### MRS. A. N. STILSON KILLS HERSELF.

Northville people were greatly shocked last Saturday morning when the news of the death of Mrs. A. N. Stilson became current about the village. She had deliberately planned to take her own life and so well did she perfect her plans members of her family did not realize what she was doing until her lifeless body was found in her bedroom about 3:30 o'clock Saturday morning by her son, John Hanna. She had chosen an opportune time and retired as usual Friday night. She had evidently accumulated six or eight ounces of chloroform from some source and as she retired poured the contents of the two bottles upon some cotton which she has carefully placed in a box. Upon retiring she covered her head with pillows and bedding and her condition when found indicated she had fallen asleep and that her passing away was quiet and peaceful.

Mrs. Stilson left a note addressed to her children in which she asked them to forgive her for what she had decided to do. She had been in poor health for a long time and it is believed her condition and her sufferings prevailed upon her mind to such an extent that she became despondent.

Mrs. Stilson was born in South Lyon township and her whole life was spent in this section. She leaves three children by a former marriage—John Hanna and Mrs. Roy Matheson of this village and Elmer E. Adams of Dearborn—and six grandchildren. Early in life she became a member of the Baptist church and in her hours of sorrow and suffering her faith in her Redeemer was of great comfort and consolation to her.

Funeral services were held at her late home on Sunday afternoon being conducted by Rev. H. Greenwood. Interment took place in Rural Hill cemetery.

### DIED AT A RIPLE OLD AGE

Mr. M. I. Montgomery died at the home of his son, Will Montgomery, on West Main street in this village Sunday morning. Six years ago she suffered a stroke, but her condition improved and until a few days before her death she was feeling exceedingly well for one of her years. Last Thursday she was again stricken and she passed peacefully away Sunday morning.

The deceased was born in Castleblaney, Ireland, June 15th, 1842, and at the age of 20 years came to America with her husband. They lived in Commerce township, Oakland county, for a period of five years, moving from that locality to this community where she spent the remainder of her life. To Mr. and Mrs. Montgomery were born eight children four of whom survive. Mr. Montgomery died about 30 years ago and his children preceded their mother in death, two sons and two daughters dying after they had reached manhood and womanhood.

The surviving children are Mrs. Margaret Crawford of Milford and William, Stewart and Joseph Montgomery of this village. She is also survived by seven grandchildren and one great-grandchild. Since girlhood she was a member of the Presbyterian church and by her daily life endeavored to exemplify the teachings of her Master and to walk in His way. Mrs. Montgomery was 80 years, two months and two days old.

Funeral services were held at her late home on Tuesday afternoon, being conducted by Rev. E. V. Bellas. Interment took place at Rural Hill cemetery.

### SPLIT THE PAVEMENT.

The county road commission is splitting the pavement the whole length from Northville to the city. A four inch white line is being painted through the center of the road which implies an invitation to drivers to keep on their own side of the road.

Bold white signs are also being painted on the pavement at narrow points which say "No Parking on Concrete." The traffic is so thick and the hazards so great that anything that will lessen the danger will be welcome to a majority of drivers. A great menace, as well as a hindrance to driving, is the many cars that are needlessly parked alongside the pavement or near enough to obstruct the line of travel. Any trouble except the absolute stalling of a motor is not an excuse for such parking for there is always a place within a very short distance where a car can be run off the pavement while repairs are made.

Trees are also being planted along the highway and a few "vacant places" here in the village will be filled in with trees.

Wanted—A good man. A reward will be offered.

## FOR A BIGGER AND A BETTER FAIR

The Northville Wayne County Fair for 1922 is going to be in the "bigger and better" class again this year. The dates selected are September 27, 28, 29 and 30 and the program arranged for the three days will be crowded full. There will be three ball games for which liberal purses have been provided, and in which teams from Holly, Howell and Detroit will contest with the Northville Foresters for honors. There will be three days racing for which purses amounting to \$1,950 have been hung up, and there will be a number of free attractions each afternoon and evening on a platform directly in front of the grand stand and for the last three nights there will be a fireworks display far exceeding anything ever seen in this section.

