## TO FORM A CHAPTER OF DE MOLAY HERE

Through the efforts of James N. VanDyne, high priest of Union Chapter, R. A. M. of this village, a chapter of DeMolay, an organization for boys between the ages of 16 and 21, and which is sponsored by Knights Templar or Royal Arch Masons, will be formed in Northville. A preliminary meeting was held at the Masonic hall last evening for the purpose of deciding upon a name for the new chapter and a general consideration of the plan of organization.

Boys between the ages mentioned will be admitted to membership providing they possess good moral character and are esteemed "worthy" by their fellows. The jurisdiction of the new chapter will comprise the same territory as that now claimed by Union Chapter, which will mean that boys in Northville, Plymouth, Farmington, Redford and South Lyon will be admitted to membership.

The organization has been in existence about two years and at the present time there are but three or four chapters in Michigan, and by taking prompt action Northville will be among the first in fact will be the first small town to have a chapter. The ritualistic work teaches many lessons which will prove of great value to the boys and it is hoped to have a large membership.

### GAVE A FINE ENTERTAINMENT.

As the guests of Mrs. C. Wolfe & Son a number of Northville people attended the concert given at the town hall in Farmington last Friday night by the Edison artists, Miss An. Billman, contralto, Miss Vera Barstow, violinist, and Calvin Cove, tenor who gave fine demonstrations of the Edison recordings of the human voice.

The program was opened with a group of four numbers by Mrs. Billman, who greatly delighted the large audience, her rendition of "He Was Dressed," a selection from "The Messiah," being a treat seldom heard in a small community. Miss Billman possesses a wonderfully full and sweet voice and a personality that is especially pleasing.

Miss Barstow rendered a number of violin selections with Edison accompaniment while Mr. Cove contributed a number of numbers, the delightful program given.

The phonograph used was the one upon which demonstrations have been given in this village during the past few weeks and Wolfe & Son have a right to be especially pleased with the demonstration made Friday night.

### FORMER NORTHVILLE RESIDENT TAKES BRIDE.

Earl VanValkenburgh, who is attending the Ferris Institute at Big Rapids, sent The Record the following clipping from a Big Rapids paper, which will be read with interest by the groom's friends and acquaintances in this section.

The marriage of Miss Mattie Mae Doot to Emmet Fowler was a union of Remus young people Tuesday in this city. The Rev. C. L. Atig performed the ceremony. The couple left directly for the upper peninsula on a deer hunting trip by way of honeymoon.

Mr. VanValkenburgh stated that he was getting along nicely with his studies and that he expected to complete his course in January. He declares the institute is a wonderful institution, and in that belief he is supported by a great many young men and women of Michigan.

### LEGION ELECT OFFICERS.

The American Legion have elected the following officers for the year of 1922:

Commander—L. D. Stage Jr.  
Vice-Com—James Dickerson  
Adjutant—A. W. Barber.  
Post Historian—Louis Ransom  
Sgt. at Arms—Norton Greeff  
Chaplain—Carl Bryan.

Arrangements are nearly completed for the starting of rehearsals on this year's show. It will be in the form of a revue consisting of two acts and twelve scenes and supported by a cast of about 40 local people.

A basketball team is also planned and because of the many High school and service players available a strong line-up is assured. Any member interested please make it known to Eary Montgomery.

Born to Mr. and Mrs. Merton Fish (Ruth Vraderburg), of Sherman, California, on November 16th, a son, Bernard Robert.

## THE TROLLEY LEAGUE NOW IN FULL SWING

The Bowling League represented by two five-men teams from Northville, Plymouth, Farmington and Redford have now played on three Thursday nights and things are getting interesting.

The Lapham Five team of Farmington have been successful and have captured all games played, thus leading the league at this date. Close following them are the Plymouth Rocks and then comes the Huckleberry Fins of Northville.

Jim's Bears of Northville were at Plymouth last week and took two games away from the neighboring village. Heeney of Plymouth rolled a 210 game for them and German in the same game, bowled 219 for Northville. These were high scores of the evening.

When Redford and Farmington mix with Northville and Plymouth within the next three weeks many changes are liable to take place in the present standing of the league.

