## Dress Making Contest For School Girls

What girls offer around Northville can make for herself the best dress? We want to know and are willing to pay to find out who are fitting on this contest.

Any School Girl, between 12 and 18 years of age, attending Northville Schools, or any District School in this vicinity is eligible.

Dresses must be made of Gingahay, or Percale, may be trimmed if desired. Material must be purchased at our store and made from Historical Pattern; young lady registering her name as contestant for prize, at time of purchase.

Dresses must be an exhibition at our stage the last week of May. Judging will be done off May 1st, by three impartial and competent judges.

The points that will be considered will be as follows:

- No 1 Neatness of work, sewing and pressing.
- No 2 Style.
- No 3 General practicality of garment.
- No 4 Economy of price.
- No 5 Neatness of report made, material used and cost of same.

Our Sales ladies will be pleased to go into details with you regarding this contest.

First Prize \$10.00 Cash  
Second Prize \$5.00 Cash.

Third Prize Refund of the cost of the material used to make dress.

By putting the final dates where we have will give all a chance to get in and at the same time finish early enough for you to get the summer wearing out your dress.

Remember—any School Girl (12 to 18 years inclusive) (Northville or District School) is eligible. Must do all the work herself.

## SLEET STORM DID GREAT DAMAGE

The sleet storm of last Thursday and Thursday night was without a doubt the most severe that has ever visited this section of the state and seemed to be general from Saginaw south as far as Ohio and even extended to some points farther south. The havoc wrought and the amount of damage done to trees, electric light and telephone lines cannot be estimated, but it will run into the millions. In fact much of the damage done cannot be computed in dollars, because who can set a price upon a beautiful shade tree, or upon a young orchard just coming into bearing? Pole lines and tangled and broken wires can be replaced in time, but it requires many years to grow a shade tree and to develop an orchard.

The storm began Thursday forenoon with a rain and soon turned into a sleet and this soon became sleet and covered everything with a mantle of ice. The storm continued throughout the afternoon and into the night and trees and wires were weighed down with a coating of ice more than a quarter of an inch in thickness and that represented a tremendous load. Trees were bowed to the ground until their branches touched and great limbs came crashing down in almost every yard. Streets and yards looked like forests at clearing time of the years long passed. Fortunately the wind was very well behaved, had it been as active as upon some March days the world would have been a great deal more.

The big, tensioned wires of the Detroit Edison Company came crashing down in a Parmenter ridge well soon after noon on Thursday. Thus cutting off power and lights. Men were rushed to the scene of the damage but they were powerless to cope with the increasing force of the storm and the great weight of the ice. They worked all night and all day Friday, but were finally compelled to surrender to the storm king until the sun came out Saturday morning. Hundreds of poles were damaged and the Michigan State Telephone Co. suffered a greater loss in the number of poles down. In the Northville district there were a total of 822 tall poles down, all of which were carrying from one to five wires. Add to that the greatest number of poles erected to serve the individual subscriber and you will get some idea of the damage done. Wires were down in a tangled mass in all directions and communication with the outside world was cut off in spite of the heroic efforts of the crew or the local office. It will require weeks to make necessary repairs and to build the lines along the Base Line road from Geo. B. Yerkes' residence to the curve on the Marquette road, but very few poles remained standing and from the Base Line curve to Farmington every pole was tipped over or broken.

The surrounding country was also badly hit by the storm and in some localities greater damage was done than about Northville. It was most fortunate, however that no lives were lost.

The Wayne County Highway Commissioner had a crew of men and a couple of trucks in the village Saturday afternoon clearing up the debris along Main and North Center streets. As soon as it was possible to do so a crew of men will be engaged to trim the damaged trees along these thoroughfares. This service was rendered by the commissioners gratis and their kindness was greatly appreciated by the people and officials of Northville.

Every citizen of Northville is especially proud of the beautiful trees with which our streets have been shaded and all will regret the havoc that has been wrought by the storm king. But to many of our older residents the loss of these trees is like losing a very dear friend, because they planted them many years ago and have cared for them and watched their development from year to year until they have become a part of their lives. Many of our citizens lost handsome trees which they planted thirty or forty years ago about the home place.

Proper care is exercised in the trimming and care of our broken and twisted trees time will work a wonderful change. See that the big limbs are cut "clean" and then paint the trunk where the limb was cut off. This will prevent its checking and will prevent decay.

A more beautiful or dazzling sight cannot be imagined than that which

## GORDON, PAGE CO. BUYS CONDENSERY

April 15th, the Gordon, Page company of Detroit, one of the largest baking companies of that city and makers of the Butternut bread will become owners of the Northville Condensery plant, having purchased the property from Fred M. Warner of Farmington and T. G. Richardson of this village, who have conducted the business in a very successful manner for more than twenty years. The new owners of the property have been customers of Messrs. Warner & Richardson for years and have taken nearly all the product of the local condensery. In acquiring the property they are familiar with its product and they are taking no chances because of that fact.

The new owners will continue to operate the plant and the fact that they have use for its output will ensure the future operation of the enterprise. It is most fortunate for Northville that this well known and reliable firm should acquire this institution, which has been a very great benefit to this community for so many years.

### JESSE ZIEGLER ELECTED SUPERVISOR IN LIVONA.

Dan McElroy, who has served the township of Livonia as supervisor for a period of fourteen years, was defeated by the republican candidate, Jesse Ziegler, at Monday's election, who won the honors of the day by a majority of 100. Mr. Ziegler served his term as treasurer some years ago for a two year period and during the interval of the office while many tried among the voters.

Harry Williams was re-elected clerk, Dan A. Voss was chosen treasurer, John D. Hall highway commissioner and Mrs. Percy Loser was elected justice of the peace.

The election for supervisor was spirited and a large vote was polled.

George Thomas and family have moved from route No. 1, Northville to route No. 1, Plymouth.

Henry A. C. G. who moved to Northville from a farm last fall, sold Saturday at his home on Main street, aged 65 years. He was survived by his wife. He was born in Canada. Funeral services were held Tuesday afternoon at two o'clock and burial took place at Forest Hill Cemetery.