In every department the classes have been revised and added to and the amount offered in premiums has been greatly increased. Two new additions have been added to the main hall and a fine new building has been erected especially for the poultry department. In addition to the poultry show this year there will be an exhibit of dogs and many prize winning animals will be shown. The women's department will be housed in its own building this year and the fruit and agricultural exhibits will also be under a roof, thus assuring a better and larger display.

An addition has been added to the grand stand and a number of new booths are now in course of construction. The general improvement will be in the fact that the new building will be a desirable room for the holding of beer or premises.

The Northville fair is a distinctly county affair and it is growing each year in favor with the people of the county. The dietetic has always paid its own way and has always paid its own way promptly and from the surplus each year new buildings and other improvements have been added to the grounds for the coming year to those who attend.

### THE FAMILY REUNION.

Sixty people attended the second Ely family reunion when Mr. and Mrs. Charles Ely opened their cottage, Grey Gables, at Walled Lake, for the occasion on Sunday, August 8th.

Mr. Ely is the only living son of the late William V. Ely, and with him for the day were his sisters, Mrs. Martha Hagdon and Mrs. Anna Ely of Ypsilanti; Mrs. Nettie Ely Clark of Dundee, New York, and Mrs. Lloyd Myers and her husband of Detroit.

Of the 26 grandchildren, 17 were present. Miss Edith Ely of Detroit, Mr. and Mrs. James Lapham and two children of Farmington, Mr. and Mrs. Luther Lapham and daughter of Northville, Miss Mary Patton of Ypsilanti; Mr. and Mrs. Emery Hatton of Farmington, Mr. and Mrs. Roy Hatton of Detroit, Mr. William Ely of Jackson, Mr. and Mrs. Isaac Campbell of Royal Oak, Mr. and Mrs. Joe Ely and four children of Ypsilanti, Mr. and Mrs. Bert Rhudolph and Miss Sarah Myers of Detroit; also the five children of Mr. and Mrs. Ely and their families. There were 10 other guests in attendance.

The day was a most enjoyable one with a wonderful basket dinner and luncheon, with a reviewing of friendships that had been 10 and 20 years in the separation, and also the introduction of cousins—recent additions to the family.

It was voted to hold the reunion in 1923 also at Grey Gables—Farmington or Enterprise.

### MACCABEE LADIES PLEASANTLY ENTERTAINED.

Mr. and Mrs. Bert Wood entertained twenty-five Macabee ladies at their cottage on Grass Lake last week. The ride was enjoyed by all, as the roads were fine and some very pretty scenery.

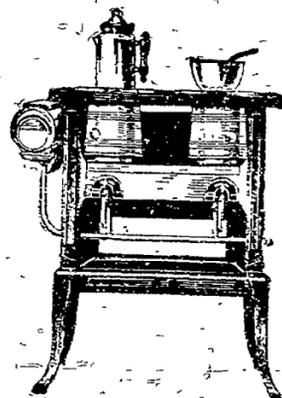

A pot-luck dinner was served on tables built on the lawn. The Wood family contributed 38 blue gills and 13 bass cooked just right and the fish was a real treat.

After the dining and gathering water bites completed the day's pleasure, which will never be forgotten by those who were there.

A broken ceramic pipe, on Dunlap street was the cause for shutting off Northville's water supply Wednesday night. Many of our citizens were inconvenienced. How Darn! Am. Thursday morning with no water in the house with which to prepare breakfast.

## CHECKS

VERSUS

## PAY ROLLS

Almost every edition of the newspapers is crowded with stories of robberies of every description and not the least common is the theft of goods intended for payrolls.

Today it is the dry goods merchant around the corner, whose habit it has been to send his clerk to the bank for money to meet the week's payroll; tomorrow it is a big construction company whose messenger is robbed of thousands of dollars, because his habit has been to pay employees in cash.

What is the most notorious way to stop these losses? What plan messengers of woe and avoid robberies? Hours in calling at the bank for the payroll. But isn't the simplest way out of the difficulty to pay by check?

Such a plan may not be feasible in all cases—for example the per diem worker. But undoubtedly the majority of companies can, and should, pay employees by check.

