NORTHVILLE WINS OPIVER.

Northville High defeated Wayne in the opening game here last Friday. After two hours and fifteen minutes were used in playing this game, it was an exciting game. Northville scored first run in the first inning when Raymond walked, Moffitt got on through an error and Hammond scored on the play. German going to third, and then scored on Riley's hit at first.

Wayne scored their first when H. German walked, Tressler, St. Clair hit into left for two strikes. Northville kept its one run lead until the 15th when after two men were out, Hoops batted four bases on balls and two hits, and Northville scored three. Wayne scored one in the sixth and came back for five runs in the tenth on three errors and two misplays, including a hit.

When Northville went to bat in the ninth the score stood 7 to 1 in favor of Wayne, but Northville pulled a ninth inning rally and won when Riley and LaFevre scored on E. Freydl's hit over second. So it ends played five half fifty the sixth when several errors were made. If German a recruit, pitched fine ball the first five innings and was relieved by his brother, Moffitt left before the game was over, and Hall took his place at short. E. Freydl featured with the stick receiving a triple. The final score was 7-3 in favor of Northville.

FARMERS ARE UNITED IN PLENTY ON FREIGHT RATES.

When the Michigan State Grange entered the fight for freight rates in Michigan, it about completed the list of farmers' organizations that the backing the efforts of the Michigan Traffic League. Interceding with the league now are the Grange, the Michigan State Farm Bureau, the Michigan Millers' association, the Michigan Hay and Grain association, the Michigan Bean Jobbers association, the Michigan Hardware Dealers' association and the Michigan Retail Dry Goods association. A number of civic and commercial bodies are also taking an interest in the freight rate case.

FORESTERS TO PLAY FIRST GAME SUNDAY.

The Northville Foresters will play their first ball game of the season against Walled Lake, Sunday, May 7th, in that village. The Foresters have been making some changes in their line-up than last season, that gives promise of a better team this year. As this is their first game, Northville fans ought to turn out and root for them.

The Oakland County Road Commission will put six Fordson tractors into commission on the road maintenance gangs this summer. Special rim equipment will be added to the machines to adapt them for the road work. It is expected that each tractor will supply at least three teams.

FORD SALES SHOW GREAT INCREASE.

Ford retail sales showed a rapid increase in volume during March, says a report from the Ford Motor company, Detroit, and have necessitated the building of 291,164 Ford cars and trucks in April in order to meet the requirements.

This is the largest output of Ford cars ever scheduled for April, being 10,000 above the same month of a year ago. It also marks an early opening of the spring and summer buying and seems to indicate that even more Ford cars and trucks will be sold in 1922 than in 1921, which was a banner year.

Orders for Ford cars and trucks have already exceeded the supply in many parts of the country and purchasers are finding it necessary to accept deferred delivery. The Ford factory at Detroit is getting into capacity production as fast as possible, with the hope of preventing a similar shortage when the spring-summer rush begins. Ford dealers throughout the United States are urging Ford customers to place their orders early and thus prevent the possibility of having to wait for delivery.

SOME ONE STOLE HENRY FORD'S FORD.

Last Thursday Henry Ford was seen driving a perfect new Ford about the streets of Detroit. Inquiry revealed the fact that some output had stolen a perfect new Ford car. Ford had parked it in town to exhibit the night before.

Mr. Ford had the car covered up, and it was called the police department. The car was taken to the office of the telephone company. The clerk, beginning to look at it very peculiarly, called the police department.

The police were able to identify the stolen car and that was the reason why Mr. Ford appeared in a perfectly new car. It must have had some job to do out from the many things and it is probably turning out at the great Ford plant at Highland Park.

MOTHER AND BROTHER DIE.

Mrs. Howard Stewart was taken to Grace hospital, Detroit, last Friday by the Schrader ambulance and on Saturday she was relieved of her burden, a boy and a girl, but she gave her life upon the altar of motherhood. Mother and brother were brought to Schrader's funeral chapel and were buried on Sunday and then taken to the home of her mother, Mrs. W. H. Kilbride, at Northville, where the funeral services were held Tuesday afternoon. Interment was made in Royal Hill cemetery.

