## BOOZE PEDDLERS CACHE WAS WELL STOCKED

Resting quietly and unobserved a stock of miscellaneous liquors has been stored for some months in the old out-door cellar on the farm at head of North Center street, now owned by F. J. Cochran and J. G. Holden, but better known as the T. G. Richardson farm. The premises were occupied by Frank Rice and until recently no one surmised the cellar was being used for storage purposes and as a cache from which liquors were being peddled about the country. To Village Marshal Ernie Lyke must be given the credit for the discovery and for the breaking up of the mysterious hiding place.

For a number of weeks Mr. Lyke has been on a still hunt to trace to its source the liquor supply which has been offered for sale in Northville. A covered auto has been used in connection with the sale of the booze and it has long been known that the vehicle was frequently driven from Northville to a point on Grand River avenue where it was loaded for the return trip, which was usually made along about midnight. Mr. Lyke finally became suspicious of the premises on North Center street and in company with F. J. Cochran, one of the owners of the farm, he made a search of the place last Thursday. As the gentlemen entered the driveway leading to the yard they met the covered auto that has been under suspicion so long and its driver, Jack Canier, seemed very much excited and distressed when he found he had been discovered. There was no liquor in the vehicle, the auto having merely been used to contain the booze, which was being taken to a bottle restorer in another town. Mr. Lyke asked Canier if he had a key to the place and he took to his heels and no one ever ran faster to get away. Mr. Lyke and Mr. Cochran proceeded to the old cellar and with the aid of an axe an entrance was soon forced and one look assured Mr. Lyke his suspicions had been well founded. They found many jugs and bottles filled with liquor and a lot of empty flasks and bottles and a liberal supply of corks and a funnel with which the bottles had been filled.

Mr. Cochran came to the village and notified the sheriff's office at Pontiac (the cache being located over the line in Oakland county) while Mr. Lyke awaited the booze supply. When the Oakland county officers arrived the liquor was loaded into their car and taken to Pontiac and the covered auto which had been used so long about the village was also taken into custody and placed in D. B. Bunn's garage for safe keeping. The "find" was a very great surprise to Mr. Cochran and he was very indignant over the matter and he appraised Mr. Rice for having permitted the booze runners to establish their headquarters on his property. Rice, of course, claimed he did not know the cellar was being used for the storage of liquor, but his story was not believed by the officers.

## STATE PRESENTED ELEVEN PARK SITES

Among the eleven park sites presented to the state by Dodge Brothers Motor Company, there is one consisting of 25 acres bordering on Waiked Lake. These park sites were given as memorials to the late John F. and Horace E. Dodge and were given for the purpose of providing places of recreation for the increasing number of automobile owners in the state. Within a few years it was intimated in the letter of presentation, it will be almost impossible for people who do not own lake front property to enjoy any of the benefits and pleasures of camping at the numerous lake resorts in this section. With these park sites always available it will be possible for all the people to get to the "waters edge" without trespassing upon the property of other people.

The village schools opened Tuesday morning. Mr. and Mrs. W. A. Crane of Marshall were guests of Northville friends over Tuesday night. Mr. Crane is secretary of the Calhoun County Fair at Marshall and he was attending the State Fair for a couple of days looking after exhibits for his fair. He is a hustler and if the fair is not a success it will not be his fault.

## VILLAGE SCHOOLS OPEN WITH GOOD ATTENDANCE

The Northville schools opened on Tuesday with an increased attendance over last year and with a full corps of teachers on hand to begin the year's work. In speaking of the efforts that have been made to keep our schools in the front rank of Michigan's High schools Superintendent Hatrich recently made the following announcement:

"During the past year special emphasis has been placed upon standardized equipment in order that the progress of the school might be carried on most effectively. Our High school library has been revised and catalogued in accordance with the latest methods and ranks with some of the best libraries of the state. Each grade has its own library of well selected books properly cared for in a new special built-to-order book case. Our play ground is equipped with modern apparatus to give the youngsters the right kind of diversion under proper supervision. Realizing that the physical side of the child's life is just as important as the mental a new department has been created this year for the physical development of every boy and girl. The services of a well trained director have been obtained and it is planned to make this department one of the strongest in the school.