Following is the standing to date: Lapham's Five ..... won 9 lost 0  
Plymouth Rocks ..... won 5 lost 4  
Huckleberry Fins ..... won 6 lost 3  
Jim's Bears ..... won 4 lost 5  
Redford Reds ..... won 4 lost 5  
Trolley Liners ..... won 4 lost 5  
Indian Games ..... won 3 lost 6  
Redford Blues ..... won 0 lost 9

Every Thursday night a match of the villages are two teams rolling the sixteen pound mineral ball down the alley, each team trying to beat the other and each individual player striving to increase his bowling average in competition for the several prizes that will be awarded to the lucky or competent bowler at the end of the season.

### WILL RECEIVE STATE AND FEDERAL AID.

A. L. Hill, secretary of the Novi township school board, declares that statements published to the effect that township school boards do not receive state and federal aid as do consolidated school districts, are erroneous.

The Novi township board, which was authorized this week to establish a township 12 grade "junior high school" will receive annual grants totaling \$2,400 a year in addition.

The sum of \$1,000 will come from the federal government and \$1,400 from the state government and \$400 will be allowed by the type set each conference used in transporting pupils.

### CELEBRATED WEDDING ANNIVERSARY.

On Saturday last Mr. and Mrs. Myron White celebrated their forty-first anniversary. Their wedding was a very pleasant occasion at their home in this village. The day was also Mr. White's 81st birthday and the two happy occasions were jointly celebrated, the guests being six of the latter's old army comrades and a few other friends. A bountiful dinner was enjoyed at noon.

The combined ages of the six comrades was 58 years. Many friends will join in extending to Mr. and Mrs. White much joy and happiness and a continuance of these anniversary days.

# DENIES HE SLEW MONROE FAMILY

### NEW SUSPECT CONFESSES TRIPLE CRIME, THEN TELLS OF BEING WITNESS.

### KNOWLEDGE OF DETAILS EVIDENT

#### Man's First Account of Killing Coincides With Police Theory; Money Was Taken.

Lansing—Acting on orders from Gov. Groesbeck and Meritt Wiley, attorney general, J. L. Smith, assistant attorney general, left Lansing Nov. 23 for Dowagiac where he will act for the state in clearing the mystery surrounding the deaths Sept. 17, of Mr. and Mrs. William Monroe and their daughter, Neva. Mr. Smith was directed by the attorney general to confer with Asa K. Hayden, prosecuting attorney of Cass County, and members of the State Police who have been working on a solution of the crime for five weeks.

Dowagiac, Mich.—Cyrus Ryther, half-brother of the late Monroe, was in the county jail Sunday, speculating as to whether or not he would go to the Michigan prison, that is his reflection after confessing to the slaying of William Monroe, his wife Mary, and daughter Neva Monroe, in their modest little home in Dowagiac's west end, on September 17.

Sunday he denied to Prosecutor Iaa K. Hayden that he committed the crime, but that he stood looking into the window while a Polish boy swung the spiked club upon the heads of the victims.

"Saturday Ryther" confessed after police had told him they wanted his fingerprints. At first he denied knowledge of the crime, then he began to tell what he knew of it. While Police Chief Edward Bush and Ernest Ramsay, state policemen, were picking up his conversation he suddenly came through with a confession.

Ryther was taken to the scene of the tragedy, where he re-enacted the crime. His story astonished the police, who until Saturday had only a theory of how the crime was committed. Ryther told them how he had entered, went back to the wood pile and pointed out the stick from which he pulled the sapling with nails protruding from the end.

Monroe, the father, he said, never moved after the first blow, but Mrs. Monroe cried around a little. He said he tied blows upon her, then went over to where the girls lay. One of the girls, he said, uttered, "Don't hit mamma," and spoke a name he does not remember.

#### Sorry He Talked So Much.

Ryther led police to the cellar and walked directly to a place where he said he found a roll of bills. He said he took \$5 from Monroe's trousers pockets. The most astonishing thing about his alleged confession police say, is the admission of a broken lamp chimney. This, he said, was caused by striking it against a beam. Ryther, they say did not read this in newspapers.