She was but 26 years of age and her sad and untimely death cast a great sorrow over this community. The bereaved husband, mother and sister, Mrs. E. D. Stage, Jr., have the sincere sympathy of the people of this section.

Hazel Kilbride Stewart was born in Detroit and moved here with her parents when ten years of age. In July, 1916 she was united in marriage to Howard Stewart, eldest son of Mr. and Mrs. A. T. Stewart, and with the exception of two years in Detroit, she had spent most of her life in this vicinity.

NORTHVILLE DEFEATED PLYMOUTH.

Northville High gave Wayne the treatment that Plymouth got here Tuesday. L. German and E. Freydl were the starting battery for Northville and "Dutch" was relieved in the sixth by his brother. While L. German was in the box, not a run reached second and only one had the privilege of getting to first through Letty Hammond's error on a pop fly. Coach Wynn's athletes showed more hitting power in the Tuesday game than they had shown before. Riley, one of the recruits, broke into the hit column receiving three clean blows. Stevens, Plymouth's pitcher, was knocked out of the box in the fifth, and a recruit was shoved in his place to bear Northville's attack. After Hickey, missed three easy flies in center and struck out, the Plymouth coach yanked him and sent Richwine in his place and he finished the game in fine style. The N. H. S. team showed real playing and Dey's work at first base is praisable. "Gord" Moffitt and F. Freydl were out of Northville's line-up on account of sickness. Both will play today, against Redford. "Lefty" Hammond got a hold of one of Stevens' hooks and hit a home run. This is the first home run of the season for the N. H. S. The score was 8 to 15, Northville.

"DAD" McCAW SAYS

A workman is worth by the company he keeps as well as by the length of time any one company keeps him.

In my life time I have seen a day's labor cut from 18 hours to less than 9. But I have never seen any workman draw very much pay that he did not actually earn.

Unless you get some fun out of your work as you go along, you will soon find no fun in anything.

A good honest day's work has never yet gone unrecognized or un-rewarded—all soap box agitators to the contrary notwithstanding.

Fewer silk shirts in flush times mean more Ham and Eggs in dull times—Pay as you go. Save as you draw.

Don't forget that you may visit the Receiving Teller of Life before you can talk very loud to the Paying Teller.

A little home well kept up—a fine family well brought up—a good job well worked up, mean a shiney bank book well written up and American ideals well lived up.

The man who always plans on starting to save "Tomorrow" eventually becomes the man who ate his last square meal "yesterday."

You may think you know more than the "boss" and there may be times when you can almost prove it—but most men die where they are and stay there, because they belong there.

Two things that should be planted as early as possible in the garden of life—A good Savings Account and a home of your own. Both pay mighty big dividends in cash as well as in good citizenship. —Dad McCaw.

BE WISE

In Selecting
Your
Overstuffed
Furniture

How easy is it to be deceived in selecting Furniture of any kind from a catalogue or a photograph, and especially is this true in selecting Over-Stuffed Furniture. The quality of the upholstery not only counts, but the workmanship that is covered up also counts. The kind we offer is made by men who know how to construct the "inside" so it will stand hard wear. The springs are strong and well made and they are braced and bound, tied and reinforced to prevent them from toppling over within a month or so after the piece has been in use.

If we do not happen to have just the patterns you desire you may go to the Globe Furniture plant—a home institution—employing home labor—and make your selection of pattern. You will then know just what you are getting—that you are getting the best, and you will have some Overstuffed Furniture that will give you service.

This is National Congoleum week. We have the Congoleum Art Squares and Congoleum Floor Coverings by the yard.

RUGS! RUGS! RUGS!

We have a fine large assortment of Room Sized Rugs, which you will enjoy looking over. Before selecting your new Rugs for spring we invite you to come here. In Rugs it is very easy to be deceived by a photograph. Compare the quality by a personal inspection and compare our prices with those charged elsewhere. That is the test, and we are prepared to meet it at all times.

Kalamazoo—Kalamazoo National bank is the first in southwestern Michigan, if not in the entire state, to adopt the finger print as a substitute signature for the person unable to write his own name. The system is meeting with special favor among the bank's clients, especially with the foreigners at whose solicitation it was adopted, according to James Shackleton, assistant cashier, who believes that the "finger" will come when the finger print, instead of a cross, will become the legal signature of persons unable to write their own names.