A fine Radio outfit has been installed and in addition to its use for experimental purposes and study the public will be given ample opportunity to enjoy it as well.

Our High school is fully recognized by the University of Michigan and since a careful inspection has again been placed on the accredited list. A recent survey made by the University authorities of the Northville school revealed that the graduates of the school maintained records of honor. The standards of attendance at the University have lately been made so rigid that the Northville school can well feel proud of its reputation.

Tuition for ten residents is \$300.00 per year payable one semester in advance. Tuition for the grades is \$50.00 per year. The per capita cost of instruction is much higher than either of the above amounts. About three thousand five hundred dollars was allotted from non resident students last year.

## BASE BALL NOTES

Manager Hicks' team evidently put some "pep" into the local ball team because they defeated the Court Woodmere team of Detroit last Sunday to the tune of 9 to 11.

The Labor Day game was captured by the Campbell Garden team of Detroit, as was expected. The visitors are fast and they outplayed the home team, defeating them by a score of six to one.

On Sunday next the North Farmington team will come for a game. The visitors have played good ball all the season and are pretty lively.

Mr. and Mrs. Bert Stark left Sunday for Lima, Ohio, where they will visit relatives for a few days. They were accompanied by Misses Katherine and Margery Telford, nieces of Mrs. Stark, who have been spending the summer here. They stopped over Sunday night with Toledo friends while enroute to Lima.

FORD'S ASSETS REACH HIGH POINT

The total assets of the Ford Motor Company are \$49,826,152.97, according to the annual financial statement filed last Saturday, in the office of the secretary of state, in connection with the corporation tax return of the concern, which paid the maximum fee of \$10,000.

Of the holdings, those in the state are valued at \$215,415,662.92. The statement is of June 30, 1922, and the company's surplus is shown as \$249,935,296.40. The assets include cash, on hand and in the bank, \$145,985,669.81; plant and improvements, buildings, fixtures and structures, \$11,626,015.03; machinery, tools and equipment, \$39,531,079.34; and good will, \$20,517,838.82.

The Ford interests also made returns on the Dearborn Publishing company and the Lincoln Motors company. The assets of the former are listed at \$124,961.55, while a single item of \$250,000 cash is shown as the total asset of Lincoln Motors.

According to reports which have recently been published the net earnings of the Ford company will reach from sixty to seventy-five million—a few million either way does not seem to make any difference.

There has been a good deal of speculation since Mr. Ford's declaration of a few days ago that his plants would close down on the 15th, before he would pay profiteers' prices for coal and steel. Fortunately for Mr. Ford he can run his business just as he pleases, but to one on the side lines looking on it does not seem fair that he should throw 300,000 men out of employment just to show the coal operators and the steel manufacturers what he can do. His men employed at \$6 a day can better afford to pay prevailing prices for their coal supply than they can afford to pay four or six dollars a ton if they are out of work. It is a serious problem and it is sincerely hoped some means may be found to prevent the closing of the great Ford plants.

### THOMAS F. FARRELL REPUBLICAN CANDIDATE FOR COUNTY CLERK

Primaries September 12th, 1922.

Voters of Wayne county can make no mistake in considering favorably the candidacy of Thomas F. Farrell for County Clerk. Mr. Farrell is well known to the citizens of Detroit, and has had opportunity, in various capacities, of demonstrating his worth and ability. He has held the office he now seeks, as a good county clerk. The experience he has gained in his former term in office is his best recommendation. ## LABOR RESENTS U. S. INJUNCTION

INTERFERENCE OF FEDERAL GOV.  
ERNMENT FAILS TO STOP  
ACTS OF VIOLENCE.

