NORTHVILLE BEATS PLYMOUTH AT BASKET BALL

Then past week has offered rare sport for Northville basket ball fans. Last Friday night our teams met their old rivals, the boys and girls teams from Plymouth, and it may be truly said that the girls' contest was one of the snappiest and most exciting games ever played on the local court. The two teams were very evenly matched as was proven by the fact that the score was repeatedly "tied." From the first our girls showed the real Northville spirit and they were game to the very last, and finally won by a score of 16 to 14. When the final whistle blew the score board revealed a tie, although the board had 14 to 13 chalked up. Unafraid and undaunted Northville's girls returned to the floor and played their school to victory.

Later the Northville boys' team trounced the Plymouth team by a 28 to 19 score. The local team secured a safe lead early in the game which they held throughout the contest.

The game was packed and due to the able efforts of our cheer leader, Clara Dev, Northville responded nobly because the school spirit was running high between the rival teams.

MISS SCHULLING SINGS FOR RADIO LISTENERS.

Detroit's army of whistles listeners-in was rewarded Saturday night by an exceptional concert sent out from the News radio station. Most important factors in the success of week-endings in pianos were Marguerite Schulling, Detroit's gifted musical director, and Henry Gleason, the Art Director, orchestra goes along with the broadcasts giving the different kinds of music in a known manner.

Miss Schulling began the musical program with an Italian song and followed it with a group of English ones. She possessed a voice of great range and power and singular sweetness that she puts something of a slight personality. While she has had flattering success in the East, Saturday night's all too brief recital for her inimitable audience was really her debut in her home town. Her first public appearance will be in Orchid Hall, January 24th, in a joint recital with Percy Grating, the pianist. Miss Schulling was accompanied by Miss Margaret Manbach, of the Detroit Institute of Musical Art—Detroit News.

THE KING'S DAUGHTERS HOLD ANNUAL MEETING.

The local chapter of The King's Daughters held its annual meeting at the home of Mrs. Roy Clark on Tuesday evening. A bountiful dinner was enjoyed soon after six o'clock and the business meeting and election of officers followed the meal. The reports submitted by the officers and committees indicated that the past year had been a busy and fruitful one for the organization, and that many good kindly remanded in sickness and adversity. The election of officers resulted as follows:

President—Mrs. G. W. Willis
Vice-President—Mrs. Ed Sessions
Secretary—Mrs. W. H. Safford
Asst. Secy.—Mrs. LeRoy Stewart
Treasurer—Mrs. May Noble

TO ENLARGE AND IMPROVE ALSEUM.

Soon after his return from Missouri W. J. Thompson will set the contract for the enlargement and improvement of the Alseum theatre. A gallery with a seating capacity of 275 will be added, the present seating capacity will be somewhat enlarged and the interior of the building will be redecorated and put in fine condition. Mr. Thompson has felt the need of more room for his Saturday night shows for a long time, but owing to the high cost of building he has delayed the matter until now. He expects to be able to keep the house going on regular schedule while the repairs and changes are being made.

NORTHVILLE WON IN DEBATE.

Last Saturday night teams representing the High schools of Farmington and Northville debated the question "Resolved, That the principle of the closed shop should receive the approval of the American people." Farmington was represented by Herman Boyce, Franz Holtz and Dorothy Wilcox, while Northville was represented by Cleon Dey, Bella Brooks and Elizabeth Van Valkenburg. The judges were unanimous in their decision in favor of Northville.

James Trainor and Walter Ely were Detroit visitors last Friday, and while neither attended the new Capitol

HELD A JOINT INSTALLATION

Wednesday evening, January 11th, at Foresier hall, a joint gathering of Northville's patriotic societies, was held. Those represented were Post No. 318, G. A. R., Post No. 147, American Legion, and Woman's Relief Corps, No. 225.

A banquet was served by the Corps

at 6:30 o'clock, and a social hour followed.

At 7:30, order was called

and a special meeting was held for the purpose of installing the officers elect

of Corps and Legion.

