OLD KING COLD MADE MERRY

The severe cold weather which came to this section Saturday night seems to be general all over the country. On Friday night a bad freeze did untold damage to citrus fruits and growing vegetables in various sections in California and in some sections about San Francisco ice was formed. Throughout the middle and eastern states the cold was intense all day Sunday and continued to make things snappy Monday, Tuesday and until Wednesday. Thermometers about Northville registered from zero to five and eight below and in other parts of the state they were reported as registering from 32 to 24 below.

Eastern people whose homes are supplied with furnaces or heating stoves know very little about the real suffering experienced by the people of sunny California when these extreme cold snaps come to the coast. Many homes out there have no heating systems except a gas plate and you can imagine what one or two gas stoves will do on a cold evening in making a home comfortable.

Tuesday morning the interurban cars up both lines out of Northville were delayed on account of wires being down. The first car out for Detroit did not leave until 9:00.

EIGHT TO IMPROVE THE SERVICE

Patrons of the D. U. R. were just a little surprised to learn that rates of fares were not to be increased on all interurban lines operated out of Detroit. The authority for the fare increase given the company if it claimed under the provisions of the Glaspie law and while the commission had the right to increase rates we believe the officials have chosen a rather opportune time for making the change in increasing fares. In the first place people are not travelling a great deal at this season of the year, and in the second place the new rates will give the promoters of the bus companies now forming a very good talking point.

However, if the company will improve its service somewhat after the new rates have become effective the traveling public will find but little fault. If some plan could be devised to prevent the long delays in getting from the downtown station to the city limits the service would be greatly improved. City cars ought at least to give the limited right of way. Only a few nights ago the limited to Northville was two hours in making the run from the interurban station, and this delay was caused by a slow, plodding city car, whose conductor and motorman did not have sense enough to take the Turney Y and let the limited pass. This could easily have been done had those in charge of the city car had any interest in the company and its patrons.

A REASONABLE PROFIT, NOT A REMARKABLE PROFIT.

In our account of the annual meeting of the Plymouth & Northville Gas company in our last issue the types made us say the company closed the year with a "remarkable profit." Of course there was no remarkable profit made last year and the word "remarkable" should have been "reasonable." Not many towns the size of Northville in Michigan have the advantage and conveniences of having a gas plant and we congratulate ourselves upon the fact that our rates are lower than they are in a number of other towns and cities of the state.

While it is perfectly natural to "sputter" about things—gas service as well as about everything else—we believe the service we have received here in Northville during the past year will measure up with that enjoyed by any of our neighbors.

PLYMOUTH ENDORSED IT'S COMMISSION.

Plymouth voters last Monday, at a special election voted down the amendments providing for the abolition of the commission-manager form of government, in favor of the old council form of government, by a vote of more than 4 to 1. The total number of votes cast was 584; 104 voted for the amendments and 477 voted against the amendments. Three ballots were spoiled. The heavy vote against a change in the form of village government, is certainly a strong endorsement for the present commission-manager form.

Little Mary Power, youngest daughter of Mr. and Mrs. Arthur Power, has

D. U. R. TO MAKE INCREASE IN RATES

Beginning next Monday the D. U. R. will increase its rates of fare to two cents a mile on all the lines radiating from Detroit. How long the new rate will remain in force will depend upon the action taken by the Michigan Public Utilities Commission after an appraisal has been made and permanent rates fixed in accordance with the provisions of the Glaspie law, under which the company is now operating its lines.

