DETROIT'S NEW HOUSE OF CORRECTION

PRISON WITHOUT BARS OR LOCKS; MODEL PRISON FARM.

SUPT. DENNISTON ENTHUSIASTIC ON ROAD BUILDING PROPOSITION BY INMATES.

(By F. S. Neal.)

Three miles southwest of Northville is the location of the new Detroit House of Correction property, consisting of 804 acres of as nice farm land as can be found in this country. Situated on high and rolling ground, the spot is ideal in both location and surroundings. For the state of Michigan, a penal institution out in the country is an innovation. In fact, it is a new idea for the whole country and it looks like the beginning of a successful movement that will in time mean much to the whole nation.

Edward Denniston of Kansas City was selected by the Detroit authorities to work out the problem. Denniston has had years of experience in this sort of farm and construction work. In 1914-15 he built, with prison labor, the penitentiary at Kansas City and two years later the women's reformatory at the same place. So successful was his management of this work and his handling of the prisoners, that he was immediately the choice of the Detroit board and they feel they were lucky in securing his services. In the handling of the prisoners, construction of buildings, cleaning up and laying out grounds, in a year's time he has certainly worked wonders here.

At present there are 351 men at this farm institution. They come and go. Their stay ranges from one day to six months. In the little over a year's time that Captain Denniston has been here, he has handled 4,000 men, so that the average stay is short. Of these 4,000 men but twelve have escaped and of that number eight have been returned. All this is the more remarkable when one takes into consideration that there is not a lock or bar at any door or window in the whole place.

The men are chosen for this farm work by Supt. J. O. Stutsman of the Detroit House of Correction from the treaty and minor offense contingent. Their coming here is not compulsory but there is no shortage of men on that score for there is a waiting list of applicants all the time. Until the new dormitory is completed the present number is about all that can be cared for.

"To get the proper work out of men," says Mr. Denniston, "they must be well fed, properly clothed and have a comfortable place to sleep." This rule seems to be carried out to the letter here. The men are allowed considerable liberty. They may talk to one another and when not at work they are allowed to indulge in base ball games, athletics, etc. The only punishment for violation of the rules is a return to the Detroit prison, and that is effective. A returned escaped prisoner is compelled for one day to wear a blue jean blouse about the wounds with a label printed rather conspicuously thereon bearing the words, "I tried to escape." The next day he is returned to Detroit and doesn't get a chance again at the open air reformatory.

To show something of what has been accomplished since Supt. Denniston took over the work, picture if you can, this 800 acre tract of land as it looked a little over a year ago. It consisted of half a dozen farms, some of them in a neglected condition, grown to weeds, dilapidated fences and in the main a much traveled road. It was main highway by the property was not a much traveled highway. It was hilly and very rough in the dry season and thick with mud and all but impassable in the wet season.

Today a stretch of five miles of road about the farm has been graded and one mile finished with a course of gravel. This work, under the supervision of the Wayne County Road Commission, has been done by prison labor, and the quality of the work is not surpassed in the whole state. This five miles of gravel road will cost the county of Wayne, it is estimated, about 75% less for labor than if built by contract or day labor. That would be something less than \$2,500 per mile, whereas the cost now for the standard gravel road is around \$10,000 per mile. Mr. Denniston is enthusiastic for good roads, and believes that no other employment is so beneficial to both prisoners and the people as that of road building. "The men like

LOWER FARES NOW ON BOTH ELECTRIC LINES

An injunction restraining the Detroit United railway from charging passenger fares of more than 1/2 cents per mile on any of its four interurban divisions was issued by Judge Leland Case, in circuit court at Lansing last week.

Court action was taken following a conference between members of the commission, Governor Croesbeck and representatives of the attorney general's department when the refusal of the D. U. R. to file a schedule of rates in compliance with the Glaspie interurban rate law was discussed. The D. U. R. has intimated to members of the commission that it considered the law confiscatory and discriminatory and would not abide by its provisions. The road according to its last annual report, would be entitled to charge only the minimum fare of 1/2 cent, based on the per mile earning schedule embodied in the Glaspie act.