### JEWELL NOT SERVED WITH WRIT

Deputy Marshals Fail to Find Leader of Shop-Crafts Hearing on Permanent Injunction Sept. 11.

Chicago—New acts of violence and "unwise" expressions of bitter resentment of the part labor leaders against the federal injunction were reported from different parts of the country Monday. Many of the chief agitators whom the injunction was issued to restrain, had not been seen since the "whereabouts" of J. P. Jewell, leader of the shop-crafts union, remained unknown.

General labor bodies in various states adopted resolutions dealing with the railroad strike. The Boston Central Union pledged full moral and financial support to the striking shopmen and adopted a resolution calling upon President Harding to seize these roads and to restore the strikers to their old jobs. The resolution also denounced Attorney General Daugherty.

These are some of the developments since the United States government was granted a temporary restraining order against the six striking railroad shop-crafts unions, their officials and members, from interfering in any way with the operation of the railroads and their properties.

The order was granted by Federal District Judge James H. Wilkinson on application of United States Attorney General Harry M. Daugherty and District Attorney Charles F. Clegg. The order will remain in force until September 11 pending hearing on the government's application for a permanent writ of injunction.

In Chicago where one of the first cases were filed, the injunction was made the Chicago Federation of Labor authorized a campaign for funds to aid the striking shopmen. The committee was a noted religious organization. William Z. Foster, secretary of the National American People's Party, United States Senator R. M. La Follette of State Dakota, and other members under direction of the National Labor Union, have been active in the national strike.

### U. S. SHIPS TO AID CHRISTIANS

London—American warships, together with those of France, Great Britain and Italy, were sent to Smyrna Monday to protect the lives of Christians, following an urgent appeal by the British government.

Great Britain has made an urgent appeal to the Allies and to America to intervene in the Turco-Greek war and arrange an armistice to prevent the Greeks from being driven into the sea.

The warships, including those of the American navy were dispatched from Constantinople.

### WAYNE LEGION POSTS SEATED

Ann Arbor—The suspension of the 11 posts of the Wayne county council of the American Legion was raised, in a decision of the state executive committee, at midnight Monday. The vote to seat the delegates of the suspended posts in the state convention which opened Tuesday.

The decision by the executive committee came after Ernest J. Lajoie and Kenneth M. Stevens had argued the case of the suspended posts for three hours.

Six Held On Assault Charge. Raleigh, N. C.—Six men charged with beating S. W. ## GRANT HUDSON'S CAREER OFFERS MANY CONTRASTS

CONGRESSIONAL CANDIDATE HAS  
WIDE EXPERIENCE IN BUSI-  
NESS, FARMING AND PUBLIC AF-  
FAIRS.

Grant M. Hudson, candidate for the republican nominee for Congress from the Sixth district, was born on a farm in Ohio in 1868. Part of his boyhood was spent in Lansing, Mich., with his uncle Martin Hudson, proprietor of the old Hudson House.

As a young man he learned the printer's trade, and it was while following his trade that he first came to realize the value of higher education. He determined to realize his ambition along this line, and worked his way through Kalamazoo college, graduating in 1894, and then entered the University of Chicago for his doctor's degree.

Because of ill health he was obliged to discontinue his college work and took up farming in Kalamazoo county. In 1897 he entered the mercantile field at Schoolcraft, Mich., in a small way, the business prospering and developing to a point where it was the largest mercantile establishment in that section.

While he was in Schoolcraft Mr. Hudson was a member of the school board, member of the council and president of the village three terms, and represented his county in the state legislature during the sessions of 1905 and 1907, as well as the special session of 1906.

In the legislature he was the father of what was then widely known as the Hudson Local Option bill. He also took an active part in the adoption of the hills providing for a two-cent railroad fare and for direct primary elections.

In 1910 Mr. Hudson became fourth leader of the Detroit district of the Anti-Slavery League, and in 1912 became state superintendent when the leading ones were removed to Lansing. The session of the state legislature at that time the amendment was adopted for his leadership and led to the passage of the anti-slavery law.