Last Friday the officials of the D. U. R. issued the following statement relative to the new rates and how they would effect the various lines:

Increased fares will become effective on the Orchard Lake Division, Monday, January 30th and on the D. J. & C. Ry. Wednesday, February 1st. The new rates are based on a rate of two cents a mile instead of one and one-half cents as formerly. The increase was made in accordance with the Glaspie act and with permission of the State Utilities Commission. The company's gross revenue, under the old rate of fare fell below \$14,000 a mile on main track and it is therefore agreeing to the act entitled to increase rates. The Utilities Commission, however, making an appraisal of the company's interurban lines for the purpose of fixing a permanent rate of

The new rate is in accord with an order of the authority of the Glaspie law, which says "any interurban line, established or otherwise, in the consolidated form of operation, may raise the compensation in such a manner that will not exceed the rate of a reasonable compensation for the cost of maintaining and operating the line, and upon completion of the construction of the line, shall be officially set at the necessary rates." The Glaspie act, however, has a temporary provision fixing certain temporary rates in accord with the gross receipts of the lines but absolutely without regard to the expense of operation. Under this temporary provision when the gross receipts per mile of main line track exceeds \$14,000 a year, then the fare rate shall be one and one-half cents. The Detroit United, however, has such as to compete at one and a half rate. In 1921, however, there was a marked recession of business with the result that our gross interurban earnings fell to slightly over \$12,000 and thus gross earnings automatically placed our temporary rate at two cents a mile.

While it would be permissible for the company to collect an interurban rate to and from the interurban depot in Detroit the company will continue to apply the present rate of fare within the so-called one-mile zone. The interurban mileage as will continue from Addison on the D. J. & C. Ry. Interurban fares for children under 12 years of age will continue at half rates with a minimum collection of five cents.

AN IMPORTANT ACQUISITION.

The Library has just received Victor Duruy's magnificent history of Rome in 16 volumes with three thousand illustrations and one hundred maps. This very important work covers more ground than any other history of pagan Rome from its beginning to its fall, and the pictures add greatly in showing us every feature of that civilization to which our own has so often been compared.

The Library association is deeply indebted for this gift to the liberality of its friend and patron, William Scott.

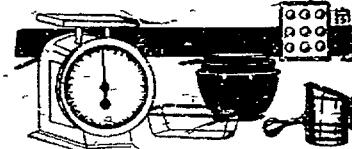

MANY BIDS BEING RECEIVED.

Bids for the construction of Northville's new sewer system and sewage treatment plant will be received up to eight o'clock on the evening of February 6th. The bids will be opened at the regular meeting of the council, and judging from the number inquiries already received by Village Clerk Murdock and Engineer Hubbell there will be a number of bids submitted.

SUSTAINS SEVERE LOSS.

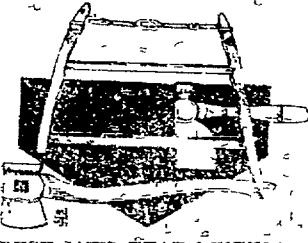

Joseph Heintz, who has been working the Boyle Brothers farm near Salem, recently had his herd of dairy cattle tubercular tested and twelve head were condemned, eleven of the animals being milk cows. For four of the cows Mr. Heintz paid \$125 a piece and four others also cost him a tidy sum.

The state will allow him \$35 a head for the cattle condemned.

EXPECT RECORD CROWD AT M. A. C. FARM WEEK.

Plans for the entertainment of the largest crowd of Michigan farmers who ever gathered for the annual Farmers' Week and Housewives' congress at M. A. C. are being made by college authorities this year. Reduced rates on all railroads and interurbans, and special features of entertainment and information are creating interest in the conference which is expected to break even last year's attendance figure of 6,000 when the visitors arrive during the week of January 30-February 3.

G. M. Christie, dean of agriculture and director of extension at Purdue University, is the latest addition to the strong list of speakers for the general meetings. Christie will come directly from the important Washington Agricultural conference to which he is a delegate, and will bring Michigan farmers a direct report from the big meeting.

Final preparations for exhibits of livestock, crops, horticulture products, poultry, and home economic material indicate the best and most interesting line of displays ever gotten together for the congress.

WAYNE COUNTY SEEKS LARGER REPRESENTATION.

A proposed constitutional amendment providing for reapportionment of the state for the election of members to the Michigan legislature, on a strictly pro rata basis, has been filed with the department of state for approval.

It is understood that Wayne county interests are behind a move to initiate the proposed amendment for popular vote. If adopted, the moiety clause in the state constitution would hereafter be disregarded.

