## FAIR ASSOCIATION ELECTED OFFICERS

## PRESIDENT MAKES APPOINTMENTS

The officers and directors of the Northville-Wayne County Fair Association enjoyed a get-together meeting at the Ambler House last Thursday night, when plans for the forthcoming fair were discussed at length and officers elected for the ensuing year. Before proceeding to the business of the evening a bountiful chicken dinner was partaken of and the spread was all that could have been desired—just what Northville people have come to expect from the hotel management. After the feast cigars were passed and when all had made themselves comfortable President J. A. Huff called the meeting to order, and stated briefly its purposes.

Mr. Huff stated that he had served the association as its president to the best of his ability since its organization and would be pleased to give way to some one else—but when, an opportunity was given for the directors to speak there was but one voice and that voice was for the re-election of Mr. Huff as president for another year. Being "out of office" Mr. Huff was compelled to submit and expressed his appreciation of the confidence shown by his co-workers and pledged all to do his best for another year. T. E. Murdoch was chosen vice-president without opposition.

L. Smith was the unanimous choice for the important position of secretary and H. B. Richardson was again honored by being elected treasurer by an unanimous vote.

A general discussion then followed with suggestions for the fair for 1922 and all were of the opinion that it should be made bigger and better in the nature of this discussion. Mr. Smith arose and stated he would like to be in for remarks and in a few well-chosen words presented a handset leather rocker to the returning speaker, Chas. A. Ponsford, who had been a most efficient and diligent worker in behalf of the fair, but who expressed pleasure to see in the ranks this year Mr. Schaefer and present the appreciation of the officers and directors for the services Mr. Ponsford had rendered in veterans past and without any thought of compensation and gave expression to the hope that the gift might be regarded not for its intrinsic value nor as a reward for faithful services rendered, but as an expression of the confidence and esteem in his co-workers.

Mr. Ponsford was taken completely by surprise, but came to his feet quickly and responded, feelingly to the kindly sentiments expressed and for the handsome gift, assuring the donors that he accepted the token in the spirit in which it was given.

Discussion of the plans for the fair was again taken up and each director and superintendent was called upon for his opinion regarding his particular department and how the display might be improved. As a result of the "testimony" meeting a whole lot of good ideas were obtained which will be put in practice as plans for the fair are made.

A very liberal bonding program was discussed and finally decided upon and will be worked out by the officers and superintendents as the season advances.

In all the suggestions and throughout the discussion there was but one thought expressed—and that was to make the fair a success. Northville has acquired an enviable reputation about the state because of the success of its annual fair and it is up to the whole community to assist in maintaining "the pace" for future years.

## The Easy

Vacuum  
Electric  
Washer

The capacity of the "Easy" Vacuum Electric Washer is equivalent to 8 double sheets or 10 single sheets. That's why the average family wash can be handled quickly and thoroughly.

The "Easy" washes by means of air-pressure and suction. The two revolving cups move up and down 60 times per minute, forcing the soapy water through the mesh of the garments. There is no rubbing or other friction, or wear and tear on the clothes.

Constructed of metal, it is sanitary and easy to keep clean and wholesome. Occupies little floor space and is easily moved about. Swing-wringer. Gas heater.

Sold on easy terms. A small first payment down places the "Easy" in your home—the balance in easy payments to suit your convenience.

## LILIES OF JAPANESE ORIGIN

Easter Flowers; It May Be Newest Positively Stated, is a Product of Far East.

For some years now a Japanese woman, who is working at the Bernice High School in the average number of cross days—brought with her two plants of a wonder-thrush antechinus kind of lily. She gave them to a Quaker City flower name Harris, who lost no time in multiplying the plants and growing the plants in large vases, setting them in pots.

This was introduced into this country what we know today as the Las or lily—a flower which had been previously cultivated for many years in Bermuda.

It was not originally native to Bermuda, however. Nobody seems to know who first saw it there.

Appropriate \$7,500,000 for Schools.

Washington—The Senate agricultural committee formally approved a bill providing an appropriation of \$7,500,000 to immediate resumption of work on the Muscle Shoals nitrate project by the government.

Looking for Landie's Successor.

Washington—Attorney General Daugherty has announced that a successor to Judge K. M. Landis of Chicago will be named in the next few weeks. The attorney general is considering several individuals but is not ready to disclose their names.

Town Sees Its First Auto.

