6TH ANNUAL FAIR A GREAT SUCCESS

Good Attendance, Large Exhibits
Good Racing, Everybody Had
A Good Time

The sixth annual Northville Wayne County Fair closed Saturday along about midnight and it was the opinion of all that it had been the best and most enjoyable one yet given by the fair association. In point of attendance it exceeded any previous year and in the manner and arrangement of exhibits and displays far excelled all former efforts. Visitors from far and near were enthusiastic in their praise of the several exhibits and heartiest congratulations were showered upon the fair officers and superintendents for the part they played in making the annual gathering such a success.

The weather for the entire week was most ideal and nothing occurred to mar the pleasure of the affair in any way. The crowds were happy and each individual seemed bent on seeing all they could and having a good time and if one may judge from the happy, care-free expressions upon their faces it is a safe guess to declare all were satisfied. It was indeed a proud and happy week for Northville for many exhibitors and sightseers who came for the first time, declared their intention of returning next year and many were kind enough to say they had never seen so good exhibits at any county fair before. In fact some of the more enthusiastic ones declared Northville had beaten the Michigan State Fair in many of its exhibits, notably in the fruit and poultry displays, and the automobile exhibits.

Wednesday, the opening day was the day set apart for the better baby contest and the attendance was unusually large for the first day. The forenoon hours were given over to putting the "finishing touches" on the exhibits, stands, displays, etc., and immediately after dinner the baby contest took place in a large tent secured especially for the event, but which proved much too small to accommodate the great throngs of people who were interested in this special feature of the fair. Mrs. Flora Larkins had charge of this attraction and she managed the affair to the satisfaction of all in spite of the handicap for lack of room. The prizes were awarded as follows:

Class 1—For Physical Development.
Best baby girl—First prize, Eleanor Goe, Walled Lake, 97%; 2nd prize, Elizabeth Ruth Fall, Northville, 97%.
Best baby boy—First prize, Roderick Copeland, Northville, 97½%; 2nd prize, Norman W. Lazek, 3007 Northwestern Detroit, 96%.

Class 2—
First prize—Frances Johana Lafury, 13 Augusta, Pontiac, 92½%; 2nd prize, Vera Proctor, Wayne, 92%.
First prize, Donald Green, Northville, 97%; 2nd prize, Sterle Hathaway, Jr., Plymouth, 95%.

Class 3—
First prize—Erlie Robinson, Jr., Wayne, 95½%; 2nd prize, John Russell Calkins, South Lyon, 95%.

A special prize for most perfect score returned was awarded to Mary Jane Bradley, South Lyon, 99½%. This prize was given by Dr. Bruce Douglas, one of the examining physicians.

Class 4—
First prize—Lucille Simmons, Northville, 96¼%; 2nd prize, Betty Collins, Salem, 95%.

Eleanor Goe was awarded the extra prize for best baby in classes 1 and 2, an electric water and milk heater given by the Detroit Edison Co., and Lucille Simmons was awarded the extra prize for classes 3 and 4, an electric boudoir iron, also given by the Edison company.

At three o'clock Northville and Howell met on the base ball diamond to decide the result of the opening game of the tournament. Northville won the honors easily.

Thursday was Plymouth day and our neighbors certainly made a fine showing in the parade of the afternoon. People spent the forenoon looking over the exhibits and the judges were busy awarding the premiums and by noon all attendance records for Thursday had been broken. Northville had received a slight intimation that Plymouth people were coming over in force for it had been announced that business was to be suspended for the afternoon, but no one looked for the splendid demonstration that was

made by our neighbors. A procession of 140 automobiles, all loaded to their capacity, and many of them handsomely decorated, left Plymouth for the fair grounds, at 12:30. The visitors were met at the east entrance by the Northville band and the procession passed through the grounds and around the race course. Messrs. Fred D. Schrader and E. D. Denniston, mounted on handsome horses, were marshals of the day, and following the Northville band came the House of Correction guards in attractive uniforms, followed by the Millard band, the Plymouth fire department, the members of which were all dressed in attractive white suits, the City Commission, Chamber of Commerce, board of education, and these were followed by many handsomely decorated cars representing the business firms of our sister city. Among the firms represented were the Pennington-Allyn Theatre, Blunk Brothers, Hueston's Hardware, Schrader Bros., Gayde Brothers, Byers' Pharmacy, the Daisy Manufacturing Company, Robert Warner, Calvin Whipple, United Savings Bank, Frank Rambo, Reo Agency, Jewell, Blach & McCordle, Woodworth's Bazaar, Heide, the florist, William Pettingill, the grocer, the Plymouth Mail, G. B. Crumbe, L. L. Ball, C. H. Draper, Hovey's Candy Store, Blunk & Baker, Martins Dry Goods Store, Freydl, the tailor, H. A. Dibble & Son, Parrett's Insurance Agency, John Patterson, builder, Glen Smith, Stanley Chamberlain, and last, but not least, came Harry Robinson, the auctioneer, and Mrs. Robinson riding in a vehicle drawn by a small pony, which attracted unusual attention for it was probably the only horse-drawn rig on the grounds. Harry "parked" his vehicle near the oat bin. Besides the business firms represented there were many also decorated, every one vying with his neighbor in making the parade an attractive feature and one worthy of the beautiful and enterprising community it represented. As the procession proceeded through the grounds and around the track it was greeted with hearty applause and every one was delighted with the exceptional showing made. It was certainly a very neighborly act and one that will long be remembered by Northville people, and we trust that at some future time we may be able to return the compliment. The parade reflected great credit upon the business firms and the people of Plymouth and they are to be congratulated upon the splendid spirit which prompted this display of neighborly interest and co-operation.