Please disregard as the sun came out Saturday morning. Every tree and shrub, the mid wire, was covered with ice and it sparkled as if they had been studded with millions of diamonds. Kodak enthusiasts were out in force and many "snap shots" were made in all sections of the village, and my part of the village escaped the ravages of the storm.

The D. T. R. and the very obliging and courteous employees who operate the cars in and out of Northville are deserving a whole lot of praise for the manner in which they kept the service going in the face of great obstacles. Some cars were delayed of course, but the company nor its employees have ceased in their efforts to maintain service of some sort.

The employees remained at their tasks when they were in very great danger from overhanging trees and broken wires.

Many limbs were torn from the trees in Oakwood cemetery and one half of a big oak crashed to the ground among graves and monuments, but fortunately not a stone was broken as the tree fell. A woodsmen could not have felled the tree more fortunately.

The young orchards stood the storm remarkably well as did old trees—apples, peaches, cherries and plums were badly broken. Many of the trees will be a total loss, while others may be saved by proper pruning and care.

On Saturday morning there were a great many discouraged orchardists in this section.

Over in the Walled Lake country the storm did great damage to trees and to the lines of the Walled Lake Telephone Co. The pole lines of the company were also badly damaged, of course.

A limb of a tree crashed through the kitchen roof at the home of Ledger Brown on the Northside and a window was broken at the home of C. L. Dubois on Main street by a falling limb.

Many of the wood lots in this section were damaged badly. In many instances trees will have to be trimmed before the owners can drive into the woods.

# The Easy Vacuum Electric Washer

The capacity of the "Easy" Vacuum Electric Washer, is equivalent to 8 double sheets or 10 single sheets. That's why the average family wash can be handled quickly and thoroughly.

The "Easy" washes by means of air-pressure and suction. The two revolving cups move up and down 60 times per minute, forcing the soapy water through the mesh of the garments. There is no rubbing or other friction, or wear and tear on the clothes.

Constructed of metal, it is sanitary and easy to keep clean and wholesome. Occupies little floor space and is easily moved about. Swinging wringer. Gas heater.

Sold on easy terms. A small first payment down places the "Easy" in your home—the balance in easy payments to suit your convenience.

Electrically at Your Service.

## Her Easter Contribution

MARY GRAHAM BONNER

Since her husband had died and had left her very poorly off, the cynical relations had wondered what had made her ever marry him in the first place. And some of them had said that doubtless she had had her eyes shut when she took him.

But such was not the case. She had always been very happy despite her poverty. They had been generous even with their little, and the relatives who were hopeful that the jewels she possessed would later realize; them something had said that fools and their money were soon spotted. They were afraid that others, who were more friendly, and more sincere would be less that which they felt as blood heirs should be theirs.

The little old lady, of whom they talked for a long time had wanted to get a copy of the Apocrypha. The famous family Bible, which also contained these books, were so old as to be crumbling to pieces.

So, she went to the nearest bookshop off the town. "Have you the Apocrypha?" she asked.

The what?" asked the bookseller.

"The Apocrypha," she repeated. "Now, the bookseller was proud of his reputation of having every book which could be asked for within any degree of reason. And he kept right

on, "Did He not say that He would rise again?"

"Seek ye the living, then, among the dead."

And trembling, Mary and the others went.

To His disciples, telling what was said:

Yet one would not believe.

For Thomas told his brethren, "Till I see it with my own eyes, I will not believe."

My hand into the Master's wounded side,

And felt the prints of nails inside His hands.

I'll not believe He lives again who died."

And later, Christ appeared.

He bade the doubting Thomas make his tests.

Who did and said, "My Lord," and Christ replied,

"Because you have beheld me, you believe."

But there who have not seen my hands and side.

Ano yet believe, are pleased."

Velma West Sykes in Kansas City Star.

HOME-GROWN EASTER LILIES

Experiments Made by the United States Department of Agriculture Have Been Successful.

When it first became known that experiments in using Easter lilies from seed were being carried on by the Department of Agriculture, test-breeders were prepared to believe that the undertaking possessed any commercial value beyond the possibilities of producing new hybrids. The results of these experiments, which have now been carried on for four years indicate that the country can develop an important industry.

On the Arlington experimental farm, which is just across the Potomac river from Washington, department specialists produce the lily seeds in greenhouses by artificial pollination. These seeds are planted about January 1, pricked out into small pots and in May the young plants are set in the open ground. They develop rapidly, and by July or August some of the plants reach sufficient size to bear blooms. In October or November the

lilies are cut and dried.

It's Not Out Yet, Is It?

up to date, too reading all book notes and notes of future publications.

But art was one he had not read now. Somehow it must have escaped him.

It's not out yet, is it?" he asked.

As the little old lady answered.

"Well, it couldn't have been out very long. I don't believe," he added. "It depends more on what you call it," she had answered uneasily. "It has been out about a thousand or two thousand years, that's all," she added.

She had told me this story with genuine relish, but afterward she had been glad she had not been able to buy the Apocrypha then. She found she really could not afford it; she could afford nothing to speak of at the present time, and Easter was coming along too, the time when she wanted always to make some special contribution—some little act of sacrifice.

She was a very frail little old lady, and very obviously of that strata of society known as the "gentle poor." Always I had been fascinated by a little gold chain she wore. From it dangled a quaint charm. There was a little chair made out of coral, and a gold water jug, the top of which could be taken off, and a locket made like a little purse, and an American gold dollar.

"I want to ask you something," she whispered to me one day. "I don't like to speak of it to anyone else—you know—they might object, though it's mine! I own it!" This last was said with a touch of pride. "You know my gold dollar on this chain? I've had it since I was a little girl. She went over that twice again, told me how her father had given it to her just a small homely kind of a story. Then she went on:

"I'm wondering where I could sell it where I'd get the most for it. My income has dwindled down pretty well these last few years," she smiled bravely. "But I'd like to sell it for a dollar, anyway, if I could. I just couldn't bear it if I didn't give a dollar toward the Easter offering—and it's so much more fun when there's just a scrap of débris in it!"

And when she later sealed her dollar inside the special envelope to be put in the plate on Easter day I thought that the Widow's Mite, after all, was an incident not solely confined to the pages of the Bible!

