## MANY WILL MOURN HER UNTIMELY DEATH

The people of this community were shocked last week at hearing of the serious condition of Mrs. Orson Polley (Irene Dixon) in Grace hospital, Detroit, and when the news of her death came Friday afternoon there was widespread grief.

Mrs. Polley's connection with her parents, Mr. and Mrs. J. M. Dixon, in the greenhouse here brought her into daily contact with the public to whom she endeared herself by her never failing smile and desire to please. Previous to her return home because of the ill health of her father she was for several years in charge of flower shops in Detroit, where her arranging flowers brought both recognition and financial reward.

Born April 9, 1893, Irene attended school here, graduating in 1911, a member of the largest class ever sent forth from the N. W. C. on Friday, March 11, 1920, and she is the second to cross the Great Divide, Ralph Shafer preceding her.

While living in Detroit, she was confirmed in the Episcopal faith and later, on October 16, 1920, she was united in marriage to Mr. Orson Polley of Plymouth making their home here.

While her health had not been good for some time she was not known to be dangerously ill until October 18th, when she was taken to the hospital.

Services were held from the home Monday afternoon with Rev. E. V. Bellas in charge. The flowers she loved so well presenting their message from countless friends.

Interment was made in the Plymouth cemetery. The husband, parents, brother, Ross, of Saint Ste. Marie and sister, Olive (Mrs. VanDeCar) of Phoenix, Arizona, have the sincere sympathy of friends and acquaintances.

## DIED IN SAN FRANCISCO.

Rufus C. Thayer, son of the late Hiram C. Thayer, and brother of Mrs. Henry I. Haspel of Ludington and William W. Thayer of Northville died suddenly at his home in San Francisco, Calif., last Monday. He was born on the old Thayer homestead west of town and graduating from the Northville High school and the Univ. of Mich. and was admitted to the bar in the Circuit Court at Marquette, Mich.

He is survived by his wife, a daughter of the late A. O. Wheeler of Marquette, one daughter and three sons for whom he had practiced his profession in Colorado and California, making a specialty of mining law, in which he was considered very efficient. He had not been in robust health for several years but the news of his sudden death was a severe shock to his relatives and friends at his old home. Mr. Thayer was in his 54th year.

## DIED AT MARSHALL.

In a letter to The Record, W. Crane writes from his home at Marshall that H. G. Koons, Mrs. Crane's father, died last Thursday night at the Crane home. Mrs. Koons's death is not expected to be buried here. Koons will be remembered by many who made his acquaintance while he was a guest at the Crane home here during the past year, and Northville friends will extend sincere sympathy to Mr. and Mrs. Crane in their double affliction.

Mr. Koons, who was 77 years of age, served during the Civil War as a member of Co. L, First Michigan Cavalry, enlisting at Kalamazoo. Burial took place at Chicago, Mrs. Crane accompanying the remains to that city last Saturday.

## NEW SALES MANAGER FOR FURNACE COMPANY.

The American Bell & Foundry company of this place has secured the services of E. E. Foster to take charge of the furnace sales department of the foundry company. Mr. Foster is an experienced salesman and was in the manufacturing business at Plymouth for some time. Business at the Bell foundry is fast picking up and since the engagement of Mr. Foster there is an assurance of a marked increase in sales and consequently in the foundry as well.

Manager Harmon is well pleased with the outlook now and expects soon to have a much larger number of men at work than at present.

Mrs. Wither Brotherton, president of Michigan League of Women Voters, spoke before the N. W. C. on Friday afternoon. Her message was both interesting and profitable.

## BAPTISTS TO HOLD SPECIAL SERVICES

The Baptist churches of the Wayne association are engaging in a simultaneous evangelistic campaign, under the direction of the Department of Evangelism of the Michigan Baptist convention, beginning next Sunday, November 6th, and ending November 20th. The following is a schedule of churches and speakers so far as arranged for at present:

Pontiac, First Church—Rev. George Dawkins, Royal Oak.  
Plymouth—Dr. P. L. Curran, Lansing.  
Holly—Rev. J. J. Pease, Reed City.  
Walled Lake—Joseph Fox, Dowagiac and Evangelists Mr. and Mrs. Richard Nyburg.

Other churches will be arranged for this week. This is part of a plan along the line of a great co-operative effort to promote state-wide evangelism. The plan here to work on a cooperative basis at a time when the whole state is covered through winter months. The Baptists of Northville invite all citizens to co-operate in helping them do their part. On Sunday, November 14th the pastors and their helpers from all the above churches will come to Northville for conference and fellowship and to give reports as to how the work is progressing in their respective fields of work. This will be a public meeting to which all are heartily invited at 10 a. m.