The World Wise Vicar.

A candid person told the vicar whom he had come to see on some local matter that he was an atheist. "But surely," said the vicar, "you consider the Ten Commandments, broadly speaking, to be an excellent rule of life?" "No, I do not," replied the man almost bravely. The vicar rang his bell. "John," said he to his servant, "show this man to the door and keep your eye on him until he is beyond the reach of my hat and coat in the hall."—London Post.

IT PAYS TO SAVE YOUR MONEY IN THE LOAN. Ten years ago, next July Mike Flannigan and I shook hands and agreed to each save three dollars a week. Mike favored a bank, as he wouldn't have so far to walk and I being full of help the other fellow when it lost not hurt you any idea went to the loan. I made the payments till a short time ago, when I was notified that my stock had matured. I went over and was told the stock was worth \$2,418. Had paid in \$1,683, so the interest or profit was \$735. Naturally I felt pretty good and not needing all, took out \$418 and left the rest in 5% interest payable semi-annually, Prepaid Dividend Stock. About this time there were few days of nice warm weather. I got the fever and gets a car-one of the kind you see everywhere with a \$348 tag on it. Coming home one night Mike sees me. Hey, he shouts I stopped. I had my bank book balanced the other day and what do you suppose the amount is? He opened it and showed me \$2,040, paying the book. "Pretty good, hey?" I'm some little guy to find a place for saving money. "Why Mike," I beat you by \$375. "What," he yells, "are you crazy or have you just come from a fire?" "Neither," says I, showing him my Stock Certificate. "See that paper worth \$2,000. In addition, see this car, look at the License Plates. See this Driver's License and Certificate of Title—all paid for and money to pay for, running around the corner with the 'cut-out' open for parking on Main street, within 100 feet east of Center—all this and still as much left as you have." "Well," says Mike, "Seeing you have so much money, why don't you buy a higher priced car?" "Why, if I made the money in the loan naturally I wanted one that would remind me of and be somewhat similar to it." "Here another?" "Well, for one thing, they are both small and they're full of the 'get-there' stuff." "Now, all the time we were talking, I could see that Mike was seeing my Stock Certificate and thinking pretty seriously. Finally he says, 'I'm going to help those fellows furnish homes like that beautiful one in the picture there.' "How much does a certificate cost, when you get out all those many homes is the loan going, finance this way?" "You can get a certificate any Sunday night for \$10 or up to the number of homes that depends on how the money comes in, but with good luck they hope to make it."

Perfect Health Is Yours if the Blood Is Kept Pure.

If you have that extreme tired feeling, loss of appetite, tendency to anemia, nerve exhaustion, inactive bowels, constipation, you require a good Spring Tonic. This so-called "Spring Fever" is generally due to weak blood and in this condition you can not be vigorous in body or cheerful in mind.

not suggest a better preparation for this purpose than Herb-Tone which is also a good Tonic. Herb-Tone first works on the blood. It is remarkable how promptly its purifying, vitalizing effects are noticed. It makes food taste good, and also promotes good digestion so that you get the full value of the food you eat.

Members also bring sandwiches and one other thing and have a good time.

The Women's Home Mission of the Methodist church was a very interesting affair. About 30 well dressed and well equipped ladies had the privilege of listening to and in his guest, Mr. Gilbert, a former superintendent of Northville Day school and now superintendent of the State Normal and Training Institute at Detroit was the speaker of the day, and gave a very interesting lecture on the institution as a school and his own institution in particular. His address showed that the State Normal should come in the line of the school and the care of the institution.

W. P. C. NOTICES. The next regular meeting of High M. E. Church Women's Relief Corps will be held at May 10th. All members are requested to be present as final arrangements for the Memorial services will be made. —Pages Cor.

Long Distance Service Restored

EVERY important point in Michigan can again be reached by Long Distance. Poles and wires crushed by storm have been replaced sufficiently to meet demands of business.

It was an appalling task. Nearly 20,000 poles and 6,500 miles of circuits were destroyed, with tremendous losses in money.

But the people of the Telephone Company realized the dependence of the industrial and social welfare of every community on the wires and made every effort to restore service. Not a minute, night or day, did they relax their efforts.