After the parade had disbanded the afternoon's program was taken up. Besides the special features secured by the fair management the immense crowd was highly entertained by a number of selections by the Millard band. The races and ball game made a program of pleasure that was enjoyed by all and one lady from the city was heard to remark "this is a darn good little fair." Holly defeated the Rusden Creamery team of Detroit in the second ball game of the series, leaving Holly and Northville the contenders in Friday's contest. The fireworks display was one of the delightful features of the fair and was witnessed by immense throngs of people. Thursday night a special set piece bearing the words, "Welcome Plymouth" was given as a compliment to our guests.

Friday's attendance was a great surprise to every one because no one believed we were to have three big days, but the crowds came just the same—an indication that they were well pleased with the fair and did not want to miss a single day. During the day premiums were awarded in the several departments and in the afternoon there were three racing events and the final game of the base ball tournament. The game was a very close one and at times most exciting, but the contest was won by Northville to the tune of 7 to 5. The game was a tie and in the last half of the ninth inning Northville made one score, winning the game. Interest in the game was intense and the visitors were accompanied by a lot of loyal boosters who backed their team to the very last. The crowd did not seem to diminish any for the evening so eager were all to enjoy the night's program and to partake of the fun. The crowds were orderly throughout the whole of the four days and the people seemed to enjoy every minute of the time.

Saturday was the big day of the fair so far as the attendance was concerned and from early in the forenoon until late at night great crowds surged through the buildings and about the grounds. Members of

I. C. C. SAYS CAR SHORTAGE EXISTS

COMMISSION REPORT SHOWS FOOD SHIPMENTS IMPERILED BY POOR SERVICE.

ESSENTIALS GIVEN PREFERENCE

Extension of Priority Order System May Be Necessary to Cope With Continued Seriousness.

Washington—Figures and reports in the possession of the Interstate Commerce Commission show plainly that the fear of an early car shortage, which officials of the American Railway association expressed recently, is distinctly conservative and that a car shortage already exists in the refrigerator service handling perishable food.

The commission is devoting itself to careful studies of the whole situation, to the end that the most efficient use may be made of the available equipment. That boils down mainly, to seeing that when there are not enough cars to take all traffic offered for transportation preference is given by the railroads to essential articles.

In a broad way that already has been done in the issuance of priority orders, covering fuel, foodstuffs and other essentials. But it is stated that the commission is making a constant study of the general situation, in order to be prepared to use its priority powers to meet promptly and effectively each phase of the general situation as it is presented.

In addition, a study now is being made in the commission's offices of the reconignment practices in the movement of open top cars, used principally for coal and building materials. The commission is considering whether, in view of the conditions prevailing in the transportation, some restriction of the privileges now granted could not be made to the benefit of the whole situation. The views of railroad executives have been sought.

In past government officials attribute the difficulties of the situation to failure of the roads to make re-placements and additions. The roads say they have not kept their equipment up to the necessary standard because government regulations have not allowed them sufficient profits to finance the necessary improvements.

27 INDICTED BY GRAND JURY

Prominent Men Included in Plot to Defraud in Stock Sale.

Washington—Samuel A. Carlson, mayor of Jamestown, N. Y., Guis F. Allen, former acting treasurer of the United States, James B. Mansfield, engineer and 24 others were indicted Monday by the federal grand jury on charges of conspiracy to commit an offense against the United States and of using the mails to defraud. The charges grew out of the sale of stock of Birmingham Motors, a common law trust of New York state by which it is claimed persons were defrauded in different cities. Alleged misrepresentations as to financial and other conditions of the business are set forth in the indictments.

Berlin—Germany's dizzy mountain of debts continues to grow appallingly.

Expenses far exceed the income derived from taxes and from customs. A cross section of the national financial situation covering the last 10 days of August shows, for instance, that compared with an income in taxes and customs amounting to 4,985,695,000 marks, the governmental expenditure amounted to 77,817,150,000 marks.

Owners of such dogs should pay the tax at once or the dog-killer will be visiting them."—Pontiac Press.

PRISON FARM PROIVING SUCCESS.

Those who had the pleasure of seeing the exhibit made at the fair last week by the Detroit House of Correction Farm will be glad to know that the cans of soft corn displayed represented a part of the 3,000 gallons made in the new sorghum mill just recently established at the farm. The canned tomatoes and pumpkin were put up in the canning factory which was established last year. During the past season there has been raised and canned or sent to the city institution from the farm's gardens for consumption by the inmates 1,000 bushels of beets, 7,000 bushels of tomatoes, 7,000 dozen ears of corn, 2,000 bushels of beans, 200 bushels of cucumbers, 2,000 watermelons, 2,000 cantelopes, 5,000 bushels of apples, 500 bushels of peaches, 50,000 cabbages and the potato crop of the farm is estimated at 12,000 bushels. In the

canning factory more than 100,000 cans of fruit and vegetables will be put up before the season is over.