Chequamegon, Wis.—The first automobile ever seen in this little hamlet has arrived from Greenville. Five men and a guide covered the distance of 90 miles, hitherto regarded as an impossiblefeat for a motor car. The last 17 miles was over the ice of Chequamegon Lake. The running time for the 60 miles was 2 hours and 45 minutes.

Says Lumber Still Plentiful.

On Aug. 11, 1918, it was being produced more than ever before. Wilson Conner told delegates attending the annual meeting of the National Lumber Manufacturers Association, of which he was in charge. Reports that the output was decreasing he denied, as was designed by timber companies to blame high run rates.

Too Many Wives Cause Trouble.

One man—Isaac Moore, with 43 wives to his credit, was sentenced to serve from two to 14 years in State Reformatory on a charge of bigamy, fined \$1,000 and sentenced to pay \$100 a month for two years to the State Prison on a total of 60 days to which he must add 100 days.

Soviet Stamps Go To Genoa.

In the face of the Soviet delegation bound for Genoa, considering itself a nation in its world among the party were 17 women, work and steam grinders. All of them dressed in smart traveling costumes supplied by a special government fund. Helene Krivchenko, wife of the proconsul general, is chairman of the party.

Student Requested to Withdraw.

Sends \$20 for Use of Book.

New Rochelle, N. Y.—Sixty-one years ago a copy of Walter Thornbury's novel by Mrs. T. Sedgwick, was borrowed from the shelves of the New Rochelle public library. Recently the librarian received a check for \$20 in payment for the overdue charges on the volume and a note asking that the money be used to purchase new books. Walter Thornbury, however, was not returned.

Britain Asks Allies to Pay.

London—The British government has addressed a note to the Allies declaring that because Great Britain has to pay the interest on her debt to the United States, she reserves to herself the right to call on the Allies in turn to pay the interest on their war debts to Great Britain. In this connection, it is pointed out that Great Britain is now fully prepared to pay the interest due the United States.

Famished Tiger Devoured Woman.

Mexico City—The story of a woman being attacked and eaten by a famished tiger in mountains of the state of Jalisco while enroute to the shrine of the Virgin of Tapalpa with a band of religious pilgrims was received here from Jalisco. The woman was eaten before the eyes of her terror-stricken companions. None of the members of the party had firearms, but the animal finally was driven off with sticks and stones.

Strange Cult Prepares Sacrifice.

El Paso, Texas—The strangest religious cult in America has begun the building of the heavy crosses its members will bear to their ceremonies of the crucifixion on Good Friday. To one of the crosses a "penitent brother" will be tied until he has been washed of his sins. Several tourists as well as settlers in the Southwest are making arrangements to witness the ceremonies. They will take place in New Mexico less than 300 miles from El Paso.

As it is forbidden to ring the bells on Good Friday, wooden rattles are used by the little choir boys to call the faithful to the church.

Failure to Keep Dog Tied Up Causes

Fight That Will Be Remembered in New Haven.

New Haven, Conn.—As the result of a quarrel over dog, a man, 45 years old, with a wife and six children, and a widow of 50 with four children are believed to be dying from wounds received in a shot gun and rifle duel between the two at the doorstep of the woman's house April 8.

The victims, Martin Baade and Mrs. Emma Haas, are neighbors. Baade's hunting dog, the pet of his children, had been annoying Mrs. Haas by stampeding over her carefully kept lawn and disturbing her children while it was barking. She wanted to have it next time the dog came near her property.

When the dog ran over the Haas' lawn, Mrs. Haas cautioned her children not to let the dog out again. The dog escaped from the Baade children and ran over on the Haas' lawn. True to her threat, Mrs. Haas ran out and seized the dog and, despite the squeaking of the Baade children, locked him in a sheep pen on their own yard. The young dog was tied near the potted wisteria, a dear pet, crying for freedom.

When Baade came home, the children had the dog in their story. Mad at the dog, he struck it with a stick and drove it into the porch.

He told the children that Mrs. Haas would kill him if he did not stop the dog in her yard. There were hot angry words, which followed the onlooking children, who then ran away.

Then Baade told the children to get a shotgun and shoot the dog. The children did so, but the dog escaped from the Haas' yard.

He then went to the door of the porch and told the children that Mrs. Haas would kill him if he did not stop the dog in her yard.

At 11 o'clock he went to the door of the porch and told the children that Mrs. Haas would kill him if he did not stop the dog in her yard.

**HUBAM CLOVER PRICE DOWN WITHIN REACH.**

Michigan farmers are taking great interest in the possibilities of the new Hubam clover, and are now for the first time in a position to try the crop out on a practical scale, because of lowered market prices on Hubam seed.

