MANY DELEGATES PRESENT AT THE STATE CONVENTION OF THE KING'S DAUGHTERS

NORTHLVILLE BIDS HER GUESTS A ROYAL WELCOME

Northville extends to the splendid company of women who are our guests this week a cordial and most royal welcome, and we trust their stay here will prove both profitable to the organization they represent and an inspiration to all who come. These women represent not only an organization of nationwide prominence whose inspiring slogan is "Not to be ministered unto, but to minister," but they also represent the highest type of Christian citizenship—the will to do and to serve. In season and out of season, in summer's heat and winter's cold, these women are planning for

the comfort and welfare of others, and they have adopted as their motto

"Look up, not down."

"Look forward, not back."

"Look out, not in."

"And lend a hand."

And if this splendid sentiment could be universally adopted and applied to the every day affairs of life all strife,

all suffering and sorrow, all poverty

and hunger, would be banished in a day.

They are here to plan for the future, to serve in His name, and in His name the people of Northville bid them welcome to our homes and to our hearts.

The twenty-third annual convention of the Michigan branch of the International Order of The King's Daughters and Sons opened in this village Wednesday afternoon with a large attendance of delegates and the meeting gives promise of being one of more than ordinary interest and pleasure. Officers and delegates began arriving in the village early Wednesday morning and they found a kindly welcome awaiting them. Many of the stores and homes about the village were decorated with pennants representing the colors and insignia of the order and citizens co-operated with the local committee in extending every courtesy to our distinguished guests. At noon a prettily appointed luncheon was served at the Ambler House to the visiting officers and members of the executive board, twenty-five ladies being present to enjoy the affair. The tables were attractively arranged and in all appointments the noon-day meal was all that could have been desired and was a distinct credit to the hotel management. Mrs. W. G. Ponnett of Chicago, the convention guest, offered the invocation.

The convention proper opened Wednesday afternoon and will close this forenoon and into the three days will be crowded much important business and many plans will be made for the future direction of the circles of the state. There were a total of 130 accredited delegates and ten visiting delegates besides state officers present when the convention opened. The month has been very attractively decorated with the colors of the order—red, purple and white and many handsome flags, and everything suggested our a month of the welcome extended to all.

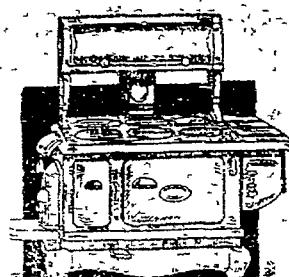

After the audience had sung "Our Christian Soldiers" Rev. E. V. Belles conducted the devotional and this was followed by fitting and appropriate greetings. Village President H. R. Bogart extended a very cordial welcome on behalf of the village and presented the convention with a floral gift to the village and the songs of Northville. Rev. E. V. Belles extended a welcome in behalf of all the churches of Northville expressing the thought that The King's Daughters and the churches have much in common, all working for the common good of the community they served, all striving to exalt His name. Mrs. Arabella Timham welcomed the guests in behalf of Mizpah Circle and the greetings were responded to by Mrs. J. C. Breakey of Ann Arbor, who told of the hospital work being conducted by the circle of her city.

Mrs. Grace Stanley of Royal Oak then favored the convention with a vocal solo, at the conclusion of which Mrs. Edward Sessions, president of Mizpah Circle, presented the state president, Mrs. D. H. Hunt, to the convention, adding a few words of welcome to those already extended. Mrs. Hunt responded briefly. Mrs. G. W. Bennett first vice-president of the International order, who is the convention guest, gave appropriate greetings. Mrs. Izor of Durand followed with a talk regarding the Silver Cross Magazine, the official organ of the order.

Mrs. Bennett gave an inspiring address, her theme being "Re-creation, the keynote of the Convention," and impressed her hearers with the thought that re-creation must first take place in our hearts, then in our homes and then out in the world, where we are to serve in His name. Wayne Van-Dyne delighted the audience with a vocal solo. Then followed reports of various committees, the distribution of ballots and the closing prayer by Mrs. Houge of Detroit.

At Wednesday evening's session the church was filled to its capacity and

THE RECORD: NORTHVILLE, MICH. FRIDAY, OCTOBER 21, 1921

OAKLAND HAS BIG ROAD PROGRAM

The ninth annual report of the board of Oakland county road commissioners, presented Tuesday morning to the board of county supervisors, is not only the most complete and elaborately prepared in the history of the organization, but is a record of road building achievement which cannot be equalled by any other county in Michigan, it is declared.