Obedying the order of the court the management of the D. U. R. took immediate steps to comply with the provisions of the new law. New rates became effective on the Wyandotte, Orchard Lake and Pontiac, divisions Sunday and rates on other lines operated by the company will go into effect this week. Under the present schedule of fare the rate from Northville to Turner Y. is now 31 cents instead of 41 cents. The fare from Pontiac will be 21 cents, from Redford 10 cents and from Farmington 20 cents. Probably, before the end of the present week the new rates of fare will become effective on the D. U. R. C. R. These new and temporary fares are a result of the order issued by the Lapham circuit court last week to bring about the enforcement of the Glaspie bill.

While generally speaking the new fares show a material reduction there are a few cases for short haul riding, where there will be increases due to the special regulation covering fares within cities and for five miles outside being abolished.

The rate between Detroit and Northville on the D. J. & C. Ry. will be 41 cents, between Detroit and Plymouth, 33 cents between Plymouth and Northville, 8 cents, between Detroit and Wayne, 19 cents, between Wayne and Ann Arbor, 31 cents. Between Wayne and Jackson, 38 cents.

The rates given do not include Detroit City fare nor the federal war tax where collectible.

SCHOOLS TO OPEN NEXT TUESDAY

Everything is in readiness for the opening of the village school next Tuesday and a very profitable year is looked for. The board of education has selected a corps of teachers who are aggressive and efficient and with the cooperation of pupils and school patrons the coming year ought to be the best in the history of our schools. The following teachers assure change of our school next week:

A. J. Heaton, Superintendent
Mrs. Roy L. Lewis, Principal
D. M. W. Science and Athletics
Miss F. E. Verkes, History
Miss Ruth Foster, Language
Miss Francis Thompson, Commercial
Miss De La Poewfield, Public Speaking
Miss Marion Marjford, Music
Mrs. E. Holcomb, Junior High
Miss Ida Barley, Junior High
Mrs. Hugh Babbitt, Sixth grade
Mrs. A. Zimmer, Fifth grade
Miss Hazel Parmalee, Fourth grade
Mrs. R. Penner, Third grade
Miss Alice Yerkes, Second grade
Miss Marie Beckman, First grade
Miss Marion Smith, Kindergarten
There will be a teachers' meeting Monday afternoon and the pupils of the High school will classify. It is hoped that all students will plan to be on hand Tuesday. It is a practice to lose any time at the beginning of the school year.

The lawn in front of the High school building has been "wired" off to keep the pupils from destroying the tender grass. As the lawn makes a wonderful improvement in the appearance of the grounds it is believed all will cooperate in trying to keep it in good condition.

It is hoped to have some of the play ground equipment in place by the first of the week. Slides and swings and other equipment have been ordered. Lester Harger is planning on going to Afton where he has decided to attend college the coming term. Lester intends to go this week to arrange for rooms—Farmington Enterprise.

FINE STOCK FEATURES M. A. C. FAIR EXHIBIT.

Championship horses and beef cattle are the outstanding features of the big exhibit which the Michigan Agricultural college has sent to Detroit for the annual state fair which opens here this week.

Ten prize winning draft horses and eighteen selected pure-bred animals from the college cattle herds are included in the list.

"Better profits by improved farming methods" will be the central note of the M. A. C. exhibits, which are, divided under the main heads of Home Economics and Agricultural material.

The chief display will be housed in the fair agricultural building.

A complete dairy manufacturers exhibit, a special tent holding displays illustrating cow testing and bull association work in the state, and a farm management display, including recently prepared price curves on farm products, will be other outstanding features of the college show.

More than a dozen separate M. A. C. departments have contributed to the exhibit. Included in these are the departments of farm crops, soils, horticulture, entomology, bacteriology, forestry, engineering, farm mechanics, home economics and dairy, poultry and husbandry.