Capt. E. D. Degenstein, who has charge of the farm, is held in high regard by his subordinates and the men who are sent to the institution, because he believes thoroughly in the policy of a square deal for every man. The success of the farm so far is due largely to his ability to handle men and to grasp the common every-day problems which present themselves in a business-like manner and with an unbiased mind.

LEGISLATURE TO REGULATE FUEL

GOVERNOR CALLS SPECIAL SESSION TO DEAL WITH COAL PRICE GOUGERS.

FEDERAL CONTROL NOW LACKING

Up To State to Regulate Price and Distribution After Supply is Brought In a State.

Lansing—A call was, on Oct. 5, issued by Governor Crossbeck to an extraordinary session of the legislature for the purpose of enacting legislation for the regulation and control of the sale and distribution of fuel in Michigan.

When the call came the governor's action in giving the call was a direct result of the fact that the coal situation in the state had become so serious that no longer could be controlled by the federal government.

The federal government has informed us that it can do nothing to regulate Michigan's fuel supply after the coal leaves the mines," the governor said "so the only thing that remains for us to do is put ourselves in a position so that we can control the distribution of the fuel after it comes across the border of the state."

The call reads as follows:

"To All Whom it May Concern:

"Greetings—By virtue of the authority vested in me as governor of the state of Michigan, I hereby call the legislature of the state to meet in extraordinary session, October 10, at 2 o'clock in the afternoon for the purpose of considering legislation regulating and controlling the sale and distribution of fuel within the state.

"Given under my hand and the great seal of the state this second day of October, one thousand nine hundred and twenty-two and of the commonwealth the eighth-seventh."

(Signed) ALEX J. GROESBECK

Governor

Land Secretary of State

The action to call a special session of the legislature with the expectation of passing legislation governing the distribution of fuel and preventing profiteering even on making it a misdemeanor to charge more than a reasonable price for fuel was reached by the governor after studying the situation to determine if possible what conditions will confront the state when the cold weather arrives with its heavy demand for fuel.

The fact that the largest part of the usual anthracite buyers may be forced to go into the bituminous market in an effort to obtain any fuel at all means that the demands upon the soft coal supply will be that much heavier than usual.

With the coming of severe weather the shipments of coal will be curtailed greatly as locomotive power is only about one-half as efficient in cold weather as during the summer months.

This will be the third special session of the 1921 legislature. The first was called immediately after the end of the regular session a year ago last June to pass the soldiers' bonus bill.

The second called later in the summer to revise the tax exemption clause into the bonus bill which had been left out when the measure was first passed.

INJUNCTION APPEAL IS URGED

Daugherty Says Proceedings Were Mildest Form of Restraint.

Washington—Readiness to co-operate with counsel for the railway shop craft organizations in any endeavor to expedite further judicial consideration of the government's injunction proceeding was expressed Monday by officials of the department of justice.

Attorney General Daugherty was said to hold strictly to the opinion to this effect which he expressed in Chicago and reiterated on his return to Washington. He has said that the government would not oppose or seek to delay an effort to bring the Chicago injunction or any of its collateral issues before a higher tribunal insisting that there must not be found any "personal animus" in the proceedings.

The injunction, the attorney general has insisted, was "the mildest form of restraint," which the federal authority could have used in the situation arising from the railway strike.

KEMAL'S PLAN UNACCEPTABLE

French Envoy Confident, However, That Agreement Will Be Reached.

Constantinople—The Kemalists proposals, which were laid formally before the Mudani conference Tuesday, are "discussable, but not acceptable," This was the decision of the extraordinary council, which met at the British embassy. It included the allied high commissioners, ambassadors, generals and admirals.

M. Franklin-Bouillon, the French envoy, through whose efforts with Kemal Pasha, the conference was made possible, expressed his confident belief that an agreement would be reached at Mudani.

"Kemal will make an even greater effort for peace than he has made for war," he said.

trap shooting tournament held by the Northville-Plymouth Gun Club last

week resulted in some keen competition and unusually high scores. Forty-five shooters participated in the different events.

The first day, September 28, Harry Born, the noted shooter from Lansing led the field and won the third leg on the Frank Holzhaug trophy with a perfect score of 100x100.

Born's total score on this trophy was 297x300. Emil Jahnke of Flint, a new star on the trap shooting firmament, made a detour on the target in the third event, and finished second with 99x100.

Fred Breigel of Battle Creek, and Fred Brent of Toledo, came under the wire with a 98. George Volk of Toledo and Ben Scott, an old timer from Ann Arbor, collected three zeroes out of the century.

L. G. Wilcox scored 96, Charles Foss and George Weiler 94.

In the fifty-target handicap for the Hagford Brothers' trophy George Volk won the purse with a score of fifty straight from 22 yards.

Emil Jahnke won the trophy with 59 from 26 yards.

H. B. Hall the Detroit pro, missed his last target and scored 49 from 20 yards.

Brent and Foss broke 48 from the 22 yard line.

