GROESBECK, TOWNSEND, HUDSON AND WALTERS

WON OUT EASILY IN TUESDAY'S
PRIMARY ELECTION—BAKER
WAS A SURPRISE TO ALL.

Latest returns received up to Thursday noon indicate that Governor Alex Goresbeck had been re-nominated by a large majority over both of his opponents. Senator Charles E. Townsend had a plurality in 33 counties while Baker carried 22. Kelley four and Emery one. Baker's large vote was a surprise of the day, though Kelley did not poll nearly as many votes as his supporters expected. Doubtless Baker divided the Kelley vote throughout the state.

Hudson had a substantial lead in the Sixth congressional district. He received a larger vote in Oakland county than did Fred D. Seeley of Pontiac. Later reports give his total vote as 1,610. Blackney's as 926, and Seeley's as 4,336. Hudson and Seeley divided the dry vote in the district, doubtless. Blackney was regarded as a "wet" candidate.

Sheriff Butler was re-nominated over in Oakland county. County Clerk Cryneiman was again successful and Miss Avery was successful in her race for register of deeds. She is the first woman ever nominated for county office in Oakland county.

Later returns give George A. Walters 47,273 votes to 23,899 to Cowan his nearest opponent.

John N. Johnson of this village received a very complimentary vote throughout the district and was re-nominated by a large majority.

In Saturday's primary election voters demonstrated that this government of ours—national, state and county—is much better than a vast majority deserves. Out of a total of upwards of 1,400 voters in Northville township only about 300 took the trouble to go to the polls to select the candidates to be elected in November next. Utter lack of interest is the only valid excuse most people could offer for not doing their duty because weather conditions were ideal for getting about. In fact the weather must could not have given the people a more delightful day, but in spite of that fact more than 1,000 people in Northville township remained away from the polls and what is true of Northville is true of every other township and city throughout the state and nation.

There was very little stir during the day. People seemed to come in their own mood and the usual arguments and "button holing" among those who were especially interested in the outcome was lacking. But two seat democratic tickets were cast during the day, though of course, that figure did not represent the number of democrats who went to the voting booths.

George A. Waters, republican candidate for sheriff, received the largest vote given to any candidate, while Governor Goresbeck and Grant H. Hudson were second in the list, each having received 177 votes. Among the candidates for United States Senator Charles E. Townsend received the largest, viz., 113 votes, having expressed themselves as favorable to his candidate as against 97 for Frank H. Keller, 38 for Baker and 26 for Emery.

In the contest for governor Goresbeck received 177, Joshua C. Fletcher 52. For circuit judge Fletcher received 1,000 Barlow 57. For congress Hudson headed the list of candidates with 1,000. Seeley had 48 and Blackney but 18. Walter J. Hayes for state senator made a good race, his opponents receiving but 46 votes in all. For judge of probate H. S. Hubbell received 121 votes to 74 for Edward Compton. For sheriff George A. Waters made a good run, easily leading the entire field. Williams received but 24 votes. Cowan 4. Lavallee 4. Wallace 4. Thomas Farrel received 122 votes for clerk and his opponent but 25. Godfrey Freywald, who was a candidate for second term for county treasurer, received 72 votes and Patrick Boyle received 45. Paul W. Voorhees received 111 votes for prosecuting attorney, to 42 for Robert T. Speed.

C. A. McCullough and E. E. Brown were chosen delegates to the republican county convention.

Dr. Marion Leroy Burton, president of the U. of M. and family spent Saturday with his cousins, the Misses Alice and Ellen Sherman, Mr. and Mrs. Ed Saenger, and family. Mrs. Emma French and Mr. and Mrs. Walter Nichols.

IVAN DICKINSON'S BODY NOT YET LOCATED

All efforts to locate the missing man have proved futile thus far.