Under the present plan of apportionment, the moiety clause provides that each county having a moiety is entitled to a representative. Inasmuch as a moiety is about one-half of one per cent of the state's population, it is apparent that many counties have representation which would not have individual representation if it were to be made on a strictly pro rata plan. As a result, Wayne county, with a large population, would have its representation greatly increased.

As the plan now works out, each of the 84 counties is entitled to a representative if they have more than about 15,000 population. There can be only 100 members of the house of representatives, and if each of the small counties having only 15,000 or more gets a representative, it is apparent that Wayne, with more than 1,000,000 population is not going to get as many representatives as a strictly pro rata division would give it. Wayne now has approximately one-third of state's population, and if the moiety clause were to be eliminated from the constitution it would receive about 32 representatives and 10 senators. Smaller counties, if the apportionment were made on a strictly population basis, would be combined and get one representative for each one per cent of the state's population.

The supporters of this movement will find that every other county in the state will be arrayed against Wayne's ambition. The up-state folk feel that Wayne county has enough already and they will not take kindly to any effort put forth to increase its representation at Lansing.

East Lansing—Herman H. Halliday, head of the state department of agriculture, was elected president of the Michigan Live Stock and Breeders' association in the closing session of the 32nd annual conference here.

THE AMERICAN RED CROSS IN PEACE TIME

Teaching First Aid

Every person mentally and physically able to do so should take the American Red Cross instruction in First Aid Treatment. It's a life-saver and a pain-saver on the farm, in the factory, on the street, at the office, in the home, wherever accidents may occur. Here's a young wife, who inexplicably wielded a can-opener and received an ugly gash across her wrist from the jagged can lid. Mother was there, however, with the First Aid kit and Red Cross instruction, and probably prevented a case of blood poison, by giving prompt and proper treatment.

MODERN DAY MIRACLES

Goethe, the Great German Poet, Visits Saarbrucken Forest and Discovers the Philosopher of Coal

(Told in Eight Sketches)
By JOHN RAYMOND

No. III

THE PHILOSOPHER OF COAL

In 1771, there lived in the forest near without dreaming Saarbrücken, in Germany, a chemist and the immense named Stanis. He was an eccentric old value of the waste man who had an idea far ahead of his product—coal tar. In the Middle Ages it was manufactured for use in the arts and for domestic purposes. The earliest record of coking coal in a regular oven was in 1620, when a patent was granted in England to Sir William St. John for making coke in a beehive type of oven. Later patents were granted in England, Scotland and Germany, and finally in 1817, Weifrid Isaac Mason

Stauf had constructed a number of ovens over a burning mine and treated coal so that he obtained oil, pitch, coke and soot. That was quite a forward step and although he lived in the depths of a forest the great minds of Europe heard of his work. In fact, Goethe himself made a pilgrimage to the ovens of the fat-seeking chemist and in his autobiography wrote a striking comment on his visit to the Saarbrücken forest:

"Ready and glad to pourish his com plaints into a German ear, she leaned her head on a stone, with a slice on one foot and aspicer on the other, America's key industries, not from

The Northville Record.

E. E. BROWN, Publisher.

An independent newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-class matter.

NORTHVILLE, MICH., JAN. 27, 1923.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897, for the week corresponding to this week.

Hiram Lunt is seriously ill. There is about \$4,000 township taxes still uncollected.

Wm Nevis is moving his harness shop into the Main building.

H. D. Dean and wife left Saturday for their home at Cape Vincent, N.Y.

A. A. Taft has opened up a feed store in the rear of the Union block.

C. G. Harrington is able to be out again by the help of a cane and crutch.

Miss Olive Wixom of Keweenaw has been visiting at the Dr. R. M. Johnson home.

Claude Wallrich has been appointed fish culturist here at a salary of \$660.

S. A. Yerkes of Bennington is the guest of Robert Yerkes and other of his brothers here.

Mr. Herbert Pickell and Miss Flossie Bailey were married at the bride's home in Durand last Sunday evening, January 10th.