On the Thursday program Dave Danner proved his ability to stand the "stuff." Dave missed his 14th and 27th targets but went straight on the balance of the program, winning high general average, with 98x100.

C. Newman of Sturgis who has been out on limp of mediocrity for several seasons, setting a fast pace this year. He tied for second place with J. C. Cox, a Detroit shooter, each scoring 97x100.

Dr. J. L. Britton, a prolonged assailant on the flying clays up to the last event. In this frame gun trouble developed and he missed four targets, finishing in third place with 96.

Frank Hosnagle, Tim Dahamr and F. E. Hills, tied for 4th place each scoring 95x100.

The Dodge Brothers Motor Car Company club had five entries in the field Saturday. One of them members J. R. Campbell, carried away high general average, and first trophy in class "A," with the very creditable score of 97x100.

Other winning members of this noted organization were C. W. Matheson, fourth in class C, Fred Pearce, second in class B, Frank Miltenbach, third in class A. In a special event following the regular program Matheson, Miltenbach, Campbell R. Graham and Pearce scored 124x125.

C. E. Newman of Sturgis gave an exhibition of shooting and while it did not equal his performance of previous day was sufficiently good to win the second trophy in class "A."

Powell tied with Newman, but lost the shoot-off. L. M. Truener, the gentleman farmer of Battle Creek, won first in class B, with 95 and Jack Collier of Detroit, captured first in C class with a 94.

W. H. Potter of Birmingham, made a remarkable score for a beginner, his 92 won third in class C.

Charlesworth of Eloise, and Ray Graham tied with 93 for third in class C.

In the shoot-off Charlesworth went straight, and the Detroit man made a 24.

The management of the Northville-Plymouth Gun club wishes to thank the shooters for the assistance they rendered in making this tournament a success.

The club is arranging to schedule several registered club shoots the latter part of October and November.

OAKLAND COUNTY SCHOOLS VICTORS AGAIN.

Word has been received by A. L. Craft, county commissioner of schools, that the rural school exhibit of Oakland county had been awarded three first prizes at the recent state fair exhibit, and the state championship cup, which has been won by Oakland county pupils for the last eight years.

Cash awards totaling \$90 were sent to Mr. Craft for the three first prizes, and the money will be divided among the schools whose exhibits won the first awards.

They are New Hudson school in district 6, Lyon township; Wixom school in district No. 7, Commerce township, and Nichols school in district No. 2, Farmington township—Pontiac Press.

NORTHVILLE, MICH., OCT. 6, 1922

CASSIUS R. BENTON DIED MONDAY MORNING.

While realizing death had been hovering about Cassius R. Benton for a number of weeks, yet the news of his passing away early Monday morning came as a great shock to the people of this community who had enjoyed Mr. Benton's acquaintance and friendship for many years. Possessing a kindly and sympathetic nature he was a friend to every one who came within the circle of his acquaintance and his death is mourned by a great many people in his home town and throughout the county and state. He is survived by his wife, Mrs. L. Langer, and his home life was a most happy and companionable one. To the grief-stricken wife the tenderest sympathy of the community is extended.

John Fitzgibbon of the Detroit News staff has long been a close personal friend of Mr. Benton and we are pleased to publish the following obituary prepared by him:

Cassius R. Benton was born in 1862 on a farm half a mile from Northville, on the Plymouth Road, and he lived there all his life. On the same farm his father was born. It was a Government forest when his grandfather acquired it nearly 90 years ago, the patent for the original transfer being signed by President John

Quinn Adams. The first Michigan postoffice west of Dearborn was on the Benton farm. The location was settled before the founding of Jackson. Grand Rapids, Saginaw or Flint or any other of the larger cities of the state. Detroit excepted, and nearly a decade before Michigan was admitted to statehood.

Cass Benton as he was always known was educated in the Northville Union District School and at a business college in Detroit. His first public office was highway commissioner of Plymouth Township to which he was elected in 1897. A year later he was elected to the same position in Northville Township which the Legislature had recently created. In 1899 he was elected supervisor of Northville Township for the first of five consecutive terms. His last term he was the unanimous choice of the Wayne County board of supervisors for its chairman.

In 1905 he was appointed one of the three members of the first road commission of Wayne County, which started the county's road-building program. The other two members were Henry Ford and Edward N. Hines, the latter a member of the board continuously since.

Mr. Benton was elected to the Legislature for the Northville district in 1894, and was re-elected two years later. In both legislatures in which he served he was one of the House leaders. Not many former members ranked with him as a clear and forceful debater and none surpassed him. When he entered on his second term he resolved not to introduce any bills but to devote his energies to pressing for passage good bills introduced by others, and helping to block their bad ones. He said at the time that there were altogether too many new laws proposed at every session.

Mr. Benton was, in 1907, elected president of the State Association of Supervisors, and at about the same period was a member of the Wayne County board of poor commissioners. From 1909 to 1912 he was deputy register of deeds for Wayne County. Then, for two terms, he was Wayne County's one representative in handling the county's assessments before the State Board of Equalization. In 1914 he presented so convincing a case that the state board reduced Wayne's equalization from \$925,000 to \$707,000. He made four equalizations of Wayne County, in two and a half years and against none of the four did a single member of the old supervisors' board of 61 members protest.

