KING'S DAUGHTERS' ANNUAL CONVENTION

The annual meeting of the Michigan Society of the King's Daughters will be held in this village October 18-21. It will be some meeting and as many as 300 delegates are expected to be present. Arrangements for their entertainment is nearly completed and by the time the cars begin to arrive everything will be well set for the largest convention ever held in the Peninsular state.

The guest of honor will be Mrs. W. G. Bennett of Chicago, vice-president of the International Order.

The guests will be entertained one afternoon right away after dinner by the Northville Automobile club, and will include on the trip a visit to Detroit children's fresh air home, the Detroit sanatorium, the Detroit House of Correction farm home, all located just west and southwest of the village. W. H. Maybury of the Detroit board of health has made arrangements to show the delegates about the grounds and buildings and Superintendent Denniston of the H. of C. will show them how farm prisons are conducted. A visit is also contemplated to the Scotts hall and park in the village besides the U. S. fish station and through the residence section.

The Northville Circle of King's Daughters is one of the strongest and most active ones in the state, and so thorough is their work that practically all charitable activities and relief work under the direction of either village authorities or township board is referred to the Circle with power to act in every way.

On the approaching occasion all business houses and residences will be elaborately decorated and the visitors will be given a welcome that will make them think the old town is some warmer.

And then too the convention will be no pink tea of an affair in itself. For one thing there will be an election of officers that promises to be somewhat exciting in itself. All ready there are indications that there will be several candidates for the state presidency.

The local president, Mrs. Edward Sessions has named her committees and they are busy on the job.

The meetings will be held in the Presbyterian church and on Monday lunch and a six o'clock dinner will be served in the high school gym.

THREE CORNER STONES LAID ON SUNDAY

Rich failed to interfere with the special corner stone ceremonies at Farmington Sunday and large crowds were present at the Clarenceville Methodist church the Farmington Methodist church and the Methodist Children's home.

The Clarenceville stone was laid at 1:30 by Rev. W. H. MacClintock, district superintendent at Port Huron. The special address was given by Rev. Sidney D. Ely of Farmington, and Rev. J. L. Wilson, former assistant pastor at the Methodist church there, assisted. Special music was furnished by the Northville band.

The stone at the Farmington Methodist church was laid at 2:30 by Rev. MacClintock and Rev. Ely. Addresses were given by Rev. B. H. Bready of Pontiac and Dr. M. S. Rice of Detroit. A copper box containing copies of the Pontiac Daily Press and the Farmington Enterprise, were placed in the stone.

At 2:30 the corner stone at the Children's home was laid by Rev. Sidney D. Ely. Rev. MacClintock, Rev. B. H. Bready, Rev. J. B. Marsh of Northville and Rev. Robert Dejo of Detroit, took part in the service. Music was furnished by the Northville band and a male quartet.

FIFTH ANNUAL FAIR A GREAT SUCCESS

Oh, it was grand and glorious. The weather man was most generous in the splendid weather he prepared daily for the fifth annual Northville Wayne County Fair, and with the exception of a breeze which was at times uncomfortable on Friday, a more delightful week could not have been selected. Tuesday was a splendid day for making entries and Wednesday was like a summer day and the refreshment booths were all patronized. There was a large crowd present on Thursday and Friday and the visitors remained late at night to enjoy the splendid programs provided. In point of attendance Saturday was the big day, as usual, and the grounds were literally packed with people and automobiles. Saturday's program was as big as the crowd and a number of additional attractions were provided by the fair management, and to the credit of the officers and directors it may be said that nothing planned for the program had to be cancelled and all the free attractions were clean and entertaining. Several additional free acts were given Saturday and the visitors thoroughly enjoyed the day.

Too much praise cannot be given the officers and directors and their very able assistants who labored so long and faithfully for the success of the enterprise. Not an officer received a compensation for his services, though some gave days and weeks to the fair. During fair week they were on duty early and late, giving careful personal attention to the numerous little details which add so much to the comfort of the visitors and to the satisfaction of the exhibitors. In fact to those matters which insure a successful fair, and which have given Northville a very favorable reputation both among exhibitors and visitors.

Of course upon the shoulders of President J. A. Huff and Secretary A. A. Ponsford rested the greater duties and responsibilities, but they had loyal co-workers and able and efficient assistants and not a single department "fell down," with the result that the Northville fair has gained many new friends who will come again next year.

OBITUARY—MRS. GERTRUDE SWIFT.

Mrs. Gertrude Swift, whose death was briefly mentioned in these columns last week, was probably the oldest resident of Northville. She passed her 95th birthday August 8th, and had lived here nearly all her life, coming with her parents, Capt. and Mrs. Wm. Dunlap in May 1831, from Ovid, N. Y., who, only five years of age. In 1855 she was married to Hon. George Swift of Wayne, who died in 1895. Their home was in Wayne during the ten years of their married life.

For the last few months her weakened mind had made it necessary to have her cared in a sanitarium and hospital.

The funeral was held Friday at the home of her sister, Mrs. Jennie White, conducted by Rev. Augustus Rev. E. V. Belles, with burial in Oakwood in the lot taken by her father when the cemetery was laid out.

With the close of her long and useful life, the last but one of the nine brothers and sisters of the Dunlap family have passed over to the other shore. Their graves are scattered far and wide and as I write, there comes to me the wish written by our mother on the page of the family record in the old bible:

"May all the names recorded here in the Lamb's Book of Life appear."

GAVE DELIGHTFUL RECITAL.