The greater part of the employees in public service are paid by check. In every instance where the method of payment has supplanted the cash payroll the satisfaction has been general. The experience with check payrolls as a means of more prudent guardianship of money prompts the suggestion of this method of payment to all business houses which periodically draw large sums of money from banks to meet payrolls.

**\$100,000 PRIZES OFFERED BY FAIR**

INCREASE OF \$30,000 OVER 1921 ANNOUNCED BY G. W. DICKINSON; LIST READY SOON

**PREMIUMS SHOULD BRING MORE, BETTER EXHIBITS**

The Michigan State Fair, which opens on September 17th, has announced that the prize list for the year 1922 has been prepared. The list shows an increase of \$30,000 over the list for 1921. The Michigan State Fair of 1921 was one of the four greatest in the United States, and with the offer of larger premiums for the seventy-third annual exposition in Detroit, September 17th, the administration hopes to put the fair out in front of all others.

Another reason for the increase in premiums is the fact that the fair desires to keep its exhibits of the highest quality.

Among the important premium offers this year are approximately \$25,000 for horses, \$12,500 for cattle, \$10,000 for sheep, and \$5,000 for swine. The premiums offered in the sheep and swine departments are greater than those offered by any other fair in America.

All entries for the Michigan State Fair must be made in the name of the owner, or the names of joint owners, actual growers, producers, collectors, inventors or manufacturers. Entries made in violation of this rule will be barred.

The premium list for the state fair this year is now in course of preparation and will be ready for distribution very soon. Copies of the premium list and blank forms for entries will be furnished upon application to G. W. Dickinson, 502 Bowles building, Detroit.

A nine-year-old youngster, who has a cultured mother and has received the most careful training all the young life, led his luncheon along downtown recently. His family is exceedingly careful of his diet at home, but the boy placed on his own tray baked beans, a dill pickle and brick of ice cream. He timed himself to determine how quickly he could consume the beans with a soup spoon, used a knife and fork for the brick cream, and threw the pickle at a schoolmate who sat at an adjoining table. —Radio Times.

"Mr. Bramwell meet my friend, Mr. Johnson," said Mr. Haynes. Mr. Johnson's an Englishman.

"I'm always pleased to meet representatives of our illustrious country," said Mr. Bramwell, "and glad to see you in the land of the free."

"No, no," said Mr. Johnson. "I'm not here to see you. I'm here to see your country."

"Oh, you can show me the town," said Mr. Bramwell. "I wonder, Haynes, whether you would like to go."

"No, no," said Haynes. "Mr. Johnson wouldn't want to consider."

"It's a great opportunity," said Mr. Bramwell. "I'm going to let him in. Mr. Johnson, Haynes and I are looking for a partner in a sure thing. The trouble is, we don't quite know you—see, do you?"

"No more than in my country," said Mr. Johnson. "I can tell a crook by his face. What's this business?"

"Extracting gold from the city water," said Mr. Bramwell. "We discovered that there's an ounce of gold in every hundred tons of water. All you have to do is to turn the faucet onto a mercury plate and let it run. We've got the chemist's assay. The trouble is, we want another \$5,000 for our plant."

"I've got \$5,000," said Mr. Johnson. "I've got it in my hand. Never trust a bank. They'll cheat you."

Railroad Heads Spurn President's Peace Plan and Assume Attitude of No Further Compromise.

Sacramento, Cal.—Members of the Big Four on the Southern Pacific walked out at Roseville Sunday night. The men demanded that all railroad guards be removed, that non-union men be discharged and that working conditions be as they were before July 1.

Los Angeles—Members of the Big Four brotherhoods employed by the Santa Fe railway at Winslow, Ariz., and Albuquerque, N. M., went out on strike Sunday night, according to an announcement by I. L. Hubbard, general manager of the company's coast line.

Washington—Railroad executives who represented all their associates in negotiating over Saturday and Sunday with President Harding and railroad labor organization heads for a compromise settlement of the railroad strike, left Washington Sunday night convinced that the present strike would be fought out to a finish.

The executives further indicated, through an authorized spokesman, that they expected the government would not attempt further compromise in the situation and made public the text of their answer to President Harding's final settlement proposal.