Those elected to fill the chairs for

the following year were as follows:

RELIEF CORPS
President—Mary Cook
Sr. Vice-Pres.—Maude Palmerer
Jr. Vice-Pres.—Elizabeth Henry
Chaplain—Mabelle Griswold
Secretary—Nellie Freydel
Treasurer—Louise Safford
Conductor—Leah Green
Ass't Guard—Edna Edwards
Guard—Lucille Grover
Ass't Card—Elizabeth Henry
Pat Instructor—Stella Schoultz

AMERICAN LEGION

Commander—L. D. Stage, Jr.
Sr. Vice-Pres.—James Dickerson
Adjutor—V. V. Bicker
Sergeant At-Arms—Norton Green
Post Horn—Louis Ranney
Publicity—Mrs. Lila Alexander
Mrs. Ardella Brooks acted as installing officer. Corp. as installed by Elizabeth Henry is conductor of the band. The American Legion was represented by Elmer Hollis as instructor, followed by Lyle Ely as sergeant-at-arms, and a fellow performing his duty in warmer weather of credit.

At the close of the installation of the Corps, the incoming officer presented the outgoing President, Flora Peterson, with the president's badge, taken off him and the new-elected president, Mary Cook, presented the installing officer, Ardella Brooks, with a bouquet of flowers in appreciation of her services. Each responded with a few words of thanks.

A fitting oration was present in the hearts and minds of the older members of the Corps as they realized that this was the first year since the organization of Alice M. Harmon Post, G. A. R., and auxiliary, the Woman's Relief Corp., that the G. A. R. boys were unable in the smallness of their numbers to elect or install new officers. May God bless the few remaining boys in our small health to enjoy the few years remaining to them and may the world be blessed as they hold out a helping hand to these veterans in their declining years.

And over the organization of our country's defenders' Old Glory shall wave as loyal to the trust they stand as tribute to the country we serve. One nation, one country, one fate.

TO PERFECT ORGANIZATION OF LEAGUES.

On Monday evening next a meeting will be held at Redford for the purpose of perfecting the organization of the Wayne County base ball league. Preliminary meetings have been held at Wayne, Plymouth and Northville and a great deal of interest in the matter has been displayed. At the last meeting held at Northville representatives were present from Springwells, Dearborn, Wayne, Redford, Farmington, Franklin, Salem, and Plymouth. Constitution and By-Laws were considered and it is believed that those used by the Huron County league will be modified to meet local conditions.

At the meeting to be held in Redford it is expected that officers will be chosen for the organization. All towns interested are urged to send good delegations.

KILLED IN DETROIT.

Leo Bassett, a young man who was employed at the sanatorium several months last summer, was shot and killed in Detroit Sunday night. It is believed that he became confused either from too much booze or from some other cause and was seen prowling about a private residence. When ordered to leave the front part of the house he retired to the rear of the building and tried to gain entrance. The owner of the house shot through the door panel, killing Bassett almost instantly.

FIFTH AVE.**"THE CLAW" AT THE GARRETT
THEATRE.**

Coming direct from New York Leone Barrymore will appear at the Garrick theatre for one week beginning Monday night. Detroit is one of six cities in which Mr. Barrymore will be seen in "The Claw," the electrifying play by Henry Bernstein in which he has been acknowledged to succeed to the mantle Richard Mansfield. The New York cast in its entirety is to accompany Mr. Barrymore in this brief tour including Irene Fenwick, who is said to do the best work of her career in Bernstein's scathing drama—also Doris Rankin, Giorgio Martucci, G. I. Ballantine, Charles Keeler, and a dozen other well known players.

This will be the second tour within the past decade that Mr. Barrymore has appeared outside of New York and in it I have requested that he not

give other plays than the metropolis during the past three years he has been under the management of Arthur Hopkins. He started with his brother, John Barrymore, in "The Jest" the only time they had appeared on the stage together except in "Peter Robinson."

Ethel Barrymore is the only member of this great family of the American theatre who has constantly maintained her cordial relations with that part of the United States of America which lies west of the Hudson River. Leone Barrymore is as friendly disposed as his sister Ethel, but he has been winning for a long time which he could at first public attraction.

"The Claw" is such a play. It was produced in Paris more than a decade ago. Why it has lain on the shelves of New York managers is mystery once you have seen the play.

