ELLIOTT'S HARDWARE
NORTHVILLE, MICHIGAN.

FORD INTERESTS MAKING OWN GLASS.

Henry Ford has launched upon a new enterprise, that of glass making. He has established in Detroit, and began to operate a plant that will produce glass for automobile windshields. It is said to be the first plant in the country designed especially for making of windshield.

The Ford production slogan "Keep things moving," is playing a large part in the new methods introduced by the manufacturer in his latest field of endeavor. A continuous conveyor system makes it possible for the glass to be kept continually moving from the time it leaves the furnace in liquid form until it becomes a polished shield.

The molten glass is drawn from the furnace and passes under a roller that gives it width and thickness, and then upon a moving conveyor that carries it 484 feet through a gradually cooling furnace. At the end, it is cut and placed on another conveyor that carries it through the stages of grinding and polishing after which it is ready for use.

ON THEIR WAY.

Ortonville, Minn., July 30, '22.—Editor Record.—Dear Sir:—We are enroute for Yellowstone Park. The first night we camped in Kalama-zoo, 130 miles. The next night we camped 42 miles south of Chicago, 130 miles. The next night we camped at South Milwaukee, 172 miles. The next camp was three miles east of Sheridan, Wis., 149-3 miles. The next camp was at Eau Clair, Wis., 155 miles. The next one Brownstown, Minn., 165 miles. The next one is where we are now spending the Sunday, Ortingville, Minn., 177 miles. This town is one mile from the state of South Dakota. The drive so far has been without any trouble of any kind. The roads have been good with the exception of a few short detours. If you could see all of the grain that there is in Wisconsin and Minnesota you would sure surprise you. We are all well and my speedometer says we are 1,030 miles from home. Will write you again next Sunday.

Best regards,
GEORGE HOTALING

NORTHVILLE WELL REPRE- SENTED.

Arnold Jaska, Harry German and Loyle German returned Monday from trip through the northern part of the state, with Howlett's Clown baseball team. The "clowns" played the leading teams in the northern section and only lost three games.

Harry German was the leading hurler on the club, winning his four starts. He defeated Ubly, Midland, Shepard and Mt. Pleasant. Jaska was the regular short stop and played fine game at this position.

"Dutch" took his turn on the mound and when not pitching was stationed in left field. He turned in the only three-hitter game of the trip when he held Edmore to three singles and beat them 3 to 1.

Jaska and "Dutch" also set the pace for the batters with an average of .380%.

The team traveled in automobiles and the "Northvillers" reported a fine time.

THREE WERE DROWNED OVER WEEK-END.

Three deaths from drowning occurred in Oakland county lakes over the week-end. Victims were Burton J. Elwell, aged 26 years, 292 Eastlawn street, Detroit, drowned in White Lake; Charles Currier, aged 25 years, 3402 Brooklyn avenue, Detroit, drowned in Commerce lake; and Fred Bird, 15, of Independence Township, drowned in Deer lake. All the bodies were recovered within an hour and efforts were made to resuscitate Elwell with a pump, but it was impossible.

Pontiac Press

Elwell was fishing and while standing in the boat was strucken and fell into the water. Charles Currier stepped into a deep hole and he was unnoticed as he struggled in the water. Fred Bird dived into 25 feet of water and never came to the surface.

FORESTERS TO HOLD PICNIC.

At the last meeting of Court Northville, Foresters of America, the date for the annual picnic was decided upon and the place for holding the same was selected. Sunday, August 20th, will be the date and Silver Lake will be the place. A program of sports, with ball game and boat races will be arranged.

Everybody will be welcome, so just keep the date in mind and plan to join in the fun.

WARNER DAIRY PATRONS ENJOY PICNIC.

The patrons of the Warner Dairy company greatly enjoyed the picnic held at Cenada Shores, Waldo Lake, last Saturday. The forenoon was given over to visiting and an exchange of ideas and at noon a basket dinner was partaken of under the trees. The afternoon program consisted of a band concert given by the Milford band which accompanied Congressman Patrick H. Kelley through the county on his speaking tour and a very interesting and practical talk on the subject of "Milk Prices" by N. P. Hull, of Lansing, president of the Michigan Milk Producers' Association. He explained in detail the efforts that have been made and what are still being made by the officers of the association to maintain a fair and just price for milk in the Detroit market and told of many of the difficulties with which the committee had to contend. He declared his own farm was not paying and had not paid for the past two years, but he also stated that even at present milk prices the long time that came nearer paying a fair profit than any other was his dairy. He promised his hearers that the committee would continue its efforts in behalf of the dairymen of the state, and he assured them the association was stronger and more efficient than it had ever been. He urged co-operation and advised all to stick by the organization. No agencies from the outside, declared Mr. Hull, can defeat the aims and purposes of the association, but a few discouraged disgruntled patrons can work into harm.

Following Mr. Hull's address, Fred M. Carter introduced Congressman Kelley, who was warmly greeted as a good speaker. Mr. Kelley urged the duty of abstinence in government, in business and cited the substantial training which had been made in the ranks of the army and navy. He also urged the need of reducing the amount of money that had been used豪華的，and that is being used in this campaign for the nomination and election of a candidate for United States senator. He said but little regarding Senator Townsend, but he intimated that the same fellows who supported Newberry in 1918 are now supporting Townsend for re-election. At the conclusion of his address he proceeded to Farmington, where an outdoor meeting was held on the lawn by the Town Hall. The band gave a concert and Mr. Kelley spoke to a good audience.

From a neatly-arranged booth under the shade of the trees, the Warner dairy served ice cream, frost blets, rich old-milk, crackers and cheese and those in charge of the booth did a "fishing" business all the afternoon. The gathering was an enjoyable one and the Messrs. Warner did everything they could to make all feel that their presence was very much desired and that all were welcome.

OBITUARY—MRS. MARY HAMILTON

Mrs. Mary Seelye-Hamilton died at the home of her daughter, Mrs. F. G. Terrill, early Monday morning July 31st, at the age of 53 years.

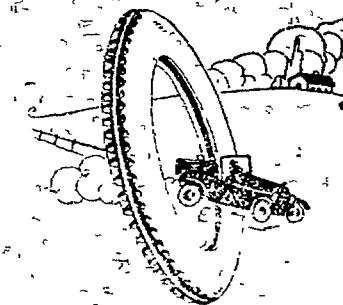

Mrs. Hamilton was the daughter of Charles L. and Mary Seelye, and was born at Waterford, Michigan, March 21, 1889, and lived all her life in Wayne county. On February 18th, 1856, she was united in marriage to James W. Gibbons, and to this union was born one daughter, Lillian, who became the wife of F. G. Terrill, lately deceased. Mr. Gibbons died in 1858, and ten years later she was married to Franklin Hamilton. One daughter was born to them, who died in infancy.

Thirty-seven years ago Mrs. Hamilton went to live with her daughter, Mrs. Terrill, and spent the remainder of her life in the Terrill home. She united with the Salem Congregational church many years ago, and later when the family came to Northville transferred her membership to the Presbyterian church in this village.

One of the severest trials that came to her life was the loss of her sight a few years ago, but she bore the affliction patiently, and the darkness without seemed to make all the brighter the light of faith within. Instead of complaining of the loss of her sight, she frequently expressed her thankfulness that her hearing was preserved so that she could listen to the voices of her friends. With her death there was the passing of a beautiful Christian character, and the memory of her life will be lovingly cherished by all those who knew her.

Funeral services were held from the home Wednesday at 11:00 a.m. Rev. C. V. Barnes officiating. Interment was in the Mayes cemetery.

Stock in the Ford Motor Company

A SMOOTH stock salesman who recently worked in this community used this argument to sell his stock; that if a person had invested \$5,000.00 in the original stock of the Ford Motor Company that he would be worth today from 10 to 1 million dollars.