Practically all of Mr. Benton's public activities were along the line

of tax matters. He possessed a most accurate and comprehensive knowledge of tax values not only of Wayne County but of the entire state, and when Go. Slicker, in 1917, appointed him a member of the State Tax Commission for a term of six years, the appointment was widely commended. Funeral services were held at his late home on Wednesday afternoon and were largely attended, friends coming from far and near to pay their last tribute or respect to the memory of their friend. Rev. E. V. Belles conducted the services and interment took place at Plymouth.

EXCHANGE CLUB ENTERTAINED AT PRISON FARM.

After a vacation of a few weeks the Northville Exchange club resumed its weekly luncheons on Wednesday and the members were the guests of Capt. E. D. Denniston of the Detroit House of Correction farm. At one o'clock the guests were ushered into the officers' dining room and were served a real feast—one that will not soon be forgotten by those privileged to be present. Inmates of the institution served the guests and what a meal it was—everything one could wish for. From the soup course to cantelone and ice cream. After all had been served guests were passed and a short business session of the club held.

Capt. Denniston then took his guests on a tour of inspection of the various buildings and departments of the institution. The dormitories where the men sleep were inspected and they were found to be comfortably furnished with good comfortable beds and clean bedding and everything about the quarters was clean and wholesome. Watchhouses were visited where great stocks of canned goods, the products of the farm's canning were stored for winter use. The farming factory was then inspected and a demonstration of canning was given. The guests were shown a lot of canned peaches, the fruit for which was purchased in nearby orchards and the full quart cans cost seven cents apiece as compared with 22 cents if purchased in the market. The sorghum mill and refinery were interesting places and each guest was presented a can of fresh sorghum as a souvenir. A trip up through the orchard to the hospital and the business office completed the visit of inspection. There are a total of 359 men at the institution and there was not a patient in the hospital.

The inmates were seen about their every day tasks and they presented every indication of having been well fed and cared for. While there are guards about the premises and they go and come with the men about the fields and buildings no one is armed and no one seems to assert any undue authority. When the men are released at the institution they are put on their good behavior and are assured they will be given a square deal if they observe the rules and conduct themselves properly.

Capt. Denniston takes a kindly interest in his men and he is never too busy to give them a respectful hearing or an encouraging word.

OBITUARY—REV. J. L. BOYDEN.

Of interest to the older citizens of Northville and Novi was the death of Rev. J. L. Boyden of Kalamazoo, which occurred last week Wednesday. Though nearly 92 years of age he retained his health and excellent mental

facilities until the last three years, having been actively connected with The Michigan Baptist Ministers' Aid society up until that time. Years ago he preached in Novi and Farmington churches walking the distance between the two towns. During the Civil war he acted as chaplain for the Tenth Michigan Infantry. Rev. Boyden was the last surviving member of the first graduating class of Kalamazoo college and the present president of the college was one of those officiating at the services which were held in the Kalamazoo Baptist church Friday morning. Burial was made in the family lot in the Ypsilanti cemetery where Dr. Stetson, former president of Kalamazoo college and Rev. Bourne of Ypsilanti conducted the services, at which were present relatives from Kalamazoo, Saline, Ypsilanti, Florida and Northville.

Three sons and a daughter survive, Frank and Sidney of Kalamazoo, Ralph of Florida and Mrs. Floyd O. Mester of Kalamazoo.

Miss Anna Smith returned home last Friday from a lengthy outing in the west. Besides visiting relatives in Colorado, California and Washington she enjoyed a trip to Alaska.

Mr and Mrs. A. C. Harmon of Detroit spent Friday in Northville, leaving this evening for Winona to visit Mrs. Harmon's sister, Mrs. J. G. Madison.

Saturday and Sunday guests of Mr and Mrs. Otis Tewksbury were Mr and Mrs. Ed Tewksbury, Mr and Mrs. Leon Macklem of Romeo, Mr and Mrs. Andrew Cross of Highland Park, Miss Ella Cross of Birmingham, Mrs. Edith Turner and Fred Westfall of Detroit.

Mrs. Thomas R. Ware had as her guests over the week-end and for the fair Mr and Mrs. Laforte and son, Francis of Canada, and Mrs. Simpson of Detroit. The friends from Canada were delighted with Northville's fair and declared they certainly would have to come again.

Mr and Mrs. Noble A. Hunter of Capac were week-end guests of the former's sister and family, Mr and Mrs. J. J. Helfrich. Mr and Mrs. Hunter were just recently married and were enjoying a few days honeymoon. Mr Hunter is associated with his father in the publication of the Capac Journal.

Among the Northville fair visitors last week were Mr and Mrs. Mark Ambler, Mr and Mrs. Will Painter, Mr and Mrs. Harold Turner, Mr and Mrs. Milt Brown and family, Mrs. G. W. Fowle, Mr and Mrs. Ralph Pomeroy, Mrs. Wm. Somerville and daughter, Marian, H. P. Ward, Mr. and Mrs. Perry Brown, Mrs. Katie Webber, Tom Hunt, Mr and Mrs. Bauman, Norwood Miller, Charles Blair, A. M. Whitehead, Mr and Mrs. Harvey Lanning, all of Detroit.