The Kellogg block on Main street, including Princess bank, was bid on Saturday for B. A. Northrop by Dr. J. M. Burgess, for \$3,495.

Mrs. Maude Richardson-Bennett of Plymouth, and Miss Peppie Best of this place, are singing in the Presbyterian church these days.

Horts' racing on Dunlap street is being indulged in to a considerable extent, I. Starkweather's pacer appears to be the champion just at present.

Perry Shepard of Eagle, son of Mrs. Elmer Shepard, died of appendicitis Sunday night. Mr. Shepard was one of the wealthiest farmers in that section, and was well known in Northville.

J. S. Ephrath & Co. have purchased the property now occupied by Kesterson's hardware shop and McCullough's bakery. In the spring it is expected a new four-story brick building will be erected on the plot to be occupied by the firm.

The hop given by the Young Men's club in the right hand week, was a most pleasant affair. The grand march was led by Mr. and Mrs. E. L. Hough of Plymouth, assisted by Charles Gauch and Miss Nellie Lee of the same place.

Ben Nevis is once through the ice while skating on Veres pond Monday, and would have drowned had not Walter Evans and Frankie Clark gone to his rescue with "dinner sticks." They finally succeeded in pulling him out of the water after he had become nearly exhausted.

Little Willie Lake and Louie Hutton have a private gymnasium over in L. W. Hutton's barn and while doing some swing-and-let-go acts with the rings last Friday, the former struck with such force on the hard floor as to fracture his left leg. Louie gave the alarm and the young boy was carried home and a surgeon summoned. The little fellow is bearing his pain bravely and getting along nicely.

Mrs. Jane Cady widow of Anson Cady passed away at 11:30 Tuesday night. The funeral was held from her late home yesterday afternoon. Rev. Herberman officiating. Mrs. Cady was born in Ogd, N.Y., February 18, 1827. She was one of twelve children but two of whom are now living. Deceased leaves two children, Mrs. E. L. Babbitt of this place and Clinton Cady of St. Louis, Mo. On New Years day in 1858 she married Anson Cady, who died about five years ago. Mrs. Cady was well known and highly esteemed throughout the village where she had spent nearly all her life.

A very pretty wedding occurred at the home of Mr. and Mrs. Marvin Bevee on Wednesday evening, when their daughter, Mae, was united in marriage to Byron G. Fulkins, Rev. Hetherer performing the ceremony.

Erika Morini, WONDER VIOLINIST, TO PLAY AT ANN ARBOR.

The next concert in the Choral Union series at Ann Arbor will take place Friday evening, February 3rd, when Erika Morini, the celebrated Calacian violinist, will make her Ann Arbor debut.

Impartial critics pronounce her the world's greatest woman violinist and add what is more that she is probably the greatest woman violinist that has ever lived. Max Smith, in the New York American, stated after the debut of Erika Morini in New York January 26, 1921, where she played "Vieux Temps" and Mendelssohn "Concertos" with a symphony orchestra under the baton of Arthur Bodansky, that "She is probably the most remarkable woman violinist that has ever lived."

Some five years previous to this date, Miss Morini made her debut with Arthur Nikisch, playing the Mozart "Major Concerto." After her performance the astonished conductor summed up her achievement in the statement, "She is not a wonder."

FINISH BONES JOB FEBRUARY 1. With approximately 15,000 soldier bones applications let to check against war Department records or otherwise payment of bonuses will be completed by early

say officials of the bonus division of the adjutant general's department.

SUPERINTENDENT DENNISON AD-DRESSED EXCHANGE CLUB.

Superintendent donation at the Front House of Correction farm was a guest of the Northville Exchange Club at the luncheon on Wednesday noon. About twenty gentlemen enjoyed the splendid repast served by the management of the Amber House and when all had been served Mr. Dennison gave an interesting address in which he told of the aims and plans of the management of the farm. He said it was his desire to benefit all the men who were sent to the institution and to turn them back again to society better fitted and equipped to meet every-day conditions of life. There are no locks or bars at the prison farm and the guards are not armed except as night comes on and then only for the purpose of giving an alarm quickly should occasion require quick action. There are now more than 300 men at the farm and Mr. Dennison stated he expected to have 500 or more by spring. His men received three good substantial meals a day and a good clean bed in which to sleep after they had given a good day's work.