Last Thursday night Ivan Dickinson, who worked at Ford's and resided at Waterford, motored over to Nicholsburg Lake, near South Lyon, to enjoy a few hours fishing. He did not leave the village until after he had finished his day's work and it was between seven and eight o'clock when he reached the lake. He expected to have a companion but just as Mr. Dickinson was ready to leave it was found impossible for no other man to accompany him and as he was already and having visited the lake many, many times while residing on the farm, he decided to go anyway. When he did not return at the usual hour his wife became worried and a search was instituted by relatives and a few close friends. Mr. Dickinson's car was found on the shore of the lake and the boat in which he went fishing was also found, but no trace of him was discovered. His cap was found floating just below the surface some distance from the boat.

All day long Friday searching parties scanned every nook and crook about the lake and grapple hooks were used in all parts of the lake. A total of 64 sticks of dynamite were used in an effort to raise the body, but set about thirty feet apart and found the lake, but that failed to bring the desired result. The search has been continued continuously since nothing has been found.

Dickinson is about 35 years old and has a wife and two children. His home life is a most happy one and as he was doing well in business no reason can be given for his disappearance except that he fell overboard from his boat and was drowned. He was liked in high esteem by all who enjoyed his company and the tenderest sympathy in the entire community is expressed for his wife and children in these hours of suspense and misery.

CHURCHES' FEST'S SUCCESSFUL

With the services of Rev. Smith of the Methodist church just closed and new set of bibles are opened for the new school period.

Rev. R. S. Marsh is attending the annual conference now in session at Pontiac. There he will be called upon to give account of his work and to his station here for the year. Mr. Marsh will be able to report on the underlying conditions of the local society and its financial status and offer a splendid basis for future operations.

The full facts will be brought out at the recent quarterly conference when various departments summed up their work for the year.

The financial outcome was the most encouraging feature of the year for it is shown that the entire budget, excepting a small note, was paid in full. This result was reached without any undue strain on the others in the congregation and is a wonderful commentary on the membership.

Pastor and people have made no demands upon the approaching winter and it was mutually agreed, to pay the bishop and the cabinet in what seemed best in view of all circumstances.

Rev. Mr. Marsh and family have lost of friends in Northville and they will be sorry if the decision of cabinet members from Northville.

MAINE ELECTION GOES TO G. O. P.

SENATOR HALE AND GOVERNOR BAXTER RE-ELECTED BY FAIR MARGINS.

MARYLAND NOMINATES FRANCE

Senator's Lead Reported Safe; Wm. C. Bruce Leads in Democratic Race for Senator.

Portland, Me.—Senator Frederick Hale, Republican, and Governor Percival P. Baxter, Republican, were elected in Maine in Monday's election.

Returns Tuesday morning from 336 election precincts out of 635 in the state representing 476 cities and towns out of 526, gave for senator Hale (Republican), 198,883; Curtis (Democrat), 73,178. For governor Baxter (Republican), 102,159; Patterson (Democratic), 74,068.

Particular returns indicated the election of the four Republican representatives from Maine. Returns from 38 out of 92 precincts in the first district gave Carroll L. Head (Republican), 7,604; Louis A. Dugas (Democrat), 4,786.

In the second district 113 out of 116 precincts gave Wallace White Jr. (Republican), 17,453; Bertrand G. McIntyre (Democrat), 12,178.

In the third district 159 out of 224 precincts gave John E. Nelson (Republican), 19,323; Leon G. Tabbets (Democrat), 13,952.

In the fourth district 130 out of 133 precincts gave Ira G. Hersey (Republican), 15,144; James W. Sewall (Democrat), 9,443.

Baltimore—United States Senator Joseph F. Frane was renominated by the Republicans in Monday's primary. Early returns showed that he had carried 16 of the 27 voting units in the state including Baltimore City, and had an apparently safe majority in several others which would give him considerably more than the necessary 26 convention delegates.

William C. Bruce appeared to be the dominant figure in the nomination, although his opponent's voting delivered the casting vote in some districts. Representative T. Noy Goldberger, Democrat, the only member of the congressional delegation who was renominated, was defeated.

TURN IN LABOR TIDE IS NOTED

American Federation of Labor, Pleased With Coal Settlement.

