SCHOOLS CLOSE A SUCCESSFUL YEAR

The first of the exercises of commencement week for the Northville High school took place Sunday evening at the Presbyterian church, when a large audience gathered to participate in the service and to listen to the baccalaureate address given by Rev. E. V. Belles. The juniors had decorated the church with a profusion of roses and potted plants and they did their work well. The members of the graduating class were given seats of honor being escorted to their places by the juniors.

The music furnished by the choir, Miss Calkins and a quartet composed of Madam Guy Taft and Ray Van Valkenburgh, and Messrs. Ray Van Valkenburgh and Karl C. Bryan, and upon the organ by Mrs. May Noble contributed greatly to the pleasure of the service and reflected credit upon all who took part. The prelude, the processional, and the offertory rendered by Mrs. Noble were especially praiseworthy and greatly enjoyed.

Rev. Herbert Grimwood of the Baptist church assisted in the service, reading the scripture lesson and offering prayer. The services were opened by the choir and congregation singing "Onward Christian Soldiers," a grand old hymn most appropriate for the occasion. Rev. Belles led in the responsive service.

Rev. Belles selected for his text the words found in 1 Cor. 3:18, and his discourse was full of timely and reasonable advice. He especially stressed the thought that the days of opportunity had not all passed away and that the era of advancement for young people were not in the years that are gone. He admonished his young hearers to prepare themselves for life's duties and service, and assured them that to be of service to their fellows and to the world will an attainment worthy of their best efforts.

CLASS DAY EXERCISES

The auditorium of the High school building was filled to overflowing Wednesday night by eager parents, relatives and friends who gathered to attend the class day exercises. Many were compelled to stand during the rendering of the program so great was the crowd. The platform had been transformed into a bower of beauty with ferns, plants and cut flowers, and from first to last the exercises not only reflected credit upon all who took part but upon their teachers and our High school as well.

The program was opened by piano trio, "Torcello March," by Miss Marion Muiford, Barbara Blackburn and Avis Brown and to its strains the members of the class marched to their places on the platform. Gordon Moffitt announced the program introducing each participant in a pleasing and appropriate manner. Margaret Murdoch gave the president's address in which she voiced a hearty and generous welcome to the friends who had gathered and expressed the appreciation of her classmates for their kindly interest. The boys' quartet composed of Gordon Moffitt, Cleon Dey, Allen Buckley and Wayne VanDyke sang and their selection greatly pleased the audience and the young men very kindly responded to the hearty encore given. Elizabeth Henry gave the class history, reviewing its activities and advancement from the freshman year until the proud moment when they appeared as members of the 1922 graduating class.

The High school chorus, under the direction of Miss Muiford, sang and did remarkably well. Bernice Henry was assigned the gitory and she presented the members of the class with gifts of every sort, their presentation creating a great deal of merriment. Olive Elden and Maureen Lapham gave the class prophecy in a most unique manner, and, of course, great success and fame crowned the efforts of their old friends in Northville High school. Mildred Walker and Nellie Evert rendered a piano duet, "Dance of the Demons" and the selection was well received. James Fry gave the class will and bequeathed the esteem of his class to the superintendent and teachers, not failing to leave a rich inheritance to the juniors and to all others who are to follow after them. Della Brooks gave the class poem and in her composition made personal mention of all her classmates. The class song closed the exercises.

Comes to Northville July 4th

RATCHETED CHICKENS BY NEW PROCESS.

Did you ever set or seen a hen have it whichever way you desire and after the old biddy had been faithful to her duties for a few days have heard claim her? Well, if you have here is a new system whereby you can continue the hatch, providing you have patience enough. Some weeks ago Mrs. Fred Foss had an old hen that gave evidence of desiring to raise a little family and a nest was prepared and filled with eggs. After a few days, four or five, the feathered mother was claimed by death and it was up to Mrs. Foss to come to the rescue, which she did by means of a hot water bottle. Of course the contents of the bottle were changed often in order to keep the eggs at proper temperature and when the required time had passed Mrs. Foss was rewarded by having eleven little chickens and the little family is doing well in spite of the fact they never knew the comfort and pleasure of nestling under mother's wing.

