CHAUTAUQUA DATES
ARE JULY 17 TO 21

OPENING GAME
WILL BE SUNDAY

The dates assigned for Northville's Community Chautauqua this year are July 17th to 21st inclusive, five days and each afternoon and evening filled full of good things. Every number on the program this year will be a new one for Northville—there are no repeaters—and they have been selected for this Michigan circuit because of the success they have met with in former seasons and on other circuits. July 17th will be Monday and the 21st falls on Friday, so there will be no Sunday performance for Northville this season.

The following is a brief outline of the five day's program:

First day: The music for the first day will be furnished by the All-Pross All-Star Co. A more appropriate name for this group of artists could not be conceived and the testimony of the committees on the four Community Chautauqua circuits which this company has covered bears witness to the fact that each of the individual is a star. Thomas Allpress, violinist, formerly of the University of Nebraska, Music department; Amy Hanna Allpress, brilliant pianist and reader, and Miss Marcella Coyle, cello soloist, make up this artistic instrumental company.

Following the prelude in the evening, A. C. Everingham, designated by the Chicago Tribune as "the thinking farmer," will speak on the subject "The Bajau's Wheel of Democracy." Mr. Everingham is, in constant demand as a speaker on farm subjects before great agricultural gatherings of the middle west. He has a message of particular interest to the agricultural man.

Second day: For this day's program we are glad to announce a musical attraction extraordinary. The Ladies' Rainbow Saxophone Band, under the personal management and direction of Sue Ernest Howling, acknowledged as the best lady drummer in the United States. In addition to her proficiency with the traps and drums, Miss Howling is a remarkable whistler and competent performer, trombonist and saxophonist.

In the evening the band will appear in semi-uniform and will employ artistic lighting effects which will add unique distinction and pleasing variation to the program.

Third day: Ambrose Wyrick, nationally known tenor, supported by Ethel Murray, famous English cellist and Earl James Judge, concert pianist, will present on the third afternoon truly remarkable artists' recital. Some of the towns of this circuit have heard Mr. Wyrick before. These towns will welcome him enthusiastically and the other towns have in store a rare musical treat.

Following a musical prelude by this artist (to go in the evening), Frank Dilnot, former editor of the London Globe, president of the foreign press correspondents of America during the war, special representative of English and Continental newspapers at Washington during the conference for the limitation of armaments, student of world affairs, author of "The New America," "English After the War," "Lloyd George, the Man and His Story," "The Old Order Changes," etc., will lecture on the subject, "Lloyd George and America," in which the relationship and common problems of the two great English speaking nations of the world are freely discussed.

Fourth day: The Leclerc Concert Co., with a primary instrumentation of violin, flute, harp and piano, will provide a musical program on the fourth afternoon. Soprano solos, constumed readings, harp solos, saxophone solos, violin solos, flute solos with harp accompaniment and other numbers make us a program of pleasing variety.

Dr. Alexander Cairns, the "Cheer-upnist," has a lecture of optimism and thoughtfulness to present on the fourth night, under the title "The Goose That Lays the Golden Egg."

Fifth day: The afternoon program of this day will consist of a vocal recital and entertainment by the members of the Opera Co., scheduled to appear in the evening, and the Junior Chautauqua Pageant entitled "The Conquests of Peace"—a history of the accomplishments of the peaceful efforts of modern America and the world from the time of William Penn and his Indians down to the present.

In recent years no opera company has quite achieved the high standard and excellent reputation established and maintained by the Davies Light Opera Co., hence the towns on this

The Foresters' ball team will open the season on the home grounds Sunday afternoon, when the members of the team will appear in their new suits. They will compete for honors with the fast Hayolin Oil Co.'s team of Detroit, formerly the Malcos, who played a number of games here last season.

The Foresters have an array of players this season from which to select its line-up and we are assured a pretty fast "bunch" when they get squared away. Harry German and Arnold Jaska will officiate as the "bill" shouter and Archie Long will appear behind the bat. The other positions have not been definitely filled thus far.

On the afternoon of Memorial Day, at 3:30, the May batter team of Ypsilanti, the fast aggregation that played at their fair last fall, will come to Northville for a game.

A whole lot of good teams are being signed for the season and when the schedule has been completed it will appear in The Record.

BANK BUILDING TO BE REMODELED.