Miss Helen Worytch entertained about twenty of her friends at a most delightful informal recital at the home of her sister, Mrs. Bert Tapp, on Tuesday evening, rendering a program of fifteen violin numbers to the delight of all who were privileged to be present. Mrs. Strong playing her accompaniment.

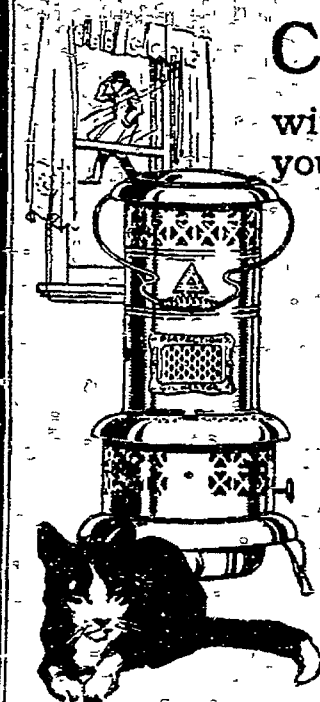

Miss Worytch will return to Washington, D. C., this week and among her early fall engagements will be a recital to be given at the White House for President and Mrs. Harding and their guests. The best wishes of many Northville friends will accompany her to the national capital.

DETROIT THEATRES

"The Whirl of New York" thirty-first big attraction to be produced by the New York Winter Garden, will be the offering at the Garrick theatre for the week beginning Sunday night. And of the thirty colossal entertainments that have preceded it, this one is the first to depart from the revue and extravaganza type for which the Winter Garden has become famous. "The Whirl of New York" is a musical comedy with a real plot running through its entire action. This departure seems to have filled a desire on the part of its Winter Garden followers for a change in style, for even "the tired business man" becomes surprised with one kind of a amusement just the same as he tires of one kind of pastime.

"The Whirl of New York" tells a real story full of joy, interest and comedy. And its score is filled with a variety of musical gems which run the gamut from the modern "jazz" and smart topical songs to the good old-fashioned ballad so popular in the good old days before the war. And it is in these older songs that the public seems to find its great delight. They are of the tuneful and musical order that makes them impressive and easily remembered and at every performance the audience leaves the theatre whistling and humming their catchy refrains.

"Explaining the Word 'Bogus'" Bogus is thought to be a corruption of the French bagasse, Latin bagasse, and was applied in French America to the refuse of the sugar cane. Another derivation is from Borghese, an Italian who hooded the southwestern states with counterfeit money. Bogus is also the name of a drink made from rum and molasses.

Sea Serpent Pure Myth. There are no sea serpents and armor-plated monsters that rise from ocean's bottom and frighten vacationists. So says the prince of Monaco, one of the world's foremost oceanographers. Forget, also, the prince says, mental pictures of deep-sea forests of like-like vegetation waving gently as submarine monsters move lazily through it. The depths of the sea are as barren as the tops of mountains. That is why there are no monsters in the depths of the sea; there is nothing there for them to feed on.

Famous Edinburgh Street. "Princes Street, Edinburgh, is generally considered to be the most picturesque thoroughfare of any city in the world. With the grim, historic pile of Holyrood palace towering above the rocky ravine on one side and the fine row of stores with windows decked out in the brightest lanterns and the old pattern silverware for which the Scottish capital is famous, on the other side, it makes a picture that the traveler carries in his mind for many years afterward."—New York Times.

She was brought to this country, she said, by false stories of the affluence in which the Werners lived, but found there is a three-room shack at Fern dale.

Witmer, Leo and Archie Langlois, of Muskegon, and others, was adjourned 10 days, giving attorneys for the plaintiff time in which to file briefs. The railway charges in its bill of complaint that the buses cannot compete with the railway in carrying passengers or freight between cities, villages or townships on their line of operation, as they are not franchised.

Beautiful Ruins of Melrose. Melrose, a pleasant little village in England, at the foot of the Eildon hills, is famous for the ruins of the Cistercian abbey, founded by King David I. in 1136, destroyed during the Wars of the Succession and then rebuilt, being completed in the sixteenth century. The ruins indicate it was a noble structure with wonderful tracery and carvings.

"Kick" From the Parsley Bed. The use of parsley is almost universal in France for flavoring and garnishing dishes, and recently when a sudden scarcity of the green was noticed it was discovered that it was being bought up in large quantities by some persons who were making a substitute for absinth.

Art is No Recreation. Art, properly so called, is no recreation; it cannot be learned at spare moments, nor pursued when one has nothing better to do. It is no handiwork for drawing-room tables, no relief of the ennui of bourgeois; it must be understood and undertaken seriously, or not at all. —Modern Painters. John Ruskin.

The Harvest Moon. The harvest moon is the one on or nearest to the 21st of September, harvest time. When nearly full it rises for several consecutive nights at about the same hour. A poetical playwright points out that it is a kindly arrangement of the Creator for the benefit of lovers. There is at that time a small angle between the moon's orbit and the horizon which causes the complaisance on the part of the queen of the night.

Turned From Sea to Stage. That Douglas Jerrold, the great English dramatist, satirist, and one of the greatest of English wits, started life as a sailor, was evidenced in his bearing even late in life. Jerrold's father was the manager of a theater, but it was the sea that first lured the boy. Yet it is interesting that when Jerrold was only fifteen years old he wrote a comedy which later was produced and started him on his stage career, says the Pittsburgh Chronicle-Telegraph.

FISHER URGES SCHOOL REFORM

Fred E. Fisher, assistant county
school commissioner, has been asked
to accept the post of assistant state
superintendent of schools.

If he accepts, Mr. Fisher will have
charge of the rural school department.