## ARMISTICE DAY BALL.

Again the American Legion is proving to the public that when they do a thing they "do it." In order to give Northville something new and out of the ordinary they have secured Hall's famous Novelty Dance Orchestra from Columbus, Ohio, to provide the music for the Armistice Day ball to be held in the High school gym, Friday evening, November 11. These musicians are colored gentlemen from the land of cotton, and each one plays several different instruments, thus with every number they play, something new is introduced and a useful novelty is provided. An added feature of the evening will take place when the mayor presents the colors to the local post. Then the action of the council and the Mayor of Northville, these are gifts from the people of the village to the Legion and for which is appreciated by every member. Don't forget the event, the time, the place and the enjoyable evening you will have and secure your tickets from some member.

## HUNTERS TO LEAVE SUNDAY NIGHT.

Next Sunday night a special Pullman coach will bear from Northville over the Pere Marquette railway, members of the Henry party, who will go to Kalamazoo, Houghton county, in search of deer. ### FIVE CONCERTS TO BE HEARD IN ANN ARBOR

The Detroit Symphony Orchestra, which has been instrumental in bringing Detroit the reputation of being one of the music centers of this country, will be heard in Ann Arbor on five occasions during the season. The first concert will be given at the University School of Music for two seasons will this year be marked by the inclusion of the program of the great orchestra in the leadership of its conductor, Leopold Stokowski. The programs will be given with a view to presenting music which will appeal particularly to the masses as well as to the musician. They will be of a popular nature. At each concert a series of recognized musical features of the miscellaneous programs usually provided at the Stokowski concert of the Haydn festival where it has become traditional for a great soloist to be heard with orchestral accompaniment. The dates for these concerts have been arranged to alternate for the most part with the concerts given in the Choral Union Series so that the public will find them coming at rather equal intervals.

The dates and soloists who will be heard in the other concerts to be given in this series are as follows:

December 12—Raoul Vidas, Violinist  
January 23—Ossip Gabrilowitsch, Pianist  
February 26—Hans Kindler, Violoncellist

Surely "Some" Lurcher

A young novelist who sailed to England to see a friend, recently returned before the boat sailed. It was a luncheon, too, but his friend was quite aged to get him to the ship. He might be awakened and light was the light of the candle through a porch. He went out of it in fascination for an hour, and then ran with a "geek" stowed away. He was standing unsteadily with the light of this water. He was a correspondent Indianapolis Star.

**FOR BASE BALL LEAGUE NEXT SEASON**

The Base Ball season having just closed, now is the time for making preparations for next season, says a base ball enthusiast. "Teams from Northville, Farmington, Redford, Wayne, Ypsanti, Plymouth, Dearborn and Springwells are all located within easy traveling distance from one another and the teams are of practically the same class, therefore, could form a league of eight teams playing class A ball, the league to be governed by representatives from all the above named towns.

### OAKLAND TO CONTINUE ROAD BUILDING PROGRAM.

Oakland County will continue its road-building program through 1922, in spite of the belief of many taxpayers that it would be economy to cut road-building to a minimum. Under the two mill tax the county will raise \$272,742, a portion of which will be used for maintenance. The county's share of Covert roads built the past year or in process of construction, will reach \$311,302.42, which sum is spread over the tax rolls and collected in December. A year ago the county raised \$224,795.65 for Covert roads, and \$147,611.05 for gravel roads.

The expense of operating the county for the coming year, including the cost of road construction, is \$1,293,875.55, as compared with \$1,060,656.91 for a year ago.

FARM HOME RANSACKED.

Last Monday Mr. and Mrs. Charles E. Smock left their farm home along the middle of the afternoon and did not return until about ten o'clock. As they entered the house they discovered at some one had been there during their absence and ransacked about everything in the house. The thieves took about ten dollars in money and devoured about everything they could find in the house to eat and after they left the house they left without leaving any clue.

DOG AFFLICTED WITH RABIES.

A report received from Ann Arbor says that the dog belonging to S. A. ... which died under peculiar circumstances, was afflicted with rabies. It will be recalled that The Record contained an article regarding the animal last week. It is not believed that any serious results will follow if people whose dogs were bitten by the animal will exercise due caution. All dogs, however, running at large should be muzzled for the next few weeks, as a precautionary measure.

HOME BREAD RECEIPT.

Home-brew, its qualities, and how to make it, is one of the things that work into the mind of many a person, either for the benefit of those who have not been enlightened on the subject, or the following has been invented by a woman in local mixer. He says "Chase a bull frog three miles and gather up the hops; to the hops add the following: ten gallons of water, one pint of shellac, a bar of home made soap, boil the mixture 30 hours then strain thru an L-W W's sock to keep it from working then bottle and add a grasshopper to each pint to give it a kick.

NO DEER HUNTING IN WAYNE.

Vance Ingals, deputy county clerk, whose job it is these days to issue deer hunting licenses, discovered Monday deer hunting is prohibited in Wayne county until 1926. Wayne county was included among six counties added to those in which deer hunting is prohibited until that year. The others are Monroe, Macomb, Oakland, Livingston and Shiawassee. The deer season lasts from November 10 to November 30. Many applications for licenses are being received from Wayne county sportmen. Twenty five were issued Saturday night 50 Monday.—Free Press

ADMITS WRECKING PASSENGER TRAIN.