The days of exploitation of this new crop as a speculative seed proposition are done, according to Prof. J. F. Cox head of the H. A. C. farm crops department. Organized production of Hubam by the Michigan Crop Improvement association has resulted in a supply of seed which is available at comparable to sweet clover or alfalfa prices on a par with red clover. The State Farm Bureau at Lansing is a big crop. The handling seen grown by members of the association for forage purposes is as yet

from the Michigan Agricultural experiment station.

"Hubam is a sweet clover which completes its growth in a single season," said Prof. Cox in discussing the new crop. "When planted with oats or barley, as clover is planted, it will produce under favorable weather conditions a very considerable growth

for late summer or fall pasture or soil improvement purposes. It may be planted on wheat or rye, just as

clover is planted and used for the same purpose. When planted alone in early spring it will produce in early July a leguminous hay crop and to continue until Saturday, April 22. See large bills for list of unbreakable prices being offered. —Adv.

It is recommended that those who desire to buy Hubam for forage, seed at the rate of from twelve to fifteen pounds to the acre, inoculating with culture which can be secured from the Department of Bacteriology of the Michigan Agricultural college.

Like sweet clover, Hubam will need from one to two tons per acre of finely ground limestone or several loads of manure to proper development on acid land."

Woodworth's Bazaar, Northville and Plymouth, announce a great "House Cleaning Sale" to start today and to continue until Saturday, April 22. See large bills for list of unbreakable prices being offered. —Adv.

## Abundant vitamin now contained in small yeast tablet

Yeast Foam Tablets are from 4 to 5 times as concentrated as the ordinary baking yeast. The necessary vitamin potency, therefore, is contained in a much smaller dose.

"CONGRATULATE YOU," writes a well-known physician, "on your new therapeutic yeast. I am sure it will be welcomed by the medical profession and by thousands of people who dislike eating such large quantities of fermentative baking yeast—as well as by countless others who sought in vain for any appreciable tonic benefits in many drug-laden and untested 'vitamin' preparation."

This yeast supplies what modern foods lack

Yeast Foam Tablets correct a serious deficiency in present day diet by supplying the essential vitamin, which is found in many raw foods but which is completely eliminated, in many cases, by the time these same foods reach our table.

This vitamin is necessary to digestion and the conversion of foods into healthy tissue and bodily vigor.

Without sufficient quantity of vitamin in your body, you go sick and you are only too aware of it in such signs as loss of appetite, failing strength and endurance, nervousness, sallow skin and other definite signals of vitamin starvation.

Yeast is richest source of vitamin. In the yeast plant is an abundant store of this indispensable vitamin and in Yeast

Foam Tablets there is nothing but pure whole yeast—millions of these tiny plants being concentrated in each tablet.

The vitamin potency of this new yeast is therefore high and, consequently, its tonic and reconstructive properties are most unusual.

Yeast Foam Tablets are made by the world's largest manufacturer of dry yeast, the makers for 45 years of the famous baking yeasts, Yeast Foam and Magic Yeast.

They are the result of two years of experiment conducted under the guidance of some of the country's leading medical scientists. Recommended by physicians and sold by druggists everywhere.

### Extraordinary advantages of Yeast Foam Tablets

The only pure, whole yeast in easy-to-take tablet form.

They contain no drugs or other ingredients. They do not form gas nor cause belching.

They are the only pure, whole yeast suitable for children; they do not cause fermentation. Each lot is tested to insure high and uniform vitamin potency.

## Wolverine News Briefs

Pontiac—Pontiac Boy Scouts have launched a campaign to raise \$15,000 in public subscriptions.

Monroe—Anna Kirschgessner, 55, unmarried, was found dead seated in a chair in her home here. She was the widow of a two-storey

Albion—Mrs. V. H. Wells and Mrs. M. H. Smith of Homer have purchased the Calhoun house, formerly in Homer village, and will operate it themselves.

Pontiac—A. G. Nichols, assistant cashier of the Pontiac Commercial Savings Bank, was elected cashier at a meeting of directors, to succeed E. A. Van Wagoner, who resigned. E. M. Baker, note clerk, was made assistant cashier.

Flint—Miss Ruth Johnson, who warmed himself recently by burning 26 volumes of choice literature in the stove at the Crocker school, was sentenced to two to 15 years in the Ionia reformatory for breaking and entering, by Judge E. D. Black.