Prosecutor Hayden said he will detain Ryther, who Sunday was morose and sorry that he talked too much.

They assert Ryther fits perfectly in the picture of the triple slaying being the work of a maniac. Prosecutor Hayden was considering confronting the man with Ardit Monroe, who named a doctor as the man who was in her room that night.

Don Bass, 19 and Carl Casco, 26, Negroes who Ryther said were with him in the late afternoon of the night of the crime, have been released. They said they knew Ryther and that his own "get a little easy money" was made on another occasion.

### MYRON WALKER GIVES UP OFFICE

#### Attorney General Daugherty Will Make Another Appointment.

District Attorney Myron H. Walker, in compliance with a request of Attorney General H. M. Daugherty, has tendered his resignation, effective January 2.

In requesting the resignation, Attorney General Daugherty emphasized that he was following the policy he had laid down in allowing all Democratic officials to hold their office to the limit of their terms.

Mr. Daugherty added: "You will understand, I trust, that this request is based on the general policy of the department and not upon any complaint which has been filed against you, nor is it made because your services have been in any way unsatisfactory."

### SEIZE LIQUOR WORTH A MILLION

#### U. S. Agents Confiscate 13,000 Cases Because of Illegal Use.

New York—More than 13,000 cases of Scotch liquors, valued at \$1,000,000 have been seized by federal prohibition authorities in bonded warehouses here, following discovery that enormous quantities of imported intoxicants were being diverted to bootleg channels. The seizures were made in co-operation with customs authorities.

E. C. Yellowley, acting federal prohibition director, said that his department contemplated the further confiscation here and in nearby ports, of an additional \$5,000,000 worth of liquor.

Conscienceless Grave Diggers. A dead man in Burma always pays his fare across the Ganges river, death with a small coin which he carries in his mouth. The curse that rests on grave-diggers as a class probably comes from the fact that most of the men of this trade have no scruples about digging the poor wretches up for their coins. It is believed that this causes the spirits of the disturbed ones to return to this world to seek all the ills that the human machine can conjure up for them.

# Not Ashamed of the Gospel of Jesus Christ!

I want to make an open confession of what the power of God has done in my heart. When I was convicted of my sins, I repented to God. I said I would do anything God wanted me to do, and God gave me the assurance in my soul that my sins were forgiven. Then God called me to preach the Gospel and tell men and women of His power to save and keep "Unto all those that will repent with a broken and contrite spirit." If God be for us who can be against us?

Some ask what church do I belong to. You will find it in St. Matt., 16th chapter, 18th to and including the 19th verses. And Simon Peter answered and said: "Thou art the Christ, the son of the living God. And Jesus answered and said unto him, Blessed art thou Simon Barjona, for flesh and blood hath not revealed it unto thee, but my father which is in heaven, and I say unto thee: that thou art Peter and upon this rock I will build my church, and the gates of hell will not prevail against it: And I will give unto thee the keys of the kingdom of heaven and whatsoever thou shalt bind on earth shall be bound in heaven, and whatsoever thou shalt loose on earth shall be loosed in heaven. Christ did not say he would build a church on Peter, but on the statement Peter made. That statement still stands, and will to the end. And a church must be built on that rock (or statement) to please God. There is no virtue in a church building or name. But this salvation is a heart worship between God and man. I believe at the judgment God will not ask us what church we belonged to, but He will judge us by his word: St. Matt., 18:3. And said verily I say unto you Except Ye be Converted and become as little children Ye Shall Not Enter Into the Kingdom of Heaven. This does not mean that we shall become as a child again, but we must humble ourselves as a child and come to God in that kind of a spirit; to be reconciled to Him, our maker. Repent and be willing to do His will and keep His Commandments. Not trying to make God come to what we believe. What we believe will not change God's plan of salvation. I believe in joining a denomination. But first, I believe in seeking the kingdom of God and all these things shall be added unto you.—St. Luke, 12-31.

You may think it is all right for me to live christian, but you can't live it. I say you chance to hear the gospel and accept Jesus Christ as your personal Saviour. Will be glad can't. It is no harder for you than it is for me. God gave me these convictions and I made up my mind to stick to them. Who can separate us from the love of God. I say no one but ourselves.