The only reason the rural schools
of Michigan are not a notorious "dis-
grace," said Mr. Fisher Wednesday, "is
that the people do not realize the con-
ditions that exist in them."

"If I decide to accept this office,
one of my objects will be the con-
solidation of rural school districts,
such as that accomplished recently in
Manitowish township."

"Another object will be the ap-
pointment of expert teachers to in-
struct inexperienced ones in rural
schools throughout the state. There
are many high school graduates, young
girls, teaching in rural schools,
where they must instruct all eight
classes. They are extremely sea in
many instances as to the proper
course of procedure. This is one of
the things I would strive to correct."

DEMAND ISSUES 'FINAL WARNING'

Secretary of State Charles J. Deland
has issued what he calls a final warn-
ing to motor vehicle owners on this
state.

It is—if you want to avoid a lot of
trouble, take out your certificate of
ownership soon.

There are two reasons for the warn-
ing according to the secretary of
state. One is that the time limit for
taking out titles expires July 1, 1922.

That date is a comparatively long way
away but there are in the neighbor-
hood of half a million automobile
owners who must comply with the law
before the time is up. Considering
that only a comparatively few of them
have already taken out their certifi-
cates, it seems that there is bound to
be a mad rush of applications in the
last few months or weeks.

To avoid the rush one reason for taking
them out early, the secretary believes.

The other reason is that until July
1, 1922, certificates are issued on the
sworn application of the vehicle owner
that he owns the car and purchased
it from so and so. But the moment
the law becomes operative, the pro-
cedure will be greatly changed. After
July 1, 1922, it will be necessary for
every car owner to trace in detail
the pedigree of his vehicle. He must
outline the course it traveled in pass-
ing through various hands since the
time it left the factory. Thus, it is
believed, will in many cases, be a
tedious job, as titles are often more
or less obscure when machines have
been sold and resold several times.
Obviously, the secretary of state as-
serts, the diplomatic and time saving
owner will take out his title before
the time limit expires.

BE A GOOD LOSER.

Nothing so much endeared Win Howard Taft to the hearts of the American people as did the way he took his defeat for the presidency in 1912. He came up smiling in adversity and smiled his way back into the love of the people by being a good loser, until again he has reached the hope of his life, the Chief Justice of the world's greatest court. The popular man, woman or child today, is the good loser. If you can't get your own way, be a good loser and get in the game again. That's what makes good ball teams. The same rule will apply to churches and men and women who run them. If you can't have your own way, take your medicine and play the game. Maybe you are wrong for once in your life. Any how, do one ought to desert a ship when they think it's sinking. It may not sink. The Lord doesn't build his ships of sinkable material. If He did it's just possible that some of us would never reach the other shore in case of much of a storm.

Keep the Attic in Order. Attic may be more easily cleaned and kept in order if the wall space is utilized in shelves or built-in closets. Hooks or nails may be placed at convenient heights and distances apart on which suitcases, baskets, bags, hats, clothing and small pieces of furniture are hung, designating certain sections of the wall for closets for winter clothing. Shelves, racks and even clothes lines may be placed on the walls for holding storage material.

Duration of Moon's Eclipse. A total eclipse of the moon may last as long as one hour and forty-five minutes.

'Like Father, Like Daughter.' The tendencies of the father are usually handed down to the daughter, while the son inherits those of the mother.

'Brazilian Grass.' This is a name incorrectly applied to a substance used in the manufacture of a cheap kind of hats known as Brazilian grass hats and also known as chip hats. It consists of strips of leaves of a palm, which are imported to Great Britain and elsewhere for this manufacture, chiefly from Cuba.

Callopie. Callopie was in Greek mythology the name who presided over eloquence and heroic poetry and her name in itself signifies one having a beautiful voice. The application of the term callopie to so many musical instruments as the steam organ was probably bestowed in derision.

FAIR NOTES.

Northville Foresters won the base ball tournament by defeating Ypsilanti Friday afternoon. Ypsilanti defeated Wayne on Thursday afternoon.

The races were the best ever seen on the local track. Harry C. Robinson of Plymouth, that prince of good fellows, acted as starting judge to the satisfaction of both drivers and the spectators. The grand stand was packed to its capacity every afternoon during the progress of the races.

Members of Moslem, Patrol and Chapters of Detroit were the special guests of the fair on Saturday afternoon. These splendid organizations were given an ovation as they marched upon the drill grounds. The patrol gave a fine exhibition drill and the chapters sang a number of selections to the delight of the immense crowd present.

The exhibits in all departments, with the exception of sheep, were large, more varied and more attractive than those made at any previous fair. The extent of the exhibits indicated that the superintendents had been active and each one seemed to be determined to make his special department the best one on the grounds.

The display of pet stock, dogs principally, attracted a great deal of attention for a new feature. Who does not love a good dog, and there were many handsome ones in the exhibits—ranging from big, brown hounds to tiny puppies but a few days old.

Another new department that attracted more than ordinary interest and which is bound to grow in importance as the years pass, was the works of art which were shown from the homes of Northville.

The splendid displays made by the ladies of this community in needlework, art, baked goods, canned goods, etc., clearly demonstrated that they need a building of generous dimensions all for themselves. They would be able to fill every corner, and fill them with articles of more than ordinary merit.

Exhibitors in the woman's department received cash for their premiums Saturday afternoon, a custom that has been followed before and one that reflects credit upon the ladies in charge of the display.

After you had talked fair for weeks and months, boomed and boosted for the "enterprise" in season and out of season, would it not rattle your good nature just a little to be compelled to retire to your home on the second day of the fair, when the sun was smiling through the band was playing and the crowds were gathering for the big show? Well, that was what happened to the editor of The Record.