Union leaders, however, declared that mediation and compromise efforts would still be continued with officials of the four brotherhoods of train service men acting as a committee to go between the striking shopmen, representatives on the one hand, and the government or the railroad on the other. Meanwhile they withheld from publication the text of the striking shopmen's chief to the president's settlement offer.

### WAS WELL KNOWN HERE.

For many years prominent in the work of the Tuesday musicale, until an illness last year compelled her to retire from active membership, Mrs. George Perry Palmer died Wednesday at her home, 90 Seward avenue.

Mrs. Palmer, whose maiden name was Adelaide Blodgett, was born in Detroit, the daughter of Captain and Mrs. C. C. Blodgett. Her musical education was obtained in this city and in New York. She was a member of the Fifth Street Presbyterian church. Musical affairs were her principal interest, including church work, encouragement of an orchestral project for Detroit, and the development of talent among the younger local musicians. In the course of her activities with the Tuesday musicale she was secretary and later treasurer of the organization.

Mrs. Palmer is survived by her husband and a son, Gardner E. Palmer, who has just completed his second year at the University of Michigan. Three sisters, Mrs. William Craig or Neponsit, L. L. and Detroit; Mrs. E. L. Smith of New York city, Miss May N. Blodgett of San Francisco; and two brothers, R. C. Blodgett of Bowling Green, Ky., and C. G. Blodgett of Detroit also survive.

Funeral services will be conducted Friday afternoon at 2 o'clock from the late residence of Ralph Berry, assistant pastor of the Woodward Avenue Presbyterian church. Interment will follow at Elmwood cemetery.

The above notice of the death of Mrs. Palmer, which appeared in the Free Press of last Friday was read with deep regret by a good many Northville people, who enjoyed a personal acquaintance with her and by others who had the pleasure of hearing her sing upon a number of occasions.

Mrs. C. C. Yerkes, and L. H. Lapham attended the funeral Friday afternoon.

### FOR BETTER BABIES' CONTEST.

A drive to obtain a large entry of babies from the local districts of the state for the Better Babies contest at the Michigan State Fair opening September 1st has been started by G. W. Dickinson, secretary-manager of the exposition.

In connection with the Better Babies contest a central educational program of babies is being outlined for the mothers who bring their children to the fair. Dr. E. P. Mills of Highland Park will be superintendent of the department on this subject.

"It is important to the mothers of the fair that we secure a large number of entries in the Better Babies contest from the rural districts," said Mr. Dickinson, "because you know this fair has to be representative of all Michigan."

The plan of the fair administration this year is to do rather than the ordinary blue ribbon which goes to the perfect children and a thorough medical examination will be given every baby entered in the contest. Definite scientific advice will be offered the parents to loving the examination.

The competition this year is divided into six classes—babies from rural districts and towns of 1,000 and less population; babies from cities and towns of over 1,000 and less than 75,000 population; babies from cities over 10,000 population; Twins triplets and champions.

Examinations in the contest are scheduled to begin Friday, September 1st, and awards will be made on Saturday, September 9th, the day preceding conclusion of the fair. No child suffering from an acute or constitutional disease will be allowed to be entered.

Entries for the contest will close August 30th, two days previous to the opening of the fair and should be mailed to G. W. Dickinson, 502 Boies Building, Detroit.

### DRIVE SHOWS LINE—AS SOIL

Value of Line in Soil Building will be demonstrated in twelve counties of southern Michigan through co-operative arrangements made by the soils department at M. A. C., the Michigan Central railroad, the France Stone Co. of Monroe county agricultural agents and township supervisors. Dr. M. M. McCool, professor of soils at M. A. C., announces that the campaign will start at once.

The demonstrations will cover a four-year period. One thousand tons of lime will be donated by the France company from its quarters at Monroe, while the railroad will furnish transportation for a car of lime to each farm.

Our farms which in the judgment of county agents and farm bureau officials best represent the main soil types of the county will be chosen for the work. On each farm a six-acre project will be established—lime in varying quantities and qualities will be applied, so as to determine its exact relation to each particular type of soil.

Other commercial fertilizer will also be used to a certain extent. Field meetings will be held on the projects as soon as they are under way.

land fertility drives ever undertaken in the state, according to Dr. McCool. Other railroads and other commercial lime producers are expected to cooperate in similar campaigns elsewhere at a later date.