Many commercial growers are much interested in the work which is being conducted on the Arlington farm, and officials of the department believe that it will not be long until an industry will be developed in this country which will make lily growers here independent of any foreign supply of bulbs.

## EASTER

## TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897, for the week corresponding to this week.

The Yarnall God Cure now has 18 patients.

Born to Rev. and Mrs. Nightingale April 6th, a boy.

The Record Printer now has telephone connection.

Miss Clara Reed of Lemont, is visiting Northville friends.

You don't have to look on the map now to find Northville.

Chas. Blair spent a few days this week among Toledo friends.

Roy Smith and Hoyt Woodman visited Detroit Monday and Tuesday.

Louie Ross has been spending the past two weeks at Ann Arbor and Jackson.

Mr. and Mrs. R. Freydl are now housekeeping in their new home on Atwater street.

Foster VanZile, Earl Payne and Charles Barber have left school for Palmer Park.

T. H. Banks of this place has been named superintendent of Palmer Park.

Miss Viola Allen of Detroit, has been visiting her grandparents, Mr. and James Wilsey.

Michigan is located in the northern part of the United States, mostly northwest of Northville.

Dr. W. H. Yarnall is about to facts a commodious residence on Dunlap street, near Rogers.

Miss Grace Terkes' pony was found in the stable yesterday morning with a broken leg and had to be killed.

Marvin Boeve has secured a contract in the construction of a new \$10,000 brick building at Port Huron.

Grant-Power, for some years with T. G. Richardson of this place has secured a position with Toomey Bros. Fiction.

Prof. J. Henry Smith has been re-

vered as organist and choirmaster at the Court Street M. E. church at Franklin.

Bob Weston has connected himself with his father in the milk route.

Wright & Son will be known as "P. Benton & Son".

The German Lutherans have pur-

chased the Kellogg lot, corner Verke-

er and Center streets as a site for their

new church and will commence build-

ing operations soon.

At the annual meeting of the W. C. P. I. held April 7th the following

officers were elected: President,

Frank VanVlyk; vice-president, Emma

Carlson; secretary, Lillian Peck;

treasurer, Walter Green; treasurer,

Rose Little.

Miss Belle Cooper, who has been

guiding the winter in the Rocky

mountains left Durango, Colo. for

Chicago April 2.

She will spend

some time in Denver and among

friends in Iowa before returning home.

She is much improved in health.

Dr. at the home of her daughter,

Mrs. A. E. Carpenter, Wednesday

night. Mrs. Ann Flathorn, aged 68

years. The cause of her death was

a cancer which she had been

afflicted for twenty years. Her

husband, Henry Hathorn and daughter

Velma surviving her. Rev. W. A. Waid

will conduct the funeral services at

Mrs. Carpenter's home Saturday

morning. Interment will be at Waller

Lake.

The Knights Templar held their

annual meeting Tuesday night and

elected the following officers:

Commander, D. F. Griswold;

Generalissimo, C. T. Harrington;

Captain, Chas. Booth; recorder, L. A. Babbitt; treasurer, L. W. Simmons;

legate, Wm. Harlan; S. W. J. N. Burgess; J. W. J. E. Wilcox; sword

bearer, F. N. Perrin; standard bearer, B. A. Wheeler; warden, J. P. McFarlin; sentinel, J. R. Nash.

Monday's election proved to be the

most exciting quiet election that this

township has experienced.

The leading attraction was the matter of

dividing the township, and a number

of persons voted on this question

alone.

In this precinct, there were

450 votes cast on the division

matter, 331 being "yes" and 119

"no" or a majority of 212.

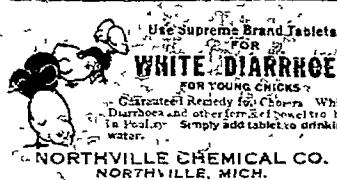

In the Plymouth precinct the vote stood 319

"yes" and 177 "no

**Catarrh Can Be Cured**

Catarrh is a local disease, greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

**MARYS AT THE EMPTY TOMB**

"He Is Not Here, for He Is Risen, as He Said," Was the Angel's Message.

In the end of the Sabbath, as it began to dawn toward the first day of the week, came Mary Magdalene and the other Mary to see the sepulchre.

And, behold, there was a great earthquake: for an angel of the Lord descended from heaven, and came and rolled back the stone from the door, and sat upon it.

His countenance was like lightning,

and his raiment white as snow;

and for fear of him, the keepers did flee, and became as dead men.

And the angel answered and said unto the women, Fear not ye: for I know that ye seek Jesus, which is crucified.

Behold, he is not here: for he is risen, as he said.

Come, see the place where the Lord layeth.

And go ye quickly, and tell his disciples that he is risen from the dead, and behold, he goeth before you into Galilee; there shall ye see him." So he told them, and departed quickly from them.

And they departed quickly from the sepulchre with fear and great joy; and did run to bring his disciples word.

And as they went to tell his disciples, behold, Jesus met them, saying, All hail! And they came and held him at the feet, and worshipped him.

Then said Jesus unto them, Be not afraid, go tell my brethren that the Son of God is come into the world. Go to Galilee, and there shall ye see him.—Matthew xxviii: 1-10.

**The Northville Record,**  
E. E. BROWN, Publisher

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville post-office as Second-class matter.

NORTHVILLE, MICH., APRIL 7, 1922:

**HANDSOME NEW BUSES.**

Two handsome new buses have been seen upon Northville's streets for the past week or so. One will be used to convey people from Northville to the Sanatorium and Prism Farm and the other was put into service between Northville and Detroit on Wednesday morning. The first bus will leave for Detroit at 6:30 a.m. and hourly service or nearly so will be maintained throughout the day and evening.

A schedule of the time of departure and arrival of the Detroit bus will be found in today's paper.

Northville will be the headquarters of the company's management and appreciate the co-operation of all people of this section.

**MRS. CHARLES BRASSON DIED SUDDENLY.**

Mrs. Charles Brasson, who had been in poor health for some time past died at her home near the leather factory last Tuesday night. She was suddenly taken ill, suffered before assistance could be summoned. Funeral services were held Sunday at 11 a.m. at the brasson church.