Some have asked can I make more money preaching the Gospel. No. I am not serving God for the money. I am serving God because I want to. The bible says: One soul is worth more than the whole world. So, if I through my efforts am the means of getting one soul to Christ, I am richer than any man living who counts on his earthly wealth. So don't count on me to be in the work for money. He that winneth souls is wise. That is my ambition. To tell you who are not converted of Jesus and His power to save. God will take care of me.

I am leaving my position with a clean recommendation, and have good future prospects, but I say with Paul; I count it all but lost that I might win Christ.

I am praying and believing God to touch the hearts of sinners. And as soon as possible, I want to hold Revival meetings in Northville. It is my greatest ambition to give you a change to hear the gospel and accept Jesus Christ as your personal Saviour. Will be glad to call on anyone personally, and especially the sick, if you so desire. Just let me know. Not that I can do anything. It is God that worketh through us.

MAY GOD BLESS YOU ALL, IS MY PRAYER.

New York—Geraldine Farrar, the
grand opera singer, refused to be
come a mother, according to Harry

Railroad King's Widow Dies.
St. Paul, Minn.—Mrs. James J. Hill,
widow of James J. Hill, president of
the Great Northern railway, died at
her home here following a long illness.

had called her "Dorothy" when she
entered his room in the dark. The

TWENTY-FIVE YEARS AGO

Items taken from The Record
files of 1896, for the week corresponding
to this week.

Mrs. T. H. Banks has been quite
ill.
Born to Mr. and Mrs. Will Buzzell,
November 30th, 1891.

Mr. and Mrs. Webster returned from
Geneva, Ohio, last week.
Hoyt Woodman and George Budd
spent Thanksgiving at Millford.

The thermometer was but one
above zero Wednesday morning.
Mr. Slater of Adrian was the guest
of Miss Eva Little over Sunday.

Chas. Thornton was the guest of
Detroit friends part of this week.
James Thomas is suffering from
blood poisoning in his right hand.

Mrs. Addie Eicher of Detroit spent
Thanksgiving with Mrs. Flora Sackett
born to Mr. and Mrs. B. S. Webster
Monday, November 30th, a girl.

Victor Kimball of Northville and
Ella Schutt of Muir were married
last week.
Mrs. Leona Murray and Miss Ada
Kator have returned from their
Lansing and Howell visit.

Northville with a population of
2,000 has not one colored person as
an inhabitant.
After a long and suffering illness
the wife of David Shaffer died Tuesday
night. The funeral was held at
Belleville Thursday afternoon.

Mrs. Jas. McFarlin leaves tomorrow
with her husband for a trip to
Maunsee. Mr. McFarlin is a U. S.
postal clerk whose run is between
Toledo and that city.

Mr. and Mrs. Wm. VanSickles, former
residents of this place, where they
will still be remembered by the
older inhabitants, celebrated their
golden wedding at their home in
Muskegon on the 31st of November.
Numerous beautiful and useful gifts
were received from friends in different
places in this state, and from
California.

Following is a partial list of the
mercabouts and druggists of former
Northville residents: A. C. Waller,
house is running a printing office in
Chicago; Thos. Jenkins is foreman
of the news department in the "Western
Newspaper" (Union, Detroit,
Mich.); Wm. White is operating a laundry
in Detroit; Kern Balgout is a successful
lawyer in Cripple Creek, Colo.;
"Be Bish" is running a newspaper
in Grand Rapids; Frank Ambler is
a long medicine in Denver; Dr.
Johnson is practicing in Detroit;
Edward Yerkes is a well known
Dr. J. H. Woodman is a plumber and repair
man in Ypsilanti and Ex-Prof.
Edward B. Leach is the publisher of the Ypsilanti
paper.