This salesman's argument may have been good, but what about the securities he sold? Investors now find them to be absolutely worthless.

Remember this, that about all the salesman's arguments are necessarily true, he securities he is trying to sell you may be the kind that need investigation.

Before you buy, come to us back and we will get you accurate information. You may avoid heartaches and a bad loss by doing so.

Don't Worry Over Loss of Leg.
One often sees among the stubble spider-like creatures called harvestmen, which move swiftly on extra-long legs, over 20 times the length of the body. They hunt mostly by night, killing and sucking small insects and drinking drops of dew. If one is caught by the leg it surrenders it instantaneously and stalks away. The same sort of profitable surrender is exhibited by some spiders and some insects, such as grasshoppers, crickets and their relatives.

W. R. DICKERSON

STATE OF MICHIGAN IN THE
CIRCUIT COURT FOR THE COUNTY OF WAYNE IN CHANCERY
MOTION TO VACATE JUDGMENT
Mr. W. McNAIR, Plaintiff
vs. Mr. McNAIR, Plaintiff

John H. Brigham, Plaintiff
W. H. Brigham, Plaintiff
William F. Hughes, Plaintiff
Lydia A. Brigham, Plaintiff
William H. Brigham and Lydia A. Brigham, Plaintiff

In that cause, it appearing from the bill of complaint filed herein, and from the affidavit of Myron F. Achison and Myrtle Achison the plaintiffs herein that Daniel L. Cady, Alagoa W. Hooper, William F. Hughes, William H. Brigham and Lydia A. Brigham, their unknown heirs, devisees, legatees and assigns, are necessary and proper defendants herein, and it further appearing that after diligent search and inquiry the said plaintiffs have been unable to ascertain the whereabouts of any of the persons who are included as defendants herein,

On motion of William S. McNair, attorney for the plaintiffs, it is ordered that the appearance of the said defendants, Daniel L. Cady, Alagoa W. Hooper, William F. Hughes, William H. Brigham and Lydia A. Brigham, or their unknown heirs, devisees, legatees and assigns, be entered in this cause within three months from the date of this order; and that in case of their appearance or the appearance of any of them, they respectively cause their answer or the answer or answers of such of them, as shall have appeared to the bill of complaint in this cause, to be filed and a copy thereof to be served on the attorney for the plaintiffs within fifteen days after the service on them, or such of them as shall have appeared respectively or their respective attorneys, of a copy of said bill and notice of this order and that in default thereof the said bill of complaint to be taken as confessed by them, that the said defendants, or their unknown heirs, devisees, legatees, and assigns, respectively.

And it is further ordered, that within twenty days the said plaintiffs shall cause a copy of this order to be published in the Northville Record, a newspaper published and circulating in said county of Wayne, and that such publication be continued therein once in each week for at least six successive weeks, or that they cause a copy of this order to be personally served on each of the said defendants or their unknown heirs, devisees, legatees and assigns, at least twenty days before the time above prescribed for their appearance.

IRA W. JAYNE,
Circuit Judge

William S. McNair,
Attorney for Plaintiffs,
Northville, Michigan.

TO THE ABOVE NAMED DEFENDANTS:

Take notice that the above bill of complaint is filed to quiet the title of the said plaintiffs in and to certain land in the Village of Northville, county of Wayne and state of Michigan, described as follows, to-wit:

Lot number 11, eleven, in block 12, twelve, according to the plat of the Village of Northville as recorded.

Dated at Northville, Michigan, this 18th day of July, A. D. 1922.

William S. McNair,
Attorney for Plaintiffs,
Northville, Michigan.

**TUBERCULIN TESTING OF HERDS
OF CATTLE IN WAYNE COUNTY
COMPULSORY**

Since August 1st, 1921, a co-operative campaign has been conducted in this county against bovine tuberculosis by the Federal government, state and county. Up to the present time the work has been largely educational and the tuberculin test has been optional with the herd owner. Over eleven thousand cattle have been tested in the county by the voluntary consent of the owner and it is demonstrated beyond doubt that a large percentage of the cattle in Wayne county are afflicted with tuberculosis.

In the opinion of the Commissioner of Agriculture and the Chief Veterinarian he has arrived when the test shall be compulsory in order that the disease may be controlled and finally eradicated.

Cattle owners in the country who are given opportunity to test by a veterinary inspector representing either state or federal government and to have the opportunity shall be placed under quarantine until such time as their cattle are tested and diseased ones removed. The authority by which the Commissioner of Agriculture can order such a compulsory test comes from Act 181, Public Acts, 1919.

In Section 4 it states:

"It shall be the duty of the Commissioner of Agriculture to have general charge and oversight of the protection of the health of the domestic animals in the state and the guarding of the same from all contagious and infectious diseases. To such end, said Commissioner is hereby authorized and empowered to establish, maintain and enforce in accordance with this test, such quarantine, sanitary and other regulations as may be deemed necessary."

Ocean Floor Comparatively Flat.

Nowhere on dry land are there such vast flat plains as occur at the bottom of the oceans. The success of the submarine telephone cables is due in part to the flatness of the ocean bottom. Steep slopes are rare, and it is at such places that breaks on the cables usually occur.

ADVERTISEMENTS.

SAINTY SEWERS AND WATER MAINS, NORTHVILLE, MICHIGAN.

Bids August 11, 1922.

Sealed proposals will be received until 10:30 A.M., August 11, 1922, by the Village Clerk of the Village Hall, Northville, Mich., for the construction of a portion No. 1 of the sanitary sewer line and water main.

The Stucco Building on Shores of Walled Lake.

DETROIT LEADS IN TRADE INCREASE

RESERVE BOARD REPORT SHOWS MICHIGAN'S AUTOMOBILE CENTER AHEAD.

MEMPHIS TENN., COMES SECOND

Retail Trade for June Increased Over Same Record in 1921, According to Report.

Washington—The increase in Detroit's retail trade of June this year over the same month last year exceeds that of any other city in the United States, according to figures made public by the federal reserve board. Detroit showed an increase of 14.8 per cent. The next best city is Memphis, Tenn., which showed an increase of 14.2 per cent. Next come Cleveland and Los Angeles, which report a seven per cent increase. Chicago shows a four per cent increase. Taking the period from January 1 to June 30 the federal reserve board reports Detroit had an increase of 15 per cent over the same period for the preceding year. But the spurt in trade during the month of June outpaced that of any preceding month.

Cleveland during the same period reported a decrease in business of 4.6 per cent compared to last year. Chicago reported a decrease of three-tenths of one per cent. In fact the only cities to report an increase during this period compared to the same period the year before were Detroit and Los Angeles.

Detroit retailers have had such a heavy business revival that they report a decrease in stocks on hand during June, compared with same month last year of 4.2 per cent.

Most other cities show an increase of stocks on hand over last year. For instance in the Boston federal reserve district the merchants have 11 per cent more stock on hand than they had last year; Cleveland, five per cent; Chicago four per cent. St. Louis merchants apparently are carrying very little stock. They sold nine per cent less during January to July compared with last year and at the same time they have a four per cent decrease in stocks on hand.

FOUR BEATEN IN STRIKE RIOT

Police Flyer Called To Break Up Mob at Bay City

BAY CITY, Mich.—Piled up from the bus on which they were riding to work by an angry mob of strikers, four men employees in the Bay City Shops of the Michigan Central, were beaten in Sunday strike rioting. A mob of nearly 200 strikers had gathered around the shop entrance in spite of police orders that such gatherings would not be tolerated, and it was at the men who were going on for the night shift that the strike broke out.

