AMBROSE WYRICK AND ASSISTING ARTISTS AT THE CHAUTAUQUA

TO those who have heard Ambrose Wyrick, nationally known tenor, it is only necessary to say that he will appear on the third day's Chautauqua program, at both the afternoon concert and the evening musical prelude. To those who have not heard him we want to say that Ambrose Wyrick is one of those wholesome singers, of the John McCormack type, who, whether he is singing a song from grand opera, or a simple, little ballad, puts a certain something into it which makes it different—fills it with life, meaning and delight. When it is announced that Mr. Wyrick will be supported by two superb artists, Ethel Murray, noted English cellist, whose recitals abroad and in this country have endeared her to the music-loving public; and Earl James Judie, concert pianist, a crowded tent may be anticipated. Our Chautauqua committee takes particular pride in presenting this artist company.

ALLPRESS, ALL-STAR COMPANY

A TRIO of artists each a master in his or her particular line, each a soloist of marked ability, forming an ensemble most pleasing and delightful—a company with a record of uninterrupted success, praised by the press and the public and enjoyed by the musical critic and the layman. This is the Allpress All-Star Company. Thomas Allpress, master violinist and former instructor of violin at the University of Nebraska; Marcella Coyle, arctic cellist; and Amy Hanna Allpress, pianist and reader, combine their remarkable talents in this organization for your pleasure on the first day of the Chautauqua. They will present a full program in the afternoon and the prelude to the lecture in the evening.

LeCLERE CONCERT COMPANY

EXCELLENT GROUP OF CHAUTAUQUA MUSICIANS

THIS company, with a primary instrumentation of violin, flute, harp and piano, will provide a musical program on the fourth afternoon of our Chautauqua. Soprano solo, costumed readings, harp solos, saxophone solos, violin solos, flute solos with harp accompaniment, and other numbers make up a program of pleasing variety. This organization, which plays classical music popularly, and popular music classically, will delight and entertain the most critical of Chautauqua audiences. Darthea LeClere, harpist, saxophonist and pianist, heads this splendid organization. With her are Miss Faye Adams, soprano soloist and reader; Miss Martha Winkenhof, violinist and Mr. Louis Brownell, flute soloist.

WASHOUT CAUSES WRECK OF TRAIN

ABOUT 50 KILLED WHEN SPECIAL GOES OVER BANK NEAR CAMDEN, N. J.

RETURNING VACATIONISTS DIE

Relief Flyer Carrying Nurses and Doctors Rushed to Scene to Care for Many Injured.

Atlantic City, N. J., July 7.—Fifty persons were reported killed and several hundred injured in the wreck of a Philadelphia & Reading train, packed with vacationists, at Winslow Junction, between Camden and this city, early July 3.

Seven cars of a 12-car train went over the railroad embankment at Winslow Junction. The accident was said to have been caused by a track washout due to the violent rain storm of Sunday night.

Summoned by telegraph and telephone calls for help over a radius of 20 miles, physicians, ambulances, police and firemen equipped with relief outfits, lanterns and torches were hastening to the scene. A relief train left here with stores of doctors and nurses. Another has left Camden. Both trains will pick up additional rescue workers along the route.

Trainmen arriving here aboard a New York empty, sent back from New York to handle outgoing traffic Sunday, declared the wrecked Reading express which runs under the Pennsylvania bridge at Winslow could be seen as it crossed the south bound tracks, where it had plunged down the embankment.

One of these men said the engineer apparently had gotten the wrong signal and had taken the cutoff to the Cape May branch.

From the indications, he said, the train had reached the Winslow Junction spur during a heavy rain storm, and in some way the signals had been confused. The clear signal for the Atlantic City route is above that of the Cape May branch, and rail road men believe the engineer got this light instead of his own and hit the cutoff at the peak of his speed.

Meager reports by telephone said that the intense darkness at the foot of the embankment was greatly hampering the rescue work. Lanterns, flashlights and even lamps from the surrounding farmhouses were pressed into service to aid the work of the men and women who hurried to the scene.

Other conditions for this week have been called.

"WETS" SCORE SHIP BOOZE SALE

Anti-Prohibition Organization Declares It Contrary to Law.

St. Louis, July 7.—A letter protesting against forbidden beverages on United States shipping board vessels, has been sent to President Harding by the Missouri branch of the Association against the Prohibition Amendment, Inc. It was signed by former Federal Judge Henry S. Priest, president of the Missouri branch of the organization. The letter declared the "letter and spirit" of the prohibition law should be enforced as rigidly as "the easiest way to demonstrate their folly."

TWO EARTHQUAKES RECORDED

Georgetown Seismograph Detects Shocks 500 and 3,800 Miles Away.

Washington.—Two earthquake shocks were registered on the seismograph of Georgetown university Sunday, one in the afternoon apparently being "local" and possibly in the United States at a distance of 700 or 800 miles from Washington. The other was felt in the morning but was at a distance, estimated to be about 3,800 miles away. The one in the afternoon continued from 4:28 to 4:35 o'clock but was not as pronounced as the one in the morning.

Erect Barracks at Marquette.

Lansing.—Erection of barracks at Marquette prison to house the state police detachment now at Negaunee and the construction of a new factory building at the institution was authorized by the state administrative board. Upon recommendation of Governor Groesbeck, the state architect was directed to prepare plans for an addition to the prison cell block. The governor also suggested that the walls of the prison be moved to give inmates more recreational space.