A very pretty chrysanthemum
wedding occurred Wednesday
evening December 2nd at the home of
Mr. and Mrs. L. W. Hutton at which
their grand daughter, Miss Nina
Aubler was united in marriage to
J. William J. Somerville, one of
Northville's well known young men.
The W. M. Ward officiated in a very
impressive service, and Mr. L. W.
Hutton gave the bride away. Miss
Jessie Hutton played the wedding
march. After the ceremony a dainty
lunch was served. The bridesmaid
was Miss Jessie Ely of Detroit, and
the groom's brother, Mr. George
Somerville of Georgetown, Ont., was
best man. The ushers were Mr.
Robert Cameron and Miss Nellie
Smith. The bride who was handsomely
attired, carried white
carnations. The bridesmaid carried
pink carnations. Mr. and Mrs.
Somerville left on the evening train
for a two weeks' trip at Camalachie,
Ont. the groom's former home, after
which they will return to Northville
to reside. Among the numerous
presents was something unique
from the Junior League to the bride.
It was an old shoe which had been
tastefully bronzed with gold and filled
with flowers and moss.

A lighted match thrown among
the draperies in the Purdy store window
Monday evening, made things lively
there for a few moments. The
bunting trimmings were destroyed and
about \$5. worth of crockery was
broken before the blaze was subdued.

Some two months ago Station
Agent H. E. Lake had some misunderstanding
with the company in the
end his resignation was asked for.
Mr. Lake sent in the resignation as
requested and the business men of
the place took the matter up in a
request to the general superintendent
that Mr. Lake be retained here and
the resignation was not acted upon
until last week when trouble over
another delivery arose and the resignation
was accepted and a man by
the name of W. A. Caruthers from
Everett was sent here Monday
to take charge of the station. Mr.
Lake has been agent here for twenty
years and is held in high esteem.
To be sure there has been occasions
for fault finding in the way messages
have been delayed in their delivery
here but we believe the cause chiefly
lies with the telegraph company, and

not Mr. Lake. The company does
about \$50 worth of business a month
at the F. & P. M. depot here, and
they should be required to either furnish
a messenger boy or place their
office uptown. Mr. Lake will remain
in Northville during the winter.

### RESULTS SATISFY DELEGATES

Success of Conference Not Seen By  
Officials; China Also Wins  
Point

Washington, Dec. 5.—The American delegation, and as it appears the British and Japanese also, have begun a mighty drive to get an agreement on all questions, essentially to the success of the present conference, before the holiday recess.

This does not mean that the work of the conference will be completed by that time, but there is excellent reason to believe that the fundamentals of the armament program can be agreed to and that the questions of China can all be settled in principle and the details referred to subcommittees for working out.

**To Report on Naval Ratio.**  
There are rumors everywhere as to the state of the armament discussion, and all to the general effect that an agreement on the main proposition of capital ship ratio has been reached. Officially, however, these rumors are not confirmed. All that is known positively is that the joint committee of naval experts has completed its work with respect to the proposed 5-5-3 capital ship ratio and this question is now in the hands of the "Big Three"—Hughes, Balfour and Kato—for final determination.

A plenary session will be held Dec. 1 to hear a report on the naval agreement.

It is highly significant that, with this very crucial stage of the negotiations reached, everybody is in a highly optimistic mood. Americans, Japanese and British all are giving every sign of being most highly pleased with their progress.

### Expect Japanese Agreement

The statements that the naval ratio has been agreed to probably arises from the attitude of the Japanese newspapermen and other Japanese who are official observers here. Thus for several days, from the very beginning of the conference, they have not failed to state that their government was very far ahead in its proposal of a 7-7-5 naval ratio, to replace the 10-10-6 ratio, advanced them by Mr. Hughes. In support of this opinion, they point out that the Japanese delegation has never formally presented its copy of an ink

### "LOST BATTALION" LEADER LOST

Colonel Whitteskey, of World War Fame, Disappears From Boat

New York—Lieut. Col. Charles W. Whitteskey, leader of the famous Lost Battalion of the 77th Division, and one of the outstanding commanders of the American Army during the World War, is reported to have disappeared upon the United Fruit Line steamer, bound from New York to Havana.

The radio message said Whitteskey left several letters addressed to friends in his state room. His executor, John B. Bruyn, with whom he was at one time associated in the law business, said the Colonel had suffered from fits of melancholia since his harrowing experiences in the Argonne Drive, and that he had been particularly depressed since attending the burial of the "Unknown Soldier" at Arlington Cemetery Armistice Day.

