficient servant that never leaves.

Let us install an Electric Range in your kitchen. We are sure you will be delighted with results.

We have a whole lot of Electrical Appliances which you can use to advantage about the home. Come in and let us show them to you.

You Can Have A Good Office Position

which pays you well and offers a good chance for advancement, if you will complete The Business Institute training.

"There is always room at the top", and there is always a place for the thoroughly trained young man or woman in business life.

The Business Institute is by far the largest business school in Michigan, and it is one of the leading schools of the kind in America. It has more well-qualified, capable teachers and a much larger equipment than any other business school in Detroit. It is the only business school in Detroit occupying an entire building. These statements can be readily verified.

The remarkable success of The Business Institute is the result of modern courses of study, thorough instruction, and good positions secured for graduates. The success of The Business Institute is the direct result of the success of Institute graduates.

RICH REWARDS FOR 1921 STATE FAIR EXHIBITORS

A new high record will be reached in premium awards this year at the Michigan State Fair, in Detroit, September 2 to 11. Numerous increases will be made over awards of last year, and these were among the highest ever paid in the United States.

Not only will there be a larger variety of premiums but a notable increase in the regular awards. Prizes offered for the best of the popular breeds of cattle in Michigan will be especially alluring to livestock men who pride themselves on the excellence of their bred stock.

"Liberal premium lists attract the best exhibitors," says Secretary-Manager G. W. Dickinson of the state fair. "Encouragement must be given by the fair to the farmer who devotes his time to improving his breeds of stock or to the raising of the very highest grades of farm products."

This has always been our policy and the increases in value of premiums each year has been accompanied by an increased showing in the class of exhibits. These, in turn have attracted more and more attention to the fair, with the result that steadily increased earnings have enabled the fair to maintain its growth from year to year until it has assumed the front rank.

"We will be able to make it well worth while for the farmer to send his best produce and stock to the fair and thus procure a farming exhibit which will do credit to Michigan and help maintain the balance with exhibits of other character."

MOVIES AT STATE FAIR TO SHOW WORK IN SCHOOLS

Films depicting educational features of the work in Detroit schools will be shown on the moving picture screen at the Michigan State Fair to be held in Detroit September 2 to 11.

Arrangements have been made by Secretary G. W. Dickinson for this novel feature to be added to this year's attractions. The Detroit School authorities are joining in to make it one to be appreciated by grownups as well as by the school "kids" who enjoy seeing themselves in the movies.

The Detroit school showing will be in addition to the regular rural school exhibits, long a feature of the state fair, and which promise to be better than ever this year.

MECHANICAL EXHIBITS AT FAIR COVER WIDE FIELD

Automobiles, tractors, threshers and many other varieties of farm and city machinery and mechanical contrivances will form a big feature at the Michigan State Fair in Detroit, September 2 to 11.

Leading men of the industrial world appreciate the splendid opportunity afforded by the state fair to demonstrate their creations to all comers and especially to the fair visitors who are keenly interested in the new mechanical developments intended for use on the farm.

EGG LAYING CONTESTS AT STATE FAIR POULTRY SHOW

Country flocks will have an enjoyable and instructive time at the Michigan State Fair in Detroit September 2 to 11.

The exhibits will be greater than at any previous fair and will be judged by laying contests among the contestants for the show in the poultry department.

C. H. Burgess, processor of poultry and nursery and nursery at the M. A. C. will be superintendent of the poultry department at the fair.