Counties in which the demonstrations will be made are Washtenaw, Jackson, Calhoun, VanBuren, Ingham, Barry, Berrien, Oakland, Lenawee, Hillsdale, Branch and St. Joseph.

### FOUR INJURED IN AIRPLANE ACCIDENT.

Martin Driscoll, aged 32 years, 740 Windemere avenue, Highland Park, was probably fatally injured, and three other Detroiters, who were passengers in the aeroplane of Guy K. Rudd, 68 east Warren avenue, Detroit, including Rudd himself, were seriously injured Sunday afternoon at 5:00 o'clock when the machine nose-dived from a height of 250 feet about a half mile south of Farmington, junction near the Switzer road. Harold Whitte, aged 25 years, of 69 east Warren avenue, Detroit, and Carl Mager, aged 18 years, of Roseville, Mich., were the other passengers.

Driscoll is in receiving hospital with a fractured skull, both arms fractured, broken right ankle and a broken foot, and is expected to die. Mager suffered from shock, and his right hip injured, while Whitte's legs were injured and he was badly shaken up. Rudd escaped with bad cuts on the head and face and is suffering from shock.

# Flowers Improve Citizens, Homes, Says G. W. Dickinson

## This Department At State Fair to Be Enticing, Secretary's Promise.

That anyone who loves flowers looks upon this world in a different light and easily sees the finer side of life is the philosophy of George W. Dickinson, secretary and manager of the Michigan State Fair. Mr. Dickinson plans to make the flowers department of the state fair at Detroit September 1 to 10 so attractive that he will be able to lead a parade of flower lovers to the fair.

seen through a flower. A man who loves flowers cannot help but become a good citizen and flowers always have a mighty influence on a father or mother and in fact outside a home.

The fair manager deplores the fact that all schoolhouses throughout the nation do not have flowers about them. He hopes for the day when more attention will be given to the schools to the cultivation of plants and flowers.

Dequana county is noted for the fruits it has sent to the Michigan State Fair and some fine exhibitions are anticipated from this section this year.

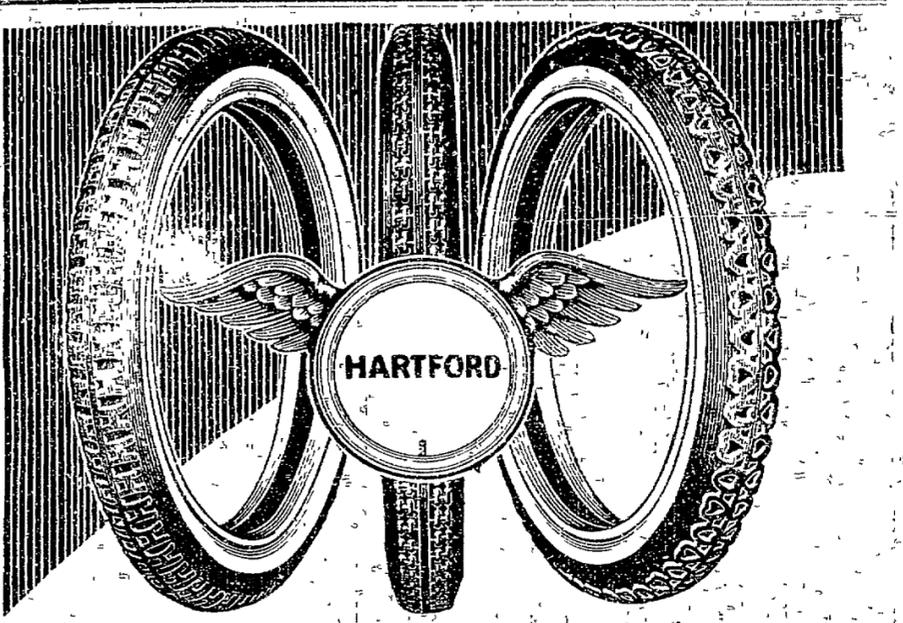

Jackson county, too, has provided many fine exhibitions, which have been prize winners.