Wolverine News Brevities

Sault Ste. Marie.—Richard Martin, 101 years, died here June 27. He was a bachelor and lived on a farm near here 45 years.

Hart.—The board of supervisors adopted a resolution to submit to the voters at November election a proposition to raise \$35,000 for a new county infirmary.

Benton Harbor.—The Berrien County board of supervisors granted the Indiana & Michigan Electric Co. permission to construct a \$1,000,000 dam across St. Joseph River at Kings Landing.

Owosso.—Mrs. Lavonia Holton, of this city, has sued the Michigan United Railway for \$2,000 damages for injuries alleged to have been received when she was thrown from a street car.

Saginaw.—The Grand Trunk railroad has been held blameless in the death of William F. Boertmann, who was killed by the road in a jitney bus accident in 1919, and whose estate sued for \$20,000.

Grand Rapids.—Fred Berry, 22 years old, son of ex-Sheriff Charles Berry, is in a critical condition as a result of injuries suffered when he dove into shallow water at the Manhattan bathing beach, Reed's Lake. It is believed his neck is broken.

Owosso.—Proposal of farm organizations that Owosso's Chamber of Commerce join with the farmers in arranging a county-wide picnic as a means of bringing merchants and farmers into closer touch, was accepted by the chamber of commerce.

Ironwood.—City council here voted to buy two motor busses to operate a municipal bus line to outlying districts, despite the fact that the street car company, several weeks ago threatened to cease operation of cars here. Action will increase the total number of busses on the line to seven.

Oral.—Hans Carlsen, 68 years old a farmer living near Trufant, was killed on the road south of Lakeview when the big truck in which he had been riding tipped over onto him, just after he had jumped from it to avoid an accident. R. B. Caldwell, of Trufant, the driver of the truck, escaped unhurt.

Detroit.—Charles G. Jones, reputed head of the brokerage firm of L. J. Sinkala & Company, through whose fraudulent maneuvers investors lost upwards of \$1,000,000, was sentenced to serve two years in the house of correction and a fine of \$2,000, the maximum penalty for conspiracy to defraud. The case will be appealed.

Flint.—Charles E. Chas. county attorney collected 11 salaries illegally, Superior Judge Fleming introduced a resolution before the board of supervisors requesting that body to authorize prosecuting attorney Harry Chas. to institute proceedings immediately to recover the alleged excess payments for the last six years.

Flint.—Howard of \$100 was offered by a gambler to the masked man who held up Theodore Dickman, robbed him of money and valuables and then shot him in the forehead. Dickman is expected to live. The man's victim is the engineer of the city water works. He was returning home after a visit to a nearby town when the attack was made.

Lansing.—Auditor General O. B. Fuller was ordered to halt the payment of bounty claims to counties and an investigation into the matter of bounty payments by the state conservation department was authorized by the state administrative board. According to a report made to the board, \$185,000, or a \$260,000 appropriation for bounty claims has been expended. The remaining \$75,000 must meet all claims for another year.

Kalamazoo.—Kalamazoo milk consumers will be protected by what is said to be the most drastic ordinance in Michigan. The new ordinance requires a tuberculin test on all cattle used to supply milk to this city, regardless of whether the milk is pasteurized before it reaches the market, prohibits the sale of milk with greater than 30,000 bacteria per cubic centimeter, and requires the use of umbrella-shaped lids for milk cans.

Saginaw.—Commissioner Phoenix, who presides over the department of parks in the city commission, must settle a point as to whether playground apparatus constitutes a nuisance, as 51 residents of the first ward have asked the council to declare the apparatus a nuisance and remove it, holding that children play there until all hours of the night. While the 51 ask that the apparatus be removed, there are 696 folks in the same neighborhood ask that the apparatus and playgrounds be continued.

Lansing.—Detroit Edison Co. rates were ordered cut by the Michigan public utilities commission the reduction taking effect July 1. The order is a temporary one, pending appraisal of the company's property and the commission announces that if the coal strike continues and the rail strike materializes so as to send up the price of coal, it will feel obliged to readjust the rates. Lighting rates are cut from 14 cents per kilowatt to 12 cents, and power from \$4.50 to \$3.50 for under 100 hours and from \$3 to \$2.50 for more than 100 hours a month.

E. E. BROWN, Publisher.

An Independent Newspaper published every Friday morning at Northville, Michigan, and entered at the Northville postoffice as Second-Class matter.

NORTHVILLE, MICH., JULY 7, 1922.

TWENTY-FIVE YEARS AGO

Items taken from The Record files of 1897 for the week corresponding to this week.

Mabel Lundy of Toledo is visiting Mrs. L. Hake.

Born to Mr. and Mrs. D. C. Bliss, July 3rd, a boy.

F. B. Quigley returned home from Cincinnati last week.

Dr. Elliott has opened an office over Holmes, Dancer & Co's store.

Charles Blair is home on a three weeks' visit from Toledo, Ohio.

Phillips & Co. shipped this week a laundry outfit to Cape Town, South Africa.

Little Bernice Burgess of Grand Rapids is spending the summer with friends here.

Mrs. Homer Shepard of Battle Creek has been visiting her sister, Miss Olive Shepard.

Miss Minnie Fendt of Farmington, visited her sister, Bertha, from Saturday till Monday.

Mr. and Mrs. Hollingshead of Detroit spent the week-end with Harrison Yerkens and wife.

Frank Shafer and family of Hillsdale, have been visiting his father, D. K. Shafer for a few days.

As a result of the recent teachers' examination at Detroit, Miss Hattie Daniels was granted a first grade certificate.