In the preamble of the report Road Commissioner John A. Adams, of Addison township, G. Ross Thompson of Highland township, and Thomas Little of Farmington township, point out that in the last 12 months there have been completed in the county 56½ miles of new road, and that at the time the preamble was written, September 30, there was a total of 72½ miles more under construction. All of this latter mileage, they report to the supervisors, will be ready by the end of the present road construction season, with the exception of about four miles in Addison and Avon townships—Pontiac Press.

MICHIGAN METHODISTS TO RALLY

The 155,000 Michigan members of the Methodist Episcopal church are enthusiastically rallying to the support of the greatest gathering of Methodist church leaders ever held in this state. The nine-day sessions will begin in the Central Methodist Episcopal Church, Detroit, on Monday, November 14th, and last through Tuesday of the following week.

The conference will be under the auspices of the church's council of boards of benevolence—a body representing the ten benevolent societies of Methodism. These are the societies that are receiving and disbursing the money raised in the "Centenary Campaign" of 1919. This meeting of Detroit, to this year will have the distribution of about \$15,000,000 to make among the ten boards. But the main emphasis of the conference will be upon the spiritual value of the greatly enlarged program which the Centenary is enabling Methodism to carry on in needy fields not only in America, but in Asia, Africa and Europe. Twenty-five bishops of the Methodist Episcopal church and more than 100 district superintendents will attend.

On Tuesday and Wednesday, November 15th and 16th, and for two sessions on Thursday, the program will be the same at both conferences. Men of national and international reputation, among them Secretary Herbert Hoover, will be the speakers. On Wednesday evening, in addition to the session at Central church, mass meetings with prominent speakers will be held in six other Detroit churches. The Thursday evening meetings will be held in the North Woodward Tabernacle. On Sunday, November 19th, the bishops and other church leaders will occupy Methodist pulpits in Detroit and in towns and cities within a one-hundred radius of Detroit.

DETROIT THEATRE'S

WILLIE A. BRADY will present Gainsborough's best play "The Skin Game" at the Shubert-Melodram theatre for six weeks beginning Sunday night with matinees Wednesday and Saturday. An English cast has been selected for the present tour by Bert Drury, manager of Peacock Ltd., and the production is a duplicate of that shown at St. Martin's theatre, London.

Gainsborough was written in 1912 in the instance of the class conflict that goes on eternally in England. There is no healing on war. The Skin Game would apply as closely to auto bellows as to the present. It is the story of the newly rich and the aristocracy of pulsing aspiration, energetic wealth and will-bright, stark antagonism and base. It is vulgar and yet refined.

Those who have decided to turn toward that form of entertainment will find the eye and eariquesce at the Greenwich Village Folies, 1920, starting on its second and final week at the Garrick Theatre Sunday night, fills their cup of happiness to overflowing.

Truly there is much in this gay and fantastic creation of Joan Murray Anderson's to fill the eye and thrill it too. Its handsome women are clothed in rich and gorgeous fabrics that keep the stage ablaze, with rich dyes and hues. The exotic beauty is most evident in the "Samovar" and "Perfume Ballet" episode. The first of these—a 14th Century Russian setting—reaches artistic heights only scaled by the Russian ballet. In striking contrast to these numbers is the "Valentine" scene, with its airy lace-paper loveliness. The bizarre atmosphere of Greenwich Village is always evident, notably in the roiling—the "Paynshop" and in the vivid "Hell-Hole" number.

Almost. A get-together meeting of members of the Huron Fruit Belt and Oakland County Horticultural societies will be held here Nov. 8.

OAKLAND COUNTY SPORTSMEN ORGANIZE

Dan A. McGaffey of Pontiac is the new president of the Oakland County Sportsmen's association, one of the largest organizations of the kind in the state. It has a membership of 250. The purpose of the association is to conserve and protect the game and fish supply of Michigan.

As the result of the association's efforts, the last summer, 2,000,000 more fish fry were planted in Oakland county lakes, than would have otherwise been planted. Among the larger plantings were 2,500,000 white-eyed pike, 300,000 perch, and 200,000 large mouthed bass. The club also was instrumental in releasing a large number of pheasants to live in wild spots of the county.

Rep. A. B. Glaspie of Oxford, is an ex-president of the association. He was instrumental in putting thru the last legislature several laws relative to game and fish which were backed by the local organization.