HENRY GATES RESPONSIBLE FOR LAPEER WRECK AND ALSO OTHERS, CLAIM. MAN BELIEVED TO BE INSANE. Find No Motive for Crime, Other Than a Desire to Watch Train Go Up. Flint Mich.—Two railroad wrecks add several attempts to derail trains in Michigan in the last few months are believed by railroad detectives and local officers to have been cleared up by the statement made at the Genesee County jail last night by Henry Gates, 59 years old, formerly of Huntington, Ind. Gates admitted Monday, the officers say, that he tore up the rails on the Grand Trunk line between LaPeer and Elba last Saturday morning just before Grand Trunk train No. 5, was due, and then jumped aside just in time to avoid being caught in the wreckage. In a statement he made last night, the officers say, he also admitted that he tore up a piece of the track which caused the Michigan Central wreck near Dearborn last July, which resulted in the death of the engineer, and that he tried to derail a Grand Trunk train on the Saginaw-Duane division between Montrose and Brent Creek a few weeks ago.

BONUS HELPS TRADE AS DOUGHBOYS BUY.

What do Michigan ex-soldiers do with their bonus? Blow it in? Quit their jobs until it is spent? "Shoot their roll" in gambling? All these dire possibilities were forecast by the foes of the state bonus, and are being repeated by the enemies of the national bonus. But Dr. Frank B. Broderick, state welfare officer of the American Legion, who comes in contact with more ex-service men than any other individual in the state, says: "They pay up old bills. They put it in saving banks—30 per cent of them—for insurance against unemployment. They buy needed clothing which stimulates trade. Some get married and set up households. Not one man in a hundred shoots his wad—and no one who really knew the sensible, sober dough boy ever thought they would."

HOUSE BACKS LLOYD GEORGE.

British Premier Gives Ostracizing Vote of Confidence. London—Lloyd George has swept away all that opposition to his policies in dealing with the Irish situation, has silenced his political critics, and is now free to conduct the negotiations with Sinn Fein in his own time and by his own method. By an overwhelming vote of confidence, 435 to 43, given him Monday in the House of Commons, after a stirring defense of the government's program for settling the Irish dispute the Premier not only received a clear mandate to deal with Ireland as he sees fit, but as permitted to, undertake his Washington trip practically without fear of a political fare-back during his absence.

WRECKED SHIP'S CREW LOST.

All Hope Abandoned of Locating 10 Men Sailing Rosabelle. Benton Harbor, Mich.—With a strong northwest wind blowing over Lake Michigan all night and Tuesday morning, it is practically certain that the 10 men of the crew of two-masted schooner Rosabelle, which was sighted floating bottom up Sunday, have perished. Hope had been held out that the crew might reach the shore in safety in the small launch in which they are believed to have left the Rosabelle, but marine men said that a boat of that size could not have withstood the gale. A Coast Guard cutter which set out from Milwaukee in search of the Rosabelle's crew has not returned and no message has been received from her.

There are Other Northville People Similarly Situated. Can there be any stronger proof offered than the evidence of Northville residents? After you have read the following quietly answer the question. G. W. Carson, retired milk condenser, Mill street, Northville, says: "I couldn't say enough in praise of Doan's Kidney Pills. They came to my rescue and cured me of an attack of kidney trouble which no other remedy could reach. I used many different kinds, also took baths at Mineral Springs, but Doan's Kidney Pills, which I got at Stanley's drug store, made me up in fine shape. My back was so painful, I finally had to give up work. I couldn't stoop over or lift the lightest weight. I was in misery. My kidneys were in terrible bad shape, the secretions I passed were filled with brick-dust sediment and burned terribly when passing. Doan's Kidney Pills soon checked the trouble and cured me." Michigan News Tensely Told

Ann Arbor—Final registration figures show that 11,227 are in attendance at the University of Michigan. Monroe—After robbing the soft drink parlor of Frank Doris, an armed negro, shot and wounded three patrons of the place in making his escape. Marquette—Harold Underhill and Fred Kupa, trustees, who escaped a month ago from the Marquette branch prison, have been caught in Covington, O. Pontiac—A sack of first-class mail was stolen from the Pere Marquette depot at Highland by burglars who broke into the depot. There is no way of telling whether it contained much of value.

Rochester—Mrs. Roy Kiles is dead here of an illness which developed from the shock of her husband's arrest on the charge of stealing meat. She was 20 years old and had been married three times.

Iron Mountain—Patrick Jarley, 22, didn't think officials here meant it when they announced liquor law offenders who refused to divulge the source of their supplies would be jailed. He is serving a 30-day sentence.

Kalamazoo—Police say John O'Brien of Detroit could not resist temptation when he saw a bill of \$9 and \$1 bills in the show window of the Desenberg store, placed there as part of an advertising offer. John is under arrest charged with theft.

Scotts—Glean Burr, 9, was dragged to his death by an infuriated cow as his mother looked on, unable to aid the boy. He was leading the cow to pasture, one end of the rope being tied around his waist. The cow, frightened, ran through a field. The boy's head struck a boulder, crushing the skull.