Monroe—George Dierckaff, 32 years old, unmarried, Toledo, was arrested by Chief Deputy Sheriff John Knuth, at Lakeside road, charged with embezzling \$25 from the Brotherhood of Railway Clerks Lodge of Toledo. He was taken to Toledo.

Muskegon—Because Charles Boyner had been attending a series of lectures on first aid, he was able to save the life of John E. Pascoe, a fisherman, who had fainted and died in his home where he lived alone and turning on the gas.

Pontiac—Hearings were begun before Judge Gillespie, in circuit court, on condemnation of property for the proposed widening of Woodward Avenue in Ferndale village. The action is brought by the village, but is being protested by many citizens on the ground that it is unnecessary to proceed now.

Flint—Business in Flint divorce courts is on the wane, according to figures sent to Lansing by County Clerk Jessie Goode. During 1920, there were 598 bills filed for divorce, while in 1921 the number decreased to 54. In 1922 there were 363 divorces granted, while in 1920 there were 530 divorces granted.

Port Huron—Confirmation of a report at the Grand Trunk Railroad company would close its shops at Elora Hill at the end of April was received in Port Huron. Howard O. Kelly, president of the railway said the Port Huron shops had ample accommodation at present for the company's regular business.

Allentown—The dying wish of Mayor Frank Wardell was granted when the voters of Allegan elected his lifelong friend and political associate, Fred McCullough, as mayor. McCullough ran on the Democratic ticket, defeating Bertil Ripp, a veteran Republican politician and a former mayor and state senator. Allegan defeated, daylight voting by about four to one.

Duluth—Hunting for two hours in a swamp a posse of 100 farmers and officials from surrounding communities captured four men, identified as the robbers who held up the Equitable bank earlier in the day. Fully 100 shots were exchanged in the desperate fight of the thugs to escape, and it was only after one of them was wounded that the attacking party was able to close in on the fugitives.

Lansing—Jay R. McCall, Detroit, has been appointed by Gov. Grossbeck to the State Board of Agriculture, succeeding John A. Doolla, of Marquette, who resigned to accept appointment as commissioner of the State Department of Agriculture. Mr. McCall is an engineer graduate of the M. A. C. and was recently inducted by the Detroit alumnus. He is the first engineer member to be appointed to the board.

Detroit—Charles Street, former record clerk of the Detroit house of correction, convicted of embezzlement, was sentenced to from three to ten years in Marquette prison by Judge William N. Heston. In recorder's court, Street asked that he be sent to any prison until the house of correction. He had been found guilty by a jury on the charge of embezzling \$5,132 in fines paid at the house of correction.

Lansing—Weather forecasts are now being broadcasted through the state by radio telephone on a wavelength of 485 meters. They are being sent out by the East Lansing station of the U. S. Weather Bureau daily at 10:30 a. m. Dewey A. Seeley, official forecaster, phones out the predictions over the apparatus of his son, Stuart W. Seeley. Duplicate messages are being sent out also at 11:30 a. m. Later market reports will be given farmers throughout the state by the same system.

Mr. Clemens—Ellis Goldberg, stock salesman, after spending a month in the Macomb county jail, was released on bonds of \$15,000 signed by Register of Deeds Chester Chubb and George Aschraft, real estate operator. Goldberg is alleged to have sold \$90,000 in worthless film stock to Macomb county residents without securing a permit from the Michigan Securities commission. Several weeks ago he is said to have let it be known that he would pay a bonus of \$1,500 to anyone signing his bonds for release. He will be required to remain in the city until his trial, May 25.

**LAPEER COUNTY  
SHERIFF REMOVED**

GOVERNOR OUSTS RAY J. BAKER  
AFTER PROBE OF PARTY IN  
COUNTY BUILDING.

**DISCONDUCT CHARGE SUSTAINED**

Habitual Drunkenness Accusation is  
Dropped But Woman's Testimony  
Supports Less Serious Charge.

Lansing.—As a result of charges  
made against Ray J. Baker, sheriff of  
Lapeer county, by several residents  
of the county, an order was signed  
Monday night by Governor Groesbeck  
removing him from office.

The five original charges made  
against Baker included official mis-  
conduct, habitual drunkenness, wilful  
neglect of duty and malfeasance in of-  
fice. Three of the charges were  
dropped when the matter came be-  
fore the governor for hearing earlier in  
March, but the trial was continued  
on official misconduct and habitual  
drunkenness.

In the order for Baker's removal  
Governor Groesbeck declared that the  
testimony failed to support the charge  
of habitual drunkenness, but declared

that the evidence showed sufficient

to necessitate the sheriff's removal.