Dr. and Mrs. Elliott and Mr. and Mrs. Thistle now occupy the Ely house which was recently vacated by Mr. Dancer.

The very pretty floral star on Mr. Neal's lawn is the design and arrangement of J. M. Dixon of the Northville greenhouse.

Saturday and Sunday were the hottest days of the year. The thermometer register jumped around thirty where from 92 to 100 in the shade.

Dr. Carrothers' dentist of Detroit has just moved Mrs. Rockwell's house and is now occupying it. A portion of the house he will use for dental office.

Before the sermon to be given Sunday morning, in the hearing of all of Northville's civic leaders, the city will be checked over at the Presbyterian church.

Miss May Giger, who has been ill for over two years, has improved sufficiently to make a trip with her sister, Mrs. Stevens, to Spokane, Wash. She expects to remain a year.

Word of the sixtieth-year old son of James Clark, died Sunday morning of pneumonia. An operation was performed in the hopes of saving his life but it was not a success. Arrd was born in 1861 and was a bright and promising young man. The funeral was held Tuesday, Rev. Ward officiating.

Miss Carrie B. Haves of Milford, and Henry P. Fry were married in Pontiac by Rev. Stevens on Thursday July 1st. Their attendants were the bride's sister, Mrs. Mae Chappell, and Winnifred Ketchum of Milford. Mr. and Mrs. Fry will reside in Northville, the groom being a member of the firm of Fry Bros. & Co.

George Hillis, a well known farmer living northwest of town, was fatally kicked by his horse Monday night. Funeral services were held from the home yesterday afternoon, Rev. Boyden of Kalamazoo officiating. Deceased was born in Batavia, N. Y. in 1837 and came to Michigan when a mere child. In 1880 he married for his second wife Louise Lercheon, who with five sons and two daughters, besides two children by the first wife, survive him.

THE VALUE OF CO-OPERATION.

The success of Monday's celebration clearly demonstrated the value of co-operation. The officers and directors of the fair association did not feel that they cared to take the responsibility of putting on a full day's celebration, though they desired to have a base ball tournament and race matinee for the afternoon. The matter was taken up with the officers and members of the Exchange club, who offered to care for the forenoon and evening entertainment and as a result of that spirit of co-operation the celebration was a success and Northville was widely advertised.

A splendid program was given throughout the day and evening and it only cost the people 35 cents apiece—the price of admission to the races and ball game.

PRESBYTERIAN CHURCH NOTES.

The summer communion service will be held next Sunday morning, July 9th at 10:30 o'clock. Reception of members at this service. Even if you have started to take your summer vacation from church, make it a point to be at this service. It will give tone and zest to both work and recreation during the coming months. Sunday school at 12:00 noon. Evening service of worship, with sermon, at 7:30.

BAPTIST CHURCH NOTES.

Services both morning and evening next Sunday, with preaching by the pastor. Sermon topic in the morning, "Making the Word of Christ a Personal Blessing." Evening theme, "What's in the Story of the Ark?" Morning services at 10:30. Sunday school at 11:45. Evening service at 7:30. Third week service, Thursday at 7:30. Everybody welcome.

METHODIST CHURCH NOTES.

At 10:30 morning worship. Sermon by Rev. Harvey B. Marks, rector of Trinity church, Champaign, Pa. Sunday school at noon. Evening service, sermon by the pastor, "The Second Coming of Christ." The services during the summer will be as brief and interesting as we can make them. Let us not forget our Sunday obligations because of the season. We need God and His house as much in summer as at any other time.

Novi News.

Mrs. Hill and granddaughter of Mason are visiting the former's daughter, Mrs. Clarence Snow and family.

Mrs. C. D. Geer of Plymouth is visiting her daughter, Mrs. J. O. Munn for a few weeks.

Plans are made to have the Baptist Sunday school picnic at Union Lake on Wednesday, July 12th. All welcome. Come and bring something for dinner—also dishes.

Mr. and Mrs. A. M. Bourn entertained relatives from Detroit over the Fourth.

The W. C. T. U. met with Mrs. Donelson this week Wednesday.

Fire of unknown origin started in the roof of B. B. Munro's house in which Alfred Gax and wife resided. Thursday noon but thanks to neighbors, who soon responded to the call of fire it was soon under control. The roof was damaged quite badly.

Mr. Alfred Nichols returned home Saturday evening from Detroit, where he underwent a slight operation.

The annual meeting of the Novi town ship school district will be held at the Town Hall on Monday next from 10 until five o'clock. Loren B. Hunt and Orson S. Huron are candidates for trustee to succeed A. L. Hill, who is forced to become a candidate for the place.

The many friends of Mrs. Jane Scissions will regret to learn that she is still confined to her home by illness. Mrs. Elizabeth Moore is caring for her.

THE TOOTHWELL CO.

The Toothwell campaign is, as its name signifies, a campaign for better teeth. This campaign is national wide and is organized and carried on by the Toothwell company, a company of progressive dentists who have found the preparation to be without a peer for the purposes for which they are designed. These preparations include a remedy for pyorrhea for spongy and bleeding gums, a tooth paste for acid mouths, one for alkaline mouths, one for normal mouths and one to be used in conjunction with the Pyorrhea remedy.

Many teeth are ruined by use of improper tooth paste. Most people when buying their tooth paste rely upon the selection of the druggist.

