FROM SCHOOL LIFE TO LIFE'S SCHOOL

The closing exercises in connection
with commencement week were held
at the High school building on Thurs-
day evening of last week, when 29
young people—sixteen boys and thir-
teen girls—received their diplomas
from the hands of the superintendent.
The exercises of the week had been
most enjoyable, but the closing night
—commencement night—was the cul-
mination, the realization of the hopes
and prayers of the members of the
class, their parents and friends.
Northville was proud of the class of
1922, and when the hour for the ex-
ercises to begin arrived, the audi-
torium was packed and many were
standing in the corridors of the
building.

To the professional rendered by
Miss Mulford, the members of the
class, the speaker, Rev. H. Grimwood,
Superintendent Helfrich, and Mrs.
Larkins, principal of the High school,
marched to their places on the plat-
form. Rev. Grimwood offered the in-
vocation in which he asked God's
richest blessing upon our educational
institutions and upon these young peo-
ple who had reached the goal of their
High School life. Miss Ina Wolf from
gave the salutatory in a splendid voice
and expressed the appreciation of her
classmates for all the kindness shown
them by teachers and friends. Jerry
Parre of Wayne rendered a group of
numbers on the violin. Mrs. Parre
playing his accompaniment. Eliza-
beth VanValkenburgh was given the
honor of being chosen valedictorian
of her class and she did her part in a
most praiseworthy manner. The girls'
quartet composed of Bernice Henry,
Arnela Masters, Leona Parmelee and
Della Brooks sang two numbers and
they were given hearty applause.

The address of the evening was
given by Rev. Ames Maywood of the
Cass Avenue Methodist church, De-
troit, and his message had a stirring
appeal not only to the young people
but to all who were present. He
urged his hearers to train themselves
in mind and heart to meet the great
responsibilities of life, and declared
there never was a time when trained
men and women were in such great
demand as they are today.

During his address Mr. Maywood
stated that he deplored the fact that
such brutes as Straub should be
allowed to spend the remainder of his
days behind prison bars supported and
maintained by the state. He declared
the commandment "Thou shalt not
kill" was intended as much for a pro-
tection to society as it was to the
murderer and his remarks were
warmly applauded.

Superintendent Helfrich presented
the diplomas in a few fitting and well
chosen words of congratulation and
admonition. The High school chorus
contributed a number to the program
and Rev. H. J. B. Marsh pronounced
the benediction.

The young people and a few friends
enjoyed a party in the gym at the
close of the exercises.

LITTLEWOOD—GRIMWOOD.

Mr. Wm. P. Littlewood was united
in marriage to Miss Ada May Grim-
wood at the Baptist parsonage, June
23rd, at 2:00 p. m. The ceremony
was performed by the bride's father,
Rev. H. Grimwood, in the presence of
relatives and several guests from De-
troit and elsewhere. The home was
beautifully decorated with numerous
plants and flowers, the color scheme
of the decorations being gold and
white. The bride was attired in a
charming gown of georgette over
white satin and carried an arm bou-
quet.

Many handsome and valuable gifts
received by the bride and groom from
their numerous friends were on dis-
play. After the ceremony a dainty
two-course luncheon was served and
soon after the happy couple departed
to enjoy their honeymoon in the
northern part of the state at VanEtan
Lake, Tocco county. Mr. Littlewood
served as lieutenant in the Royal
Canadian Rifles and was in active ser-
vice in the Bahamas, England and
France for five years throughout the
great war. He is now affiliated with
the Republic Truck Co. in Detroit.
Mrs. Littlewood has been connected
with the office force of the Detroit
Institute of Technology, in the Y. M.
C. A. building, Detroit, since her
parents came to Northville, but has
been a frequent visitor here and en-
joys the goodwill of many friends here
as well as that of a large circle else-
where. They will reside in Wyand-
otte, Mich.

NEXT TUESDAY WILL BE THE DAY

Next Tuesday will be the glorious
Fourth of July and Northville hopes
and expects to play the part of host
to a large crowd of people. The
morning hours will be given over to
street sports of various kinds and a
concert by the municipal band. For
the sports liberal prizes will be given
and they will make lots of fun for all.
Immediately after dinner there will be
an automobile parade and it is hoped
every auto owner will "get in" to
this feature of the day. Prizes will
be given to the best decorated mercan-
tile float and to the best decorated
private car and we may expect to see
some pretty "bitty" turnouts. The
parade will break at the fair
grounds and during the afternoon
there will be three racing events and
a ball game between Northville and
the Fraternal Reserves of Jackson.
The Pinckney team having cancelled
their engagement. The races will be
in three events and we are promised
a good field of steppers. Harry C.
Robinson of Plymouth will start the
"snags."