NORTHLVILLE WON SUNDAY'S GAME.

The Foresters team won the game last Sunday from the St. Cecilia's of Detroit by the score of nine to four, although it looked for a time that the home team could not make the grade. The score at the beginning of the seventh stood three to two in favor of the visitors but in their half of the seventh our boys round themselves and made six scores putting them in a safe lead.

On July 2nd the last Havig Oil company's team of Detroit, the aggregation that carried off the honors of the opening game this year, will return to another game. They are fast but Marquette thinks declarer has boys will be able to defeat them the next time I'll see me.

On July 3rd the snappy Pinckney team has been engaged for a game in the afternoon. The young Pinckney has played in only half and it is said they have a lot of bunch of players this season. This game will be a true drawing card for Northville's celebration.

EDISON COMPANY TO FURNISH NEW PLANT.

More than \$10,000,000 will be the ultimate investment of the Detroit Edison company in its projected steam power plant on St. Clair Island. While the project is yet in an embryo state, involving little more than the acquiring and preparations of the site, Edison officials vision a Detroit west side industrial development that will give the St. Clair Island plant a commanding position in the company's plans to serve its scattered community of power consumers, according to Alex Dow, president.

It is almost certain no work will be undertaken on the St. Clair Island plant this year, but Mr. Dow believes that a continuation of the present improvement will see the plant under way by the latter part of next year. Upon its completion it will be comparable to the Marrysville plant recently constructed and it will serve a similar purpose.

IT'S DR. MARSH NOW.

The graduating exercises of the Detroit College of Medicine and Surgery, were held last Friday in the Knights of Columbus auditorium on Woodward Avenue. Twenty-three young men and women received their diplomas and the degree of doctor of medicine. For the first time in the history of the college the faculty appeared in gowns and hoods. The commencement address was delivered by Dr. Donson, Dean of the Medical department of the University of Chicago.

Roland Marsh of Northville was one of the graduates. His father, Rev. H. J. B. Marsh conducted the devotional exercises. Roland expects to leave next week for Pittsburgh, Pa., where he will spend a year as intern in the Presbyterian Hospital of that city.

WHO WANTS FISH?

Messrs. W. H. Elliott and A. S. Healey left Northville the first of the week for West Branch on a few days' fishing trip. They took with them a complement of poles, lines, sinkers, can openers, cork screws, bait of different kinds, dip nets and seines, besides two 50-foot nets with which they expect to clean out several of the lakes in that section and bring the fish down here to transplant in the Ford pond.

Before "planting" the fish, however,

TWO NORTHVILLE GIRLS IN TROUBLE.

Two young Northville girls testified Monday in municipal court against Irving E. Sanders, charged with operating a maternity home at 536 West Port street without a license. The mother of one of the girls, swore she paid Sanders \$30 for two weeks' care of her daughter following the birth of her baby.

The witnesses were Leola Sonnenberg, 18 years old; Mary Scott, 17 years old, and Mrs. Bertha Sonnenberg.

Decision as to Sander's guilt or innocence was reserved until Tuesday when Maurice E. Fitzgerald, his attorney, will file a brief supporting his contention that Sanders was not running a maternity home. Sanders was released on \$500 bail for examination later on charges of failing to report a contagious disease and practicing medicine without a license.

Mrs. Sonnenberg testified she took Leola to Sanders four days after the birth of the baby in Northville and that he promised to find a home for the infant. John E. Roehl, board of health investigator, testified he visited the West Port street house June 6 last and found both girls and the baby in there. The baby, Roehl said, was suffering from a disease of the eyes.

Miss Scott swore she had agreed to pay Sanders \$35 for taking care of her, but had given him only \$19 up to the time he was arrested.

Sanders' license as a physician was revoked, about a year ago—Detroit Free Press.

