## STONE SCHOOL PICNIC.

The picnic of the Stone school (6 miles east of town) was held Friday, August 11, 1922, at the home of Elmer Jones and wife. It was estimated that between 150 and 200 former teachers and pupils of the school were present. Almost bountiful dinner was served at noon, and the afternoon was taken up with visiting and with a fine program. D. G. Wilson of South Lyon rendered a fine recitation and there were interesting speeches from different teachers. Mrs. James Wilson was one of the first pupils of this school, which was established about the year 1856, and David Gage, her cousin, was one of the first teachers. L. B. Quirk also a former teacher was there as well as some of his pupils. All past teachers of the school were present at this gathering, excepting perhaps two or three. It was a delightful occasion and everyone present participated in the fun of the day. There were guests from Pontiac, Lansing, Wisconsin, Detroit, Salem, Northville, Plymouth, Birmingham, and other towns. Next year the picnic will be held at the home of Mr. and Mrs. J. E. Blackwood—South Lyon Herald.

## FORESTERS HAD GOOD TIME.

The second annual Foresters' picnic held at Silver Lake last Sunday drew a good sized crowd and afforded a delightful outing for all who attended. The day was ideal for an out-of-door gathering and on Sunday morning Foresters and their families and friends were astir early. Autos and trucks (Spurred all who desired to go together with their well filled baskets from which a plentiful dinner was served at noon).

This portion of the day included sports of every kind and some wonderful records were "hung up." A game of indoor ball played with mixed teams of men and women made lots of fun. After the last race, foot races, preparing sweet peanut rope etc.

A good many of the merry party spent a portion of the day in bathing while others strolled about the woods or beach. Nothing happened to mar the pleasure of the day and all were of the opinion they would be present at the picnic to be held next year.

## TO HAVE DRIVE FOR SALVATION ARMY.

The Northville Exchange club without inauguration a drive for funds for the Salvation Army and in this very worthy movement every citizen of this section will be asked to help. Everybody is familiar with the wonderful work this organization is doing and a lengthy exposition of its aims and purposes is not necessary. Instead of raising funds by the old method of having collectors travel about from town to town every few weeks or months asking for donations the organization has decided to raise a fund in a more business-like manner and by the means of drives in the various towns and cities surrounding Detroit. Northville's turn will come within a few weeks and it is hoped and expected that we will be able to raise our quota with one day's drive.

## COAL SITUATION IMPROVING.

During the past week the coal strike has been "staled"—temporarily, of course—and it is now believed that the coal situation will soon be greatly improved. In fact, just as soon as the railroads can move the coal already above ground, the situation will be greatly relieved. Coal is moving, but the fuel administrator at Washington is withholding all supply from manufacturing plants that are not deemed essential. Gas and electric companies will be served first. The Plymouth-Northville Gas Co received a car of coal Tuesday morning just in time to keep going. Another car is now on the way and it is hoped to keep the present curtailed service going until conditions improve.

## NORTHVILLE WON FIRST GAME.

The first of a series of ball games between the business men of Plymouth and Northville took place on the home grounds Wednesday afternoon, and the honors of the day were won by Northville. The battle was a royal one, but the visitors were outplayed. In the ninth inning N. C. Schrader started the grand rally for Northville and after that "round" Plymouth could not recover. The final score was 12 to 11.

After the game the victors and visitors enjoyed a fine supper at the Auditorium.

Next Wednesday afternoon Northville will go to Plymouth for a return game.

S. L. Brown is visiting his daughter, Mrs. Major, of Dundas.

## MRS. SARAH CHILDREN DIED SATURDAY NIGHT.

After an illness of several weeks Mrs. Sarah Thayer Children died at the home of Mr. and Mrs. Charles Children Saturday night, aged 87 years and two days.

The deceased was born in New York August 17th, 1835, and came to Michigan with her parents when a child. The family settled in Salem township on the old Thayer homestead where the subject of this sketch grew to womanhood. Many years ago while a resident of Salem township she united with the Congregational church of Salem and maintained her membership in the organization until the time of her life.

For many years she made her home with her brother Rufus Abbott and wife, but she greatly endeared herself to the members of the household by her many acts of love and service. About 47 years ago she was united in marriage to Peter Children, who died a number of years ago.