The only correct way to buy tooth paste is to have an analysis made of the saliva, both microscopically and chemically. The microscopic analysis will show the kind of germs which are causing the decay and which you have to destroy. The chemical analysis will show whether or not the saliva is acid and to what extent. Acid mouths are the cause of much decay. No two mouths are alike, consequently different mouths call for different tooth pastes.

Addressed containers in which saliva can be mailed us will be furnished you by your dentist or sent you by filling out and mailing the following coupon to us. A charge of fifty cents is made for this service and in exchange you will receive a large tube of the tooth paste best adapted to your case, which in the future can be obtained from your druggist.

THE TOOTHWELL COMPANY, 621 Forest Avenue, Ann Arbor, Mich.

WILL INCREASE WATER SUPPLY.

The problem of trying to increase Northville's water supply has been one that has troubled the village council for a number of years past, and it may be said to the credit of the present administration that the matter is soon to be settled, with the hope and expectation that the daily supply will be increased upwards of 50,000 gallons. The first 2,500 feet of the water line is common ordinary sewer pipe, and this has become broken in many places with the result that a large amount of water is running to waste. Engineers have estimated that with an iron pipe line to replace the sewer pipe construction the water supply can be greatly increased, and after having given the matter careful consideration it has been decided to purchase a sufficient amount of ten inch iron pipe to replace the old sewer cracks.

Trustee F. E. VanAnta has given this matter a great deal of thought and consideration and he is entitled to a good deal of praise for the manner in which he has attended to matters pertaining to the water works system, and is was largely through his efforts that the question was presented and final action taken.

The completion of the pipe line will greatly reduce the cost of pumping, it is believed.

Wixom, Whisperings.

Mrs. Martha Furman and daughter, Hildah, started Monday on a vacation trip through Canadian northwest and Washington and Oregon. They will return about September 1st.

Mr. and Mrs. J. G. Madison received a visit over the Fourth from their children and grandchildren: Mr. and Mrs. F. A. Taylor and children of Jackson and Mr. and Mrs. F. D. Madison and baby of Detroit.

Mr. and Mrs. Clarence Peitets left Tuesday for a motor trip to Niagara Falls.

The "Invincible" Sunday school class, chaperoned by Mr. and Mrs. E. Pearsall and Mr. and Mrs. Bert Parker, held a picnic the 4th, at a lake near Clyde.

Oscar Kelsey and wife of Redford and their son, Verne and family of Detroit, spent the Fourth at the home of Mr. Kelsey's sister, Mrs. John Shandson.

C. E. Wright, wife and two daughters of Jackson were visitors at the home of J. G. Madison and other friends, Saturday.

Mr. and Mrs. F. W. McDonald entertained her brother and two sisters and their families of Toledo, from Saturday until Tuesday.

Misses Avis and Rena Hopkins of Detroit spent the Fourth with their parents, R. M. Hopkins and wife.

ALSEIUM THEATRE

Saturday Night, July 8th.

CAMERON of the ROYAL MOUNTED from Ralph Connor's stirring story with Gaston Glass, Vivienne Osborne and Irving Cummings.

Indians, border renegades, outlaws of that vast stretch of open country in the far northwest, every hand lifted to kill, if necessary, to carry out their depredations against the law.

And Corporal Cameron, Royal Northwest Mounted Police, faced them alone, beat them at their own game and won promotion and the hand of the prettiest girl in the Fort MacLeod district.

Here's a story that you don't want to miss. It will hold you spellbound, thrill you with supreme suspense and send you away with a feeling of satisfaction and joy.

Tuesday Night, July 11th.

DOROTHY GISH will be seen in "LITTLE MISS REBELLION" Laugh yourself sick.

Miss Clara Beard spent the Fourth in Cleveland, Ohio.

Attend the annual school meeting next Monday night.

Mr. and Mrs. Ed. LaFever and family have moved to Ypsilanti.

The Northville Foresters' ball team will go to Holly Sunday for a game.

Mrs. Don Vansickle was taken to a Detroit hospital Sunday for treatment.

The Baptist Sunday school will have its annual picnic at Walled Lake Thursday, July 13th.

On account of the repair work not being finished the Ladies' library will not be open Saturday.

The next big community affair will be the Chautauqua, which will come to Northville on July 17th for five days.

The W. C. T. U. will meet next Monday afternoon with Mrs. Charles Sowles in Bealton, at the usual hour.

There will be a ball game on the local grounds Sunday afternoon.

Teams from Northville and Farmington will clash.

Members of the Detroit city council visited the sanatorium last Wednesday and spent a delightful hour looking over the institution.

Messrs. and Mesdames, R. R. Brown and C. A. Dolph attended a luncheon given by the Monroe club last week Friday night at Monroe Piers.

The report of Northville's two strong banks appear in this issue.

Their combined resources are \$1,656,443.34. This is certainly a fine showing for this community.

Mr. and Mrs. H. K. Bogart and son are enjoying an outing on the shores of Lake Erie in Canada.

They have been residing in the use of a cottage and will remain a couple of weeks.

Rev. and Mrs. H. J. B. Marsh, Mrs. E. A. Fuller and Miss Mary Fuller drove to Albion Monday and brought Miss Irene Marsh, who had been attending the Institute, back with them.

A third-class postmaster examination is announced to be held in the Federal Building at Pontiac, Michigan, July 15th, 1922 at 9:00 a. m. to fill the position of postmasters in the postoffices at Milford and South Lyon, Michigan.

Manager Hall of the local telephone exchange announces that in the vicinity of Northville and Farmington telephone conditions are again normal.