Albany City, N. Y.—After reviewing the major strike, in which almost members of the American Federation of Labor were engaged during the past year President Samuel Gompers and the executive council of the federation in annual conference here Monday sent a message to John L. Lewis, president of the United Mine Workers, calling a declaration that "the abiding settle-

ment of the coal strike marks the turning of the tide, it will usher in the fulfillment of John's hope and dreams."

WORD "OBEY" OMITTED IN RITUAL

Episcopalian Bells to Go On-Rite or Off Changes

Portuguese—The horses of bishops of the general convention of the Portuguese Episcopal church in session here have gone on record in favor of omitting the word "obey" in the marriage ritual. It has been decided on the part of the church with my worldly goods, etc., endowments. This latter clause was recommended by committee of revision for omission.

One of the proposed additions to the marriage ceremony favors the leaving of the dress and of training them up in health of body.

MARY LIVES LOST IN WRECK

Over 80 Drown When Steamer Hammonia Foundered.

Souhampton—There was considerable loss of life when the German steamer Hammonia exploded on Aug. 9.

Construction of this was obtained Monday when the British steamer Nassau Castle sailed here with 355 of the record passengers on board.

Captain Dix, commander of the Nassau Castle, said the loss of his possibly world record. Others on board estimated the dead at 150.

MOVE TO IMPEACH DAUGHERTY

Minnesota Representative Brings Charges Against Attorney-General.

Washington—A resolution of impeachment was laid before the house Monday by Representative Oscar E. Kiefer, of Minnesota, Republican, and was referred to the committee on judiciary upon motion of republican floor leader Frank W. Mondell. At the same time, the Minnesota lead into the record a series of seven charges which he hopes will be made the basis for articles of impeachment, on the part of the House of Reps.

AUTO OWNERS MUST OBEY CONDON LAW.

Despite explicit instructions issued recently by the secretary of state's office, motorists are not complying with the automobile certificate of title law provisions, according to Attorney Howard D. Brown of the Detroit Automobile club.

Charles J. DeLand, secretary of state, in requesting the automobile club to call attention of motorists to the fact that the title law must be complied with strictly, said hundreds of applications for transfer of title are being received daily in a mutilated or altered condition. Such applications will not be accepted and if it is found alterations have been made with malicious intent prosecution will follow, the law prescribing a maximum punishment of \$5,000 fine and 10 years' imprisonment upon conviction.

An average of 300 transfer applications are being received from Detroit daily in which changes have been made. Purchasers of cars are failing to get proper transfer of title, according to Secretary DeLand, and until these titles have been assigned properly by the seller to the purchaser, the state will not recognize them.

Here is an example of the mistakes being made daily: John Smith sells a car to John Doe on a trial basis.

John Smith scratches out his own name on the title and writes in that of John Doe. This is a violation of the law itself.

But this violation is compounded when John Doe brings the car back to John Smith and says he does not want it.

John Smith then scratches out the name of John Doe.

He then substitutes that of Richard Roe.

Roe then thinks he has a clear title to the car, but he hasn't.

When he sends it to the Secretary of State it is returned with instructions that John Smith apply for a duplicate certificate of title for which he must pay another dollar.

This title is turned over in good order to Richard Roe, who sends it to Lansing and pays a dollar fee and has the trans-

fer of property.

Ask Court To Vacate Order on
Ground That Government Has
Failed to Sustain Charges.

Chicago—The temporary restraining order granted the government September 1 against the striking railway workers and their leaders Monday night was continued in effect for not to exceed 10 days. The original order would have expired Sept.

Federal Judges James H. Wilkerson ordered the continuance on the government's motion at the close of the first day's hearing on the motion of Attorney General Frank J. Daugherty for a permanent injunction to replace it. The continuance, the court said, was to terminate on the conclusion of the injunction hearing.

Chicago—With the arrival Sunday of Frank J. Daugherty, attorney-general of the United States, the stage was set for the hearing in federal court Monday of the government's application for a permanent injunction against the striking railroad shop crafts.