Funeral services were held at the home of Mr. Children Tuesday afternoon, being conducted by Rev. H. B. Marsh, and interment took place in the Teayer cemetery. By her death a good woman has gone to her reward and her memory will be cherished by all who enjoyed her acquaintance.

## BONDS FOR COUNTY HOME UP FOR VOTE.

Voters at the November election will be asked to approve a bond issue for a home for feeble minded and epileptic persons, and an addition to the Court of Common Pleas at Flote. The Wayne County Board of Supervisors decided at a recent meeting last Thursday the bond issue will total \$1,000,000.

A copy of the bond is on display in the lobby of the board room at 1015 Washington Avenue.

On November 7, one of the petitioners in support of the bond issue will go to the Michigan Avenue bridge over the Huron River and the site of the proposed building, now in the hands of the Commonwealth, to speak to the crowd, to Detroit.

The petitioners appealed a recent order of the Michigan Department of Health to restrain the county from proceeding with the construction of the new building. The company installed oil burners under their boilers and the new method is said to be working satisfactorily. The change was made without loss of time among the 42,000 employees. The company has placed an order, it is said, for 12,000,000 gallons of fuel oil.

It is believed the local plant will receive coal enough to keep running, though there is a possibility that all auto plants will have to close owing to the priority given to the fuel administrator at Washington.

## COAL PROBLEM IS SOLVED BY FORD.

Shipping of coal will not interfere with operations of the Ford Motor Company Highland Park plant, it was announced Tuesday. The company has installed oil burners under their boilers and the new method is said to be working satisfactorily. The change was made without loss of time among the 42,000 employees. The company has placed an order, it is said, for 12,000,000 gallons of fuel oil.

It is believed the local plant will receive coal enough to keep running, though there is a possibility that all auto plants will have to close owing to the priority given to the fuel administrator at Washington.

## WASHTENAW COUNTY FAIR NOTES.

Remarkable progress has been made on Washtenaw County's fair ground during the past week in preparation for the big annual exposition to be held there September 19th to 23rd.

The main entrance looks nearly

ready to sell tickets and will be

convenient for patrons of the fair.

The sewer contract will be let in a

couple of days which will provide san-

itary sewage for the grounds and will

be completed in time for the fair.

Work is being rushed providing

suitable accommodations for all the

various classes of exhibits.

The ladies will be glad to know that fancy

work and baked and canned goods de-

partments will be housed in a big new

building 60x100 feet. Special provi-

sion is being made to take care of the

exhibits in the baked goods division.

This week should see the completion

of the cattle barn which will house

180 head of cattle.

The Auto Dealers' association has

received 19,000 square feet of space as

compared with 12,000 at the last fair,

assuring the Washtenaw Fair patrons

one of the best auto shows in the

state.

Each department of the fair is in

charge of Washtenaw farmer or farm

woman who are doing their level best

to make all departments a real credit

to the fair.

Mr. and Mrs. Ross Ball of Detroit,

were weekend guests of Mrs. Helen

Bell. Mr. and Mrs. Ball expect to

leave soon for California where they

will make their home.

### Week's News in Brief

**Canadian Roads Cut Wages.**  
Montreal—Canadian railways cut the wages of their shopmen about \$200,000, although 37,000 workers had threatened to strike if the action was taken before the board of conciliation had decided the dispute.

**To Regulate Coal Prices.**  
Washington—Congress will be called upon to legal weapons to arm the government for war against coal profiteers. Legislation will be required, it was declared, to assure price control and equitable distribution of fuel.

**4 Station Plants Suspects of Painting.**  
Indianapolis—When a burglar entered the home of Abe Pominak he painted twice, when he discovered his trousers containing \$30 had been carried off. The burglar gained entrance through a basement end was discovered by Miss Rose Pominak in her room.

**Miner Convicted of Murder.**  
Charlesburg, W. Va.—John Wilburn, who participated in the march of armed miners on Logan county a year ago, was convicted in circuit court here of second degree murder in connection with the shooting of Deputy Sheriff J. C. Moore, during the Logan battle.

**New Jersey Channel Recommended.**  
Washington—Construction of a channel 20 feet deep and 400 feet wide at Absecon Inlet, Atlantic City, N. J., at a cost of \$240,000 with an annual maintenance cost of \$50,000 was recommended by the house by the chief of engineers in a report submitted by the secretary of war.