While at Plymouth and South Lyon they are rapidly assuming normal conditions.

Mr. and Mrs. Carmi Benton announce the marriage of their daughter, Mabel Rose, to Harold Oliver Paul, on Saturday, July 1st.

Mr. and Mrs. Paul will reside in Placem, Mich. where the bride has been a teacher for a number of years.

Mr. and Mrs. Lorenzo Stewart announce the marriage of their daughter, Viola Lucile, to Glen Schaffer on Thursday evening last, June 29th.

The ceremony took place in Detroit, where the young people spent a few days. They will reside in Northville.

The members of the Northville Woman's club and families will enjoy the annual picnic at the home of Mr. and Mrs. F. J. Chapman on Friday, July 14th.

All members are to meet at the Ambler House at two o'clock p. m. Each lady is to bring the usual basket and dishes.

F. S. Neal, secretary of the Northville Auto Club, recently received a letter from D. J. Swoope, superintendent of the Bois-Marquette railway, in which he stated the overhead bridge over the company's program for handling during this year and that they would make every effort to see that it is taken care of.

The Northville-Detroit picnic will be held this year in this village and the date chosen is Saturday, July 22.

Four o'clock has been designated as the hour for meeting, with dinner at six o'clock.

Northville people are urged to fill their baskets and join in the fun, and there will be heaps of it. Just mark the date and hour on your calendar.

T. R. Carrington received a message the first of the week, stating that his cousin, Dr. D. E. McPhail, was very ill at his home in Dayton, Ohio.

Mr. McPhail was a former Northville boy and spent his boyhood days here.

Mrs. McPhail was formerly Miss Ruth Chadwick.

Mr. and Mrs. Carrington left Thursday for Dayton, being called there by the death of the doctor, who died Wednesday forenoon.

Harry Wood got into trouble Tuesday night while driving his car on the streets.

He ran into George Crumble's auto which was parked in front of J. A. Huff's store and in backing away rammed a Ford and before doing further damage was taken into custody by Nightwatch Lowry, and placed in the village jail.

He was arraigned before Justice Baker Wednesday morning and was fined \$25 and costs.

Mrs. Charles A. Dolph and Mrs. F. S. Neal of Northville, Mich., have been recent guests of Mrs. Dolph's sister, Mrs. M. J. Murphy, 1598 E. 84th street.

A number of affairs were given in their honor last week, among them were luncheons given by Mrs. A. N. McDonald, Decker avenue; Mrs. Bert Hamlin, Shaker Hts.; Mrs. Geo. W. Stephens, Forest Hill; Mrs. E. W. Murphy, Clifton Blvd., and Mrs. Harry Post, Euclid Hts.—Cleveland Plain Dealer.

OFFICERS RAIDED A JOINT ON RANDOLPH STREET

Wednesday night President C. A. Dolph, Trustee Fred Simmons and Clerk T. E. Murdoch, accompanied by Marshal Ernie Lyke and Nightwatch Lowry, paid a visit to a house on Randolph street, said to be owned by Eugene Boswick, and after looking around a little, found six cases of Canadian ale.

Further search revealed three boilers of ale, which was being cooled in the cellar.

Two men who said they were from the sangarium were found in the house and judging from the appearance of things they were, regaling themselves with a bottle of ale when the officers entered.

As the searchers approached the house, Albert Wilson, who is believed to have been running a similar joint on the northside, was about to take his departure.

He was detained, but while the officers were in the house Wilson fled and when the searchers visited his residence a little later they were told he had gone to bed.

When the raid spread rapidly and very soon the word was being broadcast among the fellows who it is believed are selling a lot of wet goods.

Liquor was found, but a whole lot of empty cases, probably 25, were discovered.

The officers discovered upwards of a hundred empty cases under the barn.

These cases contained two dozen bottles, giving an idea of the amount of ale that has been disposed of at this resort.

Boswick was placed under arrest and he was taken to Plymouth Thursday morning for arraignment.

This is just the beginning of a clean-up that is to be continued until this community is cleaned of a lot of bootleggers blind pig operators and some of their pals.

These fellows are of no benefit to any community and the sooner they are cleaned out the better it will be for all.

When arraigned before Justice Patterson, Boswick pleaded guilty to the charge of having ale in his possession.

He was admitted to bail in the sum of \$1,000.

Dr. Dan Henry signed the bail bonds.

W. R. C. NOTES

The next regular meeting of Allen W. Woman's Relief Corps will be held next Wednesday evening, July 12th.

This will be the last meeting held after the summer vacation.

All members are requested to be present.

The Northville Lumber and Coal Yard has just received a shipment of a coke made from oil which is guaranteed to be excellent as fuel and which is sold at a low price up to all its kind, and the company can get it in fact enough, the people of Northville will have no reason to worry about whether the third coal mine will continue to strike long enough to cause a shortage of coal this winter.

UNMASTERED YET

Brave men equipped with every modern device for mountain climbing have failed to reach the peak of the great Himalayan range.

It took many million years to build this world. People are just beginning to find out the greatness of the program which they are a part.

As there are unscaled heights on the earth's surface so there is unreached greatness in human relationships.

The Kingdom of God is the ideal form of governing the doings of human kind. To reach the goal—attain the heights—scale this mountain—all the energies of the race are directed.

Slowly—surely—steadily it is coming. Old Nebuchadnezzar dreamed it—Daniel explained it—the world is coming to know it. What a view we shall have when we reach the high places?