He was compelled to remain at home Thursday morning, where he has been the greater part of the week. No races, no chance to win a blanket or a doll, no least on hot dogs and pumpkin pie, no red beverage or taffy candy. But why prolong the agony, we had the satisfaction of knowing we had done our duty to the fair and we were happy in the thought that the weather was fine and that success had crowned the efforts of the splendid fellows with whom we have labored to make the enterprise a success.

Of course, as a reader of The Record you may not be interested in this, but anything in connection with the fair has been omitted in our write-up of last week or this you will understand the reason. When a newspaperman cannot talk he is about as a soldier without ammunition. He must either "dig in" or "dig out."

The Boy Scouts were again on duty during the whole week and rendered very efficient service. These boys are always ready and alert and they performed many kindly acts for the fair management and for the visitors.

The Detroit Creamery company's handsome six-horse hitch was one of the attractions again this year and received hearty applause whenever it appeared. The sleek, well groomed horses with their handsome trappings presented a very attractive appearance.

In the better baby contest Mrs. Flora Larkin, as usual, led her old job with wonderful success. In the physical contest, Mrs. L. W. Snow, wife of Dr. Snow, formerly a graduate nurse of Grace hospital had charge of the examinations for Mrs. Larkin.

The prize winners were: Under 2 year, Ruth Leavenworth, first; Helen VanSickle, second; for the girls, and Jack Brooks, first; Herbert Kopsch, second, for the boys. Under 2 years, Madeline Boyd, first for the girls; and Oral Law, first, for the boys. Over 2 years and under 3, Betty Ross, first; and Eleanor Pearl, second, for the girls; and Kenneth Fisher, first, and Harold Bolet, second, for the boys.

W. C. T. U. NOTES.

The Woman's Christian Temperance Union will meet with Mrs. Erwin on East Dunlap street, October 10th. The meeting will be called to order at 2:30 p. m. This will be the last meeting Mrs. Marquis will be with us for some time as leader, so let there be a good turnout.

LOCAL

A number from here attended the Fowlerville fair this week.

A number of Northville homes are celebrating this as furnace week.

For once, the weather man was very nice to the Northville fair people for a whole week.

Miss Nettie Ward of Detroit, was a guest of Mr. and Mrs. Philip Anderson, Saturday.

Ticket No. 167 won the vacuum cleaner given by the Snafer Electric Shop. Who holds the lucky number? Mrs. Edward Lasnik, who has been seriously ill at the home of her mother, Mrs. Joe Miller, was taken to a Detroit hospital this week for treatment.

The box social that was to have been given at the Base Line school Friday, October 7th, has been postponed, as the school is closed on account of influenza.

The proposed nine district school consolidation and establishment of a 12 grade agricultural school at Milford has been authorized by a vote of 171 to 27.

The Baptist Missionary Circle will hold its regular monthly meeting next Wednesday, October 12, at the home of Mrs. W. R. Robinson. Every member is asked to attend.

Anyone who is willing to take one or more delegates for lodging and breakfast during the King's Daughters' convention, October 19-21, kindly notify Mrs. Lizzie Harger, chairman.

Miss Laura Bergen of Genesee, Ill., a visitor at Rev. C. Strasen's, at Plymouth, held the luck number, 257, on the center piece and scarf given away at the Northville Fair, Saturday, October 1st.

Last Sunday, Mr. and Mrs. Emory Van Valkenburgh were pleasantly entertained at the home of their son, Roy, the occasion being Mrs. Van Valkenburgh's birthday. She was presented with a suitable gift from her family, the grand children also remembering both grandparents with a little gift of their own. Everyone present enjoyed the occasion and hope to have another such in the future.

A special service will be held in St. Paul's Cathedral on Woodward and Hancock, Detroit, next Sunday evening, the occasion being the official authority and service to the young lawyers who have passed their examinations, and are to devote themselves to the work of the church. P. L. Gibson, Messenger of St. John's church, Plymouth, who has made many pilgrims in that district during his short work in that place, will be one of the those who will receive the silver cross of St. Andrew's society. Bishop Williams will preach the special sermon and present the silver cross to the laymen. Mr. Gibson, who is engaged to state, has been nominated to Plymouth.

The following former Northville people were among the many visitors at the Northville Fair last week: Chas. Bristol, Miss Lora Bristol, Mrs. Peter Davitt, Mr. and Mrs. Wm. Phillips of Highland Park, Mrs. Alice Philp, Mrs. Ruby West, Mrs. Lee Dawson, Mrs. W. M. Dawson and two sons of Ypsilanti; Mr. and Mrs. A. E. Stanley of Royal Oak, Mr. and Mrs. Otto Lohm of Dearborn, Mrs. C. L. Squibb of Mt. Clemens, Hoyt Woodman of Lansing, Russell Stewart of Charlevoix, Mrs. Mill Brown and daughter, Ruth; Mr. and Mrs. Oscar Carlson, Mrs. Mabel Stark Chicketts, Arthur Brooks, Mrs. Harold Ballard and son, Mr. and Mrs. Chas. Christensen, Mrs. Wm. Somerville, Mr. and Mrs. S. M. Liddell and daughter, Dan Laffin and family, Mr. and Mrs. Perry Brown, Mrs. Al Blair, Mrs. Foster Wheeler, Mr. and Mrs. Harvey Lanning and children, of Detroit and Walter Evans and wife and the latter's mother of Ypsilanti.