In the evening, as soon after supper
as possible, there will be a grand
street dance on the pavement. The
streets will be roped off so there will
be plenty of room for all. The band
will furnish music and old and young
may dance to their heart's content.
Later in the evening there will be a
fireworks display and this promises to
be most attractive. The committee in
charge of the display purchased what
is known as a "park set," especially
convenient for gatherings of this
kind. The fireworks will be dis-
played on North Center street.

The business firms of the village are
urged to decorate their stores and
citizens are asked to decorate their
residences. Let Old Glory flutter
make it a red day, and let us all ex-
tend to our guests a real Northville
welcome, and that means a warm and
cordial one.

U. S. INTERVENES IN COAL STRIKE

PRESIDENT DETERMINED TO TAKE DRASTIC ACTION TO BRING SETTLEMENT.

FEDERAL OPERATION POSSIBLE

Unless Operators and Strikers Come to Terms, Production of Coal by U. S. May Be Tried.

Washington—That President Harding is determined to take aggressive action to end the coal strike and bring about the resumption of full production of fuel, was disclosed Monday night following a conference he had with Secretary of Labor Davis and John L. Lewis, president of the United Mine Workers.

Mr. Harding's immediate endeavor is being directed toward bringing the miners and the operators into conference on a settlement of the wage dispute. He sounded Lewis on the acceptance of a compromise plan of negotiation which the miners' leader did not accept, but which the president asked Secretary of Commerce Hoover to put up to the operators at once.

The president indicated that if he should fail to bring the operators and miners into conference within a reasonable time, he will feel compelled to adopt more drastic measures to protect the people from the danger of a coal famine next winter.

One plan under consideration is to ask congress for legislation providing for compulsory arbitration of the differences between operators and miners. It is suggested that the arbitral tribunal might take the form of the railway labor board. Lewis said the miners would oppose and resist any such measure.

As a last resort, the administration is prepared to consider government operation of the mines at least to the extent of opening them to all miners who wish to work and providing armed forces for their protection.

BRITAIN WARNS IRISH LEADERS

Government Will Intervene Unless New Regime Masters Situation.

London—Britain threats to the Irish Free state that the British government is prepared to intervene in Ireland with the employment of military measures, unless the newly elected Dublin government is able to master the situation, were made by Winston Churchill in the house of commons Monday afternoon in concluding the committee policy which Downing street has adopted.

Mr. Churchill also warned the Dublin government that attacks, persecution and reprisals on the Catholic side of the Irish must cease, and the free state must sincerely attempt to heal the wounds with their British troops reinforcing them, they no longer need fear an invasion or an attack.

ACCUSED WIFE NURSES HUSBAND

Mr and Mrs. Hirsch Deny That Shooting Followed Quarrel.

Freeport, N. Y.—The mysterious shooting of Oscar A. Hirsch, wealthy electrical contractor on the lawn of Reine Davies, former movie actress, late last Saturday night took an other turn June 26 when Mrs. Hazel Hirsch released on bail after having been accused of shooting her husband took him home from the Mineola hospital to nurse him back to health.

Both Mr and Mrs. Hirsch denied she had pulled the trigger in a scuffle which had followed their departure from a party given by Miss Davies, the occasion being the return of a sister, Marion Davies, famous movie star, from Europe.

BREAK INTO JAIL TO FREE 2 GIRLS

FLINT YOUTHS ARRESTED AFTER ANSWERING CAPTIVE'S PLEA TO RELEASE THEM.

FAIL IN ATTEMPT AT GETAWAY

Detected Trying to Steal Autos in Which They Hoped to Elude Flint Officers.

Flint, Mich.—Breaking into the Genesee county juvenile home at midnight and assisting two young girls to freedom, caused the arrest Sunday of five young men, now held at the Genesee county jail facing serious charges.

The young men are: William Clark, 18 years old, of 118 Tillingham place; Charles Lauderbach, 18 years old, of Flint; Colin Campbell, 19 years old, of 2022 Pine street; Ralph Kain, 17 years old, and Everett Butler, 16 years old, both of Coleman, Mich.

The escape of the girls, Reva Fleming and Mary Renner, detained until they could be removed to the girls' state reformatory at Adrian, was not discovered until they were captured by the police, six hours after their romantic departure from the home.

About 9 o'clock Saturday night, the five young men were walking with a group of 20 fellows, to the Atherton road and, for a swim, when their attraction was drawn toward the detention home, they say, by the calls of a girl's voice.

The lads, approached the home and the girls asked them to free them from the prison they claim. The young men agreed to come back to the home about 11 o'clock, according to a statement in the hands of police. But, appeared there about midnight. An unsuccessful attempt was made to remove window barriers with pliers and cutters and the girls suggested that the men secure skeleton keys and enter the home through a rear door.