THERE MIGHT BE TWO.

Prosecuting Attorney A. J. Floyd Blakelee of Oakland county, recently said: "The best road law, I believe I have ever seen was when I was out west with Sheriff James S. Butler several months ago." At the approach to each curve on a road in Wyoming, there is a sign which reads: "Drive carefully, for around the curve you may meet a fool." That is the best logic I ever saw on a road sign.

TO VISIT OAKLAND SCHOOLS.

W. L. Coffey, assistant state superintendent of public instruction, is to make an official inspection of Oakland county rural school buildings in

the near future, to ascertain how they measure up to requirements in lighting, heating, sanitation, etc. Mr. Coffey will be accompanied by Ernest Burnham of the Kalamazoo normal; and it will probably be arranged to have them speak at various points on the consolidated school question.

18 COUNTIES IN CROPS SHOW.

Eighteen counties have entered for the county farm crops show at the State Fair, Detroit, September 2-11, according to Clark L. Brody, secretary of the State Farm Bureau. County exhibits are to be built along educational lines which will show agricultural progress, according to plans for the exhibit, which is a new

feature at the fair. Two thousand dollars in prizes are offered. Counties which have entered are: Bay, Clare, Ogemaw, Midland, Alcona, Gladwin, Oshtemo, Wayne, Menominee, Alpena, Crawford, Tuscola, Oakland, Ingham, Presque Isle, Montmorency, Otsego and Roscommon.

BLAINE ADDRESSES REUNION

Wisconsin Governor Recalls Opening
of First Offensive Move By
"Lee Terribles."

Detroit—To their sleeping friends
in France, the men whom they march-
ed beside and called buddies, veter-
ans of the Thirty-second division,
paid the homage of a three-minute
silence here last Sunday.

It was a voluble silence, though
that may be a paradox; men stared
into vacancy as memories retraced
the months; there was the slow roll-
ing of bells, a woman here and there
dabbed at her eyes with handkerchief.
A few atmosphere seemed to fall up-
on Myrtle street boulevard as the di-
vision offered its tribute to those of
its number who gave for freedom the
youth in their hearts.

At the first bomb, announcing that
the Red Arrows had begun their ser-
vice, traffic in the downtown dis-
trict came to a standstill and the
scene was like a Christmas show with
hordes of immovable 157 people. The
heavy motorcade halted in Grand
boulevard, as if the echoing bomb had
been a signal from the "crow's nest."

Exactly three years ago Sunday,
Governor John J. Blaine, of Wisconsin,
recalled in the principal address
of the memorial services, General
Hoop took command of the sector at
Juvigny and began five days of hell
for the Thirty-second. Exactly three
years ago the sixty-third brigade, com-
posed of Michigan men, was placed
in the line and went over the top,
while the sixty-fourth brigade, com-
posed of Wisconsin men, in support.

"This morning and the night pre-
vious," said Governor Blaine, "under
cover of darkness the Wisconsin
men of the thirty-second have moved
up to Detroit to support the Michi-
gan men in this national peace re-
union and jubilee of the thirty-second."

Present the fact that the division
was largely a formation of Michi-
gan and Wisconsin national guards-
men Governor Blaine said he consid-
ered it a misfortune, both from the
standpoint of the American army, as
a whole and the state units, that more
divisions were not organized along
the same lines and permitted to do
battle together.

THE OAKLAND COUNTY FAIR.

The second annual exhibition of the
Oakland County Fair Association,
successor to the former Milford Fair,
will be held in Milford, beginning
Wednesday, September 14 and closing
Saturday, September 17. The organi-
zation is steadily gaining recognition
as a county institution. Its mem-
bership is gradually being extended
and it is the aim of the management
to make it one of the best county
fairs in Michigan. Anyone may be-
come a member by payment of one
dollar and memberships are solicited
from the people of the county. Sec-
retary Lovejoy announced that for
the coming fair great preparations
are being made for the entertainment
of visitors. Appropriations, both
for the premiums and amusement
features have been largely increased.
Several thousand dollars have been
spent this year for buildings and im-
provements to the grounds and the
coming exhibition is promised to be
in the real county fair class.