### KIRBY TRIAL UP DECEMBER 13

Jurors To Be Recalled to Hear Baby Death Case at Adrian.

Adrian—Mrs. Marie Kirby of Hudson, will go on trial Tuesday, December 13, in the Lenawee circuit court on a charge of murder.

The date was agreed upon Monday by the prosecutor and counsel for Mrs. Kirby and the jurors drawn for the October term will be recalled on that date.

Mrs. Kirby is charged with the death of an infant born to her daughter, Alice Kirby, last July 4. The case was on the regular call for the October term, but was put at the foot of the calendar as O. L. Smith of the attorney general's department, who is to assist in the prosecution, was out of the state.

### LORENZ OVERCOME BY CROWDS

Sick and Crippled Eager to Consult Eminent Surgeon.

New York—Dr. Adolf Lorenz, eminent Vienna "bloodless" surgeon, was near a collapse Monday at the hospital for joint disease, when hundreds of children, accompanied by their parents, crowded the examination room to consult him.

The people were cleared away, Dr. Lorenz smoked a cigarette, and later he had recovered to such an extent that he was able to eat lunch.

Four policemen were needed to handle the crowds which braved the rain to see Dr. Lorenz Monday. Most of the patients were on foot, or on crutches, but some came in automobiles.

### ANNOUNCES DATES FOR BIG RURAL CONGRESS.

Farmers' Week at the Michigan Agricultural college will be held from January 30 until February 3, next year, according to announcement just made at the college. An annual event for years, Farmers' Week has grown to be far the biggest winter gathering of rural workers held in Michigan.

More than 5,000 people registered during the week last year. Agricultural and economic leaders of international fame are listed among the speakers already named on the tentative program for this year's general meetings. In addition to President M. L. Burton of the University of Michigan, and President-Elect David Friday of M. A. C., Sir Auckland Geddes, British Ambassador to the United States; Henry Wallace, U. S. Secretary of Agriculture; Senator Arthur Capper, of Kansas; and Congressman Patrick Kelly and J. C. Ketchum, of Michigan, are included among those who have been invited to speak and are expected to be present.

A dozen of the leading agricultural organizations of the state will hold their annual meetings at the college during Farmers' Week, adding to the crowd and the importance of the congress. The States Farm Bureau, the Michigan Croy Improvement Association, the Michigan Potato Producers' association, the Michigan Horticultural society, and the Michigan Muck Producers' association are among those that have already set their meetings during Farmers' Week.

**Martial Swing of Famous Hymn.**  
Many hymns in the song books of modern churches, including some of the most popular and inspiring, are of martial swing and tempo. "Onward, Christian Soldiers" is the most popular of this class of religious songs. The Rev. Sabine Baring Gould, English pastor, author and song writer, composed the words of "Onward, Christian Soldiers" in 1860. It was to be sung by children and was written for a special occasion for which the pastor could think of no suitable marching song. He wrote it in one night.

TOM CORWINE

America's Greatest Polyphonic Imitator to Give Us a Joy Night.  
There are a great many entertainers whose business it is to make the public laugh—actors, magicians, elocutionists, etc., but as an imitator and humorist, Tom Corwine stands alone. His personality is sufficient to win an audience, and, as the greatest imitator on the American stage, in connection with his humorous and literary selections, never fails to more than satisfy his audience with an entertainment of rare pleasure. Many of his imitations are so wonderful, that it leaves the audience spellbound, doubting whether he has not some artificial means to assist him. His abnormally developed faculty of imitation, working upon lungs and lips, is all the assistance required. The entire program absolutely is of the highest order. If you want to laugh, and laugh, and laugh, then come and hear the only Tom Corwine. He can bark like five dogs, crow like a rooster, and do so many funny things that you are continually kept laughing.