"YE SHALL FIND A BABE"

Significant words sang by angels over the fields of Bethlehem.

Since that day the child has come into its own—its value to society reckoned—its total worth set forth in plain terms.

When you look into the shining, sparkling, dancing eyes of a child can you by any means measure the possibilities of that life?

Some Washington, Lincoln, Grant or Roosevelt may be walking in and out of the schools of Northville. Dare you say no—dare you act in a manner unbecoming such expectation?

What man in Nazareth dreamed of the undying power of the Boy Jesus—son of Joseph, the Carpenter—as he went about that ancient village for nearly 30 years?

Next Sunday we study this boy—his surroundings—his value.

FRIENDS HONOR PASTOR AND FAMILY.

Tuesday evening a large company of the friends of Rev. and Mrs. Wm. Richards gathered in the parlors of the M. E. church to honor them before their departure for their new home at Northville, Michigan, where Mr. Richards becomes pastor of the M. E. church. This town has a state wide reputation as a manufacturing center and has a population of nearly 2,000. It is finely located, being a few miles west and north of the city of Detroit. Mr. and Mrs. Richards leave behind them many friends and well wishers. Mr. Richards was connected with the Masonic lodge of this place and intimately and happily associated with all

of his brother pastors here. These gentlemen, with the exception of Rev. Mr. Newberry who is out of town, were present at the reception Tuesday evening, each making remarks appropriate to the occasion. G. E. Gekeler of the Baptist church spoke briefly in behalf of that society. E. W. Jones also spoke, concluding his remarks by presenting the pastor and his wife with a very substantial proof of the esteem in which they are held in the form of some beautiful silverware. After the singing of a verse of "Blest Be the Tie that Binds" and one of "God Be with You 'Till We Meet Again" the formal part of the program was concluded. Refreshments were then served and the company dispersed—Cass City Chronicle.

Rev. and Mrs. Richards and children arrived in Northville last week and they are settling in the parsonage. Mr. Richards preached Sunday morning and evening and his messages were well received. The Record extends to the new pastor and his family a cordial welcome to Northville.

Wixom Whisperings.

Mr. and Mrs. French of Wyandotte spent Sunday at Carl Oldenburg's.

Mrs. J. L. Calkins and son, Kenneth of Northville, visited at J. G. Madison's home Tuesday.

Mrs. Hubbell and Wilson of Bolingbroke have purchased the garage of Alvin Brothers.

Mrs. W. Chamberlain and daughter Ruth, spent the week end with relatives at Ponton.

J. E. Chambers and wife and George Morris and wife of Detroit spent Sunday at W. M. Chambers' home.

Mrs. Sarah Patten and daughter Vande were Friday-to-Sunday night visitors at the home of N. W. Ball, at Milford.

Arthur Oaks and family of Flint, were visitors at the home of Mrs. Oak's parents Thomas Sparks and wife Sunday.

J. B. Chambers and wife motored to Jackson, Saturday, where they visited the latter's brother, Henry Rauch and family until Monday.

Mr. and Mrs. A. E. Harmon of Detroit visited from Friday night until Monday with the latter's sister, Mrs. J. G. Madison and family.

Probably the largest puff ball ever grown in Michigan was found by J. G. Madison last week. It measured 5 feet 4 inches in circumference and weighed 32 pounds.

BASE BALL NOTES.

Last week was truly a great week for the Northville Forester ball team. After winning an easy game from Howell in the fair tournament on Wednesday and resting on Thursday, they were ready for the final tilt with Holly. Holly had defeated the strong Rysdon Creamery team of Detroit on Thursday in a ten inning battle, the score ending four to three. By three o'clock on Friday no less than 5,000 ball fans gathered about the diamond to witness two rival teams each with plenty of base ball ability. Both to strive not only for honors, but for the largest share of the prize money offered by the Northville Fair association. Those 5,000 fans were not disappointed for entertainment, for they saw one of the best games that had been played hereabouts in many a year.

First one team ahead, then the other with the final score of seven and six in favor of the Northville Foresters.

The local team with two belts hanging to their belt then traveled to Monroe after a day's rest to combat the undefeated Monroe Stars. It proved to be an easy thing for the Forester team to dim the shining lights of Monroe and the Stars went down early that afternoon behind a cloud that will hang over them for a long time. Ten scores to three in Northville's favor were chalked on the score board at the end of the ninth inning.

Manager Hicks may well be satisfied with every player on his team, for every man proved himself a real ball player in every game. Only five errors are registered against the entire team for the three games.

Captain German showed the iron men that he is by pitching in three games in five days and holding his opponents the last day to five scattering hits.

Arnold Jaska pitched remarkably while in the box and hit one for the longest home runs of the season on the local grounds.

Catcher Loos was a big factor in supporting the pitchers in all games and could stop any opponent who attempted to steal a base.