It requires a Herculean strength of the actor who would bring the figure of Achille Portefeuille to life before the American public. This leader of the party of France is a man of over a giant and a boy in the hands of the designing man who espouses him, a child. But in his political career he terrorizes his opponents.

The four acts of "The Claw" depict its decline and fall. The play covers a period of nearly twenty years, each act marking an epoch in the dissolution of this overwhelming reign of power. Mr. Barrymore coming direct from New York with his company will be unable to reach Detroit for Sunday night, so the opening performance will be Monday night.

A PROTEST.

Last week's Record contained the notice of a meeting for parents of school children to be held in the High school building Tuesday evening, Jan. 17. Talks were to be given by Miss Church, nurtrition specialist, and Miss Lawrence, local Red Cross nurse. Their subjects were "Foods needed by a School Child" and "Physical Defects and Their Elimination."

"Only fourteen people, two of them men, attended that meeting. Is it important to learn what foods to give your child to help him grow as he should, to keep him in good condition so that he may ward off contagious diseases to make him healthy and so mentally fit? Good health in a child means less worry, work and expense for the parents to say nothing of the benefits to the child. On reflection isn't this about the most important duty of a parent aside from the moral teaching?"

A recent examination of children from the Kindergarten or thru the Eighth grade revealed 61 undernourished children; meaning not that they did not have enough to eat but that they had not been given the right kind of food. Lists concerning the relations of various foods to bodily welfare have been given out, the children are being encouraged at school by the award of chart, etc. to help in bringing their conditions up to normal. It is evident will appreciate the far-reaching everlasting results of this work and operate we shall soon see results which you Mother and Father?"

FURNITURE MEN ARE BOPIED.

Mrs. Charles Brother attended the January furniture exposition at Grand Rapids last week where she spent a couple of days looking over the new products of young and rising houses throughout all along the country. There was a very hopeful feeling as regards the young houses and dealers in nearly especially by the dealers from the east, with a preference to the spring and summer. Michigan dealers were being given the benefit of the show as well as those in the West.

Prices in West last July were on the part of all dealers, except in cases where a company had sold them, had made them pricier than last winter and in those instances price was indicated as reward for leas per cent and more. It was the opinion of both manufacturers and dealers that turnover prices will not be lower than they are at present and that in view of the public may expect an advance. Larger and higher prices of new material items and reductions at this time.

IT WILL BE A TREAT.

The Foresters' last night a commendable enterprise in their efforts to provide a series of big class entertainment this winter and they should have the support of a wide community. The admiring next Wednesday night will be held to entertain and the entertainment will surely please you. The theatre ought to be filled to its capacity.

WHEN A WOMAN MADE
A MAN RUN 280 MILES

After that big day on Mt. Carmel Elijah was pretty well used up. He was mentally exhausted and physically tired.

Queen Jezebel—who hated Elijah—made things so very busy for him that he lost his nerve and fled.

Elijah lit out for some quiet spot and made only one stop until he reached Mt. Horob.

Say, good friends, how often have you lost your nerve—been scared into running away from your job lacked the spunk to stick to your task—let some one fool you into ducking the whole business.

The withering blight of discouragement—doesn't it take the gung out of one?

Elijah was very human. He saw a big job and he did it. Then reflection set in and he ran away.

How many folks in Northville have left their job—are under a juniper tree—have hid in a cave—are facing the query "What does thou here?"

There's snap and vigor in this lesson. Come Sunday.

THE BEARS AND FINS WIFE AT REDFORD.