The new prison building will have accommodations for 1,200 and will be the last word in modern prison construction. Excavating for the new building is now being done, though the severe cold weather is retarding the work somewhat.

Mr. Dennison extended a very cordial invitation to Northville people to visit the farm at any time and assured his hearers that all would be welcome at any time.

ERIKA MORINI, WONDER VIOLINIST, TO PLAY AT ANN ARBOR.

The next concert in the Choral Union series at Ann Arbor will take place Friday evening, February 3rd, when Erika Morini, the celebrated Calacian violinist, will make her Ann Arbor debut.

I WANT MY RIGHTS

That is the cry of all men in all ages. Justice as between man and man.

The laws of the land define the rights of property and person and that of all combinations of persons or states.

The courts are constantly handling cases involving the rights of others. Some get justice and others go to jail.

The king had a fine country home. One of his subjects had an attractive vineyard adjoining.

The king wanted the vineyard and tried to buy it and failed.

What do you suppose the king did—the king, who was sick with malady of wanting too much—well, that's a story for you to talk about Sunday when you come to the

THE PAST YEAR A GREAT ONE FOR FORD PRODUCTION.

Official production figures of the number of Ford cars and trucks built in the home and foreign Ford Motor Company plants show that 1921 was not only one of the greatest years so far as actual production was concerned, but that, in view of the total output of all other automobiles, the Ford achieved what will probably be remembered as one of its greatest triumphs.

Viewed from an actual sales standpoint, as well as from production, it was a history-making year for the automobile industry. There was built by the company 1,013,958 cars and trucks, and 36,782 tractors, making a grand total of 1,057,739 for the year.—Dearborn Press.

JAPAN TO KEEP FORCES THERE TO PROTECT ITS INTERESTS, SAYS FOREIGN MINISTER.

QUESTION UP AT CONFERENCE

Political Stability Must Be Established Declares Count Uchida in Speech Before Diet.

Washington—Consideration of her own safety compels Japan to continue for the present her forces in the maritime provinces of Siberia, Foreign Minister Uchida declared before the diet, in Tokyo, according to a text of his speech made public Sunday by the Japanese embassy.

Count Uchida declared in his speech that upon the re-establishment of political stability in Siberia, the Japanese would lose no time in withdrawing their troops. He explained that the principal object of the negotiations with the far eastern republic of China, apart from a discussion of questions concerning general commerce, was to obtain the assurance from the Chinese government that Japanese lives and property would be protected, that there would be security of general traffic, a removal of menace to Japanese national existence and a safeguarding of industry.

The foreign minister was quoted by the embassy as continuing, "We have no territorial ambition nor any intention to secure for ourselves exclusive rights of any kind. The occupation of Saghalien Island has been caused by the unprecedented massacre at Nikolayevsk, and Japanese would certainly discontinue it upon satisfactory settlement of that incident by a responsible Russian government."

Count Uchida said it was a matter of sincere regret that not only have peace and quiet not been restored in China but the situation there lately appears to be developing in the opposite direction.

Pope's Death Will Be Deeply Mourned, Harding Declares.

Washington—President Harding's condolences on the death of Pope Benedict XV were dispatched Sunday by Secretary Hughes to Cardinal Gasparri, papal secretary of state.