The strike-breakers, some with their coats torn from them, finally rushed away from the pitch and gathered the shop entrance. There they were given medical treatment.

Police officers were rushed to the scene of the rioting and the men speedily dispersed as the patrolmen charged.

RATIONING OF COAL STARTED

Government Distributes Supply According to Need of Industries

Washington—The government with the co-operation of the states on Monday assumed the "titles of gigantic middleman" passing on the coal from the producing mines to the industries and localities which, in the eyes of the government need it most. Just how much coal the government can count on remains a matter of speculation. The first test of the response to President Harding's invitation to the mine owners to open their properties was revealed Sunday in the weekly report issued by the geologist survey which showed an estimated production of bituminous for last week of 3,900,000 tons as compared with 3,700,000 tons the week previously.

TWO KILLED IN PLANE CRASH

Fliers Lose Lives When Broken Propeller Causes Nose Dive.

Middletown, N. Y.—Lieutenant Frank Lyons, O. R. C., Aviation section, U. S. A., and Augustus Altemeyer, Jr., of Port Jervis, were burned to death at Port Jervis Sunday afternoon when an aeroplane in which they were riding crashed to earth. Breaking off a propeller caused the plane to take a fatal nose dive.

Won't Change 3 Mile Limit.

London—With reference to the note from the Washington Government asking co-operation in the suppression of liquor running into the United States through Bermuda and the Bahamas, it is understood, the British Government has informed Washington that the three mile limit rule can not be altered. The government, however, is consulting with the colonial governments concerned with respect to clearance papers, change of registry, and other points.

STATE NEWS IN BRIEF

Owosso—All farmers and business men of Shiawassee County have been invited to join in a picnic Aug. 17 at McCurdy Park.

Cadillac—More than 25 prizes were awarded in the mid-summer exhibition of flowers and vegetables grown by school children here.

Ironwood—A uniform set to be charged by all physicians in Gogebic County has been adopted by the County Medical Society.

Benton Harbor—Walter Banion, for 23 years an employee of the Benton Harbor post office, has been made postmaster to succeed Harvey J. Campbell.

South Haven—A \$60,000 refrigeration plant is to be erected in this city by the Fruit Growers Exchange, for use in storing crops during the summer.

Howell—Livingston county farmers gathered at the Howell fair grounds for their annual picnic. A base ball game was on hold and Howell was the feature of the day.

Calumet—Emily Jackson, 29, and Roy Duper, 22 were killed here when a train on which they were riding was hit by a South Shore train. They were workers for the road commission.

Saginaw—Tellers of the Farmers' Exchange bank, Cheboygan, to whom \$85,000 was lost, are being paid off at the rate of 6½ cents on a dollar. Byron G. Coryell, manager of the bank, is serving five years in Jackson prison for embezzlement.

Lansing—John G. Dean, mayor of Bay City, and state representatives in the 1921 legislature filed petitions with the department of state, qualifying him as a candidate for the Republican nomination for state senator from the twenty-fourth district.

Sturgis—Sturgis has the lowest bonded debt of any city in Michigan with a 1,000 population, according to a report from City Manager R. D. Ballou. The debt against the city is only \$1,000 consisting entirely of water and lighting plant bonds. Sturgis' assessed valuation is \$5,000,000.

Bay City—According to an indication from the university, Bay City will have a fine football team of strong boys, second to none ever before in its history. At this early date at least 1,000 and larger league houses will be filled and most of the dormitories will be filled with eligible working lads.

Grand Rapids—Officers of Butterworth Hospital announced that the abdominal operation performed on a baby girl, five hours old, the twin daughter of Mr. and Mrs. Vernon Cole of Grandville, was a success. It is said the operation was the first to be performed in this city on a baby of that age.

Elkhorn—Hundreds of regular police, the detective and regular officers swooped down on the Calumet district in Elkhorn at midnight, shirley hunting for the slugs of the city. In the first series of raids 300 were arrested, both as frequenters of the dives and as owners still operating and selling.

Northville—Ambrose Fritz of this place, an employee of the Globe Furniture company here, was injured seriously while adjusting a pulley. He slipped and the board with which he was at work in shoving over the belt caught on the wheel and was thrown with such violence that it penetrated his left side.

Battle Creek—Marie and Guy Woodward, of Battle Creek, and Percy Sulliman, private in Camp Custer are held following their arrest in connection with the sale of moonshine to so-called at the camp. They were caught by Captain Kells who dressed as a sergeant and bought a quantity of liquor from the Woodwards he declared.

Mr. Clemens—Captain Eddie Rickenbacker famous American ace in an address before the Kiwanis club said that he felt sure that future of commercial aviation is assured. Captain Rickenbacker prophesied that Detroit would be the hub of the airfield manufacturing world within the next 10 years and outlined a great growth for Detroit and its environs as the result of the growth of this new infant industry.

Pontiac—Police officers are seeking a small boy with an interest in babies. They believe the boy, who died last night on the mysterious disappearance of two \$20 bills from the purse of Mr. J. B. Thompson. Mrs. Thompson left her baby in its car before visiting a friend while she visited a few minutes. She left her purse also. The boy stopped in passing and talked to the baby. On her return Mrs. Thompson missed the money.

Allegan—More than 20 members of a tar and feather party gave a coating of tar to Bert Lenters, a resident of Saugatuck, were assessed costs and fines totaling more than \$600 by Justice Herman Simonson of Saugatuck. The inhabitants of East Saugatuck are nearly all either Hollanders or of Holland descent and hold their minister in high esteem. It is alleged that Lenters circulated stories derogatory to the pastor which members of the congregation resented and so angered them that they took it upon themselves to punishment.

Nash Leads the World in Motor Car Value

NASH CARS

You will observe that in the strikingly brief space of five years the Nash Motors Company has already risen from 24th to 8th place in the industry and this proves that the phrase "Nash Leads the World in Motor Car Value" has become fixed in the public mind as a solid fact.

Elliott's orchestra is giving a series of Saturday night hops in Princess Hall.

Mr. and Mrs. E. D. Austin of Kalamazoo are visiting friends in Northville.

R. C. Stark and wife, and R. G. Fulkins and wife are encamped at Walled Lake.

Miss Mae White is assisting in G's store during Mr. Harrel's absence.

Miss Pearl Simonds entertained friends to tea one day last week in honor of her friend, Miss Myra Clark of Montana.

Mrs. Wolfe and son of Louisville, Ky., are spending a few weeks with Mrs. B. A. Northrop.

The Yarnall Gold Cure Co. is moving this week to their new quarters in the Hutton "Hill-top" house.

Mr. and Mrs. Will Somerville are off for a month's visit in Canada Niagara Falls and other points.

Rev. E. A. Schliemann of Chicago, is to be the new Baptist pastor, and will begin his pastorate August 29th.

Mrs. Katherine Strong, teacher in the Albert Lea college, Minn., is visiting her aunt, Mrs. Charles Yerkes.

Dr. F. M. Swift has resigned as director of the Northville State Savings Bank. He is succeeded by L. W. Shinnick.

Mr. S. J. Anderson, a young prince of 21, with the chief financial interest in the city of the W. E. L. of Michigan, is engaged in a business and financial career which promises to be a success. He is a graduate of the University of Michigan.

A super-strength 100-lb. pump is in front of the Hutton house on Main street. The house was recently sold to F. W. Husted.

The Leathem Wood furniture in cluding wash-boiling unit are fine. Lapham & Co.'s new bank is being done by the Toledo Furniture Co. Mr. H. C. Miller has moved to Benton he having purchased R. A. Leadbeater's laundry outfit there. Mr. Leadbeater and mother have returned to Northville.