Today, therefore, their first task—that of establishing emergency circuits—is finished. And they appreciate the patience and understanding of their difficulties shown by users of the Toll wires.

We are pleased to announce that Long Distance is again at your service.

Genoa—Chief Justice Taft of the United States supreme court will be asked to name the chairman of the mixed arbitral commission to be established for controlling the debts owed by the Russian government to foreign bondholders, according to the plan arranged Monday. The other members of this commission will represent all the bondholders and the Russian government.

The commission will have power to recommend and decide all questions relating to foreign bonds and Russian debt. It will be fixed in which bondholders may make arrangements with the Russian government if they are not satisfied with the terms of the mixed arbitral tribunals one for each of the various countries. It is to deal with the question of the property of foreigners, such as been nationalized since the chairman of each will be named by the chairman of the mixed arbitral commission. In the plan adopted practically everything which savored of capitulations or infringements on Russia's administration, pending Russia's establishment of courts on the basis desired by western Europe, was not approved.

May 1st was a real labor day for the Genoa conference. The sub-commission on Russian affairs rushed its consideration of the Russian reconstruction plans and came through with approval of the draft of the proposals.

Belgium alone held out on the section relating to the treatment to be given to property of foreigners nationalized by the soviet. This is a vital point and has been stubbornly contested. France finally subscribed to the project proposed by Great Britain, a ready use of the property will be secured whenever possible and in other cases compensation will be arranged through mixed arbitral tribunals.

These charges which originated in Wyandotte post last week have a hearing on the normal dinner tables involving the county council and learned post.

Excursion of the learned post followed the ending of a resolution in which it was asserted a number of the post had refused to ratify the county council's decision.

LONG-DISTANCE SERVICE RESTORED

Long distance telephone service to the north and cities of the southern peninsula of Michigan, which was cut off by the spring sleet storms has practically been restored. This was announced Sunday by Franz C. Kuhn, president of the Michigan State Telephone Co. Kuhn stated, however, that it has been impossible, so widespread was the damage, to re-connect all of the lines carried down the peninsula. He believes it will take several weeks after the first of June before the work will be completed.

The storm of February 22 and 23 swept across the state north of a line drawn east and west through Barab, and that of March 30 and 31 swept all of the state south of that line, destroyed 20,000 telephone poles and more than 6,500 circuit miles of wire, or 15,000 wire miles.

The first work of the repair crews was to establish emergency circuits linking principal points of the state again, this to be followed by work of a permanent nature. The work was well under way when the high wind storms of April 19 and 20 swept the peninsula, tearing down long stretches of the new circuits and greatly adding to the damage.

The sleet did much damage to exchange plants at a dozen points, but the exchanges have, to a great extent, been restored excepting for the rural lines. Much of the damage to the wire system was due to falling trees and branches.

President Kuhn says the exchange plants are nearly all back at normal, while the toll and long distance equipment is practically normal.

DEATH CLAIMS GEORGE LEYKAUF FAMOUS CHINA PAINTER.

Mr. George Leykauf, well known china painter, died Thursday, April 20th at his home on the Seven Mile road, Redford, after a lingering illness of several months due to heart trouble.

At the Chicago World's Fair he was awarded the international first prize for the finest exhibit of hand painted china, thereby attaining national prominence. He was born in Dresden, Germany, December 19th, 1863, coming to America in 1878. Mr. Leykauf was also noted for his kindness and generosity and could always be depended upon by his relatives and friends when occasion required—a type that the world can ill afford to lose—and his death will be deplored by many.—Redford Record.

FEWER GALLONS WEARS LONGER

WE MAKE THIS OFFER

Paint half your house DEVOE; paint the other half whatever you like. If DEVOE doesn't take fewer gallons and cost less money, we will make no charge for DEVOE.

If DEVOE doesn't wear a year or two years or three years longer—longer and better—we'll give you enough to paint it again.

Or, paint half your house lead-and-oil, the other half DEVOE. In three years the lead-and-oil half will be hungry for more paint, with DEVOE still sound. If not, we'll GIVE you enough for the whole house.

The above offer is made in good faith and we shall stand behind every promise made.