A rear door was successfully opened by the boys, and while three of them stood guard outside two of them slipped in and walked past the quarters of Mr and Mrs. Fred Lauderbach, the matron, to the house where the girls and an officer, who had the boys' messes, were about having the girls taken to the home.

At 1:30 Sunday morning that the girls A. Smith and Schmitt were found to escape a band of youths concerned to steal an automobile on the main street of Flint and Kain and Mrs. Renner were taken by the officers who were told that three other men and a girl escaped. Officers located the second group at the bridge of a road and placed all under arrest.

BEIRN DECLARES MARTIAL LAW

German Capital Uneasy Following the Assassination of Rathenau.

Berlin—Martial law and state of siege were proclaimed in Berlin Sunday following the assassination of Dr. Walter Rathenau, the German foreign minister, that morning. The murderers who were waiting in Dr. Rathenau at his door followed his automobile in another motor. As the foreign minister's car was passing a crossing they fired eight revolver shots and hurled a hand grenade at the victim. Dr. Rathenau was killed instantly. The assassins of whom it is stated there were three, escaped in their automobiles.

The report of the crime spread rapidly throughout Berlin, causing a general uproar. Crowds gathered in the streets discussing the necessity for a general strike which was being prepared by the labor unions. All the roads to Berlin are being guarded by strong detachments of police who are controlling train and automobile traffic to prevent demonstrators from marching on the capital.

WILLIAM ROCKEFELLER IS DEAD

Tarrytown, N. Y.—William Rockefeller, who, with his older brother, John D., built up the family millions in the oil industry, died June 24 of pneumonia, complicated by a recurrence of kidney trouble, at his country estate overlooking the Hudson river from North Tarrytown. He was 81 years old.

To all but relatives and his closest friends the end was unexpected for while he lay fighting death behind the guarded gates to his beautiful acres, no hint was given that he even was ill.

Governor Len Small found him not
guilty in a verdict returned June 24.
The jury was out one hour and 35

Cheers that shook the rafters of
the Waukegan Lake county courthouse

CANADA MAY TAX AMERICANS

Income Tax Proposal, Submitted to
the House of Commons.

Ottawa—Honorable W. S. Fielding,
minister of finance, has introduced in
the house of commons a bill amend-
ing the income tax act whereby Amer-
icans working in Canada and living
in the United States must pay a tax
of eight per cent on all earnings in
excess of \$1,000. No exemptions of
any kind are allowed. This is the
same tax as the United States gov-
ernment recently put into effect upon
Canadians working in the United
States and living in Canada.

The tax is to become effective by
proclamation, which means that all
that is needed for its enforcement is
the stretch of a pen by the govern-
ment.

Novi News.

Mrs. E. J. Verduyn and daughter,
Mrs. Martin Lake, and baby, Jean,
spent Wednesday in Detroit.

Mrs. Lester Woodruff was taken
very ill last Sunday morning, but is
much improved at this writing.

E. J. Verduyn had the misfortune
on Monday to dislocate his right knee
while trimming trees in the orchard
of Adelbert Smith, near South Lyon.
Though suffering at times he can get
about on crutches a few moments at
a time.

Quite a number of ladies met Tues-
day at the home of Mrs. Huey, and
sewed for Mrs. Hamilton and children
who will soon move to Detroit. The
family have lived near Novi but a few
months and in that time have won
many warm friends, whose sincere
good wishes go with them.

WALLED LAKE WARBLERS.

The piano pupils of Mrs. John
DeConick, assisted by William New-
ton, soloist, gave a recital at the M.
E. church on Wednesday evening of
this week, when a very enjoyable pro-
gram was given. Mr. Newton sang
two numbers and the young people of
this section rendered numerous piano
selections, their work being very
creditable and reflecting credit upon
the ability of their teacher.

Mrs. F. R. Erwin died at her home
in Wixom last week Tuesday follow-
ing a prolonged illness. Her remains
were brought here for burial Thurs-
day afternoon, following funeral ser-
vices at the family home. She is
survived by her husband, one daugh-
ter, Mrs. Clarence Wellfare of Wixom;
four brothers, Frank and Horace
Johns of Pontiac; Arthur and W. B.
Johns of Walled Lake.

DETROIT RED ARROWS TO MOTOR TO MEET.

The Red Arrow club of Detroit,
comprising veterans of the Thirty-
second (Michigan-Wisconsin) Divi-
sion, is arranging an automobile car-
avan for the trip to the third division
reunion, Madison, Wis., August 26 to
29. It is announced by Roy C. Mc-
Cormick, vice-president of the club.