Mr. Dickinson believes there has been a gradual improvement in fruit produced in Michigan and says the farmers in this state are beginning to realize that with a little of the right kind of attention they can grow as fine fruit as any section anywhere.

G. L. Bray, of Lansing, manager of the Michigan State Fair bureau will head the farm products department at the State Fair this year.

The purpose of this department is to give the people a chance to see the best of the state's produce. To get the best, we make the exhibition as competitive. Every exhibition will be judged three times.

One at the start of the fair, once during the fair and once at the finish. The winner in which an exhibition is judged during the 10 fair days is the best.

TO LILLIAN.

But yesterday she played with dolls, And slipped the rope, and threw the ball, But now she's done with fol-de-rols! She enters high school in the fall.

She was a winsome baby thing, Who'd never think she'd grow so tall, Close to my arms she used to cling, She enters high school in the fall.

Sometimes I shut my eyes and see Her romping shadows on the wall, Just two years old and netting me, She enters high school in the fall.

When first she went to school she cried, And didn't want to stay at all, Unless I sat there by her side, She enters high school in the fall.

I hear her footsteps in the hall, I hear her running down the stair, My baby still so sweet and fair, She enters high school in the fall.

Two hundred bushels of plums are being harvested daily from the F. P. Simmons & Sons orchard. The extreme hot weather for the past week is ripening the fruit rapidly.

If you are not already registered and desire to vote at the approaching general primary election you will do well to attend to the matter at once.

Milo N. Johnson of this village is a candidate for representative in the state legislature to succeed himself. Mr. Johnson has served two terms very acceptably, and many friends about the district urged him to again make the race. It would be a good thing for the state if all members of the legislature were men of the stamp of Mr. Johnson.

The picnic and reunion at the Briggs school house in Livonia last Saturday was well attended and the gathering proved a most enjoyable one. Among the former residents of the district present to meet and greet old friends and schoolmates of other days was John Wilcox, who served the district as director for 20 years. It was decided to hold a reunion next year.

While at Walled Lake Monday night the writer had a pleasant visit with W. H. Hutton, who recently purchased the Parmentier grocery and dry goods store at that place. Business is good at the store and Mr. Hutton is adding to many of the lines carried and will also add some new lines.

The village schools will open two weeks from next Tuesday.

The Adult Bible Class Monthly published at Cincinnati, Ohio, for the Methodist church in a recent issue contained a very complimentary article regarding the methods of advertising used by the C. A. Dolph Bible class of this village. A number of the advertisements which have appeared in The Record are reproduced in connection with the article.

Mrs. Lillian Brooks and Mrs. L. W. Simmons were entertained at the home of the latter's daughter, Mrs. S. M. NORTHVILLE WILL HAVE CHAUTAUQUA NEXT YEAR.

Twenty-five citizens of Northville entered into contract with the Community Chautauqua last week whereby this village will have a three-day and night Chautauqua next season. STRIKING WORKERS ASK THAT PRE-JULY CONDITIONS BE RESTORED.

EXECUTIVES REFUSE PROPOSAL

Railroad Heads Spurn President's Peace Plan and Assume Attitude of No Further Compromise.

Sacramento, Cal.—Members of the Big Four on the Southern Pacific walked out at Roseville Sunday night. The men demanded that all railroad guards be removed, that non-union men be discharged and that working conditions be as they were before July 1.

Los Angeles—Members of the Big Four brotherhoods employed by the Santa Fe railway at Winslow, Ariz. and Albuquerque, N. M., went out on strike Sunday night, according to an announcement by I. L. Hibbard, general manager of the company's coast lines.

Washington—Railroad executives who represented all their associates in negotiating over Saturday and Sunday with President Harding and railroad labor organization heads for a compromise settlement of the railroad strike, fell through Sunday night convinced that the present strike would be fought out to a finish.

The executives further indicated, through an authorized spokesman, that they expected the government would not attempt further compromise in the situation and made public the text of their answer to President Harding's final settlement proposal.

Union leaders however declared that mediation and compromise efforts would still be continued with officers of the four brotherhoods of train service men acting as a committee to go between the striking men and the government or the railroad, whichever other. Meanwhile they will not begin publication of the terms of the striking employees' charges to the president's settlement.