Mrs. E. Denney of Canada, formerly Mrs. Burt of Northville and Miss Villa Allen and A. Bentley of Detroit, were guests of Miss Mary and Thompson over Sunday.

The organization of the Northville Condensing Co. was perfected Wednesday evening. The stock \$10,000 has been subscribed for some time past. The officers are: T. G. Richardson, president, L. A. Babbitt, secretary and treasurer. The directors are T. G. Richardson, J. J. Thompson, F. A. Miller, Chas. Booth. The new factory is to be located a little south and west of the Yerkes Bros. flour mill from whose plant power will be obtained. Work on the new building is to commence next week.

Northville people thought there was a fire yesterday morning when the Globe whistle blew, the weather signals. A number of factory employees prepared for home-going thinking it was noon, people up town were getting ready to pull out the hose cart. Eva Bovee thought it was the dinner whistle and locked up her store to go home. Frank Moore got out his bicycle and tried to set the cyclometer around to 12:00 o'clock, and Clay Calkins tried the same act with the meat scales. In order to keep things to a more normal condition, the signals will hereafter be blown at 10:30.

BATHERS—LOOK OUT.

Last Saturday seven bathers were arrested at Walled Lake by Deputy Sheriff McQueren, charged with violating the law in regard to appearing on the streets and highways clad only in bathing suits. The first persons were ordered to appear before Justice Fredenburg of Pontiac.

The Oakland county board of supervisors passed an ordinance not long ago for the purpose of putting a stop to a number of disagreeable practices that had been indulged in by people who go bathing in the lakes of the county.

Northville bathers at Walled Lake had better look out.

Record Liners Cost But Little.

ATTENTION EXPERT HORSESHOE PITCHERS.

Every Wayne County Man Wanted at Farm Bureau Grange Picnic on Next Wednesday.

The real superb, paramount part of the Wayne county Farm Bureau Grange coordinate picnic which will be held at Carpenter's Grove, on Michigan avenue, two miles west of Wayne on next Wednesday the 9th of August, will be the horseshoe pitching contest.

At least twenty teams are proposed. Preliminaries will start at 10 a.m. and continue until noon. The rules of the national association will govern and the winners will be challenged to meet the very best from other counties.

The committee wishes it understood that this contest is opened to all outside residents of Wayne county no matter what their occupation may be, but being a real farmers' game, it is presumed that that profession will have the largest representation in the entry list.

Plenty of free parking space at Carpenter's grove for all automobiles, also interurban tays stop right at the gate.

Community picnic at noon. Every Grange, club, and farmers and community organization can at this time get together for a good old-fashioned reunion.

The program for the afternoon consists really of one number—an address by Congressman John C. Ketcham,

former master of the Michigan state Grange, who will tell about what is being done at Washington for the benefit of agriculture.

Mr. Ketcham is so well known to Wayne county folks that he does not need any introduction and every member of the Grange well knows that any word he brings from Washington will be both accurate and effective.

WAYNE ELECTION CASE TO SUPREME COURT.

A petition for a review of mandamus proceedings in Wayne county courts attacking the validity of the state law requiring the election of county political delegates for two year terms in counties of more than 250,000 population, was filed with the state supreme court Monday by the attorney general and Paul Vorhees, prosecuting attorney of Wayne County.

The Wayne proceedings grew out of a controversy started by John M. Mackay and John A. Austin against James E. Tracy, county clerk. The defendants argued that the election provision applies only to towns over 1,000 in size, causing the delegates to be elected and preventing the choice of new delegates to a political convention.

The Wayne trial will be held in Walled Lake and a trial in the state's appeal is to be held in the fall. The case is to be heard by the lower court of appeals.

The election law in Wayne County is to be upheld in the state's appeal.

The Supreme Court will hear the case on Aug. 29.

**'Twould Be A
Big Pile!**

One year ago we installed our new oven and since that time we have baked stacks of Bread and other Baked Goods. If all the products of that oven were in one pile it would make a big one—enough to feed a whole lot of people.

Since one year ago the number of people who buy Elliott's Better Bread has increased many times and we are well pleased with the results. But we desire to have all the people enjoy the good things we produce and so we still urge you to make your Baked Goods purchases here.

Those big brown loaves we are offering our patrons are just as good as they look, and they are splendid values.

Have you ever tried a pound of our Special Blend Fresh Roasted Coffees which we are selling at 28c and 35c a pound? If not, you have missed a treat and spent a lot of money uselessly. You will find these coffees the best buys in this town by a long ways. Take home a pound today.

Choice Canned Fruits, Vegetables, Pickles
Velvet Brand Ice Cream—bulk or brick.

MRS. WRIGHT IS COMING

While in Northville She Will Call on Several Ladies by Appointment.

Have you heard your friends say, when speaking of the popularity of some other woman, "What is there about her that attracts people to her so quickly?"

Let us answer this question for you. That woman, whose presence is felt at any gathering, knows first of all how to safeguard the clear skin and healthy complexion that nature has endowed her with; she realizes that

To Neglect the Skin is to
Forfeit Its Attractiveness

She also has the good sense to know that to get the best results she must follow the advice of someone who has successfully specialized in the beautifying of complexions, just as you seek the service of a specialist in time of sickness.

That's What Mrs. Wright Is—A Toilet Goods Specialist who has Succeeded in her Profession

That's why we contracted for a week of her services for the women of Northville.

Mrs. Wright will give you a Personal Demonstration of Jontee Toilet Requisites in your own home Free of Charge.

She will show you by actual massage how you can get the best results. If you are interested in your skin—and you should be—Mrs. Wright will be glad to show you how you can retain or restore its original attractiveness.

She arrives August 14th and will be with us until August 19th.

Understand her massage and advice on skin treatment costs you nothing whatsoever. Let us know when she may call upon you, and we will be glad to make the necessary arrangements.

Mrs. Wright's services are also Free to Women's Clubs—Just Phone us.

C. R. HORTON

NORTHLVILLE MICHIGAN.

LOCAL

September 27, 28, 29 and 30 are the dates for the Northville fair this year. Members of the Order of DeMolay enjoyed a watermelon feast last night.

The dates for Farmington's five night Chautauqua are August 25th to 30th.

The M. E. Ladies' Aid will meet with Mrs. Clay Calkins on Tuesday afternoon at 2 o'clock.

The farmer's clubs of Salem, Saline and Ann Arbor will hold picnic at Whitmore Lake today, Friday.

The American Legion Post of Farmington just recently formed, will give a grand homecoming on Labor Day.

The families of Rev. B. V. Belles and George M. Hens are enjoying an outing at the Dubtar cottage at Walled

Lake.

Ed Session is building a common porch on his residence on Main street and otherwise improving his property.

Little George Dixon, who broke his arm, was taken to Harbor hospital by Dr. Nelson for an X-ray examination, Wednesday.

Mr. and Mrs. W. E. Stark and Mr. and Mrs. Chickett of Detroit, left Tuesday for a motor trip to the Scratches and return.

The dates selected for South Lyon's homecoming are August 23rd and 24th. The Northville band will furnish music for the event.

The old swimming hole on the Richardson farm west of town is a very popular place these hot nights, for both old and young.

The many friends of Wm. Phillips will regret to learn he is dangerously ill in Highland Park hospital with an infection on his neck.

Mr. and Mrs. Don McLean and two children of Detroit have moved to this village and are living with Mrs. McLean's mother, Mrs. Ora Hall.

Mr. and Mrs. George Dixon of Marshall were guests of Northville friends over Monday night and Tuesday.

Mr. Dixon stated crops were looking fine in that section of the state. Members of the Walter Young-Perrins touring party are on their way home. They are returning via Washington, D. C. and are expected to arrive today.