"Deeply regretting to learn of the demise of His Holiness Benedict XV," the message said, "the president desires me to express to Your Eminence profound condolences. His humanity, his promotion of peace as well as his kindly spirit and great learning won for him a place in the hearts of men everywhere. TOWNSEND LOGICAL SENATOR, HE SAYS

W. J. SMITH TELLS PRACTICAL
REASONS FOR RE-ELECTING
JACKSON MAN.

KEEPS STATE HIGH AT CAPITOL

**Change Would Exchange Experience
for Inexperience, Lose Years of
Prestige," He Declares.**

Detroit—Michigan Senator affords exchange experience for inexperience, influence for lack of influence, in the vastly important office of United States senator at this vitally important time," said William J. Smith of Battle Creek, state chairman of the Townsend Senatorial Committee here today, in discussing the organization of the Townsend campaign for reelection. "This is the practical business reason aside from any reason of friendly preference, and for the re-election of our senior senator, Charles E. Townsend.

No man without legislative experience of similar character could defend the state against the influence which

holder has started suit against the Lakewood Utilities Co., owners of the

Lakewood summer resort, charging

fraud and asking for a receiver. He

says the officers squandered \$46,000

on a street railway line.

Saginaw—Though he is only 31 years old, Jack Mason won a hero's laurels when he rescued from drowning in a cistern, Methek Kwapis, his 3-year-old playmate. Jack lay prone, grasped the drowning child's arm, when he came to the surface, held fast, and shouted for help.

Muskegon—Anos Spaulding, 30, in

Beckley hospital of pneumonia, at-

tacked his nurse, fought her from his

room, then ran downstairs, escaping

in his night robe, while crazed from

the effects of a high fever. Thirty

minutes later he was found hovering

in the cellar of a nearby house.

Grand Rapids—Announcement was

made by Bishop E. R. Kelly's office of

the appointment of Rev. Fr. Edward

LeFebvre of St. Ann's church, Cadillac

and vicar general of Grand Rapids

diocese; as pastor of St. James's

church of this city, succeeding Fr.

Robert W. Brown, recently retired.

Lansing—Of the \$6,751,724 the de-

partment of state collected in 1921

from automobile license fees, certifies of title and operators, manufacturers and chauffeurs' licenses, the

collection will net back \$3,126,456. In

1920 total of \$6,754,900 was collect-

ed and £7,737,133 was given back to

the states.

Grand Rapids—The proposal of

three of the largest city hospitals to

perform operations on infants for

adenoids and tonsillitis for \$17 an op-

eration, including the anesthetic, has

been approved by the city commission

which has set aside \$400 a month as

estimated expense as well as \$7,200

for general hospital expense until

May 1.

Grand Rapids—Fire broke out in

the pumping station of the Christian

Psychopathic Hospital, in Cutherville,

10 miles from here, spread to the bou-

le room and for a time threatened the

main structure. Eighty patients were

removed without difficulty by doctors

and nurses while firemen were extin-

guishing the blaze. The loss is un-

der \$5,000.

Saginaw—Contingent of attorneys

for the defendant in an automobile

damage suit in which mother was su-

perior to the defendant in the Saginaw

circuit court, when Judge E. A.

Snow ruled that the \$3,000 damages

awarded Mrs. Mamie Hemington

against her daughter, Ryllis, should be cut to \$2,000 and \$1,000 returned

within 15 days.

Lansing—Judge L. W. Carr, in Ing-

ham circuit court appointed Leonard

L. H. Hands, insurance commissioner,

receiver for the United States Mutual

Automobile Insurance Company, of

Bay City. The petition had been filed

by the attorney general on a showing

by the insurance department that the

company's obligations are \$195,552 in

excess of its assets.

Iron Mountain—The Oliver Mining

Co. has sent a check to the city clerk

for its taxes amounting to \$179,922.92.

This is the largest single tax that the

city will receive and lacks only about

\$20,000 of being half of the entire

levy. The taxes of the Oliver Mining

Co. at Ironwood, amounts to more

than \$500,000 this year. This is the

largest tax ever paid there.

Flint—Found guilty of accusations

made by a young Flint woman, Ernest

Lafleur was sentenced by Judge E. D.

Black to spend from 5 to 10 years in

Jackson Prison. Lafleur with a pal

representing themselves as officers,

forced two young women into their

automobile on the pretext that the

women had violated the motor ve-

hicle laws. Instead of taking them to

police headquarters, Lafleur drove to

the country where the girls were at

the time.