J. Bert Peabody of Birmingham, is vice-president; G. Ross Thompson, of Highland, second vice-president; Judge Glenn C. Gillespie of Pontiac, secretary, and J. G. Newton of Pontiac, treasurer.

ESCAPED LUNATIC FIGHTS OFFICERS

STATE TROOPERS CIRCLE HOME
FORTIFIED BY RUNAWAY
AND FAMILY.

TONIGHT SORIE ABANDONED
Officers Plan Surprise Approach at
Night But Find Guard Awake
At Fortress.

Itasca, Mich.—With Frank Parlovitch, escaped inmate of the Traverse City Hospital for the Insane, heavily armed, defying officers to come to his home near here to arrest him, Colonel Roy C. Vandercock and Captain Marmon, in charge of a detachment of 10 state police from Lansing, laid siege to the Parlovitch home at midnight Monday.

Parlovitch had held Sheriff Al Willett and deputies at bay for two days and an appeal for help was then sent to Governor Groesbeck at Lansing who despatched the state police to Itasca, to reinforce the sheriff's officers. That the task confronting the officers is not an easy one is evidenced by the fact that Parlovitch's two brothers and mother are aiding him in the defense of the miniature fortress.

With Wait Them Out.

The officers at first planned a midnight sortie, in the hope they might be able to get close enough to the Parlovitch home to "smoke out" the inmates. When they reached the "battlefield" about five miles north and two miles east of Itasca, "they found the visibility in the moonlight excellent and the watchful inmates ready to go into action. The first plan was speedily abandoned and Colonel Vandercock posted his men at strategic points, instructing them to entrench and wait out the "enemy." No aggressive move is planned until Parlovitch undertakes to leave his home, when the officers hope to surprise and surround him before he has time for any other action.

Sheriff Willett declared Monday night that an attempt to take Parlovitch by force would be almost certain to result in casualties for the attacking party, so well has the farmhouse been prepared for defense.

Escaped from Hospital Oct. 1.

Parlovitch escaped from Traverse City hospital, October 1, and was located here October 10. When Superintendent B. P. Burr and Stephen Conoy, an attendant, attempted to take the female, they were warned Parlovitch would shoot and a second attempt to capture the man, in which Sheriff Willett participated, also met with failure. Although the place has been kept under constant surveillance no officer has dared attempt to rash the stronghold.

Committee on Idle is Named

Hoover Appoints Permanent Committee to Work on Relief Measures.

Washington—Secretary of Commerce Hoover has announced that the permanent committee of President Harding's unemployment conference, which will continue to work on the problem of unemployment, has been created as follows:

James J. Barnes, New York; Willard M. Bauer, Boston; Edgar E. Washington, Joseph H. D. Frick, Washington; Mortimer E. Adler, San Francisco; C. H. Black, Dallas; C. G. Fisher, Andrew J. Peters, Boston; E. M. Poston, Columbus; O. Ness, James M. Tamm, New York; Ernest P. Trapp, Philadelphia; Harry Van Kléck, New York; Matthew Wulff, Chicago; Colonel Arthur Wooldridge, New York; Clarence Wooley, New York.

CONGRESS GIVES UP KLAN QUIZ

Committee Votes to Discontinue Hearings at This Time.

Washington—The proposed investigation of the Ku Klux Klan by congressional committee of President Harding's unemployment conference which at morning and afternoon sessions put William J. Simmons, the Klan's imperial wizard through a rigid examination, voted unanimously not to call any more witnesses, certainly not at this time.

Simmons entered an emphatic denial of lawlessness of the Klan. The investigation will go no further unless the department of justice conducting an inquiry of its own, comes forward with unexpected evidence.

BERLIN TREATY TO BE RATIFIED

All Changes Rejected and Senate Is

Ready for Final Vote.

Washington—All efforts to amend the administration peace treaty with Germany were defeated in the senate and efforts are now being made to reach a final vote on ratification.

Both supporters and opponents of the treaty agreed the treaty would be ratified, although perhaps within a margin of only three or four votes, and that treaties with Austria and Hungary would be accepted immediately thereafter.

Michigan News Tensely Told

3,109 CANCER TOLL FOR STATE IN
1920.

Cancer, which killed 3,109 people in

Michigan in 1920, was the cause of

522 deaths in Wayne County and De-

troit, according to statistics compiled

by the state department of health, for

Dr. J. Walter Vaughan of Detroit, dis-

trict chairman of the American

society for the control of cancer, for

use during "National Cancer Week"

from October 30 to November 5.