London Project of Third Century.
Walls said to have belonged to the original form of Roman London were unearthed recently by workmen in Gracechurch street while laying postal cable. One wall four and a half feet thick and extending downward 13 feet appears to form a part of an inner chamber of a Roman building. Museum officials who have viewed the painted ornamentations on the walls have expressed the belief that the building was erected about the third or fourth century.

SHOPMEN STRIKE STARTED JULY 1

RAILWAY EXECUTIVES DECLARE WALKOUT WON'T AFFECT TRAIN SCHEDULES.

UNION LEADERS ARE CONFIDENT

Declare Ranks of Strikers Include Three-Quarters of 400,000 Membership of Ranks.

Chicago—With the country-wide strike of shopmen declared by union leaders to be practically 100 per cent perfect, the nation's great transportation machine continued its work without interruption July 1.

Railway executives were unanimous in expressing their belief that the strike would have little effect on the operation of their roads and at the same time asserted that any move toward a settlement would have to come from the United States labor board or the employees.

B. M. Sewell, president of the railway department of the American Federation of Labor, who refused to appear at a federal inquiry into the strike call, reiterated that the only basis for a settlement was for the roads to agree not to put into effect wage decreases recently ordered for the shopmen by the labor board.

Ben W. Hooper, chairman of the labor board, declared in a formal statement that the power of the government, coupled with public sentiment, will give every protection to every railway employee who remains on the job and to all new men who take the places of the strikers in the present walkout.

Mr. Hooper asserted that the strike was called against the decisions of a federal tribunal over rulings laid down after careful consideration of the evidence on both sides. The men who take the places of the striking shopmen will render a public service he declared, and should therefore be immune from the characterization of "scab" or "strike breaker."

The walkout began in all sections of the country, promptly at 10 a. m., and in many places took on the aspect of a holiday, the men singing and cheering as they threw down their tools. An express train into union headquarters here during the day, leaders asserted that the ranks of the strikers would number more than three quarters of the 400,000 membership ship before night.

Among the presidents of railways entering Chicago the determination was expressed to have no dealings with the representatives of the striking unions. They were unanimous in declaring that the issue was not between the unions and the railroad, but between the unions and the United States labor board.

Railroad officials asserted that the strikers' matter from being 100 per cent in the Chicago district, several thousand men remaining at work.

Clever Autoist Says He Simply Cuts Down Consumption.

Kansas City, Mo.—"I can't find it in my heart to condemn the poor oil refiners for increasing the price of gasoline," said a motorist when told that the price was going up another cent at the filling stations.

"Why this philanthropy?" asked the man who shared the front seat. "It's not philanthropy," the motorist replied. "It's economy. When the price goes up I cut down my consumption of gas more than enough to offset it and I really save money. I've no doubt I'm not the only one who does so."

Heat Kills Three On Desert.

Brawley, Calif.—Death from "heat prostration" was the verdict reached by a coroner's jury at an inquest over the bodies of three men who died in the desert, a few miles southeast of Niland, California. The men were J. J. Everhart and Henry C. Brown, of Los Angeles, and David Wilcox, an aged mining prospector. Wilcox's body was found about 15 miles from Niland beside a wagon drawn by two burros. Everhart's body was found in an automobile nearby.

FRESH AIR CAMP WAS OPENED MONDAY

It will take just 10 weeks of fresh air, good food and proper recreation to put color in the cheeks of 100 children who left Monday for the summer health camp at Northville, according to the nurses of the tuberculosis division of the Department of Health.

Following a final examination by Dr. A. M. Wenhkel, head of the tuberculosis work, and Dr. A. L. Margens, the boys and girls were loaded into huge buses and driven to the health camp. Miss Emily Rankin, Miss Edith Shepherd and Miss Nellie Cramblett, nurses, assisted.

All the patient campers were picked from homes where there are cases of the disease, and are either underweight or in the incipient stages of tuberculosis. According to Dr. Henry F. Vaughan, commissioner of health, treatment given 100 children who were sent to the camp last year was so effective that all were pronounced cured.

The health camp consists of a group of permanent structures with separate dormitories, kitchen, dining room, recreation halls and nurses' quarters. Inspiration for the plans of the building was found in Mother Goose Rhymes that are depicted in base relief above every door. The shingles on the buildings are in a variety of colors and the combinations are varied in the window sashes and doors.

The camp life will consist of three meals of wholesome food each day with additional lunches of crackers and milk. An added recreation feature this summer is an artificial lake of six acres, with a bathing beach.

Detroit News

"HOB" AVERTS R. R. ACCIDENT.

We would say that in this instance if "paid" to give a train free transportation on a railway train. Listen to this story; then judge for yourself.

As the Pere Marquette fast train due here at 7:55 p. m. from Grand Rapids, was nearing Turkey Hill, the station of the Detroit House of Correction farm between Salem and Plymouth Sunday, a fellow who had been "stealing" a ride between engine tender and baggage car climbed into the tender yelling out his warnings to the engine crew. It seems they had not discovered that the tender was derailed until they were told by their tramp passenger.

The engineer promptly stopped the train, and it was just in time for had it gone on much farther, at the rate of speed it was at, first travelling, there is no doubt that a most disastrous wreck would have resulted.

As the train was brought to a standstill, Mr. Hollo jumped to the ground but was so overcome with fright that he found it quite necessary to hold on to his trembling legs to prevent total collapse.

Scolden crews were kept busy all night, and all traffic was obstructed. The train going east at 9:03 was sent around by way of Wilcox on the Grand Trunk track, going from there to Plymouth and then on to Detroit.