We are not reproducing this account of these girls misfortune for the purpose of creating a sensation or bring added shame to them, but solely for the purpose of bringing home to other girls in this community the stern fact

that it does not pay to run the streets all hours of the day and night to be

forward or bold, to endeavor to appear "smart whenever" and wherever they appear and to become a graduate of "flappers" with every

young man or boy, who may seek their company. It is to be regretted that

son or, might not have controlled

the action and the conduct of these girls and to have directed their feet

to paths of virtue and prudent living.

These has a path which is bound to bring rest and pleasure

of mind and remorse when they might

have chosen to have had a safe

and happy life.

Original "Bill of Health."

A bill of health is a certificate issued to the master of a vessel when clearing from a port. When no disease of an infectious nature exists in the port, the bill is known as a clean bill of health; if infectious disease is suspected or there is possibility of such, it is called a suspected bill, while in case of such disease existing, it is known as a foul bill. The expression "clean bill of health" is often applied to individuals, who, after a physical examination, are found in perfect health.

Kipling Was Right.

A New Jersey householder, set upon by bandits, lifted up his voice in a wild yell for his wife. The wife appeared, frying pan in one hand and a rolling pin in the other. The bandits caught sight of her and immediately fled. Thus is Mr. Kipling's observation of the relative deadliness of the sexes fully vindicated. A woman scorned, we are told, by still another poet, beyond all the furies to be found in a vicinity, is indeed in furies. But a woman defending her husband's pay envelope is still more to be feared. —New York Tribune

SENATOR HALE IS WINNER IN MAINE

REPUBLICAN RECEIVES BIG LEAD OVER OPPONENTS IN PRIMARY ELECTION

GOVERNOR BAXTER NOMINATED

Contestants for Maine Governorship Recs vs Light Vote; Senator Kellogg is Victor in Minnesota.

Portland, Me.—Senator Frederick Hale and Governor Percival P. Baxter were renominated by the Republicans by large majorities in Monday's primary.

Although former Congressman Frank E. Guernsey, senator, showed considerable strength in the eastern part of the state, Senator Hale carried the larger towns represented in these returns, including the city of Bath. Howard Davies was running far behind Guernsey. Hale carried Knox, Lincoln and Sagadahoc counties by large majorities.

Governor Baxter ran strong in all sections, with John P. Deering second and Leon F. Higgins third in the early returns. Baxter easily carried Knox and Sagadahoc counties and won Lincoln county by about 300 votes over Deering.

St. Paul, Minn.—Senator Kellogg was given a big lead over his nearest opponent in the contest for the Republican senatorial nomination.

PHYSICIAN BLAMES PARENTS

Declares "Flappers" Causes Physical Wrecks Among Nation's Youth.

Chicago—"Flappers" is bringing about a fatigued, sleep-starved, and unenriched physical wrecks among modern city youths, Dr. Clarence Bartlett, president of the Pennsylvania State Homeopathic society, said in an address before the American Institute of Homeopathy.

Up till now we hear comment of a prosperity of the coats of the pines in the country. Then there is a healthy, sleep-happy, their spinal habits and hygiene are all out of control. And we have to blame it. Really it is the parents who are to blame.

DETROIT TO GET CATHEDRAL

New Edifice to Be Built to Eclipse All Church Buildings.

Detroit—A new Catholic Cathedral, occupying two large city blocks, costing a minimum of \$1,000,000 and exceeding it if not exceeding St. Patrick's cathedral in New York, has been considered without peer in America in the magnificence of its architecture and its interior splendor is to be built by the Diocese of Detroit.

It will stand on Cassel & Langley, with Webb Avenue the northern boundary and Lawrence Avenue the southern, while Woodward Avenue, the dividing street of the two blocks, will be closed to permit of the cathedral occupying the center of the vast property.