### LOCAL

Many Northville people are attending the State Fair this week.

Miss Iris Balch began her school at Bell River Tuesday morning.

The W. R. C. will meet on Wednesday next, the 13th, at the usual time and place.

Oil burners have been placed under the boilers at the local Ford plant and are giving good satisfaction thus far.

The children at the fresh air camp were taken back to the city last week so they might be in readiness for school.

George Dunbar, director of the Oak and Motor company's band at Pontiac, will direct the Northville band on Saturday night.

DeWolfe Chappie, initiated five candidates last night. The League team of Peninsula Chapter of Detroit came out and countered the delegates.

The annual meeting of the Detroit conference of the Methodist Episcopal Church will convene at Pontiac on Saturday and will continue for several days.

The World fair will be the attraction for next week. Thursday has been designated as "Pontiac Day" and the fellows over at the county seat are making extensive plans for the outing.

There will be the usual services at St. John's Episcopal church in Plymouth next Sunday. The adult Bible class will resume its meetings for the year with Miss Katherine Schmidt as teacher.

Two weeks from next Tuesday the Northville Fair will open its gates for the reception of exhibits. Let's make the fair a bumper this year. Bring the best things you have and let your neighbors see what you have accomplished.

Frank Macomber has something to "cackle" over. He has a white Leghorn pullet four months and fifteen days old that is laying an egg every other day. Can any poultry fancier in this section produce a better record to "crow" about?

Mr. and Mrs. Hugh Babbitt have taken possession of the new home on Rogers street. This is one of the most ambitious and attractive residences in the village and when the new owner has been settled it will be a very handsome property.

The P. Y. Society will resume their regular monthly meetings on the 11th inst. at the high school building. The ladies of the society will be glad to have all their friends and neighbors join them.

For the benefit of the community the boys of the P. Y. who are now 15 years of age will be in line for the annual election of the P. Y. and will be eligible for the body of the P. Y. on the 11th inst.

Next Tuesday is the general primary election day when candidates for United States senator, congressman, governor, lieutenant governor, members of the state senate and legislature and county officers will be nominated, and very voter ought to turn out and express their preference. Do not remain at home and then complain if the wrong fellows are nominated.

There are a lot of weeds going to seed along the streets and on some neglected and some occupied property in this village that should receive the attention of the street commissioner. And while this work is being done men should be engaged to rake the stones from the streets which have been dug up for the sewer. But little work can be done on the streets this year, but the stones can be removed without much effort.

Mrs. Alex E. Daly died in Harper hospital, Detroit, on Tuesday afternoon, September 5, after having undergone an operation the preceding day. Her death came as the culmination of a long period of ill health covering many years, an operation having finally been decided on as the last and only chance of bringing back to her a degree of health.

Funeral services will be conducted from her late home on Rogers street on Friday, September 8th, at 2:00 o'clock.

Mr. and Mrs. H. B. Clark entertained a merry company of children from the fresh air camp a few nights before the little ones were returned to the city. The children were accompanied by their nurses and the outing proved a most delightful one for all. The children were at the Clark home at milking time and it was a revelation to them to see for themselves just where the pure, rich milk they had been enjoying all summer came from. Refreshments were served and Mr. and Mrs. Clark enjoyed the visit as well as did the children.

Northville Fair, Sept. 27, 28, 29, 30th. Mr. and Mrs. C. O. Yerkes have been at Rochester, Minn., for the past two weeks, where Mr. Yerkes received medical treatment.

The ladies of the September Circle of the Presbyterian church will hold a Fallsey market on Saturday, Sept. 16th. Location of the market will be announced next week.

During Wednesday afternoon's storm lightning struck a tree down on the flats near the sewage disposal plant. Two workmen standing near were stunned, but soon revived.

William Arms died at his home on Randolph street, Tuesday afternoon after an illness of a few days with bronchial pneumonia. Funeral services were held at his late home Wednesday afternoon and the remains were taken to Scottville, Mason county, for burial.