John W. H. Chin, assistant attorney-general, accompanied Mr. Daugherty. They were preceded by Blackburn Estes, assistant to the solicitor general; Oliver F. Pagan, the government's injunction expert, and two carloads of evidence which it was said would be used in an effort to prove a widespread conspiracy to stop the union's transportation. The existence of such a plot was denied by the strikers generally when he gave his testimony on September 12 when he told the most important testimony in the nation ever heard in a case of this kind. The strikers have not only denied the existence of a conspiracy, but have demanded the return of the men who have been taken to prison under the government's injunction. A violation of the Clayton Act, it is claimed, is obtained by the miners' strike, which is being held in protest against the reduction of coal miners' wages from \$1.25 per ton to \$1.10 per ton.

The coal miners, taking pride in their record, say they are the only people in the country who do

not want to work.

500 Miners Work After Interruption
of Wage Agreement

A large number of coal miners returned to the anthracite field Saturday night after a four-year strike of the miners' district continued in full force throughout Pennsylvania. Open and half-open pits throughout the state are again giving the miners employment. Some 1,000 miners are now working in the state, and the number of miners employed will be increased to 10,000 by the end of the month. About 1,000 miners are still working in the state.

MICHIGAN EXPOSITION SUCCESS

57,001 Men Attended State Fair, Thru 1921

Detroit—Eighteen thousand men attended and 18,000 persons visited the Michigan State Fair this year than in 1921, according to a statement issued here Sunday by George W. Dick, fair secretary-manager. The report also shows \$142,843 received in gate receipts during the 1922 fair, as compared with \$137,654.05 in 1921, a plus difference of \$5,188.95, despite the reduction in admissions.

Indicted Men Face Murder Charge
For Taking Part in Riot

Marion, Ill.—Four true bills, in which 35 residents of Williamson county are indicted on the charge of murder, were returned in Judge D. T. Hartwell's court by the special grand jury. Most of the men are miners. One is a Negro deputy sheriff. The court clerk at once began to prepare cases and deputy sheriffs started out into the surrounding district to bring in prisoners.

Convers Throw in Panic Before
Blaze Is Extricated

Fires—A fire in the Genesee county jail Sunday afternoon, believed to have been set by a prisoner in an attempt to effect a wholesale jail break, raged for several hours in the women's yard before it was extinguished by the fire department and thirty-five prisoners into a panic. The fire originated in the bath room adjacent to the women's department, the door of which had been left closed.

WHITE PLague FLEES FROM LIFE OUTDOORS

An average gain in weight of 4.19 pounds each resulted from nine weeks of outdoor life, supervised recreation and wholesome food for the 116 children who have returned to their home from the summer health camp of the Detroit Tuberculosis Sanatorium near Northville, the report of F. W. Walker, superintendent, shows. The camp closed on August 31.

When the children began camp life

at the close of school 50 per cent

were found to be under weight. When

the camp closed, 14 per cent were

found to be still under weight but 21

had gained. The average gain in

weight of girls each week was 4.8

and the weekly increase of boys 4.7

pounds.

All the children selected upon

recommendation of the department

of health nurses were chosen because of

malnourishment or because of active

cases of tuberculosis in their families.

A few were incipient cases which

had been treated by physicians who

examined her.

The record among the

boys was a gain of eight and one-

quarter pounds by a 12-year-old

FAIR NOTES.

Special tickets will go on sale today, Friday, and they will be sold three for \$1.00. The sale will continue until Monday night, September 25th. Here is a chance, to save money.

The Baptist Ladies have leased the space under the grand stand where they will serve meals again this year. This will insure "good eats" to all fair visitors. There will be other stands where lunches can be secured. If you have any article about your home whose age or history would make it especially interesting you are urged to bring it to the fair for exhibition in the antique department. This is a new department established last year, and it is desired that it be greatly enlarged this year.

The dog show will contain a whole lot of very valuable bony awards, judging from the promises that have been received from dog fanciers.

You may rent a box in the new addition to the grand stand for the whole week if you desire to do so. This will insure you a good seat whenever you wish to occupy the same.

It is desired that all the stores and business places of the village close at 12:30 on Thursday, Friday, and Saturday of fair week.

The new horse sheds are completed.

The Michigan State Prison will have an fine exhibit at the fair this year.