Hi Long at first base played like a veteran and his three line hits in the first game helped to dishearten the Howell boys. Walter Jaska cavorted around second base in his usual good cool manner and stopped every ball that came his way. Carl Stimpson a short and field proved himself a valuable player and his pep in the game must never be overlooked to keep the team on edge. Spencer held his position at third in a capable manner and his fleetness on the bases often worried the opposing team. Loye German, the youngster of the team held his own in hitting honors and nicely took care of right field. Earl Stimpson in the field was errorless and he certainly clobbered that ball hard in all three games played. Henry Perry, another fielder was at bat but twice at Monroe but drove two line drives so hard that the fans wanted to know who that big fellow was.

TURNED OUT A LOT OF BAKED GOODS.

During the four days of fair week W. H. Elliott's bakery turned out a large amount of baked goods. Besides a whole lot of bread, cakes and cookies the Elliott ovens baked 200 pies, 350 dozen fried cakes and 34,000 rolls. Mr. Elliott also sold a large amount of his special blended coffees to the several lunch counters about the grounds.

W. R. C. NOTES.

The next regular meeting of A. N. Harmon Woman's Relief Corps No. 225, scheduled for October 11th, will be postponed until the next regular meeting date October 25th, to give all the members who can arrange to do so an opportunity to attend the district convention to be held at Ann Arbor October 11th and 12th.

There will be an officer's practice at the hall October 18th, at 7:30 p. m. to get in line for the annual inspection date of which will be announced later. Let all respond to this call as it is most important.

SIXTH ANNUAL FAIR WAS A GREAT SUCCESS

(Continued from page 1)
Moslem Shrine were guests of the fair management during the afternoon and they gave an exhibition drill on the ball diamond which proved a most interesting feature of the day. The visitors and their wives were served a chicken pie supper at the Masonic hall at six o'clock.

The three-day racing program brought a splendid lot of horses to Northville and every event was hotly contested by good fields of starters. Owing to an accident one of the horses in the free-for-all event Saturday was injured and but three horses were in the race. The other events were well filled. The first heat of the free-for-all was made in 2:13 3/4, the fastest mile of the meet. On Friday afternoon Airplane, owned by the Starkweather Stock Farm, was driven a mile to beat 2:25 pacing, and the mile was made in 2:19 1/2. Arion Silk, owned by G. G. Roach of Northville, made a mile in 2:20, beating a former record of 2:25. H. C. Robinson of Plymouth and Frank Cooke of Detroit officiated as judges to the satisfaction of the horsemen and the racing fans.

Friday afternoon there was an exhibition of riding horses and this feature proved very interesting. On Saturday afternoon four of the horses ran a quarter of a mile, the finish being very close and the time was 27 seconds.

FAIR NOTES.

The display of poultry attracted the crowds every day and it is doubtful if any fair in the state has had as good a show. Judge Weiss of the M. A. C. who officiated here, told The Record he had never judged a better exhibition in all the years of his experience. Eldridge Lapham of Elkhart, Ind., who visited his brother, E. H. Lapham, and other Northville relatives during the fair week and who is president of the National association of Wyandotte breeders seated here had never seen a more attractive exhibit of a better lot of fowls on display. Superintendent Fuller and his assistant G. E. Richardson, spared no labor or effort in making the poultry department attractive. The exhibits were nicely arranged and flags and flowers and handsome window boxes were used artistically in decorating the interior of the show room.

The exhibit of automobiles and trucks required two large tents and the show excelled anything seen at Detroit this year. Superintendent Roy R. Terrill, deserves a great deal of praise for his untiring efforts on behalf of his department. It was the best auto show ever given here. The display of sheep and swine was especially large this year and clearly indicated that Superintendent Albert Ebersole had been busy for weeks before the fair. The exhibit made by the members of the Northville Pig club was especially large and attractive many very choice animals being shown.

The cattle show at the Northville Fair has always been good and this year proved no exception. Floyd A. Northrop, superintendent in charge looked after this department to the satisfaction of all exhibitors. The Brennan, Fitzgerald & Sink farm had a wonderful display of Jerseys.

The show in the horse department attracted many visitors and all were quite surprised to see so many fine animals under one tent. Harry B. Clark was the superintendent in charge of this interesting exhibit. Among the horses shown were several matched spans.

George D. Ferguson of South Lyon made a fine display of farm machinery and tools, and while here had a good visit with numerous Northville friends. The lunch stands and eating houses did a good business and all were well fed.

The concessions reported a good week and all declared their intention of coming again next year.

The display of fruit and vegetables was the best ever shown in Northville and the new building was crowded to its capacity most of the time. The vegetable section was badly crowded because of additional space required for the fruit. Superintendent E. J. Verduyn and his assistant, Harry Rackham, worked hard to make the fruit display attractive and they were ably assisted on Tuesday by J. B. Smith and J. W. Cleaver, who made large exhibits. County Agent Ralph Carr arranged the vegetable exhibit assisted by Mr. Wagner of the boys' and girls' club department.

The Canton canning club and the Wyandotte cooking club gave demonstrations on Friday and Saturday.

The schools of Plymouth, Ypsilanti and Monroe were represented in the stock judging contest and the fruit and corn judging contests. The United Savings Bank of Plymouth contributed cups for the stock, fruit and corn judging contests. This feature was in charge of Mr. Holcomb, agricultural teacher in the Plymouth High school.