In order that they may provide room to better serve their patrons and to care for the increasing business of the institution, the officers of the Lapeer State Savings bank have decided to remodel the present banking building and to keep the improvements will be started about June 1st. The entrance will be changed and the interior of the banking offices will be entirely refitted. The room now occupied by the bank and housing a barber shop will be added to the space to be used by the bank proper, providing additional room for customers' room, directors' room and other conveniences now considered necessary in modern banking. In addition to the alterations and changes to be made in the banking offices an addition will be erected on the north side of the building facing Center street into which the barber shop will be moved. This addition will also provide more room for the offices of the Michigan Telephone company's exchange and office.

The improvements will change the appearance of the exterior of the building and the remodeled structure will make a remarkable improvement to the general appearance of that very attractive corner.

BAND CONCERTS TO BEGIN JUNE THIRD.

Manager W. H. Safford of the Northville Municipal Band is perfecting plans for the summer concert series to be given in this village each Saturday night. The band will make its first appearance of the season on Memorial Day and on the following Saturday night will give its first open air concert.

For a number of years Northville has been greatly favored by having an exceptionally well trained band and the programs given have afforded a great deal of pleasure to the people of this whole section. In fact people come from surrounding towns to enjoy the concerts, and the village council is to be commended for having made an appropriation to meet the expenses of the organization this season.

WILL CO-OPERATE WITH FAIR OFFICIALS.

"Unity for service" is the slogan of the Exchange clubs of the county, and to demonstrate their desire to co-operation any proposition having for its object the advancement of the interests of Northville, the Northville Exchange club voted unanimously at its Wednesday noon-day meeting to unite with the officers of the fair association in their efforts to provide a celebration here for July 4th.

At the meeting to be held next Wednesday committees will be appointed to make arrangements for the event. The fair association has already arranged for a race matinee and ball tournament for the afternoon and the committee to be chosen next week will present plans for a program for the forenoon and evening.

Come to Northville July 4th

circuit are to be congratulated upon the opportunity of having presented by this cast of professional opera singers, the justly popular Gilbert and Sullivan masterpiece, "The Mikado." Of course there will be the Junior Chautauqua for the children, as in former years.

Banking By Mail

Many persons in the country, or even in town, sometimes, do not think they can have a bank account because they do not come to the bank very often.

The fact is, that does not interfere at all. It is very easy to enclose your items for deposit in an envelope, and mail them. The bank sends you a receipt by return mail. You are relieved of the bother of going to the bank, and you have the convenience of a checking account. And the safety of it is worth a good deal too. Try it.

NUTRITION.

(By Iva M. Church, Red Cross nutrition Worker for Wayne County.)

FOOD AND HEALTH.

While many things contribute to health—sleep, fresh air, and exercise, for instance—the foremost consideration is food. Without food life is impossible. With scanty provision of it, growth is stunted, and weakness results. With too much, one may stuff the furnace until the fires of life are doused by a surplus of good fuel. By unwise choice, precious days may be lost by headaches, or other acute or minor ills, and by continuous bad feeling the way may be paved for serious impairment of health. This fact is recognized today as never before and those who wish to retain their present state of good health and wish to equip their children with strong healthy bodies for the stress of modern life, are asking how to choose their food wisely.

Not many years ago if the question had been asked "What kind of foods ought one to eat?" most people would have been greatly surprised and would have replied "What ever you like, if it does not make you sick." People thought of food as something that tasted good, and made them feel comfortable when they were hungry. They realized that different types of food served different purposes and that often too much or not enough of one type of food was given.

MICHIGAN VETS GET GOOD CARE.

The best of hospital care until they get well! That's what is provided for more than 100 veterans of the World War patients, at the Roosevelt American Legion hospital at Camp Custer. Each of the patients draws certain compensation besides having his expenses paid while in the hospital. And most of the men appreciate what the government is doing for them according to Dr. R. M. Olin, commissioner of health.

Following charges by American Legion members of Wayne county Dr. Olin and Dr. George H. Ramsey, deputy commissioner, investigated the hospital management, treatment of patients and sanitary conditions. In his report to Governor Groesbeck Dr. Olin said:

I believe the treatment given the patients is as good as can be obtained in a institution in the United States. Sanitary conditions are excellent, the buildings are kept clean, and the food is better than is served in most institutions of this character.

The pathological way in which each individual case is handled is worthy of comment and the business management seems equal to that of any well run hotel.

Relatives and friends of patients at the hospital may be assured, states the commission, that no expense is being spared in their treatment and that when rumors of general disorganization and poor treatment are heard they can usually be held untrue. There is always a group Dr. Olin says which expresses open dissatisfaction with whatever is done for it. While some it pointed out, does not care particularly if his sick sons do not appreciate what he is doing for them, but he does not want unwanted gratifications to keep deserving veterans from seeking hospital care when it is needed.