**Twins Born on "Strike" Train.**  
San Bernardino, Calif.—Two babies born on stranded trains at Seligman, Ariz., were among four hundred passengers returned here after four hot days and nights in the desert. No hardships were encountered by the marooned travelers except when the babies were born without the proper facilities to care for them.

**Union Takes Up Leader's Fight.**  
New York—The recent election of William Z. Foster, labor leader, from Colorado at the direction of Adjutant General Pat Hanrahan, will be followed at a mass meeting in Denver, in which Foster will be the principal speaker. The American Civil Liberties Union declared unanimously that had taken up the labor leader's cause.

**Russia Exchanges With Italy.**  
Moscow—An agreement for the export of Russian oil has been signed by the Soviet rep. recently in Milan with an Italian company. By it the Soviet government has undertaken to deliver in Italy 200,000 tons of coal from the Don basin and 30,000 tons of mineral oil while the Italian company has agreed to supply the Soviet government with railroad rolling stock.

**Fairfax "Virginian" Drops Dead.**  
Los Angeles—Edgar B. Trafton, whose exploits in the Jackson Hole country of Wyoming are said to have formed the basis of Owen Wister's novel, "The Virginian," dropped dead while eating an ice cream soda here. Trafton had been a guide in Yellowstone Park 30 years, punched bulls with Buffalo Bill and had many exciting experiences in the days of the Old West.

**Russian Churches Yield Riches.**  
Moscow—Reports from 50 states and separate governments in the Russian Federated republic indicate that the amount of church treasure taken by the government for the famine amounts to 744 pounds weight of gold, \$25,635 pounds weight of silver, 33,700 diamonds and emeralds, 120 pounds of pearls, 43,712 gold pieces and 77 trinkets of diamonds and pearls, weighing 980 pounds.

**Indiana Governor Bars Fight.**  
Indianapolis, Ind.—Jack Dempsey world's heavyweight boxing champion, will not meet Bill Brennan in a title bout at Michigan City on Labor Day. Gov. Warren T. McCray has decreed. Acting upon an opinion rendered by the State Attorney General, the governor declared the encounter would not be a boxing exhibition, but a prize fight, and as such in violation of the law of the state of Indiana.

**Never Saw Famous Sister.**  
New York—Claus Gustav William Lind, a brother of the famous Swedish singer, Jenny Lind, who never saw his distinguished sister, died here in the obscurity of a senior's apartment, a dignified old man, nevertheless, and very proud of his sister. Gustav Lind was born 29 years later than Jenny, and she was an established star at the time, traveling over the globe. Their paths never crossed.

**Noted Musician is Nude Maniac.**  
Des Moines, Ia.—Wallinford Belger, nationally known musician and head of the music department at Drake university, has been identified as the nude maniac who has been terrorizing Des Moines women for the last two months. Efforts of detectives, police, private investigators and reporters to discover the maniac, were rewarded when he was seen walking down an exclusive residential district without clothing. He was placed under arrest.

## SORBO SPONGES

JUST OVER FROM ENGLAND

After fifteen years of tireless research work, a noted British Scientist perfected this wonderful Sponge, a luxury for your bath.

The Sorbo Sponge is a triumph of British Scientific Invention, made of pure rubber, but holds water like a Sea Sponge. It has the same color and texture, but never tears.

If it cost twice as much, it would still be the cheapest sponge made.

You feel the difference the moment you start using a Sorbo Sponge. The very touch of it on your face or body is a pleasure. The more you use it, the better you like it.

Sorbo Has No Rival.

No other sponge has the tonic message effect which makes the Sorbo Sponge so wonderfully beneficial to the skin and complexion.

Soap Improves It.

You can leave it in water. You can boil it. It is an economical sponge to buy, as it will outwear four natural sponges and costs less than one.

Disinfectants Will Not Harm It.

May be Used for Automobile Washing.

Specially Priced During August.

The man who will spread out his affairs before the Almighty for approval is on the right road.

There is no permanent success for that person who does not live up with God.

Washington prayed for wisdom to handle affairs of the Colonists in the dark days of Valley Forge. Lincoln laid the terrible problems of the Civil War before His Maker and besought Divine help.

Jesus Christ—the greatest man of the ages—facing the weight of the world's sin prayed for help to go through with the task he had undertaken.