CHILDREN GIVEN A TO-HIDE.

The children of the Fresh air camp were given an auto ride or member of the Northville Auto club Morley (Bermond). The children had enjoyed a picnic on the grounds in the afternoon and the auto arrived at the camp about four o'clock and eight happy children accompanied by a number of the nurses, were loaded in waiting auto and taken to Walled Lake and back. It was a happy company and by their own and the children's own agency assurance that they enjoyed the outing, and that they were delighted with Northville.

The children will soon be returned to the city, after having spent a fighting summer among the hills from whence, let us hope they have received great help.

THE PUBLIC IS DEMANDING STUCCO WHY?

The cost for an overcoating of stucco is approximately the same as for wood siding and a coat of paint, it is 50% less expensive than brick veneer.

Home Builders. Realize that stucco is artistic and permanent. They know that the money invested in an asset whose value increases with the value of land. The frame dwelling on the other hand depreciates as a marketable asset almost as rapidly as a motor car so let me estimate the old home now. You are under no obligation.

Lapham State Savings Bank NORTHVILLE

Following a period of high prices, accompanied by a great increase of indebtedness, such as the period from which we are now emerging, such a contraction of deposits and of loans, inevitably causes hardship to many.

Nobody would expect a bank with deposits of \$1,000,000 to make as large an aggregate of loans as one with deposits of \$2,000,000; but within the past year a great many banks in this country have lost from 25 to 50% of their deposits.

Warm, Elastic, Not Bulky

The "travelo" Elastic Knit Jacket was originally designed for the traveler who wanted a warm, comfortable garment which could be conveniently packed in a corner of his suit case.

In order to make a jacket of this kind it was necessary to knit a fabric which would be warm, elastic, and not bulky.

After many experiments with special machinery, the "travelo" stitch was devised and the "travelo" jacket was made, which instantly appealed not only to the traveler, but to the sportsman, the automobilist, the business man, and especially to the man or woman out of doors.

Week's News in Brief

Possibly Lynches Negro Slayer
Columbia, S. C.—Will Allen, negro, who shot and killed Noah Frick, a white farmer of near Chapin, Lexington county, was lynched by a posse of 150 men near Chapin.

Investigate Unemployment Cause
Washington.—An investigation of causes of unemployment and action to remedy the situation is called for in a resolution introduced in the house by Representative King, Illinois.

Price of Beer Is Cut
Victoria, B. C.—The Provincial Liquor Control Board has announced that the price of beer would be reduced from \$4 a dozen quarts to \$3.50, and from 40 cents a single quart to 30 cents.

Retires With Clean Record
Chicago.—America's safest railroad engineer retired Aug. 23. He is John F. Lacey, who drove a Rock Island passenger train for 52 years without an accident. He is 70 and will be automatically pensioned. He ran the Rock Island's fastest limited for 17 years.

Makes New Altitude Record
Montevideo, Cap. L. A. Borges, a military aviator, has made what is claimed to be the American altitude record for an airplane carrying two passengers. His machine rose to a height of approximately 22,000 feet.

W. C. T. U. Chooses Atlantic City
San Francisco, Cal.—It was announced at the closing session of the forty-eighth annual national convention of the Women's Christian Temperance union here that Atlantic City had been selected as the next convention city.

34 Die When Ship Sinks
London.—Thirty-four lives were lost when the British steamer Perla was sunk near the coast of Spain last week. Fourteen persons were saved. The vessel was a small passenger carrier sailing from this port.

Former Canadian Minister Dead
London.—Sir Sam Hughes, former Canadian minister of militia, died at his home here Aug. 28. He had been ill for some time, gradually sinking under the enormous burden of the war.