Lists are being compiled in Mad-
ison of all members of the division.
It is expected 10,000 will attend the
reunion although the division origi-
nally had an enrollment of more than
30,000.

While the division was in Germany
an attempt was made to sign up
every member as a member of the
Red Arrow club, but many were
missed. In the organization since
division arrived home of various Red
Arrow clubs throughout the country
this idea has been carried out, but
not as completely as it is hoped it
will be following the Madison reunion.

Household articles have been ar-
ranged for 10,000. Representatives
should be sent in as early as possible
to the Red Arrow committee, in care
of the Association of Commerce,
Madison, Wis. The second reunion
was held in Detroit last summer.

FARM BUREAU WILL RE-EXIST MEMBERS.

A second membership campaign for
re-establishment of the thousands of
Michigan farmers who built the Mich-
igan State Farm Bureau has been an-
nounced by Clark L. Brody, sec-
retary-manager of the bureau. The cam-
paign will open in Allegan county on
August 1st. M. L. Moon, prominent
Jackson county farmer and vice-
president of the State Farm Bureau,
will direct the membership drive. He
is one of the state's leading dairymen.

Accomplishments of the bureau in
the past three years as cited by Mr.
Brody include construction of the
most powerful farmers' organization
Michigan has ever known. It has co-
operated with other farm organiza-
tions in the state so successfully that
the four great commodity marketing
exchanges—the Potato Growers, the
Milk Producers, the Live Stock Ex-
change and the Elevator Exchange—
have affiliated with the Farm Bureau
in the working out of common in-
terests.

Within the past two years the Farm
Bureau has also given great stimulus
to the co-operative marketing move-
ment in Michigan. It has built the
greatest co-operative seed handling
agency in the nation, an agency that
is a pioneer in guaranteeing all its
seed. The bureau also built the lar-
gest and most successful state Elevator
Exchange in the United States. It
consists of 101 local elevators
marketing through a central agency.
The bureau's purchasing department,
transportation, taxation, and legisla-
tive departments are declared to have
been of great service to Michigan
farmers. The Michigan Farm Bureau
blazed a path in co-operative market-
ing by being the first institution of
its kind to work out a state-wide
farmers seed and supplies purchasing
agency and put them on a successful
basis.

Costs Money to Keep Mines Dry.
One of the big expenses of a coal
mine is the continual pumping of wa-
ter to keep it dry. In the average
underground mine, 18 tons of water are
pumped from the mine for every ton
of coal mined. And in some mines it
runs up to 27 tons.

NORTHVILLE, MICH., JUNE 30, 1922.

WON BY HARD WORK.

Ray Casterline Is Now a Licensed Undertaker.

On May 28th Ray Casterline of this village went to Lansing where he appeared before the State Board of Health for an examination as to his qualifications as an embalmer and last week he received word that he had successfully passed and he now has his diploma or license as an undertaker. This reward came to Mr. Casterline as a result of hard work and persistent study, and his many friends and acquaintances in this community will rejoice in his success.

Mr. Casterline came to Northville about the time the Northville & Plymouth Gas Co. began operations here and was employed by the company for a period of three years, the last two being manager of the Northville office. On March 15th, 1918, he enlisted in the service of his country and spent fourteen months as a member of 659 motor truck company. Soon after receiving his discharge he accepted a position with Schrader Brothers succeeding his brother, Clifford Casterline, who had been in the employ of the firm for a number of years. He soon won the confidence of his employers and by strict attention to business made for himself a place in the business life of the community.

Quiet and unassuming in manner he did whatever tasks that were assigned him in a satisfactory manner and Mr. Schrader more and more relied upon him and the confidence thus reposed was fully merited.

He took a keen interest in the matter of embalming and soon began the study of the subject with the desire to some day take the examination. While some of his position might have been during the time away he was at work in an endeavor to fit himself for his chosen profession. Sometimes discouraged, but never disheartened, he kept at work and the day for the final examination came at last, and he was among the successful ones to receive a license. Thus equipped and authorized he can now conduct a funeral if occasion requires that he should do so at any time, and those employing him for this service may rest assured there will be no disappointments. He has had practical experience in this line and as he has always taken pride in doing whatever he did well, he will not attempt anything that he cannot do in a creditable manner.

Just before his enlistment Mr. Casterline was united in marriage to Miss Anna Kregor and they are the proud parents of a little son, who looks more like his father every day.

WALLED LAKE WARREES.

The Oakland County Brotherhood held its annual picnic at Cenuqua Shores, Walled Lake, Wednesday and a more delightful day for an outing could not have been chosen. During the afternoon there were numerous field sports, including, of course, a baseball game. Supper was served at 6:30 in the large room over the new house with music by the Oddfellows orchestra of Pontiac.