Battle Creek—Camp Custer has

been selected by Secretary of War

John W. Weeks as garrison and train-

ing camp for the Sixth army corps

area. Official announcement to this

effect was contained in a telegram

received by Lieutenant J. B. Compton,

quartermaster in charge of the camp.

The selection for the area comprising

Michigan, Wisconsin and Illinois, fol-

lows: several weeks' uncertainty

as to the location of the camp, and

then a decision of the War Department

that the camp would be located in the

area of the Sixth army corps.

The number will be increased

as soon as possible.

TOWNSEND PETITIONS OUT.

Petitions for the nomination of

Charles E. Townsend, of Jackson, as

tunity of attaching their names ad-

ditionally.

UNIVERSITY BUILDING PROGRAM

Much progress has been made during the past two weeks on the new building program at the University of Michigan. Ground has been broken and part of the old Engineering building razed, in preparation for laying the foundation of the new Clements Library. Plans for the Dental addition have been completed and the excavation has begun. Boring has been made for the new Physics building, and contracts will soon be let for its construction.

A contract was given during the latter part of December for the raising of some fifty houses on the University property across the street from the present Medical building. Preparation for the erection of the medical building on this ground

SHRINES TO HAVE GREAT CIRCUS.

Two or three more than ordinary shrines are to be opened to the public at the Armory, February 6, for a two weeks' run. Gov. Alex J. Groesbeck, an enthusiastic member of the Masonic Temple, will be present, and the Shrine will be open to the poor, crippled, blind, deaf and dumb children in all institutions without regard to race, creed or color. Each child will be presented with a box of candy at the show.

The best talents of the Ringling Bros. and Barnum & Bailey shows together with the star act of the John Robinson Circus will enter Detroit. Fred Bradna, equestrian director of Ringling Shows, will act as ring master and manager of production at the Shrine circus. Mr. Bradna will act as clown in the action with Madam Bradna presents her troupe of trained horses, dogs and ponies. The famous Davenport troupe of bare-back riders will again entertain spectators. Northville School Notes.

The hot lunch club is well under way and the boys and girls are certainly enjoying a hot dish every noon with their lunch. From forty to fifty pupils are served each day at a cost of about three cents on an average. Hot cocoa seems to be the favorite dish which is served to the pupils for three cents per cup.

Final examinations are being given this week in all departments of the school. The new semester begins next week and the classification of students will take place next Monday at which time fees and tuition for foreign students is due. Report cards for the month of January together with final marks for the present semester will be sent to parents next week and parents are urged to examine the card carefully and return as soon as possible. If any parent does not receive a card the teacher or Superintendent should be notified at once.

Mr. Heifrich represented the School at the mid-year educational conference held at Ypsilanti last Friday January 20.

A splendid record is being made this year by students of the High School regarding tardiness and absence. Very little tardiness and absence is reported and it is hoped the parents will continue to use every effort to get the boys and girls to school on time.

A nice line of gymnasium equipment was installed in the gymnasium Tuesday. The outfit consists of 40 pairs dumbbells, 40 pairs Indian clubs, 40 wands and two large steel cases in which to keep them. Miss Barley is planning on using this outfit to very good advantage in her physical training classes. New equipment is expected later.

The High school programs will be held after the second semester and some speakers outside speakers are promised.

New backboards in basketball are being installed this week by the Globe Furniture Co. The Student Council ordered the same on account of the expense of the old ones and the difficulty of getting baskets.

Eastern teams of Detroit have finished their tour to Northville and South Haven in the recent invitational basketball date as follows:

Eastern team worthy of your time.

Local team for a good all-around game.

Northville and Plymouth teams will bring a large delegation and it is expected that the village will turn out equally as well.

In order to encourage this work there will be a large prize. Be sure and come.

DEBATE

Next Saturday night, January 28th, Northville and Plymouth will hold a debate in the local auditorium on the subject. It is hoped that the principles of the closed shop in American industry should receive the support of public opinion.