The Bears and the Fins to Redford went,
A very fine evening there was spent;
It was eight o'clock last Thursday night.
The battle began with an awful roar.
German for the Bears fired the first shot,
While Barney for the Fins feared him not.
The players yell after one another,
And both captains wanted—the reason was
The lead-off men should start as they did.
Then a Fin bowled; it was Jaska, the kid.
He rolled like a kid and got a few pins;
Charlie was pleased—he's captain of the Fins.
He gave orders, but it was a Bear's turn to roll.
So George Washington Hills showed how to bowl.
His elbow's case bowed, believe me you please.
But the old ball was off about forty degrees.
Johnston then performed on the horizontal bars.
And he threw a wicked ball; it made you see stars.
Most of the pins were standing when he was through.
Then the Fin captain was all in a stew.
John Raymond went to line for the other team.
And Captain Woolley's face now began to beam.
He knew he could win with John at the rudder.
But Raymond threw the ball right in the gutter.
Captain Hamilton said, as he spoke to one another,
"I will stake my farm on Don, my brother."
"He will pull us through these awful ordeals,
But if he does not, he will lose several meals.
What happened to Ipon is really shame to tell.
For the ball never went, he slipped and fell.
John Stacey, the farmer boy, was a real Bear.
And everyone knew he would be right there.
But we shd give the line causing a foul.
Then you should have heard the old Bear howl.
Wait, Jaska, the anchor man was next, in line.
And the Fins expected from him something fine.
But the ball looked bad when it rolled away.
It's d— fine business is all he would say.
Fritz, another Bear, who had watched all the fun,
Was told to bowl right or his bowling was done.
He must have been frightened as safe he,
For he ran away and they think he's running yet.
Captain Jim, the Bear, never flinched in the least.
Nothing bothered him, neither man, nor beast.
He sure could howl when in need of a tally.
But this time failed to get even a tally.
The other captain too was to do real stiff.
So Charley, for the Fins, would show them enough.
He was smoking a haban with mouth slight agar.
When he drew a long breath and swallowed his cigar.
He went to the mat as it sat by a dart.
And doctors pronounced st. tobacco of the heart.
But Charley soon settled the burning question.
And hastily called it quiet indigestion.
To sum up the games and a whole lot of fun
The Fins took two and the Bears only one.

Toots Paka Hawaiian Troupe Foresters' Entertainment Course

Wednesday Even'g, Jan. 25.

Toots Paka, with her Hawaiian Troupe, form a notable feature on every community program that is fortunate enough to secure their appearance. The prima donna and her company have entertained the best audiences in America on her transcontinental tours. Their work, both vocal and instrumental, is refined and full of that weird, fascinating, soft, and soothing rhythm of the native melodies peculiar to the folk music of this music-loving, music-making people. In every true sense of the word, this is a "star" attraction, giving an artistic entertainment. You will not know genuine Hawaiian music till you have heard this famous troupe.

The Foresters deserve your support in their efforts to bring something good to Northville.

STATE TAKES ACTION AGAINST DELAYING BIRTH AND DEATH REPORTS.

Preliminary proceedings for prosecution against 26 local registrars of vital statistics in 18 different counties are being instituted by the state department of health following alleged failure of the registrars to comply with the law which requires reports of births and deaths to be filed with state authorities before the fifth of each succeeding month.

Jointly prosecuting attorneys have been named the names of the offenders and histories of the individual cases which will enable them to take immediate action.

Failure to perform any of the duties imposed upon the local registrars is deemed a misdemeanor, and upon conviction is punishable with a fine from \$100 to \$1000, imprisonment for not more than 90 days, or both fine and imprisonment. This penalty is provided in both the birth and death registration laws. Thus a registrar is liable to a \$200 fine and 60 days' imprisonment.

Accurate keeping of birth and death records is considered one of the highest marks of development of intelligence by civilization, said Dr. R. M. Olm, commissioner of health. Every certificate filed with the department is examined and all information utilized for legal and public health uses. Whenever reports are delayed from a community there is the possibility that outbreaks of disease may occur there which might have been curbed in the reports of deaths had been received by health authorities on time.

Northville School Notes

A very interesting health meeting was held in the auditorium of the High school Tuesday evening and a good start given to the nutrition work which is about to be given in the schools. Miss Ladrence gave a paper on physical defects and Miss Church gave a lecture on nutrition. After the feature the meeting was thrown open for discussion which was entered into freely by parents. Wherever this work has been carried on a large number of children have been benefitted and we are looking for some excellent results. The main object of the meeting was to get the cooperation of those most closely associated with the project. A set of scales has been ordered for the school and accurate records of the weights of under-nourished children will be kept to show progress made.