During the evening a very enjoyable program was given. W. H. Hutton presiding. The Rochester male quartet furnished a number of musical numbers and addresses were made by Dr. S. Sutherland of Clarkston; Dr. E. W. Warren of Detroit, and Dr. W. Leeson of Ann Arbor.

AND OTHER THINGS.

Don't go on picnics to forget everything. This usually includes salt and pepper for the eggs—Pontiac. And occasionally the cash and the cork screw.

THE TOOTHWELL CO.

The Toothwell campaign is as its name signifies, a campaign for better teeth. This campaign is national wide and is organized and carried on by the Toothwell company, a company of progressive dentists who have found its preparation to be without a peer for the purposes for which they are designed. These preparations include a remedy for pyorrhea, for spongy and bleeding gums, a tooth paste for acid mouths, one for alkaline mouths, one for normal mouths and one to be used in conjunction with the Pyorrhea remedy.

Many teeth are ruined by use of improper tooth paste. Most people when buying their tooth paste rely upon the selection of the druggist. The only correct way to buy tooth paste is to have an analysis made of the saliva, both microscopically and chemically. The microscopic analysis will show the kind of germs which are causing the decay and which you have to combat while the chemical analysis will show whether or not the saliva is acid and to what extent. Acid mouths are the cause of much decay. No two mouths are alike; consequently different mouths call for different tooth pastes.

Addressed containers in which saliva can be mailed us will be furnished you by your dentist or sent you by filling out and mailing the following coupon to us. A charge of fifty cents is made for this service and in exchange you will receive a large tube of the tooth paste best adapted to your case, which in the future can be obtained from your druggist.

MUST OIL ALL RAILROAD CROSSING APPROACHES.

Railroad crossing approaches on all state highways, are to be oiled for a distance of 500 feet, it was announced by the state highway department Friday.

The announcement follows a decision of the state public utilities commission that a number of crossing accidents have been due to dust. Several wrecks have been reported on crossings where open views of the track are afforded in both directions, and the commission, lays the blame to dust clouds.

MAIN STREET SPEEDERS LIMITS 15 MILES HOUR.

(By the Associated Press).

The speed limit on main street, in any Michigan village or city, is 15 miles an hour. This was decided Tuesday in an opinion sent to Colonel Roy C. Vandenberg, head of the state department of public safety, by Merlino Wiley, attorney general.

A number of complaints have been received to the effect that village officials, in their zeal to make of main street a haven of safety, have placarded their streets with signs limiting the speed to less than that prescribed by the state law. The attorney general holds that the state law, which provides for 15 miles an hour on business streets, 20 miles in residential sections and 35 miles on country highway stands except in city parks.

Signs and banners for the Fourth will be in Northville the rest of the week. Leave orders at Buell's Hardware 50wlp.

AUTO OWNERS, ATTENTION!

Certificates of ownership for automobiles must be secured at once or owners may get into trouble after July 4th. The secretary of state gives notice that the law, which imposes heavy fines or imprisonment will be enforced at once. If you have not applied for a title, do so at once.

Mr. Neal will be in his office in the Northville Auto club office, (Record office building), every day this and next week to aid those who desire assistance in filling out the proper blanks.

Soon after the first of the month as the checking can be accomplished, the secretary of state, it is announced, intends to send a list of all automobile owners not having applied for certificates of ownership, to the various city, county and township officials, as well as the state police, and they are to be called into court where a severe fine may be handed out.

FIRE AT WALLED LAKE.

Last Wednesday afternoon fire destroyed two cottages in the grove at Walled Lake and threatened others near by, which were saved only by heroic work.

The one in which the fire started belonged to George Rulford, of Detroit, and the only one in the cottage was a boy. The fire was caused by the explosion of a stove. George Hawkins' cottage next to it caught fire and burned down. All that was left of the two was a fireplace and chimney. Both were insured.

The roof of F. J. Schmidt's cottage next was covered with rugs and blankets and kept soaked with water and was only scorched slightly.

A bucket brigade was formed by men from the village and surrounding country and the Farmington fire department was called and came at once but the fire was nearly extinguished before they arrived.

Early Lane was overcome by the heat and collapsed and though a physician was on hand it took nearly three quarters of an hour to restore him to consciousness.

A petition was at once circulated asking for the formation of a fire department there and was largely signed.

Come to Northville next Tuesday
and remain as long as you like.
Remember, the free dance on the
pavement July 4th. There will be
great fun.

Miss Ina Wolfson is attending the
Detroit teachers' college and expects
to teach next fall.

Miss Ruth Yerkes left Monday
night for Interlochen, where she will
spend several weeks.