Chicago—The four big railroad organizations, the Brotherhood of Locomotive Engineers, the Brotherhood of Railway and Steamship Maintenance Employees, the Brotherhood of Trainmen and the Brotherhood of Railroad Signalmen, have agreed to a strike on August 21.

The four organizations, which have a combined membership of 1,000,000 men, have agreed to a strike on August 21. The strike will be a general one, affecting all the main lines of the country.

WALLED LAKE WARBLES

The Bentley family held a reunion at the home of Amos Bentley, last Saturday, when forty members of the clan gathered for a good time.

Last Saturday was a gala day for Walled Lake. During the day representatives of a number of fire trucks were here giving demonstrations of their outfits and trying to convince the local committee that their outfit was the "best gear."

In the evening there was a short program of music and addresses by Rev. F. A. Brass and W. H. Hutton. A small building had been hurriedly erected during the day for the purpose of testing out the fire fighting apparatus and a given signal a match was lighted and the building set on fire. The driver of the truck that was to give the demonstration forgot to turn on the lights to his motor truck and as a result he was late at the fire.

Schroeder admitted the crime in a short statement given to the Blackston county prosecutor, who is reported to the woods near his home by a party of 75 farmers headed by William Brown, Otterville town clerk, and a Pontiac policeman, just as Sheriff James S. Hutton, Pontiac Sheriff, and a deputy Sheriff Frank Sherman arrived near the scene. The body of one being held in the sheriff's block received in the new jail to be deposited in the morgue.

## THERE'S A DIFFERENCE IN SHOES

Some are made to sell, while others are really made to wear—for real honest service. We pride ourselves in being able to offer our customers the kind that WEARS and we know they give good service because our customers of weeks and months ago come back when they need anything in Footwear.

We must please our patrons or our business would soon be gone, and our first thought in selecting our various lines is, "Will it give good service?" We have satisfied ourselves by careful inspection that the Shoes we offer the women, misses, men, youths, boys and girls of this community will wear well and be comfortable. It is upon this basis that we invite you to inspect our showing of Fine Shoes.

## HAVE AN ALUMNI HOUSE.

One of the greatest needs of Detroit Teachers' College, has been realized. A pleasant home, ideally situated on the W. Grand Boulevard, two blocks from the college will be ready in September to accommodate students attending the college from distant points. It has been a great hardship to many of them to travel back and forth or to find suitable room and board in the vicinity of the college.

The plan was originated and has been carried through solely with the interest of the students at heart. Accommodations will be furnished at cost.

The house will be under the management of a matron and efficient attendants, and all plans for the comfort and well being of the students will emanate from Teachers' College and from Alumni association. Many of the young folks showed great enthusiasm last spring when the campaign for the raising of the fund was on. Among other advantages they could see a further opportunity for real college life with the additional benefits derived from having parlors for the entertainment of friends. Students who are interested will get in touch before September fifth if possible with Miss Jennie Crow, president Detroit Teachers' College Alumni Association, Teachers' College, Detroit, Telephone Main 3484.

## URGES LIMITATION OF WORLD'S ARMAMENTS.

Painting a vivid verbal picture of the devastation of war, "one sole surviving heritage of a barbaric age," Attorney William W. Blackney of Flint, candidate for the Republican Congressional nomination from the Sixth district, today endorsed the limitation of world armaments to a police status as a means to bring about the abolition of war. In an address delivered before a mass meeting held in Lansing, Thursday evening.

"Paramount above the cry of a thousand issues comes the demand for the removal of the terrible specter of war from among the nations of the earth," the speaker declared. "It is a challenge to civilization which can be met only by the abolition of war. The speaker declared that he would be immortal only attained in the great battle through which the world has passed. He said that the world is now in a state of chaos and that the only way to bring about peace is by the limitation of world armaments.

## Don't Be An Easy Mark

Rats have sharp teeth and know how to use them, but they can't gnaw through cement floors. Their ravages cost you a pile of money every year, but if you'll put Cement floors in your storehouses and other buildings, they'll soon quit you for the "easy mark" who doesn't. When you want a good cement to use in building floors, walks, culverts, bridges, or even buildings, remember we handle the best and no skilled labor is necessary for making concrete.