SENATE PASSES NAVAL BUDGET

Bill Provides \$295,450,000 for Personnel of 35,000 Men

Washington—The annual naval appropriation bill carrying approximately \$205,550,000 and providing for an enlisted personnel of 36,000 men was passed late Monday by the Senate and sent to conference with the House. Action on the enlisted personnel, however, about 115,000 is final as the Senate accepted the house decision and the conferees who will deal principally with senate increases of about \$4,000,000 over the house bill. There was no record vote on final passage and no effort was made to reduce the enlisted personnel.

Miss May Stevens of Milford, was the guest of Miss Jennie Barley this week.

Mrs. W. B. Cole of Ludington, is visiting her daughter, Mrs. A. C. Northrop.

After a long and tedious illness Mrs. Wm. Blair of North Center street died last night.

Mrs. Laing Root suffered a stroke of paralysis Wednesday and is in a serious condition.

Mr. and Mrs. James McFarlin attended the Flint-Partridge wedding in Detroit Wednesday.

Mrs. Neal is expected home from Chicago this week. Her niece, Hazel Ball will accompany her.

Miss Addie Spalding of Cadillac, is spending the summer with her grandmother, Mrs. N. L. Randolph.

Herbert Long leaves this week for a trip through the west and will visit Denver, Seattle and Milwaukee.

Misses Elsa and Elma Rockwell of Lapeer have been visitors at the home of Mrs. J. B. West this week.

The sisters and their families of H. M. Dunlap gave him an enjoyable birthday surprise party Wednesday.

Mrs. H. L. Simonds and daughter, Debra left Wednesday for an extended visit among relatives at Peru, Ind.

The Park Upper has been improved in the ceiling of the kitchen and the laying of new floors in a plant room.

Mrs. T. Swift and Alexander Miller are here from Brooklyn, N. Y., with their grandsons, Tom and Mrs. T. Swift.

Dr. J. A. Attinger, who is well known here, has received the appointment of house physician at St. Mary's Hospital, Detroit.

John Pinkerton, far right of the table, but lately of Green Lake, Mich., has been appointed foreman of the F. & H. station at Detroit.

The Northville band has been reorganized with J. H. Whigdon manager and leader. It will be run on the European plan, p. 2, for what you get.

The ladies of the W. W. C. presented a neat surprise upon their present, Mrs. Ambler, Wednesday evening and after presenting her with a choice fruit dish they served a banty luncheon.

George McIntrye, son of James McIntrye borrowed Art Bayzell's bike Sunday without asking and was captured by a Detroit detective when near that city. Buzzell brought the runaway back to Northville during the evening. The trial will be held as soon as the justice bears from County Agent Hosmer.

The Argos mill pond at the depot is to be made into a village park. A council meeting was held Tuesday night and a committee of two councilmen, Messrs. Dolph and Lanning, and three citizens, F. R. Beal, E. S. Horton and G. S. VanZile were appointed to investigate the matter, devise a plan, estimate the probable expense.

SEWER ONE-THIRD FINISHED.

Work on Northville's new sewer system was one-third completed Monday night. A total of 17,000 feet of sewer pipe has been laid thus far and 55 of the 162 manholes have been constructed. The remainder of the work will go somewhat faster in proportion, it is believed.

Work on the sewage treatment plant is progressing satisfactorily.

TO HAVE AUTO PARADE.

One of the attractions for Northville's Fourth of July celebration will be an automobile parade which will take place immediately after noon. A prize of \$25.00 will be given to the best mercantile float in the procession, and a prize of \$15.00 will be given for the most attractive motor car in the parade. The cars and their drivers will be admitted to the grounds free. All are urged to co-operate with the committee in making this a success. For particulars communicate with Dr. P. E. Alexander or Ralph L. Richardson.

annual reunions have been very en-

joyable in the past and it is hoped

this year's meeting will surpass all

former efforts.

THE TOOTHWELL CO.

The Toothwell campaign is, as its name signifies, a campaign for better

teeth. This campaign is national

wide and is organized and carried on

by the Toothwell company, a company

of progressive dentists who have

found its preparation to be without

peer for the purposes for which

they are designed. These preparations

include a remedy for Pyorrhea,

for spongy and bleeding gums, a tooth

paste for acid mouths, one for alka-

line mouths, one for normal mouths

and one to be used in conjunction with

the Pyorrhea remedy.