Every foot of available space will be filled this year—as usual.

The Northville band will give daily concerts during the fair.

Thursday will be Plymouth day and Saturday will be Detroit day.

On Wednesday of fair week Northville and Holy teams will open the base ball tournament. On Thursday the Rison Creamery team will contest with the last Howell aggregation. On Friday, the running teams at Wednesday and Thursday will fight it out to a finish.

Among the free attractions which will entertain the people during fair days are the Melzer Family, consisting of six people, in a big casting act, a tight rope and balancing act Rufus & Rustus College comedians, Gun Powder, the girls with a half dozen will be given in the platform tent, in front of the grand stand this afternoon and for three nights.

People visiting the Northville fair have always been able to get a good meal at a fair and this year will prove no exception. If you don't want to bother with a basket you can secure a meal at one of the lunch on the grounds or a reasonable price.

If the ladies living in the village are planning to enter articles in the fair department, they'd do well to mark their go in the schedule Monday evening as the competition will greatly exceed the 160 entries.

NORTHLVILLE SCHOOL NOTES.

The Northville High school has commenced the new year with a record enrollment which is the largest in its history. There is a general increase of approximately 14% in the upper four grades. The largest class is represented by the freshman with an enrollment of 442 which is thirteen percent increase over that of last year. The enrollment by grades for the past eight years is as follows:

| | year | year |
|-------------|------|------|
| Freshman | 40 | 72 |
| Sophomore | 33 | 35 |
| Junior | 23 | 28 |
| Senior | 29 | 27 |
| Grand total | 125 | 142 |

In the grades there is but a slight increase this year over that of last year. There are at the present time 342 pupils in the various grades. The number by grades is as follows:

| | |
|-------------------------|-----|
| Kindergarten | 34 |
| First grade | 44 |
| Second grade | 29 |
| Second and Third grades | 31 |
| Third grade | 31 |
| Fourth grade | 41 |
| Fifth grade | 35 |
| Sixth grade | 30 |
| Seventh grade | 30 |
| Eighth grade | 31 |
| Grand total | 343 |

Total number at the present time is 584 pupils. Before the end of the year it is estimated that there will have been in attendance approximately 550 pupils.

The High school program is now running smoothly and final adjustments have been made in all classes. Considerable difficulty has been encountered in making out the schedule so that there will be a minimum of conflicts. On account of using the gymnasium for both physical training and music it required careful planning to utilize the gym to the best advantage.

Almost sixty classes are being held daily in the Junior and Senior High school.

Penmanship is being strongly emphasized this year. An earnest effort is being made to improve the handwriting of every boy and girl in school. In order to bring this about every pupil whose handwriting does not score 80% on the Ayres scale will

be required to take penmanship under the supervision of Mr. Anderson, the Commercial Instructor. Mr. Anderson will inspect the daily work of the pupil that has been handed in from time to time to the various teachers and rate them accordingly. Any student excused from penmanship and who later fails below standard will be required to re-enter the class.

The new Physical training classes are arousing considerable interest.

Every boy and girl is required to take physical training throughout the course of their High school career.

The new gymnasium suits have just arrived and are being sold to the pupils at wholesale prices which represents considerable saving.

The price of the suits is \$2.75 which includes jersey, trunk and shoes.

As soon as the classes are well under way public exhibitions will be given by both the boys and girls classes.

About thirty boys are turning out each night for football practice. It is hoped that the first game will bring out a large attendance of townspeople for the team needs their support.

Physical training is also being emphasized in the trades. A special teachers' meeting was held Tuesday afternoon for grade teachers at which

a definite program of physical training was outlined for the grades below the High school. These boys and girls will receive their training at the regular recess period twice daily.

The work for each week will be outlined in advance by the physical director, Mr. Ensing, who will be on hand at all times to personally supervise the playgrounds. The gymnasium is also open during the noon hour under the supervision of Mr. Ensing and pupils are welcome to take advantage of training offered at this time.

The former teachers of the school

will give a reception this Friday evening at the home of Mrs. Hugh Baugh in honor of the new teachers.