### REVERENCE FOR THE CORNER STAKE

The title to your property lies in a proper description—the point of beginning—the corner stake.

All state, county and individual property boundaries have been laid out from a corner stake base and meridian lines.

The corner stake of life is the fact that God exists—that He cares—that He will require an accounting—that He will reward justly.

All the necessary directions—the corner stake if you please—are found in the Bible.

Nehemiah knew its worth in a new national life and he saw Ezra teach the people again as to worth. Come with us Sunday, at 12.

**A CANDIDACY WITHOUT STRINGS**

An Expression of Confidence from Editorial in Pontiac Daily Press—An Independent Paper

There is something in the response to Mr. Thaddeus L. Seeley's candidacy for Congress that indicates the determination of Oakland County voters to select a citizen for this county for representative in the Sixth District. The interest and the helpful spirit was far evidenced in the way in which the candidates for Oakland County in the Pontiac mayor's campaign has been received with favorable consideration throughout the district.

Aside from the element of pride which is a factor of no mean importance, there is much in the personality of the local candidate to appeal to the Republican electors. He is favorably regarded because of his sound notions with respect to public matters and his substantial background of common sense. He is not beset with any trills nor is he the victim of any isms. His judgments are not of the harringer variety nor availed to any passing fancy. As a successful business man he has discovered that the sure and safe way to attain a desired objective is by predication his cause on the eternal verities. He is not afraid of the unchristian but he has the caution and prudence that are vitally essential to a successful struggle.

Having risen from the ranks of the struggling struggle at the bottom, Mr. Seeley has no false conception of the problems of humanity. He is a practical man in his mental makeup and of the opinion of the man in the street. He is not a theorist. He is a man of the people. He is a man of the people. He is a man of the people.

**Survey Shows Profit in Poultry Flocks.**

An average return of two hundred dollars above feed and other direct costs is reported for 39 Michigan farm poultry flocks included in a survey recently completed by the farm management department of the Michigan Agricultural College, an indication that poultry are often one of the farmer's most profitable enterprises.

These were average Michigan farm flocks," says H. M. Elliott, head of the farm management department. "They averaged 118 hens to the flock, with the average return per hen \$1.70. Thirteen of the flocks show returns per hen in excess of \$2.25 per hen and unmet between these figures.

A striking feature of poultry management noted out by the survey was the beneficial effect of proper feeds upon both egg production and net return per hen.

**THE BAT AT THE GARRICK THEATRE.**

THE BAT, a play by W. Somerset Maugham, is presented by the Garrick Theatre, Detroit, beginning Sunday evening.

It will be recalled that "The Bat" shattered several attendance records when here last season. This was the rule everywhere this cast appeared even where the company was returned for a second engagement. So it is with considerable confidence that "The Bat" is presented for a return engagement at the Garrick theatre, Detroit, beginning Sunday evening.

The company coming to the Garrick is the same one that appeared in Detroit last season, with one exception. It is known as the "Big Cities" company and enjoys the distinction of having broken nearly 50 records for attendance and business in various cities throughout the country. It broke even more records than the New York Company, setting new high marks for the business done in single performances and for a week in nearly 30 different cities. This record was one of the things that prompted Waggenhall & Kemper to hold the company intact for this season.

**HAS MADE A GOOD RECORD.**

The unprecedented growth of Detroit and Wayne county during the past ten years has brought with it a corresponding increase in the number of criminal prosecutions in both the Recorder's Court and Circuit Court, according to Paul W. Voorhies, Prosecuting Attorney.

More than thirty-five thousand criminal cases passed through the courts of Wayne county during 1921, said Mr. Voorhies. Crimes naturally gravitate towards the centers of population, which means a proportionate increase in crime in large cities and the necessity of constant effort to suppress lawlessness. Due to efficient cooperation between the prosecutor's office and the other law-enforcing agencies of this county crime during 1921 was reduced fifty per cent over the previous year. It is a world-old battle between the forces of law and order and the criminal element, but it is straining every nerve to keep lawbreakers suppressed, and I am confident that this year will show a still further decrease in crime in this county.