The woman's building was filled to overflowing in spite of the fact that one of the new additions was given over almost entirely to this department. Mrs. Kittie Harmon and her assistant, Mrs. Georgia Yerkes, who have had charge of this department each year since the fair started, were ably assisted by Mesdames Pearl Miller, May Filkins, Elizabeth Blackburn, Mettie Sealey, Emma Stark, Lucy Filkins, Nellie Freydl, Helen Morris, Molle Lawrence, Belle Simmons, Lillian Hills, Lois Safford, L. A. Babbitt, E. A. Shafer, Elizabeth Clark, Isabel Cleaver, Lena Sloan and Miss Bertina White. Every nook was filled and the display in all departments was exceptionally well arranged and attractive.

The Wayne County Library and the Northville schools had space in the woman's building and the display by the school was very attractive. It was arranged by Misses Mulford and Elder and was highly praised by fair visitors.

The grand cavalcade of prize-winning stock on Saturday afternoon was an imposing spectacle. Capt. Denniston was chief marshal and led the procession. The Northville band, was first in line of the parade and Master Warner Neal made an imposing drum major dressed in a very attractive white uniform. Then followed the riding horses, draft horses, cattle, sheep and swine and the value of the stock which passed the grand stand would run into thousands of dollars.

M. H. Sloan, E. M. Starkweather, M. N. Johnson and H. H. Hamilton composed the committee having charge of the races and they certainly gave the people a good time.

The dog show, a new feature this year, attracted as much attention as any exhibit on the grounds, and will probably be a permanent feature at future fairs. Fred Moffit had charge of the show and he is to be congratulated upon its success.

From first to last the affair was a gratifying success and reflects great credit upon the management. Every officer, director and superintendent worked hard in its behalf and their untiring efforts put the affair across.

Schrader superintendent of attractions and concessions is to be commended for the kind of entertainment afforded the people this year and for the kind of shows and concessions he secured. One of two heeded some look up after, but aside from those the concessions were conducted by a fine lot of fellows. Mr. Schrader was assisted during the fair by Charles Hoffman and F. S. Neal.

The poultry shown by the boys' and girls' clubs of Wayne county was quite a revelation to many of the older poultry fanciers. The exhibit was arranged by Mr. Wagner.

H. R. Richardson, treasurer and his assistants, handled the crowds at the gates in a very satisfactory manner and made all feel they were welcome. Secretary Smith was assisted with the entries by Mrs. Floyd Northrop, Mrs. May Noble, Mrs. Floyd Lanning and Miss Bernice Henry. The secretary's office was a busy place, but the exhibitors and all others having business there were well cared for.

President J. A. Huff and Secretary E. L. Smith were about the happiest men on the grounds Saturday night. They had worked hard all the week and for a number of weeks previous and the fact that the fair had proven such a success caused them to rejoice greatly.

The vegetables in the Eloise farm exhibit and some from the Detroit House of Correction show were donated to the ladies of the Salem Congregational church late Saturday afternoon and Frank J. Boyle conducted an auction sale in the evening.

The sale afforded a lot of fun and the ladies realized about \$18 from the contributions.

Late Saturday afternoon Mr. Verduyn conducted a sale of unclaimed plates of fruit and the choicest specimens of apples and grapes were soon disposed of at 25 cents a plate. Others were sold for 20 cents, some for 10 cents and the remainder for five cents a plate. The money for the fruit will be turned over to the owners.

The program given by the Northville band, each morning, afternoon and evening during the fair added greatly to the pleasure of the week. During the morning hours the band visited the various exhibits and buildings about the grounds and played a number of selections. Many of the visitors spoke in very complimentary terms of the organization and the praise was merited.

Handsome bronze medals were presented to the winners in the stock, fruit and corn judging contests.

Miss Geraldine Young officiated as marshal during the fair and rendered very efficient service to the judges and those having charge of the races.

Stewart Montgomery had general charge of the grounds and they were never more attractive or better kept. The new buildings and other improvements made during the past summer added a long felt want. More room will have to be provided for many departments next season.

No one connected with the fair management got more real enjoyment out of the fair than did T. G. Richardson, superintendent of buildings. Mr. Richardson has spent a good portion of his time on the grounds this summer superintending the construction of the new buildings and it was a source of pleasure to him to see how they fitted into the scheme of things and how much they were appreciated by both exhibitors and visitors.

In the better baby contest two babies from Florida took part.

Mrs. Flora Larkins, superintendent of the better baby contest will be at The Record office on Saturday afternoon from two to four o'clock to give out the special prizes awarded. Please call for your baby's prize.

It may be of interest to Record readers to know that the value of the automobiles in the fair display was \$76,495.05.

WOODWORTH'S

"THE TIGER ROSE" NEXT WEEK

"The Tiger Rose," in which Lenore Ulric scored such a signal success, and which has long been considered Willard Mack's best piece of writing, will be the offering of the Bonstelle Company at the Shubert-Michigan next week. This play was produced under the direction of David Belasco, and a certain degree of credit has been given him for the unusual success of the Mack "child." The lighting and staging represents Belasco at his best.

"The Tiger Rose" should provide Miss Ann Harding an unusual role for her reintroduction to Detroiters, and Calvin Thomas, the new leading man, served in the same capacity with Miss Ulric.