Vote \$12,500,000 For Shipping
Washington.—The shipping board dependency appropriation bill carrying \$12,500,000 for the fiscal year 1922 was passed in the elimination of all amendments to what is called the bill by the House and Senate.

Love Triangle Ends In Divorce
New York.—Mrs. Marguerite L. Wood Palmer Wilcox, a high grade on a Bill decree of divorce from her husband, M. Wilcox, New Orleans, former Smith and Wesson company salesman, divorcing her with the New Orleans court in the city.

Officials Seize \$20,000 Cargo

Bees Sting Dog to Death
Medford, N. J.—Attacked by bees while tied in its kennel, from which it could not escape, a dog owned by Andrew Shoemaker was stung to death. Several persons who tried to rescue the dog were driven off by the bees. The dog's kennel was near several hives, and when the insects were disturbed, they turned upon the dog.

Grandma Asked Hard Question
Galien.—The curiosity of a 74-year-old mind was aptly illustrated when Effie Mae Wilson was watching her grandmother "pick a chicken." Grandma had explained in answer to anxious questions that "the chicken oiled its feathers from 'little oil tubes.'" Watching quietly, Effie Mae asked: "When are you going to cut off the part the chicken gets gasoline from?"

Some Pet, This Cub Bear
Escanaba.—Upper peninsula girls go to the New York society maidens "one better." The Wolverines have bears for pets, not monkeys. The fad started when Miss Nellie Weissert of Ford River, trapped a cub bear as he stole apples in her father's orchard. Now bears are the rage. Miss Weissert says she intends to take her pet bear on her next trip to New York. And, she is willing, if it comes to a test, to put her bear against the New York monkeys.

"TAKE IT FROM ME" AT THE GARRICK

"Take It From Me" the three-ring circus of musical comedy opening at the Garrick Theatre next Sunday night for a week's engagement, is a winner. As conglomeration of comedy and kickings it sets a new pace of light entertainment to clock by. As a plot model it is better than the average. As a medium for philosophy designed to dispel the dull cares of business it is a revelation. All in all, it is a 100 percent amusement. It is one of the breeziest, swiftest, most funniful and together delightful musical comedies to hit the trail this season, if not several seasons.

"Take It From Me" not only has a story which can be traced without resorting to a finger print system, but delightful music, good "business" throughout, sparkling lines, top-top dancing and all sorts of snap and dash.

Will B. Johnstone, the cartoonist, wrote the book and lyrics. The lines are laugh getters from start to finish. Will R. Anderson wrote the music, and it is quite the best he has ever done, while the whole has been produced by Joseph M. Gates.

When you come right down to reason, what is there to "discount" tires —

THE next time a friend comes to you all excited about some wonderful tire bargain—ask him how much value he ought to get for each dollar of tire money.

It's astonishing that any car owner today should not know all the tire service he is entitled to.

Nor how to check up between the economy of par quality on one hand—and big discounts, surplus stocks, discontinued lines and retreads on the other.

For two years U. S. Tire makers have been telling the American people all about tires.

They have laid open the tire business from every angle.

They have always led the fight for better tires.

They have consistently maintained quality first standards with certain economy for the tire buyer.

They have established 92 Factory Branches all over the country. Perfecting U. S. distribution so that you get a fresh, live tire every time you buy a U. S. Tire.

So when a man once decides on U. S. Tires he knows what he is getting in quality—service—economy.

In support of his own judgment he gets the pledged word and reputation of the largest and most successful tire concern in the world.

A sound reason for the fact that you see more U. S. Tires on more cars than ever this year.

The U. S. CHAIN TREAD

One of the few tires of which it may be said that they deliver economy year in and year out and tire after tire.

"You get a fresh, live tire every time you buy a U. S. Tire."

Michigan News Tersely Told

Lansing—Printed protests, uniform in wording and prepared by the Michigan Manufacturers' association, were received from several corporations which filed their corporation tax returns with the department of state Tuesday.