## INDIRECT IS THE WAY TO THE CITY OF OUR DREAMS

Not in the way we expect—not as soon as hoped—not in the company we planned and its all different than we anticipated. Paul was at Rome—the city he said he must see before his work was finished. Paul intended to go as a free citizen—but he arrived in chains. Paul waited two years before he was tried in the presence of Nero in the interval he wrote those many fine letters to his converts in the cities' back home. Paul said he was ready—to preach—to die—to do anything to help folks to know THE WAY. The force that will achieve—build up—forge ahead—is the gripping power of will.

Say Ed: "What is this 74 per cent that the Loan is talking about?" Does the council know of it?"

"Sh. Keep it quiet, Tom, and I'll tell you." "If you should pay \$1.00 a week into the Loan for 560 weeks, then you—"

Yes. "What would I get then—Left?"

No. No one gets left—except those who do not join—you would receive \$801.13.

"And what does \$1 a week for 560 weeks amount to at 4 per cent compound interest?"

"It amounts to \$699.12, a profit of \$139.12 or \$102.01 less than you would receive in the Loan. This \$102.01 is about 74 per cent of \$139.12."

For the Love of Mike. "How do they do it?" "What do you call it—production?"

## ROBBERS BAND ATTACK MISSIONARIES.

Michigan friends of Rev. and Mrs. H. M. McCandless will read with a good deal of interest the following letter received from Dr. McCandless by the Board of Foreign Missions of the Presbyterian church. They left the states last July to return to their mission station in Hainan, when they had this horrible experience:

"We arrived in Hongkong August 11th. As I am not expected to take over the Honow Hospital until September 10th, we carried out our original intention of coming to Luchow, to see the work that my son-in-law, Dr. Judson, is doing here. My daughter, Mrs. J. S. in Hongkong, we came to Canton to pass the Sabbath, and then on Monday morning went to the railway station. The distance is 200 miles, 70 by train and the balance by river. The cars were hot and dirty and we were glad when we got our baggage, some provisions and furniture all transferred from train to boat. As the whole river route is through mountains and high hills, with frequent gorges and fantastic rocks widening at times into valleys with grassy slopes, it presents new scenery at every turn.

"The robbers are the one great drawback to this whole river district. The villages are in constant fear of attack. The freight boats cannot move by themselves but into fleets for mutual protection.

"Our party consisted of myself, the three ladies, Mrs. McCandless, my daughter, Mrs. Judson, and her baby and a Miss Wang. There were seven Chinese in the crew and we had some other Chinese with us. We trusted for safety to the American flag, to our being foreigners and to our not having things of great value to the Chinese.

"So, although there was always a possibility of attack, yet we went to bed and slept in peace each night. It went well until midnight, Sunday, August 21st. How was a beautiful moonlight night and we had anchored in midstream in deep water, just at the entrance of one of the gorges. All were soundly asleep when suddenly aroused by loud voices and a gunshot right off from the shore.

"We then realized the robbers were upon us and the only thing was to get the boat to the shore as soon as possible. The boatmen had not appeared in the bottom of the boat in drawing up anchor and the robbers, so the shot fell far to all thickly. We were calling to them to stop firing so that the men could work. Finally we repelled the shore and with a yell the robbers rushed down the shore and crowded into our boat, grabbing at everything they saw, taking the things from our boxes and demanding \$1,000 in money. When told we had no money they held their rifles at us and threatened to shoot were the money not forthcoming. Mrs. Judson had the baby strapped up in a bed quilt and they would not expect to hand money and took off her wrist watch, which the crew at once transferred to his wrist. There were two young Chinese women in the party and we were all forced to go on shore up the rocks and in our bare feet and night clothes and we had to see the robbers going on the way to the hideout. In the confusion we had as a ransom \$1,000 in money. We were told to get up on the bank and wait for the boat. We were to get the boat and we waited for her to come and deliver a regular receipt and hope was up.

"The man who guarded us escaped after a while when I asked him to let the windows blown and the man he entered as a cottor quilt. Finally the looting was complete the natives brown and the three young Chinese women were taken from us and marched off. We tried our best to save them but it was all in vain. We had all been praying there upon the bank. For a time we remained upon the bank, expecting that some of them might return and march us away for ransom. After nearly an hour we climbed back onto the boat and there we saw things all torn to pieces and there were the two mothers of two of the young women weeping. When it was fully light we secured a small boat from a near by village picked up the few things that the robbers had neglected to carry off, and reached Luchow in twelve hours. The friends here loaned us some clothes and the Chinese officials promised to do what they could to get back the three young women and our belongings. We have since received a letter from one of the kidnapped young women saying that they were being well treated, but the robbers were demanding \$1,000 for their release.