WHY NOT BUY A FORD AND BANK THE DIFFERENCE

WE ARE DEALERS IN

LINCOLNS--FORDSONS--FORDS

The Fordson Tractor is taking much of the drudgery out of farm life; it is solving the labor problem; it is reducing the cost of preparing land by almost one-half of what it was with horses; and it is saving one-third to one-half of the farmer's time; and making farm life more attractive.

The Fordson will run your threshing machine—and at the most opportune time for you. It will operate the milking machines; saw your wood, fill your silo, pump the water, and take care of every kind of belt work.

There's a big story to tell you about the Fordson—and a true one—come in and get the facts. Or, if you prefer, telephone or drop us a card and we will bring them to you.

Wolverine News Brevities

Rochester—Winthrop A. Hayes, 78, former postmaster here for 16 years, died at his home.

Kalamazoo—The American Legion here is considering a plan to plant trees in honor of the city's soldiers.

Bay City—The Leonard-Crossett & Riley Co. pleaded guilty to violation of the food laws by not having potatoes in shipment properly tagged and paid a fine of \$50.

Lansing—Sale of stock in the Detroit Rapid Transit Co. was stopped by the Michigan Public Utilities Commission following a hearing on the company's financial status.

Sparta—Jay Croninger, 35 years old, known as the "horse radish king" was found drowned in a creek. The stream is only a foot deep and it is believed Croninger fell in a faint.

Cheboygan—The state conservation commission has under way the construction of a fish hatchery for the protection of brook trout, two miles north of Wolverine in Cheboygan county.

Cadillac—A bundle of newspapers is believed to have saved the life of Austin Berry, newsboy, when the papers broke the force of his fall as a bicyclist on which he was riding was struck by an automobile.

Lansing—Governor Alex J. Groesbeck refused to authorize the state administrative board to furnish \$200,000 a month for 15 months for the University of Michigan building program as asked by the state regents and President M. L. Burton.

Monroe—Confiscated wine and whisky worth \$9,200 was poured into a sewer by Sheriff Frank Geesner. Two trustees from the county jail aided him in the work. Bugs flew 100 feet in the air when casks were rolled on the courthouse walk and scores of persons gathered to watch the work.

Lansing—Ralph O. Tucker, fruit and vegetable dealer of Grand Rapids, testified at the freight rate hearing before the public utilities commission that the upper peninsula fruit and vegetable wholesale business has been taken up largely by Milwaukee and Chicago because of the high freight rates in Michigan.

Flint—Dr. Ernest H. Beckwith, prominent dentist, clubman, and civic leader, was granted an absolute decree of divorce from his wife, Anna, by Justice D. Black, in circuit court here. In Beckwith's testimony Romeo Willard H. Willett, president and general manager of the Durant corporation of Monroe, Ind., as the "other" in.

Lansing—The Bureau of Foods and Standards of the Department of Agriculture has started a drive to rid the state not only of dealers in spoiled preserved foods but has enlisted the aid of the federal government to end the practice of sending spoiled food from Michigan into adjoining states to have it doctored and returned here for sale.

Lansing—John G. Stone, Houghton county attorney, was appointed judge of the twelfth judicial circuit, to succeed Patrick H. O'Brien resigned, by Governor Groesbeck. His father, the late Justice John W. Stone, of the supreme court was a former circuit judge in the same district which comprises Keweenaw, Houghton and Baraga counties.

Grand Rapids—That the accident was unavoidable and that there was no evidence of criminality on the part of any person, was the finding of the coroner's jury investigating the accident in which an automobile, driven by Theodore Peters, 19 years old, of Calvin college, mounted a curb and fatally injured Ann Van Eck, 10 years old, and Jean Meyer, 6 years old, who were standing on the sidewalk.

Petoskey—Dr. Clarence W. Green, formerly of Albion college, and now president of Heddings college, Abingdon, Ill., resigned as president of Bayview Summer University and president of Bayview Assembly of Bayview camp and association of the Methodist Episcopal church, at a meeting of the board of trustees and educational committee. Dr. Hugh Kennedy, of Detroit, will direct assembly work this season, and Dr. Hempt, of Albion college, Bayview university.