This number of deaths corresponds

to a cancer death rate for the entire

county of .822 per 100,000 population.

Detroit with 640 cancer deaths had a

death rate of 64.4; Wayne county out-

side of Detroit had 33 deaths and a

death rate of 50.6. The average can-

cer death rate for the state in 1920

was .838; for the first 8 months of

1921 the average was .86.6.

Contrasted to this is the state tuber-

culosis death rate for 1921 of .79.9.

Tuberculosis, it is pointed out, attacks

its victims from infancy to old age;

cancer, however, finds 92.3 per cent of

its victims among persons more than

40 years of age, only 7.7 per cent, of all cancer deaths occurring among

younger persons.

PLANS BEING PERFECTED FOR NOV'S SCHOOL BUILDING.

In conversation with A. L. Hull, secretary of the Novi school board, he stated that the board of the Novi township school district has taken an option on what is known as the Ellenswood property adjoining the present school site. VanLooy, Schilling, Keough and Reynolds of Detroit, have been engaged as the architect and engineers and this firm submitted the preliminary plans and specifications at a meeting of the board October 12. A general discussion of plans and the details of the plan took place at that time and it was decided that the members of the board should visit a number of schools in this section for the purpose of ascertaining the best and most convenient plan.

On Wednesday evening A. L. Hull, A. C. Atchison, George Blumhause and James Blawie, accompanied by J. D. Flaherty, visited the schools at Northville, Plymouth, Redford, Stronach and Birmingham. As soon as suitable plans and specifications, style of construction and other details are determined upon an estimate of the amount of the bond issue necessary for the construction of the proposed building can be made. The members of the board are anxious to give Novi the very best value they can for the money expended.

WILL BUILD CONNECTING HIGHWAY.

One of the most important bits of information given out by the Wayne county road commission, at least so far as Wayne is concerned, is the assurance that work on the paving of the Wayne road north will be started at an early date with the possibility that the start will be made next spring. Already surveyors are working on the project and it has been officially stated that grading has started in the vicinity of Warren avenue. Thanks to the efforts of several local men and to Captain W. S. Gilbreath in particular, following his meeting with the Wayne Noon club last summer, the road is to be improved at an earlier date than was first planned, these men showing to the road officials the urgent need for building this connecting link in the county's highway system as soon as possible. According to tentative plans, a few details being necessary to work out yet, the road will be 20 feet wide and will extend from Wayne north to the Plymouth road, thence jogging west three-quarters of a mile to the Oakland county line. Oakland county officials have expressed their willingness to continue through to Farmington. The Wayne county project will be 11 miles in length—Wayne Weekly.

South Lyon—Mr. and Mrs. Clarence Dean celebrated their twenty-fifth wedding anniversary at their home Saturday. A three course dinner was served to 52 guests, 17 of whom attended the wedding reception. 25 years ago.

HELD DISTRICT CONVENTION.

The 29th annual convention of the Woman's Relief Corps of District No. 1, was held in Port Huron October 11, 12 and 13. The meeting was opened by the district president Mrs. Matilda Ward of Detroit. The reports of the district proved this a busy and prosperous year. Over \$4,000 being expended for patriotic work.

A camp fire was held at the Washington school on Wednesday evening. The address of welcome was given by the mayor of the city, which was responded to by Post Commander, Wm O. Lee, after which followed a fine program.

On Wednesday followed the election of officers for the ensuing year, as follows: President, Mrs. Augusta Murdock; Northville Senior vice-president, Cora Hubble, Port Huron; Junior vice-president, Mrs. Russell Oxford, secretary, Hattie Austin, Milford; treasurer, Madie Baxter, Holly, Cond. Blanche Ward, Lapee Guard, Elizabeth Welsh, Port Huron; associate cond. Mrs. McAvill, Detroit; Press Cor., Maude Parmenter, Northville; Pat. Instructor, Clara Hall, Detroit.

The journey was made in a special car over the D. U. R. and by autos and soon after their arrival in the normal city the visitors were invited to partake of a bountiful dinner.

AMERICAN LEGION ACTIVITIES.

The local post of the American Legion has opened its winter "drive" of social activities. The first event is planned for the evening of November 11th, in the form of an Armistice Day ball to be given in the High school gym. The music and other particulars are to be decided on later but all can rest assured that it will be handled in regular "Legion" fashion and a good time can be planned on.