Baldwin—George Pelch, section hand, was instantly killed when he attempted to cross the track in front of a passenger train entering the yards at high speed. He was 35 years of age and leaves a widow and three young children.

Calumet—Work on the new Calumet & Hecla water line from the Tamarack pump station to locations north of Calumet has begun. The pipe will be over 10 miles long and will give the residents of that locality an abundant supply of water.

Kalamazoo—Declaring the printing trade has been short of help for years, due to a dying out of training of apprentices, a committee of printers has appealed to the board of education to establish a course of training for printers in the high school here.

Monroe—William Bolles, farmer, residing southeast of Monroe, has arranged with a Toledo real estate company for 600 acres to be platted into 200 lots. A club house is to be constructed and a park laid out. The improvement will total about \$100,000.

Owosso—Liberty bonds and certificates of deposit totaling nearly \$5,000 have been stolen from E. E. Bunting, of Henderson, sheriff's officers say. Only \$250 of the bonds are negotiable. Bunting, an aged widower, kept the securities in a box under a bed at his home.

Owosso—An unusual coincidence occurred in the wedding of Miss Mildred Mattoon, of Sitwassee township, and Edwin Devereaux, of Lansing. Rev. W. T. Woodhouse, of Corunna, who officiated, married the groom's parents in 1894 and the bride's parents in 1892.

Kalamazoo—Mistaken for a bandit by a man who saw him get out of a car with a pistol in his pocket, William Hubert, a deputy game warden of Battle Creek, was arrested by a policeman who answered an emergency call. Hubert was released as soon as his identity was established.

East Lansing—Farmers of Southern Michigan have been invited to a soybean held meeting just over the Ohio line at Stryker Sept. 9. The program will consist of observing the use of the soybean crop on the Johnson seed farms. A series of addresses by men from neighboring states has been planned.

Utica—Nearing the age of 101 years, Mrs. Sarah Conner, died here at the home of her daughter, Miss E. M. Conner, after a brief illness. She came to Michigan from New York at the age of eight years. The family has lived near here since that time. Her husband died in 1880. Four children survive.

Kalamazoo—Frank Kinsley, proprietor of the St. Joseph hotel at Colon, was arrested on a federal warrant charging liquor law violation. The respondent demanded an examination. Bail in the sum of \$1,500 was not furnished. Officers alleged a still and a quantity of white wine whisky were found in a bedroom.

Highland—The exclusive Chicago colony at Castle park will build a large amphitheater where it will stage entertainments. J. Wellington Reynolds, prominent Chicago art critic, will be the designer of the new amphitheater, which will be dedicated Labor Day to the memory of Mrs. H. H. Parr, formerly of Chicago, who built Gable park.

Three Rivers—After an exciting race from Fawn River township in St. Joseph county to Noodle township, Branch county, Deputy Warden Charles Everhart arrested Elliott Milly on a charge of hunting squirrels out of season. Milly was taken to the court of Justice Bowersox at Notawa, where he pleaded guilty and was fined \$10 and costs.

Kalamazoo—The 13th Michigan Volunteer infantry association will hold its annual reunion here September 7 and 8. L. Durand, Allegan, is president of the association, and H. C. Bond, Muskegon, is secretary and treasurer. The regiment was in the battle of Stone River, where Kalamazoo soldiers prevented the annihilation of General Wood's army.

Adrian—Farmers will be provided with facilities to continue pooling their wool during the remainder of the year, according to A. E. Illenden, chairman of the State Farm Bureau wool committee. Carloads of wool are being shipped from the Michigan pool to five factories. Illenden estimates that 250,000 pounds of staple clothing wool have been sold from the 1921 pool.