Many teeth are ruined by use of

improper tooth paste. Most people

when buying their tooth paste rely

upon the selection of the druggist.

The only correct way to buy tooth

paste is to have an analysis made

of the saliva, both microscopically and

chemically. The microscopic analy-

sis will show the kind of germs which

are causing the decay and which you

have to combat while the chemical

analysis will show whether or not the

saliva is acid and to what extent.

Acid mouths are the cause of much

decay. No two mouths are alike, consequently different mouths call for different tooth pastes.

Addressed containers in which

saliva can be mailed us will be pur-

chased by your dentist or sent

you by filling out and mailing the

following coupon to us. A charge of

fifty cents is made for this service

and in exchange you will receive a

large tube of the tooth paste best

adapted to your case, which in the

future can be obtained from your

druggist.

LOCAL

A. E. Balden is driving a new Studebaker car.

Invite your friends to spend the Fourth in Northville.

The Dearborn schools graduated a class of 20 young people last week.

Mrs. Ada Jackson was able to be taken to Detroit last week. She is gaining slowly.

Mrs. Carl Salow underwent an operation at his Osteopathic hospital in Detroit last Thursday.

Superintendent A. J. Helfrich will attend the summer school at Ypsilanti which will open in a few days.

Mrs. Gerald Taggart is spending two weeks at the home of her sister, Mrs. Howard Boillat, during the latter's stay in the hospital.

Mrs. Howard Boillat, who recently underwent an operation at Grace hospital, Detroit, is getting along nicely and is expected home this week.

Copies of the Paladium, the High school annual, are now on sale. Buy a copy from some of the students and thus help defray the expenses of the publication.

Forger-Me-Not Hire, L. O. T. M. of Northville entertained a number of ladies of the Plymouth Fife, L. O. T. M. at a six o'clock dinner, Monday evening, June 19th, at Forger-hall.

Work of remodeling the Library building has been commenced. The interior of the building will be greatly improved in appearance when the work is completed.

Mr. and Mrs. Ernest Miller were in Ann Arbor Sunday and Monday in attendance at the commencement exercises of the University of Michigan. Their son, Wendell S. Miller, was a member of the graduating class.

Late Saturday night Hills & Horton moved their barber shop from the bank building across the street to John Walker's pool hall, where they will continue business while the alterations are being made.

Mrs. Alvin Sterns and William Leibigreut of Richmond have taken over the business of the Wadlow's remedies for this section, having purchased the agency from Floyd H. Simons, and are now residents of Northville.

J. H. Steers writes The Record to change the address of his paper from 4623 Belmont Place to 5020 Sunset Boulevard, Los Angeles, Calif. He states they were living delightful weather there and were enjoying themselves.

Mr. and Mrs. W. A. Permenter and children attended the commencement exercises at the State Normal college at Ypsilanti. Wednesday forenoon Mrs. Permenter's son, Permenter, was a member of the graduating class, receiving a life certificate from the well known institution of learning. Northville friends will extend their own congratulations.

Forest VanZile is making a great improvement in the appearance of his property at the foot of Main street. The old shed used for a long time for the storage of lumber and building material has been torn down and it is said the residence on the corner will be moved over to the lot where the shed was located and a new modern four-family apartment erected where the house now stands. This improvement will add greatly to that part of the village.

A. N. Kimmis writes The Record from Pasadena, Calif.: That they are soon to start for the east and home. They will make the homeward journey by automobile and will make frequent stops along the way, visiting at Yosemite, Lake Tahoe, Salt Lake City, Denver, etc.

Mr. and Mrs. D. P. Verkes, Mr. and Mrs. L. A. Abbott, Mr. and Mrs. Karl C. Bryan, Superintendent and Mrs. A. J. Helfrich and the teachers of the village schools with their husbands and friends enjoyed a dinner at the pavilion at Cenacqua Shores, Walled Lake, last Thursday night.