In the original charges made against  
Baker, two other county officials were  
named, George Dickinson, justice of  
the peace, and George Utley, county  
road commissioner.

The allegations included the charge  
that Baker, Dickinson and Utley took  
part in a "party" with a woman named  
Gora Wilday.

When the case came before the gov-

ernor, Gora Wilday, was not to be  
found and without her testimony it  
appeared Baker would be cleared. A  
surprise was sprung on Baker and his  
friends when Governor Groesbeck  
with the aid of Colonel Roye V. J. V.  
decker of the state police located  
the woman and brought her to the  
governor's office to testify.

Her story supported the charge that  
Baker had attended the party, with the  
result that the order for his re-  
moval was issued Monday night.

**BADING BANDITS STEAL \$8,000**

Kid Two in Masked Escape Through  
Busy Street

Chicago.—In an 8,000 dollar em-  
broidered with two rings of hundreds  
of persons in the heart of south Chi-  
cago burst last night. Policemen  
John H. Cassidy and Philip Son-  
nen, treasurer of the Royal Building  
and Louis Aschaffron, were killed by  
one of the robbers, who escaped with  
a fortune of millions in an automobile.

The remarkable daring displayed

by the robbers is indicated by the  
circumstance that the scene of the  
larceny corresponds to Chicago's loop  
district on Monday night which  
is the day to many of the big indus-

tries. The streets are crowded,  
stores, shops and restaurants were  
open and only a short distance  
away was the police station.

**COMMONS VOTE CONFIDENCE**

Indorse Lloyd George's Government  
Policy by Large Vote.

London.—The house of commons  
voted yesterday 372 to 91, Premier

Lloyd George's resolution calling for  
confidence in the government's policy  
of the coming economic conference at  
Genoa.

Prior to this, the house, 379 to 84,  
elected an amendment proposed by

John Robert Clynes, laborite, which  
voted approving an intentional eco-

nomic and financial conference, de-

clared that the government was not

competent to represent the country at  
such a conference and did not have

a confidence of the country.

Earl, his companion, son a joyride

March 11, will be tried in circuit court

here next week on a charge of pos-

sessing, transporting and distributing

liquor. The offense with which the

two are charged is a felony.

A statement that the trial would

start next week was made by Pro-

secuting Attorney Stephen H. Watthes,

following arraignment of Dodge and

Earl before Judge Weimer, Monday

morning. Both Dodge and Earl stood

on the advice of their counsel,

Attorney Harry Howard, and a plea

of not guilty was entered for them.

**MICHIGAN TOWN  
PERILED BY FLOOD**

MELTING OF WINTER'S SNOW  
CAUSES LOST RIVER TO  
SWEEP OVER BANKS.

**D. & M. TRACKS WASHED OUT**

One Resident of Tower Loses His Life  
in Fight to Save Town from  
Complete Destruction.

Onaway, Mich.—One life has been  
lost and the entire village of Tower  
is in danger of being swept away as  
the Lost river, already at the highest  
point in its history, rages behind the  
huge dam above the village.

Its banks are over-flowed for miles,  
and surrounding country is inundated,  
perilous hundreds of lives.

Scores of construction gangs from  
nearby points are battling madly to  
keep the water pent up and save the  
village from destruction. Guy Stanton,  
34 years old, of Onaway, aiding this  
struggle, was swept from the dam  
and lost in the swirling waters.

Claud Post would have suffered a  
similar fate but for the bravery of his  
brother Alfred, who succeeded in  
rescuing him, but only after what ap-  
peared for many minutes to be a hor-

rible struggle.

Five hundred feet of the D. & M.  
railway track has been torn away and  
a huge water tower wrecked. Railroad  
ties, trees, fence posts, and other  
wreckage are being swept down  
stream adding to the peril of workers  
who are fighting to save the dam. In  
spite of the great danger a ceaseless  
fight is being waged for the safety of  
the village, and there is still hope  
that the waters will be held back.

Damage already has mounted to  
thousands of dollars in the surround-  
ing country and is increasing steadily  
as the inundated area grows.

Heavy snow accumulations disap-  
peared suddenly with the unusually  
warm weather and rain added to the  
torrent when suddenly poured into  
the river houses, and rose rapidly  
above its banks.

Small buildings, fences, immense  
trees and other debris were whirled  
loose. The inhabitants of Tower  
at first regarded it as the unequal spring  
flood, but with the continued rise of  
the water they became alarmed and  
rally for help were rushed to put  
rounding points.