Alma—Henry Vanderhoff, living northwest of Riverdale, who came to Alma to pay a mortgage, was waylaid by three men apparently about 30 years old and over \$500 was taken from him. One of the men proposed a horse trade. Vanderhoff said and led him to a barn, where the other two men were waiting.

Lansing—Reports to the secretary of state's office show that 4,500 babies, recently born, are still at nursing names. Poor parents were unable to comply with the law and give the babies a name within 10 days after birth. Certificates filed here show these babies will go nameless, so far as the records are concerned.

St. Clemens—August Sylvester, arrested before Justice Dasso on the charge of murder, stood mute and was bound over to the circuit court to be tried at the November term. Sylvester, according to his alleged confession, shot Julius Jock in the marshes of Lake St. Clair October 10 and Jock died October 13 without regaining consciousness.

Owosso—The supervisors voted down a resolution to revert to the old township system. Calling for the poor, under which each township incorporated village or city would aid its own needy. Under the present plan the county stands the cost, the supervisor of each township or ward, passing on the necessity for relief and the amount to be given.

Bay City—Howard Finch, chauffeur for a prominent local family, was sentenced to the Detroit house of correction for 90 days without an alternative of paying a fine, for driving an automobile while drunk. Finch was arrested after he had smashed into four automobiles in a funeral procession. No one was injured, but the automobiles were damaged.

Kalamazoo—A total of 214 exhibits were presented at the preliminary hearing of James Hatfield, on a charge of embezzling more than \$7,000 from his own insurance company. Most of the exhibits were checks, which, it was charged, are worthless. The case was adjourned until November 30, when the court announced final disposition of the matter will be made.

Rontiac—In the trial of W. H. Currier, chiropractor, in Circuit Court Judge Gillette directed a verdict of guilty. Currier is the second chiropractor to be found guilty on a directed verdict, Archibald McGill being the first. Both were convicted of practicing without a license from the State Medical Registration Board. Sentences were postponed pending appeals.

Grand Rapids—The Michigan Mothers' Pension Law will be tested in the Supreme Court soon as the result of a friendly suit to be instituted here by Cornelius Roffus, prosecuting attorney. Roffus recently told the board of supervisors that in his opinion the law vested too much authority in the Probate Court to spend the county's money without giving the supervisors power to check the expenditures.

Lansing—The State Administrative Board has empowered Governor Groesbeck to offer rewards for the apprehension of escaped criminals whenever he deemed it advisable. The board also left to the Governor's discretion the amount to be offered in each case. The board acted after Roy C. Vandercook, state director of public safety, explained officers would often obtain material assistance in "man hunts" when it was known a price had been placed on the head of the criminal. State Police, however, will not be eligible for any reward.

DR. KAY'S REMEDY FOR COUGHS AND BRONCHITIS.

Never in the history of motion pictures has there been such a gigantic and overwhelming success secured by any photoplay as that just achieved by the sensational Italian screen spectacle, "Theodora," which Goldwyn will present in Detroit at the Subert Michigan theatre beginning Sunday, November 6th.

The claim is made by those who have seen "Theodora," that it absolutely surpasses every previous offering of the screen, in the matter of colossal magnificence, tremendous effects, gorgeous settings, and magnificent ensemble scenes. Since the first performance of "Theodora" in New York, crowds have stormed the theatre there and every performance has been a complete sell out and thousands of people have been turned away. On the second night, the mob was so great that the police reserves had to be called out, but before they could get the crowd in order, a big plate glass window in a store immediately adjoining the theatre had been smashed by the crowd.

"UP IN THE CLOUDS." "Up In The Clouds," a musical comedy of youth, beauty, romance, novelty and surprises—the sort of an entertainment that makes the theatre a place worth while, will be seen at the Garrick theatre, Detroit, the week commencing Sunday night, November 6th, with matinees on Wednesday and Saturday.

The book is by Will B. Johnstone, who is responsible for the book of the splendid comedy "Take It From Me" and he is said to have surpassed his former efforts. "Up In The Clouds" contains the most whimsical humor that has so far emanated from the pen of this brilliant author, humorist and cartoonist who has also delighted thousands of readers of the

Legion To Open Finest Hospital For Vets

For the relief of Michigan's tubercular veterans, the American Legion soon will throw open at Battle Creek the finest hospital in the United States, exclusively devoted to former soldiers. The healthfulness of its surroundings, its site on a beautiful range of hills, and the size and character of its buildings combine to give it this prominent position, in the opinion of medical men who have examined it. The institution will be known as the Roosevelt American Legion Hospital. The buildings and site were originally designed as a hostelry for relatives of soldiers who came to visit and as a place for entertaining the khaki-clad. Meets' Need of Veterans. The Armistice was signed before the building was completed. But the