Mrs. Anna F. King died at her home on Cadiz street Saturday morning. Her remains were taken to Schrader Brothers' funeral chapel where the services were held Monday afternoon, being conducted by Rev. H. J. B. Marsh. Burial took place at Plymouth. Mrs. King was 59 years of age and is survived by four children.

Three young fellows from Dearborn made a disturbance on the Fishery road near the village spring Sunday afternoon and were taken into custody by Marshal Lyke. They left their automobile as security and appeared before Justice Carl Ely Tuesday morning. They pleaded guilty to being drunk and disorderly and were each fined \$15 and costs. The mother of two of the young fellows appeared in court with them and paid their fines.

Sometime last Friday a sneak thief or thieves entered the residence of W. E. Scotten and ransacked everything from cellar to garret. They were evidently in search of something special and it is said they found a small amount of liquor which had been in the family cupboard for ten or twelve years. The visitors went through Mr. Scotten's clothes, but did not take any personal valuables. Mr. Scotten and his gardener were at work a short distance from the house when the visit was made, but the fellows got away without being discovered.

Miss Margarethe Weiler closed her school year at Flint, this week and left for her home in Mayville.

Boys, there will be some nice prizes offered in the street sports contests to be given here July 4th.

The village schools will close today. We shall miss the boys and girls from our streets for the next few months.

The employees of the Frederick Matthews Shops of Detroit will hold their annual picnic at Cenacqua Shores, Walled Lake, Saturday.

Campbell Brothers' show gave two performances here on Monday. For a small show they carried a number of exceptionally good acts.

The annual Westminster Guild picnic will be held at the home of Mrs. Mary Whipple, Carrie Litsenberger assisting, Monday, June 26th. Please be at the Ambler House at 5:30.

Mr. and Mrs. D. B. Bunn attended the commencement exercises at Ann Arbor Monday, the latter's brother of South Lyon, being one of the graduates from the law school of the U. of M.

At a recent meeting of the Board of Education Mrs. E. H. Lapham was chosen trustee to succeed Mrs. N. S. MacDermid, who resigned when she moved to Highland Park some months ago.

Misses Iris Batch and Eliza Murdock were members of the one year graduating class at the Detroit Teachers College this year. Miss Batch will teach at Bell Branch next year and Miss Murdock in the Bradley district.

Orient Chapter, O. E. S. will hold a special meeting this evening. Supper will be served at six o'clock and work will follow later in the evening. Tickets for supper will be 25 cents. Good attendance is desired.

Crocs in this section are looking especially good just now. While our neighbors over in Wisconsin and Oklahoma are dodging cyclones and those of Texas are being blown out by floods we have been spared and at present prospects continue we will reap a bountiful harvest.

The attention of the Pere Marquette officials has again been called to the over-head bridge in this village by the officers of the Northville Auto Club. It was agreed last year by the officers of the railway company that the bridge should be rebuilt this year. They have promised to give the matter their attention soon.

The crowded condition of the High school auditorium on Wednesday will strain strength to behalf of a movement that ought to be started here to provide Northville with a building large enough to accommodate all who care to avail themselves of the public functions of the community.

Northville people would greatly honor industry if they would start an auditorium in memory of the splendid men and women who were pillars of this town and who laid the foundation for our present beautiful town.

WHO IS OFF THE JOB?

A great program was outlined for the Jewish nation—from slavery to leadership among Oriental people.

In David's time the tribes were a unit in believing God and in enthusiasm to work out their destiny. When Solomon came, to the height of his power and the splendor of reign was spread abroad social justice was forgotten.

As later kings like Ahab were in authority human brotherhood was neglected—wrongs were piled up in heaps.

The history of the Jewish national life illustrates the need of sticking to the divine program.

The Hebrew people quit their job—followed false teaching—let the bad outweigh the good—failed.