Carrying all of the water togeth-  
er and damage to the railway track, add-  
ed to the fears of the villagers and  
aided much in the struggle to save  
the little community.

**BODY OF REV. REYNOLDS FOUND**

Disappearance of Detroit Pastor My-  
sterious Since Last November.

Detroit shooting plantation of the  
body of Rev. Henry F. Reynolds, Detroit  
pastor missing since November  
17, last, was made late Monday ac-  
cording to Sheriff Theodore "Trude" of  
Bay City. Identification was made  
by Edward P. Wunsch, an attorney  
of Detroit, a member of the church  
of the New Jerusalem East Forest  
avenue, of which Rev. Reynolds was  
the pastor.

The search for Reynolds, which be-  
gan nearly five months ago, extended  
through the United States and Can-  
ada. He was last seen early Sunday  
morning, November 13.

Belief that the young clergymen  
was a victim of amnesia was sup-  
ported by the fact that he took with him  
no articles of clothing. A partially  
finished sermon was found on a table  
in his room.

Prior to this, the house, 379 to 84,  
elected an amendment proposed by

John Robert Clynes, laborite, which  
voted approving an intentional eco-

nomic and financial conference, de-

clared that the government was not

competent to represent the country at  
such a conference and did not have

Illinois' Governor Calls Attention to  
Her Right to Serve.

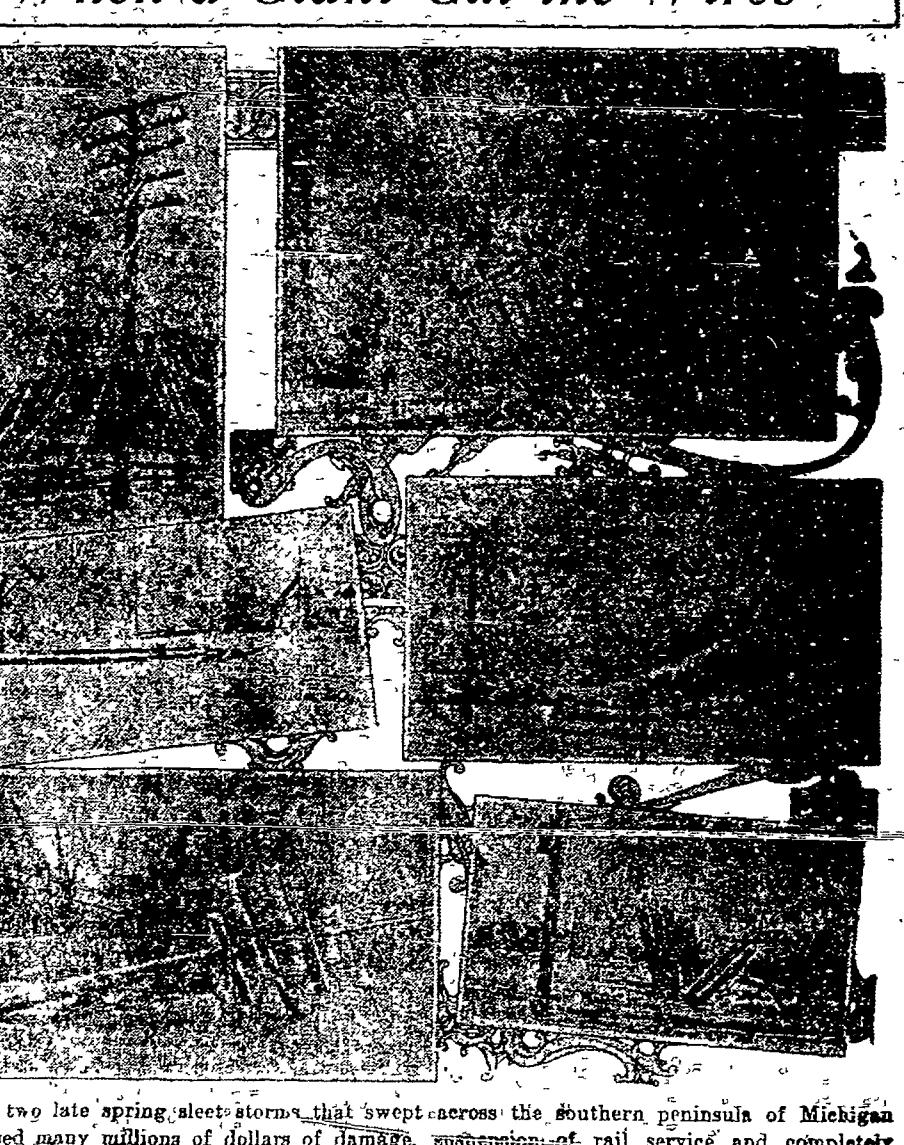

Waukegan, Ill.—Gov. Len Small

demanded that women sit on the

charges of conspiracy to embezzle

state funds.