**A YOUNG FINE LADY.**

Josephine Williams, Mrs. and Miss J. B. Williams and their family were on their way from a trip to the north country after a two week absence of pleasure and the news of the death cast a shadow of gloom over the whole community. The family and friends in the community were deeply impressed by the young lad's conduct and his undaunted spirit during his final days.

He was brought to town for all his medical examinations and treatment at the hospital in Pontiac, where he died July 10, 1921, coming to Northville with his parents or sister on Aug. 11. He was a student at the University of Michigan and made his school record in the various subjects he studied.

Buddies like him he is missed by two brothers and three sisters whom a year ago left him to go also on. His death has caused a very great loss to his family.

W. C. T. NOTES.

The annual congregational dinner and business meeting announced for Saturday evening was postponed until May 10th on Tuesday evening April 11, beginning at 6:30 o'clock. Price per head and tickets \$1.00. There is a good social opportunity for the members of the church to get together.

## LAPEER COUNTY SHERIFF REMOVED

GOVERNOR OUSTS RAY J. BAKER AFTER PROBE OF PARTY IN COUNTY BUILDING.

### MISCONDUCT CHARGE SUSTAINED

Habitual Drunkenness Accusation Dropped But Woman's Testimony Supports Less Serious Charge.

Lansing.—As a result of charges made against Ray J. Baker, sheriff of Lapeer county, by several residents of the county, an order was signed Monday night by Governor Groesbeck removing him from office.

The five original charges made against Baker included official misconduct, habitual drunkenness, wilful neglect of duty, and malfeasance in office. Three of the charges were thrown out when the matter came before the governor for hearing early in March, and the trial was conducted on official misconduct and habitual drunkenness.

In the order to remove Baker, Governor Groesbeck declared that the testimony failed to support the charge of habitual drunkenness, but declared that the allegations made concerning misconduct in public office were such as necessitated the sheriff's removal.

In the original charges made against Baker, two other county officials were named, George Dickinson, justice of the peace, and George Utley, county road commissioner.

The allegations included the charge that Baker, Dickinson and Utley took part in a "party" with a woman named Cora Wilsey.

When the case came before the governor Cora Wilsey was not to be found, and without her testimony, it appeared Baker would be cleared. A surprise was sprung on Baker and his friends when Governor Groesbeck, with the aid of Colonel Roy E. Vandeveer, of the state police, located the woman and brought her to the governor's office to testify.

Her story supported the charge that Baker had attended the party, with the result that the order for his removal was issued Monday night.

### DARING BANDITS STEAL \$8,000

Kill Two in Making Escape Through Busy Street

Chicago.—In an \$8,000 holdup committed within a range of hundreds of persons in the heart of south Chicago's business district, Peterman Ernest H. Coughlin and Phillip Sommers, treasurer of the Royal Building and Loan Association, were killed by one of five robbers, who escaped with a fortune of bulletins, in an automobile.

The remarkable daring displayed by the robbers is indicated by the circumstance that the scene of the crime corresponds to Chicago's loop except that on Monday night, which is May day in many of the big industries there the streets are crowded. Stores, shops and restaurants were open. And only a short distance away was the police station.

### COMMONS VOTE CONFIDENCE

Endorses Lloyd George's Government Policy by Large Vote.

London.—The house of commons Monday adopted, 372 to 94, Premier Lloyd George's resolution calling for confidence in the government's policy on the coming economic conference at Genoa.

Prior to this, the house, 379 to 84, rejected an amendment proposed by John Robert Clynes, laborite, which while approving an international economic and financial conference, declared that the government was not competent to represent the country at such a conference and did not have the confidence of the country.

### ONLY ONE TWIN WAS MOTHER

Operation Could Not Have Saved Sisters, Examination Shows.

Chicago.—An operation to separate Rosa and Josefa Blazek, Siamese twins, would have proved fatal, a secret postmortem conducted here showed.

Dr. J. H. M. Otradovec stated that the twins, who died last week, were joined at the spine. The surgeon said that Frantz Blazek undoubtedly was the son of Rosa and not of both twins. Testimony of Dr. Otradovec is expected to be introduced in probate court here during settlement of the \$100,000 estate of the twins.

### SMALL WANTS WOMEN ON JURY

Illinois Governor Calls Attention to Her Right to Serve.

Waukegan, Ill.—Gov. Len Small Monday demanded that women sit on the jury which is to try him on charges of conspiracy to embezzle state funds.

Through his attorneys, he challenged the entire jury list of Lake County because only men had been called.

### SEED TREATMENT WILL SAVE OAT SMUT LOSS.

That a two million dollar annual toll, levied on the oat crop of the state by oat smut, a fungus disease, can be largely eliminated by proper seed treatment is the statement of Prof. G. H. Coons, plant pathologist at the Michigan Agricultural College. Formaldehyde treatment of the seed, a method which is cheap, safe and easy, will almost completely eliminate the smut, says Coons. The method outlined below has been used in every county in the state and has become very popular. Oats are less subject to formaldehyde injury than wheat, but close following of directions is advised for safety with the treatment. In treating by the new concentrated formaldehyde method, use formaldehyde at the rate of 1 pint to 50 bushels of grain. For smaller amounts of grain, use correspondingly smaller

amounts of formaldehyde. Put the right amount of fresh formaldehyde, just as it comes from the dealer, into a pint or quart hand sprayer or atomizer and spray the grain as it is shovelled over and over. If the sprayer is kept close to the grain, and if treatment is given in a room with good draft, the penetrating odor of formaldehyde will give no discomfort. When the right amount, in the middle of the school year, is sprayed the oats into a heap and covered, the new men did, it was deemed advisable to attempt special junctions sacked immediately. Planting should take place at once since it is unsafe to hold treated grain after treatment.

Do not spray more than can conveniently be planted the same day. The old, or so-called, "sprinkling" method is also efficient and may be used with success in treating seed for oat smut.

### RECORD LINERS PAY TRY ONE.

Canadian National Parks. The Canadian national parks comprise an area of about 8,000,000 acres. They are sanctuaries for wild deer, mountain sheep and goat, moose, elk, bear and buffalo, and a tourist wonderland of forest, well-stocked streams and lakes, glaciers, hot springs, waterfalls and mountains.