"The experience which we have just gone through gives us a sympathy and appreciation of what the people of China are constantly suffering at the hands of ex-soldiers and robber bands, which infest all regions, and the utter helplessness of the people to do anything to protect themselves, or to redress their wrongs. Districts near here, which formerly were prosperous are now uncultivated, owing to repeated raids by robber bands. The officials themselves are helpless to cope with the situation as the robbers are better organized and bolder. It has been the custom, when a robber chief becomes very dangerous, to over-arm a position as an official and enroll his men as soldiers. This is frequently done and so a premium is put on being a robber. We were told last evening of a region not far from here where the women go out every night and hide amongst the rocks to escape being kidnapped. We met ten empty boats which were being sent to a town south of here to get the plunder which the robber soldiers had taken from the women. Our hearts are heavy at the hopelessness of the situation, viewing it from man's standpoint, but with God all things are possible, and the responsibility of the salvation of China rests with us Christians. If you could only realize the need as we see it here, you certainly would pray.

H. M. McCANDLESS (M. D.)

## OBITUARY—Mr. GEORGE VAN SICKLE.

The family of Mrs. George VanSickle were notified last Thursday night soon after midnight of her death at Grace hospital, Detroit where she had been taken for an operation and treatment following about a month's illness at her home. ## A Big Audience at the Town Hall Hears Amy Ellerman and Vera Barstow in EDISON Tone-Test

In a test of direct comparison, made FRIDAY at Main Auditorium, before a large audience, the New Edison scored a complete and convincing triumph.

Amy Ellerman, the famous contralto, sang in direct comparison with the Re-Creation of her voice by the New Edison. To every ear, there was no difference between her living voice and her Re-Created voice.

This is the most drastic phonograph test known. No other phonograph has ever sustained it. No other phonograph has ever attempted it.

The New Edison's marvelous performance of "FRIDAY" vindicates everything that has been said or claimed for its perfect realism.

Miss Ellerman, stood on the stage next to a shapely Chippendale cabinet. She began to sing. Her golden notes soared over the auditorium, bringing all under its magic spell.

Halfway through her song she suddenly stopped singing. The New

Edison, at her side, took up her song, and continued it alone.

Singer and phonograph thus alternated, throughout the song.

The only way the audience could be sure of which was singing, was by watching Miss Ellerman's lips, so exactly alike the living voice was the Re-Created voice.

Vera Barstow made the same test of comparison with the Re-Creations of her violin selections. Again the same result—there was no difference between the Re-Created performance and the living performance.

Proof was piled upon proof! Evidence was massed on evidence! The end of the concert found the audience absolutely and completely convinced through its own personal experience, that there is no difference between an artist's living performance and its Re-Creation by the New Edison,—that listening to the New Edison is, in literal truth, the same as listening to the living artists.

## The NEW EDISON

"The Phonograph with a Soul"

Only one question can still bother your mind. This question we now answer. The instrument used in FRIDAY'S tests was not a special model. It was an Official Laboratory Model in our stock is guaranteed to sustain the same test of direct comparison with living artists. You can have an Official Laboratory

Model in your home. You can own an instrument which will do everything done FRIDAY in the test. Come in. Hear the wonderful Official Laboratory Model for yourself. Learn about our Budget Plan, which puts our Official Laboratory Model into your home for no more than you would "pay down" for a talking machine.

### BUILD FIRST

Don't buy that machine until you've a place to house it. It's exposure to the weather, the warping and rust and not the wear that sends it to the junk pile. Any man who puts \$100 or \$1,000 into a machine and leaves it to stand out in the weather at all seasons, ought to have his head examined.

You'll be surprised how little it will cost you to put up a suitable Implement Building. You can put it up yourself with ordinary tools in a few days.