Examinations for the first semester's work will be given next week, beginning Wednesday noon and continuing to Friday noon. Reviews in the various subjects are being given at this time. Classification of all students for the second semester will be held Monday January 30th.

A series of arithmetic and reading tests will soon be given in the grades. The tests used will include the Curtiss research tests and the Kelly silent reading tests. The tests will show the teacher just where the weak spots are and prove a big help in remedying them. The research tests will be followed by a general intelligence test to check up on the work.

Mr. Heffrich, Mr. Winn and Mr. Larson attended the Four Square League meeting which was held at Plymouth Monday evening. At this time new officers were elected, cups awarded, and the basketball schedule arranged for the spring term.

A special car has been chartered to take the basket ball team and their supporters to Wayne to the basketball game, 11:30 a.m. evening, at 5 o'clock.

TWO GAMES AT BRITTON.

The two basketball teams journeyed out on and met with a well tried out for yourself. The girls team started at 8:20 and was thus far in shape, going out after one goal and a half to the floor. There were 10 points to 8.

A. F. Nichols, Helen Vanatta and Margaret had some fine team work. A. J. Garment and Irene Thompson, center positions, tried to put up a few flights (?), when Margaret got out and all went well until the girls found out that Vivian was picking off her little opponent.

At the end of the first period Margaret Murdoch and Rose Cavell completely bewinged their opponents. Part of the time they used foot ball tactics to get a full by throwing themselves at it while it was in motion and were the most part successful in "carrying" themselves about the ball while it was in mid air.

The whole team showed fine teamwork by passing the ball down the court, etc. Britton thought that a bird had a bite in it ought to get it out.

When the game ended Britton was at the end of a 10-10 score.

The game started at 9:15 and was a happy game all the way through. The low ceiling prevented the boys from making long passes. The girls did as its byday. There was a break in each end, and the girls did a good job. The fellows were really cheering to "play rough." Britton drew first blood as the girls came back breaking a couple fouls.

At the end of the first quarter the score was 8-8. Northville. From then on it was a toss up to see which one would finally win but on account of the smallness of the gym and the ceiling, Northville was prevented from scoring the one basket which was needed to tie the score so at the end of the game it stood 15-15 Britton.

In spite of this defeat our boys feel confident of a victory when the return game is played at Northville, Feb. 27th.

Although Britton had a very large attendance Northville with her loyal band of supporters showed much the finer spirit in yelling and cheering their teams.

Next Friday evening our teams play Wayne at Wayne so come all ye faithful and help your teams win.

Don't forget to attend the play "The Old Oaken Bucket" coming soon.

FEDERAL OFFICERS MADE TWO ARRESTS.

Federal officers came out from Detroit Monday afternoon and along about eight o'clock arrested Albert E. Wilson of the Wilson Hotel and his assistant, Dan Fiske, and let at once with the two fellows for the city. It was reported about town Tuesday morning that the officers purchased and drank liquor in the hotel, but no one about the hotel seemed to know just what happened. The four men were seen to enter the dining room and within a few minutes they came out with Wilson and Fiske under arrest.

There have been a whole lot of ugly rascals in circulation about affairs at the Wilson Hotel for a long time, but for some reason or other local officers have paid but little, if any, attention to them. Now that the federal officers have "broken the ice" perhaps our local officers will follow and ascertain if it is a fact that a well equipped poker joint is in daily and nightly operation in the same building. It is reported, and frequently too, that it is not an uncommon thing to play for stakes running into the hundreds of dollars, and not long ago one man, it is alleged, lost \$1,600 in one night. Others about town freely admit they have lost from \$20 to \$100 during a single night's playing.

Northville has no room for any such enterprise as a poker parlor, and the sooner it is closed and closed to keeps the better it will be for the gentry who are responsible for its establishment.

FORD CUT PRICES AGAIN.

Effective Monday prices of Ford cars were reduced from \$600 to \$15 the lowest prices ever quoted on these cars. The runabout is now \$319, touring \$345, coupe \$380, sedan \$455.

D. B. Bunn, local Ford dealer, advises his customers to place their orders for spring delivery early because these new prices are bound to cause a great demand for new cars this season.