There are oyster beds along the Atlantic all the way from Cape Cod to Mexico, but the hivalves are not found in the open sea. The oysters would have been exterminated if it had not been for the practice of planting on beds.

DAIRY

COOLING MILK REDUCES LOSS

Natural Ice Can Be Harvested on Majority of Farms and Is Most Profitable Crop.

(Prepared by the United States Department of Agriculture.)

Customer—This milk is sour. Milk Inspector—Your bacteria count is too high.

Cheesemaker—I can't make good cheese out of this milk.

Buttermaker—We can't use this cream.

Hurt, doesn't it? Yet that is what happens regularly every year, when can after can of milk arrives at the milk plant or creamery sour. One creamery returned over \$2,600 worth of milk and cream in one year to farmers. A milk plant received nearly 50,000 gallons of sour milk in one year. Why? Because the milk was held and shipped at too high a temperature and the bacteria in it multiplied so rapidly that the milk soured before it arrived.

Cooling milk on the farm will reduce this loss. All that is required is a supply of ice and a little care. Natural ice can be harvested on farms where 85 per cent of our milk is produced, and it is one of the real paying crops of the farm. Few tools are required, and for the average farm two saws, two pairs of tongs, two ice hooks, one pointed bar, and one straight board for marking should be sufficient.

The first thing to do is to provide a place to store the ice. If ice is scarce and hard to get, it would probably be well to build an ice house, plans for which may be obtained from the dairy division, United States Department of Agriculture. When ice is abundant and easily harvested, it may be cheaper to disregard the shrinkage factor and store it in a pit, cellar, shed, or other place, and insulate it with sawdust or shavings. If this is done, 20 to 50 per cent additional ice should be provided to allow for shrinkage.

Where cream only is to be cooled, allow at least one-half ton of ice per cow. For cooling milk, allow 1 1/4 tons per cow. These quantities should be enough to leave a margin for household use; but it is better to have too much than too little. Whenever practicable, build the ice house in the form of a cube, allowing 45 cubic feet of space for each ton of ice.

The pond or stream selected for cutting ice should of course be free from dirt or contamination from barnyards, privies or refuse heaps. The ice

Cutting ice for cooling dairy products in summer.

should be kept clear of snow, as snow retards freezing. When it has frozen to a sufficient depth, mark off the surface into cakes of the desired size, making sure that the lines form rectangles. Cut out a strip of ice (with the saw) the width of the cake desired, and force this strip under the ice, thus forming a channel to the landing and loading place. Large strips may then be sawed off and floated to the landing, where they may be cut up into cakes. These cakes are then hauled to the storage place and packed in as close together as possible, and all cracks and air spaces filled in with sawdust. Cakes that are cut squarely and are uniform in size and shape pack together with less air space and are convenient to handle.

The cost of ice is small, and the work generally comes during a slack season. There is little reason, therefore, why every farmer in the natural-ice section should not have ice with which to cool his dairy products, and to make such delicacies as ice cream, iced tea, iced buttermilk, iced fruit and vegetables, etc., possible on the farm.

Detailed information on harvesting and storing ice will be found in Farmers' Bulletin 1078, "Harvesting and Storing Ice," which may be obtained on request from the United States Department of Agriculture, Washington, D. C.

SALT IS REQUIRED BY COWS

Best Plan to Place It in Boxes in Yard Where Animal Can Lick It at Will.

Salt is required by all animals. The dairy cow requires an ounce or more a day and while she should be given all she needs, she should not be forced to take more than she wants. It is best, therefore, to give only a small quantity on the feed and to place salt in boxes in the yard where she can lick it at will.

Walled Lake Warbles.

An impressive marriage ceremony took place in the home of Mr. and Mrs. John Baumgartner at this place on June 28th, when the daughter, Alvina, became the bride of Glenn Moss, only son of Mrs. Henry Moss of this locality. Only the immediate families witnessed the ceremony, which was read by the Rev. Stitt of the First Presbyterian church of Detroit. The bride was lovely in a gown of midnight blue Canton crepe, with a corsage of white roses. Her only attendant was Miss Gertrude Moss, sister of the groom, who was dressed in grey crepe de chine, and carried pink roses. Mr. Moss was attended by Ralph Baumgartner, brother of the bride. Mr. and Mrs. Moss are very popular young people, among their many friends here who are extending congratulations. After a boat trip cruising the Great Lakes, they will take up their residence in Pontiac.

Walled Lake's new drug store opened for business Saturday. The business will be in charge of George Hueston.

Mrs. Glenn Butineyer entertained eight little boys at her home Friday in honor of her son, Edward's eighth birthday. Games were played and a luncheon served at 5 o'clock. Each guest brought a gift for Edward.

BIG NEW FEATURE ADDED TO COLOSSES.

Made even more tremendous than in 1921 by the recent addition of many more trained with animal displays and the purchase of Europe's biggest horse show, Ringling Brothers and Barnum & Bailey combined will exhibit at Detroit, Monday, July 17-18.

All who glance over the cable news of who read the magazines must have noted the many contracts entered into by the Ringling Brothers for foreign talent last winter. A special ship was chartered this spring to bring the hundreds of human performers, trained animal acts and equine displays to America. More than a million persons saw the mammoth new circus of 1922 during the week that it exhibited in Madison Square Garden, New York. Now this marvelous exhibition is touring the country aboard a great railroad train. It is a third bigger than the Ringling Brothers and Barnum & Bailey show of last season. It is the largest show on tour.