The women of the Baptist church will co-operate in Northville with the American Baptist Foreign Mission society, in sending a ship load of clothing and other supplies for the relief of the suffering people in Northern Europe. Too much cannot be done to meet this need. The larger part of the shipment will go to Poland and Latvia where the need is most acute. All persons who would like to help are asked to send or bring their gifts to the Baptist parsonage and the ladies of the church will pack and ship them. As it will be necessary to pay freight, a small donation of a few cents from each for this purpose will be appreciated. It is believed the need of Europe will reach a climax this winter. Thousands are living in caves, without homes, with no clothing for their bodies or heads but rags. The Christian people of America cannot close their eyes to these appalling conditions. Send clothing, underwear, shoes and stockings, if in good repair, blankets, sheets, comforters, and towels. Baby clothes for the thousands of babies that will be born this winter will be especially needed. Please enclose one package or more of laundry soap if you can, this article being almost impossible to secure in these parts of Europe. The clothing, etc., need not be new but should be clean and in condition to give reasonable service. Everything must go this month.

Finn Grandy of the Calvert Lithographing company of Detroit, accompanied by a number of the official force, attended the fair last week, Saturday and were the guests of Frank Macomber.

Harry S. Gernian received a telegram from his horse trainer, Saturday last, that his trotter, Peter George, won a six heat race at Sandusky, Ohio. Peter George is of the Peter the Great family, the leading sire branch of race horses.

Mrs. F. D. Bathery, accompanied by her guest, Miss Sutton of Kansas Ind., and her brother, L. B. Moss, have just returned from an extensive motor trip through Canada and the east, visiting their old home, Geo. F. Morris, at the wheel, with his cheerfulness and ability, added much to the trip.

MRS. ANDREW LEADBATER LAIN TO REST SUNDAY.

After a brief illness, Mrs. Susan Leadbater, wife of Andrew Leadbater, died at her home on North Center street, on Friday of last week. The funeral was conducted Sunday afternoon by Rev. H. Grimwood, of the Baptist church, and the interment was in the family lot in Rural Hill.

Mrs. Leadbater was a woman of worth. A splendid neighbor, a valuable friend and a devoted wife and mother. She was 72 years of age last August and she and her devoted husband celebrated their 50th wedding anniversary last June. She came from Canada when very young and had lived here practically all her life, in a community where friends, neighbors and her family rounded out for her the full measure and enjoyment of life.

Besides the husband, there are left two children, Mrs. Mae Lanning of this place and Richard Leadbater of Detroit, and three sisters, Mrs. B. W. Cook of Midland, Mrs. Henry Dubbs of California, Miss Rebecca Calahan of this place and one brother, Jas. Orton, also of Northville.

THE HERO OF THE WORLD SERIES.

Who will it be in 1921? One always appears and is unexpected developed.

Paul was as far player and a good manager. He took a lot of bush leaguers and won a world's championship.

Paul was a veteran of many campaigns. His average was always high and he was never met by hostile crowds.

Paul came to Boston as one of the big cities on his circuit and his first trip to the plate resulted in a home run.

Paul never considered the lead and mind but played a consistent game all the while. That is a man aged for.

THE PUBLIC IS DEMANDING STUCCO WHY?

The cost for an overcoating of stucco is approximately the same as for wool siding and a coat of paint. It is 50% less expensive than brick veneer.

Home Builders
Realize that stucco is artistic and permanent. They know that the money invested in an asset whose value increases with the value of land. The frame dwelling on the other hand depreciates as a marketable asset almost as rapidly as a motor car. So let me estimate the old home now. You are under no obligation.

Lapham State Savings Bank NORTHVILLE

The Banker manages these common funds. He determines their distribution. There is no challenging his decision for he is the owner of the funds while they are in his possession. He registers the deposits in the form of a great variety of items of credit, payable in all parts of the world. He gathers these funds together and assumes the risk of keeping them and employs them and undertakes to keep them so readily available that he can meet the shifting demands of the numerous contributors both for cash and loans.

There is talk of co-operative banking, in the sense of ownership of a bank by its patrons, and as the stock of commercial banks is widely distributed, co-operation in this sense exists to a large extent but regardless of this, banking is highly co-operative with the utmost incentive for the banker to serve his patrons, and perfect freedom of action for the latter.

While the banker has a free hand in the employment of the funds, he must handle them with such regard for the interests of his patrons as to satisfy them, or his business will not be successful. The patron is free to withdraw his funds and place them elsewhere at any time. Banks are numerous, and the organization of a new one is a simple process under state or national law. There is nothing of the nature of monopoly about the banking business. It controls no natural resource or opportunity, its earnings are from current business, its customers are alternately creditors and debtors, and must be satisfied in both relationships or they can easily form new connections. 'Millions Now Living Will Never Die'

The regeneration of the human race has been the hope of Christians for centuries, which hope is based upon God's promises. "To Abraham he said, 'In thy seed shall all the families of the earth be blessed.'" (Genesis 12:3; 22:18). "This promise of blessing is life everlasting." Romans 6:23.

The opening chapters of the Bible tell of the creation of perfect man, the image and likeness of God, and his habitation in a perfect home, Eden; of his violation of the divine law and his sentence to death. By inheritance all of his offspring have been born imperfect, therefore sinners, and in a dying condition. (Romans 5:12) God made promise to redeem man from death (Hosea 13:14), this redemption to be accomplished only by the willing sacrifice of a perfect man. God sent his Son Jesus into the world for that purpose. (John 3:16) He came to ransom man from the power of the devil (Matthew 20:28), that the people might have life. (John 10:10). He died for the benefit of all men (Hebrews 2:9), which redemption must be given to all men in God's due time. (1 Timothy 2:5, 6). At that one time every man shall hear the truth taught by Jesus, who promised: "If a man keep my saying he shall never see death." (John 8:51). There must be a due time for all men to hear these truths before they can be kept. The first verses of Revelation 21 tell of a time coming when there will be no more death, and "this time is stated to be during the reign of Christ." He (Christ) must reign till he hath put all enemies under his feet. The last enemy that shall be destroyed is death. 1 Corinthians 15:26.