Mr. Voorhies is a candidate for re-election at the primaries to be held September 12th having served as prosecuting attorney since January 1st, 1921. His experience as former assistant prosecuting attorney and chief assistant prosecutor, attorney over a period of seven years, and his knowledge of the law in Wayne county for over 15 years.

# BONUS MEASURE THROUGH SENATE

### BILL GOES TO HOUSE AFTER PAS- SAGE BY 47-22 VOTE IN UPPER BODY.

### LEADER PROMISES RUSH ACTION

The slight difference between the two houses expected to be ironed out ahead of tariff.

Washington—The four billion dol- lar soldiers' bonus bill was passed Aug. 31 by the senate and is now in conference. The vote was 47 to 22 with party lines wiped out. Neither senators nor spectators manifested particular interest in proceedings as the discussion proceeded, but just before the vote at 3 p. m. both the sen- ate chamber and the galleries filled quickly.

With the announcement of the re- sult there was applause from specta- tors, particularly from one section of the galleries where there were a num- ber of service men. No effort was made to prevent this demonstration. Twenty-seven Republicans and 20 Democrats voted favorably and the op- position vote was divided between 15 Republicans and seven Democrats.

Immediately after the passage of the measure the senate directed that it be returned to the house with a request for a conference. Since there is no serious dispute between the two houses on the bonus, the conferees are expected to lay aside the tariff long enough to agree to a report on the bonus.

Government experts estimate the total cost of the bonus at \$3,845,859,481 on the basis of 75 per cent of the veter- ans electing the certificate plan, 22 1/2 per cent the farm and home aid and 2 1/2 per cent vocational training. This total is exclusive of any appro- priations that would be made under the \$3,500,000,000 land reclamation provision, but under that provision the government finally would recover those costs. The total of the certifi- cate plan is placed at \$3,354,809,481, farm and home aid, \$112,225,000, vo- cational training, \$62,225,000, and cash payments to veterans receiving \$500 a year, \$16,625,000.

As amended by the senate, the cer- tificate plan will be paid before Janu- ary 1, 1923, and would provide for the payment of 75 per cent of the cost of the farm and home aid and 25 per cent of the cost of the vocational training.

Adjusted service credit is pay- able in 20 years at 4 per cent at death and containing loan provisions. Vocational training is at the rate of \$1.75 a day up to a total of 110 per cent of the adjusted service credit.

All in purchasing a farm or home the total amount to range from 100 per cent of the adjusted service credit if the money were advanced in 1923 to 140 per cent if the payment were made in 1928 or thereafter.

Adjusted service pay, or adjusted service credit would be figured on the basis of \$1 a day for domestic service and \$1.25 a day for foreign service, less the 50 per cent discharge. But in no event could the amount of the credit of the veteran who performed no overseas service exceed \$500, and the amount of the credit of the veteran who performed any overseas service exceed \$925.

### STATE IGNORES FEDERAL BODY

Fuel Administration Acts Independ- ently of Washington Distributor.

Lansing—The state fuel adminis- tration has discontinued sending coal or- ders through the Federal distributor at Washington and is now acting inde- pendently in supplying the needs of Michigan. It was announced by W. W. Potter, state administrator.

Inability to get information from Washington as to the measures being taken to meet the demands of the state coupled with press reports that the Federal fuel distribution organiza- tion was being disbanded, was re- sponsible for the action of the Michi- gan administration, it was said.

### ILLEGITIMATE BIRTH RATE HIGH

32,000 Annually Born Out of Wedlock, Report Shows

Washington—More than 32,000 chil- dren are born out of wedlock annually in the United States, according to a statement by the Children's Bureau of the Department of Labor.