TO EXTEND ELECTRIC SERVICE TO FARMS

A committee of 24 has been summoned to confer with members of the state public utilities commission June 27, regarding the possibilities of extending electric light and power service into rural communities, it was announced Monday. Prominent among the committee members are David Friday, president of the Michigan Agricultural college, A. B. Cook, of Owosso, master of the state grain and J. G. Nicol, president of the state farm bureau.

One of the plans which will be taken up for discussion is that of community electricity distribution under this system, a group of farmers would buy electricity in bulk, erect their own transformer station, and maintain their own distributing lines.

NUTRITION.

Red Cross Nutritional Worker For

FOOD FOR THE BABY.

Nature has provided that every child shall be breast fed and for that reason has so constructed mother's milk as to meet the needs of a child in the exact proportions suited to that rate of growth. Cow's milk meets the needs of the calf that doubles its weight in 47 days, while the baby doubles its weight in 180 days. For this reason, the proportions between mother's milk and cow's milk differ markedly. There is no substitute "just as good" as mother's milk, and only when the supply fails entirely, or when there is a serious disturbance in the mother's health, or a failure on the part of the baby to digest the milk, should artificial feeding be adopted. This, as well as the modification of the cow's milk (i.e., changing its proportions so that it can be more easily digested) should be carried on under the physician's supervision.

"Deaths among infants wholly or partially fed upon artificial foods are fifteen times as great, as among those fed upon breast food," is a statement made by the Michigan State Board of Health.

The responsibility does not stop at breast feeding, for in order to have a uniform supply, the mother must take the best possible care of herself. She must lead a regular, hygienic, peaceful life. Eating sufficient amounts of simple foods, avoiding indigestible food or foods spoiling the appetite.

The feeding must be at regular intervals. With definite hours for feeding the quality of the milk is more uniform, the digestive secretions pour out more freely under the stimulus of regular feeding, and the stomach has the required interval of rest between meals. If the baby frets between meals it should be given cool fruit juice, water from a bottle or spoon, nothing more—and above all else, do not use pacifiers. They spoil the shape of the mouth, carry germs, and to the swallowing of course gastric discomfort.

STYLIC CHECKS COPS' ACTIVITY.

Greenfield township which has been maintaining a motorcycle-patrol on Grand River, trying to stop motor car drivers from traveling faster than 20 miles per hour through the township, until discontinued the plan an opinion handed down by Attorney-General Merlin Wiley stated.

The township has been arresting and fining motorists who drove faster than 20 miles through the controlled territory. As a result of this practice the Detroit Automobile Club took steps to ascertain the legality of the plan and Attorney-General Wiley's opinion followed.

Attorney Howard D. Brown, of the Detroit Automobile Club legal department, consulted Colonel Roy C. Vanderbilt, commissioner of the state department of public safety. That official asked the attorney general for a ruling.

Section 21 Act 388, public acts of 1921 amended section 21 act 302, public acts of 1917, was the basis for Attorney-General Wiley's opinion. This section states that a speed of 35 miles per hour is permissible outside of towns and villages. It states that in towns or villages corporate or incorporate, the speed shall be 15 miles in business sections and 20 miles in residence sections. Township boards are given no authority under this act.

In his opinion the attorney-general said: "By this enactment the legislature has established a rule of conduct with regard to the operation of motor vehicles upon the highways of the state which cannot be changed by the local authorities of townships situated wholly outside of the territorial limits of cities or villages. Any other conclusion would permit local township authorities, by local regulations, to nullify and render ineffective the general laws of the state governing motor vehicles."

Township authorities have been informed by the department of public safety that the work must stop. The area effected on Grand River lies between the Meyers' and Town Line roads—Detroit Free Press.

Swiss chard is a vegetable which is not very highly esteemed though it has a great deal to recommend it. It grows profusely in almost any part of this country wherever planted. It has been recently discovered by some experiments in a sugar mill at Yakima, Wash., that the stalks and leaves of this plant are capable of making a very superior paper resembling the parchment made by the Japanese.

RAILROADS MUST REDUCE RATES.