state had gone so far it decided not to turn back. For a time, it was turned into a private hospital. Then arrangements were made by Gov. Groesbeck for the state to regain possession of the building. This has now been transferred to the American Legion, along with a fund to maintain the institution. 300 to 500 Patients. Fred Z. Pauland, of Grand Rapids, who worked unceasingly for the institution for former service men's chairman of the committee, which will act as the board of managers. The hospital will accommodate from 300 to 500 patients. Dr. Frank B. Broderick, of Detroit, state health officer, estimates that there are between 1,500 and 2,000 tubercular former service men of Michigan. Doctor Broderick's department is separate

from the hospital management, but will work in conjunction with it. Experts for the Staff. The best tubercular experts in the state will be placed on the medical staff. All employees will be former service men and women. Only Michigan tubercular former service men will be admitted, with the exception that some from the United States Public Health Service will seek here their under special arrangement with the Government. In addition to the advantages of proper and scientific care, there will be injected an atmosphere of sunshine and cheer, one of the great necessities in fighting the white plague. In choosing its patients, the Legion will pay no attention to a man's membership or lack of membership in any soldier's organization.

New York Evening World with his work. While the Scintillating dialogue furnishes the splendid cast an unparalleled opportunity, Tom Johnstone has supplied them with charming music and several of the catchy airs will have the audience wailing and humming them before the play is half over.

"Up In The Clouds" contains some of the most amazing electrical effects ever attempted on the American stage. The first act opens with a marvelous cloud effect with all the naturalness of a mass of vapor in the skies, out of which comes some of the different characters of the play. The vision is astounding and the wonderful beauty chorus make a most gorgeous background for this surprising effect.

Lansing—Michigan has the fourth lowest death rate from tuberculosis in the registration area of the United States, according to statistics recently compiled. This is taken by the Michigan Tuberculosis association as the best possible argument for a vigorous prosecution of the tubercular campaign of 1921.

November came in in a breezy fashion. Tuesday was 'window washing' day in Northville. H. M. Belford and family have moved to South Lyon. Mr. and Mrs. Chas. Richardson have moved to Farmington. A portion of the new cement road near Farmington has been opened for travel. A number of Northville people are attending the County Sunday school convention being held in Detroit. Edwin Wainio is building a two-story and basement residence on a lot adjoining his home on the north side. Keep the Foresters' entertainment course in mind. The opening number will be given on the evening of the 17th of November.

Mr. and Mrs. Clay Calkins have purchased the Henry residence property on East Main street. To add a little to the excitement of Halloween the 24:30 car backed into the band stand Monday night. The Retail one cent sale at Horton's drug store is now in full swing and will continue today and tomorrow. B. R. Gilbert writes to have the address of his paper changed from Plymouth to Penton, where he recently purchased a residence. The best wishes of many Northville friends will accompany Mr. and Mrs. Gilbert to their new home. The Washburn Poultry Farms will have an auction sale tomorrow, commencing at one o'clock. The farms are located on the Base Line road four miles west of Northville and two miles directly north of Salem. Read the announcement in today's paper. At the Royal Neighbors' masquerade ball last Thursday night Wm. Harris received first prize for gentlemen and Mrs. Chas. Chase first prize for lady. There was a good crowd present and the dancers had a merry time. Perkins' orchestra furnished the music. The vestry of St. John's Episcopal church have received information from Detroit that the Rt. Rev. C. D. Williams, bishop of Michigan, will visit Plymouth Wednesday, December 14, when he will confirm a class of eight, and examine the books and records of the parish. The opening party of the winter series to be given by the Pastime Dancing club was given at the High school gym Wednesday evening and was well attended. The music was good and the merry dancers thoroughly enjoyed themselves. Other parties will follow every two weeks. Subscribe for your home paper next week if you are not now a regular subscriber. Next week has been designated as 'Home Paper Week' and all are invited to co-operate with the publisher. Here is a chance to repay your home newspaper man for the many 'boosts' he has given you. Ask your neighbor to subscribe - not to borrow your paper any longer.

Mr. Tamlyn who has been a barber for 24 years at Walled Lake, has sold his place of business to Lawrence Johnson who will start a drug store in that village. Gerald Woodworth, who has been employed at the Northville Drug company's store for several months past, has accepted a position in Woodworth's store. Messrs. Stewart Montgomery, G. C. Benton, Wm. Johnson and Jack Sutton have been drawn to serve on the Wayne county circuit jury. They went to the city Tuesday. Letters from Carl Ely and N. C. Schrader, state they have established their camp about 100 miles from the Canadian Soo; were feeling fine and had great hopes. Last Thursday night Charles A. Dolph attended a dinner given by the Adcraft club of Detroit and had the pleasure of listening to an address by Arthur Brisbane, the new owner of the Detroit Times. Have you answered 'here' with your dollar and your name in the Red Cross roll call? There will be so many calls the coming year that Northville must do its full share - as this community has always done. The regular meeting of the M. E. Ladies Aid will be held at the home of Mrs. Charles Fulk on Tuesday afternoon, November 8th. Towel shaver for church. Please bring needle and thimble. The new basement department at Woodworth's has been completed and stocked with many very attractive lines of merchandise, especially toys. Patrons of the store will find this new department a delightful place to spend an hour. Lake Ely have finished moving their building and plumbing shop to the second floor of their building and the whole lower floor is given over to their stock of hardware. This change makes a great improvement in the appearance of that store. Newberry's band and orchestra, the organization with which Scott Montgomery has been touring the south, has been engaged to play at Daytona Beach, Florida, this winter. Scott writes his parents, Mr. and Mrs. Stewart Montgomery, that he is contemplating a delightful winter. November will be a rather busy month with Union Chapter, R. A. M., of this village. Next Wednesday night will be a regular meeting. November 16th, Royal Arch; November 23rd, Mark degree; November 30th, P. and M. E.; December 7th, Royal Arch. December 14th, annual meeting.