## Pure yeast

### now concentrated in small dose

With the introduction of Yeast Foam Tablets you don't need to eat large quantities of baking yeast to secure its great health-corrective properties.

If you are one of those who have been eating large quantities of baking yeast—and perhaps finding it troublesome to get and unpleasant to take—you will be happy to know that in this new year, dried and highly concentrated, you can get the same tonic effects, without any inconveniences and with several extraordinary advantages.

### This yeast corrects a wide-spread disease

Vitamin deficiency, that the leading medical men are all discussing, is a disease that thousands of people nowadays suffer from, but which has only recently been recognized.

Unlike other diseases, which come from germs or infections, vitamin deficiency comes from a lack in modern foods of the recently discovered element, vitamin.

Its symptoms are failing appetite; indigestion; loss of weight, strength and vigor; unhealthy skin; nervous trouble and other signs of a "run down" condition.

If you are suffering from any of these disorders, your

### Yeast Foam Tablets rebuild tissues

By supplying this vitamin, which many foods wholly lack, Yeast Foam Tablets stimulate the appetite and digestion, enable you to get strength and energy from the food you eat and thus rebuild the sick tissues and tone up the whole body.

The purity and vitamin potency of Yeast Foam Tablets is guaranteed by the world's largest manufacturer of dry yeast—the mill has for 45 years of the famous baking yeast, Yeast Foam and Magic Yeast.

This guarantee is your protection, so be sure you ask for and get Yeast Foam Tablets. They are sold by all druggists.

Each lot is tested to insure high and uniform tablet potency.

## Yeast Foam Tablets

*the only pure whole yeast in convenient tablet form*

## To Telephone Users--

### A Giant Cut The Wires

Our entire long distance wire system in southern Michigan and many of our smaller exchanges was crushed and wrecked in the sleet storm a week ago.

Every city suffered, even those not touched by the storm, because of severed lines to other points.

The material loss is very great. The cost to business cannot be estimated.

But our men, augmented by hundreds, pushed out into the storm zone by train, by truck and on foot, working night and day to restore service.

We realize the importance of the wires to the conduct of business and to the people of our cities and our country districts. Therefore we are doing our utmost to re-establish the lines of business and social communication.

But, the wire system that took years to build and perfect and that was destroyed in a night, cannot be rebuilt in a day.

We, therefore, appeal to all users of the telephone to be patient in this emergency.

Our promise is, that the emergency service already established will be strengthened rapidly and that permanent reconstruction will be pushed with all speed.

**Michigan State Telephone Co.**

FRANZ C. KUHN, President

# Announcing Northville's New and Better Transportation

Northville may well be proud of its new Green Bus Line to Detroit and all intermediary points including Redford and all stops along the Seven Mile Road.

## CONVENIENT SCHEDULES

Starting at 6:25 a. m. the Green Bus will leave the Ambler House for Detroit at frequent intervals. Schedule posted in the Ambler House. Busses will leave Turner Road (the second loop), and West Grand River, Detroit for Northville from 7:35 a. m., at frequent intervals. As they become necessary, special busses will be added to accommodate Northville citizens who work in Detroit, shoppers, and theatre goers—we will go to any extent to be of the utmost service to Northville.

## SPECIAL TRIPS

Special busses are now maintaining an hourly schedule to the new Tuberculosis Sanitorium and to the House of Correction. Private par-

ties may charter busses for special trips anywhere. During the summer trips to the lakes of Oakland County will be scheduled.

## LOWER RATES

Fare from Northville to the second loop, Detroit, is 40c; from Northville to the Tuberculosis Sanitorium, 25c; and to the House of Correction, 50c. Other rates will be correspondingly low. You can help us maintain these low rates by patronizing your new bus line.

## PATRONIZE THE GREEN BUS and Boost Northville.

We want you to feel that this is your motor bus line. Any suggestions for improving the service or the schedule will be welcomed. This new and better transportation means more to Northville in increased population and higher real estate values. Patronize it.

## Wolverine News Brevities

Adrian—Burns sustained when she played with matches, caused the death of Ruth Tuckerman, 3 years old, of Weston.

Bay City—Madeline, 2-year-old daughter of Ralph Koehler, is dead as the result of a fall into a tub of scalding water.

Kalamazoo—A contract for the erection of a new \$200,000 Y. W. C. A. building was awarded. The structure will be ready for occupancy by next spring.

Mt. Clemens—Mary McKenna, charged with selling liquor illegally, was fined \$250 in circuit court here. The sentence was to serve 90 days in jail.

Belding—Roy Hartman killed himself in Iowa by taking poison, when his wife refused to return to live with him. He drank the poison on the steps of his former home.

Grand Rapids—Margaret Richards, 12, and Catherine Horan, 11, were severely injured when four boys, armed with air rifles and playing they were "injuns" fired upon them.

Lansing—Authority for a group of farmers, Bay and Saginaw counties to organize and purchase their electric light and power co-operatively was granted by the state public utility commission.

Ann Arbor—Miss Inga Anderson of Ironwood, Mich., narrowly escaped death when she was overcome by coal gas in her room. Miss Anderson was visiting her brother Arthur, student in the University of Michigan.

Bay City—Ray Gilbert, 25 years old, of Detroit, and George Lane, 31 years old of Bay City, were arrested on a truck load of beer which they had brought here. There were 60 cases in the haul.

Big Rapids—Floyd Lovelace, of DeForest township, was sentenced to Jackson prison from three to five years after pleading guilty to a statutory charge. He pleaded not guilty when first arraigned, changing his plea in circuit court.

Chesaning—The local officers, state police and local sheriffs, deputies and police officers swooped down on 12 houses here where liquor has alleged to have been sold openly for the past year. And ten men were taken to trial for arraignment in the United States court.

Dearborn—The Beckwith Electric Light company announced that it would ask the state public utilities commission to permit a 20 per cent rate cut. President Fred E. Beckwith said the cut could be passed to customers without making it cut possible.