Today, at the M. A. C. at East Lansing, many thousands of farmers and their wives will gather from all over the state for the 10th annual Farmers

Schaefer Brothers had charge of the funeral of Mrs. Ed. Strehling which was held at her home near Redford Monday afternoon. Interment took place at Grand Haven cemetery.

Northville was well represented at the ceremony of turning the sod for Pontiac's new Virginian temple on Saturday afternoon. Northville's own Manders, K. C. took part in the program.

The Pontiac Driving Club will hold its annual picnic and dance at Taylor Pavilion, Wall Lake, this afternoon and evening. There will be given at the hour of meeting. A picnic supper will be served preceding the ball.

Twenty-four members of the W. W. I. enjoyed the reunion to Boblo last week Thursday. The trip to the island in the motor cars, the boat ride, the dinner and the return trip home were all most delightful and all left well repaid for gone.

A very enjoyable time was spent last Sunday at the Log Cabin of Mr. and Mrs. Peter Wheeler, at Salem Lake, Delta township, when Ray Manning and wife, Mrs. John Cannon and children, Wm. E. and Wallace Macleod invited out for the day.

The Campbell Gardens team of Detroit made a clean sweep in the game with the Foresters last Sunday afternoon, defeating the home team to the tune of seven to nothing. Local fans are promised another game and it is believed the result will be different.

The members of Allen M. Harmon, W. M. C., who were unable to go to Boblo last Thursday, held a picnic at the home of Mrs. E. J. Tremper and daughter, Gerice. There were twenty-five present and a better time never was had by company of ladies. A pot-luck supper was served on the lawn and everyone expressed themselves as being "too full of interance."

After the show on Sunday evening, August 12th, the Penniman-Alten theatre will be closed for a period of about three weeks, while the interior is being re-decorated. Just as soon as the work can be completed, the theatre will be re-opened, when the management will be pleased to welcome all the patrons and friends of this popular play house again—as usual.—Plymouth Mail.

Sarah Jane Lucas died at the home of N. A. Clapp, Sunday night, aged 76 years. The deceased was a sister of the late Mrs. Clapp and had made her home with Mr. and Mrs. Clapp for many years. She was greatly beloved by all who enjoyed her acquaintance and her death is universally regretted. She was a devoted member of the Baptist church and the W. C. T. U. Funeral services were held at the Baptist church Wednesday afternoon being conducted by Revs. H. Grimes and F. A. Brass of Walled Lake. Her remains were shipped to Bear Lake, Pa., for burial.

Mr. and Mrs. E. C. Hinkley returned last week from a delightful three weeks' outing with Mr. and Mrs. Robt. Thompson at Walled Lake.

Mr. and Mrs. W. A. Parmenter, and family and Mrs. R. Stilwell and children are camping at Walled Lake at the recreation club house. They will remain two weeks.

Mr. and Mrs. L. A. Babbitt were called to Detroit yesterday by the serious illness of H. P. Brown, who has been ill for some months. Wednesday night it was thought he could live but a short time.

The Northville Foresters, defeated the Board of Commerce team of Plymouth on the local grounds, Wednesday evening, the score being seven to six. A week ago the Foresters were defeated at Plymouth.

On Sunday next the Ann Arbor Independents will come to Northville for a game. This team recently defeated the Raw Battery team of Ypsilanti, said to be one of the best independent teams of the state. Local fans are promised a good game.

PERSONAL

Mr. and Mrs. E. J. Kellogg of Detroit were Northville visitors Monday.

Mr. Orson Corrin and children of Grayling are visiting their parents, Mr. and Mrs. George Whipple.

Mr. and Mrs. Milford Baker returned

Tuesday afternoon from a visit with friends at Ithaca and St. John.

Mr. and Mrs. R. C. Bateman of Milwaukee, Wis., spent a few days this week at the Walker dinner home.

Miss Belle Morrison of Ypsilanti and Miss Helen Warren of Ovid were recent guests of Miss Emilie Lapham.

Mr. and Mrs. W. R. Dickerson and son returned home Friday from a week's visit with relatives and friends at Mayville.

Guy C. Fulkins and Miss June Fulkins are visiting Mr. and Mrs. M. J. Murphy in Cleveland, Ohio.

Master Edward Ryder of Farmington is spending the week with his grandparents, Mr. and Mrs. Henry VenSickle.

Mr. and Mrs. Wm. VanEpps of Farmington Junction visited the latter's parents, Mr. and Mrs. Henry VanEpps, Wednesday.

The Misses Mary Sowles, Helen Lehman, and Alice Wagner are enjoying a week's trip to Buffalo and New York City.

Misses McMillan and Coulter, M. and G. McMillan, of Lenawee, were visiting the past week.

Mr. and Mrs. W. W. Linbeck, of the Lincoln Inn, a branch of Ypsilanti, are in Northville visiting friends.

Mr. Adams Lester Cook left Tuesday morning by automobile for Cedarburg, near West Branch, where they will spend several weeks with the brother and sister and other relatives of Mrs. Cook.

WATER NOTICE.

Although the consumption of water in Northville is, at least double the quantity used ten years ago, by pumping constantly, we expect to be able to continue allowing sprinkling of lawns and gardens; but must ask number who sprinkle nearly all day and part of the night to cut it down to an average of one-half hour per day.

It is also requested that all leaks be repaired and as little water be wasted as possible.

The above is asked in order to insure drinking water for everyone at all times and a sufficient supply for fire protection.

One of the Councilmen with the Water Commission covered the whole village recently and noticed considerable waste water, which makes it necessary to publish this notice and we hope it will not be necessary to restrict further or forbid sprinkling entirely.

ERNEST LYKE,
Water Commissioner.

SPRINGS OF WATER**EVER FLOWING**

Supply the homes of this community. For years these fountains have furnished their daily flow.

How refreshing a drink of cold water. How cleansing it is and how it promotes health and power. The business of the church is a spring from which folks may secure inspiration so that life may be lived more comfortably.

We live in a dusty, worn and tempestuous world. We need cleansing and encouragement and guidance.

It is very easy to slay the church—but you notice no one has really found anything to replace it.

Give the church—religion—is rightful place in your daily program and watch results.

KILGOUR'S

NORTHVILLE

LAWYER IS AT LAY.

William Blackney, of Flint, a law candidate for Congress from the Sixth Congressional District, the McGraws' favorite.

"An issue of the most importance to the American public today is that of education," declared William W. Blackney, prominent attorney in Flint and Republican candidate for Congress from the Sixth Congressional District in an interview with newspaper men today. "An educated citizenry, an enlightened electorate and an intelligent people emancipated from the thralldom of incompetency, with well developed minds is the hope of the future of the great Republic of America."

"America is to be complimented on the tremendous strides that have been made during the past decade, in her educational system," he continued.

The evolution from the little red school house to the gigantic educational institutions erected throughout the length and breadth of the land today, is a tribute to American enterprise and a monument to the progressive character of her citizens. Much has been done, yet there is much to be accomplished.

We must open up the field of advanced education to every boy and girl. Great progress has been made in the elementary branches of learning but we must carry this work still further and make it possible for every youth on the land, whether he is rich or poor, prominent or obscure, to develop himself to the utmost. We must keep alive the spark of ambition in the rising generation by offering them every encouragement and educational facility.

The great army of students graduating from our public schools every year is the greatest agency for perpetuation that may be established in this country and we as a nation must concentrate our efforts more along this line, surrounding the future citizens of America with an environment that will make them sound and true in both mind and body.

A scholarly man who secured his education in the face of great adversity and who seems to be overcome by circumstances, Mr. Blackney, recently interested in the Ansonia youth radio station. His own early struggle for success instead of making him cynical and bitter, has only caused him to wish his friends to help others and to encourage their road. He is a little bit different than most of his early work.