The usual Halloween pranks were played by the boys and girls - some rather big boys, too, but no serious damage was done. Just why Halloween celebrations enjoy 'fussing' about old outhouses has always been a mystery and still remains one. An outhouse was placed on the sidewalk near the D. U. R. waiting room. At the annual round-up of boys' and girls' club members, held at the High school building at Wayne, last Saturday, F. A. Northrop gave a talk on the theme 'A Parent's View Point.' There was a good attendance from all parts of the county. During the past summer a total of 150 boys and girls have been engaged in various kinds of club work. The funeral of Dr. Tom Henry, held last Friday afternoon, was attended by a large concourse of friends, and the floral tributes were numerous and beautiful. Rev. E. V. Belle of the Presbyterian church conducted the services. Burial took place at Grand Lawn cemetery and the remains were accompanied to their last resting place by many friends. Mr. and Mrs. Bert Clark will operate the grocery store recently conducted by Sam Sassanelli and will be open for business Saturday. The woodwork and shelves of the store are being newly painted and everything will be clean and attractive for the opening day. The public is invited to call Saturday. In a recent issue of the Detroit Journal the special correspondent of that paper gave Wayne a fine 'write-up' and in the article spoke very highly of the work being done over there by John D. LaRue in behalf of civic improvements. Mr. LaRue is president of the Rotary club and through the efforts of the members of the organization some splendid things have been accomplished.

Mr. Paul is chief engineer of the Miami conveyance district, Dayton, O., and he will explain what has been done to control the floods which have been so disastrous in the Miami valley. ARE YOU WILLING TO DISARM? The nations are to discuss big questions at Washington. The hour of destiny strikes - what will be the outcome? The question of disarmament affects each of us - our pocket-book - our mental vision - our moral welfare. Men are needed to fight for the truth - not each other. Too much time has been wasted in the killing sport already. Limit the big guns of hate - anger - lying - deceit. Destroy the poison gas of suspicion and jealousy. Use the energy thus saved to spread the cement of brotherly love and affection. Paul was for peace always but he bumped up against some folks who were not. Facing an angry mob Paul stopped them with a gesture and spoke to them in world terms. If you will attend Sunday at 12:00 o'clock, you will hear more about it.

### WALLED LAKE VOTERS FAVOR SCHOOL BONDS.

At the special school election held at Walled Lake last Saturday, the voters of the newly created consolidated district voted for the proposition of bonding for the sum \$75,000 for the erection of a commodious new school building, the result of the vote being 148 "yes" to 45 "no". The site selected for the new building is on the William O'Flaherty farm, on the Pontiac road, and the question of selecting the site, or endorsing the selection made by the district board, was carried by a vote of 164 to 33.

In speaking of the new building project the Pontiac Press of a few days ago published the following: "The plans prepared by Byron E. Mills, Detroit architect, call for a structure of handsome arrangement and exterior with full basement and two stories. Care has been taken to make future additions to the building possible without change of the exterior appearance."

A gymnasium, two stories high, with shower and locker accommodations and a well-equipped auditorium with a stage, which will be used as an assembly room are features.

The first floor will be raised to a sufficient height to insure a dry and well lighted basement in which will be located the heating and ventilating apparatus, showers, lockers, toilets and rooms for manual training, domestic science and agriculture. The gymnasium with its spectators gallery will provide facilities for all school athletics and for general assembly and community purposes.

The first floor will be devoted to the primary school and the remainder for high school with the necessary class rooms with built-in wardrobes, rest room and courts. The entire second floor will be used exclusively for high school purposes and will have full laboratory equipment, recitation room superintendent's office and exceptional auditorium facilities. The auditorium or study room will have a stage and dressing rooms in connection and will serve as an excellent place for holding graduation exercises and entertainments.

The bond issue of \$75,000 will cover the cost of the building and the complete equipment.

Members of the consolidated school board are: Glen Buffenver, pres.; J. Schmidt, secretary; B. Wolfart, treasurer; William Campbell and R. Taylor, trustees.

## PLAN BIG FIGHT AGAINST CANCER

American Society for Control of Cancer Announces a "National Cancer Week."