Ann Arbor—Krochikoff, a Chicago man to be the financial experts in Chicago, spent there \$735,000,000 last year, invested annually for several years to keep pace with the increasing demand for light and power in the United States. The University experts will look into the matter.

Lansing—A gathering of 88 per cent on its investment is necessary for the Michigan State Telephone Co., to cover annual charges for money, according to an estimate submitted by V. S. Crunden, general superintendent of accounting methods for the company to the Michigan Public Utilities Commission at the hearing on the company's petition for increased rates in its exchanges outside of Detroit.

Midland—The campaign of the Ypsilanti Board of Commerce to raise \$20,000 for erection of a hotel here were completed with \$292,900 subscribed. Chairman H. A. VanderWerf announced. The hotel, a four-story building, will be built immediately on a downtown corner acquired for \$17,500 and will be finished next year. It will house 60 rooms, and ballroom and radio equipment will be provided.

Lansing—Judge John S. McDonald, of Kent county circuit court, was appointed by Governor Grossbeck to succeed the late John W. Stone, on the supreme court bench. Judge McDonald was born in Ontario, 55 years ago, and came to Michigan in 1894. Previous to that, he had been a student in the University of Toronto. After teaching school in Grand Rapids two years, he entered the University of Michigan, and, later, was graduated as a law student.

Ann Arbor—Original legal documents, said to have descended from the time of Christ and the apostles, have been donated to the University of Michigan by John W. Anderson of Detroit, acting as representative of the 1920 graduating class of the University Law college. The collection includes 114 original papyri, which were discovered last year near the site of the ancient city of Tebtunis, Egypt, by Professor Francis W. Kelsey, who headed a University of Michigan expedition to Egypt.

Battle Creek—Battle Creek high school's \$10,000 astronomical observatory is worthless and has not been used since 1909, the year the school was built. It was discovered by C. V. Lane, chief inspector on the state fire marshal's staff, and Frank N. Green, public safety department, who inspected the school. It develops that "miscalculation of plans" is responsible, and the observatory will not revolve on the specially built gears. Principal H. B. Atkinson has recommended that it be scrapped, for the copper that covers it, unless the school district intends to repair the tower.

## GET READY FOR SPRING

Spring is just around the corner and will be here before you are aware of the fact. How are your Tools and Implements? Do you need any repairs? If so, now is a good time to order them so you will be ready for Spring operations on the farm.

How about a New Grain Drill, Plow, Harrow, Tractor, Disc Harrow, Manure Spreader?

We shall be glad to supply you with anything you may need in the line of Farm Implements and Tools.

## LOCAL

Lawrence Henry is home from his school for the Easter vacation.

Mr. Cochrane is able to be out again after an illness of four weeks.

Mrs. George Groth has been confined to her home for the past three weeks by illness.

A car load of fertilizer has just been received by the Northville Lumber & Coal Yard. Place your order now.

Cass Benton was able to attend a meeting of the State Tax Commissioners of which body he is chairman, at Lansing, last Friday.

The roads of this township are in a terrible condition at the present time. The heavy trucking has cut them all to pieces.

Mrs. Eleanor Hyde, who has been caring for Mrs. Harold Painterer for the last two weeks, has returned to her home on Rogers street.

Mr. and Mrs. G. W. Deel and children are located into the house formerly occupied by Mr. and Mrs. George Day on Van street.

Mr. J. W. Burgess and family have moved from Detroit to their home on 12th Street, the new address being 12th and Superior Streets.

Mr. and Mrs. F. C. Johnson have moved into the former home of Mr. and Mrs. John R. Johnson, 12th and Superior Streets.

Mr. and Mrs. E. C. Williams and baby were guests of Mr. and Mrs. B. G. Phillips over Sunday.

Mr. and Mrs. Hall spent Sunday and Monday evening and husband, Mr. and Mrs. McLean of Detroit.

Mrs. Harold Boulat is now convalescing after many weeks of sickness, so is able to be up again.

Mr. and Mrs. Harold Turner and son, a graduate of Detroit, spent Sunday at the home of Mr. and Mrs. Turner.

Mr. and Mrs. Elliott were successful in the closing of their business, closing their extra office by good telephone lines, so that no one will be unable to get their call of business.

Mr. and Mrs. Elliott completed their trip to Michigan, staying for the recruitment of a new crop of young people to go to work on the farm in the summer.

The young people were successful in the closing of their business, closing their extra office by good telephone lines, so that no one will be unable to get their call of business.

Mr. and Mrs. Elliott completed their trip to Michigan, staying for the recruitment of a new crop of young people to go to work on the farm in the summer.

The King's Daughters' society will give a benefit Friday evening, April 28th, at the Alseum. Watch for further particulars.

Superintendent Frank Cody of the Detroit city schools, gave a very interesting talk before the Northville Exchange Club at the luncheon on Wednesday. He told the members something of the workings of the big city school system and of its aims and purposes and explained in detail what the city has been doing and is trying to do for its foreign-born citizens. He is a firm believer in the centralized school idea and expressed the belief that Northville township would greatly benefit all the district schools, would consolidate with the village school. Mr. Cody gave an address before the High school in the afternoon.

## PERSONAL

Carrie Lovewell spent last week with South Elgin relatives.

Mr. and Mrs. Cass R. Bentz are spending the week at Lansing.

Mr. and Mrs. James A. Smith are from Brownstown.

### Be Rid of That Ache

If you are a sufferer with lame back, backache, stiffness, rheumatism and kidney disorders, why don't you try the remedy that your neighbors recommend? Ask your neighbor?

Mrs. E. A. McCoy, Carpenter street, Northville, says: "I had a severe case of kidney complaint, some time ago and for ten days I was completely past going. I couldn't straighten from a stooping position or lift the lightest weight my back was so painful. I could scarcely get in or out of bed and my head ached dreadfully and I became dizzy and everything turned black before me. I had to stand still until these spells passed away. My kidneys didn't act regularly, and in other ways showed disorder. I tried other remedies, but nothing did me a particle of good until I sent to the Northville Drug Co. and got a box of Doan's Kidney Pills. Doan's proved to do just as represented, as they cured me so completely I have never had a sign of my former complaint since."