Lansing—At a conference, between city officials and representatives of the Michigan United Traction here John F. Collins, vice-president and manager of the Lansing division, declared that unless fare increases are granted street car service in Lansing will be suspended. He delivered an ultimatum to the city officials, providing that the cash fare be fixed at 10 cents or four tickets for 25 cents. The rates at present are 5 cents cash or nine tickets for 50 cents. The city council will answer the ultimatum in a few days, officials said.

STATE FAIR'S FUN PROGRAM BIG ONE

MIDWAY TO SCINTILLATE WITH
GAY OFFERINGS, BANDS,
VAUDEVILLE

The program of fun and entertainment to be offered to visitors to the 1921 state fair at Detroit, September 2-11, is so plentifully supplied with headline features that it will be impossible for any one to find a dull moment during his stay on the grounds.

The midway will scintillate with gay attractions of every known sort. A lot of new ones included in the list by the great World-at-Home shows will furnish plenty of novelty for everyone. You will be able to ride on a merry-go-round or on a seaplane or on "the Whip." You'll see fancy ice skaters on real ice, no matter how hot the weather. Circus acts, wild west acts, barnyard freaks, human freaks, the House of a Thousand Wonders, the House of Mystery, the Garden of Allah—these are but a few of the myriad offerings for the enjoyment of the Midway throngs.

Vaudeville acts, circus acts singing and other entertainment will be a daily feature. Afternoon and evening, in front of the big grandstand when the crowds gather there for the events on the track, and in the field. These numerous attractions will be supplied to the fair by F. M. Barnes, Inc., of Chicago, the largest fair booking agency in America.

Band concerts will be held in the afternoon in the grove daily, before the grandstand and in other parts of the grounds at different times. Three of the finest bands in uniform will be among the regulars that furnish the music. Al Sweet's White Hussar Band, Earl F. Newberry's Band, and the Highland Park Municipal Band. Your just want to see the parade at a minute's time during the entire fair when you cannot be entertained.

Thurs. 9 to the 11th, 10 to the 11th, in Detroit, 9-18-21

CHARLES T. PRESCOTT.

Tawas City man is the Michigan State Fair Board member in charge of the horse department at the fair in Detroit, Sept. 2-11. A total of \$13,287.30 in premium awards will be made in the draft horse division of this department, with 30 per cent added to all premiums won by Michigan exhibitors. Another \$4,000 will be distributed to winners in the Horse Show, which will be held this year on the track in the splendid new Horse Show arena. A special program will be arranged for the horses and ponies in the show after the entries are completed and will include exciting events for polo ponies, hunters, jumpers and other bred and equines.

High class horses will hold the attention of fair visitors also on the half-mile race track, where there will be six days of racing for harness horses, beginning Sept. 5. A total of \$12,000 is hung up in purses for trotters and pacers, including the Michigan Breeders Stakes of \$1,000 each for 3-year-old trotters and 3-year-old pacers.

Did you know that the Michigan State Fair took rank last year as the best fair in all America? It will be better still in its next show in Detroit, Sept. 2-11.

HOUSE OF CORRECTION

(Continued from page 1)

The work," he said. "The community is benefited, the tax-payers save money and there is no wage competition with skilled labor. I believe that all of Wayne county's roads can soon be built with labor from this prison farm. The auto truck as a mode of conveyance for the men to the work virtually brings the road up to the prison. Practically any part of Wayne county can, in this manner, be reached in an hour.

A blue print which the superintendent exhibited gives a splendid idea of what has been done on the farm. It is laid out very systematically, much like an architect would draw plans for a building. This year, for instance, while no extensive farming was possible there has been planted eight acres of navy beans, 20 acres of sorghum from which there will be realized 2,000 gallons of corn syrup, 20 acres of sweet corn, 15 acres of cabbage, five acres of pumpkins and eight acres of small vegetables, such as radishes, onions, lettuce, etc. Then there has been set out thousands of grape vines, 15,000 berry and currant bushes, 12,000 strawberry plants and 4,000 fruit trees. There has among other things within thirty days past been transported to the Detroit prison from the farm 47 barrels of pickles, 700 bushels of cucumbers, 700 bushels of sweet corn, 300 bushels of beets and loads of cabbage and beans.