Northville's team, composed of Dell Brooks, Leon Day and Elizabeth Van Valkenburgh will uphold the affirmative. Plymouth, the negative.

In the debate Northville won unanimously, and it is hoped that it will be repeated.

This debate is important because either team loses unanimously they puts them out of the state race.

A large crowd makes the team feel encouraged so come and support your home team debating team.

NORTHVILLE DEFEATS WAYNE

"Hear Ye! Hear Ye!" Another victory was added to our laurels last Friday night when our teams trounced Wayne and won a couple of games.

At 6 o'clock our teams and loyal rooters left on a special car. As we disembarked from the car everyone assembled on the main "four corners" and gave forth a "lusty old fashioned" Northville yell, and boy, it was "some yell."

From there we traveled up a flight of stairs to a "cold" hall situated above a store.

The girls game was delayed because Wayne could not see "why" Northville wanted a neutral referee.

However after an hour's wait the referee was produced and the game started.

At the beginning things looked bad for Northville but after our girls got "going" we showed them some real speed and finally won by a score of 26-19.

Helen Vanatta and Virginia Smith; well folks its the same old story—our girls simply "played them off their feet." Vivian Parmenter and Irene Thompson showed the Wayne spectators how passing "should" be done. Margaret Murdoch and Ida Rose Cavell broke up many a clever Wayne play but, folks, if you ever want to see some real playing just step up to the N.H.S. gym some night when there is a game and watch Geraldine Young play basket ball. The whole team showed excellent team work.

The boys game looked rather dubious at first when Wayne's "big boys" trotted out on the floor but it didn't even "faze" our felons. They just

by a score of 19-16.

Wayne showed "real sportsmanship" when about 20 of Wayne rooters rushed out on the floor to mob Dutch because Northville was ahead. An other interesting incident was that some "cut-up" tied all the boys clothing into hard knots. More sportsmanship. At the end Northville came out on top and went home in a hilarious mood.

Next Friday night we promise the folks a "rare" game so come and help our team win.

Watch for the Farmington game, the "big game" of the season.

AMERICAN LEGION REVUE

Get ready, Northville! It's coming! Things are humming around the rehearsal hall where about thirty-five local people are working hard to perfect themselves in the lines and music of the biggest show that local talent has ever attempted. It will be ready for the public about the last of February, so watch for the date.

It will be a genuine revue fashioned after the largest ones in the show business. No serious plot, Northville to occupy the mind, but clean entertainment. Music, comedy, harmony, dancing, living models, pretty pictures and a beauty chorus of girls.

FARM-TO-HOME MARKET IS PLANNED

An organization expected to solve some of the food problems in Detroit and adjacent territory was launched in a meeting of 100 produce organization delegates from nearby counties and officials of the Detroit Board of Commerce late Monday in the Board of Commerce.

The organization will conduct a food exchange to be located in Detroit and will handle foodstuffs direct from the farmer to the retailer. It is to be known as the Detroit Food Exchange and will be capitalized at \$300,000 to be raised among farmers of Wayne and adjacent counties.

Formation of the exchange has resulted from conditions said to exist in Detroit markets in previous years which caused much food stuff to be wasted because of low prices paid for certain items and high freight rates.

I am the head of the movement. I hope the market will be built up, not to all in imitation and competition and whatever we will be put into grade to bring the food stuff to the Detroit market.

About 2,000 farmers are represented in the movement.

The exchange will be in full operation by June 1st, it was announced by officials of Detroit Journal.

THE SILVER FOX AT THE GARRETT THEATRE

To those patrons of the theatre who seek places fit more than the average levities and of a different type from the ordinary offering, "The Silver Fox" which copies to the Garrick theatre for one week beginning Sunday night, will appeal most strongly.

This satirical comedy is from the pen of Cosmo Hamilton, a playwright whose work in the past has stamped him with originality and humor. It is said to be a companion piece to his "Blindness of Virtue" and latterly "Scandal." It is a finer example of the Cosmo Hamilton style.