### OAKLAND TO PUSH HIGHWAY CONSTRUCTION.

At the end of this year Oakland county expects to have as great a network of good roads as any county in Michigan. Millions of dollars have been spent in the past few years in converting impassable country roads into fine broad concrete or gravel highways over which it is possible to reach every corner of the county.

The major portion of this year's construction is to be undertaken under the Coverdell road law. The county, however, raised a two mill tax for road improvement and will expend approximately \$260,000 in filling in gaps left in the road building system as originally laid out. These gaps are in all sections of the county.

Of the Coverdell road jobs planned the eight miles of 20-foot concrete on the John R road aid extending from the Wayne county line northward to the Big Beaver road in Royal Oak and Troy. Owingshaw is the largest contractor. In addition to this the road commissioners will build a mile of concrete and a mile of gravel on the Big Beaver road and a mile of concrete on the Adams road on the eastern boundary of the village of Birmingham. These Coverdell road jobs will cost \$260,000. With the 22 miles of county gravel road to be built this year the total estimated expense for road work for the year is \$560,000. This may be added to in the course of the year by the commencement of other Coverdell road work for which permission has not yet been filed.

At the end of this year this county expects to have 491 miles of improved concrete and gravel roads, of which 85 miles will be concrete.

### Week's News in Brief

Free Training for Singers.

New York—To develop voices for its chorus, the Metropolitan Opera company is offering 12 months of free choral training to young men and women singers of promise.

He'll Like His Horse Now.  
Chicago.—Bert Heppert, charged with beating his horse, was ordered by Municipal Judge Haas to buy a copy of the book "Black Beauty" and return to court on April 20.

Judge Jails Woman Speaker.  
Tarrytown, N. Y.—Miss Virginia D. Bell, daughter of a wealthy New York family, was sentenced to serve a 15-day sentence for speeding when she refused to pay a \$15 fine imposed by Judge Foley.

Landslide for Naval Treaties.  
Washington—The two arms conference treaties, limiting the navies of the great powers and restricting the use of submarines and poison gas, were ratified in a landslide of approbation by the senate.

Mount Etna is in Eruption.

London—Mount Etna is in violent eruption, says a Central News dispatch from Rome quoting advices from Palermo. Streams of lava are flowing from all sides of the crater and the inhabitants of the villages on the mountain side have fled from their homes.

Examine Sanity of Booth.

Los Angeles—Charles B. Booth, 24 years old son of Maude Fallington Booth, noted as the head of the Volunteers of America, has been arrested on a charge of insanity and is being held in the psychiatric ward at the city hospital for examination of mental condition.

Joe a Mile for Air Travel.

London—Amerians in England are now to travel by air route as far as the taxicabs. The British Flying Service is offering its service at 18 cents a mile per passenger. In Europe the British Flying Service is offering the same rates.

Takes Sonrisi's Advice, Cuts Arm.  
Seattle—Mrs. Margaret L. Lefever, separated her own arm at her home in Richmond Beach, a suburb of Seattle, she told her 16-year-old daughter, Florence, a girl commanded her to do so. Mrs. Lefever was taken to a hospital in a critical condition. The daughter of a woman taken to the hospital suffered from shock.

Radium Worth \$20,000 Traced.  
Jamaica, N.Y.—Radium valued at \$100,000 stolen from the safe of a dentist in the Springfield On, city hills while he was unconscious, has been located in Rynduse, N.Y. It at last was thought the radium had been lost in the hospital and an ex-dentist from Pittsburgh made a search of the city's sewers.

Broker Says He'll Repay Losses.

New York—Frank Lytle, formerly head of the brokerage firm of J. F. Calfee and company which failed in July 1919 with liabilities of \$1,500,000 was acquitted by a jury in general session of a charge of grand larceny. Eddie said he intended to make good every dollar investors lost through failure of his concern.

Church Bank to Offset Dancing.  
El Paso, Tex.—Rev. Henry Van Elkenburgh, pastor of the First Methodist Church has announced arrangements to open at once a big dancing bank in the basement of the church to offset the dancing craze. It will be a common proposition, he said and no charge will be made. Dancing will be available day and night, he said.

Reporting of Probst Halted.  
New York—August Probst, former boxer at the Rolling Rock club near Pittsburgh, who claimed he was being "railroaded" out of the country because of a love affair with Miss Virginia Craigie McKay, prominent society girl, was illegally ordered deported. Federal Judge Knox ruled in his decision on Probst's habeas corpus action. Probst was held, however, for further deportation proceedings.

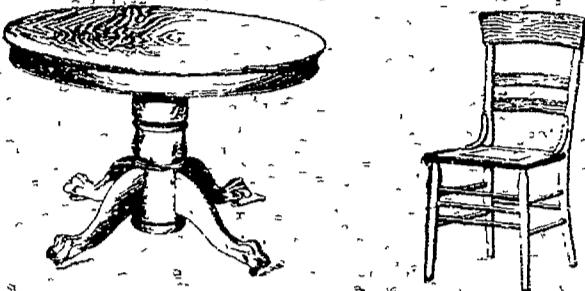

Secure Oil Under Pittsburgh.  
Pittsburgh—Oil said to be of unusually high grade, has been brought in with a natural flow of more than 100 barrels a day from a well located on a 100 acre tract in the east of the twenty-eighth ward of Pittsburgh. The well drilled by the Pittsburg Natural Gas Co. is declared to be the strongest ever tapped in the district and is also reported to be the first oil well to be brought in within the city limits.