A little student summer home on Lake Huron and Lake Ontario, but truly chose where the congressional candidate was interviewed, surrounded by his three children, Mr. Blackney discussed the problems of the youth with a knowledge gained from many years experience as a teacher while his full analysis of the heart and mind of the boy stamps him not only as a student of affairs but of human nature.

From the time of his entrance into Old High School, Mr. Blackney has been collecting books. In his youth for knowledge during those early days, the books were often purchased with the result that he had to deny himself many of the necessities of life. On through college up to the present time he has continually added to the collection of books purchased during his school days, until at present, he has at his home in Flint, a library, known as one of the largest and most valuable private libraries in the state of Michigan and many is

the case of Blackney, who is able to afford many books, has made ample use of his famous library through the courtesy of Mr. Blackney.

In concluding the interview, the congressional candidate said: "I can help but feel that educating the boys and girls of this land, bending every effort toward their mental, physical and spiritual development, no matter who they may be, is a wise interpretation of the spirit and processes which dominated the authors of the constitution of these United States." —*Flint Weekly Record, July 25.*

SENSATIONAL THUNDERBOLT—THE SINS OF HOLLYWOOD.

In theatrical parlance when a play has what is termed "a punch," it means there is something decidedly striking about it and something that drives home a great object lesson. "The Sins of Hollywood," the new comedy drama written by W. C. Herman is a play with a punch, a smash and complete knockout.

From the beginning to the end it delivers one telling blow after another, against the false ideas and narrow minded prejudices with which too many people meet the vital issues of

places Hollywood and the night

upon the operating table of public opinion makes an appeal to the fair minded, to give them a square deal.

It plays a daring parallel between right and wrong, and by a series of rightly dramatic situations makes a scathing denunciation of that class of people who worship God with their lips and by their acts snatch away the life line that would save a soul and stuff their ears against the pitiless appeal of a woman who raises hot hands and cries out "Let me be good."

"The Sins of Hollywood" will be

the attraction at the Orpheum theatre,

Detroit, for two weeks, commencing

Sunday evening, August 6th. Matinee daily.

Not So Bad.

"Speaking of church weddings," writes I. M. C., "I once heard an old lady say that the organist played 'The Meditations' March." —*Boston Transcript*

Ashanti Rich With Mahogany.

It is estimated that the mahogany and Ashanti could save over \$100,000 in foreign and domestic if the internal revenue taxes were lifted.

Yearly Coal Production.

It is reported that about 6,000,000 pounds of coal, worth \$100,000, are taken each year from the coal beds of Japan. The work is done by drivers, the master driver receiving and grading the coal as it is brought in. Wholesale and Exporting firms help representatives there to inspect the coal and make bids for it. The coal has much to do with the value. The most expensive is "black" or pure quince color, next in value is pink then white, light red and dark red.

Catarrh Can Be Cured.

Catarrh is a local disease, greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the various surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work.

BOOTLEGGERS NOW THREATEN POLICE

CLEANUP OF DOWNRIVER DISTRICT SEEMS TO HAVE ILLICIT DEALERS WORRIED.

PLENTY OF "EVIDENCE" FOUND

Raid Result in Seizures By State Police of Launch, Automobiles and Much Moonshine.

Detroit River bootleggers in consternation over the continued raids of the state police in Ford City and Escors, have dropped their attitude of slyly patience and were openly threatening reprisals this week.

Three telephone calls by anonymous persons and two unsigned letters declaring that the campaign of the state police did not soon subside, there would be killings, reached the troopers' headquarters in Ford City during Monday.

If any one is so careless as to do any shooting we're going to try to shoot first, that's all," said Lieutenant Lawrence Lyons.

The troopers go to the 31 big green

patrols the downriver towns 12 days. In that time they have seized 351 cases and nine kegs of beer and 13 cases and two kegs of whisky. They also have confiscated nine automobiles in which liquor was found, and a launch seized at \$2,000.

The liquor will go to hospitals and the automobile, if retained by the state, will be sold at auction.

Outwardly the river towns are now well mannered, although at intervals many machines pass with lap robes and considerable clothing piled high on the seats. If there was contraband at the bottom of the piles no observer knew.

One of those brown "pasteboard boxes" in which home radio sets are purchased was carried out of an Elmore cottage and hustled into a waiting automobile. The state police had a cooling sign pile of containers just like it at their headquarters but they did not radio out.

The usual "Buy now for Sale" signs are on sale, but the very only thing that seemed for sale to the troopers marked what they call the "boozefests" on boats loading from the shore to the rear.

CHICAGO HAS STREET CAR STRIKE

People Forced to Seek Other Means of Transportation.

Chicago, beginning at 4 o'clock Tuesday morning, a quarter million Chicago people were forced to walk to and from their work. The 27,000 employees of the surface street car lines voted Monday night to begin their strike at that hour. The employees of the elevated lines were expected to join the strike within 24 hours, thus tying up all ordinary means of travel.

A survey of all available means of transportation shows that a quarter million people cannot be accommodated.

The strike is called because the company proposed to cut the wages of the men from 60 cents an hour to 65 cents. The men offered to accept 72 cents but insisted that time and a half overtime be paid after eight, instead of nine hours.

LUSITANIA CLAIMS ARE FILED

Sufferers By Disaster Ask U. S. to Hold Seized Property.

Washington—Sufferers by the Lusitania disaster, in an open letter to the president and congress Monday demanded that this government set aside sufficient portion of seized alien property to protect their claims against Germany.

Mr. Davies' brief contends that, under Berlin treaty Germany solemnly pledged to pay all private claims of Americans by pledging the custodianship of alien German property in the United States.

3 BOATS ADDED TO DRY NAVY

Prohibition Navy's Blockade of New York Harbor Now Complete.

New York—The prohibition navy's blockade of New York was pronounced complete by enforcement officials Monday when the fleet patrolling the harbor night and day in quest of rum-runners, was augmented by the addition of three submarine chasers to the earlier force of two and by the recruiting of two more speedy motor boats and large flotilla of smaller patrol craft.

PROPOSES STATE INCOME TAX

Gaylor Man Wants Question Submitted At Next April Election.

Lansing—A proposed constitutional amendment, providing for state income tax of 2 per cent on gross incomes of all classes has been submitted to the department of state for approval by Clifford L. Chapman, of Gaylord. Chapman hopes to initiate the proposed amendment for submission to the voters in the next April election.

FARM POULTRY

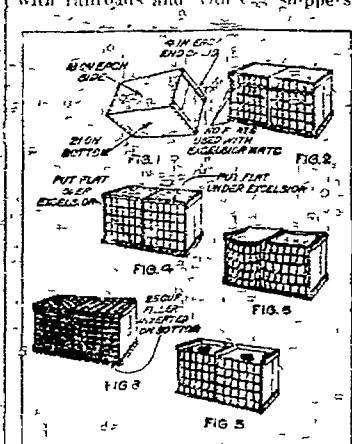

PREPARE BREAKAGE OF EGGS

Plans for Making Better Crates for Shipping Eggs Worked Out by Specialists.

(Prepared by the United States Department of Agriculture.)

"Handling Eggs Front" is the title of a bulletin in a graphed circular form, issued by the Bureau of Entomology, United States Department of Agriculture, which gives directions and drawings for the construction of egg cases and outlines methods for packing the eggs so as to reduce loss from breakage while in transit from the producers to consuming centers.

The specialists in the food research laboratory have made a study of methods for packing and shipping eggs, in order to reduce the great losses from breakage that have occurred in the past. This work has been done in all parts of the country in cooperation with railroads and with egg shippers

The Right Method of Nailing Crates is Shown in Fig. 1. Proper Methods of Packing in Fig. 2, 3 and 4—Poorly Made and Packed Crates Are Shown in Figs. 5 and 6.