SPECIALISTS ARE INTERESTED

Informative Literature Will Be Carried to Every Corner of the Country—Causes 10 Out of 100 Deaths Among Those Over Forty.

New York.—The American Society for the Control of Cancer, which since its organization in 1913, has been fighting cancer with facts, sent out from its headquarters, 25 West Forty-fifth street, New York, an unusual feature of its already remarkable campaign.

This is a "National Cancer week," which will begin October 30 and end November 5.

The purpose of the effort, the most comprehensive and important in the society's career, is intended to carry facts concerning cancer to as many persons in the United States and Canada as can be reached through the professional and lay press, by lectures and by the spread of informative literature. The work will be carried on by the foremost physicians and surgeons in the country who specialise in the control of this dread disease; by state and city health officers and by the public-spirited citizens, who have given much of their time and considerable of their money to the movement.

#### Will Spread Message.

The society's organization is an exceptionally efficient one, and the message of the "Cancer week" will be carried to the remotest corners of the country. It includes regional directors, state chairmen and local committees, all working under the direction of Dr. Charles A. Powers, president. Assistant Dr. Powers are such men of note as Dr. Robert Abbe, one of the foremost authorities on cancer in America; Dr. James Ewing, pathologist of Cornell university; Dr. G. B. Armstrong of Montreal, noted Canadian surgeon; Dr. Joseph C. Bloodgood of Johns Hopkins university; Baltimore; Dr. William J. Mayo of Rochester, Minn.; Dr. Clement Cleveland, for many years head of the Woman's hospital in New York; Dr. Francis Cooper Wood, director of the Crocker Cancer Research Laboratory, Columbia university, and head of the board of Specialists, and many other prominent specialists.

Since its inception the society has maintained that accurate information concerning cancer is the best means known to lower the mortality of this disease. It was believed, and it has since been proved, that a large number of cases can be cured if taken in hand early, and its efforts have been directed toward urging persons to seek competent advice the instant they recognize any of the symptoms made plain by the society's campaign of education. In this policy the society at first met antagonism from that element which considered cancer a disgrace and which believed the less said about it the better.

#### Decrease in Deaths.

Those interested in this educational movement are extremely encouraged by the fact that during the last three years deaths from cancer have, for the first time in two decades, shown a slight decrease. It does not claim that all this decrease is due to its campaign, but it believes that its campaign has had something to do with it, and intends to push its work in the future even more vigorously than in the past.

Some idea of the ravages of cancer may be had from the fact that it causes ten out of every hundred deaths in this country where the victims are more than forty years old; that about 85,000 deaths a year are recorded, and that the mortality among women is considerably greater than among men. Women are exceptionally susceptible to this disease, but it is gratifying to know that if the symptoms are early recognized a great majority of cases may be cured. Because people are better informed, early diagnoses are more common now than in the past, and, moreover, the methods of treatment, which now include radium and the X-ray, are becoming more and more efficient and effective.

During "National Cancer week" there will be lectures in many cities by the foremost authorities on cancer, the distribution of literature at these lectures; activities by the departments of health throughout the country and by the medical societies, and the publication of numerous articles in the medical and lay press.

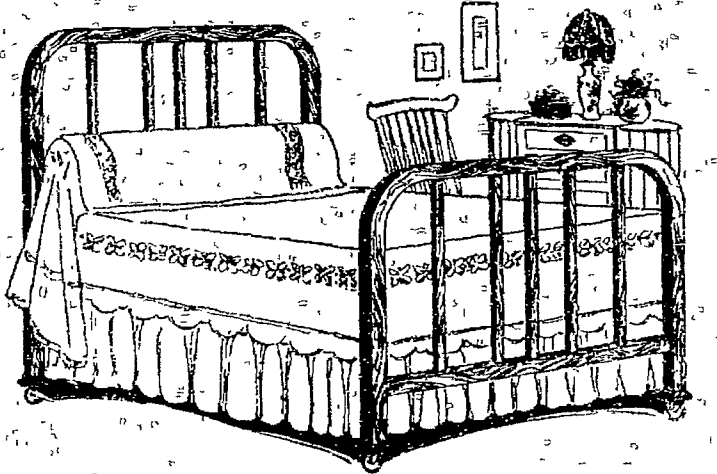

### Would Establish School for Mothers-in-Law

A university for the education of mothers-in-law is being advocated by Rev. Charles E. Stevens of Chicago. He asserts the mother-in-law problem has ceased to be a joke. "Seventy-five per cent of all matrimonial disasters are precipitated by her influence," he says. "She is an outlaw instead of an in-law."

# Furniture RUGS and Floor Coverings

We have gathered for your inspection this Fall a very complete assortment of dependable Furniture, Rugs and Floor Coverings, which we are able to offer at prices much below those of one year ago. Many big city dealers have been conducting quarter-off sales to close out their high priced goods, but we used different methods. We have gone through our stock and marked down our goods to meet every reduction in price we have received in the wholesale market and thus our patrons have had the advantage of every drop in price. We believed that was the only fair method to re-adjust things—to bring things back to normal. This method has enabled us to get away from the old plan of making "quarter-off" or "half-off" sales on a few articles and getting our full price for others.