Railroads operating in Michigan were given until July 24 to file exceptions to a general rate reduction of from 10 to 14 per cent by the state public utilities commission Friday.

The railroads appeared in answer to a summons from the commission requesting them to show cause why rates should not be ordered cut in Michigan to conform with the interstate reductions recently ordered by the Interstate Commerce Commission.

Representatives of the roads signified their willingness to drop tariffs on all commodities, except those upon which reductions have been made since the 10 per cent increase became effective in 1920.

General reductions on all roads except on expected commodities will go into effect July 1. The list of exceptions will be filed with the commission for examination.

HORSE SENSE

Some farm buildings seem to be designed and placed so as to make the farmer all the work possible. Horse sense, some skill and forethought would have saved all this trouble. Another mighty poor investment is poor, half-seasoned lumber.

When you decide to put up a new building, rearrange or remodel your buildings, drop around and let's get the thing figured out right. What we know added to what you know ought to get results.

OBITUARY—MRS. ANNA KING.
Anna Trumbull was born in Canfield Township August 12, 1862. In 1881 she was married to George E. King of Wyoming and to this union were born six children, four of whom survived—Mrs. Blanche Lake, Mrs. Nina Tatzka, Mrs. Katherine VanDyne and Clarence King, one daughter, Mrs. Georgia Helen, passed away in 1904, and another, Miss Aggie King, in 1915. Mr. King died in 1916.

A year ago Mrs. King suffered from an attack of malaria from which she never recovered so as to fully regain her strength, still some hope was entertained of her final recovery until a week ago when she suffered a paralytic stroke and passed away last Friday evening. She had been a very patient sufferer, expressing her appreciation of those who served her and her confidence in God to the last. In words of her own choosing: "All her suffering now is over. All her weary days are past. Earthly trials forever ended; Peace and rest are hers at last. On the farther shore she's waiting with her dear ones' gone before, Waiting there to bid us welcome. Wish life's earthly days are o'er."

BANK MOVED ACROSS THE STREET.

The Lapham State Savings Bank opened for business Monday morning in the building occupied by the Loveless Farm company. The counters and big safe, were moved late Saturday night and until the repairs and alterations are completed in the building on the corner the business of the bank will be transacted there.

Contractors were on hand Monday morning and active work of remodeling the building was started.

HENRY H. PICKELL DIES.

The history of one who has lived a long life and whose passing away deeply affects the lives of those to whom he has been dear as husband and father, is not without interest to the people of the community, where the major part of that life has been lived.

Henry Hyatt Pickell was born in 1841 at Farmington, Quebec, Canada.

At an early age with his parents he moved to Leamington, Ontario, where he lived until early middle life when he came to Northville of which place he has been a respected citizen for over 35 years.

For the past few years Mr. Pickell has suffered from the usual infirmities that come with age and declining strength. Last Thursday the final attack came that ended his life and he passed quietly away at 7:45 in the evening.

Mr. Pickell was married February 8th, 1864, at Leamington. Eight children blessed the union, one of whom passed away. He is survived by his wife, three sons—Phyleman, and Lewis of Leamington, and Robert of Northville; also three daughters, Mrs. Alzova Thrille of Spokane, Mrs. Luella Higgins and Miss Ada Belle Pickell of Northville.

Funeral services were held Saturday at his late home and were conducted by Rev. H. J. B. Marsh. Interment took place at Grand Lawn cemetery.

Mike Flannigan Says

Some are satisfied to receive 3½ or 4 per cent interest on their savings, while others—those in the Loan for instance—are receiving from 5 to 8 per cent on theirs.

There is nothing to prevent a person from eating poor eggs when good ones are to be had—it's simply a matter of taste.

While it may be true that "all things come to him who waits" still I have noticed that the fellow who happens to be under the tree when the apples fall is the one who gathers up the choicest fruit.

Do you know that in the Loan ripe, rich, melon, lucious fruit in the shape of Matured Stock is falling four times a year?

Get under the tree and receive your share.