The bureau announced approval of a law proposed by Prof. Freund of the University of Chicago, and recom- mended by the National Conference of Commissioners on uniform state laws granting broader right to illegiti- mate children.

### Gen. Mulcahy to Lead Irish

Dublin—The Irish Free State now looks to Richard Mulcahy, William T. Cosgrave, Owen O'Duffy and John J. McKeon to carry on the work begun by Arthur Griffith and Michael Collins, according to all indications of the trend of opinion as to the new lead- ership. General Mulcahy, the new com- mander, is lauded by his friends as capable and determined, with a touch of the poetic in his character, which heightens his appeal to his fellow- Irishmen.

#### RANKS FAST DEPLETING.

At the annual reunion of the aged veterans of the Twenty-second Michigan volunteer infantry, held at Pontiac last week, Thursday and Friday, but 22 members registered as compared with 40 a year ago. Officers for the ensuing year were chosen as follows: President, E. C. Cannon of Ewart; vice pres., Marvin Bogart of Wixom; secretary, and treasurer, A. E. Collins of Detroit; chaplain, Willard Harwood of Imlay City.

A blood-stained and shot-tattered colors of the Twenty-second were draped over the platform in the court room. The colors, belonging to the regiment, having been presented them by an act of Congress. Other Michigan regiments do not own their own colors, but they are held by the state at Lansing, says the Pontiac Press. The Twenty-second has long as a comrade survives. Many an interesting story is told of the part the colors played in the various battles throughout which they were carried. The flags are of silk and were made by Pontiac girls, who beautifully embroidered them and presented them to the regiment just before their departure for the south.

The old colors carried by the regiment throughout the war, was also hung again, as it always hung at every function. The colors were stolen from a low speck as the Twenty-second was marching away from Oakland County and served to revive the drooping spirits of many a tedious march. Its spotless notes always bring a smile of recollection to the faces of the old boys.

George Goodell, who captured the old bell so many years ago, now has the dear old relic in his possession and upon the occasion of the annual reunion of the ex-prisoners of war of the Twenty-second regiment which will be held here on September 19th and 20th, Northville people will be privileged to hear its "music."

#### NOVI TAXPAYERS SEEK MANDAMUS IN SCHOOL MATTER.

Members of the board of education of Novi school district, George Simmons, George Bassett, James N. Larwin, Archie C. Atkinson and Orrin S. Hulett, were named defendants in two chancery suits commenced against them Saturday by Novi taxpayers in which a mandamus is asked in one and an injunction in the other.

George B. Yerkes, Edmund S. Beard, Alex. Christensen and Effie M. Root ask the court to grant a mandamus to compel the board to submit to the electors at a special election a question of rescinding a \$135,000 bond issue, for a site and a new school which was voted by the district on November 22, 1921, and carried by a narrow margin of two votes. The vote was 129 to 127 with three spoiled ballots. It is claimed by the defendants that a proper petition was prepared and submitted to the board in advance of its annual meeting on July 18 asking to submit the question of the rescinding of the previous action. The board refused to submit it. Judge Gillespie ordered the board of education to appear and show cause on September 19 why it should not be compelled to submit the question to a vote of the district.

The other suit is brought by Clara I. Chabman, Ben Bentley, William F. Witt and Marvin Bogart, and asks an injunction to prevent the school board from contesting a suit brought to prevent it from issuing \$135,000 of the district bonds to build the proposed school. At the annual meeting it is asserted a majority voted that the board discontinue its fight in this case. It is declared that the board, in spite of this instruction, expects to defend the action. The court directed the board to appear on September 18 to show cause why a permanent injunction should not be issued to compel it to abide by the wishes of the majority of the district as indicated by the vote at the annual meeting—Pontiac Press.

This matter has been brewing since the election last fall, and the members of the board feel that the election was held that all its proceedings were regular and that they have no objection under the law to re-submit the proposition to the taxpayers at a special election. The board were Judge Gillespie on the issue in all probability will be in a contrary view.