Through his attorneys, he chal-  
lenged the entire jury list of Lake  
County because only men had been  
called.

**When a Giant Cut the Wires**

The two late spring sleet storms that swept across the southern peninsula of Michigan and caused many millions of dollars of damage, suspension of rail service and completely wrecked the wire systems, were the worst the state ever suffered. Total loss to business cannot be estimated, of course. Loss to the wire system is estimated at one and a half million dollars. Miles of telephone poles were uprooted to the ground and whole exchange plants at many towns were put out of business. Many of the smaller companies were unable to resume business because of their losses. Rural service through a great portion of the state was completely wrecked. The blow was the most severe any wire system of the middle west ever has sustained. Thousands of men were sent out to the storm zone to re-establish the lines of communication, working day and night to put up the poles and wires, but were enabled to establish only temporary lines after days of work, so widespread was the damage. Permanent reconstruction is going ahead rapidly, however, both on long distance lines and in the exchange plants. The Michigan State Telephone company ordered additional equipment, poles by the thousand and miles of wire to make repairs. It is known brave zero-weather and untold hardships.

It is estimated, closely, that the two storms cost the company 13,000 poles and 10,000

out miles of wire, which will be replaced from the depreciation reserve.

### No Rest—No Peace

There's no peace and little rest for the one who suffers from bad back and distressing urinary disorders. Northville people recommend Doan's Kidney Pills. Ask your neighbor. Be guided by their experience.

Henry VanSickle, farmer, Mill St., Northville says: "I had my first experience with Doan's Kidney Pills sometime ago and I can say they did me a world of good. I had been doing some extra heavy work on the farm and I blame this for starting my kidney complaint. My back 'ached terribly' and nights I could get no sleep as the misery was still there. I had blinding dizzy spells and didn't have any ambition to do anything in the way of work and my kidneys didn't act regularly. Either a friend advised me to try Doan's Kidney Pills so I went to Horton's drug store, and got three boxes. They fixed me up in good shape, so I am only too pleased to recommend Doan's."

Price 6c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. VanSickle had. Foster-Milburn Co., Mrs. Buffalo, N.Y.

### Wixom Whispers.

Little Mary Janssen went to Detroit Monday for a visit with her aunt.

Henry Perry left Friday afternoon for the Saginaw base ball training camp.

Bernard Kison and family attended a show at Pontiac last Wednesday night.

Quite a large gang of men are at work on the telephone lines in this vicinity.

Mrs. A. C. Harmon or Detroit were the guests of the latter's sister Mrs. J. G. Madison and family from Friday until Monday.

Mr. and Mrs. Dubiel are visiting their daughter. They expect to leave soon for Ovid, where they will care for their mother, who is very old and feeble.

Otto Richter, who has been a resident of Wixom for several years, died at his home on April 6th, 1922, aged 46 years. The funeral was held at the home Sunday afternoon. His wife and daughter, Lenore survive him.

**THE DETROIT EDISON CO. HAS BIG PLANS.**

Southeastern Michigan light and power, etc. are to be met through the operators of a great super power system now being developed by the Detroit Edison Company. Within

another year it is expected to place in service a transmission line mounted on steel towers, having a capacity of 10,000 watts. This will carry the output of four large generating plants and the electricity produced will run along the Huron River. The huge development will be augmented by two additional power plants, making eleven in all, with a combined capacity of 5,000 kilowatts.

For years electrical engineers have been studying the economy of linking up power units so that one may assist the others when the hours of consumption are greatest. The United States government made a general survey recently of the entire resources for producing electricity in New England and has gone a long way toward emphasizing the economy which results from having various units help one another during peak load hours.

The plan being worked out by the Detroit Edison company provide for connecting up with the 110,000 volt line the electricity generated at Conners' creek and Delray plants in Detroit, the Marcelline plant, which it is expected will be completed in November and will have a capacity of 40,000 watts; the Trenton channel plant, yet to be completed and the water power electricity. The maximum load sent out over any line at present is 48,000 watts.