Mrs. H. B. Clark, who has been quite
ill, is improving, a fact her many
friends will be glad to learn.

The annual meeting of the Detroit
Conference of the M. E. church will
be held in Pontiac in September.

Next Tuesday will be the glorious
Fourth. There will be big doings in
Northville during the day and evening.

One week from Sunday there will be
no ball game on the home grounds.
Northville will go to Holly on that
date for a game.

George Johnston, the jeweler, has
not been feeling well for some weeks
and he is spending the week in De-
troit consulting a specialist.

G. H. Baker, agent for the Jackson
Fence Co., announces news that
will be pleasing to farmers. Prices
of Jackson fence have been greatly
reduced.

Mrs. Fred Allen of Orion has just
passed the undertakers' examination
at Lansing, and has her certificate.

Mrs. Allen is a daughter of Mr. and
Mrs. Elroy Murdock of this place.

W. H. Elliott and A. C. Healey re-
turned Friday from their fishing ex-
cursion and they brought home some
"real fish too."

The Record was kindly
reminded with a good sized pike.

Madame Keeney accompanied Miss
Marion Mulford to her home in Chi-
cago last Friday. She left Chicago
Thursday for Iowa, where she will visit
her grandparents for several weeks.

The library board will meet Satur-
day afternoon at the usual hour and
a good attendance is desired. The
library will not be open Saturday
afternoon owing to the repairs being
made.

If Walter Fox, whose home is at
Ellisabethtown, Pa., is in this section
his people desire that he should re-
turn at once. His father is critically
ill and is constantly asking for Walter.

The new Perrin block is nearing
completion. For the accommodation
of Fourth of July visitors Messrs.
Perrin will arrange a public rest
room and they invite all to make
themselves at home.

Mr. and Mrs. John McCully are to
occupy the new over Kato's cloth-
ing store. Mrs. McCully will have
her millinery parlors there and the
adjoining rooms will be fitted up for
housekeeping purposes.

Members of the Clover Leaf club of
this village enjoyed an outing at the
home of Mr. and Mrs. S. A. Lovewell
at Silver Lake, on Monday. They
left the village early and arrived in
time for breakfast. It was a merry
crowd and the outing was a most de-
lightful one.

Northville won its game with the
Ramulus team last Sunday to the tune
of nine to four. Next Sunday after-
noon the Havon Oyl team of Detroit
is coming out for a return game. The
visitors won the opening game from
Northville and they are coming out
to repeat if they can.

A message was received on Tuesday
afternoon, by Rev. and Mrs. E. V.
Bailes telling of the sudden death of
a sister-in-law. Mrs. Charles D.
Belles of Dupont, Pa. Mrs. Belles
has gone east to attend the funeral
services, it having been impossible for
Mr. Belles to leave at this time, and
before returning will spend a few days
with her mother in Kingston, Pa.

The friends and acquaintances of E.
O. Blood in this section will regret to
learn of his death which occurred at
his home at Belding June 19th, after a
short illness of sleeping paralysis.
Mrs. Blood has gone to Grand Rapids
to reside, being located at 502 11th
street, N. W., that city. Friends in
Northville will join The Record in ex-
pressing their sympathy to the be-
lieved family.

The seventh annual reunion and
banquet of the Northville High school
alumni association will be held at the
High school building this afternoon
and evening. Albert Holmes will
officially act as toastmaster. A very in-
teresting program has been prepared
for the occasion and it is hoped there
will be a large attendance. Rev. M.
S. Rice of Detroit will deliver the ad-
dress of the evening.

A quiet but very pretty wedding was
witnessed by a few friends last Sat-
urday evening when Miss Russell
Dawson and Miss Irene A. Kaiser,
both of Detroit, were united in mar-
riage at the home of Mr. and Mrs. W.
G. Taft on West Main street, the groom
being a brother of Mrs. Taft. The
house was tastefully decorated with
palms and ferns, and the bridal party
stood under an arch of pink climbing
roses. Mr. Walter H. Sonneman of
Detroit was best man, and the bride
was attended by Mrs. Gertrude H.
Cushman of Detroit as matron of hon-
or. Rev. E. V. Belles of the Presby-
terian church performed the ceremony.
The couple left by boat Saturday
evening for Cleveland and will spend
some time in New Richmond, Ohio,
Mr. Dawson's former home.

summer school at the U. of M.

Woman's club will be held on Friday
afternoon, July 14th, at the country
home of Mrs. F. J. Chapman.

London, Iowa, Journal, and a former
Michigan newspaper man, visited E.
B. Brown Monday and Tuesday.

Alstern theatre will present "Over
the Hill," the picture that recently en-
joyed such a popular run in Detroit.