It is evident from the foregoing Scriptural proof that there must come a time when the people will have an opportunity for life, peace and happiness. The question is, "When?" St. Peter answers this question, saying: "Times of refreshing shall come from the presence of the Lord; and he (God) shall send Jesus Christ, who before was preached unto you, whom the heaven must retain until the times of restoration of all things, which God hath spoken by the mouth of all his holy prophets since the world began. Yea, and all the prophets from Samuel and those that follow after, as many as have spoken, have likewise foretold of these days." (Acts 3:19-21). This statement conclusively proves that at the second coming of Christ and during his reign the obedient ones of the human race will be restored to exactly what Adam lost, viz., perfect mankind and perfect home.

Twenty-four of the holy prophets of Jehovah foretold the coming of such restoration of man. These prophets spoke with divine authority. The disciples of Jesus, knowing of the testimony of these holy prophets and of the coming time of restoration propounded to Jesus this question: "Master, tell us how we may know of the time of thy presence and of the end of the world?" (Matthew 24:3). The answer of Jesus to this question was clear and conclusive, understandable by men when the events mentioned by him should be fulfilled. The answer shows, in connection with other Scriptures, that the end of the world and the setting up of Messiah's kingdom will mark the beginning of the restoration of man, and from that time onward millions of people living on earth will never die.

The first important question, then, is, "What is meant by the end of the world and when does it occur?" World means social and political order existing for a time certain. The time of gentile dominion began according to Bible chronology and history, 603 B. C., was to continue for 2,520 years, and necessarily ended in 1914 which marks the end of the present order, at which time its dissolution should be expected. Jesus stated in Matthew 24:34 that time arrived when the world would be ending, peace, and revolutions in various parts of the earth would be the beginning of the world's ending. All these things have been fulfilled since 1914, and the future end of the world is now in progress.

He further stated, and this is corroborated by many of the prophets, that the return of the Jews to Palestine would be an additional evidence of this great time of the world's end. This fact is also now accomplished.

Additionally he said that during the period of the end of the world there would be upon earth distress of nations with perplexity, men's hearts failing them for fear, and for the expectation of what is coming upon the earth. This is now in progress. As a further evidence he stated that his followers, loyal and faithful Christians, would be hated of various nations for his name's sake, and would be persecuted. "This was also fulfilled during the World War, and many Christians, in Austria, Germany, Great Britain, Canada, the United States, and other places, were severely persecuted. The greater portion of this persecution was of the publication of 'The Finished Mystery,' which explains the book of Revelation written by St. John, while he was serving a term in prison on a false charge of sedition. Hundreds of thousands of copies of 'The Finished Mystery' are now in the hands of the people.

Another important date God has made clear through the prophets. When the children of Israel entered the land of Palestine in the year 1575 B. C., God required them to count the time from that date forward, and to keep every fiftieth year as a jubilee, and commanded that these jubilees should be kept for seventy periods, which would be equivalent to a total of 4,900 years. St. Paul shows that these things were types or shadows. The jubilee periods typified the thousand-year reign of Christ, which would begin at the time of his second presence, and at the end of the world, during which the obedient of mankind must be restored. A period of 4,900 years, beginning in 1575 B. C., of necessity will end with 1925 A. D. It is therefore confidently expected from the Scriptures that 1925 will mark the end of wars, famine, pestilence, revolution, anarchy, and general disturbances, and that the restoration of man will progress from that time forward.

Millions of people now living on earth, reasonably expect in the ordinary course of events to live ten or fifteen years. Those living in 1925 and thereafter, coming to a knowledge of the truth and being obedient to this message of truth, will be gradually restored to perfection of body, mind and will live on the earth in a state of happiness. The earth will gradually be improved, the deserts made productive, the waste places inhabited, and the whole world become a habitation sufficient to support the entire human race with abundance. (Isaiah 35, Ezekiel 36:34, 35).

The seed of Abraham according to the promise, consists of Christ, Jesus the head and the church his body. (Galatians 3:16, 27; Colossians 1:24). These are the ones who have been selected from amongst men from Pentecost until Christ's second coming. These are the ones who are properly designated as Christians, and whose eternal dwelling-place shall be in heaven; and through this class the blessing shall be extended, according to God's promise, to all the families of the earth.

Jesus declared that this message of the long dominion shall, at the end of the world, be preached unto all nations for a witness, and then the end of the world will be complete. This is a time of comfort because it announces the end of the present unrighteous order, the kingdom of sin, justice and righteousness, and the time of the giving of life everlasting to the obedient of the earth. "Millions Now Living Will Never Die" during the past twelve months has had the largest circulation of any book ever published in the period of time. This book, together with "The Finished Mystery," are now being placed in the hands of the people, and as a result many are turning to God for comfort. They contain a message of hope and comfort to the growing Christian.