Only 300 acres have this season been under cultivation. Next year it is expected that 500 acres will be worked. In addition to the garden truck there has been produced a considerable amount of hay, grain and field corn. In this work 24 splendid draft horses are used and Mr. Denniston is very proud of his selections in the state.

Three dormitories and several tents provide sleeping quarters for the inmates and another long one-story building is the dining room and kitchen. Another large two-story dormitory 30x150 feet is now being erected by the men. Besides these a huge well has been drilled, which now has a capacity of 150 gallons of water a minute, which is capable of supplying all future needs of the prison. The present buildings are of course all frame work, but the permanent structures will be of brick and cement. A permanent canning factory 26x75 ft with a basement has already been built and is now being equipped with the most modern machinery. An up-to-date laundry, with shower baths for the inmates, has also been installed. In addition, there is the heating plant, the carpenter shop, garage, the superintendent's official headquarters, and near by his residence.

All these buildings, plumbing, heating, water works system in operation, the work of prisoners. The men work eight hours a day and as a rule they are allowed to select their preferable sort of employment. Some like the carpenter work best while some prefer farm work, others like to work on the road, fence building, etc.

After working eight hours in a day they are allowed to get recreation, reading, sports, horse riding, etc. For the better purpose a very comfortable building has been constructed.

In the building of this work at the 350 of more men Superintendent Denniston has 25 people on the payroll and that includes officers, guards, green clerks, and other workers. Now a 100 men army and army at the 15,000 dollars the night of the year.

The new prison, which will soon be commenced, will occupy a single position on the southeast corner of the farm adjacent to the Pere Marquette railway. It will be a two-story permanent structure 72x300 feet outside. The interior will contain a large court and one side of the structure will contain the shops. This House of Correction will be built along the most modern lines of reformatory ideas known and in this work Mr. Denniston is undoubtedly one of the best posted men in the United States. So with his knowledge and that of the Board of managers, coupled with what can be learned from other countries, it will be the last word in reformatories.

When completed this will take care of 2,400 men of about twice the capacity of the present building where there are about 1,200 inmates, but in a badly crowded condition. This new structure will be built entirely by the prisoners and will be for men only. In speaking of reforming prisoners, Mr. Denniston said: "I am sorry I have not as much faith in it as many profess to have. I do believe, however, that the only way that real results can be accomplished is by segregation. I mean by this to separate the young men from the older ones, the first offenders from the more hardened criminals; the colored man from the white man; the short termers from the long termers and so on. I believe it is the environment that will count. A young man committing his first offense, will be influenced to no small extent as he leaves the reformatory according to his usage during confinement and his associates while there.

Superintendent Denniston spoke very highly of the co-operation in his work which he is receiving from Superintendent Stinson of Detroit and the Detroit Board of managers, and he was loud in their praise as students of a reformatory idea and their ability to carry them out. The reformatory for women, if a new one is built in Wayne county, will be located some distance from this one, it is said. Superintendent Denniston gives it as his opinion that successfully maintain a reformatory the men and women must be located in separate buildings a distance from each other.

DEVOLÉ

MARBLE FLOOR FINISH

If you could only see your unvarnished floors through a microscope!

If you could see the millions of tiny holes in which the dirt and germs accumulate. If you could see how every one of the thousand daily steps wears away the fiber of the wood—that's what makes scrubbing so hard—you'd varnish the floor before the day was over.

Devole Marble Finish is ideal for this purpose. It puts a hard, durable film between the feet and the floor. It fills the pores of the wood, gives it a smooth, glossy surface, easily cleaned with mop and broom. Devole Products are time-tested and proven—backed by 166 years' experience of the oldest paint manufacturing operation in the U.S. Founded 1855. Sold by the Devole Agent in your community.