Consumption of electric current in the Detroit district is an indication of the business trend. During February, 1922, the Detroit Edison company sent out 76,845,500 kilowatt hours, an increase of 28.5 per cent over the same month of 1921 and a decrease of 4.7 under the previous month. The total k. w. h. consumption for January and February 1922, was 129,603,800, an increase of 27.9 per cent over the first two months of 1921. In February, there were added 1,558 new electric customers.

The Detroit Edison company serves about 112 communities in the counties of Wayne, St. Clair, Lapeer, Oakland, Monroe, Washtenaw, Macomb and Livingston.

**NEW FREIGHT CARS ARRIVING.**

Western Steel Car company of Hedgewisch, Ill., started the delivery to the Pere Marquette railway of the new automobile freight cars, ordered early in January, on Wednesday, April 12, and thereafter 26 cars each working day will be completed until the entire 500 have been sent on the way. The cost is in the neighborhood of \$350,000.

You can save money by attending the "House Cleaning Sale" now going on at Woodworth's Bazaar at Northville and Plymouth. Hundreds of useful articles are being offered at unceasable prices.

### COUNCIL PROCEEDINGS

A regular meeting of the Village Council was held in the Village Hall, Monday, April 3d, 1922. Present—Charles A. Dolph, President; Trustees—Montgomery, Blackburn, Vanatta, Ely. Quorum present.

Minutes of meetings of March 6th and 17th, 1922, were read and approved.

Moved by Montgomery and supported by Blackburn that Charles S. Falkins be appointed Trustee to fill unexpired term of George M. Henry, re-

lief and I blame this for starting my kidney complaint. My back "ached terribly" and nights I could get no sleep as the misery was still there. I had blinding dizzy spells and didn't have any ambition to do anything in the way of work and my kidneys didn't act regularly. **ATTENTION SPANISH WAR VETERANS.**

If you served 90 days or more in the Spanish-American war, the China relief expedition or in the Philippines prior to July 4, 1902, you will be interested to know congress has passed a pension law of vital interest to you.

The law contains two provisions: First, it allows pensions to all ex-soldiers, sailors and marines with the above service record who were honorably discharged and who are now over 62 years of age; second, it allows pension to those who are at present materially disabled from earning their living by manual labor from disease, if the disability be not the result of their own misconduct. The soldier does not have to be 62 years old to claim on disability.

If you wish advice on this law write Walter S. Buchanan, Post National Aid de Camp, Army and Navy Dept., Route 2, Louisburg, Va.

## Northville School Notes:

Wednesday, April 5th, Frank Cody, superintendent of Detroit schools, was a pleasant visitor at the Northville High School. Supt. Cody gave a very interesting talk at the High school assembly which was very much enjoyed by all present.

Our baseball season opens with Farmington at that park this Friday. It is hoped we can repeat our victory last year over our neighbors from Farmington.

One of the most important events April 1st, was the annual banquet which will be held in the school gymnasium.

All of the money to the High and school board, parents and teachers have the privilege of going with them as guests. At this time the letters will be sent to all the local ball clubs asking them to be present.

Preparations are made early in order that the program will be complete in every way.

The balance of the equipment equipment has arrived and is being put to very good use by the youngsters during the long hours. We now have the following equipment: 40 pairs dumb bells, 7 dumb clubs, 40 vanitys, 3 steel jacks for the equipments, basketball, 1 swing board, 1 medicine ball, 1000 lbs. mats.

Class 1922 will be held this year on Wednesday, June 21st, and commencement Thursday, June 22nd. The class at the present time numbers 29 which is the largest ever graduated from the school. Details of the commencement will be announced later.

President McRae will speak at assembly gone into the latter part

of this month, the first of May.

Watch for the notice.

School will be closed Friday afternoon on account of Good Friday.

MARY JANE WATE DIED.

Mary Jane Wate died Friday April 1st after a long illness. Her condition was not considered serious until about two weeks ago. She was born in 1884 and died Saturday, April 10th, 1922, and laid to rest in these parts with her husband whom she had been married about 14 years or less. She died in a room above the home of her son, Mrs. Henry Wate, and is survived by her son, Mrs. Henry Wate, and three brothers, Mr. Fred, Mr. Eddie, Mr. Wate and Mr. John Wate. Mrs. Wate's funeral services were held at the First Presbyterian Church on Monday morning.

JOHN M. PROUGH FARM BETTERED BY HENRY FORDE.

John M. Prough, New York, who has been buying land in Michigan, has purchased his farm, and dedicated it to the memory of his late friend Mr. Fred Wate. Mr. Prough came from Michigan in March from Illinois, to whom he was loaned, and has established a farm there, and is now engaged in a number of business interests.