Prayer is effective in its working and the every day man, little dreams of its vast power.

The essence of prayer and its application are in that trusting, confident appeal of the little boy who was in deep trouble. "Dear Lord, if you ever helped a fellow now is your chance."

Heard of the distress of the Jews in their home land—worried over it for weeks—prayed about it—gained the chance he wished for—and made good. Study this with us Sunday.

## SENATE FINALLY PASSES TARIFF

MEASURE NOW IN CONFERENCE AFTER RECEIVING 45 TO 25 VOTE OF APPROVAL.

### MANY POINTS STILL UNSETTLED

Main Objection Will Come From Opponents of American Valuation Plan Favored by House

Washington — The Administration tariff bill, the first Republican tariff bill in 18 years, officially "The Tariff Act of 1922," was passed late Aug. 19 by the Senate after four months of debate. It now goes to conference. The vote was 45 to 25.

Senator Borah of Idaho was the only Republican to vote against the measure. Three Democrats—Brouard, Kendrick and Ransdell—voted for it. Twenty-one senators, 14 of them Republicans and seven Democrats were absent and did not vote.

Senator Cummins of Iowa, president pro tempore, announced the appointment of the Senate conferees: Chairman McCumber and Senators Smoot of Utah and McLean of Connecticut, Repub. (as), and Simmons of North Carolina, and Jones of New Mexico, Democrats. Senator McLean is the fourth ranking Republican on the Finance Committee, and was named in place of Senator La Follette who under the usual rule would have drawn the assignment, but is opposed to the bill.

The measure was returned to the House Monday with a formal request for a conference. American valuations will be the biggest issue in conference but the general belief at the capitol is that the House will yield on this, accepting the Senate "flexible" tariff plan as a substitute.

Chairman Fordney said he would hold out for American valuation, asking instructions from the House. Under this plan the House would decide the issue, a direct vote, and the conference would proceed with their two separate bills.

## USE TROOPERS TO CONFISCATE COAL

STATE FUEL ADMINISTRATOR ORDERS RE-DISTRIBUTION OF FUEL SUPPLY

### PRIORITY VIOLATION CHARGED

Muskegon Coal Firm Alleged to Have Secured Supply by Changing Official Order

Lansing—State troopers, accompanied by a representative of the state fuel administration, were dispatched to Muskegon Monday night to seize 10 cars of coal said to be in possession of the Bloch Coal company, obtained by that firm through violation of the priority order.

The coal would be taken care of by the state fuel administration for re-distribution to firms entitled to priority in immediate need of fuel to keep their plants running.

According to the fuel administrator's office the coal held by the Bloch Coal company was obtained through a priority order for the Muskegon Traction and Light company. The traction company placed an order through the coal company for three cars of coal. When the order went through it had been made to provide for four cars of coal daily.

Thirteen cars have been delivered under this order, the fuel administration was informed, three cars going to the Traction company in accordance with their original order and the remainder being held by the coal company.

The order to seize these three cars in Muskegon was the first move made by the state fuel administration to break up profiteering in fuel throughout the state.

Following receipt of numerous complaints from county fuel administrators that priority orders issued through them had not been filled while dealers were offering coal freely at \$2 and \$3 more price, the fuel administration officials began compilation of a report of all the coal coming into the state. The figures will be turned over to Claude B. Aitison who represents the interstate commerce commission in the matter of enforcing priority order.

### 20,000 TAKE MILITARY TRAINING

President in Speech Declares He Favors 100,000 in Camps Annually.

Washington—A proposal in Harding's message to Congress to increase the number of camps for military training from 10,000 to 20,000 has been accepted by the Senate, but the House has not yet voted on it.

After reviewing the civilian troops on the Atlantic adjacent to the White House grounds, the president called attention to the fact that 28,000 civil and 40,000 military during this summer, compared with 11,000 last year. The president said the review had shown him no discontent. But added that there was a thought in America that in armed warfare the nation had not been prepared.

FLAKT USES CRUDE OIL AS FUEL

Coal Crisis Induces Ford Engineers To Try a Substitute

Detroit—Difficulties of obtaining coal will not hinder production at the Ford auto plant in Highland Park because any time to be lost by the 22,000 employees here. The huge battery of boilers supplying power for the entire plant have been converted to oil burners and, according to information, orders for approximately 12,000,000 gallons of fuel have been placed.