Muskegon—Circuit Judge Venderwerp ruled that the law providing that the owner of an automobile is liable for damage done by the vehicle when driven by any member of the family is constitutional and as a result a jury granted William N. Swartz, of Montague, \$2,360 damages. Ernest Smith, Sr., and his adult son, Ernest, are held liable. The suit grew out of injuries received when Smith's car, driven by young Smith, and a motorcycle on which Swartz was riding, collided.

An Arbor—Josephine Van Tyne, son of Professor Claude Van Tyne, the freshman who refuses to wear the freshman cap, was kidnapped by a group of young men said to be the vigilance committee, taken to Geddes dam, four miles out in the country, bound, gagged and his hair cut. When his tormentors were through with him, they put a pillow case over his head, tied his hands, and let him go. He managed to work himself loose from the pillow case, found a farm house some distance away and was directed home.

Original "A. No. 1."

The term "A. No. 1" originated as a symbol used in the classification of wooden ships by Lloyd's Maritime Insurance Association. It denoted that the hull and equipment of the ship in question were in good condition.

Right idea of "Drudgery." The secret of success still lies in the same old word, "drudge." For drudgery is the doing of one thing, long after it ceases to be amusing; and it is this "one thing" I do that gathers me together from my causes that concentrates me from possibilities to powers.—W. He reports very enthusiastic meetings with an unusually large attendance at the Young Peoples' session when more than five hundred young people from different parts of the state attended.

Harriet Silver Clark died at the Silver home on Mill street Saturday and funeral services were held Monday afternoon, being conducted by Rev. H. B. Marsh. She was born in New York state May 8th, 1832, making her a little more than 80 years of age. Burial took place at Burd Hill cemetery. This is the third death to occur at the Silver home since the holidays.

Rev. Phillip Wittich of Saline was a Northville visitor Monday and while here made the Record office a very welcome call. Mr. Wittich is pastor of the Congregational church at Saline and, Warden and has been engaged in his field for about a year.

His labors have been very fruitful and the church have prospered both financially and general interest as well as in their financial condition.

The Witten church has been freed from liability and the church and bazaar at Saline have been repainted and improved. He is delighted with his work and feels that his labors have indeed turned to plowshare.

L. O. L. M. NOTES

Mr. L. O. L. M. notes the regular meeting will be Memorial program and notice I might be served after the meeting. All members are requested to be present by order of committee.

THE LONG LOST WORD

Was found at last. The Book of the Law had been hidden for years in the rubbish of the temple. That book recalled to the king and the people many neglected duties and privilages.

What if more people discovered the Book? Can you imagine the improvements in people's lives?

What one thinks of the Book casts an interesting side light on the conduct of any man.

You are urged to give heed to this important matter. Why not state your opinion in the discussion next Sunday at the

PROGRESSIVE BANKING

Organized in 1907 this bank adopted a policy of paying interest at the rate of three per cent on Savings Deposits for the full time.

August 1, 1919, to meet the demand for a higher interest rate we changed our rate to four per cent on all Savings Deposits remaining three months or longer.

September 22, 1919, our Capital Stock was increased from \$25,000.00 to \$50,000.00.

December 15, 1919, we became a member of the Federal Reserve System.

These changes were all made with a view of giving our customer's better Banking Service.

We now realize the need of more complete Banking offices and have contracted for remodeling and enlarging our present quarters.

The inconvenience caused during remodeling will, we hope, be offset by still better service in the future.

Let's Keep OUR GOOD Resolutions

Sunday was Mother's Day, and there were a whole lot of good resolutions made, and they were made in earnest and from hearts overflowing with thankfulness. We intended to keep them too, but somehow it is so easy and natural to forget our good resolutions.

While the day is still fresh in our memory and its lessons and blessings are still uppermost in our minds, why not put into active operation some of the resolutions we made?

A kitchen Cabinet would save Mother countless steps if one were installed in her kitchen—the room in which she spends so many happy hours toiling for others—for you and other members of her family. And what would we do if our Mothers did not toil in the kitchen for us? Why, most of us would go hungry, of course.

In the dining room she has desired some new piece for a long time. Some new chairs, a new table, a sideboard or china closet, perhaps. Suppose you select some of these things today and let us deliver them to your home—to your Mother.

Mother never complains, but she has often expressed a desire for some new Furniture for the bedrooms—some new and modern bedstead and springs to take the place of the old heavy ones she has used so long and which are so hard to move about. The old dresser has served its day and Mother would be greatly pleased if you were to select her a new one.

The old carpets and rugs have become pretty badly worn, they have been in service so long, and Mother has swept and dusted them until they are becoming threadbare. A new Rug or two selected from our large stock would brighten the home greatly and would relieve Mother of trying to make the old one do for "a while yet."