Farmer Solves Money Problem.  
Midwest—Somewhere along the Saginaw-Jordan road is a farmer who has solved his financial problems with the aid of a small creek near his farm, which overflows and makes the soil impassable. A detour was constructed through the farmer's field, charged 50 cents for each automobile using the detour. If the motorist gets stuck in the mud, pay the farmer to pull him out and 50 cents, then take the detour. The motorists

# GOOD VOTE WAS POLLED MONDAY

In spite of the threatening weather and the bad roads a total of 265 voters went to the polls in Northville Township on Monday to cast their ballots. Of this number the republicans cast 277 and the democrats 88, giving the former a very substantial lead. There was quite a spirited contest for highway commissioner between Oscar B. Goldren and Truman Garfield and the latter carried the second precinct by a majority of 13 votes. In precinct No. 1, however, Mr. Goldren received 138 to 77 for Garfield. Ernest Miller, candidate for clerk, who has served the township in that capacity for a number of years and who is a most efficient official, was "high man" on the ticket, receiving a total of 289 votes. The following is the result of the vote in both precincts, the names of the republican candidates appearing first:

For Supervisor—	
William H. Yerkes	277
Fred E. Yanatta	88
For Township Clerk—	
Ernest E. Miller	289
Earl Montgomery	86
For Township Treasurer—	
Mrs. Helen Morris	270
Ruth Gillis	88
For Highway Commissioner—	
Oscar B. Goldren	209
Truman Garfield	161
For Overseer of Highways—	
Harley D. Johnson	276
Hugh Schaefer	82
For Justice of the Peace (Full term)—	
George J. Baker	244
Fred L. Newton	116
Member of Bd. of Review—	
W. A. Norstrom	245
Louie A. Babby	119
Member of Bd. Review (still vacancy)—	
Varon A. Poole	219
Thomas E. Murphy	156
For Constable—	
George White	563
Harry A. McVilleburgh	90
Henry G. Green	261
John L. Updike	90
Frank W. Brown	271
Edgar A. Hart	191
Elmer P. Clark	192

## NORTHVILLE TOWNSHIP MEETING.

The first township meeting was held in the village hall on Monday afternoon and was well attended. The old board of commissioners had been re-elected by the township, and the new members were elected as follows:

Chairman of Finance—\$1,000.00  
Poor Fund—\$300.00  
Highway Improvement—\$1,500.00  
Road Repairs—\$1,500.00  
Woodchuck—\$25.00

The matter of road repair and highway improvement were discussed at length and it was finally decided to loan the sum of \$2,000 for highway improvement and \$1,000 for road repair and the other recommendations of the board were endorsed.

A highway improvement fund is spread upon the whole township, which the road repair fund is spread upon the rural districts only. It was considered fair to place all the burden upon the taxpayers of the township and for that reason the sum of \$2,000 was voted for highway improvement.

It was voted to raise the sum of \$50 for a community nurse.

## NEW BUS COMPANY TO SELL RADIOPHONES.

The Highway Motor Bus Company which is operating the new Northville bus line have secured the franchise for selling Commerce radiophones in Northville and Redford. It is claimed that the Commerce is the most sensitive crystal receiving set on the market today. At its reasonable price there is no reason why every Northville citizen cannot sit at home and hear from out of the air market reports, news bulletins, sport extras, Detroit News Symphony concerts.

The radio craze is fast covering the entire country. Hundreds of broadcasting stations have been installed. The Detroit News boasts one of the finest of these stations. It sends out a very interesting program that is continuous from 3:00 p.m. until 10:00 p.m. Surely this is the greatest marvel of this marvelous age. This Highway Motor Bus Co. announces the News concerts may be heard from their show rooms (temporary office in the Wilson House), at 3:00 p.m. and 7:00 p.m. They have inaugurated a special service and their experts will install Commerce radiophones in anyone's home at a slight additional charge. —Adv

## AUTOMOBILE CLUB NOTES.

The Northville Auto Club's new emblems have arrived and will be ready for distribution Saturday. Bring in your old emblems. The new emblems are of a special design and are said to be the most attractive yet issued by any Michigan club.

Record Lines Co., Southfield.

## NEW BUS LINE STARTED ON HOURLY SCHEDULE WEDNESDAY.

Northville now has a new and better means of transportation to, from and Detroit and all intermediate points starting Wednesday at 6:25 a.m. A luxurious 23 passenger green bus leaves the Ambler House on the hour connecting with Detroit street cars at the Turner road, second loop. Return buses leave the second loop, Turner Road, and West Grand River. A rate of 40c to Detroit makes the fare lower than that of interurban cars.

These green buses are packed by big business men who have formed the Highway Motor Bus Company. W. E. Hunt, president of this company, in stating its aims and policy, said: "Our desire is to be of the utmost service to Northville citizens. Our schedules will be absolutely dependable. Should one bus break down there will be another to take its place. We plan on augmenting our service to meet every need. Northville men who work in Detroit will have transportation to get them on the job on time. Shoppers will be accommodated so will the theatre goers. We will welcome suggestions at any time from Northville citizens and will fit our service to meet their demands. We hope to be able to maintain our low rates and will be able to do so in the people of Northville give us their co-operation. This is the sort of service that Northville has long needed. It will do more toward increasing their population and advancing real estate values. Mr. Hunt promises special busses and special trips to the lakes of Oakland County during the summer. Private parties may charter these busses for trips to anywhere they may desire."

## SARSON-LUNDY.

Per F. Carson of this village and Mrs. Edith S. Lundy of Plymouth played a surprise on their friends by secretly marrying over to Nov. 1 on March 26th where they were united in marriage by Rev. E. L. Oshorn. They returned to Northville after the ceremony and last week the happy couple passed around the cigars and candies. Mr. Carson is employed in the Ford plant and with his bride will reside in Northville. The couple will, with many friends in wishing them great happiness and success.

Spring is Here--Your System Requires a Good Spring Tonic

This time of the year many people suffer from what is termed "Spring Fever," which in many cases is due to the stagnant condition of the blood because of the toxic poisons stored up within the body. You have a tired feeling and wonder why. It is because the various organs of the body are not doing their normal duties.

Until nature takes hold, you should try the refreshing tonic powers of "Herb-Tone," a good Alterative and Blood Purifier. Especially if you have had winter colds or influenza. Your blood has exhausted its strength—it is in no condition to fight off other disease germs you might be exposed to.

It is necessary to keep your system in first-class condition and to do this, you must have good pure blood. Most diseases are traced to the blood because it reaches all the organs and tissues of the body. For purifying the system, you should take "Herb-Tone," especially at this time, for it is a fine Blood and Skin Purifier, Tonic and Alterative.

"Herb-Tone" stimulates nature to expel impurities thru the natural channels, cleansing and enriching the blood, thereby keeping the system in a healthy state.