J. D. Miller, farmer, R. F. D. No. 1, Northville, says: "About a year ago I had a pretty severe attack of kidney trouble. I got down so I had to lay off work for six weeks. The doctor told me I had uric acid in my system and gave me medicine. He also put me on a diet. For a time it helped me, but the medicine seemed to be getting worse under the doctor's treatment. Backache, nervousness, and the kidneys didn't pass freely enough. Doan's Kidney Pills were recommended to me, so I went to the Northville Drug Co. and got two boxes. It was no time before I was relieved. This remedy seemed to be just what I needed and four boxes cured me entirely." 60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

NEW STATE TAX VOID, SAYS COURT

JUDGE TUTTLE, IN U. S. DISTRICT COURT RULES CORPORATION LAW UNCONSTITUTIONAL.

EXTRA SESSION IS POSSIBLE

If Decision Is Upheld in Highest Court, Governor Will Ask for Needed Amendment.

Detroit.—If the ruling on Michigan's new corporation tax made by Judge Tuttle in federal court Saturday is upheld by the United States supreme court, the state will stand to lose the \$4,000,000 revenue, which the collection of this tax is estimated will bring, unless a special session of the legislature is called and the law amended so as to remove the flaw pointed out in the decision.

In his ruling denying a motion to dismiss the suit brought by the Detroit Mortgage corporation and the R. and P. finance corporation, both of which are petitioners to restrain the state from collecting the tax, Judge Tuttle declared that the corporation tax law was unconstitutional and void. The motion to dismiss the suit was made by the state on the ground that the plaintiff was not entitled to relief. The corporation tax law was passed by the last regular session of the legislature, as a means of raising additional revenue for the state, and to relieve the heavy burden of taxes now being borne by them.

Lansing.—That the new corporation tax will continue to be collected, in case the present law imposing it is upheld on the grounds advanced by Judge Arthur J. Tuttle, in the United States district court, was decided by Governor Groesbeck and the leaders of the legislature during conferences held when the new law was first attacked from this angle. It was decided at these conferences that if the courts should hold that the present law is unconstitutional, because it fails to put the proceeds from the corporation tax into the primary school interest fund, the legislature will be called to extraordinary session and will amend the law so as to put the money in that fund.

The law has been attacked in the state courts by domestic corporations as well as in the federal court in the present case. That the present constitution of Michigan does not, however, require that such taxes as that levied under the corporation tax law shall go into the primary school fund, is the main contention of Melvin Wiley, attorney general, in his brief filed in the state supreme court Monday morning in answer to the suit of the Union Steam Pump and Iron company, of Battle Creek, the first corporation to attack the validity of the new tax law. Hundreds of corporations have paid the fee under protest.

QUAKES SCARE 3 UTAH TOWNS

Residents Flee As Brick and Stone Structures Are Destroyed

Salt Lake City, Utah.—After more than 50 hours of recurrent earthquake shocks and almost continuous trembling, the seismic disturbances at Richfield, Elsinore and Monroe 120 miles south of Salt Lake City, subsided. Property damage at Elsinore and Monroe is estimated at more than \$100,000.

Not a brick or stone structure remains intact in either Elsinore or Monroe, it is said, and several residences and business houses are total wrecks. The exodus of residents from the three towns south of here, near the center of disturbance, continued throughout the disturbance.

NOTED EDUCATOR MADE CITIZEN

Dr. Samuel Dickie Receives Naturalization Papers at Age of 71

Battle Creek.—Dr. Samuel Dickie, president emeritus of Albion College, one of Michigan's most widely known educators, at the age of 71 years, became a citizen of the United States. He was the prohibition candidate for Governor in 1886. Dr. Dickie was one of a class of 21 to receive naturalization papers.

The fact that he was not a citizen did not become known to Dr. Dickie until last May, when he planned a trip to Europe and had trouble getting a passport.

Your Voice is Yours
Acorn

There is a peculiar quality in each human voice that the very personality of the speaker is given out.

How often do your friends say to you, "Oh, I knew you by your voice?"

For this reason long-distance telephone conversations have an emphatic value aside from the convenience of an immediate reply to questions and the opportunity for discussion.

Send your own voice over the Long Distance wire in all important transactions and it is as if you had been present yourself. This is the satisfying way—the modern way to transact your affairs.

The following information about different classifications of Long Distance calls will aid you in using the telephone most economically and efficiently.

1. If you will talk to any person answering the telephone, the toll charge will be about one-fifth less than as if you had asked for a particular person at that address.
2. Such service between 8:30 P. M. and Midnight costs only about one-half the day rates and between Midnight and 4:30 A. M. it costs only about one-fourth the day rates.
3. Particular person calls are those in which you ask to talk with a particular person in another city. On this class of calls a report charge is made if the person asked for cannot be communicated with through no fault of the Telephone Company. This charge is not made if the connection is established. The report charge amounts to about one-fifth of the particular person rate.
4. Charges can be reversed only on particular person calls.

SEEKS A LARGER FEE.

A suit now before Judge Dingman in the circuit court at Detroit is of more than ordinary interest to the people of this vicinity. Asa B. Smith, one of Northville's leading citizens and one of its most wealthy persons, died five years ago leaving no will. He left a widow, and one daughter, now Mrs. George Fowle of Detroit. Cass R. Benton was appointed administrator, and E. H. Lapham was appointed auditor and commissioner. A division of the property after some litigation, was recently made and the expense account of the estate's settlement, claims as follows: "were allowed by the probate court. Administrator, \$4,500; auditor and commissioner, \$1,300; Walter Dohany, attorney, service for estate, \$3,000; besides some smaller claims. Mr. Dohany had previously filed a bill for service of \$6,600 and when his bill was cut he took his claim to the circuit court where it is now being tried before a jury. To settle this estate it is estimated it will have cost the heirs \$12,000 to \$15,000. When one considers Mr. Smith's reputation for economy—and that he must have hardly foreseen the complications that might follow. C. C. Yerkes, of this place, is attorney for the widow who is opposing the allowance of the fee for Mr. Dohany beyond the figure set by the probate court, while the daughter appears to be not opposed to his larger fee against the estate. A number of witnesses from here are in attendance on the case and some very spicy testimony is being dispensed.