Born to Mr. and Mrs. E. M. Stark-
weather, Friday last, a son, weighing
9½ pounds. Mr. Starkweather is
about the proudest and happiest man
in this section. The name chosen for
the little son is Eugene King.

Manager W. J. Thompson of the
Alstern theatre has booked "Over
the Hill" for Monday and Tuesday
next. This will be his fourth of July
offering and it ought to draw large
crowds.

B. E. Larsen is attending the sum-
mer school at the Michigan University
at Ann Arbor. He has accepted a
position to teach in the city schools at
Ames, Iowa, next year. Iowa is his
native state.

A letter from Carl Van Valkenburgh,
who recently opened a new drug store
at Center Line, out Van Dyke avenue,
states that business is opening very
satisfactorily, much better than he
had hoped for.

This office will be closed at noon on
Saturdays during July and August.
Patrons will please take note of this
fact and govern themselves accordingly.
It is impossible for members of
our force to get away for an extended
vacation, so we are going to have our
Saturday afternoons for a brief recrea-
tion periods.

Capt. G. R. Hook of the divisional
home service department of the Sal-
vation Army, Detroit, was in North-
ville on Wednesday and in an address
before the Exchange club at its noon
luncheon, presented the claims and
needs of the organization. Instead of
having solicitors go about asking for
contributions every few weeks, the or-
ganization is now conducting drives
and is trying to raise the required
amount to maintain their work in a
business-like manner. A little later
a drive will take place here in North-
ville and every citizen will be asked
to help. The Salvation Army has
done and is still doing a wonderful
work and it is worthy of the support
of all.

cept on Saturday nights when it will

that date. Patrons of the office will
please bear this change in mind.

"I'LL TELL
THE WORLD"
Is more than a slang phrase. It
is full of meaning to the observant
one.
The great broad-casting stations
are telling things to countless
thousands, near and far. "The
world is a whispering gallery"
sure enough.

Ezekiel—an exiled Jew in Baby-
lon—heard a radio program that
made him think for a week.

Ezekiel was ordered to open a
broad-casting station on the River
Chebar. He was to send out
messages of instruction and en-
couragement and inspiration to
his fellow slaves.

What are we telling to the world
six or seven days a week? Would
we like to have others "listen in?"
Ezekiel was a modern chap al-
right—better come and hear
about him.

INFANT DEATH SEASON IS OPEN.

"Lookout for the baby and the milk supply." With the coming of summer these words resound into every home from every division of the state department of health. Infant death rates since 1911 have been on the decrease and the enlargement of the bureau of child hygiene this year gives hope of further lowering.

Placing herself firmly on a platform in favor of the proverb that "none cares to be accused of locking the stable after the horse is stolen," Dr. Blanche M. Haines, newly appointed director of the bureau of child hygiene and public nursing of the state health department, today sounded a warning to mothers of babies less than one year old. "This is a season of the year," says Dr. Haines, "when the infant mortality rate begins to climb."

"July has always been the signal for increased deaths among infants." Figures compiled in the vital statistics bureau for 1921 show that the death rate began to increase in July and continued upward until September.

HOME TALENT WILL FEATURE FARM DAY.

With President David Friday, and I. Whitney Watkins, chairman of the State Board of Agriculture, listed as the main speakers for the summer Farmers Day meeting at M. A. C. on August 4th, home talent will feature the great gathering.

The program, as announced this week by E. B. Hill, chairman of the college Farmers' Day committee, will be short but interesting. President Friday will discuss the present economic situation of Michigan agriculture, tracing influences which have led up to the present and weighing the possibilities for the future.

Mr. Watkins, one of the state's most active and successful farmers in addition to his official duties with the State Board of Agriculture, will represent the "practical" farm side of conditions, and at the same time discuss the plans for future development of M. A. C.

Dean R. S. Shaw, of the agricultural division at M. A. C., will preside, while the famous Reo Motor Car company head is to play numerous selections during the program. One or two other speakers may be added later, according to the committee.

Inspection of the college experimental plots, laboratories and barns; a picnic lunch on the college campus, and interviews with the various agricultural specialists are other features which will make the day a busy one for the assembled farmers and their families. More than 3,000 were in attendance last summer, and an even larger crowd is expected on August 4th this year.

HERE'S A GOOD ONE.

The following fish story is especially directed for the attention of W. 12 Tin-bacon, R. E. and S. A. Low-well.

I am, who said he had a cottage, at Press Lake dropped into a store peddling in fishing tackle, Thursday. He told Lou J. Erdinger, the manager, that he was using a phonograph to lure the fish to his lines.

"I was out canoeing one evening," the man said, "and had a phonograph playing in the bow. I shifted my position and locked my craft so that the phonograph slipped out into the water. It happened to hit the bottom right side up and kept right on playing."