We invite you to inspect our stock and to compare prices with those offered by other dealers. We shall be glad to abide by your decision.

We have an especially fine display of Bedroom Furniture in various styles and woods.

Our assortment of Dining Room Furniture cannot help but please the most exacting, and we have the single piece or full suites, as you prefer.

Our showing of Rugs and Floor Coverings is worthy of your careful inspection, because we can save you money in this department.

Horse Lost 31 Days. Cow, 10, in Straw Stack. That one day ago, Welf Rebert, a farmer of Redford, Mich., missed one of his horses on his farm and concluded that gipsies had taken it. A short time ago G. C. Renkert, his brother, brought a fine cow to his farm. On the second night the cow disappeared. The mystery of the unexplained disappearance of these two fine animals upset the neighborhood. Groans were heard about the straw stack the other day. Mr. Renkert found a burrowed hole through the new stack into the old stack. There, standing side by side, in cramped quarters, were the cow and horse, exceedingly thin and barely alive. They were unable to get out and were starving when found.

TAKES LESSON FROM INDIANS

Modern mothers are learning a lesson from the Indians. There recently appeared in Yosemite National park a young mother who wanted to enjoy the out-of-doors to hike to Glacier point, Mirror Lake and other beautiful spots, and who found her young baby too cumbersome on such trips. She simply stowed him away in a napkin carried on her back by means of straps over her shoulders and proceeded to see the park like any other tourist. The Indian packages have been carried in much the same way for centuries. The young mother said her name was Mrs. Cora Wilkin of Boston.

MARCONI HINTS MARS TALKS

Radio an Italian Inventor's Yacht Picks Up Message Which He Attributes to Planet. New York—Wireless waves 150,000 meters long, which Guglielmo Marconi believed may have come from Mars, were picked up by him several months ago during experiments aboard his yacht, "Electra," in the Mediterranean. J. C. H. Macbeth, London manager of the Marconi Wireless Telegraph Company, Ltd., made this statement at a luncheon of the Rotary club. The maximum wave length now produced is 14,000 meters, Mr. Macbeth said, and the regularity of the waves detected by Mr. Marconi and other experts led them to believe that they were not electrical disturbances, but efforts of Mars to get into communication with the earth. The only resemblance of the waves to any code used on the earth was a similarity to the letter V in the international code.

FUGITIVE OFFICIAL BELIEVED FOUND

CALIFORNIA POLICE HOLD FORMER VAN BUREN ROAD COMMISSIONER.

SHOCKED PAW PAW SOCIETY

Muddled Accounts and Disappearance of Dentist's Wife Discovered at About Same Time.

Paw Paw, Mich.—The arrest in lower California of Charles P. Cox, former Van Buren county road engineer, wanted for embezzlement, is expected shortly, Sheriff Dwight Barker here was advised Monday.

Arrest of Cox will end a country-wide search inaugurated last December when he vanished, leaving the Van Buren road department responsible in connection with which the county has offered a \$3,000 reward.

Cox's disappearance not only stirred county officialdom to action, but it shook Paw Paw's society leaders when, simultaneously, Mrs. Wilma Racette, wife of Dr. Felix A. Racette, a dentist here, vanished.

Cox took with him his seven-year-old son, Majnard, while Mrs. Racette had with her, Ellen, six-year-old daughter. Dr. Racette and Mrs. Racette held a consultation over the situation that left them helpless and children. They decided to ask authorities to apprehend the couple, but without publicity. Dr. Racette believed Cox had persuaded his wife to go automobiling and that she would return. He said he was willing to take her back.

After three months, Dr. Racette decided that he would divorce his wife. A decree recently was handed him by the Van Buren county circuit judge. Mrs. Cox has not instituted divorce proceedings.

Sheriff Barker was instructed by the supervisors to institute search for Cox. He had police circulars printed, which contained photographs of Cox, Mrs. Racette and their children. These were sent broadcast.

Sheriff Barker has just received word from a town in lower California that Cox had been seen in the vicinity and that he had been unsuccessful in an attempt to cross the border into Mexico. He wired back to apprehend Cox and hold Mrs. Racette if she were with him. The supervisors have renewed the \$2,000 reward.

Cox and Mrs. Racette with their children, drove from Paw Paw last December 17, in a big touring car. Cox had just purchased. He left this at Kalamazoo and boarded a train, it is said.

DISPUTES MUST AWAIT DECISION

Railroad Labor Board Says Violators Will Be Outlawed.

Chicago—The United States railroad labor board Saturday, in effect, forbade railroad union labor from striking without the board's permission, and declared that all strikers who violated the order would be classed as "outlaws" who had voluntarily removed themselves from the protection of the transportation act. This was the board's final statement on the railroad strike which was to have been called Oct. 30.

Every dispute involving changes in wages, rules and working conditions, must be referred to the board, and no action taken by either side until authorized by the board, the decision says.