The change was not made until it became apparent that sufficient coal to supply the plant would not be obtainable for some time at least.

### BONUS OPPONENTS ARE DEFANT

Claim Enough Votes to Uphold Presidential Veto of Bill

Washington—A battle of the highest pitch is inflaming the senate and house over soldiers' bonus legislation. Opponents of the measure, which is now before the senate, are defiant and claim to have enough votes to uphold a presidential veto.

On the house side, Chairman, Farmer of the ways and means committee has planned a conference with President Harding. He hopes to dissuade the president of his intention to veto the bonus.

### 24 SAVED FROM BEACHED BOAT

Police Launch Rescues Deep Sea Voyagers Stranded in Inlet

Rockaway Beach, N. Y.—Twenty-four deep sea voyagers including 10 women and three children most of whom were sea-sick, were rescued Monday by a police launch from the sloop Stendrup, which had gone aground in Rockaway inlet. The sloop was returning from a deep sea fishing excursion when the heavy tide washed her ashore.

## STATE NEWS IN BRIEF

Big Rapids—Henry Swanson, living east of the city, ran a straw in his eyeball while operating a thresher and his condition is critical.

Bay City—James McGivern, 71 years old, well known old resident, is dead at his home here. He formerly was prominent in union labor circles. He leaves his widow and one daughter.

Albion—Cerald Miller, 16-year-old boy, living in the village of Homer died of lockjaw at the City hospital. He stepped on a rusty nail and was rushed to the hospital after the disease had advanced too far.

Otsego—The peaceful trend of Otsego happenings was broken by the appearance of Jasper worn knickerbocker rocks, born of so much violence on the part of the traits of the age, have become a popular pastime.

Pontiac—An industry commission will be asked in Greenup County by Prosecutor A. F. Blakeslee to examine Albert Schroeder, young Ortonville farmer, who is said to have confessed to killing his father and brother-in-law.

Owosso—Fred Phillips, of Owosso, west of here, was buried alive in a cave in a gravel pit where he was working. He was rescued by fellow workmen and was found to have suffered a broken rib and other slight injuries.

Saginaw—Contracts have been awarded by the East Side school board for the construction of a 22-room addition to the Webber Park school to a Saginaw firm for \$154,574. The total cost without equipment will be \$186,000.

Hillsdale—Irving Ayres, of Pioneer, O., is dead in a hospital here where his right arm is amputated at the shoulder to prevent the spread of blood poisoning. His arm was injured in a friendly wrestling match in his home town.

Albion—Postmaster, Willard E. Noyes, has received word that Albion has one of the three best conducted postoffices in the state, the other two being Tonawanda and Niles. An inspector from Washington recently complimented Mr. Noyes.

Menominee—Kicked by a horse and trampled to the floor as she directed her husband who was driving their wagon, Mrs. A. D. Colard was badly injured that she lived only a few hours. Her husband, Mr. Colard, is the only son to carry on of this pioneer family.

Flint—The pound tomatoes the "Porky" of Frank Kibell, in his kitchen garden. All the tomatoes except 100 pounds he says the good ones have been imported from Virginia. He claims to be the only one to grow a crop of this quality.

Pontiac—Several aliens and Oakland County citizens assembled at Macomb City, where in a night vigil their protest against the program depicting the progress of the organization was presented by 100 men, women and children.

Michigan—A recent inflation from the state department of agriculture has \$100,000 set aside for a survey of Michigan's natural resources has been undertaken by a committee of the state administrative board.

According to a communication received by the board, there are extensive areas of peat in the state which could be developed into valuable fuel resources.

Mr. Clemens—The discontinuance of a rural route leading from Huron City, which previously covered the Shook and Ballou roads, has raised a storm of protest from more than 100 farmers. It is proposed to send a delegation to Washington to take the matter before the postmaster-general. The delivery was cut by the post office department to economize, it was reported.

Kalamazoo—Mrs. Joseph J. Herman, of Ontario, Calif., has written officials here asking proof of her wedding 70 years ago for use in obtaining a pension in Washington. She says she was married in this city Oct. 9, 1856. The records in the county office were destroyed by fire many years ago.

She is too feeble to remember the name of the minister who officiated, the letter says.