Thus you might go through the whole house and without being extravagant you could select some new pieces of Furniture, a new Rug or two, some Floor Coverings, etc., and thus you could add greatly to Mother's happiness and lighten her daily tasks.

In every department of our store you will find an assortment worthy of your inspection—an assortment of dependable goods not often found in a town the size of Northville. They are here for your inspection and for your convenience. There is nothing to conceal about the goods we offer—they will bear your closest inspection.

When you need Furniture or Rugs of any kind come here and let us supply your needs.

U.S. DECLINES BID TO HAGUE PARLEY

TURNS DOWN INVITATION OF ALLIES TO JOIN THEM IN NEW CONFERENCE.

RUSSIA "ONE OF CONTENTION"

Soviet Want Representation on Equal Terms—Hughes Holds Reds Must First Readjust Selves.

Washington.—The State department made public Monday night text of a message to Ambassador Child at Genoa, declining the invitation to participate in the new European economic conference at The Hague.

"This government," the American communication said, "is unable to conclude that it can helpfully participate in the meeting at The Hague as this would appear to be the continuation under a different nomenclature of the Genoa conference and destined to encounter the same difficulties if the attitude disclosed in the Russian memorandum of May 11 remains unchanged."

"The inescapable and ultimate question," the American note said, "would appear to be the restoration of productivity in Russia, the essential conditions of which are still to be secured and must in the nature of things be provided within Russia herself."

The state department's communication said the American government "has always been ready" to join other governments in arranging for an inquiry by experts into the economic situation in Russia and the necessary remedies. Such an inquiry it was added could deal appropriately with the economic prerequisites for restoration of Russian production with out which a sound basis for credits would be lacking.

In conclusion, the American communication renewed the offer to "give serious attention" to any proposals issuing from a Genoa conference or any later conference, but added that the suggestion for the meeting at The Hague in view of the Russian memorandum of May 11, lacked "the definiteness which would make possible the concurrence of this government in the proposed plan."

The Italian proposal of May 11, was for a mixed commission, including a commission from Russia to meet and discuss the internal affairs of Russia. Thus far the Allied statesmen have not been able to bring the Russians on equal terms.

ESCAPED CONVICTS "APOLOGIZE"

Bend Receipt for Stolen Car to Warden So He Can Reclaim It.

Marquette: Julius L. Deagon, steward of the Marquette State Branch Prison, believes now more than ever before that there is honor among thieves. When he opened his mail Monday he found the following letter from "Slippery Jim" Cushey, who with Leo Curley and Frank Howard, all trustees, stole Deagon's car Thursday of last week and escaped.

Milwaukee Wis., May 14
Dear Mr. Deagon:

We found it necessary for our purposes to take your car. Enclosed is a ticket with which you can get it back if you present it at the garage.

The name and address of the garage was on the ticket.

CHILD LABOR LAW HELD INVALID

Supreme Court Decides That Rights of States Were Usurped.

Washington.—The child labor law has been declared unconstitutional by the supreme court.

The law, enacted in 1912, was intended to regulate employment of children in any mill, cannery, workshop, factory or manufacturing establishment, under the age of 14, or in any mine or quarry under 16 by imposing an excise tax of 10 per cent on the net annual profits of those employing such labor. It was attacked on the ground that it attempted to regulate an exclusively state function, in violation of the federal constitution and the tenth amendment, and was defined as a mere excise tax levied by congress under its power of taxation.

SPEED BOATS TO CURB RUM FLOW

Canadian Border to be Closely Watched, Dry Chief Says.

Detroit.—The "prohibition navy" on the Detroit River and adjacent waters will be increased this summer to eight speed boats, and Federal, State and City police will unite in the marine warfare on liquor smugglers.

Contracts have been let with a local shipbuilding firm for the construction of five more launches, capable of making from 35 to 40 miles an hour, according to announcement by James R. Lewis, Federal prohibition director for Michigan. He expects that these boats will be in operation before July 1.

Two fast boats, manned by state police, and another belonging to the Detroit police department, now are patrolling the river.

YOU'LL SOON NEED THEM

After the rains there will come settled weather and you will need Plows, Harrows, Cultivators, Discs, Manure Spreaders, Spraying Outfits, Ladders, Harness, Sweat Pads, Collars, etc., for your spring and summer work. We shall be glad to supply your needs if you will tell us just what you want.

Have you ordered all your needed repairs? If not, you had better do so so there will be no delay.