At the same time they wish to announce that another musical show is planned for the winter and that a castle will be formed in the near future. This year's offering will be in the same hands of those who worked to make "Step Inn" of two years ago such a success. They say the new show will be "bigger and better than ever" so watch for the date.

"Worriation."

A colored man went to a Morris plan bank to make a payment on a loan and, after looking through all of his pockets, found the correct amount. As he tendered it he remarked "Boss, money's a worry, ain't it?" To which he quickly added, "Money the world is the very wust worriations what there is."

Sunday was an ideal day and everybody who owned a automobile seemed to be out enjoying the sunshine and the beauties in nature all about.

The meeting of the Eastern Star to be held this evening will be in the nature of a birthday party to celebrate the thirtieth anniversary of the organization of Orient Chapter. The committee in charge of the affair have a deep secret and are not saying very much, but enough has become known to assure all who attend a delightful time.

Mrs. Polley (Irene Dixon), who has been suffering with trouble in her hip for a number of months, was taken to Detroit Tuesday evening for treatment.

Mrs. E. O. Huston of Plymouth announces the engagement of their daughter Ruth E. to Austin Whipple, son of Mrs. W. Whipple of this place.

The young people of the High school are making extensive plans for the Hall-o'-er masque ball to be given at the gym on Friday evening of next week. Bergen's orchestra has been engaged.

Elaborate plans are being made by the citizens of Kalamazoo for the proper entertainment of those who attend the 61st annual convention of the Michigan State Sunday School association, which will be held in their city October 26, 27 and 28th.

The increasing interest in the Woods' worth store has made more room necessary and the basement is being enlarged as a sales room. A broad stairway will lead from the main floor in the new room and certain departments of the store will be shown in the basement.

Mrs. Seymour Brown last week purchased the Liberty theatre, moving picture play house, at Tecumseh and took immediate possession. Until recently she operated a picture theatre at Dundee, which she sold. She will give the people of Tecumseh a picture theatre worthy of their patronage.

Mrs. Amelia Ford Clark, who held a chattel mortgage against the grocery stock and fixtures of Sam Sessanella, took possession of the store Monday afternoon and will sell the stock on Friday next. It is the same old story of extending credit to people who do not pay their bills after they have been helped and accommodated.

Eighteen Northville ladies members of the Woman's club, enjoyed an outing in Detroit last Friday, and one that will long remain a pleasant memory. In the forenoon the ladies had the pleasure of inspecting the exhibit of the Arts and Crafts Club and in the afternoon they were pleasantly entertained at the Detroit Art Museum. Of course it was not necessary for two members to come, nor was it necessary for them to each "pack" a gun, but these fellows seem to delight in making a display of unusual authority.

PLYMOUTH MAN SLAIN IN HOTEL

Stricken to death as he slept in his bed in a Plymouth hotel, the end of Sam Perrone, 22 years old, was found about noon Sunday after his roommate, Joseph Russo, 25 years old, his clothing stained with blood, was taken into custody in Toledo as a suspicious character, and told the officers there it is alleged, that he had slain Perrone.

Hotel guests and Plymouth officers knew nothing of the murder, until Toledo officers communicated Russo's story to them and asked for verification. When the room was broken into, Perrone's body was found on the bed, with a single wound, evidently inflicted with a long knife, in the heart. Nothing about the room indicated a struggle and hotel guests and attaches who knew both well declared they had heard no sounds of a quarrel.

Perrone was a single man employed as a section hand on the railroad and had lived in Plymouth about seven years. Russo also is single, worked with Perrone on the railroad and roomed with him for about two years. It had been supposed they were the closest of friends.

There is a very high hill towards the south side of the farm, and in all probability it is as high as four or five feet as there is in Wayne county, and W. R. Holmes states that many years ago—more than he can now remember—the hill was named Mount Etne by some of his folks and it has carried the name all the intervening years.

WHAT IS CHIROPRACTIC

It is a scientific method of adjusting the cause of disease without drugs, based on a correct knowledge of anatomy and especially the nervous system. The function of every organ in the body is controlled by mental impulses from the brain, which are transmitted thru the nerves. Any impingement of these nerves interfering with the transmission of mental impulses results in an abnormal function called disease. This interference is produced by subluxated vertebrae pressing upon nerves as they pass out from the spinal cord. Chiropractic adjustments remove the pressure on the nerves and enable nature to make and keep the body well. Health is the result.