Benton Harbor—Berrien County fruit growers are shipping direct to Chicago consumers—with no middlemen to share the profits. The gasoline boat Imperial is hauling the fruit fresh from tree and vine, across the lake, making three trips a week. Its carrying capacity is 1,500 bushels a trip. It is understood that Mayor William Hair Thompson of Chicago is sponsor for the plan.

Detroit—"Dr." Irving E. Sanders, proprietor of an alleged "baby farm" on West Fort street, was found guilty of practising medicine without a license, by a jury before Judge Harry Keidan. The principal witness against him was Leola Sonnenberg, 15 years old of Northville, who testified she took her two-days-old baby to Sanders' place for treatment for an infection and in the expectation that he would find a home for the infant. Judge Keidan remanded Sanders for sentence. His attorney intimated an appeal would be taken.

### 73RD STATE FAIR TO BE GREATEST

G. W. DICKINSON LOOKS FOR LARGEST ATTENDANCE IN HISTORY OF EXPOSITION.

WORLD'S TALLEST MAN IS AMONG ENTERTAINERS

More than 5,000 persons expect to come from September 1 to 10 to the 73rd annual State Fair. If it is not the largest exposition, it will be the most representative in the history of the fair.

The world's tallest man, 7' 10 1/2", will be the chief attraction.

Among the entertainments along the Midway this year will be those of the Indian and Merry Shows. This last, however, has been commonly referred to as "the aristocrat of the world."

Brought to Detroit by Rubin and Cherry, will be Jan Van Albert, the tallest giant in the world. He stands nine feet six inches in height, is a clever conversationalist, and entertainer. Van Albert, while in Washington, was received by the President, and his height had the effect of lowering the chief executive.

Also, there will be the auto drama, where feats will be performed by fearless autodrivers and cyclists; the freak animal show, exhibiting many strange and interesting specimens of peculiarly formed animals, and the Lucky Boy minstrels—an aggregation of 30 colored performers and musicians.

Other wholesome and clean entertainment features, too numerous to mention, have been arranged. While the farmer visits the fair primarily to see the livestock, Government agricultural exhibits, countrymen's products, bees are raised correctly, machinery and modern automobile equipment, the fair management believes also he comes and brings his family to see these entertainments, and so, nothing has been left undone to make the attractions at the seven-and-a-half annual fair better and greater than ever before.

### COUNTRY'S FAMED CATS TO BE SHOWN AT FAIR

The Persian Society is cooperating with G. W. Dickinson, secretary and manager, for an elaborate Cat show at the Michigan State Fair, Detroit, September 1-10.

A large number of inquiries from prospective exhibitors already assure the success of this exhibition. Fanciers in Jackson, Mich., Indianapolis, Dallas, Texas, and other points of the United States have promised to exhibit at the show. A large number of entries, it is known, will be made by Michigan farmers.

Gertrude E. Taylor-Ruddy is in charge of the Cat Show. Mrs. E. V. Clegg, of Cleveland, Ohio; and E. G. Hydon, of Bogota, New Jersey, have been named judges. They are considered two of the best cat authorities in this country.

### G. W. DICKINSON INVITES EVERYONE IN MICHIGAN TO SEE 73RD STATE FAIR

To the Victor.

And, please extend through the columns of your paper an invitation to all of your subscribers, which I would be happy to make personally were it possible, to visit the Seventy-third annual Michigan State Fair, Detroit, September 1-10.

The fair now is as part of the state government, and this, I believe, has had a tendency to increase the interest of everyone in it and to build for it respect as an educational institution.

For the farmer, the fair is not only a school but a city of 10 days with 500,000 persons, which will broadcast his plea of reasonable profit and, for the industrial worker, the fair is an educator and intended to relieve the monotony of constant toil.

G. W. DICKINSON,  
Secretary-Manager.

### BIG FIREWORKS DISPLAY TO BE FAIR FEATURE

Because he believes fireworks to be clean and wholesome—entertainments much to the taste of fair visitors—anticipate annually G. W. Dickinson, secretary and manager, has arranged for the most pretentious fireworks spectacle ever attempted at the Michigan State Fair, Detroit, September 1 to 10.

Thrillingill Co., of Chicago, pyrotechnical specialists will present the display this year.

Stargazing, Mystic China, one of the most inspiring spectacles ever presented, the Chicago Fire, the Navy and Pioneer Days will be present.