As is this wonder circus of 1922 with its more than twenty trained wild animal displays in steel arenas, fully 150 wonderfully schooled trick horses, 700 men and women performers, 100 clowns, and scores of features. The price of admission is no more than before. And though the trained animal number and the human horse show were circumscribed by the touring of Europe they are not offered as separate attractions by the Ringling Brothers and Barnum & Bailey combined shows. Instead all are on one gigantic program. Everything is in one mammoth tent. One ticket admits to all and includes admission to the tremendous double mammoth. There are more than a thousand animals in the zoo of this circus, and these include a tiny baby hippopotamus, only recently born, and accompanied by its three-ton mother. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and for which the Ringlings recently refused an offer of \$30,000.

SPECIAL DETOUR SIGNS PLANNED.

The maintenance division of the state highway department is completing plans for placing special information signs on main highways throughout the state. Detours will be marked with standard signs, and where these are liable to be in use for several months, information boards will be installed to show the location of and length and condition of detours. These will be placed at each end of the route.

The work of erecting new warning signs at railroad crossings on the state trunk lines and non-trunk lines, has progressed materially this season. To date, these signs have been placed at all non-trunk line crossings, with the exception of a few counties, and these will be in position soon.

Warnings are being sent to several companies owning rural telephone lines, that all obstructions and possible hazards must be removed or remedied at once. Complaint has been made to the highway department and public utilities commission that many pole-lines, damaged during the storms of last February and March, still are unrepaired, and hazardous to highway travel.

"SHAVINGS" AT THE GARRICK.

"Shavings," the work of Pauline Phelps and Marion Short, taken from a story by Joseph C. Lincoln, will be given its first Detroit presentation at the Garrick Monday night by the Bonstelle Company.

This play enjoyed six months in New York and runs in Chicago, Boston and Philadelphia but failed to reach Detroit. Harry Beresford was the featured player, interpreting the role of J. Edward Winslow, maker of boy admiring and wooden toys, better known as Jed of "Shavings." The scenes are laid in a little Cape Cod village and Jed is the town philosopher, a solemn-happy individual who gave up his career through his great love for his mother, which sacrifice left an indelible stamp on his life.

HARTFORD

JAS. A. HUFF

At the beginning of the play we find Jed working in his shop, then along comes Mrs. Ruth Armstrong and her little daughter, Babbie. Through the child Jed is persuaded to rent his Mother's home, which is adjacent to his shop and with the coming of Ruth life takes on a new aspect. From June until September Jed enjoys a happiness and companionship he has not known since his Mother's death. Meanwhile he has a strenuous time for it seems that Mrs. Armstrong has come to Orham to escape from the gossiping tongue of friends, that Maude Hunnwell and Leander Babbie's romance threatens to be torn asunder on account of the antipathy of their fathers. Again we have the village villain, a miserly, selfish individual by the name of Phobias Babbie who threatens the fair name of Ruth Armstrong. But Jed serenely rides the waves of threatened destruction and wears a smile for all save himself—the woman aside from his Mother. He ever loves his Mother, and he is another direction. In the character of Jed Mr. Lincoln gives us a stage one of those homely, un-philosophical that endear us to them. "Shavings" is a whole and clean comedy possessing many varied types and telling a story of humor, romance and pathos.

Paris and Ancient City
The name Paris as applied to the town first occurred in a synodal letter convening a council there in A. D. 300. The city is first mentioned in history under the name of Lutetia by Julius Caesar in 52 B. C. when he appointed it as the meeting place of deputies from conquered Gaul. It was then the fortified capital of the Parisii, an insignificant Gallic tribe.

WIXOM MAN SHOT IN CINCINNATI.

A Cincinnati, Ohio, dispatch states that police and the coroner's office are said to differ on the question as to what took place in an apartment Monday when William Dean, 50 years old, farmer, of Wixom, Mich., died from a bullet wound in his head, and Scott Bredwell, 55, suffered wounds in his abdomen and right arm.

According to police, Dean, arriving from Michigan in search of his wife, Anna, knocked at the door of the apartment. Mrs. Dean, confronted by her husband, who, it is asserted, brandished two revolvers, ran screaming into another room where Bredwell was about to dine. Dean then directed his attention to Bredwell. The two men struggled about the room, according to the police. Dean lunged at Bredwell, who in turn threw milk bottles at Dean. According to Mrs. M. Bredwell, daughter of Bredwell, who was in the room, Dean fled to the porch and killed himself.

Coroner Handley expressed doubt that Dean shot himself, hinting that the inside story of the shooting has not yet been told. Dean, according to the coroner, was shot back of the right ear, but there were no traces of burned powder near the wound that ended Dean's life.

Mrs. Dean filed suit for divorce last fall at Newport, Ky., charging cruelty. The Deans have seven children, including a son, David, in Detroit.

HOW TO PRESERVE A HUSBAND.

Northville, July 3, 1922.

Editor Record: Now that the time has come for canning, pickling and preserving, I would like to send the following for publication:

Choose well and not too young from such varieties as "a good moral or better a Christian atmosphere." When once you have chosen, let that part remain forever settled and give plenty of time to that of preparing your choice for domestic use. Do not insist on keeping him in a pickle, neither constantly in hot water.

Even poor varieties are somewhat made sweet and tender by garnishing with patience, sweetened with smiles, and flavored with kisses. Wrap well in a mantle of charity. Keep warm with constant flow of toothsome edibles. When thus prepared they are warranted to keep for years.