"Improper" specimens in different kinds of shipping cases, with the incorrect methods of packing the eggs and crates have been made and the results reported. An instrument has been made for measuring and recording the shocks to which eggs come in transit. The shocks to which eggs come in transit were subjected while in transit.

A number of these experiments have been made and recommendations have been made to the railroad companies to change their methods of handling eggs. These methods have been incorporated into the railroad and express regulations for the transport of eggs.

Spindle-like saws claim, it is firmly said, and is shown in figure 1, the number and arrangement of these teeths in order to conform with the requirements of the express and common freight classifications are as follows:

They are made cement coated with lime.

It is 10 in. on each side & for each end, 8 in. in height, 1 in. in width, 1 in. in bottom, 7 in. each end, 1 in. center.

8 nails per top & 4 in each end for each side.

2 in. is for top, 3 in. each end for drop.

12 eggs per box are advised to be sure that they use the correct number of nails.

When 6 paper-covered excelsior mats are used, they should not be placed between the mats and the fillers.

When 12 paper-covered excelsior mats are used, they should be placed between the mats and the fillers.

When 16 paper-covered excelsior mats are used, they should be placed between the mats and the fillers.

When 20 paper-covered excelsior mats are used, they should be placed between the mats and the fillers.

When 24 paper-covered excelsior mats are used, they should be placed between the mats and the fillers.

When 28 paper-covered excelsior mats are used, they should be placed between the mats and the fillers.

Improper packing involves breakage and figures 2, 3 and 4 illustrate poorly packed cases.

Sometimes an extremely thin layer of excelsior, many times a small amount of loose paper, or perhaps nothing at all is placed on the top and bottom, leaving the eggs loosely packed and the chances for breakage and loss are great.

Very frequently such poorly packed cases have broken and stained fillers and mats, and such a combination greatly increases the probability of damage.

POULTRY NOTES

Fresh filling for nest boxes every month is none too often.

Don't expect 200-egg pullets from 100-egg hens. Remember that "like begets like."

Lice, dampness and overfeeding are responsible for the greater part of the heavy mortality in young stock.

Improve the quality of your flocks by purchasing some good fowls from a heavy-laying strain of pure-bred. It will be money well spent.

The best way to kill off lice is to prevent them from getting a start. This is much easier than it is to give them a chance and then fight them afterward.

One indication of

Hupmobile quality is the fact that many of the Hupmobiles built years ago are still rendering active, daily service to their owners.

8,000 HIKING CLUBS IN GREATER NEW YORK

They Swing Along Highways and
Through Woods in Groups
of Varying Size.

New York—One most walk nowadays to be in the swim. Statistics gleaned from the outdoor departments of the newspapers, from the Boy Scout and Campfire Girls organizations from the Y. M. C. A. branches and kindred bodies, from scores of amateur athletic clubs and from the leading dealers in sporting goods, indicate that

Best Walkers Make Best Citizens,
Says Mayor of New York.

today there are no less than 8,000 hiking clubs in Greater New York, with a total membership of more than a quarter of a million men and women, who are keeping themselves in the pink of condition and experiencing the real joy of living by getting regularly out into the open country with no other means of locomotion than their God-given legs.

The city of New York has taken official notice of the movement. On three occasions recently Mayor Wanamaker has congratulated the boys and girls of the public schools upon their enthusiasm in taking up the new sport of hiking. In his dedication of the great new public playground in the Bronx the other day Mayor Wanamaker extolled the patriotic tendencies of the boys and girls and bestowed upon them that there was no better or more profitable way in which they could pass their vacations and holidays than by "the excursions into field and forest of their walking clubs." He gave the same message to the various students division of Bronx High a few days later, and when a club of boys and girls visited him at his office he said to them that the best walkers among them would make the best citizens.

Walk and Be Well

No less enthusiastic a champion of the walking game is Dr. Royce S. Copeland, city health commissioner. "The benefit to health and the safeguard to morals to be found in long walks," said Dr. Copeland in an interview, "are too apparent to speak of them. If one takes long walks alone it is well, but if he walks the road of health, but if he takes long walks in company, it is better, for he adds the touch of company to his exercise. Walking is the one form of exercise in which there is the minimum risk of overdoing it. In short I consider walking the most beneficial of all exercises and it is never out of season."

"Never in my life time," said Edward R. Wilber, manager of a nationally known sporting goods store, "have I known such a demand as now for outdoor garments and shoes and stockings and appliances for the tourist's luncheon box. The rapid spread and tremendous popularity of the walking club idea has no parallel in our experience."

"The hiker can make his requisites just what he feels like spending. Really there are only two or three articles indispensable to hiking—thick walking shoes that allow lots of room, thick woolen socks and clothing that will give freedom of limb. He should have a canvas or leather musette bag, such as the soldiers used in France."

The Cov in the Knapsack
To get the real benefit and joy out of hiking luncheon should be carried and prepared and eaten in the open. Bread and cheese, a few slices of bacon, some coffee, a can of condensed milk, and a cake of chocolate furnish high-powered fuel for the hiker and are readily and happily assimilated even by those who in their pre-hiking days were affected with digestive apparatus so feeble as to balk at crackers and milk. Fortunately for the hiker, he can replenish his simple larder at any cross roads store and provide himself with the most nutritious and appetizing food in a form that can be conveniently carried.

No single development in the problem of food transportation for the hunter, fisherman, hiker and all lovers of the out-of-doors can compare with the gift bestowed by the man who first found the way to make condensed milk, thereby putting a dairy in every man's knapsack. Before long there will be a national association of hikers, and Gail Borden will be its patron saint. Such an association could do much to encourage the spread of the most beneficial and universal of all outdoor pastimes, map out interesting routes, secure the establishment of shelters, rest stations, and camp sites at suitable locations, and insure the safety of pedestrians on country

WALLED LAKE MARBLES

At a meeting of the Chamber of Commerce Thursday night a volunteer department was formed and Fred Nook was elected chief and Ned Coste assistant. The department will be composed of twelve men and a fire fighting equipment will be secured.

One of the oldest farm residences in this section, the house on the David Paxton place, was destroyed by fire Friday night. The house was occupied by a family of the name of Dean.

WAYNE DEMOCRATS TO NAME FULL TICKET

For the first time in a decade, Wayne County Democrats will have a complete ticket in the field at the November election. Andrew C. Hand, county chairman, announced last Saturday. This will include not only candidates for all county offices from sheriff to drain commissioner, but a full legislative and congressional ticket.

To this end, the committee caused a preliminary convention in the Recreation building for Thursday evening, August 3. It followed much the same proceedings as did the state pre-primary convention in Grand Rapids.

The call was signed by William F. Connolly, national committeeman, and Arthur A. Tomstock, chairman of the state central committee, as well as by others of the local organization.

Mr. Warner, of Farmington, former governor of Michigan, is one of the ablest business men of the state to have T. H. Broughton, director of the bureau of dairying of the department of agriculture at Lansing.

Mr. Waterbury, who will have charge of the merchants' and manufacturers' building at the approaching exposition, owns and operates a farm in Oakland county. Serving a two-year term on the fair board, Mr. Waterbury is considered one of the successful Michigan farmers.

Years of editorial experience are possessed by Forrest A. Lord, an

Mr. Waterbury, who will have charge of the merchants' and manufacturers' building at the approaching exposition, owns and operates a farm in Oakland county. Serving a two-year term on the fair board, Mr. Waterbury is considered one of the successful Michigan farmers.

Years of editorial experience are possessed by Forrest A. Lord, an other of Mr. Warner's associates. Mr. Lord is also the owner of an up-to-date paper. He will direct the boys' and girls' department of the twenty-third Michigan State Fair.