"The water was about six feet deep and very clear. While I was marvelling at the mechanical aspects of the accident, I noticed fish of all sizes beginning to congregate around the instrument. Soon the water was teeming with them."

"That gave me a big idea. I got some large records and a repeating device and experimented. I suspended several baited hooks in the water near the phonograph. When I lowered the instrument into the water not a fish was to be seen. In a short time, an eager audience of fish would swim up at top speed. While enjoying the concert, many of them would bite. All I do now is to set a machine going, submerge it, and then I get fish just as fast as I can pull them out."

"I am now experimenting with different kinds of music—jazz, singing, violin, etc., and will let you know how I come out."

"So far I can only say that apparently carp are most fond of Hawaiian pieces."—Detroit News.

Walled Lake Warbles.

W. H. Hutton, who has many friends and acquaintances in this section will be pleased to learn that he has purchased the Fred A. Parmenter general store at Walled Lake and will continue the business. Mr. Hutton was engaged in the mercantile business here for a number of years, first as a clerk and then in a business of his own. For the past few years he held a responsible position with the Chase and Waite stores at Pontiac. He has a home at Walled Lake where he has been spending most of his time for the past year.

If experience and personality counts for anything he will enjoy a fine business at Walled Lake.

Prof. J. H. Simonds and son, Paul, leave Saturday for Denver, Colo., where the former has a summer chorus class.

A movement is on foot to extend a telephone line from Northville to Novi to connect with the Warner-Whipple line.

E. K. Burnham left yesterday to join the U. S. Ash commission car No. 2 at Quincy, Ill. He is succeeded at the Northville station by A. T. Stewart.

George McFutire, who took a bicycle belonging to Art Buzzell on June 20, has been ordered by the justice to be sent to the Industrial school at Lansing until 17 years of age.

Friends to the number of 12 gave Mrs. John Ambler a birthday surprise at the home of her son, Tuesday afternoon and presented her with a set of fruit plates. The party was nicely arranged by her daughter-in-law, Mrs. Ada Ambler.

The funeral of Mrs. Wm. Blair occurred from her home last Sunday afternoon, Rev. Ward officiating. She leaves a husband, three sons, Al of Clarkston, Edward of Lansing, and Will of Gregory; and two daughters, Mrs. Ella Leonard and Mrs. Jennie Rich, of Northville.

Last Friday while plowing one of his fields, G. B. Benton unearthed a curiosity in the shape of a tomahawk. It has probably lain there for years as the land had been in the family since 1824 when it was taken up as government land by Mr. Benton's father, and this tribe has been plowed but three times.

Miss Mayde Hudson, daughter of Rev. and Mrs. G. W. Hudson, has the honor of winning the Otto-Roeser University scholarship. The scholarship goes to the high school graduate of the highest standing who will agree to enter the Michigan University and complete a four years' course. Miss Hudson has completed the classical course.

STATE'S CROPS HAVE DECLINED IN VALUE.

A Washington dispatch states that the total value of farm crops produced in Michigan in 1921 was \$201,700,000, and of animal products from the farms of the state, \$161,300,000 by the department of agriculture.

These totals both show a large decrease from the figures for 1919 and are considerably below those of 1920, but the decline is attributed principally to the fall in prices of farm products since 1919, and is generally observed in similar statistics for the rest of the country.

The value of all farm crops in the United States dropped from \$15,422,500,000 in 1919 to \$7,027,300,000 in 1921, while the value of animal products fell from \$8,360,500,000 to \$5,238,800,000 in the same time.

As the shrinkage in the aggregated totals represents about 45% in Michigan and about 4% in the whole country, Michigan's decline was slightly below the average.

Other commodities, those things the farmers have to buy, have not declined in price to the extent that farm crops have and our farmers will not be near prosperous until prices are adjusted all around.

WHICH is the big mileage tire of today? All over the country men are talking right now of the remarkable wearing quality of Fisk Tires. The reasons are obvious. Look over any Fisk tire and judge for yourself. You are bound to find extra size, strength and resiliency and with these, good looks and a tread that gives real protection.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon.

Mike Flannigan Says

Some are satisfied to receive 3% or 4 per cent interest on their savings, while others—those in the Loan for instance—are receiving from 5 to 8 per cent on theirs.

There is nothing to prevent a person from eating poor eggs when good ones are to be had—its simply a matter of taste.

While it may be true that "all things come to him who waits" still I have noticed that the fellow who happens to be under the tree when the apples fall is the one who gathers up the choicest fruit.

Do you know that in the Loan ripe, rich, mel-low, luscious fruit in the shape of Matured Stock is falling four times a year?

Get under the tree and receive your share.