Mr. and Mrs. J. A. Neal of Orion visited their sister and brother, Mr. and Mrs. George Baker, from Saturday until Monday.
Jim Slocum, formerly secretary of the Michigan State Fair, now connected with The Gleaner, was a fair visitor Friday.
Mrs. Fred Knapp of Monroe, who had been visiting at the home of her aunt, Mrs. C. J. Ball for all of the week, returned home Friday.

The Northville Foresters will again present a fine entertainment course this winter, the dates for which will soon be announced. There will be five good attractions on the course and the enterprise is worthy of the hearty support of the people of this community.

AUTO CLUB NOTES.

The members of the Northville Automobile Club who will assist in giving the State Association of King's Daughters delegates a sight-seeing trip around Northville, October 20, will please hand their name to the secretary's office. It will require 60 or 70 cars.
The Secretary of State is urging that applications for abstract of title to ownership of cars be put in as soon as possible.
It will take a long time to get the cars all registered and numbered, will be late next year.
GORMAN MAY RUN AGAIN.
State Treasurer Frank L. Gorman is not contemplating retiring from office at the expiration of his term and he is already indicating that he would be a candidate for re-election before the republican convention next year.
The fact that Treasurer Gorman has no position of cash in a bank is a fact that has led to the stories that he could not get a loan from a bank. He is a man of means and has no need of a bank.
I believe I am giving too much to the office of state treasurer, my former state treasurer, and Mr. Gorman recently. "In addition, this I have never passed an important meeting of the state administration board and I have cared for the work required of me."
Mr. Gorman's chief deputy is F. Woodman of Northville and his candidacy for another term is all the more interesting to the people of this section. Besides this Frank has made an enviable record as a state official.

BAPTIST CHURCH NOTES.

Services both morning and evening next Sunday, October 9th. The communion will be observed in the morning and all members are urged to be present. The morning sermon will be on the subject, "How we know we love Jesus Christ." In the evening the services will be evangelistic and a gospel sermon will be preached. "If you have any regard at all for the moral and spiritual welfare of Northville, it is essential that you recognize the fact that civilization has never advanced anywhere apart from Christianity. Our work is unselfish. We will do better in proportion as the people of Northville give us their support. We invite you to attend our services, not as a favor to us, but because your interests, personal and social and at stake and because it is useless to expect the rising generation will be religiously disposed, if our example is continually in the opposite direction. Don't be a slacker in that which is most important. Attend church. If not convinced of the truth of the Christian religion, show yourself open to conviction at least."
Morning service at 10:00. Bible school at 11:45. Evening service at 7:30. Midweek service, Thursday at 7:30 p. m.

Northville School Notes.

Most of the playground equipment has been installed and everything will be in readiness by the first of next week. The boys and girls are having the time of their lives on the slides and giant stride.
Northville High school was granted first prize for its exhibit at the fair. Unfortunately the wind and rain did a great deal of damage to our exhibit Friday. Miss Mulford and Miss Foster are deserving of much praise for their excellent work in arranging the mountings. About one hundred people were weighed and measured at this booth.
Report cards for the first month of school were given out Wednesday. Parents be sure and go over the cards carefully and if any failures are recorded please make an effort to get in touch with the school and help to correct the deficiency. The children will be encouraged to do better work if the parents keep in close touch with the situation.
Nine new football suits have been added to our athletic equipment so that we will be able to have two teams on the field every night. This will be of great advantage to the first team for it is impossible for them to get the proper training unless they have real scrimmage practice with another team. Allan Buckley has charge of the second team and the youngsters are practicing faithfully under his direction.
A letter recently received from the University of Michigan states that a survey of all the graduates of the Northville High school who have entered the University during the past five years has been made, and that their scholarship has been satisfactory to the University officials. A report just received shows that George Wilcox, class of 1920, did excellent work in the engineering department last year.
Mrs. Frances Yerkes took part of her English class to Detroit Wednesday afternoon, to see the Shakespearean play "As you like it." The class are about to begin the study of this play and are fortunate in being able to see it at this time.
Cecil Fry received a broken collar bone at football practice Tuesday night.

Friday of this week the Northville football team will meet the Redford team at Redford and it is hoped many of the students and townspeople will be there to back them up.

W. A. C. BOYS WIN AT WESTERN DAIRY SHOW.

Three Michigan boys, representing W. A. C. by the fourth annual college judging contest in connection with the dairy cattle congress at Waterloo, Iowa, last week, won first honors in the Holstein-Friesian class, third honors in total team rank for judging all breeds, and a tie for fourth in individual work.
Teams from many of the leading agricultural colleges of the west were entered in the contest, including Missouri, Kansas, Iowa, Minnesota, South Dakota and Nebraska. The boys' showing of the local team was considered smartable in view of the fact that it is the first team of the kind which has been sent out from the Michigan school.

The men on the team were L. E. Hauger of Middleville; W. J. Sweetman of East Lansing; Frank Thomas of East Lansing; and L. J. Carter of Elsie, alternate. Thomas tied for fourth place in individual ranking among all contestants. The team was coached and managed by Prof. H. E. Dennison of the M. A. C. dairy department, judging being part of the class work at the college.

The same team will enter the big National Dairy Show at Minneapolis on October 8-15, carrying the colors of Michigan and M. A. C. in competition with more than 25 state agricultural college teams.