State Fair Cattle Barns Equipped for 1,000 Head

New Addition Will Make Department a Leader Says G. W. Dickinson

A new addition to the cattle barns providing ample facilities for housing 1,000 head promises to make this department one of the prominent ones at the Michigan State Fair, Detroit, September 1 to October 1.

W. L. Dickinson, secretary and manager:

Mr. Dickinson sees in community breeding a major worth of the attention of the farmer everywhere. He says community breeding makes it possible for a farmer and his neighbors to have the best stock obtainable.

One farmer might not be able to afford a \$1,000 cow, but six farmers in a neighborhood may have \$200 each, and could derive a \$1,200 benefit.

Be envious in your cattle breeding. Bring your bulls to us, we want to help you breed your cattle. If you don't want to buy, we will help you sell your cattle.

Abraham says the state fair is helping the young girls exhibit throughout the state to bring cattle. Geo. W. Dickinson, manager of the dairy barns, has been appointed to the Michigan State Fair for the third year. His first assignment this year was general supervision of the exposition.

Mr. Dickinson is placing a position of 100 men as a staff raising steers and M. Dickinson. The two breeds are being grown extensively for dairy cattle for a greater percentage.

This year dairy farmers who attend the fair will have the opportunity of witnessing some fine outside exhibits. It has been promised to exhibit here.

We regard as the major step forward in the raising of cattle in this country as the marked improvement in quality and the certainty will bring the farmer more money.

Fair to Aid State Poultry Raisers, G. W. Dickinson Says

Secretary-Manager Plans Wider Range of Interest For This Department.

The surprising thing about poultry raising, from the viewpoint of George W. Dickinson, secretary and manager of the Michigan State Fair, is that farmers don't exercise as much care about producing their poultry as do the fanciers in the city or small towns.

In framing the plans for the poultry exhibition at the Michigan State Fair, Detroit, this year, September 1 to October 1, Mr. Dickinson, 10, Mr. Dickinson promises, care not to neglect even the most minute detail. He predicts this department will be one of the most attractive at the exposition.

"Poultry production meat and food at a very low cost, and that is why the farmer and every other person interested in the production of poultry should be careful in respect to management," says Mr. Dickinson. "We are going to demonstrate to this interested group how they can improve their poultry by a fine educational exhibition this year."

"One of these methods we will pursue in demonstrating this is the egg laying contest. This will permit the

farmer to show the type which lay

the most eggs per day.

All of the latest electrical appli-

cances of interest to the housewife will be included in the merchandise and manufacturing display superintended by J. Roy Waterbury of Detroit. All

of the exhibitions will be in actual

operation and will demonstrate how

electricity has been employed to save the housewife time and labor.

Edward N. Hines of Detroit will

head the State Fair automobile show,

a promising event to visitors from the

state who have missed the other

prominent automotive displays of the

year. In the same building will be

housed radio school and government

exhibitions on radio and some of

varieties of radio competition.

Quality and a Square Deal

We are here to live with you and grow with you, and we intend always to merit your trade by giving all our customers a square deal.

PROPOSES AMENDMENT FOR STATE INCOME TAX.

A proposed constitutional amendment providing for a state income tax of two per cent on gross incomes of all classes, was submitted to the department of state for approval by Clifton L. Chapman, of Gaylord, Michigan. Chapman hopes to initiate the proposed amendment for submission to the voters in the next April election.

BOYS OF THE SIXTEENTH TO MEET.

The Forty-second annual reunion of the Sixteenth Michigan Veteran Infantry association will be held at Plymouth on Thursday, August 10th. The village hall has been secured as headquarters, and the business meeting will be held at 1:30 p. m. A banquet followed by a program will be held at 6:00 p. m. The committee on arrangements is composed of Charles Bunyea, Charles Pitcher and William Gray. The late O. P. Showers was president of the association, and Charles Pitcher is vice-president.—Plymouth Mail.

WINOM WHISPERS.

Mrs Mary Tuck spent Tuesday afternoon at Pontiac.

Mrs F. E. Wapcup entertained the Church Helpers Wednesday afternoon.

Rev. L. R. Williamson and family of Elie, Ga., spent last week with Rev. H. J. Thibault and family.

Elmer Phelps and wife of Lansing visited his father, Charles Phelps, Saturday and Sunday.

Mrs Celia Carson of Detroit spent the week-end with her mother, Mrs Clara Woodworth.

William Heatter, wife and son, Frank, spent Sunday at the home of Fred Avery at Valied Lake.

Mrs Adam Smith-Arzaghi of Los Angeles, Calif., was a guest of her cousin Mrs Charles Harmon, part of last week.

Mrs H. J. Thibault is chaperoning a bunch of girls who are spending a week camping at Silver Lake, near South Lyon.

Vernon Spencer left last Thursday for Los Angeles, Calif., where he will play polo with the Los Angeles club of the Coast League.

Miss Charles Rogers and wife of Jimmie Rogers, at the home of her parents, Mr. and Mrs. Everett Pease, part of last week.

Mrs F. A. K. entertained a number of people Wednesday afternoon, one or of her daughter, Mrs. Charles K. Uday.

May 11, F. G. Lamp, F. A. Morris, Mrs. F. G. Lamp, F. A. Morris and wife were among those who attended the meeting at Lake Orion. We hope to see them again.

Clinton Elliott and Mr. and Mrs. Franklin Field, accompanied Mr. and Mrs. Ray Elliott of Pontiac, on an auto trip thru the Northern part of the state last week end.

NOVI NEWS.

Mrs. Edna Bandison spent Wednesday with Detroit friends.

Mrs. G. H. Fuller and daughter spent Sunday with her son at Lake Orion.

Little Olive Holmes of Novi is spending the week with her aunt, Mrs. Bandison.

Mrs. R. D. Stevens spent part of last week with relatives and old friends in Flint.

Miss Jane Watters and Miss Margaret Spilwell are visiting their aunt, Mrs. Clyde Putnam.

Quite a number of Novi people attended the Grange rally at Lake Orion on Monday and had a delightful time. E. M. Root drove his new Dodge truck and the vehicle was well loaded with folks and well filled baskets. Boat rides about the lake were enjoyed and the program for the day was very interesting.

TO HOLD SHOOT SUNDAY.

The Northville-Plymouth Gun-club will hold a tournament on the local grounds Sunday next, commencing at ten o'clock. From ten to twelve o'clock there will be three 20 target events, divided into three classes. From one to three, two 25 target events and from three to five, special handicap events for the Shirley pitcher trap gun and gun case. H. E. Hall is manager of the tournament.

ROAD RULES FOR PEDESTRIANS.

The National Automobile Association has promulgated a set of road rules for the guidance of pedestrians who have occasion to walk along highways, in which all are urged to walk on the left side of the road, facing oncoming traffic.

Courtesy on the part of the automobile driver demands the use of dimmed lights at night and this factor while it contributes to the safety of passing motorists, makes it exceedingly difficult for the automobile driver, to see a pedestrian walking along the edge of the road in the same direction the car is traveling. This difficulty is increased if the pedestrian happens to be wearing dark clothing. The result is that the driver is practically on top of the pedestrian before the latter becomes visible.

Walking on the left hand side of the road is just as good for the pedestrian and enables him to see the approaching automobile in time to step

aside if the motorist does not see him in time to swerve.

The pedestrian should remember that the rules of the road require the automobile to keep to the right and should contribute to the factor of safety by keeping to that side of the road which best enables him to escape the oncoming car and especially the occasional speed limit or flyover.

DANCING AT CENAQUA SHORES—Commencing next Tuesday there will be dancing every evening except Sunday and Monday. Best of music
